Service Temporary

"The following are a list of the major supplies that the public can assist in helping the city defray its general operating budget: fuel, tires, office supplies, (especially copy paper since we have no professional printers left in business), cleaning supplies for our public buildings."

"The cost of fuel to keep our police department on patrol can be overwhelming for our minus budget. I don't mean to sound flippent or too blunt, but any donor wishing to pay our city light bill of $25,000 for one month would be guaranteed a special place in heaven! Our federally mandated wastewater treatment bill is $75,000 a month. With bills like that you can understand why we are grateful for any help on our other needs."

One of our biggest expenses for the city is fuel. This is critical to our police and fire departments for obvious reasons.

4/21

A wonderful couple from NC sent hand held radios, office supplies and a Fuelman credit. World Care filled in the rest and has another shipment scheduled to come sometime this week.

Fuel Cards that can be accepted at Shell or Chevron or Fuelman cards that can be accepted for diesel and gasoline, in any amount. For example, our Fire Department uses approximately 250 gallons of diesel per month and 250 gallons of gasoline. Any reduction in these costs would be of an enormous help to our finances.

Gift/Fuel cards should be mailed to City of Bay Saint Louis, Attention: David Kolf, Comptroller, P. O. Box 2550, Bay Saint Louis, MS 39521–2550. Please send the package "Return Receipt Requested" to verify our receipt of the cards.

The following is a list of supplies that we need that gift cards can't be used to purchase, but a credit in the name of the City of Bay Saint Louis, MS would be accepted. If you have another vendor from which the purchase can be made, with and assigned credit, just let me know.

McDonald's Hardware
P.O. Box 459
Bay Saint Louis, MS 39520

This is local hardware store where we purchase small items in small numbers that help us finish a project. Bay Saint Louis has an open account with McDonald's and has had one for more than 100 years. We do not need more than $1000 in this account at this time or during the next six months.

4/21
A resident of the Bay credited our McDonald's Hardware account with the $1000 we need to last us through the remainder of the year.

The Sea Coast Echo
P.O. Box 2009
Bay Saint Louis, MS 39521–2009

This is the local newspaper where we are required to publish all of our legal notices. We do not need more than $500 in this account at this time or during the next six months.

Fuelman
Fleetcorp Technologies
P.O. Box 105080
Atlanta, GA 30348–5080
Billing Group Number: 153858

This is the fuel charge account we use for our Police and Fire Department. Any payments made directly to them will help reduce our outstanding bill and help with future fuel costs.

Quill
P.O. Box 94081
Palatine, Il 60094
1–800–789–1331
Account Number C2797779

Quill is the primary source for our office supplies, except printed items.

UPDATE via call to Becky Ladner/Asst. Superintendant for Bay St. Louis/Waveland School District (4/25/07):

Insurance monies/FEMA covered most of their need for 800 computers they required. They can always use them but they are not an urgent need at this point. Musical instruments needs for their bands have been fulfilled as well.

They are still operating out of 79–80 portable classrooms and have NOT started re–building at this point.

The primary current need is for monetary donations for their Summer Camp that will run 5/29–7/20/07.

The children of Hancock County have nothing to do as even a movie is an hour each way with the bridge still out. The beaches are dangerous to play on as this was the hardest hit area.

The goal is to provide them with entertainment (volunteers would be great) and field trips. They have been able to hire a Dance Teacher but no other activities are organized yet for the kids.

They have a grant that will cover salaries for teachers (but no other funds for activities yet). The program will accept up to 450 kids and they have 389 enrolled now. They will not turn any children away.

(old note)
Rebuilding 2 elementary schools and renovating others. Estimated cost more than $40 million.Tax base expected to be 50%–65% less than before. County unemployment increased from 4.9% to 20.6%.

Seeking $1.5 million in donated funds for one elementary.

School enrollment reached 60% of pre–storm figures, 1,440 or 2,380 resturned.

96% of students now qualify for free–lunch program

Have replaced 120 of 800 lost computers.

Local revenue has decreased by at least 50%, creating strained budgets and overall belt tightening.

We hope you will consider a donation amount to aid in our recovery. Please send your check or money order to the following address:

ATTENTION VOLUNTEERS!

The cost of staying is $10 per person per night. We have bunk beds set up in areas of our church and connecting buildings. We provide three meals each day except Saturday for no extra charge. On Saturday there will not be an evening meal because we must set up for Sunday morning worship.

For Saturday evening, we have setup a deal with Sicily's Italian Eatery to provide volunteers with an all–you–can–eat buffet for only $6 per person. Or you may choose to eat at any of our other local restaurants. Teams not staying at our facility but working out of our work room may eat with us for $8 per day. Advanced notice is required.

What will our team do about meals?
At the end of August, 2007, we will no longer have regularly scheduled cook teams. We are praying that groups or part of groups will sign up to be the cook team for the week they are here. When we have cook teams we will provide breakfast, lunch, and supper. When there is no cook team, you will have to use our local area restaurants to eat.

We have two main areas of disaster relief volunteer opportunities available.

a) Cleanup & Recovery - this area involves cleaning up of homes and property in order to prepare for the rebuilding phase. Specific jobs may include chainsaw work, yard cleanup, and home cleanup. Home cleanup involves removing all flood damaged contents including, furniture and appliances, flooring, and sheetrock/insulation.

UPDATE: Every day we are having fewer clean–up jobs and more rebuild jobs signed up for. Please keep this in mind when scheduling your team. If you have a team that only wants to do clean–up jobs we will find jobs for you. Just keep in mind that our focus is shifting towards the rebuilding stage.

b) Rebuilding - this involves assisting the church and community members with repairing their homes. We are specifically focusing on roofing, replacing insulation, hanging sheetrock, and painting. While these are the rebuilding jobs we are focusing on, if you or any member of your group has specialized skills outside such as electrical and plumbing, please let us know at the time of scheduling.

Please note: For every 14 team members we are asking that two of those members remain at the church. One to assist with church cleaning and one to assist with kitchen staffing needs.

If volunteer housing is full for this facility, they recommend contacting the following:

Pearl River Baptist Association – (601)798–2372
Gulf Coast Baptist Association – (228)832–4311
Diamondhead Baptist Church – (228)255–8870

For additional questions not answered in these notes or on the website, please email: webmaster@fbcbsl.org or call (228)467–4005

Service	Permanent

Habitat for Humanity/Metro Jackson Hancock Project promotes home ownership with volunteers building houses in partnership with Bay St. Louis/Waveland residents in need of adequate housing. Our Hancock County project is located approximately 50 miles east of New Orleans on the gulf coast.

As of 12/06, this group had built 50 homes in the gulf.

In Hancock County, members of our staff, AmeriCorps, and volunteers recently began building our 31st house! The start of this home marks the 14th house built in Waveland, with 14 also completed in Bay St. Louis, and three underway in Diamondhead. Truly incredible progress is being made everyday.

Help Rebuild the Gulf Coast!

Operation Home Delivery is Habitat for Humanity International's response to the devastation caused by Hurricanes Katrina and Rita. Habitat is concentrating its rebuilding efforts in Texas, Louisiana, Mississippi, and Alabama. Over 400 new homes are complete or under construction on the Gulf Coast and Habitat
expects to build 1,000 homes.

The number of homes we are able to build will be determined by
the amount of money we raise and the amount of volunteers we have!
Come work with us for a day, a week, a month...whatever you can
give! If you or your group is interested in volunteering with us please
contact our volunteer coordinator, Erica, at: epainter@habitathancock.org
or by calling our office at 228–467–9699.

Checks payable to Friends of The Animal Shelter in Hancock County
Service Temporary

Hancock County Humane Society operates NO SHELTER facility. Healthy, adoptable animals that come into our care stay in foster homes until a suitable permanent home can be found. HCHS charges $40 for cat adoptions and $50 for dog adoptions. For those animals that have not been altered, we provide vouchers for low–cost spay or neutering. We Are Not A Shelter!!!

We are a volunteer supported, nonprofit, charitable organization supported entirely by donations. We receive no government funds. We rely solely on your donations and on our volunteers who donate their time and energy.

For further information, please e–mail us at: admin@hancockhumane.com

Hurricane Relief Historic Preservation Grant

Donor · Open

State/Fed
600 Pine St, Bay St Louis, MS 39550
Phone 228–435–1180

Homeowners and others with structures of cultural, architectural or historical significance, at least 50 years old, can attend a workshop for the congressionally funded $26 million Hurricane Relief Historic Preservation Grant. The workshop series helps people in the Mississippi Gulf Coast National Heritage Area (which is the six lower counties) decide if they might be eligible and to help fill out applications. Tonight a workshop will be from 5 to 8 p.m. at the Bay–Waveland Middle School, 600 Pine St, Bay St Louis. Another workshop will be Thursday from 4:30 to 7:30 p.m. in City Chambers, 603 Watts Ave, Pascagoula. The grants are administered through the Gulf Coast Field Office of Mississippi Department of Archives & History. The grant application process is in three rounds, and 57 sites were selected from the first round in mid–December. Deadline to be considered in the second round is Jan 19th. Details 228–435–1180

Services offered: Grants * (ANY/ALL Types of Financial Grants)

Capacity: 130

3/30/07 UPDATE: via call to Butch Jones (Coordinator for Mission on the Bay Youth Program)

For Reservations contact:

Butch Jones: Mission on the Bay Youth Program Coord.
(228) 467–7757 or missiononthebay@yahoo.com

Mission on the Bay is a Christian community of faith that provides a welcome and hospitality to volunteers wishing to serve in the Hurricane Katrina recovery effort. Mission on the Bay operates recovery and reconstruction missions for those in need on the Mississippi Gulf Coast.

Mission on the Bay welcomes volunteers and groups (of ANY denomination) that have volunteers under the age 16. Just as with Camp Coast Care there are construction projects; however, we are currently concentrating on ?de–mucking? and clean–up crews, allowing our younger volunteers the ability to work in the community with–out previous construction skills.

Please be advised that the recovery process has been approximated to take a minimum of 10 years. Volunteer help will be needed for years to come. We ask that you keep not only Mission on the Bay in your thoughts and prayers but those in the community whom have been given such inspiration from volunteers all across the globe.

OUR NEW HOUSING FACILITIES ARE FULLY FUNCTIONAL

The calling to volunteer is shared by many young adults. As a Christian community we recognize the importance of mission work at all ages.

Mission on the Bay volunteer work crews composed of all levels of skill and ages are organized daily to go out into the communities to help residents. The minimum age is 7th grade (in the 7th grade or going into the 7th grade in the fall).

Mission on the Bay is proud to announce the two newly erected housing units. Volunteers are now able to stay in military style Quonset huts, sleeping in barrack style bunk beds. Both male and female units are insulated as well as heated and cooled (there are

separate male and female sleeping buildings). Volunteers are also provided separate, male and female, bathrooms (private showers, toilets, and sinks). Three meals a day are provided to volunteers as well as snack foods, bottled water, and beverages. We have a suggested donation of $20 per volunteer per night. Please note, not all groups are able to provide the suggested donation amount, do not let this prohibit you from joining us.

Lutheran Episcopal Services of MS is the major funder (umbrella organization) for Mission on the Bay. The local LTRC and City Team Ministries through their casework send them community/neighbor projects and they are also assisting their parishioners (many of whom are still not back living in their homes because they are not habitable).

It is suggested that volunteer groups leaders contact their local Lowe's Home Improvement retail store to arrange for their free courses in construction and/or sheet rock instruction prior to arriving for their volunteer groups. Most of the work will involve, gardening, yard clean up, landscaping, sheet rock installation and painting.

The best kind of donations to forward this recovery would be Lowe's gift cards (first) and Home Depot (second). Monetary donations are welcomed and needed. This site doesn't have storage facilities for bulks of building materials so gift cards are put to best use project by project.

The will also house adult volunteers and their greatest needs in this order are: Skilled, Electricians, Plumbers & Carpenters.

