ACS volunteers in Jackson, MS are taking supplies to the local shelter to assist with the 3,000 evacuees that have arrived so far. The North Alabama Federations are working with Red Cross in helping with the 5,400 evacuees. ACSDR volunteers are partnering with the City of Memphis to assist with the 3,000 evacuees coming to that city.

AIM, Adventist Information Ministry, has been activated to accept calls regarding the disaster response. They will be able to accept donations for the relief effort. Their number is 1-800-381-7171.

FROM THE WEBSITE:

What is ACS Disaster Response?

ACS Disaster Response is a voluntary service provided by Adventist Community Services to assist individuals, families and communities victimized by natural disasters and unforeseen tragedies.

Who comprises the ACS Disaster Response Network?

The ACS Disaster Response operation comprises volunteers who form local disaster response teams that are organized by state disaster response coordinators. State disaster response coordinators and teams assist regional disaster response coordinators to respond to multi-state calamities. The national disaster response coordinator manages the national program.

Who are ACS Disaster Response Partners?

ACS Disaster Response operates under a Memorandum of Understanding with the Federal Emergency Management Agency, the American Red Cross and many state emergency management agencies. It is also a founding member of the inter-agency compact called National Voluntary Organizations Active in Disaster (NVOAD) and the affiliated state VOADs.

Services Provided

The following services are provided to disaster survivors, their families and communities in cooperation with ACS Disaster Response partners:

Emergency distribution of relief supplies – a service that provides goods necessary for victims' survival such as drinking water, groceries, clothing and more.

Warehouse operations – a service where volunteers sort, package and store donated goods for distribution.

Donations coordination center – locations where donors can ascertain the real needs of disaster victims and donate goods.

Community collection centers – locations where community members can volunteer for disaster response.

Crisis response counselors – emotional and spiritual care providers who provide disaster victims, their relatives and neighbors opportunities to ask questions, chat informally or request prayer.

Find Local ACS
http://www.communityservices.org/SiteResources/Data/Templates/templateb.asp?docid=519&DocName=Find%20Local%20ACS

Training

ACS Disaster Response offers a multi–step training to equip volunteers to effectively respond to disasters. Completion of the training modules qualifies volunteers as skilled disaster response workers.

CRWRC Responds to Tornado Outbreak in North Carolina

CRWRC Newsroom | April 21, 2011

A CRWRC Rapid Response Team left for North Carolina early this morning to assist with recovery from last week's massive tornado outbreak in the southern U.S. The Team is based in Sanford, North Carolina, about 60 miles southwest of Raleigh, and is working out of a United Methodist Church there.

"The damage here is incredible," says Carrie Blauwkamp a regional manager for CRWRC who arrived in the area with her spouse, Len, early this week. "It's hard to believe that this is just one of ten counties affected by the disaster."

The Blauwkamps are making early assessments of damage in the Sanford area before traveling to several other counties hard–hit by the twisters. The Rapid Response Team will be in Sanford under the co–leadership of Doug Vander Meulen and Terry Reimink, who will remain there until May 7 to help determine the need for additional teams.

Volunteers are providing support, clean–up, roofing, and chainsaw services for affected residents, in conjunction with local and national disaster organizations.

The storms, which whipped out a record–setting number of tornadoes and windstorms, brought with them heavy rain, lightening, and hail that caused flash flooding, extensive power outages, and destruction to families, homes, and property.

CRWRC seeks funding to respond to these and other storms in the coming months. Help disaster survivors recover from Spring tornadoes and storms through CRWRC.

CRWRC Partners to Provide Aid to Pacific Earthquake Survivors
CRWRC Newsroom | March 11, 2011
http://www.crcna.org/news.cfm?detailid=3556&newsid=2522

CRWRC's Disaster Response Services (DRS) volunteers give of their time and talents to help clear debris, assess needs, and rebuild homes after disasters strike. These volunteers are affectionately known as "The Green Shirts" throughout many disaster–affected communities and are well–respected for the quality services they provide.

Volunteer Opportunities
For Individuals

CRWRC Disaster Response Services has a variety of volunteer opportunities for individuals and couples. Join us on–site to help with construction, painting, needs assessment, cooking, and more. To get started, fill out a volunteer application form (Note: This application is for individuals or couples only. If you are interested in a group assignment, please see the section below. Please also note that this form can be filled out online, saved, and e–mailed to us or printed and mailed to the address indicated at the bottom of the form).

If you've already filled out a form and would like to know about current opportunities, or if you'd simply like more information, contact Becky Purdom at 1–800–848–5818.
For Groups

Serving together as a team can be a great learning, bonding, and mission experience for groups from schools, churches, and families. CRWRC has a variety of work group opportunities available to you in a host of locations. For more information or to register your group, contact Art Opperwall at 1–800–848–5818.

CONVOY OF HOPE IS RESPONDING TO HURRICANE SALLY
https://www.convoyofhope.org/blog/features/disaster–response/hurricane–sally/
https://www.convoyofhope.org/donate/disasterservices/hurricane–sally–2020/

FROM RELIEF WEB:

Team headed for Japan
Source: Convoy of Hope (COH)
Date: 23 Mar 2011

A Convoy of Hope disaster response team is headed to Tokyo. They will continue the work of an initial team of responders, which was temporarily based in the Philippines and shipped to Japan enough food, water and relief supplies to fill a 40–foot–long container.

