∗Help with property taxes

∗Emergency housing
211LA has partnered with both Airbnb and Hilton to help provide free, emergency housing and vouchers to people who've been displaced. Please fill out this housing assistance form to apply for both programs: intake form. Residents who have already applied through 211 LA do not to need to fill out another application.

∗Tenant rights
Under California Law, if a rental unit is completely destroyed, the lease/rental agreement no longer applies. You are no longer

required to pay rent, and the landlord is no longer required to provide housing or relocation assistance. The landlord must return any prepaid rent and refund the security deposit in accordance with California law.

If a rental unit is partially destroyed, and can't be lived in, the tenant may choose to end or continue the lease/rental agreement, depending on the circumstances and condition of the rental property. If your rental unit has some damage but is still livable, you must continue to pay rent.

To learn more, visit LA County Department of Consumer and Business Affairs: Information for Landlords and Tenants.

For any additional questions, please call 2–1–1 for assistance.

Jewish Family Service of Los Angeles has been providing social services to people of all ages, ethnicities and religions since 1854.
Through programs designed to meet diverse and changing needs, we keep people connected to what's important: families, friends,
community and their independence. Our nationally recognized programs offer counseling and support for families, individuals and seniors.
We provide food and shelter, help resettle recent immigrants, connect people with disabilities to vital resources, assist relatives and
friends with care for loved ones (senior care services), and so much more.

Wildfire response site: https://bestfriends.org/emergency-response/los-angeles-wildfires

Right now, Best Friends' emergency response team is on the ground in Los Angeles, offering help and support to other local animal welfare organizations while also working to ensure the safety of our own pets and staff in our Pet Adoption Center.

Best Friends Animal Society is working around-the-clock to respond to pleas for help from shelters in the affected areas, even as we work to ensure the safety of our staff and the pets in our care at the Best Friends Pet Adoption Center in West L.A. We're a "whatever it takes" organization and we will do whatever it takes to help those in the city. Whether it's saving lives, supporting one another, or making the impossible possible, we're here for the long run to support the city we love.

What to do if you've been impacted by the Los Angeles wildfires
If you've been impacted by the Los Angeles wildfires, you should follow your city or state guidelines to remain safe. If you are in immediate danger, call 911.

Evacuating with your pets car icon
If you're evacuating with your pets and you're not sure what to bring, or if you're preparing at home and aren't sure what to do to keep your pets safe, we can help. Read about how to help your pets in an emergency.

Pantry locations

Best Friends has two locations to provide dog and cat food to the community.

Amid the worst natural disaster in Los Angeles history, Best Friends is helping dogs and cats displaced by fires that threaten the entire metro area. People rally for the animals

Monday, January 13, 2025: Angelinos are truly stepping up to help pets in need, despite continuing wildfires. Since January 9, Best Friends has placed 139 cats and dogs into temporary foster homes. For perspective, this is out of a total of 266 animals in our entire Los Angeles foster program.

Best Friends continues to work closely with shelters impacted by the fires in Los Angeles to determine which pets can be moved out of the immediate area. By taking those pets who are in need of permanent homes into our care, space opens in the L.A. shelters so they may focus on finding temporary homes for lost and displaced pets until they can be reunited with their families.

Sunday, January 12, 2025: Yesterday's transport flight was a resounding success, bringing 58 cats and 26 dogs from Los Angeles to Kanab, Utah. Today, we're pulling in dozens more animals from Pasadena Humane and LA Animal Services so they have room to provide a safe place to hold pets displaced by the fires.

We've also sent animals to Salt Lake City to our Lifesaving Center, where the community is stepping up in a big way to help. Yesterday the center took in 31 dogs, and 51 animals left, including 34 who were adopted.

Additionally, more than 300 people have raised their hands in the last 24 hours to volunteer, many local to California. Some have already started vital cleaning assistance at the Pet Adoption Center in Los Angeles, freeing up staff to focus on lifesaving transports.

Saturday, January 11, 2025: The Best Friends Pet Adoption Center in Los Angeles took in 42 dogs and 113 cats from Los Angeles municipal shelters yesterday. Once again, Angelinos stepped up and there was a massive turnout to help adopt and foster those incoming animals, with a remarkable 32 dogs and 38 cats going into foster homes. Additionally, we have coordinated a flight with our partners at Wings of Rescue to transport cats and dogs to Utah this afternoon.

