OPERATION USA RESPONDS TO
SOUTHERN CALIFORNIA FIRES

Operation USA's initial and immediate response to the California wildfires included donations of 10,000 N–95 Masks (disposable particulate respirators) to the Los Angeles Sheriff's Department and 10,000 N–95 Masks, 960 pairs of heavy leather work gloves and 1000 pairs of safety goggles to be distributed to migrant farm workers throughout the heavily affected San Diego county. Operation USA is continuing to assess additional needs in rural areas where the basic infrastructure of electricity, water and farmland has been heavily damaged and where recovery will take a substantial amount of time. We work through local nonprofit organizations in the affected counties.

Your contributions are still needed. Donations can be made by credit card by calling (800) 678–7255 or by going online at www.opusa.org and specifying that your donation is for the victims of the California wildfires.

If companies would like to donate bulk quantities of appropriate relief supplies, contact Neil Frame at 800–678–7255 or by e–mail at nframe@opusa.org.

For the past 27 years we?ve prided ourselves in strictly adhering to several operating principles which, taken together and despite our small size, have gained Operation USA international recognition as one of the world?s most cutting edge relief and development organizations.

Foremost among these principles and despite our organizational name, Operation USA accepts no US Government funding of any kind. We have avoided becoming a US Government contractor unlike many of the major international relief agencies whose growth is largely dependent on such funding. Underpinning this is our belief that ?Private Means Private?, and so we rely instead on the generosity of the American people and on their private institutions to support our work.

Domestic & International Emergency Relief

Operation USA has experienced that, instantaneously, a family, community and entire nation can be devastated and be faced with unprecedented challenges. To mitigate the immediate effects of such tragedies, Operation USA rapidly and expertly provides on–the–ground aid by sending vital life–saving supplies and cash grants to assist communities in rebuilding. Partnering with grassroots organizations, Operation USA specializes in reaching vulnerable populations who are in the greatest need, yet who are often ignored by governments and larger aid organizations.

Rapid Relief – When an emergency strikes, Operation USA is often one of the first professional responders, on the ground with medical supplies, water, purification equipment, shelter materials and trauma teams.

Recovery & Rebuilding – As the emergency phase slowly lessens, Operation USA makes grants to local organizations to help them build their capacity to meet their communities' basic needs.

Long–Term Development – Years after a disaster has abated, communities are still frequently in need of assistance. Responding to a continuing need, Operation USA makes grants to partner organizations for sustainable community–based projects.

When an emergency strikes, Operation USA is often one of the first professional responders, on the ground with medical supplies, water, purification equipment, shelter materials and trauma teams.

Operation USA?s main shipping center is a 25,000 square foot warehouse donated by the Port of Los Angeles, with an auxiliary warehouse in the Port of San Francisco. During a disaster, these warehouses function as the receiving centers, making it easier and faster for shipments to be approved before heading out. During non–emergency times, the warehouse remains stocked with supplies Operation USA donates to California?s 200 community clinics.

Many people want to volunteer in response to the fires burning in Los Angeles County. The most important thing you can do, however, is to not self-deploy to a fire-affected area, shelter, or other area where fire response or recovery is taking place. The situation remains unpredictable and extremely dangerous, and trained first-responders continue to struggle to get a handle on the fires.

Updates on the fires, including evacuation notices and road closures, can be found at the L.A. County Fire Department website as well as the California Emergency Management Agency website.

The best way for you to help is to be part of an organized response. L.A. Works, in partnership with the Volunteer Center of Los Angeles, has created an L.A. County Fire Response Team to be ready to respond to volunteer needs as they are identified. We have begun surveying the situation in coordination with emergency response professionals, and as a member of the L.A. County Fire Response Team, you will be the first to be notified when the call goes out for volunteers.

To join the L.A. County Fire Response Team:
If you are already a registered L.A. Works Volunteer with an account on this site, Click here to log-in and join the team: http://www.laworks.com/MemberCenter/index.php?_mode=MyTeams_Detail&entityID=66263

1) Create a member account.
2) You will be sent an activation email. (If it's not there, check your spam/junk folder.)
3) Return to this page by clicking on the L.A. Works logo on the upper left.

