CERT – Hillsboro CERT

Info/Hotline · Open

Community Emergency Response Team
Hillsboro, OR

Phone Mitch at 503–681–5266
Web www.hillsborocert.org
Service Temporary

CERT is taught by Hillsboro firefighters. The training is free to anyone who lives or works in the City of Hillsboro.

Get CERTified!
Register for CERT by contacting Mitch at 681–5266. Classes are held at the Ronler Acres Fire Station on NW 229th and Evergreen Pkwy. Children 14 years of age and older are welcome when accompanied by an adult.

Disaster Communications
CERT members are also encouraged to get their amateur radio license to assist in disaster communications. Good news – amateur radio is not just for nerds anymore! There is no Morse Code requirement for an entry–level "ham" license – just a multiple–choice test on basic electronics, FCC rules, and radio operations.

Services offered: Demographic Served: Survivors, Natural Disaster Impacted Communities; Services, Disaster Preparedness; Services, Disaster Response; Training * (ANY/ALL Types of Instruction) ; Training Classes, Disaster Ops, C.E.R.T. Certification/ Training; Training Classes, Disaster Preparedness
Campaigns: CERT (Community Emergency Response Team)

How do we help?
We distributed more than 4–million pounds of food during the past year to more than 106 nonprofit agencies in Washington County, including:

* emergency food box programs
* soup kitchens
* senior centers
* group homes
* adult day–care programs
* gleaning
* Community Basket
* migrant outreach program
* food basket program

This fiscal year, 35 emergency food box agencies served an average of 12,259 households each month with a five–to–seven–day supply of emergency food.

Our member agencies served emergency meals to low–income residents at

* senior centers
* adult group homes
* youth group homes and
* soup kitchens

More people working minimum wage jobs are having difficulty making ends meet.

Web www.ofosa.org
Service Temporary

Fostering is the Joy of Unselfish Love...

OFOSA began by helping shelters with donations and veterinary care; then shelters made it clear that they needed OFOSA to rescue adoptable dogs and cats so that the staff wouldn't have to euthanize them. With no building in which to house the animals, OFOSA volunteers opened their homes to these wayward dogs and cats and the Foster Care Network was born.

You have a chance to join the effort!

By opening your heart and home to a shelter animal, you prevent needless euthanasia due to a lack of space in shelters. There is no special training needed. You simply need a desire to care for the dog or cat, the willingness to meet the animal's needs, the ability to provide a safe, healthy, clean, and nurturing environment and a landlord that will allow you to foster!

The overall mission of the OFOSA Foster Care Network is to give animals individualized care and socialization to ensure their adopt–ability and give them additional time to locate their "forever home."

OFOSA partners with JOIN to provide care:

JOIN (www.joinpdx.com) was founded in 1992 in order to bridge the gap between homeless and housed members of the community. As the homeless people that we worked with shared their wisdom with us, they sparked an evolution in JOIN's program emphasis to outreach services to homeless individuals who remain outside the traditional social service system. Our service provision is grounded in an innovative blend of harm reduction and mutual relationships that emphasize strengths rather than deficits. Our operational priority is to rapidly re–house individuals and families and stabilize them in their new homes.

OFOSA is proud to be partnering with JOIN to provide vaccinations, exams, urgent care, and spay services.

Mobile Spay/Neuter Clinic

OFOSA partners with JOIN to provide care:

JOIN (www.joinpdx.com) was founded in 1992 in order to bridge the gap between homeless and housed members of the community. As the homeless people that we worked with shared their wisdom with us, they sparked an evolution in JOIN's program emphasis to outreach services to homeless individuals who remain outside the traditional social service system. Our service provision is grounded in an innovative blend of harm reduction and mutual relationships that emphasize strengths rather than deficits. Our operational priority is to rapidly re–house individuals and families and stabilize them in their new homes.

OFOSA is proud to be partnering with JOIN to provide vaccinations, exams, urgent care, and spay services.

Mobile Spay/Neuter Clinic

Animal overpopulation is an epidemic nationwide, especially in predominately rural states like Oregon. OFOSA has been working to make a difference in pet overpopulation by providing sterilizations for shelter animals we rescue, other shelter, small rescue groups, and JOIN.

Community Need

Low–cost spay and neuter services are imperative in the state of Oregon. Coupon and voucher programs for reduced cost spay and neuter services only address a portion of the need, and are insufficient for people living outside the urban geographic areas – especially those in low–income and rural areas, which make up the bulk of the state. There are currently only five (5) veterinarian clinics accepting the low cost spay and neuter vouchers within the greater Portland metro area. Additional help is needed to prevent shelter animals and others yet to be born from being needlessly destroyed.