To connect families willing to foster pets and families that need to temporarily relinquish their pets, Best Friends has launched a special Facebook group. Home–to–home fostering helps reduce shelter overcrowding and allows pets to stay in a nurturing home setting rather than a kennel. This is essential so shelters can reserve space for incoming animals that need need urgent care and have nowhere else to go.

So much has been happening at the Pet Adoption center in the last few days, assistance is needed with cleaning the facility and distributing pet supplies to shelters and evacuation sites. If you are interested in helping volunteer, please complete this form.

Friday, January 10, 2025: The Best Friends Pet Adoption Center in Los Angeles is now open to the community for people who wish to adopt or short– or long–term foster a dog or cat or need to use our pet pantry for everyday supplies such as food, litter, collars, leashes, etc. to help keep families together. A second pet pantry has opened at the Best Friends Clinic at 17411 Chatsworth St, Suite #100 in Granada Hills. Both are open from 8 a.m. to 6 p.m. with no appointment needed.

Yesterday, 33 cats and dogs from our Los Adoption Pet Adoption Center were transported our Sanctuary in Kanab, Utah.

Additionally, Best Friends is working with Wings of Rescue to conduct a pet transport flight from Burbank to Kanab tomorrow. From there the cats and dogs will go to the Sanctuary or continue on to Salt Lake City and into temporary foster homes or be adopted.

Thursday, January 9, 2025: Responding to a plea from the city of Pasadena, Best Friends took in 12 cats and five dogs to help them free up space for more animals needing care in their city. In addition to the animals from Pasadena, another 16 from the Los Angeles Adoption Center were transported to Best Friends' Sanctuary in Utah to find refuge from the fires.

To encourage further lifesaving collaboration, Best Friends is incentivizing animal organizations to help as many dogs and cats in impacted shelters as possible. For every dog or cat pulled from an impacted shelter, Best Friends will grant $250 to defray the cost of the animal's care.

In the face of managing their own personal crisis, Angelinos really showed up for pets in need. Yesterday alone, 40 dogs and cats were fostered and another 11 were adopted into permanent homes from our Pet Adoption Center.

To ensure the safety of our staff and pets in our care, the Best Friends Pet Adoption Center in Los Angeles remains closed to the public until further notice.

Wednesday, January 8, 2025: The devastating wildfires currently impacting California have forced hundreds of thousands of individuals to evacuate, and many are without power.

Our team in Los Angeles remains on–site and has not yet received evacuation orders. They are diligently caring for our adoptable pets while closely monitoring the evolving situation. The safety of our animals and staff is our utmost priority, and the team is prepared to act swiftly should circumstances require.

We are deeply grateful for the outpouring of support and kind messages from those concerned about the well–being of our pets and staff.

Los Angeles is seeing unprecedented wildfires in residential areas that are dangerously close to Best Friends Pet Adoption Center in West Los Angeles. At this time, Best Friends Staff and the animals in our care at our Lifesaving center in Los Angeles are safe from the nearby wildfires.

Our team is monitoring the situation closely and while we have not been given the order to evacuate, we are ready to do so if needed. Our priority is the safety and well–being of our animals and team members.

For the first time in recent memory, Best Friends is in the unique situation to be offering help and support to other local animal welfare organizations while also working to ensure the safety of our own pets and staff in our Pet Adoption Center.

We are in communication with our partners in Los Angeles and are assessing where we can help.

We are deeply grateful for the outpouring of support and kind messages from those concerned about the well–being of our pets and staff. Follow our social channels for updates not only about what Best Friends is doing, but how we're helping our partners navigate this situation.

Emergency Response | January 2025

Palisades–Eaton Fire

On January 7, 2025, hurricane–force winds ignited several major wildfires in Southern California that have caused massive destruction, disrupted power, prompted road and highway closures and forced tens of thousands from their homes. With both fires at 0% containment, resources are stretched extremely thin across the county.

The Palisades Fire erupted Tuesday afternoon and has spread rapidly along the coastal neighborhood, burning thousands of acres – including homes, schools, and other structures. The fire continues to rage uncontrolled, threatening several communities in the Pacific Palisades, Los Angeles city, and Malibu.

The Eaton Fire ignited just hours later in the Eaton Canyon area, forcing tens of thousands of people to evacuate the communities of Altadena and Pasadena. Homes and businesses burned overnight, many residents have lost power, and the shifting winds continue to thwart containment efforts. Like its counterpart on the coast, the Eaton Fire remains a serious threat to Eastern Los Angeles.