While in Japan, the team's primary goals will be to work through port logistics, ensure current channels are in working order and Convoy of Hope's footprint in Japan is expanded.

Help Convoy of Hope help Japan.

"Since the earthquake and tsunami we have been able to provide food and supplies, through our in–country partners, to meet people's needs," says Kary Kingsland, senior vice president of Global Initiatives for Convoy of Hope. "We will continue meeting needs and are dedicated to finding the most efficient ways to help many more survivors now and in the coming weeks and months."

Convoy of Hope's medical advisor, whose knowledge base will be a valuable asset to the team and the treatment of Japanese nationals, will accompany the team headed for Japan.

FROM THE SITE 3/12/11:

If the tsunami causes major devastation on the West Coast, Convoy of Hope will deploy teams and supplies to devastated areas.

Ron Showers, director of Global Outreach, is in Honolulu making preparations for an upcoming community outreach. Last night he left his hotel and moved to higher ground after tsunami sirens started to sound.

“Thousands of people fled the low–lying areas,” he says. “Gas stations were packed with people trying to get fuel, many locals and tourists fled to high ground and sought shelter in hospitals and high school gyms.”

Showers will monitor the situation in Hawaii after the tsunami hits.

According to Kingsland, the Disaster Response team will closely monitor further developments and move forward with plans to help the victims of the disasters.

Convoy of Hope is not seeking volunteers at this time.

9/5/08:

Just spoke to Aaron Funk. They are deploying to Baton Rouge and should arrive by 9/6/08. They will set up at least one kitchen in that location, and assess the need on arrival for any additional kitchens. They are also assessing The Houma Indian Nation in Terrebonne for hot meals needs.

They will have to double back to FL in 1 1/2 weeks to serve post Ike and are on standby for both Hanna and Ike.

ARRR is a grassroots emergency response network organized
to provide first wave relief kitchens, safe drinking water,

medical assistance, and a child safe playarea to communities immediately after a disaster.

We are dedicated to mobilizing our assets and resources toward these goals. Utilizing the collective experience of mass feeding in some of the most remote areas of the American wilderness. Coupled with the over whelming success of the New Waveland Cafe during the ultimate test of Katrina. We are prepared to respond.

Currently we are working to create a broad platform for other grassroots reliefs efforts to work in concert. During a disaster it can be very difficult to coordinate even the most basic logistics needed to actually deliver direct aid. We would like to invite other grassroots relief groups and community based organizations to join our network. We are much more powerful together than alone. And an efficient , coordinated, and comprehensive approach is the only way to guarantee success.

Services offered: Demographic Served: Survivors, Natural Disaster Impacted Communities; Food Distribution, Emergency/ Disaster Food Distribution; Housing, Volunteer Housing * (ANY/ALL Types); Meals * (ANY/ALL Types) ; Meals, Mobile Meals, Disaster Survivors (Available To); Meals, Volunteers, Meals for Volunteers; Medical, Facility, Clinic, Mobile Field Medical Clinic; Shelter, Activities, Children's Activities in a Shelter Setting, Volunteer Services; Support for "All" Disasters; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Water, * Bottles (ANY/ALL Types of Bottled Water)

Checks payable to	Hearts With Hands

The impending threat of Hurricane Irene to the eastern coast of North Carolina and the Eastern US Seaboard has caused Hearts With Hands™ to alert all volunteers to contact Hearts With Hands™ immediately at (855) 435–7494 in preparation for possible mobilization. Due to responses to tornadoes throughout the country, Hearts with Hands™ is critically low on food and relief supplies and is collecting these supplies to send to hurricane victims as well. Bill Bradley, Executive Director of Hearts With Hands stated, “We are requesting that all of our volunteers call the office and let us know of their availability for the next couple of weeks or so. We are also activating all of our teams throughout North Carolina, South Carolina, and Florida for possible deployment. We have also extended our hours of operation at the warehouse on Sand Hill Road to accommodate those who may want to drop off supplies after work to 7:00 pm, Wednesday, Thursday, and Friday. We will make a determination later as to weekend hours.
Hearts With Hands™ needs the following items:

• Non–perishable Food Items/Convenience Foods
• Flashlights/Batteries
• Bottled Water
• Hygiene Items
• Camping Supplies
• Toothbrushes/Toothpaste
• Plastic Plates, Forks, Knives, Spoons
• Diapers/Wipes/Baby Food
• Cleaning Supplies, Trash Bags
• New Clothes, Underwear, and Socks
• First Aid Supplies/OTC Medications
• Tarps and Plastic Sheeting

No Used Clothing, please!

Donated Items may be dropped off at the Hearts With Hands Warehouse located at:

951 Sand Hill Road, Asheville, NC.

Donations call also be dropped off at:

http://spvolunteernetwork.org/

(SEE CURRENT PROJECTS)
http://spvolunteernetwork.org/projects/hurricane-irenetropical-storm-lee-response.aspx
Skills Needed: Volunteers of all skill levels are needed. Volunteers will assist with debris clean up, mud outs, chainsaw work and placing tarps on roofs.

Minimum Age: Volunteers must be at least 14 years old. Youth under 18 years old must comply with our youth policy.