Materials/Supplies Needs are:

Power Tools
Lawnmowers/Lawn Equipment
Weed Eaters
Chain Saws

Butch advised that committee's are now in session with their parishioners and Architects to move forward with the rebuilding of Christ Episcopal Church. They are also in the process of securing a permanent building to be put on the site for site administration of the church and volunteer camp.

This is truly a WONDERFUL volunteer opportunity and experience for youth (and/or any aged volunteer) and being located right on the beach offers recreation when volunteer projects are completed.

Christ Episcopal Church was destroyed by Hurricane Katrina, August 29, 2005. The entire material side of the church and surrounding buildings were destroyed by the storm. Nothing was left standing except the bell tower. If you would like to make a contribution, please send to this address:

Christ Episcopal Church
P.O. Box 2189
Bay St. Louis, MS 39521–2189

Several of our parishioners, including my family, lost our homes. Please keep us in your prayers and contact the Rev. Elizabeth Wheatley–Jones, or myself, if you would like to join in the relief, recovery and rebuilding efforts at our church and in our communities along the Coast.

Very Respectfully,

Kimberly King
Website Editor/Communications Liaison

Food Pantry
next focus of BMKP (Buckmont Katrina Project site)

We are actively working on building a new Hancock County Food Pantry to replace the lost building that was destroyed by Hurricane Katrina.

Local leaders asked us to consider the project after our successful campaign to raise funds and build the Hancock County Child Development Center, the first public building to be built after the storm.

We are planning a new 3,000–square–foot structure for the Hancock County Food Pantry, the only full–time food pantry in the county. It was founded in 1986 and is staffed entirely by volunteers. The pantry is currently working out of temporary facilities.

Watch this site for updates on our latest building project, or volunteer your help here:

http://www.bucksmontkatrinaproject.org/forms.htm

(old note)

From the Hope Haven Web Site:

Our 2000 square foot recreational/storage building adjacent to our home stood up well in the flood and to the winds and our board of directors welcomed another vital non profit organization into the Hope Haven complex. In February 2006, the Hancock County Food Pantry, who lost their building in the Hurricane as well, moved into the old recreational building and began serving the community with free food and other donated items. The food pantry is serving over 1,000 families every month, who have no other place to go

for help, and we are proud of being able to help in this effort.

(old note)
Check with Sandy at Camp Coastal for Gay's contact info.

June 2010, TF: Their website references several worksites, including Rwanda.
Here are the ones that talk to the gulf:

http://www.limitlessboundaries.org/Relief/NewProperty.html

http://www.limitlessboundaries.org/Relief/Relief.html

It's not clear if they are still operating worksites in the gulf, except for churching services. Note that I found this reference to a ministry called "Committed Relief":

http://www.committedrelief.org/WhoWeAre.htm

and

http://www.committedrelief.org/ResponseHistory.htm

It talks to a history of moving around addressing disasters for a year or two "onsite". Not sure how that relates to this Calvary Church site in the gulf.

***

(4/2/07) Via call to James Hon they are still assisting with long-term recovery/rebuilding projects and are accepting volunteer teams 1-2 weeks of the month. The avails/needs remain the same as listed. They are active in community outreach.

Building Youth Center & Community Cafe

Beginning September 1, 2006, we will only be receiving teams on the last week of each month. The new property can accommodate up to 40 at a time. For the next few months the primary focus of the teams will be to assist in the development of the new property, the establishing of the church and the assisting to the immediate needs of the locals who are now attending the church.

Team Responsibilities

Each team must make arrangements prior to setting flights in order to see what dates are available. You can do this by calling 714.446.6222 and registering for the dates by giving – Dates, Amount of people desiring to come and individual talents of each person. Once you've registered, please forward the following info to us @ calvaryrt@aol.com

Name of each team member , m or f , gifts/occupation

This info will be forwarded to the relief center host to assist in planning out the week, while your team is there.

Each team must have a leader from their home church on grounds to oversee all activities that involve their church. The trip lengths are one week at a time from Monday to Monday.

Ministry Opportunities:

Food Ministry
Personal Evangelism
Cleaning out houses and yards
Chain Sawing Trees
Chaplaincy
Construction

We ask that each team member be flexible with the needs of the ministry and especially the community. Things change from week to week and our desire is to serve the city and their needs as well as attempt to accommodate your church's ministry.

1. What can you expect to do at CCR?

We start our days early. First shifts for breakfast prep begin at 5:30 AM. Other opportunities for serving in the food line, maintenance, camp care, home demo/restoration begin from 6:30 AM ? 8:00 AM. There is also an evening shift from 5:00 PM ? 2:00 AM. Work days can be from 8 ? 10 hours and can often be physically demanding. You will be on your feet a lot.

2. How many members comprise a team?

We can accommodate up to 40 on the site. Each team should be made up of at least 5 people. The average number of the teams that we are scheduling is 15. For churches trying to book more than 15 we are encouraging them to spread there people out over multiple weeks. Each team must have a team leader. This will allow each church to lead and develop the teams adequately on ground. Each group leader is responsible for communicating with the Camp Host for a daily schedule. There is a need for worship leaders as well, so we are asking each team to do there best to bring a worship leader along.

3. Can the team be mixed (men and women)?

Yes, both men and women are encouraged to come. Along with assisting in the camps kitchen, moderate clean up of homes that are still standing, many of the women are being used to reach out to the mothers and children that are coming to the camp to eat.

4. Will the team assignments be restricted to the command center for now?

The teams are asked to receive direction from the Camp Host and Construction Leader...to maintain the work we have committed to do for the city each week.

5. Who and what determines placement of team members to a specific job?

The schedules as well as the atmosphere are changing from day to day, and the desire is to place people with certain talents in the areas that compliment them. But at times there may be needs to fill other spots; we are continually trying to maintain flexibility.

6. What are the team leader's responsibilities?

The team leader responsibilities consist of the following:

1. Maintaining group communication, health and needs
2. Communicating with those that are working at the command center
3. Gathering group for prayer, and possibly devotions, as well as gathering them for larger meeting that may develop through the week.

7. Who should act as team leaders?

Because of the nature of the ministry we are asking churches to send leaders that either serve in a pastoral, elder, or head/assistant of a ministry role. This ensures they will be mature enough to develop, maintain and lead their own teams.

8. How long will CCCR be in the South?

CCR has a long term agreement with the city of Bay St. Louis to stay as long as our services our needed. We continue to operate out of a temporary facility but are open to a more permanent operation center. Teams traveling to the area are required to stay for a week. To help with travel logistics on the ground, we are asking teams to arrive and depart on Mondays or arrive and depart on Saturdays.

Global Healing Outreach Ministries (Angel Food Ministries Affiliate)

Walk–in Resource · Open

Faith–Based, Food Distribution
530 St John St., Bay St. Louis, MS 39520
Phone 228–216–9508
Fee $30.00, per basic food box
Service Temporary

Blessings by the box
Angel Food is available in a quantity that can fit into a medium–sized box at $30 per unit Each month's menu is different than the previous month and consists of both fresh and frozen items with an average retail value of approximately $60. Comparison shopping has been done across the country in various communities using a wide range of retail grocery stores and has resulted in the same food items costing from between $42 and $78.

Generally, one unit of food assists in feeding a family of four for about one week or a single senior citizen for almost a month. The food is all the same high quality one could purchase at a grocery store. There are no second–hand items, no damaged or out–dated goods, no dented cans without labels, no day–old breads and no produce that is almost too ripe.

Also offered are specialty boxes such as steaks, chicken and pork. Many participants in this bonus program appreciate the expanded choices. Additionally, there is no limit to the number of units or bonus foods an individual can receive, and there are no applications to complete or qualifications to which participants must adhere. Angel Food Ministries also participates in the U.S. Food Stamp program, using the Off–Line Food Stamp Voucher system.

How the Program works
Orders and distribution are handled by the host site. Orders are collected by the host site during the first part of each month. These orders are then turned in to the Angel Food main office in Monroe, Georgia, on a predetermined date. Several days later, in the same month, the host site either picks up the food from Angel Food's 160,000 square feet warehouse to fill the orders on Distribution Day or, because this ministry is growing nationwide, food is delivered to the host site by a pre–arranged delivery mode. In most cases, as long as there is a truck headed in the direction of a community who wants this program and sees its ministry influence, there are no extra transportation costs.

Sample Menu:

(1) 4 lb. IQF Leg Quarters
(1) 24 oz. Beef Back Ribs
(1) 1 lb. 80/20 Lean Ground Beef
(1) 2 lb. Breaded Chicken Tenders
(4) 6 oz. Bone in Pork Chops

(1) 1 lb. Ground Turkey
(1) 18 oz. Stuffed Manicotti (Cheese)
(1) 12 oz. Smoked Sausage
(1) Betty Crocker Seasoned Potatoes
(1) 7 oz. Cheeseburger Dinner
(1) 16 oz. Green Beans
(1) 16 oz. Baby Carrots
(1) 2 lb. Onions
(1) 1 lb. Pinto Beans
(1) 1 lb. Rice
(1) 7 oz. Blueberry Muffin Mix
(1) 10 ct. Homestyle Waffles
(1) Dessert Item

Services offered: Food * (ANY/ALL Types); Food Distribution, Food Baskets; Food Distribution, Food Boxes (General Public Distribution); Food, Frozen, Meat ** (ANY/ALL Types of Frozen Meat, Poultry, Fish, etc.)

Email Update dated 9/23/07 from on site staff:

Goodmorning Leslie,
Thanks for your interest. Our primary focus is for Hancock County.
We have assembled 67 homes to date and many more on the waiting list.
Your assistance in the volunteer department is extremely helpful.
Thanks. Our shelter location is presently at 1201 Hwy 90, Bay St.
Louis, MS 39520. We had the capacity to sleep 120, but we have scaled
down due to the flow of volunteers. We can probably house 50–75 and
have other locations to increase this number if necessary. We charge
$10/day to offset expenses. We have a complete kitchen in which teams
can prepare their own meals. We have a full time staff of 8 workers
and mixed in with long term staff workers a total of 4. Based on
sizes of group in the past, we feel 40 is the maximum size per week
for us. Much larger and the logistics are extremely stressful.
Additional volunteers are normally farmed out to other agencies.
God Bless,
Gene

Walls of Hope is looking for skilled and unskilled volunteers
to help in building and reparing homes in Waveland, Bay St
Louis and other areas of Hancock County which was one of the
hardest hit by Hurricane Katrina. This is a perfect opportunity
for your church group, school or civic group. Our facilities
include a full kitchen as well as beds for up to 60 volunteers
with other housing available for overflow.

For more information contact Gene or Chris at 228–466–5008

GeneButterfield@wallsofhope.net
PaulButterfield@wallsofhope.net

Skills :
Skills not required but we are in desperate need of sheetrock
hangers and finishers, painters, carpenters and other skills.
We can use anyone that is willing to work and help rebuild homes
on the Gulf Coast. Supervision is provided by our trained staff.

Mission Strategy:

Once a family has entered our program we will purposefully share
our faith with them while on a job site, at an informative meeting

and scheduled assemblies we will use every opportunity to spread the gospel. New conversions and recommitments will be forwarded to local pastors for follow up. In the event that follow up ministry is not available, it is our desire to place a team member there within the community to insure growth of the new believers using small group ministries on a weekly or biweekly basis.

Employment Strategy:

We desire to teach individuals in the surrounding communities necessary skill sets to provide financial stability for their families and create a sense of worth for their emotional well being. Opportunities are numerous. I.E. (Carpentry, Plumbing, Electrical, HVAC and Drywall to name a few) "Give a man a fish he eats for a day, teach a man to fish and he eats for a life time"

Production Strategy:

Expediency, effectiveness and efficiency are the key ingredients that make our program run smoothly. We presently have the capability of manufacturing 50 homes per month. Our installation of these homes is much slower and is contingent on the use of volunteers. WE are estimating the capability of 10 homes per month based on the present scheduling of volunteers. In the next few months, if we can not increase or maintain this rate of installation, we will hire labors and/or sub contractors as needed. Unfortunately the will raise the overall price of the homes.