Shelter managers throughout Oregon and OFOSA believe widespread, comprehensive spay/neuter is the best way to make the biggest difference for our companion animals. The majority of animal shelters would prefer to spay/neuter their adoptable pets prior to leaving the shelter, but cannot do so due to budget, time, staff, or facility restrictions. Many of the animals that are placed in homes without receiving spay or neuter services end up producing one, two, or more litters, perpetuating the surplus of animals that clog our shelters and end up euthanized due to overcrowding.

We have increased our capacity to spay/neuter dogs and cats in Oregon by owning and operating a mobile spay and neuter operation. We are currently altering 50 animals per week. We are increasing our services to 2 days a week so we will double our numbers.

Providing spay and neuter services from a specially equipped mobile unit, OFOSA volunteers, veterinarians, and vet technicians can drive up to the shelters and offer affordable services at a cost of $30 each. Several county shelters in the northwest section of Oregon have committed to partnering with OFOSA to see that this important procedure is completed as the animals are adopted.

How You Can Help

Donations are still needed to help with the cost of surgical equipment, supplies, and fuel. A donation from you of $20 will purchase sutures for 12 surgeries, a $75 donation will purchase vaccines, $300 will purchase a cautery unit and a $2,000 donation will purchase a surgical table. Please help OFOSA help YOUR community animal shelter. Donate today!

Microchipping

OFOSA hosts scheduled, low cost microchipping clinics through the guidance of a certified veterinarian. For only $35 includes registration, you can prevent your pet from becoming a tragic statistic. Watch the OFOSA and PETCO calendar for dates.

Senior Smiles

During these past years, we have come to the following two conclusions. First, there are a large number of animals destroyed due to a lack of adoptable families. Second, there are senior citizens who could benefit from pet ownership, but do not have the means to this end. While the primary benefits to animals are obvious – to place them in loving homes and keep them from being destroyed – the benefits to elderly persons are ten–fold.

In 1980, a clinical research project at Brooklyn College, New York, studied heart–disease patients after their discharge from the hospital. Co–researcher Dr. Aaron Katcher, M.D. reported, “The presence of a pet was the strongest social predictor of survival… not just for lonely or depressed people, but everyone – independent of marital status and access to social support from human beings.”

The author of a book, How Community–Based Elderly People Perceive Pet Ownership (New J., Wilson C., Netting F., 1986.) concluded, “Pets are an integral component of the social support network for many individuals and therefore probably contribute to public health and well–being.”

Our goal is to rectify these two conditions through our Senior Smiles program. This program promotes improved quality of living through pet ownership and assistance. In 2005, OFOSA received a $1000 grant from our friends at Wells Fargo to help launch our program.

The placement process and continuing assistance will include not only the pet, but animal selection counseling, food, supplies, vet care, grooming, and training. Lastly, the commitment will be regular visits to assure the happiness and health of both the senior and animal.

Please call 503–747–7818 or e–mail us at info @ ofosa.org, if you know someone that can benefit from this program.

Our Mobile Dental vans have transitioned to providing urgent dental care – an essential service during the COVID–19 outbreak.

Our goal is to help relieve an overburdened healthcare system with these emergency dental services. Read the latest updates about our COVID–19 response.

Clinics in Oregon
All Oregon clinics will accept urgent dental procedures for patients who do not have private dental insurance, those who are low income and vulnerable populations, but we will not turn away a patient with emergency needs who have no alternative options for care. Urgent dental procedures include extractions and fillings for patients who have pain, bleeding and/or swelling.

FROM RELIEF WEB – 2010 Pakistan Flood Response:

Medical Teams International Responds To Crisis In Pakistan
Source: Medical Teams International
Date: 04 Aug 2010

Medical Teams International is responding to the recent disastrous flooding in Pakistan. They have shipped three containers of medical supplies to partners on the ground in the flood–affected area of the country. The medicines and supplies are enough to help hundreds of thousands of people and are valued at nearly $2 million.

The essential medicines and supplies have arrived in the Northwest region of Pakistan where heavy rain has caused rivers to overflow their banks. More than 1,500 people are known to have died in the floods. The supplies have been received by in–country partners, Hope International and Poverty Eradication Initiative, and are being used to respond to the urgent health needs of those affected by the flooding.

Medical Teams International will air–lift more supplies to their partner in Pakistan early next week. This unit is approximately one metric ton and will serve 10,000 people for 3 months. Valued at $421,000, it will provide urgently needed medicines and supplies to the partner's hospitals and clinics in Pakistan.