August 28, 2011
Responding to Hurricane Irene

Samaritan's Purse is sending help in the aftermath of the powerful storm

Samaritan's Purse staff and equipment are on their way to eastern North Carolina to help victims of Hurricane Irene. A Disaster Relief Unit, which will serve as a base to house volunteers and equip them with tools and supplies, was dispatched on Sunday morning
SEE WEBSITE FOR FULL STORY!!

Helping Tornado Victims
April 17, 2011
http://www.samaritanspurse.org/index.php/articles/helping_nc_tornado_victims/

http://spvolunteernetwork.org/projects/north-carolina-tornado-response-.aspx

Project: Tornado Response
Location: Central and Eastern North Carolina
Length of Project: Approx. 10-14 Days
Length of Stay: No Minimum Stay Required (Day/local volunteers are welcome.)
Maximum Team Size: There is no limit on team size for this response.
Skills Needed: Chainsaw skills are helpful but not required.

Project Description: Samaritan's Purse is responding to the most devastating outbreak of tornadoes in the state in more than 20 years. According to news reports, the storms killed at least 23 people statewide including 14 people in Bertie County. The state of emergency management director described the storms as "the most severe, wide-spread tornadoes we have seen since the mid-1980s." Governor Beverly Perdue declared a state of emergency for the entire state. Samaritan's Purse will set up in three locations in Central and Eastern North Carolina. Volunteers are needed for all three sites.

For volunteer project opportunities go to:

http://spvolunteernetwork.org/

NOTE – URGENCY NEEDS were pre–set to Tornado response! Items added for Hurricane Irene/Lee needs!!!

Coping with the Aftershocks in Japan
BGEA's Grief and Crisis Training Vital to Healing Process

April 13, 2011 – As the emotional and spiritual needs of a nation mount, pastors in Japan have asked the Billy Graham Evangelistic Association to translate their grief and crisis training to help expedite the healing process.

SEE LINK FOR FULL DETAILS!

NEWS –
http://www.billygraham.org/article–index–rrt.asp

http://www.billygraham.org/RapidResponse_VolunteerInfo.asp

The Billy Graham Rapid Response Team exists to provide emotional and spiritual care to those who are walking through their darkest days. We have a nationwide database of trained chaplains who are ready to deploy at a moment's notice in response to natural and man–made disaster. We also offer training to those who wish to bring comfort to their own communities.

Chaplains and Ministry Volunteers Needed
We are accepting applications for future deployments (dates and locations to be determined). Volunteers will serve in these capacities:

Chaplain — An experienced FBI, police, fire, or military chaplain or a Christian counselor, hospice worker, pastor, or ministry leader trained in crisis intervention or chaplaincy training

Ministry Volunteer — A ministry leader with a heart and compassion for people

Frequently Asked Questions

Will I work with a team?
Yes, you will be assigned to a team of 2–5 people. Ministry each day would include:

Pray for one another each day
Visit families in follow–up to work Samaritan's Purse has done
Listen to the stories of people who have lost everything
Pray, encourage, and share the comfort and hope of Jesus Christ
Encourage and minister to first responders such as pastors, police officers, and firemen
Keep records of your contacts and ministry opportunities

Donations:

Financial donations may be made online or by contacting a local Salvation Army unit, by phone or by mail. Addresses for each North Carolina unit are listed below.

Most household items, clothing, furniture, etc. are donated to Salvation Army Adult Rehabilitation Centers (ARCs) and sold in thrift stores to raise funds for the program. There is only one ARC in North Carolina (Charlotte) To donate, contact either the ARC or a local Salvation Army unit. Generally, ARCs operate in a 50–mile radius of their location.

Most vehicles are donated to Salvation Army Adult Rehabilitation Centers (ARC) and sold at auction to raise funds for the program. To donate a vehicle, contact the ARC or a local Salvation Army unit. The vehicle should normally be in driving condition (some locations accept non–working vehicles). The Salvation Army will issue a receipt acknowledging the vehicle was received, and will be sold by auction. The amount received in a sale by The Salvation Army will be the amount allowed as a tax deduction by the donor. Contact an ARC or your local Salvation Army for more information.

Assistance:

Assistance programs are conducted by local Salvation Army units. In cities where there is an Area Command, it usually conducts the social services program. Assistance for food, utilities, rent, housing and other needs is determined by need and the availability of resources to meet that need.

Services offered: Case Management, * (Providers of ANY Type of Case Management); Demographic Served: Low Income Folks; Demographic Served: Seniors / Elderly; Demographic Served: Survivors, Natural Disaster Impacted Communities; Donations, Drop–Off, Collection Site Location; Financial Assistance, ** Financial Assistance (ANY/ALL Types); Financial Assistance, Housing, Rental Assistance; Financial Assistance, Utility Bill Assistance; Food * (ANY/ALL Types); Housing, Transitional Housing; Services *0* (Choose this if You Provide or Need ANY Type of Social Services); Services, Church/Worship Services; Shelter, Homeless Shelter; Support for "All Local" Disasters; Thrift Store

Limited State Of Emergency For Beaufort County, Shelters To Open

A limited state of emergency is in effect for Beaufort County and shelters will be available.