Each home is manufactured in Fort Dodge, IA and is shipped to the Gulf Coast. The wall sections for each house are packaged with specific installation instructions, which make construction knowledge helpful but not required to assist in the assembly of these homes. Once the structure has been built and is dried in, we endeavor to assist the families by consulting with them for the completion of their home. We will provide such assistance as gathering materials, services and coordinating volunteers to help them through the rebuilding process.

Over the next few month we will be addressing the need to offer a complete turnkey package for the homeowners. Presently we are interviewing and pricing key trades people and suppliers to complete different elements of the home. Our intent is to offer these services and materials to the families at reduced prices based solely on the volume of business we can generate.

Who We Are – NOT A SHELTER

We are a small group of volunteers who rescues stray or lost animals in Diamondhead. We have served the Diamondhead Community for many years.

Diamondhead SPCA is a nonprofit organization based in Diamondhead, Mississippi. We DO NOT have a shelter, but keep the pets in a foster home until a permanent home can be found. We hold fundraisers each month to cover expenses. We are always looking for new volunteers and loving homes.

We care for stray and homeless animals found in Diamondhead. We take them into foster care, get needed medical aid, and place them if the owner doesn't reclaim them.

We educate people on Animal Issues. We promote spay, neuter, vaccination programs, and do other educational work. We are opposed to euthanizing of pets that are healthly and instead try to find them homes. All of our cats are healthly when released for adoption.
Adopting a friend

Diamondhead SPCA's policy is to spay/neuter each animal before releasing them to an adoptive home. We will discuss your needs and the animal needs to determine if you and the animal would be a good match. Potential adopters are advised to have a veterinarian selected. All cats and dogs are altered if old enough before going to their new home. We do not charge for the pets, but do take donations.

Please call Diamondhead SPCA at (228) 255–5861 if you are interested in giving one of our animals a home. We will arrange a time when you can meet the pet.

We have some older cats that need a home and would make excellant pets. Also, we have some cats that are farm cats available. What we call farm cats are cats that are not good indoor pets. All of our cats have their shots current and they have been neutered. If you are looking for a cat (indoor or outdoor) give us a call at 1–228–255–5861 and we will let you know if we have what you want available. We do not charge for our pets, but do accept donations.

Combined another small shelter with their own at House , only 2 volunteers to run.,,,,,NEED: could use a rescue group w/no–kill policy to pick–up 16 cats

(no excess supplies & no other needs)

YouthBuild AmeriCorps Gulfport

After rebuilding over 100 homes damaged by Hurricane Katrina though the YouthBuild AmeriCorps Rebuilding Project, YouthBuild USA helped to establish a permanent YouthBuild AmeriCorps program in Gulfport, Mississippi. The YouthBuild AmeriCorps Gulfport program serves the Gulf Coast community and engages Gulfport youth in the reconstruction of their community, as well as their own lives.

The YouthBuild Gulfport program provides 35 low–income, out–of–school, out–of–work young people with the opportunity to earn their GEDs, gain hands–on construction experience, receive a living allowance while learning, and obtain an AmeriCorps education award for post–secondary schooling.

TheYouthBuild AmeriCorps Gulfport program is funded by the Mississippi Commission for Volunteer Services.

For more information about participating in or supporting the YouthBuild AmeriCorps Gulfport program, please contact:

Checks payable to B.W.H.S.C.C.
Service Temporary

Michelle spoke with Mrs. Theresa Smith–Boyle everything is still the same doesn't have any needs at this time (3/7/07)

UPDATE 8/18/06: They have no website

The Retreat House adjacent to the Bywater and Holy Spirit Christian Community Church is open to volunteers needing housing. Pastor Charles Boyle can provide leads/coordination to other volunteer/church organizations doing repairs/reconstruction on the Gulf in Hancock County.

Here and there they do receive donations of food, clothing, building materials that are redirected to other groups in need of those items. They are NOT set up to accept ongoing donations nor do they do distribution.

The 'Retreat House' can house a maximum of 15 adults, and if you have teens in your group can house a maximum of 15–20 volunteers.

Volunteers should contact Pastor Charles Boyle directly to coordinate available housing.

There is no fee for your stay. You must provide and prepare your own meals. They keep a pretty well stocked pantry, but most volunteers that come through replace what they have used when their trip comes to an end. They have a small kitchen with stove, oven, microwave, pantry and refidgerator. Bedding is supplied. There are 5 bedrooms and 4 bathrooms (each with a shower), as well as one washer and one dryer accessible to volunteers.

This is a great option for volunteers looking for a quieter, less crowded volunteer housing situation. Great for families and serves as housing for overflow from other local volunteer camps in the area.

According to Mrs. Boyle the influx of volunteers coming to the Gulf has really slowed down and they desperately need skilled labor to continue to be in service to the ravaged Gulf Coast.

Services offered: Case Management, * (Providers of ANY Type of Case Management); Facilities: Bathroom Facilities (For Volunteers); Facilities: Laundry Facilities (For Volunteers); Facilities: Shower Facilities * (ANY/ALL Types); Facilities: Shower Facilities for Volunteers; Housing, Volunteer Housing * (ANY/ALL Types); Housing, Volunteer Housing (FREE); Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Volunteers, Teen Volunteers (This facility accomodates Teen Volunteers)

AUXILLARY VOLUNTEER HELP:
To properly manage the funds and donations allocated to foundation we like to offer opportunities to those who cannot physically come the area and volunteer. So many people can help right from the comfort of their own home and make a tremendous impact on the residents here, while helping Foundation Hope get as many of their resources directly to the residents. Below is a list of auxiliary volunteers helpers needed:

Architectural Engineers to help draw house plans
IT support for regular computer maintenance and troubleshooting
Solicitation of Volunteer help and donations
Volunteer Coordinating offsite and scheduling
Marketing assistance for fundraisers
Grant Writers to help write grants for residents and Foundation Hope
Coordinators for possible speaking engagements and fundraising efforts
Software management personnel
Builders or tradesmen that can assist us with building plan take–offs and evaluation for efficient use of material
Website designers, t–shirt designers and the like
Case Managers and non–profit organization evaluators<
Volunteer Social Workers to assist residents

In Kind Needs:

Donations of Vehicles, Trucks, Trailers
IN–Kind Donations
Tool Donations
Building Material Donations
Gift Card Donations or Gift Certificate Donations
Office Supply Donation
Printing Donations, Professional Service Donation
Direct donations to residents to assist them in rebuilding their lives and homes
Corporate Sponsorship donations

VOLUNTEER TRIPS:
Volunteers are needed to help Foundation Hope rebuild homes in the MS Gulf Coast area. We are currently repairing and rebuilding 44 homes through a grant provided by the People of Saudi Arabia, The Favre Fourward Foundation and The Deanna Favre HOPE Foundation along with the generous gifts of compassionate individuals across the country. These homes must be completed by June 30, 2007. So, We greatly need the assistance of licensed and skilled tradesmen in the areas of carpentry, framers, roofers, electricians, plumbers, architects, engineers, surveyors, drywall laborers, painters and landscapers. In addition to these trades, any volunteer help to prepare meals, man our volunteer center and coordinate incoming groups is certainly welcomed and greatly appreciated. Church groups, mission groups, youth groups and Alternative Spring Break groups are also welcomed and encouraged to come participate in restoring HOPE to those adversely affected by this natural disaster.

Fax: (228) 255–0255

Mailing Address:

P.O. Box 3324
Bay St. Louis, MS 39521–3324

VOLUNTEER HOUSING:
– does the volunteer housing cost any money? The cost is $20 per night – that cost includes breakfast each morning and facilities for large groups to cook other meals as well.

– what is your total capacity (beds)? Approx. 100 beds

– what is your "current" number of empty beds? (8/07) Currently, we have at least 50% vacancy on average

– do you take "anyone"? or just those that are willing to work on your cases?
We accept volunteers that are working elsewhere, under certain circumstances

– do you welcome "groups"? Absolutely. We are well set up for large groups.

– do you have any age, or other demographic restrictions for providing volunteer housing? No – but children must be supervised.

– do you have hot water showers? Yes

Services offered: Case Management, Hurricane Survivors; Case Management, * (Providers of ANY Type of Case Management); Construction, Home Repair, Volunteer Services; Construction, Rebuilding, Volunteer Services; Facilities: Bathroom Facilities (For Volunteers); Facilities: Shower Facilities for Volunteers; Housing, Volunteer Housing ($ NOT FREE); Housing, Volunteer Housing * (ANY/ALL Types); Meals * (ANY/ALL Types) ; Meals, Volunteers, Meals for Volunteers; Volunteer Opportunities, In General *

Gaits to Success offers a unique approach to helping people with mental, physical, emotional, and learning disabilities. Therapeutic horseback riding gives the disabled person a feeling of freedom, independence and an awareness of self that is otherwise difficult to achieve by conventional therapy. Physical activity and individual accomplishment are uplifting and rewarding for the student. Improvement may be seen in increases in attention span, dexterity, auditory and visual learning motor skills, and memory cooperation.

Hancock County
RECOVERY UPDATE Tuesday November 29, 2005
The Hancock County Emergency Operations Center has been running 24–hours a day since Katrina hit. It is located at the former Annunciation Catholic School located, 5370 Kiln DeLisle Rd. in Kiln. Call 228/466–8250. We will be here to see this through.

PEARLINGTON POD WILL NOT BE CLOSING UNTIL FURTHER NOTICE. The Pearlington Point of Distribution (POD) center is NOT closing. FEMA will be leaving the site Saturday, but the POD will remain

Residents WANTING TO RETURN HOME

Displaced Hancock County residents wanting to return to Hancock County from hotels, out–of–town temporary homes or those staying with families, need to contact the Emergency Operating Center at 228–466–8206 to make arrangements for temporary housing, Those wanting to return to their property will be put on a list to have a FEMA trailer placed. Electric, water and sewer hookups must be placed prior to placement.

Residents Urged to Push Debris to Curb by Dec. 11th
Dec. 31st Targeted Completion Date for Public Right of Way Mission in MS HANCOCK COUNTY –

The U.S. Army Corps of Engineers today announced that the Federal Emergency Management Agency (FEMA) has targeted December 31st as a final pass completion date for clean–up of the public right of ways in Mississippi. Residents can help expedite the clean up of Hancock County by moving as much debris to the curbside by Dec. 11th. This will help FEMA and the Corps meet the Dec. 31st target date, ultimately allowing for a focused transition to private and commercial property debris clean up.

As part of the right of way mission, FEMA gave the Corps authority to remove debris from the public right of ways, which is defined as a city or county road. Federally funded roads are being cleaned by the Mississippi Department of Transportation. To date, the Corps has removed more than 1.7 million cubic yards from Hancock County (excluding Waveland north of the track, which is managed by the City of Waveland). There is a total estimated 1.9 million cubic yards of debris in the public right of way in Hancock County under the Corps program.

Concurrently, the Corps continues to execute its FEMA assigned mission of clearing debris from private property that creates an immediate threat to lives, public health and safety as a result of Hurricane Katrina. The Corps has collected more than 7,200 right of entries from Hancock County residents and has completed work on 58 of those properties.

Statewide, the Corps has removed more than 10 million cubic yards of debris in the public right of ways stemming from Hurricane Katrina.

