United Church of Christ disaster response coordinators in the Northern Plains and Minnesota Conferences, Lindy Holt and Bob Broeder are meeting daily with the states' Voluntary Organizations Active in Disaster (VOAD). The VOADs in both North Dakota and Minnesota have been organizing volunteers locally to sandbag; to prepare communities where flooding will occur; and, to begin to look at immediate and long term response. Both coordinators are working with the wider community on behalf of the United Church of Christ.

The UCC church in Moorhead, MN is now being used as a shelter as people are evacuated from their homes. There have been no reports of damages to UCC church facilities at this time.

The United Church of Christ is seeking $50,000 to respond to needs in both North Dakota and Minnesota. Funds will be used in the immediate response to assist communities as they begin to clean out homes:

Did you know? –– $7.98 will purchase one each: Tyvek coverall with hood and boot, chemical splash goggle, nitrile glove, and N95 respirator. This equipment will help to protect home owners and volunteers during clean up.

Did you know? –– the average recovery time for communities impacted by major flooding is 2 to 3 years?

As long term recovery committees are able to address needs of person with no insurance or those who are underinsured, we will be seeking volunteer work groups to assist with repairing and rebuilding homes.

HOW YOU CAN HELP

1. Pray for people who live in communities affected by floods.

2. To help those affected by disasters you may, send gifts payable to your congregation marked for OGHS special fund Emergency USA: 2009 floods with the request they be sent through your Conference office on to Wider Church Ministries.

FM Humane Society asks:

"PLEASE DON'T FORGET TO PREPARE YOUR ANIMAL COMPANIONS for the flood"

As we are getting ready for a possible flood, FM Humane Society is asking pet owners not to forget to get their animals companions ready;

1. Please be prepared; make plans for your beloved animal companions

2. Find a safe place for your beloved animal companions ahead of time such as family and friends out of the area, hotels/motels that accept pets and if necessary make arrangements for their stay in a safe place away from the flooded areas ahead of time. The only local shelter in the area is the FM Humane Society and with only 9 dog kennels and 17 cat kennels, FM humane Society will not be able to board many animal companions if at all since they are already operating at full capacity

3. Make sure your pets are wearing up to date identification at all times

4. Similar to your family's emergency supply kit, your pet will also need supplies for survival. Items to include in your kit; Food; at least three day supply of food Water; at least three days of water reserved just for your pet, kept in an airtight container Medicines and medical records: Collar with ID tag, harness and leash Current photos and description of your pets Pet carrier, kitty litter, Familiar items, i.e., favorite toys, treats or bedding

5. If you can leave early, do not wait for a mandatory evacuation order. An unnecessary trip is far better than waiting too long to leave safely with your pets.