The declaration means a voluntary evacuation from locations vulnerable to high winds, the opening of shelters, and driving restrictions from late Thursday night to early Friday morning.

Beaufort County shelters will open at 4:30 p.m. on Thursday at Northside High School and Southside High School. Both schools will operate on a normal school day schedule on Thursday.

Travel is restricted from 11:00 p.m. Thursday, September 2nd to 5:30 a.m. Friday, September 3rd to emergency situations within the designated time limit.

State of Emergency for Beaufort County and Voluntary Evacuation Announced
Published: Thursday, September 2, 2010 2:16 AM EDT

A Limited State of Emergency was declared at 8 p.m. Wednesday, Sept. 1, by Jerry Langley, chairman of the Beaufort County Board of Commissioners and the mayors of all seven Beaufort County cities and towns in advance of Hurricane Earl which is expected to be near the Outer Banks late Thursday.

The emergency declaration announces a voluntary evacuation from locations vulnerable to high wind, the opening of shelters and driving restrictions from late Thursday night to early Friday morning.

Beaufort County shelters will open to the public at Northside and Southside high schools Thursday beginning at 4:30 p.m., it was announced in a press release issued by the county late Wednesday.

Both high schools will operate on a normal school day schedule Thursday.

Citizens arriving at shelters should bring necessary personal supplies and eat before they arrive, given no availability of an evening meal, the press release said.

The county anticipates that both shelters will close early Friday morning after emergency personnel inspect primary county travel routes, according to the press release.

Beaufort County and its cities and towns – Aurora, Bath, Belhaven, Chocowinity, Pantego and Washington Park – have restricted travel to emergency circumstances only between 11 p.m. Thursday and 5:30 a.m. Friday due to the potential of tropical storm force winds, falling debris and low visibility.

“I am concerned about the increasing likelihood of sustained tropical force winds, particularly in eastern Beaufort County,” Langley said in the press release. “Folks who live in areas vulnerable to high winds should consider one of our two shelters for Thursday evening before the high winds come through.”

North Carolina Tornado Report
SITUATION REPORT
RESPONSE FOR: North Carolina Tornadoes

BACKGROUND

As you know, Saturday, April 16, 2011, tornado winds exceeding 140 miles per hour ripped through most of North Carolina leaving many of our church areas with families whose homes were damaged or lost. As of April 19, 2011, we have found eight Original Free Will Baptist Churches that have members who have experienced damage or loss.

HOW HARVEST CONNECTION HAS RESPONDED TO DATE

The Harvest Connection has taken emergency recovery kits, Kids Kare boxes, water and tarps to the distribution center in Snow Hill. Several families from different areas have come to our center in Kinston for assistance. We are sending emergency recovery kits, Kids Kare boxes along with water to Colerain, NC to be distributed in that area. Assessments are being made in different areas whereby The Harvest Connection Disaster Relief Ministry will be sending teams to help in the recovery effort.

HOW YOU CAN HELP THE HARVEST CONNECTION IN RESPONDING

A. Financial assistance (fuel, supplies, etc.)
B. Emergency Recovery Kits need to be delivered to our Kinston center. Attached to this email is a brochure explaining the kits

that are needed. We have depleted our supply,therefore kits are desperately needed.
C. VERY IMPORTANT – If you would like to assist in recovery efforts, please contact us. DO NOT ASSIST ON YOUR OWN! REMEMBER, it is necessary to follow proper protocol through your Harvest Connection Disaster Relief Ministry whereby we may properly serve people who have been affected by this disaster.

Thank you in advance for your willingness to help us to TOUCH LIVES FOR A LIFETIME. Updates will be sent as the situation continues to develop.

Bulletin Number: 2

Date/Time: 8/24/2011 7:13:52 PM

Dare County Order Evacuation of All Visitors

The Dare County Control Group has ordered a mandatory evacuation for all visitors throughout all of Dare County effective 8:00 a.m., Thursday, August 25.

All visitors are urged to make preparations and leave the area. Dare County Emergency Management urges visitors to take all personal belongings with them during evacuation. Other preparation steps are available at www.ReadyNC.org and www.darenc.com

Although the mandatory evacuation order is for all Dare County visitors, residents are advised to take proper precautions and make general storm preparations. This effort should include securing all loose items outdoors. Monitor local news outlets for further advisories from the National Weather Service and state and local emergency management officials.

The Dare County Control Group will meet again on Thursday, August 25 after the 5:00 p.m. storm advisory has been issued by the National Hurricane Center. Further evacuations should be anticipated as Irene moves closer to the Outer Banks.

At this time there are no new reentry stickers being issued. The previously issued stickers, for 2008/2009, are still valid. Residents can also use a North Carolina driver's license showing a Dare County address. Property owners may use a Dare County tax bill with proper identification for reentry.

A high rip current risk remains in effect, through Thursday evening, south of Rodanthe, NC.

All NPS Campgrounds, Ocracoke, Frisco, Cape Point and Oregon Inlet, closed at noon today and the reservation system has been temporarily suspended. The Silver Lake Marina NPS docks closed at noon today and the Ocracoke Visitor Center, Hatteras Island, Bodie Island and Wright Brothers and Fort Raleigh Visitor Centers will remain open until close of business today and then will remain closed until further notice.
Previously scheduled evening programs for August 24 are cancelled. Lifeguard beach operations at Ocracoke, Buxton, and Coquina Beach closed at 5:00 p.m. today until further notice.