Right of Entry Centers to Consolidate November 30th

Starting Wednesday, Nov. 30th the Right of Entry (ROE) collection centers throughout Hancock County will be consolidated. Residents needing to sign a ROE for private or commercial property debris removal may do so Monday through Friday from 8 a.m. to 5 p.m. at:
County Government Offices– Building Permit Trailer #15 – 3068 Longfellow Road, Bay St. Louis

Additionally, ROEs can be signed from 8 a.m. to 5 p.m. at the following locations only on the following days:
Tuesdays– Pearlington Charles B. Murphy School starting December 6th.
Thursday– Diamondhead Property Owners Association starting December 8th

A signed ROE is required before the Corps can do any debris removal off of private or commercial property. After an ROE is signed by a property owner, it is logged into a database and sent to city and county officials for eligibility determination. Residents should clearly mark their address on their property for inspectors. Once deemed eligible, the Corps dispatches inspectors to the local property to review and document site conditions. This information is compiled into a packet that the contractor will use to begin work. The Corps has currently received more than 7,000 ROEs. At this time, the Corps has not defined a timeline for the physical start of actual debris removal once an ROE has been signed, so public patience is being requested. However, signing an ROE is the first step in the process.

Hancock County residents, with the exception of Waveland and Bay St. Louis residents, can either come back to the area to sign a ROE form, provide legal authority to someone in the area to sign a ROE on their behalf, or send someone with legal authority to the area to sign a ROE on their behalf.

The cities of Waveland and Bay St. Louis, upon receiving both the local home address and the out of area temporary living address, will mail a ROE form to the land owner. The ROE must then be completed and signed by the land owner and notarized assuring that the signature is in fact authentic.

Hancock County Statistics To–Date

Debris Removal:
1.88 million cubic yards
(26% of county debris)

FEMA individual assistance: $105.1 million
18,896 applications approved for individual and household assistance

FEMA public assistance: $112.23 million

FEMA blue roofs installed: 3,917

Red Cross Mobile Kitchen:
Meals served: 441,103

Salvation Army Mobile Kitchen:
Meals served: 692,973
People served: 1,373,083

Household Hazardous Waste collected:
48,798 items

FREE FLU SHOTS The Hancock Medical Center is providing free flu shots at the Hancock Medical Center Emergency Room. The Hancock County Health Department is also giving flu shots at the cost of $5.00 each for those that can afford to pay.

HEALTH DEPARTMENT HAS MOVED The Hancock County Health Department has moved to its new location at 3068 Longfellow Drive. Water samples for well testing must be dropped off at this location.

PROJECT RECOVERY Individuals, families and groups impacted by Katrina who are experiencing physical or emotional stress may benefit from mental health counseling and are encouraged to contact Project Recovery. Assistance is provided at no charge and is designed to assist in restoring wholeness and making peace with the devastation of the hurricane. Those seeking assistance can reach Project Recovery by calling 1-866-856-3227.

BURN BAN FOR HANCOCK COUNTY There is a burn ban in affect throughout Hancock County, including all municipalities, until further notice.

MOBILE HOMES AVAILABLE There are a few FEMA mobile homes that are available to large families or families with special needs. Call 800-621-FEMA to see if you are eligible.

PUBLIC TRANSPORTATION from Coast Transit Authority is available in Hancock County. The bus runs Tuesday thru Saturday. The Scenic Trails stop has been reduced to Tuesdays and Thursdays only

The bus route, stops and times (approx):

EMERGENCY GROUP SITE TRAILERS AVAILABLE Families and individuals waiting for FEMA trailers to be placed on their private property are also eligible to move into trailers located at Emergency Group (EG) sites. If you choose to move into an EG site, and your private property qualifies as a FEMA approved location, your EG site residency will not prevent you from receiving a FEMA trailer on your private property at a later date. If you have been identified as a priority on the trailer waiting list and choose to accept an EG site trailer, you will be moved to the non-priority waiting list for receiving a trailer on your property. If you are interested in moving into a trailer at an EG site, please call 1-800-621-FEMA (3362).

HOUSEHOLD HAZARDOUS WASTE (HHW) SWEEPS are scheduled in the following areas:
Clermont Harbor - Tuesday, Nov. 29
Ansley - Dec. 1
Waveland City Hall-Saturday Dec. 3
Please have your HHW (paints, pesticides, batteries, solvents, automotive fluids, etc.) at roadside on these dates for pickup by the EPA. This is an amnesty event.

DEBRIS REMOVAL SIGN-UPS Starting Wednesday, Nov. 30th, the Right of Entry (ROE) collection centers throughout Hancock County will be consolidated. The current ROE collection centers will be closed from November 26 – 30. Residents needing to sign a ROE for private or commercial property debris removal may do so Monday through Friday from 8 a.m. to 5 p.m. at:

•County Government Offices – Building Permit Trailer #15- 3068 Longfellow Road, Bay St. Louis

Additionally, ROEs can be signed from 8 a.m. to 5 p.m. at the following locations only on the following days:

Tuesdays– Pearlington Charles B. Murphy School starting December 6th
Thursday– Diamondhead Property Owners Association starting December 8th

There are different procedures for ROE signup if you are currently not staying in the area. Hancock County residents, with the exception of Waveland and Bay St. Louis residents, can either come back to the area to sign a ROE form, provide legal authority to someone in the area to sign an ROE on their behalf, or send someone with legal authority to the area to sign a ROE on their behalf. There are no plans to mail ROEs or provide online signup for those residents that have evacuated the area and have not returned.

The cities of Waveland and Bay St. Louis, upon receiving both the local home address and the out of area temporary living address, will mail an ROE form to the land owner. The ROE must then be completed and signed by the land owner and notarized assuring that the signature is in fact authentic.

240–379–3600 (collect calling access)Trailers are offered only to disaster survivors who register for housing assistance through FEMA. There is no residency requirement for registering within Hancock County or the State of Mississippi.

CURFEW INFORMATION
Hancock County
11 p.m. - 5 a.m. north of the railroad tracks to Hwy.–10
10 p.m. - 6 a.m. south of the railroad tracks
Midnight – 5 a.m. north of Hwy.–10.
Bay St. Louis – 11 p.m. – 5 a.m.
Waveland
11 p.m. – 5 a.m. north of the railroad tracks
9 p.m. to 6 a.m. south of the railroad tracks. Diamondhead – Midnight to 5 a.m.
Shoreline and Pearlington – 11 p.m. to 5 a.m.

POINT OF DISTRIBUTION (POD) LOCATIONS Gulfview and Pearlington Elementary Schools are the only POD locations still open. The POD's at Zuppardo's Bay Plaza and Fred's have closed.

TEMPORARY CLINICS CLOSING DATES Several of the temporary walk–in clinics around Hancock County are setting dates to close their operations as the Hancock Medical Center becomes fully operational.
Depot Clinic – January 1, 2006
Pearlington Clinic – January 1, 2006

HURRICANE RECOVERY JOB CONNECTION at www.jobsearch.org/hurricanejobs allows you to search for jobs by category and location free of charge. Employers can post available jobs. The Bay St. Louis–Hancock County and Kiln public libraries offer free Internet access 8:30 a.m. to 5:30 p.m. Monday through Friday and 8:30 to 1 p.m. on Saturday.

BRIDGE LOAN PROGRAM DEADLINE EXTENDED TO DEC. 16 The program has approved 86 loans to small businesses totaling nearly $2 million, benefiting 372 jobs in Hancock County. Participating types of businesses include restaurants, seafood stores, contractors, doctor's offices, realtors, tourism businesses, and others. Businesses are encouraged to contact their local bank or small business center for more information. Small business centers can be found at the Business Service Center, Hwy. 90 and Main Street in Bay St. Louis, or by calling the Hancock County Chamber of Commerce at 228–467–9048.

VOLUNTEER SERVICES REGISTRATION Those in need of volunteer services, or those who want to volunteer their services, are encouraged to register at either the Bay St. Louis–Hancock County Library or the Kiln Public Library. You may also register by phone by calling the Bay St. Louis–Hancock County Library at 228–467–5282 or the Kiln Public Library at 321–837–64.

AREA BUSINESS SUPPORT SERVICES are available at the Business Service Center, Hwy. 90 and Main Street in Bay St. Louis. Services include wireless Internet access, fax machine and copy services, staff, and counselors to review SBA loan packages. Hours of operation are 9 a.m. to 5 p.m. Monday through Saturday.

Terra, this is a great site: see the below samples.
At the end of this email are locations of pods with food.

FOR UP TO THE MINUTE INFORMATION call 228–466–8233 or visit www.hancockcountyeoc.blogspot.com

TO ALL VOLUNTEER
AND
DONATION ORGANIZATIONS

You are cordially invited to attend a planning session to develop a long term recovery strategy for Hancock County. We are asking representatives from all organizations to attend. Our objectives including compiling a master list of organizations, their abilities, resources, and tenure. Together we aim to develop a coordinated master plan to effectively address the needs of Hancock County residents. This effort will require the participation and expertise of all our volunteer organizations. Our shared goals will be our strength. The network of friendships and resources this effort will foster will be our impetus to achieve even greater results.

Hancock County (MS) EOC Public Information: FAQ's for 10–13–05

http://hancockcountyeoc.blogspot.com/2005/10/faqs–for–10–13–05.html

Terrra, I found this info on the above page:

FEMA/TEMPORARY HOUSING/TRAILERS

How are temporary travel trailers being provided?
The temporary travel trailers are being provided by FEMA on a priority basis, and each applicant is assessed. The first priority is providing trailers to those who have no shelter or are living in a group shelter. Other requests are evaluated on needs such as family or health issues and when the application was received.
Do I need to pay for a power pole to support my travel trailer?
No, the power pole is provided and you do not need to purchase or provide one yourself. You should, however, contact your power company.

How do I contact FEMA to apply for temporary housing or register for disaster assistance?
Call to register for FEMA Disaster Assistance at (800) 621–FEMA (3362), TTY at (800) 462–7585, or visit www.fema.gov. Housing applications are also available in the FEMA tent at K–mart. Bring this information to register: social security number, address with zip code, insurance information, directions to your damaged home and daytime telephone contact number.

If I accept emergency housing in an emergency group site, will I lose my place in line to have emergency housing placed on my property?
No, you will keep your place in line. DO NOT MOVE the mobile home. Itâ™s federal property.

How do I sign up for the Army Corps of Engineers BLUE ROOF PROGRAM?
Sign up by calling (888) ROOF–BLU (7663–258) or visit the Train Depot in Bay St. Louis or Card Room at the Diamondhead Community Center.

Where do I call for FEMA trailer maintenance problems?
Call toll free at 1–866–877–6075 for Local calls 601–352–8342 or collect at 240–379–3600.

POINTS OF DISTRIBUTION (PODs)/ MEALS/EMERGENCY SHELTER

Where are public Points of Distribution or PODs for food, water, ice, contributed clothing and household items?
PODs are located at K–Mart, Gulfview Elementary, Fredâ™s, Perlington, Save–A–Center, and the Bayou Talla Church.

Is there a general information number that I can call to get information about temporary sheltering, mass feeding, and distribution of essential supplies to disaster victims?
Yes. You may call the Hancock County Emergency Operations Center at 228–466–8227.

Are shelters still open?
Yes, Charles B. Murphy Elementary and the Bay St. Louis Senior Center shelters are still open.

Where are hot meals served?
Fredâ™s Grocery Store
K–Mart
Gulfview Elementary
Winn Dixie, Bay St. Louis
Senior Citizen Center <

The Hancock County Emergency Operations Center was activated full force as a result of Hurricane Katrina. The EOC has now become a common name amongst the locals due to our huge roll in the response and recovery of Hancock County?s Hurricane Katrina.The Emergency Operations Center has been working, even prior to Katrina?s land fall doing everything humanly possible to see to the citizen?s of Hancock County safety and current well being.

The EOC?s responsibilities are enormous; they entail everything from coordinating Emergency Responders all the way to coordinating Volunteer and Donation efforts.The EOC staffing was expanded to include Local, State, numerous other states, and Federal, specialist. To whom we are forever indebted. These personnel working in the EOC never stop, no holidays, no set work times,7 days a week, trying to drive the recovery and rebuild efforts to the best of their ability.