CORE is deploying an emergency response team to support those near the fires, where air quality is a major concern. With our headquarters in Los Angeles, CORE actively serves residents living in many of the impacted areas through our climate resilience and public health programs. As smoke continues to engulf the county, we are prepared to distribute masks, go–kits, hygiene kits, and other protective and educational resources to ensure their health and safety both now and in preparation for future emergencies.

CORE has previously supported communities throughout the state impacted by severe wildfires, including the McKinney Fire in 2022 and Bridge Fire in Los Angeles and San Bernardino counties in 2024. In close coordination with government agencies and partners, we supplied emergency go–bags, masks, and other protective equipment while connecting impacted community members with vital information about evacuations and shelter support. Our response to the McKinney Fire laid the groundwork for the current wildfire mitigation program in Siskiyou County, which is focused on creating defensible spaces for at–risk homes in the area. In Southern California, CORE's local climate team has engaged tens of thousands of community members across Los Angeles and San Bernardino Counties, hosting educational events and emergency alert sign–ups, distributing go–bags and guides, and clearing fire–hazardous materials in the Angeles National Forest.

Community Organized Relief Effort (CORE)

What it does: CORE is deploying an emergency response team to support those where air quality is a major concern. It is supplying emergency go–bags, masks and other protective equipment while providing information about evacuations and shelter support.

How you can help: You can support CORE's efforts by making an online monetary donation. https://www.coreresponse.org/southern–california–wildfires/

Consumer protections for Residents impacted by wildfires

Info/Hotline · Open

CA

Web recovery.lacounty.gov/altadena
Service Temporary

Consumer protections:

Price gouging during a state of emergency is illegal. This means that businesses cannot increase the price of food, repairs, construction, housing, emergency and medical supplies,
or gasoline more than 10% for 30 days after the emergency declaration issued on January 7. This also includes rent increases, as well as hikes in hotel and motel prices for evacuees who are seeking emergency housing.
To learn more, visit dcba.lacounty.gov/pricegouging/.

If you believe you have been improperly overcharged for goods, services, or housing, keep your records and receipts.

Here's how to file a price gouging complaint:

Online: Online Complaint Reporting Tool
Phone: 800–593–8222
Email: complaints@dcba.lacounty.gov

Residents impacted by wildfires served by investor–owned utilities regulated by the California Public Utilities Commission have certain consumer protections in place:

Electric and Natural Gas Utility Bills:

Disconnections: Wildfire–impacted customers cannot be disconnected for nonpayment and associated fees.

Discontinue Billing: Utilities must discontinue billing customers whose homes are not capable of receiving utility services, and utilities cannot assess a disconnection charge.

SoCalGas states on their website that customers who have had their natural gas service temporarily turned off for safety reasons will not be billed for service during this temporary outage.
Please visit the SoCalGas Emergency Disaster Relief webpage to learn more.
https://www.socalgas.com/billing-payment/assistance-programs/emergency-disaster-relief

To learn more, please visit Southern California Edison's Disaster Support or call 1-800-250-7339.
https://www.sce.com/safety/disaster-support

Waive Deposits: Utilities must waive deposit requirements for affected residents seeking to re-establish service for one year and must expedite move-in and move-out service requests.

Estimated Billing: Utilities must stop energy usage estimates for billing for the time the home/unit was unoccupied as a result of the wildfires.

Payment Plans: Affected customers who have prior arrearages and have lost their homes or have been displaced and are seeking to establish service in a new residence must be offered a payment plan
with an initial payment of no greater than 20% of the amount due, and with equal installments for the remainder of not less than 12 billing cycles.

Minimum Bills: Utilities must prorate any monthly access charge or minimum charges for affected customers
typically assessed so that no customer will bear any of these costs for the time period after the customer's home was rendered unserviceable by a fire.

Water and Sewer Utility Bills:

Unpaid Bills: Water companies must work cooperatively with affected customers to resolve unpaid bills and minimize disconnections for nonpayment.

Waive Reconnection and Facilities Fees: Water companies must waive reconnection or facilities fees for affected customers and suspend deposits for affected customers who must reconnect to the system.

Payment Plans: Water companies must provide reasonable payment options to affected customers.

Bill Waiver: Water companies must waive bills for victims who lost their homes.

Landline Telephone Bills:

AT&T California, Frontier Communications, Consolidated and other carriers of last resort are required to provide refunds for failure to provide service. Landline providers are required to:

Waive the one-time activation fee for establishing remote call forwarding, remote access to call forwarding, call forwarding features and messaging services.

Waive the monthly rate for one month for remote call forwarding, remote access to call forwarding, call forwarding, call forwarding features, and messaging services.