The Cape Hatteras Lighthouse closed at 6:00 p.m. today until further notice. All park special programs scheduled for Founder's Day, Thursday, August 25th, have been cancelled. Regularly scheduled Fall Interpretive programming will resume after the storm passes the area.

The Flags Over Hatteras event, scheduled for August 25–28, has been postponed until further notice.

Ocracoke beaches are closed to off–road vehicles and all other beaches in the National Seashore will close to off–road vehicles by 6:00 p.m. on Thursday, August 25th.

Dare County garbage pickup will be done on a regular basis through Friday, August 26.

The Town of Nags Head will collect ALL residential trash on Friday, August 26. There will be will no residential or commercial trash collection on Saturday, August 27. The recycling trailers located at Nags Head Town Hall and at the Huron Street public beach access will be not be available until after Hurricane Irene has passed. All commercial recycling is suspended until after the storm. The bulk item/brush drop off yard located across from Nags Head Public Works will be closed Saturday, August 27.

Updates and bulletins will be issued on an as needed basis and will be available on www.darenc.com and Government Access Channel 20.

###

Bulletin Number: 1

Date/Time: 8/24/2011 12:30:00 PM

Dare County Activates the Joint Information Section

The Dare County Control Group has activated the Joint Information Section (JIS) in preparation for Hurricane Irene. All information regarding local government agencies in Dare County will be released through this source effective today.

Dare County Emergency Management is closely monitoring reports from the National Hurricane Center and plans are in place to handle whatever contingency may arise. Residents and visitors are encouraged to monitor local news outlets for further advisories from the National Weather Service and state and local emergency management officials.

The Dare County Control Group will meet later today, after the 5:00 p.m. storm advisory has been issued by the National Hurricane Center, to further assess the situation and take whatever action is necessary to assure public safety. Although Hyde County has issued an evacuation order for Ocracoke, there have been no evacuation orders issued, at this time, for any portion of Dare County.

Residents and visitors should now be making general storm preparations. This effort should include securing property and making contingency plans for evacuation, in the event an evacuation is ordered. Predetermining a destination is recommended. If an evacuation is ordered, consider calling ahead to make arrangements. During storm events, there are no emergency shelters operated in Dare County. North Carolina Emergency Management will operate shelters elsewhere and information will be announced later as it is made available.

The Ferry Division of NCDOT is assisting with the evacuation of Ocracoke Island running regular departure times from Ocracoke to Hatteras on a first–come, first–serve basis. All other ferry routes will continue to operate normal schedules until such time as they are required to tie up vessels for safety.

Rip current hazards are at a high risk in southern portions of Dare County including Hatteras Island. Wind and wave conditions at this time support a dangerous rip current advisory and are life threatening to anyone entering the surf.

In anticipation of this weather event, all NPS Campgrounds, Ocracoke, Frisco, Cape Point and Oregon Inlet, will close at noon today. The Ocracoke Campground reservation system has been temporarily suspended. The Silver Lake Marina NPS docks will close at noon today, Wednesday, August 24, 2011. The Ocracoke Visitor Center, Hatteras Island, Bodie Island and Wright Brothers and Fort Raleigh Visitor Centers will remain open until close of business today, Wednesday, August 24, 2011, then will remain closed until further notice. Previously scheduled evening programs for August 24 are cancelled. Lifeguard beach

operations at Ocracoke, Buxton, and Coquina Beach will close at 5:00 p.m. today, Wednesday, August 24, 2011 until further notice.

The Cape Hatteras Lighthouse will close at 6:00 p.m. today until further notice. All park special programs scheduled for Founder's Day, Thursday, August 25th, have been cancelled. Regularly scheduled Fall Interpretive programming will resume after the storm passes the area.

The Flags Over Hatteras event, scheduled for August 25–28, has been postponed until further notice.

Ocracoke beaches will be closed to off–road vehicles by 6:00 p.m. today and all other beaches in the National Seashore will close to off–road vehicles by 6:00 p.m. on Thursday, August 25th.

Dare County garbage pickup will be done on a regular basis through Friday, August 26.

The Town of Duck Emergency Operations Team has met and is preparing for the event.

The Town of Nags Head is watching Hurricane Irene closely. At this point, there are no changes to operating hours or Town services.

Contractors are reminded by the Dare County Planning Department to secure all loose materials at job sites.

Updates and bulletins will be issued on an as needed basis and will be available on www.darenc.com and Government Access Channel 20.

UPDATE 3:10 pm: Craven shelters to open, residents in low-lying areas asked to evacuate
September 02, 2010 12:31 PM

Craven County emergency management officials are asking for a voluntary evacuation of residents that live along the Neuse or Trent rivers, in low-lying areas such as in Harlowe, or in homes that are not safe to withstand winds and flooding expected from Hurricane Earl.

The National Weather Service at Newport is projecting that water levels could rise by up to 5 feet in the area beginning early tonight and remaining until Friday, when conditions are expected to improve as the category 3 hurricane moves away from the N.C. coast.