In addition, Medical Teams International will determine if teams of emergency medical professionals can be deployed to address emergency health care needs at a partner hospital. Medical Teams International is accepting donations for their response to the Pakistan floods. Please visit www.medicalteams.org for more information.

Disaster
We respond to some of the most devastating and difficult disasters around the world. Within 48 hours, we send volunteer medical professionals (MDs, RNs, NPs, PAs and Paramedics) to natural and manmade disasters to care for the sick and injured.

Development
Our volunteer teams and staff work to establish long–term solutions for international communities plagued by chronic poverty, lack of medical care and minimal educational opportunities.

Distribution
We partner with organizations in more than 70 countries to distribute medical supplies to people in need, passing the $1 billion mark in supplies shipped in January 2007. In the USA, we annually distribute more than $1.7 million in hygiene products and over–the–counter medications to social service
agencies.

Mobile Dental
Our Mobile Dental program serves more than 15,000 people annually, partnering with more than 200 organizations, including schools, social service agencies and churches. Professional dental volunteers treat the homeless and
uninsured in 39 Pacific Northwest counties each year.

Our work in North America

While the work of Northwest Medical Teams focuses primarily on developing countries, we continue to respond to large–scale disasters in our own country.

2005–2006: Gulf Coast hurricane response & recovery

Initial response: Staff & volunteers deployed as soon as possible for the New Orleans convention center, where they aided in logistics & medical care. As we established partnerships with local churches, shelters and organizations,
we sent more volunteer medical teams, as well as health supplies and financial support.

Current focus: Rebuilding homes in Mississippi & Louisiana; sending trauma counselors.

Volunteers: 220 volunteers on 35 teams. Teams include medical, demolition /construction & counseling.

Supplies & financial support:

More than $5.5 million committed for disaster relief in the Gulf Coast

Nearly $900,000 in medical supplies, hygiene products & household items to shelters, churches & schools

$28,000 to fund a mobile medical van that travels to resettlement areas & FEMA trailer communities near Baton Rouge; $10,300 of flu vaccine to stock it.

Last December, Gift of Hope teams delivered toys, cleaning supplies and hygiene products to children and their families in Louisiana and Mississippi

Mobile health van: One of our Mobile Dental vans, temporarily re–designated as a medical unit, worked with the Louisiana Department of Health and Hospitals, traveling throughout the Baton Rouge area to administer immunizations to 1500 people. It relocated to Utica , Miss., when Hurricane Rita struck & served in Lafayette, La., as a mobile pharmacy.

Current team openings: Gulf Coast

Team opportunities on the Gulf Coast are limited to demolition, debris removal and construction teams. Skilled laborers (general contractors, electricians, plumbers, carpenters, etc.) are desperately needed for reconstruction.

Cost: Volunteers pay airfare only. All accommodations, food and ground transportation is provided by Northwest Medical Teams.

Details: We prefer pre–arranged groups of 8–12 people. Each team member must submit a completed volunteer application. We plan to send approximately one team to each location every month through June 2007, each trip lasting for one week.

Students & children: Only 18 & up, please.

To apply for a team:

http://nwti.convio.net/site/PageServer?pagename=inv_vol_opp_gulf

New Orleans, Louisiana Work teams participate in the demolition and debris removal of homes affected by Hurricane Katrina in the New Orleans area. Teams are primarily comprised of church or civic groups.

Dates: All teams are currently full; please check back for availability.
Approx. cost: $250–$550
Coordinator: Catherine Hockett

Moss Point, Mississippi Construction teams renovate homes damaged by Hurricane Katrina in Moss Point, Miss., and surrounding communities. Teams are comprised of skilled laborers (general contractors, electricians, plumbers, carpenters, etc.)

Dates: Sept. 06, May–June 07
Approx. cost: $250–$550
Coordinator: Catherine Hockett

If you are interested in any of these teams, contact Catherine Hockett, Gulf Coast team coordinator [800.959.4325, x1030]. We look forward to partnering with you to serve the needs of many people!

Services offered: Cleanup, Debris Removal, Volunteer Services; Construction, Rebuilding, Volunteer Services; Counseling, Trauma Counseling Services; Dental, Mobile Dental Clinic; Distribution, Supplies, Local Distribution of Supplies; Grants * (ANY/ALL Types of Financial Grants); Grants, Disaster Rebuilding; Jobs, Paying; Medical, Services, Medical Care * (ANY/ALL Types); Medical, Services, Mobile Medical Unit/Clinic; Medical, Supplies * (ANY/ALL Types) ; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteer Opportunities, International; Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Volunteers, Teen Volunteers (This facility accomodates Teen Volunteers)
