Dr. Vital is in PaP rallying for staffing support. They lost volunteer presence at the hospital and separate CTC on 10/15/11. Currently staff is still working on a volunteer basis but this will only last so long.

–He spoke to representation of MSPP & DDSS and was advised "we still have Cholera cases but everything is under control"
–CRS & WHO are delivering needed supplies shortly and they are in touch with IOM
–The river is still high but it is under control