Seniors, defined as individuals over 55 years old, have several avenues through which to volunteer such as Foster Grandparents, Retired and Senior Volunteers Program (RSVP), and Senior Companions. VCLA also refers volunteers through a number of restorative justice programs.

In addition to its volunteer referral programs, VCLA operates curriculum–based programs for middle and senior high schools, as well as other youth programs including Project Teen Reach , Points of Light Leadership Institute , School Police Partnership Mentoring Program (SCCP) , Juvenile Community Service Program (JCSP) , Madison Community Collaborative Mentoring (MCC) , West Athens AmeriCorps Tutoring Program , Social Responsibility training, and others. VCLA has a training Program for non–profit managers and other professionals, and also offers several job training programs, such as English as a Second Language (ESL), First and Second Careers, and the Job Readiness Program.

VCLA is one of the nation's leading volunteer–referral organizations and works closely with the Points of Light Foundation (POLF), which acts as an umbrella organization for more than 400 of the nation?s volunteer centers. Based in Washington DC, POLF advocates community service through a partnership with the Volunteer Center National Network. Tzu Chi volunteers ease the evacuees' minds and discuss relief plans
As of 9 AM on November 17, the 28,889–acre Triangle Fire was 40% contained with a total of 155 residences destroyed and another 104 damaged. The Tea Fire, which destroyed 111 houses, was 95% contained and the Sayre Fire was 40% contained with 615 homes destroyed.

On November 16, 13 Tzu Chi volunteers from the Northwest Los Angeles region visited the shelter in Sylmar High. The volunteers performed sign language songs for a deaf couple. The wife pointed at a picture on Los Angeles Times showing the ruins of the mobile home park. Their home was totally destroyed, and they are staying with a friend for now. Tears began to well up in her eyes. The volunteers patted on her shoulder and comforted her.

On the same day, Tzu Chi volunteers from Orange County visited the shelter in Katella High where the evacuees from the Sayre Fire stayed. While providing assistance at Katella High, the American Red Cross asked Tzu Chi to support the other three shelters in the area as well. Tzu Chi immediately mobilized its volunteers and arranged for resources to provide the additional support needed.

At the shelter in Valencia High, an old lady patted her chest and continued to ask for a doctor even after she had just been checked by a doctor and no problem was detected. A Tzu Chi volunteer quickly went over to her, took her by the hand, offered her a drink of water, and chatted with her. The old lady gradually calmed down after the volunteer chatted with her. For this, her husband was very grateful.

On the same day, local Tzu Chi volunteers encountered city council member Wen P. Chang when they visited the shelter in Diamond Bar High. Mr. Chang was very familiar with Tzu Chi and immediately helped the volunteers to set up a service station. Diamond Bar Mayor Jack Tanaka went over to Tzu Chi's service station, shook hands with the volunteers and thanked them for their support. The volunteers provided a total of 156 blankets to the evacuees in Diamond Bar High on the 16th and 17th, as well as served a Chinese–style lunch to 100–plus evacuees and staff on November 17.

On the 18th, ten volunteers distributed cash cards and/or blankets to the fire survivors in Brea Community Center. Starting on the 19th, the city of Sylmar will open a One Stop Help Center to provide various services to the fire survivors. Tzu Chi will set up a station there to provide assistance.

William Keh, CEO of Tzu Chi Foundation U.S.A., once again urges the public to conserve water and power. He asks everyone to pray sincerely for full containment of the wildfires as soon as possible. Public donations to Tzu Chi will go a long way to assist the fire victims. The donation hotline is 1–888–989–8244.

Programs & Services:

Energy Assistance –
Energy Assistance Program – is a state and federally funded program which assists families in the New Haven region with fuel expenses. Applications are processed for town residents of New Haven, Hamden, West Haven, East Haven, and North Haven. This program is designed to provide Energy Assistance to individuals and families who meet the federal poverty guidelines with their primary source of heat. The program is accessible through intake sites scattered throughout New Haven and the inner ring of suburbs, and can also be accessed through New Haven Senior Cafes.

CAANH Energy Assistance program helps people who meet federal poverty guidelines with their heating bill. We make direct payments to companies providing natural gas, propane oil, wood or electric.

Weatherization –
This program is designed to increase the energy efficiency of homes and thereby reducing energy costs. This is a free program for those individuals or families who qualify. Those who qualify will be connected with a contractor who will perform the home weatherization.