We have learned a great deal from this experience and this will ultimately make us better. The EOC will continue this effort for as long as needed, and be placed back on standby for any additional emergencies in the future.

Update: 8/25/06 Karen is no longer Volunteering in Hancock County but to her knowledge is still open.

Old Record:
Karen wrote to us to tell us of the move.

The Volunteer Resource Center has moved to the EOC headquarters. Previously it was located at the Kiln public library.

FROM THE HANCOCK COUNTY LIBRARY SYSTEM WEBSITE:

List of Needs

We are contacted almost daily by people, communities, and organizations who desire to help the Hancock County Library System here in ground zero for Hurricane Katrina. They always ask, "What do you need?" So we have compiled a list of needs. Everything from Kleenex to copy machine toner is included in this list.

If you find something you wish to donate, please contact Mary Perkins, Public Affairs/Development Officer at 228.467.6836. Cash donations are accepted through The Library Foundation of Hancock County. To learn more about this click here. We accept VISA and MasterCard. All gifts, whether physical items or cash, are most deeply appreciated.

And please do not think us ungrateful, but at this time, we cannot accept gifts of books. With two branches destroyed and two branches with heavy water damage, we have no storage facility for books.

The Volunteer Resource Center/Coordination Services has moved to the Hancock County EOC.

In the early days of the aftermatch Sandra Ladner, who runs the library, dedicded that since the building stood after the storm that it would be a good thing to use the location for coordinating volunteers. She started the VRC. People could call in and request and request volunteers. Volunteers can still go there and get assignments, but it's requested that volunteers register with Karen Perry at the Hancock County EOC.

The library is now a library again...

The library hours are:

M–Th: 8–6
F–Su: 8–5

About the Gulf Coast Recovery Corps
The Gulf Coast Recovery Corps assists residents impacted by the devastation of Hurricane Katrina in long-term recovery efforts along the Gulf Coast of Mississippi. The Gulf Coast Recovery Corps deploys crews of young people (ages 18-25) from the nation's 113 Service and Conservation Corps for four week projects that include rebuilding homes and structures, chopping down damaged trees near homes, removing debris, restoring trails, replanting marshes and trees, performing environmental restoration and completing other projects.
Building upon the successes of the Gulf Coast Recovery Corps, The Corps Network will establish a permanent Gulf Coast Conservation Corps this year to continue meeting the needs of local residents in the long-term recovery efforts.

For more information about the Gulf Coast Recovery Corps, contact Katie Rose at krose@corpsnetwork.org or (228) 229-0803.

A brief summery of the org.:

The NASCC is an umbrella organization that provides funding to "service and conservation corps". A core is defined as a group of youth (usually between the ages of 16-25) that work in crews supervised by an adult. A corps is funded by private organizations and not-for-profits to focus the youths on serving the community and accomplishing projects for the benefit of not only the community, but for themselves as well.

The NASCC has developed the GULF COAST RECOVERY CORPS through a grant that focuses on youth development through disaster response in the Gulf Coast for affected private homes as well as public land. The Gulf Coast Recovery Corps will serve in projects such as housing restoration, new construction, the restoration of a retreat center, long term recovery housing projects, and environmental restoration of parks and nature refuges.

For more information, visit www.corpsnetwork.org or contact: Patrick Fitzgerald, The Corps Network at pfitzgerald@corpsnetwork.org or at (202) 737-6272.

For all States: http://www.corpsnetwork.org/corpsnetwork/corps-list.htm

Availabilities include:
- volunteer placement and coordination within the corps
- volunteer housing for corps members

Needs include:
- dry wall
- mud
- nails
- tape
- sand paper
- shingles
- lumber
- screws
- paint

All needs are "average" as the corps will is not fully functional yet, but accepting new volunteers as well as building supply donations. The storage space is limited

By J.R. WELSH – SUN HERALD

The county's sole emergency shelter will remain open at Hancock North Central Elementary School north of Kiln off Mississippi 603.

These folks responded quickly after Katrina. They are considered to be "standby" for shelter in a disaster.

In the meantime, they are "open" as a school.

In Hancock County, the lone shelter at Hancock North Central Elementary School will open as soon as officials call for any evacuations, said EMA Director Brian Adam.

Hancock: Voluntary evacuations will be issued for low–lying areas and people in vulnerable housing 72 hours before landfall. Mandatory evacuations will be called depending on the strength of the storm and projected landfall location. A shelter will be opened as soon as any evacuations are called.

Old Note:
Combined with and relocated to Charles B Murphy Elem Sch

Serves Hancock
Eligibility Resident of Hancock County
Checks payable to Lakeshore Baptist Church
Service Permanent

UPDATE 3–23–07: Per Bea Everett/Dist. Mgr. their highest priority needs for the POD are rebuilding supplies/materials, Electrical rebuilding supplies, toilet paper and canned goods.

First Baptist Church is one of 5 Supply POD's in Hancock County serving the devastated community of Lakeshore which was ground zero for Hurricane Katrina. They are located just north of Waveland, MS and 1 1/2 miles inland and took

on 43 foot of water. Folks 8 miles inland in this area took on 15 foot of water.

This POD serves up to 300–400 people daily with food, clothing and personal hygiene distribution to struggling local residents. They have 6–8 long term committed full time volunteers at this facility.

There is a great need for continued support on all levels for the purposes of rebuilding and basic everyday survival needs. So far they have been responsible for gutting and assisting with the rebuilding of 90–100 local homes.

If you would like to make a donation of building supplies/materials, personal hygiene necessities, food, or are an individual/group interested in volunteering, please contact Volunteer Coordinator/Distribution Coordinator Greg London at:

gjlondon@bellsouth.net

Lakeshore Baptist Church can house 200 + volunteers and they have a fully functioning kitchen, Quanza Hut (serves as a sanctuary for the church and volunteer housing), Bunkhouses, Tents to house volunteers, Shower/Bathroom/Laundry facilities available. Volunteers will be fed daily and can stay cost free but are asked to make a donation for perishable foods that require refrigeration. The site also features a sawmill for rebuilding purposes.

They are especially in great need of skilled labor volunteers, building supplies/materials, personal hygiene products and food. They also really need a truck trailor (the size of an 18 wheeler) for the purposes of storage.
NOTE: Greg London with Lakeshore Baptist Church wants everyone to know that they have a very smooth running operation for distribution/rebuilding and he's more than happy to share his experience with other org's and faith based groups that need advice or help getting started. One former military volunteer likened their set up to front line operations in Iraq. He'll talk to anyone to help whether they are in the Gulf or other disaster area's in the U.S.

NOTE: Available items are listed, because this POD receives ongoing donations. Please coordinate with Greg London/Distribution Coordinator for current availability of supplies.

Residents should apply for gutting/rebuilding assistance Wed. through Sat. 9 a.m. to 5 p.m. at the Sanctuary/Distribution Quanza Hut building. An assessment will be conducted and Spiritual Counseling is available as well.

Worship services are every Sunday at 11:00 a.m. & Wednesdays at 6:30 p.m.

(3/7/07): Michelle spoke with Pat Bean – Will be starting Community Center in May

You will be a member of a team of individuals who are volunteering to invest a part of themselves and their precious time to help other people. BGF projects combine the skills of craftspeople with the energy and enthusiasm of dedicated vounteers and the local community.

Pearlington, Mississippi:
"As each shelter goes up, so do the spirits of the people in Pearlington. The Building Goodness Foundation left so much more in this community than just buildings."

The small town of Pearlington, Mississippi was virtually washed away in the 28–foot surge that hit as Hurricane Katrina passed through on August 29th, 2005. While most residents were evacuated before the storm, nearly all of the town's structures were destroyed by the hurricane, leaving a wake of mud, mould, and tangled debris.

Pearlington citizens have returned home to debris–littered lots where their homes once stood. Months after the hurricane ravaged their town, most families found themselves living in 8' x 30' FEMA trailers with no place to store their belongings, leading some to call their beloved town "the forgotten city."

Pearlington may be lost but it is not forgotten. During the first stage of reconstruction, BGF volunteers have been building 12' x 16' shelters that families can use for additional living space or storage. Once all the shelters have been built, the second stage of constructing a community center will begin.

Each BGF team travels to Pearlington for a week of work. Be prepared for long hours under trying conditions. Also keep in mind that the citizens of Pearlington have lost everything they have. In the end, your kindness, patience, and empathy are just as important as the skills and craftmanship that you bring to this project. Your work to provide shelter will make a world of difference to the people of Pearlington.

Accomodations: BGF volunteers should be prepared to camp while working in Pearlington. There are 2 eight–person bunkhouses with mattresses at the camp site.

Meals: Meals will be provided by local churches and other volunteer groups. There are cooking facilities and a mess tent at the camp site. Clean drinking water is readily available.

To complete a volunteer registry form, please visit:

HURRICANE ISAAC RELIEF UPDATE – 9/2/12

DRT is working with the Slidell Church of Christ as well as the Pearlington, MS Church of Christ. Distribution of supplies as

well as volunteers working on flooded houses is currently taking place through both locations. We will also be serving nutritious home cooked meals to several communities this week.

Please click the link on the left of this page to register to volunteer. Help is needed with cutting trees (many of which are still blocking roads) and in yards, other clean up, muck and gutting of houses, help distributing supplies, cooking, data entry, etc.

VOLUNTEER: http://www.churchesofchristdrt.org/volunteer.php

HOW YOU CAN HELP NOW–
MONETARY DONATIONS ARE NEEDED. This has been an active year for disasters. Thanks to those of you who have donated funds, DRT has been able to help thousands of disaster survivors with supplies as well as help rebuilding homes. DRT has also provided thousands of full course home cooked meals to volunteers and communities.
VOLUNTEERS– We will need volunteers of all skill levels. From cooking to Chain Saw Crews and everything in between. Please click on the link to the left to register. We will be in touch with you to let you know when things are set up and we're ready to receive volunteers.

Services offered: Cleanup, Disaster Debris Removal, Volunteer Services; Cleanup, Mud–Out, Muck–Out, Flood Cleanup, Volunteer Services; Cleanup, Tree Cutting and Removal, Volunteer Services; Distribution, Clothing, For Disaster Survivors; Distribution, Disaster Relief Supplies; Food Distribution, Emergency/Disaster Food Distribution; Meals, Hot Meals; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers)

PEARLINGTON RECOVERY CENTER CLOSES DOWN

One House at a Time Still at Work

FROM THE WEBSITE 4/09:

CURRENT NEEDS

Volunteer –

One House at a Time and the Pearlington Recovery Center are still able to house and feed volunteers – groups and individuals – for rebuilding projects in Pearlington as a result of Hurricanes Katrina and now Gustav. Please consider joining us for a week or more or for just a weekend as you are able.

From the website:

Where We Are
To date, One House at a Time has 11 projects under construction. Of these, four will be ADA handicapped units, which will allow some of Pearlington?s disabled residents to return to a fuller life after being confined in FEMA trailers. An additional three homes are currently ordered, and they are due to arrive over the next two weeks. With existing funds, the project will have the capacity to build approximately 10 more homes. To learn more about our existing projects, please visit the Current Projects page.

The project is particularly essential because very few organizations, whether public or private, are willing to build in FEMA flood zones. While many have expressed reservation about rebuilding in a flood zone, it is important to remember that all of Hancock County is part of this flood zone. The only hurricane other than Katrina to flood this part of the country with such force was Camille in 1969. Camille only brought 2 feet of water into town; Katrina brought 20. Prior to Camille, no comparable disaster had been recorded for nearly 200 years. Furthermore, it appears that few, if any, state funds will be allocated for residents in flood zones in Mississippi. While Louisiana will serve this segment of the population because of the external and internal pressure to rebuild New Orleans, which sits 9 feet below sea level, no such forces exist to serve the people of Mississippi. Pearlington, which is an average of 6.5 feet above sea level, will likely get no public funding to rebuild.