"We recognize that we have residents that are in areas that are subject to the storm surge, and we have residents that are living in housing, in mobile homes, that are not be able to withstand wind," said Stanley Kite, the county's director of emergency services. "There's a special interest in the Harlowe community where residents can become isolated because of the roadways."

Craven County officials are expected to declare a state of emergency at noon today. Residents are asked to make their final hurricane preparations before 4 p.m. Hurricane evacuation shelters will open at 4 p.m. today in the county.

The shelters will open at Havelock High School at 101 Webb Blvd., at Ben D. Quinn Elementary at 4275 Dr. Martin Luther King Jr. Blvd. in New Bern, and at Vanceboro Farm Life Elementary at 2000 Farm Life Ave. in Vanceboro.

A pet-friendly shelter will also be open at Brinson Elementary School at 2508 Old Cherry Point Road in New Bern. Pets must meet shelter requirements. Call 252-626-3899 for more information.

Kite said county residents that are not living in low-lying areas or near waterways or are not concerned for the safety of their homes may be better served to shelter in place. Residents that shelter in-place should make certain they have disaster preparedness kits containing supplies of nonperishable foods, water, medicine, cash, flashlight batteries, and portable radios.

"We're going to ask people to be prepared," he said. "You know it is a hurricane. All it has to do is slightly wobble to the west and it puts us into the high-impact zone."

Robert Frederick, meteorologist for the National Weather Service at Newport, said the storm's center is expected to be about 60 miles east of Cape Hatteras by about 2 a.m. Friday.

"We're getting pretty sure now it's definitely going to stay offshore, and definitely going to stay to the east of Havelock," Frederick said. 'We're starting to think the threat is a little less now for New Bern than it was 6 to 12 hours ago just because we're getting more confident that the track is going to stay to your east."

The New Bern area should start to see tropical storm-force wind gusts of around 35 to 40 mph tonight at 8 p.m., Frederick said. The strongest winds blowing at 25 to 35 mph with gusts of 40 to 50 mph are expected to occur at around midnight to 2 a.m. Areas close to the river where there are no trees to block the wind will see greater wind speeds. By daybreak he said winds should be blowing northwest around 15 mph.

The area should not see significant rain accumulation, with a total around New Bern of less than half of an inch.

Frederick said water levels on the Neuse River could rise 1 to 3 inches toward New Bern, and 3 to 5 inches on the lower Neuse east of Havelock and further toward the coast.

"By morning it will be gone," he said.

Hurricane Irene Update

As of the 11 am update Hurricane Irene in now a Category 3 storm and is approximately 900 miles south of Brunswick County. Hurricane Irene is starting to turn in a more northwest direction. If this track continues we can expect high surf beginning tonight and rainfall of 0 - 2 inches and tropical storm force winds beginning Friday evening and continuing until midday on Saturday.

The next update from Brunswick County Emergency Services is expected by 12:00 noon on Thursday, August 25th.

All residents and visitors are encouraged to continue emergency preparedness by checking and updating emergency supply kits and evacuation plans and by obtaining Hurricane Re–Entry Passes from Town Hall. Please be advised that once an Evacuation

Order is issued Hurricane Re-Entry Passes can no longer be issued. If an evacuation order is issued, please secure your property and leave the area as soon as possible.

Emergency information is available on the Brunswick County Emergency Services website at www.brunswickes.com. Those with special medical or physical needs are encouraged to register with the County's Special Needs Registry by clicking on the upper right hand corner of the County Emergency Services website. The Town website www.sunsetbeachnc.gov also offers emergency preparedness information under the Information and FAQ tab.

For weather updates concerning Hurricane Irene, please stay turned to the local media; local media will also be utilized for announcements concerning shelter locations if necessary.

Trash Services Interrupted Due To Hurricane Irene

Waste Management has advised that with the potential for severe weather this weekend, trash services will not operate on Saturday, August 27th.

UPDATE 3:10 pm: Craven shelters to open, residents in low-lying areas asked to evacuate
September 02, 2010 12:31 PM

Craven County emergency management officials are asking for a voluntary evacuation of residents that live along the Neuse or Trent rivers, in low-lying areas such as in Harlowe, or in homes that are not safe to withstand winds and flooding expected from Hurricane Earl.

The National Weather Service at Newport is projecting that water levels could rise by up to 5 feet in the area beginning early tonight and remaining until Friday, when conditions are expected to improve as the category 3 hurricane moves away from the N.C. coast.

“We recognize that we have residents that are in areas that are subject to the storm surge, and we have residents that are living in housing, in mobile homes, that are not be able to withstand wind,” said Stanley Kite, the county’s director of emergency services. “There’s a special interest in the Harlowe community where residents can become isolated because of the roadways.”

Craven County officials are expected to declare a state of emergency at noon today. Residents are asked to make their final hurricane preparations before 4 p.m. Hurricane evacuation shelters will open at 4 p.m. today in the county.

The shelters will open at Havelock High School at 101 Webb Blvd., at Ben D. Quinn Elementary at 4275 Dr. Martin Luther King Jr. Blvd. in New Bern, and at Vanceboro Farm Life Elementary at 2000 Farm Life Ave. in Vanceboro.

A pet-friendly shelter will also be open at Brinson Elementary School at 2508 Old Cherry Point Road in New Bern. Pets must meet shelter requirements. Call 252-626-3899 for more information.