Personal Finance –
Individual Development Accounts (IDA) – IDA matched savings programs provide education for 1st time homeownership, post secondary, and business entrepreneurial education. This includes a 10–week FDIC approved course "Money Smart" which offers basic information concerning credit repair, loans, budgeting, homeownership, retirement savings, and other financial issues. Participants receive training in how to acquire specific assets and guidance with the process of saving for and attaining their goal. Participants also receive intensive case management to help them thru any problems that may arise and to stick to their savings agreement. Participant's savings are matched 2 to 1 and between $500 and $1000 can be matched per calendar year.

Children & Families –
Food Pantry/ Diaper Bank – provides qualified families once a month with a bag of groceries and 20 diapers. The Food Bank and Diaper bank are accessed at the Main Site in New Haven.

S.M.A.R.T. Women

Manage Your Future (MYF)–
designed to provide summer employment for youth that gives them the best opportunity to develop the skills and competencies needed to move forward in life. Manage Your Future provides New Haven youth between the ages of 14 and 18 years old with meaningful employment opportunities at various worksites throughout the city. This six week summer program provides practical work experience, financial education, savings, planning, and employability skills training. Mandatory workshops based on workplace diversity, behavior, attitudes, and attire are integrated into job training sessions facilitated by area instructors from the human services, business, and academic fields. Participants work 25 hours per week, making weekly deposits towards their pre–set goal for asset acquisition. This program also incorporates a unique opportunity for youth participants to become financially educated by participating in the youth Individual Development Account (IDA) Program. At the end of the summer program, these youth have their savings of up to $500 matched, and used for educational expenses.

Other Services –
Medical Transportation – provides door to door transportation in a wheelchair equipped vehicle for medical, dental or therapeutic appointments to Hill Health patients to ensure that they keep their routine clinic appointments.

MUST Ministries
Type of Project: Work Team
Location Category: Local
Location: Marietta, Georgia
Country: USA

MUST Ministries cannot survive without the support of people like you – people who care about the needs of their neighbors. Most of the day–to–day work at MUST is provided by volunteers who give hundreds upon hundreds of hours to serve others. Last year alone volunteers like you contributed over 255,000 hours of their time to MUST to assist their neighbors in need. That means that for every 1 hour of MUST staff time volunteers donated 3 hours 30 minutes of their own time!

MUST provides a wide range of volunteer opportunities in all three program office locations(Marietta, Smyrna, Cherokee). Even if you have a busy schedule, have children, or have a large group you want to volunteer, there is always some way to volunteer with MUST. Our daily volunteer positions are listed here on our website, as well as group service project ideas, but please contact one of our volunteer coordinators today to learn about other opportunities to serve!

MUST's Group Project Coordinator can help you to organize your efforts for a great outreach experience.

Contact Patrick Riley 770–427–9862 x1101 to schedule a project at one of MUST's service locations.

To schedule a project at MUST's Donation Center, contact Jenaila Hawkins 770–790–3872.

Wesley Community Centers
Type of Project: Work Team
Location Category: Local
Location: Atlanta, Georgia
Country: USA
Wesley Community Centers offers deeply fulfilling opportunities to make a difference. We treasure our volunteers.

Bethlehem Senior Center
Call Bingo ... teach crafts ... lead a Bible study ... share computer skills ... or just "hang out" with seniors who provide delightful company.

Project Extend
Skilled and unskilled volunteers are welcomed. Companies, service organizations and churches provide teams who work under the supervision of an expert leader. Teams of 6–12 persons are ideal for typical projects. Tools are provided, although many of our "regulars" prefer to bring their own. Training is available for volunteers interested in coordinating repair teams.

Camp Wesley
Be part of creating an exciting new camp to serve children and youth. Contact us to learn more about the type of work involved, from clearing brush, to building cabins, to planning programming.

Wesley Walk for Others
Gather a few friends for an invigorating 6 mile walk around Stone Mountain, or a trek around the grounds of Atlanta Motor Speedway. Walkers who collect pledges of $25 or more earn one of our popular "Giving Feet to the Faith of the Church" tee shirts, plus the satisfaction of helping important ministries.

Wesley Community Centers Board and Committees
We encourage the interest of volunteers who desire to apply their skills and expertise on our board or one of our committees.