One House at a Time is currently seeking $500,000 to insure that it can continue to build homes in Pearlington for the next year. While the ultimate goal is to raise $2 Million to build 200 homes, the first step is raising funds for the next year. The funds will be used to hire to on the ground coordinators, as well as to insure that money for some 35 homes will be available for the following year.

Disaster Relief Program:

To provide immediate housing for families and individuals in need, NHC has designed transitional housing units: bunkhouses, cottages, and lodges to house families and volunteers. These units cost between $15,000 to $20,000 and

come furnished with kitchen appliances, living room, dining room, and bedroom furniture. Units are portable and can be set up on any lot. As a family/individual reaches sustainability, receives insurance settlements, etc. the unit can be passed on to another family or the unit can be converted to permanent housing.

Hurricane Katrina Relief

Hurricane Katrina Relief Efforts in Hancock County, Mississippi New Hope Construction (NHC) has teamed up with the South Walton Hurricane Helpers and the Seaside Community Foundation. Hancock County is ground zero of Hurricane Katrina.

New Hope Construction's first efforts at disaster relief have been focused in Hancock County, Mississippi. Bunk Houses have been erected for volunteers assisting with the construction of transitional housing units for disaster victims. These Bunk Houses are designed for housing multiple volunteers at a time. Our Transitional Housing Units also include Cottages which are designed to be inhabited by families or individuals until sustainability can be achieved. At which point the cottages may then be passed on to another family or converted into permanent housing.

To ensure immediate housing for families and individuals in need, NHC's transitional housing units: bunkhouses, cottages, and lodges are now available for housing families and volunteers. The units cost between $15,000 to $20,000 and come furnished with kitchen appliances, living room, dining room, and bedroom furniture. Units are portable and can be set up on any lot.

How can you get involved?

Financially: Units start at $15,000 – you can sponsor a unit or partner with other groups to sponsor a unit or several units. Please call NHC at 866-396-4673 to donate.

Provide Volunteers: To volunteer please call Shannon Erwin at (850) 835-0067.

Spread the Word: Tell a friend. . .let others know how to get immediate help to hurricane victims.

With funds already donated, we have already shipped truckloads of these units. On November 14, 2005, with our partners and volunteers, we began building these units in Hancock County, Mississippi.

In Mississippi alone, over 70,000 units are needed to shelter families/individuals.

Call now to offer your assistance to this overwhelming IMMEDIATE need!

What you can do:

Volunteer for a trip; Organize a group to take a trip; Provide a platform from which to make a presentation; Be a messenger the need continues to exist on the Gulf Coast; Tell your friends about us and what we do; and

Help recruit skilled labor!!!

Pickin' Up the Pieces (PUP) is working in conjunction with Camp Coastal Outpost , the Pearlington Project, and Walls of Hope to help rebuild the City of Pearlington, MS and other areas of Hancock Co.

Hancock County is ground zero of Hurricane Katrina. We are currently working to provide for the citizens of that county. Pickin' Up the Pieces is assisting these groups by organizing groups of volunteers to travel to the devastated area to help in this effort. We are currently seeking both skilled and unskilled volunteers that are interested in participating in one week rotations.

It has been a meaningful experience to those who have come to the area and served in the many different capacities. It is very humbling to work along side with someone who has lost their homes. People who have been involved with Katrina disaster relief say that their lives will forever be changed. We are committed to giving our brothers and sisters hope. We plan to continue working in this area to help these precious people rebuild their lives.

If you are interested in serving in Hancock County, please contact us. In the weeks and months ahead we are going to need skilled people in almost every area. You can contact us at linda@pickinupthepieces.org This e–mail address is being protected from spam bots, you need JavaScript enabled to view it .

Pickin' Up the Pieces accepts donations of supplies and financial gifts. We are developing teams of volunteers who are interested in making distribution and rebuilding trips to the Gulf Coast. If you have a
trailer you are able to part with for a weekend, we can always use additional hauling capacity. Most of all, you can help by sharing your energy and your contacts. As a grassroots non–profit, Pickin' Up the Pieces' success is founded on assistance from the community. The greater our network of volunteers, the greater the need we can meet.

Web www.westhancockfirerescue.org
Serves Pearlington, West Hancock County
Service Temporary

http://www.westhancockfirerescue.org

The West Hancock Fire Rescue is the first responder to 18 miles of US Interstate 10 and is responsible for the emergency response to an industrial port – Port Bienville, in Mississippi in addition to handling the wide range of emergency calls that come in to assist the residents of both Pearlington and West Hancock County . Pearlington was Ground Zero for Hurricane Katrina?s landfall. The town and its residents lost 100% of their homes. The neighboring cities in Hancock County were also virtually wiped out, so they cannot help remedy this situation.

West Hancock Fire Rescue is a 100% volunteer department. The doors that they used to knock on for donations are all now gone, although many of the residents remain as they try to rebuild. The fire department is ineligible for grant monies because they do not have the 10% match of funds required to receive grants. It will be two more years before their tax base is rebuilt and they're eligible for distribution of any local county funds. Meanwhile they have several complex situations they must be prepared for and respond to so that they can be there for their community.

As of today the West Hancock Fire Rescue Department has about a three week supply of fuel left. They have been donated several fire trucks from mid to small sized fire departments throughout the country. They will need assistance in sustaining a fuel supply in order to continue to be able to respond to emergency calls.

These firefighters are also in need of everything from basic response equipment and supplies on up to things such as an extraction tool, Haz Mat suits, a ram and VHF radios. They unfortunately do not have the funds to fix anything that needs even just a little fixing. As they stabilize and rebuild they are in need of their firefighter brothers and sisters, paramedics and EMT?s to come to the area and support them in responding to calls, as they have lost more than 60% of their department. They need help with funds to rebuild at least one of their two fire stations which were completely destroyed by Hurricane Katrina. Every department member has lost their own home and struggles to juggle their paying jobs, rebuilding their own home and responding to the needs of a community that has already lost so much.

I know that the men and women of West Hancock Fire Rescue are so grateful for the outreach they have received in the weeks and months after Hurricane Katrina. They are determined to move themselves and their community past this situation. The reality is that they are in great need of physical and financial support in order to stabilize and rebuild – in what has now become an extraordinary situation, on top of an extraordinary situation. Today they deploy to their calls out of a trailer with the limited firefighting and rescue equipment that they have.

The immediate priorities of the West Hancock Fire Rescue are as follows (Any and all support that you are able to provide in remedying this critical situation will be greatly appreciated).

1–Fuel (gasoline and diesel) $1,900 at per month x 24 months

2–EMT and Medic Supplies – The needs are various and ongoing until the community & department are stabilized

3–Grant Match Support of $11,000 – Currently they have been approved for a Fire Grant and will remain eligible for only a short while longer unless they are able to provide the match. The $11,000 would be the required match to then receive a $110,000 Fire Grant that would be provided to them by the government to buy much needed Fire Safety and Prevention equipment.

4–Firefighting & Personal Safety Equipment – All of there equipment/assets were destroyed and need to be replaced (Today this Fire Department does not even have one Jaws of Life). As you know this tool is critical to saving lives on Interstate–10 and in places that other serious auto accidents occur Delayed removal of victims from an automobile in a serious accident can literally be the difference between life and death. It will also greatly raise the moral of the department, so that they are not in a situation where they leave scene thinking "If only I'd had a Jaws??")

5–Fire House Funds – The cost to rebuild the West Hancock Fire Station is $345,000

6–Firefighter, Paramedic & EMT Support – West Hancock Fire Rescue is in need of trained professionals to volunteer come to the area to help them respond to calls, they are currently down to 9 department members who are providing round–the–clock response to all of their calls. This is a Call to Action to all First Responder brothers and sisters everywhere who would be willing to spend a day, a weekend or more down in Pearlington at the West Hancock Fire Rescue. Your presence would be of great physical and emotional help to this department. (Please contact the Department directly via the information on website below to let them know when you can come to help them.)

A basic website has been reestablished at: www.westhancockfirerescue.org Donations can be made directly to the Department. They are a non–profit. Anyone that you know who is interested in helping out, can also contact me via email or phone as indicated below with questions, to request a list of needed supplies or to coordinate support to this department. I have gotten FedEx to agree to assist with free shipping to Pearlington for those willing to donate supplies or equipment to WHFR. Anyone needing help with shipping should contact me directly to facilitate this.

Warmest Regards,

Voices of Hope – Crisis Response Team Updates.

As Hurricane Gustav continues its track inland, the Disaster Relief ministry is in full swing. From the Mississippi Conference headquarters to district offices to local churches to neighborhoods across the state, the remnants of Gustav are alive and well. Bad weather is predicted to impact much of the state through Wednesday night.

Churches and pastors are calling into the conference office to report their status. Our district coordinators are working to assess the damages in their areas. By most reports, the damages are much more limited than they could have been. By Thursday, we will have some more boots on the ground and continue with how we are responding.

We are also working with our brothers and sisters in Louisiana as they assess and share needs. We are looking for folks to receive ERT training who may be requested for help in those areas hit hardest. We will make that information available as we receive it.

The call center is housed at the conference office: 601–354–0515 or 866–647–7486.

How You Can Help
• Pray
• Give to the response efforts earmarked for hurricane response. Send to Mississippi Conference, Mississippi Gustav Response, P.O. Box 1201, Jackson, MS 39205
• Volunteers contact Robert McCoy at 662–213–6400
• Donations and resources contact Brenda Hiatt at bhiatt@comast.net or 601–917–7094 or Rex Hiatt at rahiatt@comcast.net or 601–917–9201.
• If you want to set up a collection point for donations, contact Roger Shock at 662–397–2626.

Water, Water, Everywhere!
Although you have worked so graciously over the last many months collecting them, we can still use flood buckets. They are a very popular item because of their practicality.

Contact: Brenda Hiatt at Brenda Hiatt at bhiatt@comast.net or 601–917–7094.

Thank you for your gracious spirit and loving care.

Site description:
http://ms.brickriver.com/files/oFiles_Library_XZXLCZ/Camp_Gulfside_description2_XQ3PCMRF.doc

History:

Camp Gulfside is located on the grounds of what was Gulfside Assembly, one of our two United Methodist retreat centers on the Mississippi Coast. Established in 1923 by Bishop Robert E. Jones, the first black bishop to serve as a general superintendent of the Methodist Episcopal Church, it is a site of approximately 70 acres right on the Gulf. In 1980, Gulfside was dedicated as the 97th historical site of The United Methodist Church. Unfortunately, Katrina completely devastated this once–beautiful facility, and now plans are being made to rebuild, though it will be some time in the future.

Facilities:

Camp Gulfside is a 6,000 sq ft modular structure with multiple rooms, each holding 2 - 4 sets of bunk beds. There are no coed rooms. Volunteers will need to bring basic bed linens or sleeping bag and pillows. There are showers and restrooms onsite. Volunteers will want to bring towels and toiletries that they will use on their trip. There is a fully equipped kitchen, large dining area, and small lounge. The site has space for fellowship, along with Wireless internet access available nights and weekends.

Meals:

There is a kitchen and dining hall at Camp Gulfside for teams to prepare meals during the week. The Site Coordinator provides a stocked pantry and will help teams in meal planning. Teams will designate persons from their group to prepare meals.

Where we serve:

Teams at Camp Gulfside can do much good in the communities of Pearlington, Waveland, Bay St. Louis, and all over Hancock County.

5/1/08 From the website: The Waveland Volunteer Center has changed its name to Dreamfuel to reflect the growth and changes we are making to transist into a Youth program. But don't worry! Our housing facility will still be called Camp Salvage.