Waive the service charge for installation of service at the temporary or new permanent home of the customer and again when the customer moves back to the premises.

Waive the fee for one jack and associated wiring at the temporary location regardless of whether the customer has an Inside Wire Plan.

Waive the fee for up to five free jacks and associated wiring for Inside Wiring Plan customer upon their return to their permanent home.

Waive the fee for one jack and associated wiring for non-Plan customers upon their return to their permanent home.

As Southern California Fires Rage, Medical Aid En Route
Emergency medical aid, N-95 respirators and other critical supplies are being deployed to wildfire impacted communties where thousands are experiencing evacuations.

Direct Relief is responding to five active wildfires that erupted overnight across Southern California, fueled by strong winds and dry vegetation. The fires, four of which are in Los Angeles County and one in Riverside County, come amid extreme fire weather conditions caused by severe offshore winds and parched landscapes.

Firefighters are working tirelessly to contain the blazes, which continue to threaten homes and communities across the region. The most dangerous conditions are expected to persist through today, with gusts up to 100 mph in some areas, according to the National Weather Service.

Direct Relief has activated its emergency response protocols and is in communication with local health providers and emergency management teams in the affected areas.

The organization is currently deploying medical aid, including emergency medical supplies for first responders and displaced residents, and respiratory protection equipment, including N95 respirators, to mitigate health risks from smoke exposure.

Displaced Filipino Families Affected by the LA Fires with GoFundMe Links "⚠ FEMA DISCLAIMER ⚠
To avoid potential conflicts with FEMA assistance, it's important to frame your GoFundMe campaign carefully. Avoid specifying

funds for expenses like home repairs, medical bills, or cleanup, if you intend to apply for FEMA assistance for those specific purposes.*

Keep the language broader to reflect your general recovery and supplemental needs. Here are some ways to rephrase your request for donations:
– We're seeking support to cover unexpected costs and to get back on our feet.
– These funds will assist with needs that might not be fully covered by other sources of aid.
– Your help will allow us to address the many aspects of recovery and support our family through this crisis.

*Please consider that we are not legal experts and this is not meant to replace legal advice. This is meant for raise general awareness. For more information, check out FEMA's fact sheet. https://www.fema.gov/fact-sheet/myths-vs-facts"

LATINE FAMILIES DISPLACED BY THE L.A. FIRES
MUTUAL AID DIRECTORY ⚠ FEMA DISCLAIMER ⚠
To avoid potential conflicts with FEMA assistance, it's important to frame your GoFundMe campaign carefully. Avoid specifying funds for expenses like home repairs, medical bills, or cleanup, if you intend to apply for FEMA assistance for those specific purposes.*

Keep the language broader to reflect your general recovery and supplemental needs. Here are some ways to rephrase your request for donations:
– We're seeking support to cover unexpected costs and to get back on our feet.
– These funds will assist with needs that might not be fully covered by other sources of aid.
– Your help will allow us to address the many aspects of recovery and support our family through this crisis.

*Please consider that we are not legal experts and this is not meant to replace legal advice. This is meant for raise general awareness. For more information, check out FEMA's fact sheet. https://www.fema.gov/fact-sheet/myths-vs-facts

WEST COAST REGIONAL HUB –
https://teamrubiconusa.org/region/west–branch/

The West Branch is Team Rubicon's largest and, in some ways, most demanding region. Stretching across 15 U.S. states and three Pacific territories, the West is home to diverse people and equally diverse terrains—from jungles and deserts to tundras and peaks.

And this varied geography brings the potential for equally varied disasters, too. The members of these communities come face to face with severe earthquakes, fires, landslides, and blizzards.

Many are familiar with high–profile events in this area. But many more feel the effects of low–attention disasters that camera crews often don't cover: floods on Indian Reservations, typhoons on tropical islands, and storms in Alaska Native communities high in the Arctic. These are the people we support every day and the types of disasters that best exemplify how we serve in the West.

Due to the clear vulnerability in this region, we initially developed our fire mitigation capabilities in the West Branch and have been expanding them ever since to meet the growing needs of at–risk communities. In 2022, we added home fire risk assessments to our arsenal. These ongoing innovations have allowed us to serve the area in even more impactful ways, with particular emphasis on the before of "before, during, and after disasters."

https://www.vcemergency.com/request–sandbagging–assistance
Team Rubicon – Assistance Request
About Team Rubicon

Team Rubicon provides post–fire sandbagging assistance as part of its disaster relief efforts to help communities affected by wildfires. After a fire, the risk of flooding or mudslides increases, particularly in areas where vegetation has been destroyed. Team Rubicon mobilizes teams of trained volunteers, often veterans, to fill and deploy sandbags to protect homes, infrastructure and critical areas from floodwaters. This assistance is crucial in reducing property damage, safeguarding residents and supporting local recovery efforts.