Kite said county residents that are not living in low-lying areas or near waterways or are not concerned for the safety of their homes may be better served to shelter in place. Residents that shelter in-place should make certain they have disaster preparedness kits containing supplies of nonperishable foods, water, medicine, cash, flashlight batteries, and portable radios.

“We’re going to ask people to be prepared,” he said. “You know it is a hurricane. All it has to do is slightly wobble to the west and it puts us into the high-impact zone.”

Robert Frederick, meteorologist for the National Weather Service at Newport, said the storm’s center is expected to be about 60 miles east of Cape Hatteras by about 2 a.m. Friday.

“We’re getting pretty sure now it’s definitely going to stay offshore, and definitely going to stay to the east of Havelock,” Frederick said. ‘We’re starting to think the threat is a little less now for New Bern than it was 6 to 12 hours ago just because we’re getting more confident that the track is going to stay to your east.”

The New Bern area should start to see tropical storm–force wind gusts of around 35 to 40 mph tonight at 8 p.m., Frederick said. The strongest winds blowing at 25 to 35 mph with gusts of 40 to 50 mph are expected to occur at around midnight to 2 a.m. Areas close to the river where there are no trees to block the wind will see greater wind speeds. By daybreak he said winds should be blowing northwest around 15 mph.

The area should not see significant rain accumulation, with a total around New Bern of less than half of an inch.

Frederick said water levels on the Neuse River could rise 1 to 3 inches toward New Bern, and 3 to 5 inches on the lower Neuse east of Havelock and further toward the coast.

“By morning it will be gone,” he said.

Special Operations Response Team (SORT)

Info/Hotline · Open

Non–Profit Disaster Relief
Special Operations Response Team; 121 Polo Road, Winston–Salem, NC 27105
Phone (336) 759–3923
Web www.sortteam.org
Hours 9 am – 5 pm, Mon – Fri, EST
Service Temporary

Contact information:
sort @triad.rr.com
New prospective member contact: rminard @triad.rr.com

The Special Operations Response Team, or "SORT" is a 501 (c)(3) non–profit corporation founded in 1978 in Winston–Salem, North Carolina. Its mission is to Provide the Highest Level of Disaster Medical Support through Education, Research and Response. SORT incorporated as a non–profit agency in 1988.

SORT is based in Forsyth County, North Carolina. The team's personnel include physicians, nurses, paramedics, EMT's, firefighter's, law enforcement officers, hazmat technicians, critical incident stress management technicians, chaplains, and logistical support members. SORT stands by or responds to mass crowd gatherings, natural and man made disasters, mass casualty incidents or evacuation situations, hazardous materials spills, and has a trained division of SWAT medic's that respond with local law enforcement SWAT teams. SORT is an "All–Hazards" response team.

The SORT organization is structured into divisions including – Medical, Special Medical Needs Population, HazMat, Critical Incident Stress Management, Logistics, and Tactical Medical Support for Law Enforcement SWAT teams – in addition to staff functions including Administration, Occupational Health Services, public information, and medical support for mass crowd gatherings.

The team meets at 7:00 PM on the first Wednesday night of each month at our training facility located at 121 Polo Road, Winston–Salem, NC. (See map and direction on 1st page of this website) Members who are unable to attend monthly meetings take short courses through web–based training pertaining to meeting subjects and discuss these topics during training exercises.

You are expected to attend 2 weekend training exercises per year. By working to maintain your preparedness, you will learn to care for people with state of the art equipment in an austere medical setting. You can maintain your readiness by carrying a SORT group pager.

If you are the right kind of person you can be a part of one of the finest medical response teams in the country.

Interested? Call 336–759–3924 M–F 9A–5P for more details.

Web www.fema.gov/news/disaster_totals_annual.fema
Service Temporary

To find out if you qualify for assistance:

http://www.fema.gov/news/disaster_totals_annual.fema

Choose your state. Choose the button for "Hurricane Irene" or for whatever storm you are interested in. Note that the one for Irene may be under "Emergency Declarations", the second set of declarations. Then choose the button for "designated counties" to see if your county is there. Note the box on the right hand and choose the "tab" for "individual assistance" to see if your county is qualified to receive federal funds for individuals. Note that "Category B" declarations usually don't have any funds available for individuals. Only for towns and cities.

North Carolina Hurricane Irene

Emergency Declared August 25, 2011 (EM-3327)
http://www.fema.gov/news/event.fema?id=15412

Disaster Aid Includes Unemployment Assistance, Free Legal Services
Release Date: April 28, 2011

http://www.fema.gov/news/newsrelease.fema?id=54542

Individuals who became unemployed because of the storms and tornadoes may qualify for disaster unemployment assistance. This program helps people who don't qualify for standard unemployment compensation programs, such as the self-employed, farmers and seasonal workers. Benefits begin with the date the individual was unemployed and can extend up to 26 weeks after the Presidential declaration date of April 19, 2011.

Disaster Workers Knocking On Doors In Several Counties
Release Date: April 22, 2011

http://www.fema.gov/news/newsrelease.fema?id=54443

(SEE LINK FOR FULL DETAILS)

RALEIGH, N.C. –– Community relations teams from the state of North Carolina and the Federal Emergency Management Agency (FEMA) are on foot in many storm–damaged counties, delivering recovery information to area residents who had losses from recent storms, tornadoes and flooding. They help storm survivors register for federal disaster assistance. FEMA team members wear FEMA shirts and photo IDs.