The DreamFuel Center is a non–profit program that works to empower as well as enhance the lives of nationally and locally–based youth in Hancock County through volunteer service and community enrichment programs. DreamFuel works to leverage national high school and college age volunteers toward the continued disaster recovery effort in Waveland and the Hancock County area. Through its creative partnerships, the Dreamfuel Center provides an opportunity to teach young people the value of civic engagement ––– lessons that make them into responsible, community–minded adults.

Dreamfuel is coordinating recovery efforts from Hurricane Katrina and needs volunteers from all over the country, skilled or unskilled, from all walks of life!

Your church, your friends, your local community service group, your college or high school––these places are full of people who can help us! Assemble a group and come stay with us. Contact Erin Taylor (ET) at the Dreamfuel Center to schedule yourself, your family, or your group to volunteer.

We provide: housing, meals, training and work for $20/person/day. Volunteers are needed for anywhere from one day to one month. Please email ET or call us at 228–467–5122 to get involved!

Check out our website for more info on our housing facility, Camp Salvage!

4/29/08: Camp Salvage plans to continue housing volunteers and open a Teen Cafe this summer. We are currently fund–raising for the Bunks & Punks effort to keep Salvage operating and open a Teen Cafe! PLEDGE TO BUNKS & PUNKS! A pledge to Bunks & Punks of $25 or more earns a fancy "Bunks & Punks––Camp Salvage Hero" t–shirt! PLEDGING will begin in May. Stay tuned!

4/15/08: Camp Salvage is fund–raising $50,000 to start a Youth Activity Center! Help us out! Contact Erin Taylor––waveland.volunteers@gmail.com

4/14/08: Camp Salvage, which until recently functioned as the City of Waveland's volunteer housing, will remain open as an independent program. Financial resources, grant–writers, and folks with experience in the non–profit world will be needed for this endeavor! Keep checking back for updates.

The Families First Resource Center

The Families First Resource Center was established to provide families, schools, and communities with education, emotional support, and resources to promote healthy family functioning while attempting to prevent child abuse and neglect. All of the programs are offered at no charge, and are designed to offer help and guidance while strengthening the family. We realize that parenting is a very difficult, but also most rewarding task in an individual's life. Thus, the Center is available to assist parents along their journey of rearing happy and healthy children. Services offered free of charge through the Families First Resource Center include:

*
Case Management Services are provided to families requiring assistance with parenting skills, child development, health/ nutrition, household management, and community resources (housing, transportation, etc.) in order to improve family functioning. These services are provided at home to allow the Parent Aide to work closely with the whole family and to guide and assist parents with actual day–to–day situations.

*
Numerous educational classes and training are offered in each county to the public throughout the year. Those classes consist of Anger Management, Parenting, Transparenting, Life Skills, and Foster Adoptive Training. A certificate of completion is provided upon completion of the course. Certain fees apply to court/attorney ordered referrals. Please call for more information.
*
The Family Resource Library is available to all families, schools, and community agencies, and provides books, videotapes, equipment, and brochures that offer education and information on many family and child issues as well as local resources. The library also has books, equipment, and toys for disabled children which are available to the community at the Toy Library Center located on the University of Southern Mississippi Gulf Coast Campus.
*
Tutoring and mentoring programs addressing academic and behavioral difficulties are available to all students enrolled in the Harrison County School District and are offered after school from October through May. Parents are also welcomed to attend monthly meetings offered by the Harrison County School District through the Practical Partnerships Program to gain more parenting information.
*
Referral and information services are offered to families, schools, and the community through the Harrison County FFRC Resource Directory, which is regularly updated to include all community resources and agencies. The Center also has staff and trained volunteers available to provide information and to link individuals and families with community resources.
*
The Interagency Council is a group of community agency representatives who meet quarterly to network and exchange information and expertise regarding local and state–wide topics relating to healthy family functioning. During these meetings, the representatives learn new and better ways to help the community and its families.

If you would like further information about these programs, please call (228)868–9586.

Services Offered in Harrison County:

* Case Management
* Court Accompaniment
* Court School
* Fatherhood Iniative
* Family Resource Library

For emergencies only:

Residents over 60 yrs old can pick up food every month
Residents under 60 yrs old can pick up food every 3 months

The Hancock County Food Pantry, Inc. was founded in 1986 by community churches to provide food to families in times of crisis. The Food Pantry was incorporated and registerd with the Mississippi Secretary of State in that same year. The Food Pantry has kept its doors open every working day since its inception until August 29, 2005 to provide free food and personal hygiene products for the citizens of Hancock County, MS who needed our help. The Pantry is staffed entirely by volunteers and spends in excess of 85% of all donated funds to purchase food and personal hygiene products.

Food pantry now Shepherd's Pantry

By Joy Swearingen, Managing Editor
Wednesday, April 18, 2007 5:15 PM CDT

Families needing an emergency supply of food can still get help – just at a new location.

The Hancock County Food Pantry, which has been housed for many years, at the Hancock County Health Department, moved this weekend to the fellowship hall of the Trinity Lutheran Church.

With a new name, the Shepherd's Pantry, and under the supervision of a new group, the Carthage Ministerial Alliance, the service to families will remain the same. A two to three day emergency supply of food is available to anyone in the county who is in need.

Beth Rupe, pastor of the Carthage Disciples of Christ (Christian) Church, is the pastoral advisor of the project. Marcia McGaughey, a member of Trinity Lutheran Church, is coordinator.

“This is all volunteer work,” McGaughey said Saturday, as members from many different churches moved food from the health department into a truck, removed the shelving, and reassembled the stocks of food in a Sunday school room at Trinity Lutheran Church.

“This is a very needed service in our county. The Ministerial Alliance feels it is a good mission project for the churches to help continue,” McGaughey said.

The Shepherd's Pantry will be open on Tuesdays from 1 to 3 p.m. and Thursdays from 9 to 11 a.m., beginning on Tuesday, May 1.

McGaughey plans a volunteer training session Thursday, April 19, at 6:30 p.m. at the Lutheran Parish Hall.

She will schedule volunteers, do state paper work, order food and work with organizations who want to donate food or money to the pantry.

The project is guided by a board with one member from each church: John Schwartz from Trinity Lutheran, Louise Smith of Christian Church, Lucille Kimmell from the Baptist Church, Donna Walker from the Methodist Church, Barb Sassman from the Presbyterian Church, Sherry Huston from Immaculate Conception Catholic Church, and Dave Aanenson, from Ferris Christian Church.

The pantry has benefited from hunters' donations of deer meet, and stored at Weber Meats at no cost to the pantry. It continues to be registered with the River Bend Food Pantry.

“We can order specific items that we need, and they share what they have in abundance,” McGaughey said.

“Even though this is sponsored by the Carthage Ministerial Alliance and is located in Carthage, this remains a county wide service,” McGaughey stressed. She said members of the Trinity Lutheran Church had voted to support the project by housing it in their building.

Several new programs at the Hancock County Health Department caused their need to seek a new location for the food pantry service.

“We have added some programs, particularly the dental clinics, that took up three rooms,” said Teresa Beeler, administrator of the health department.

“In the past we had looked at finding a new site for the food pantry. The board said we would wait until we really needed the space. Well, now we do. When we have clinics running at the same time, we are packed. Had we not found someone so willing, we would have kept it going somehow,” she said.

The food took a 12 by 15 room, overflowed into one–third of their meeting room, part of the audio–visual closet, and filled most of the staff freezer.

With the space, they hope to expand or open the waiting room, add an exam room and create space for educational programs.

“It may be a multi–purpose kind of space that will fit all three purposes as needed.” she said.

Beeler said that about 60 families a month use the food pantry.

“It is heavily used by families from all over the county, different ones each time. We had meetings to go over how we've run it to keep it very similar. We are very appreciative to the Ministerial Alliance for sponsoring this for the whole county.”

Phone (228) 342–3218

Hours As needed
Service Temporary

Delivery of donations must be coordinated so please call & let me know your on the way!!

Suzzie Pollard is a friend to all animals in Hancock County, MS. She offers up her home as a safe and loving haven of hope and care to the overflow for the local Humane Society, as well as taking in special needs stray animals. Many of the animals she fosters have been with her since the early post Katrina days.

Let us not forget that humans have the wherewithall, the means and the ability to pick themselves up, pull their boot straps on, and carry on in their recovery from a disaster such as what hit our Gulf Region when Katrina landed 8/29/05. However, animals are dependent on their human counterparts to help them stay alive and are dependent on us to be fed, loved and cared for. They deserve the same respect and help as any living, breathing human soul.

Suzzie can't do this alone. She goes out daily and feeds the stray ferrel in the Hancock County area. So far she's relied on the kindness of distribution centers and some generous donors, but she has no ongoing support for her efforts. She goes above and beyond and digs into her own pockets to assist these helpless four–legged friends. This is a crisis that doesn't get any better as time goes on.

Most, if not all of the animal advocacy and rescue groups have vacated their presence in Hancock County. You no longer see animals being transported to other parts of the country for rehabilitation, reunions with their families, or adoptions. Suzzie spends some time online seeking out adoption matches, but with the long term recovery efforts people just aren't clamouring to take on one more responsibility with so much already on their plates.

There are two types of animals Suzzie classifies:

The "storm crazed" are those that were former pets, left behind (or lost) by owners/residents that could no longer care for them (or find them). There is hope for these creatures even though they've had to resort to their wilder instincts for survival. Once an animal has been domesticated, with the right loving and rehabilitating environment, they can be re–introduced to living the life as a member of a new family for adoption.

The 'ferrel group' were either already strays to begin with, or are the offspring of ferrels and pre–domesticated animals living on the loose. Many of the dogs travel in packs. They eat whatever they can find in trash/debri heaps, out of trash bins and it's a dangerous thing for them considering all the toxins in this environment. They've not had the benefit of a regular diet, vaccinations or the touch of a human hand in an entire year (or ever in the ferrel case). Many live in or under abandoned houses that were destroyed by Katrina. Sometimes it's taken Suzzie months to coax an animal out from under a house, and then another 4 months to get them to accept the touch and love of a human. Some of the ferrel cats are being adopted by local farmers (and residents as well) to take care of the over population of rats that have begun to plague this area since the storm.

Before any animal is matched for adoption, they receive a health exam, vaccinations, spaying/neutering. If they are ferrel their ears are clipped and they are released. If there is hope for adoption Suzzie works her rehab magic with these animals so that another family can be blessed to add them to their circle.

Suzzie lives, sleeps, eats and breathes her rescue efforts. She needs our help so she can continue to provide food and care for these animals. Please, let us again not forget our responsibility to all of God's creatures. You can make a major difference by providing financial support or sending the much needed supplies she's listed here on the database.

Thanks and blessings!

Shoreline Park Baptist Church

Volunteer Camp · Open

Faith–Based Disaster Recovery

10121 Kiln Cut–Off Road Waveland, MS 39520, Waveland, MS 39520

Phone	228 467 9461
Contact	Shoreline Park Baptist Church
Web	www.shorelineparkbaptistchurch.com/index.html
Serves	Hancock County
Eligibility	Member of the Church, or referred by local Case Manager or Larger Relief Group
Waiting list	8 weeks, See notes, MUST be referred by case manager
Checks payable to	Shoreline Park Baptist Church
Service	Permanent

Shoreline has built 5 homes and is building 3 more. They are funded for 3 more, but are holding off on making any more commitments to any additional clients for a couple of months..

There is a 2 months waiting list.

The church focuses on serving its congregration, but is open to helping others if they are referred by a case manager or a larger relief group.

Survivors that have received grant monies are required to pay for tradespeople and/or building materials as needed. Most work is free, via volunteer labor.

12/07:

Case Managers are welcome to contact Pastor Edward Murphy
cell phone 1–228–216–9461.
shorelineparkbap@bellsouth.net

Website Post 2/07:

Volunteers
Still Urgently Needed! We have a number of people who now have the finances and wherewithall to begin to rebuild their house if we can get some men to come and commit to helping frame and build. The money they have will cover materials but not the labor. We have some expertise but could use more.