Requesting Assistance

To request the assistance of Team Rubicon, please complete the following questionnaire and somebody from our team will be in contact with you in the coming weeks. Please note: Due to the larger number of requests, it may take some time before you receive a response.

EMERGENCY ALERT
Today, too many children around the work are caught in the middle of crisis, have lost their homes and loved ones or are struggling to survive.

In places like Gaza, Ukraine and here at home in California, we're scaling up our response to meet the incredible need, which includes reaching even more children and families through distributions, cash assistance, health services and safe spaces. But we can't do it alone. Please, will you give today to support our work, every day and in times of crisis?
~~

Children's Emergency Fund
Historic wildfires, including those engulfing Los Angeles County, are putting children at great risk.

With emergency supplies prepositioned, we ensure families have the essential items they need and work with local partners to help kids get back to learning as quickly as possible and protect children's mental and psychosocial well–being.

As severe weather continues to impact children's lives, Save the Children is helping families in the United States prepare for and recover from disasters, including deadly fires. Your donation today can help save lives.

With your support, Save the Children is there before, during and after an emergency. Working together, we help communities become more resilient so that each time a crisis happens, they are stronger, more likely to survive, and recover more quickly. Your support of our Children's Emergency Fund today helps make this possible.

FROM THE SITE 10/27/12 (LTel)

From the Desk of:
Gary LeBlanc, Mercy Chefs

Dear Facebok Friends,

A quick update to let you know that our Mercy Chefs team is closely monitoring Hurricane Sandy which is now expected to make landfall along the I–95 Northeast corridor.

The storm could impact 65–70 million people, with millions losing power. Throughout the weekend, I will be in close contact with state emergency management officials as well as our ministry partners to ensure that Mercy Chefs can provide relief as needed to the hardest hit areas.

Tomorrow, we will begin moving Mercy Chefs resources into Virginia. This will allow us to respond to the earliest possible impact while putting us within hours of reaching almost anywhere along the northeast corridor.

If this storm takes the track now projected, we could witness a very serious emergency event impacting the most densely

populated region in the entire nation. There is even the possibility of heavy snow on the back side of the storm. This could result in massive power outages inland as well as in coastal regions.

BE PREPARED!

If you live along the northeast corridor, I cannot emphasize enough how important it is to be prepared. Storms of this magnitude can be extremely dangerous. And once power is lost, the world changes dramatically. FEMA has many useful resources posted, including emergency kit checklists. Go here:

http://www.ready.gov/hurricanes

I will be sending you email updates as events warrant. The fastest way to get the latest information from Mercy Chefs is to through our Facebook page.

Finally, thank you so much for your prayers and support. I am so grateful for friends like you who make it possible for our team to provide the comfort of a hot meal to those whose lives have been turned upside down by disasters.

May God bless you.

Gary LeBlanc
Founder/President
Mercy Chefs Inc.

P.S. As I noted, we are moving our kitchen resources into position and will be staged in Virginia so we can respond as quickly as possible as events warrant. Much of our expenses occur prior to deployment as we stage and equip our Mercy Chefs facilities. If you would like to make a tax–deductible gift today to help us prepare, please visit our website: www.mercychefs.com/donate

Go to the link above to find RED CROSS sponsored shelters. (there are usually MANY MORE shelters other than "Red Cross sponsored" shelters...run by local gov't, run by private groups)

[Editor's NOTE: we've noticed lately that the link DOES NOT WORK for people who don't allow cookies and other surveillance apps on their devices. The Red Cross is a great org, providing badly needed first response. However, we do not like that the link doesn't work on ANY device, and fear that this is a trend that's related to the "need" for large non–profits to gather a ton of personal info before they will help you. If that's the case, shame on you Red Cross. If it's not the case, please excuse our ignorance]

See the map at the link for open shelters. Below that is a list of openshelters.

You can also search by state/address.

Open Shelters are flagged. Put your mouse over a flag to get more info, click on it, and give it a moment and you'll see the address of the shelter and a capacity (number of people), if the information is available.

Here's the old address, that doesn't work as well, but for reference purposes: http://app.redcross.org/nss-app/
