Maison de Lumiere (The Lighthouse) is a home for homeless and orphaned children in Port au Prince, Haiti. The children receive a loving environment, a safe shelter, food, clothing, education and the Gospel message of Jesus Christ

Maison de Lumiere is special. It is a home, a family, a place of growth, preparation, worship and hope. Because of the love of Christ that daily pours through the Manasseros, other missionaries and staff, children are healed and transformed. Children, rescued from darkness, death and despair, are redeemed, restored and renewed!

NEWS –

22 November 2010 SOLIDARITES INTERNATIONAL: fighting the cholera epidemic in Port au Prince

SOLIDARITES lNTERNATIONAL, a humanitarian aid organisation specialising in access to drinking water and sanitation, is stepping up its emergency response to the cholera epidemic in Haiti, in coordination with other humanitarian organisations.

According to the latest official figures, the cholera epidemic in Haiti has claimed the lives of 1250 people, and over 20,000 people have been hospitalised in the Artibonite, Centre, West, North West and North provinces. In the meantime, cases in Port au Prince have increased sixfold in one week, with 46 deaths to date. The Haitian Ministry of Public Health and Population (MPHP) estimates that there are 600 to 800 new cases every day.

In close coordination with its partners and with other humanitarian organisations, SOLIDARITES INTERNATIONAL is stepping up its emergency activities in Port au Prince:

Emergency awareness about basic hygiene in displaced persons' camps using megaphones, posters and flyers. Training of hygiene promoters.
Targeted emergency distributions of soap and Aquatabs (water purification tablets) in high–risk areas.
Cleaning sanitary facilities and spraying chlorine solutions at all the sites where SOLIDARITES INTERNATIONAL is present.
Cleaning drinking water tanks.
Chlorinating 22 wells and water points, training of chlorinators.
Construction of latrine blocks and supplying drinking water, to support the medical NGO ALIMA which is setting up ORPs (Oral Rehydration Points) and CTUs (Cholera Treatment Units) at the sites where SOLIDARITES INTERNATIONAL is present.
Preparation for round–the–clock monitoring.
Construction of latrine blocks, to support the medical NGO Merlin which is setting up CTUs.
Organisation of waste cleaning days at intervention sites.

SOLIDARITES INTERNATIONAL was present in Haiti from 2005 to 2007 following hurricane Jeanne, and is currently providing assistance to 124,000 people in Port au Prince, Petit Goave and Grand Goave, with a team of 22 volunteers and 150 Haitian staff, in the wake of the January 2010 earthquake.

___
26 October 2010 SOLIDARITES INTERNATIONAL: our teams are on the front line against cholera in Port au Prince

10 June 2010 Haiti 5 months on: after the earthquake, the rains… the cyclones to come… the emergency continues

17 February 2010 Haiti: President Sarkozy, the emergency continues, and we must increase our aid for over one million Haitians who have lost everything

4 February 2010 SOLIDARITES INTERNATIONAL: the quake victims that we are helping in Haiti need the generous support of the French general public

15 January 2010 Haiti: our solidarity must measure up to their suffering

http://chances4children.org/

Chances for Children provides the financial and strategic support for an adoption center named Crèche Enfant de l'Jèsus located in the small village of Ti Mache, east of Port au Prince, Haiti.

Adoption Update
http://www.chances4children.org/index.php/c4c/read/earthquake_relief_efforts_update_131/
1/31/10
The situation in Haiti remains unchanged, and in fact, may be a little worse then when we last communicated. It appears that organizations like UNICEF, Save the Children and World Vision are pressuring the Haitian and U.S. governments to halt adoptions. At the same time, orphanages are being asked to take in 100's of children. Crèche Enfant Jesus has been asked to admit anywhere from 100 - 300 children!!!

Get Involved
There are many ways you can become involved with Chances for Children. Here are just some ideas

Donate Supplies – currently are biggest needs are in the areas of medicines, food, and cleaning supplies. These items are available in Haiti but at very high prices. If you have access to bulk quantities of any of these items we would ask you to send them to our inventory warehouse and we would then be able to arrange for transportation (via cargo ship) to get these items to our children and staff in Haiti.

Donate your time – do you have an area of expertise that can help us (legal, design, agricultural, contractors, teachers, nurses, doctors, cargo shipping, warehouse space, bookeeping) we have needs in all of these areas. Please contact us if you want to help join us as we attempt to provide a chance for the children of Haiti.

We Are Ready to Receive Donations!
THANK YOU, THANK YOU SO MUCH FOR WAITING!!! We are ready to receive in–kind donations for a container scheduled to leave in late February or early March.

Step One: Send an inventory list of your supplies to info@chances4children.org

Step Two: If you would like an in–kind receipt then you should also provide a value to your donation.

Step Three: Once this is completed, we will email you the shipping information as well as an email receipt for your in–kind donation.

If you are collecting supplies to send to the container, please, please consider the following items (remember weight is a consideration, so dry goods go further):

MOST NEEDED
Formula – Kirkland (Costco) or Enfamil Brands

FOOD SUPPLIES NEEDED
Rice