We do have a general need for all construction materials like insulation, sheetrock, wire (very costly now) , electrical devices (receptacles, switches,
covers, etc.). We try to require the homeowner to supply these where applicable but even that is sketchy at best. Bottom line is come with a good spirit and along with helping many people you will have a joyous time with us.

Volunteer Housing: Most people give about $8/day, includes meals and showers. AND Entertainment! Tours of New Orleans, for example.

Volunteer inquiries: Pastor Edward Murphy cell phone 1–228–216–9461.
Email: shorelineparkbap@bellsouth.net

Hours Anytime, Any day
Service Temporary

We are fast approaching 21/2 years since Katrina hit the Gulf Coast , and while much progress has been made, there is still a lot to be done. There are thousands still in FEMA trailers. While the numbers look like a great reduction since the last posted numbers, they do not take into account the families who have now moved in to MEMA cottages. A nice step up, for some from a FEMA trailer, but we have to realize that the MEMA cottages too, are temporary. Eighteen months from the time they are set on a property, they must be returned. This means that those families who have received them have 18 months, or less, depending on when they received the cottage, to rebuild their homes.

St. Clare Recovery is once again asking for your help. Here are the major obstacles that we are facing……

1. Skilled Volunteers – Throughout the winter months, we have been blessed with many who have returned time and again, and we are truly grateful….but we are fast approaching Spring, which means that those who have construction skills will be returning to their own work up North. This is when we need to appeal to the many of you who are retired from construction type work or those handy men and women who have some experience in home remodeling projects. Please, prayerfully consider your time, treasure and talents. If you have been to Waveland/Bay St. Louis, please come back–we are not yet finished! If you have not, please consider a working vacation…it might just be the most rewarding one you have ever experienced!

2. Building Materials – Even though many have finally received insurance or grant monies to help rebuild, quite often the dollars just do not stretch far enough. Not only can the residents not afford to hire the work done (which is where you, as Volunteers, make the difference), but often there is not enough money to purchase materials to finish the home. And, of course, those who did not receive insurance or grant money, for whatever reason, need plenty of help. While there have been some small grants from sources such as Salvation Army and Red Cross, these grants are becoming harder and harder to get. Bogged down in paperwork, it is a lengthy process and again, many do not qualify. Meanwhile a house sits half finished….the hope that was restored when Volunteers arrived to start work on a home is quickly dashed while the family sits in the FEMA trailer or MEMA cottage looking at a half finished dream.

HERE'S HOW YOU CAN HELP

A. Gift Cards – Purchasing gift cards for Lowe's, Home Depot or even Wal–Mart.

Send these cards to:

St. Clare Recovery
518 Jeff Davis
Waveland, MS 39576

St. Clare Recovery will use these cards on an “as needed” basis to purchase building materials for the homes that the Volunteers are working on. Lowe’s has the best selection of building materials, so that would be the preference, but Home Depot does carry a selection of plumbing and electrical supplies. Wal–Mart cards are used to purchase small items for the home when move –in time comes, such as towels, bedding, etc.

B. Cash Donations – Donations can be made online through this web site using the “donations” button, which will take you to Pay Pal. This is a secure site and the money is automatically transferred in to the St. Clare Recovery account.

Or you may mail your donation to:

St. Clare Recovery
518 Jeff Davis
Waveland, MS 39576

C. Materials – Many of you work at businesses who would be glad to donate building materials – perhaps a load of Sheet Rock, or a box of plumbing or electrical materials, plywood, roofing materials, 2x4s, caulk, sheet rock screws, nails, insulation, paint…the list goes on and on, but there may be something, large or small amounts, that your company would be happy to donate. St. Clare Recovery is a 501(c) 3, not–for–profit organization, which makes the donation a tax deduction for the donor. If you think that your company might be able to help us, please give call so that arrangements can be made to receive the materials. We do have access to storage for both large and small amounts.

Call or E–mail:

Jane Crady 317–642–7322 jacc1@tds.net (that is a #1 in the address)

FACILITIES:

Currently The Catholic Volunteer Center consists of an office for administrative work to organize work efforts, three sleeping tents that are carpeted and air conditioned with 30 beds, 4 additional tents that can be used with sleeping bags, and a large restroom with showers, washers, and dryers. The Catholic Volunteer Center is OCEANSIDE so the views are both devastating as well as beautiful. ANYONE 18 years old or older is invited to stay for a minimal fee of $7 per night. Meals are NOT included so it is suggested to bring breakfast and lunch foods and enjoy dinners out, as many of the local restaurants are beginning to reappear and dining is a memorable experience!

How to Plan a Trip to St. Clare:

Interested in traveling to St. Clare for a service vacation?
There are two ways to plan a trip:

CHOOSE A TRIP FROM THE CALENDAR:

1. View the calendar to check dates for trips currently being planned. Remember that all these trips are FLEXIBLE–you can stay for the week or just make it a weekend trip! See the calendar on the website www.stclarerecovery.com
2. Register for the trip that works best with your schedule. Registrations can be completed online at www.stclarerecovery.com OR by contacting Mary Parks by voice mail: 812–379–9353 x336 or email: mparks_stb@yahoo.com .

– OR–

PICK DATES THAT WORK FOR YOU:

1. Decide on dates that work best for YOU or YOUR group. These dates DO NOT have to match any planned trips. ANY AND ALL DATES WILL WORK!
2. Register for your trip online at www.stclarerecovery.com OR contact Mary Parks by voice mail: 812–379–9353 x336 or email: mparks_stb@yahoo.com

THAT?S ALL YOU NEED TO DO!

Once you are registered for a trip to Waveland, MS , the wheels will be in motion. Jane Crady, the on–site coordinator, will reserve a bed for you at The Catholic Volunteer Center on the St. Clare campus. And Jane will arrange for work assignments that are appropriate for your skills and for your group so that your time in Waveland will be productive and meaningful.

Thank you for answering the Call to Care!

Word of Faith Christian Fellowship

Walk–in Resource · Open

Church
103 Old Spanish Trail, Waveland, MS 39576
Phone (228) 467–4488
Web www.word–of–faith.net

(From website):

On August 29, 2005, Hurricane Katrina tore through our beautiful Mississippi Gulf Coast, leaving death and massive destruction in its wake. Our church, like a majority of structures in the area, was devastated in the storm. The building was flooded and much was destroyed.

God is still good, however! Volunteer groups from around the country have broken through denominational barriers and all pitched in to help rebuild our church facility and many of our members' homes. Our church is now well on the way to full restoration, thanks to the help of God's people of many denominations. See our "Photos" section for pictures of both the damage and the rebuilding process!

Services offered: Events, Community Meetings; First Responder, Gulf Region; Meals, Breakfast; Meals, Dinner; Meals, Lunches (Hot); Services, Tech, Internet Access; Water, Bottles, (In Plastic, Gallons)

Checks payable to	Salvation Army

From the website:

The Bucks–Mont Katrina Project is a partnership with purpose. Co–founders Bob Byers, Bill Eastburn and Mike Scobey formed this unique coalition in September 2005. Partnering with the Bucks–Mont community, The Salvation Army and the MS Gulf Coast citizens allows the team to optimize its impact. Working together, we've completed multiple and meaningful projects to help our Southern neighbors.

The Salvation Army serves as a key partner in the Bucks Mont Katrina Relief Project, providing guidance and non–profit status for donations, without any administrative fee. Your charitable donations to Katrina Relief are 100 percent deductible.

You may send a check payable to

Please review our web site at www.disastercorps.org to review our volunteer camp and work being done in the recovery process.

Building homes from ground up.

Disaster Corps fundamental concept was born after our directors were victims were the horrific flooding from Hurricane Floyd in 1999. While we were in the nation's spotlight a few times we struggled for the daily needs to sustain life. Never once during this ordeal did we meet anyone assisting that had been a survivor of a disaster, someone who knew how it was to deal with all the difficult decisions made daily by victims. We know how it is to struggle daily for food, water, ice, clothing, shelter. We know there are times you need nothing more than a friendly shoulder to cry on. We know that it is difficult to go through the mounds of paperwork and understand what rebuilding your life entails. We know the countless hours you spend on the telephone trying to find assistance, we know, we have been there, we want to be there for you.

We will be there at the time the disaster strikes and will stay with you while you rebuild. Our mission to be there, day in and day out, and pay forward the kindness of many strangers that help us during our bleakest hours.

Stephanie Spencer
Chairman, Disaster Corps

Disaster Corps in a Nonprofit with 501 (c) (3) charitable organization status with the Internal Revenue Service. Details on website.

HUD Programs General Info 1–800–955–2232
HUD Disaster Housing Assistance 1–866–373–9509

END UPDATE

How are temporary travel trailers being provided?

The temporary travel trailers are being provided by FEMA on a priority basis, and each applicant is assessed. The first priority is providing trailers to those who have no shelter or are living in a group shelter. Other requests are evaluated on needs such as family or health issues and when the application was received.

Do I need to pay for a power pole to support my travel trailer?

No, the power pole is provided and you do not need to purchase or provide one yourself. You should, however, contact your power company.

How do I contact FEMA to apply for temporary housing or register for disaster assistance?

Call to register for FEMA Disaster Assistance at (800) 621–FEMA (3362), TTY at (800) 462–7585, or visit www.fema.gov. Housing applications are also available in the FEMA tent at K–mart. Bring this information to register: social security number, address with zip code, insurance information, directions to your damaged home and daytime telephone contact number.

If I accept emergency housing in an emergency group site, will I lose my place in line to have emergency housing placed on my property?

No, you will keep your place in line. DO NOT MOVE the mobile home. It's federal property.

How do I sign up for the Army Corps of Engineers BLUE ROOF PROGRAM?

Sign up by calling (888) ROOF–BLU (7663–258) or visit the Train Depot in Bay St. Louis or Card Room at the Diamondhead Community Center.

Where do I call for FEMA trailer maintenance problems?

Call toll free at 1–866–877–6075 for Local calls 601–352–8342 or collect at 240–379–3600.

Here is the direct link to the application:

http://www.fema.gov/register.shtm

This is the FAQ's for the fema trailers:

http://www.fema.gov/rrr/dafaq.shtm
<http://www.fema.gov/register.shtm>

People can also call in to register:

"FEMA offers two ways to apply for disaster assistance. The newest is to apply on–line through the Individual Assistance Center – Register for Assistance available on the FEMA.gov web–site. The traditional way is to call FEMA, 1–800–621–FEMA (3362) and register over the phone or TTY 1–800–462–7585 for the speech and hearing impaired. "

Report from Leslie Holly.... this facility was destroyed from GUSTAV..
Still needing confirmation!!

From the Hancock County Volunteers Yahoo Group, 8/26/07

Hi Folks,

WQRZ is featured on Bill Moyers Across America program on PBS stations nationwide all week.
WYES – Channel 12 on Sunday at 3 pm CDT tommorrow.

WQRZ is out of funds in 30 days with no place to go after november 07.
HAncock County Amateur Radio Association, Inc which owns WQRZ has been denied our Public Assistance Grant to rebuild from FEMA.
WQRZ is going to apply for a new station (25,000 Watts) to serve Hancock and surrounding areas.. We ARE YOUR PUBLIC RADIO STATION !!!
PLeease write letters to us for support of our application for upgrade.
WQRZ PO BOX 1145 Kiln Ms, 39556–1145..
or call us 228–463–1035 or WQRZ.ORG
No studio, No future. No place for even myself to live. after 2 years of dedicated service.
PLEASE SUPPORT OUR CAUSE.. Send this to everyone you know..
It's all about nationwide attention for all of our plights throughout Katrina ground zero.

WQRZ will always support everyone as long as it can continue to serve the community in the Public Interest!!

God Bless Ya'll

Brice L. Phillips
President – HCARA, INC – WQRZ 103.5FM
Serving our community through the "ART" of Radio since 1994.