Assistance from FEMA could include:

•Temporary housing – money to rent a different place to live.
•Repairs – grants to repair some of the damage from the disaster that is not covered by insurance. •Other needs assistance – grants for necessary and serious needs caused by the disaster. This includes medical, dental, funeral, personal property, transportation, vehicle repair or replacement, moving and storage and other expenses that FEMA approves. Those with losses in the following counties may register with FEMA: Bertie, Bladen, Craven, Cumberland, Currituck, Greene, Halifax, Harnett, Hertford, Hoke, Johnston, Lee, Onslow, Pitt, Robeson, Sampson, Wake and Wilson.

Team members also meet with community–based organizations, community leaders and public officials. When community relations workers learn about unmet needs, they pass the information to the state or federal staff best able to respond.

Affected residents and business owners in the designated counties may apply for assistance by calling FEMA's toll–free registration number, 800–621–FEMA (3362) or TTY 800–462–7585 for those with speech and hearing disabilities. Multilingual operators are available to assist with the application process. Registration lines are available from 7 a.m. to 10 p.m. An application may also be completed online by going to www.DisasterAssistance.gov.

Survivors can also apply for federal assistance directly through a web enabled mobile device or smartphone. Visit m.fema.gov and follow the link to “apply online for federal assistance.”

The U.S. Small Business Administration is offering low–interest disaster loans to homeowners and renters as well as business owners. Learn more at 800–659–2955.

Report of many storms –
http://hail.org/news/hail-damage/

March 28, 2010
http://www.myfox8.com/wghp-tornadoes-100328,0,7571743.story
Several reported tornadoes, hail and severe thunderstorms have moved through the Piedmont Sunday night.

Tornado warnings have been in effect for much of the viewing area, with the strongest storms moving through Davidson, Forsyth, Guilford and Rockingham Counties.

A tornado was confirmed near Linwood in Davidson County. Davidson County EMS confirmed that a tornado damaged many homes at the Chestnut Grove trailer park off Clark Road. Other possible tornadoes were reported in High Point, Greensboro, Tyro, Thomasville, and parts of southeast Forsyth County.

Strong storms have been moving from the southwest most of the afternoon and evening, and storms will continue through the night. Along with possible tornadoes, golf-ball sized hail and larger has been reported.

Stay with FOX8 as the storm develops.

North Carolina Commission on Volunteerism and Community Service

Info/Hotline · Open

NC

Phone see website for contacts
Web www.volunteernc.org/volunteerCenters/centerMap.aspx
Service Temporary

The Commission strongly encourages volunteers to become affiliated with, and trained by, a voluntary relief organization prior to disasters occurring. For a list of the voluntary organizations that respond to disasters: http://www.nvoad.org/AboutUs/NationalMembers/tabid/75/Default.aspx

After a disaster, Volunteer Reception Centers or Emergency Volunteer Centers may be opened for spontaneous volunteers to visit to be matched with an opportunity to help.

If volunteers are needed in North Carolina after a disaster, the Commission will provide a message to the media that will include instructions on how volunteers can register to help.

Volunteer Now!
Do you want to be a volunteer, but aren't sure of the opportunities that are available in your local community? Volunteer Centers in North Carolina are the key resource for volunteer involvement in local communities across the state. They make up the largest infrastructure dedicated to volunteerism and volunteer efforts. Staff at a Volunteer Center can provide information about volunteer opportunities that are available in the local community. Volunteer Centers are located in many North Carolinian counties.

Disaster Program

The Church World Service (CWS) Emergency Response Program assists disaster survivors through support of local faith–based partner organizations. CWS achieves this mission by helping the faith community play its special role in disaster mitigation, preparedness, and response in the United States and around the world. One aspect of this mission is enabling its 36 member communions to collaborate in disaster preparedness, mitigation, response, and recovery. CWS encourages religious organizations to coordinate with others in the faith community so that when disaster strikes, those affected will receive efficiently the most effective assistance.

CWS trains and equips faith–based partners to mobilize resources for survivors of natural and human–caused disasters, as requested, through:

• community organizing for disaster recovery
• seed grants for developing recovery organizations
• pastoral care to support survivors and care–givers in the recovery process
• material resources such as blankets, clothing, basic health care supplies, school supplies, and household supplies

CWS Disaster Response & Recovery Liaisons work year–round in planning for and mitigating against disaster impact as well as in response and recovery. This year–round responsibility is carried out in liaison with the inter–religious community, the American Red Cross, State and Federal Emergency Management Agencies and VOAD's.

Episcopal Relief & Development Reaches Out to Partners in Hurricane's Path

November 20, 2012

Eight deacons from the Episcopal Diocese of New Jersey gathered at the diocesan center in Trenton on November 19 to learn how to facilitate FEMA (Federal Emergency Management Administration) disaster assistance registration. The training was held by members of Episcopal Relief & Development's US Disaster Program and Partners in Response team as part of the organization's response to Hurricane Sandy.

December 31 is the deadline for registering with FEMA. Individuals in impacted areas should first check the published disaster declarations to see if their county is eligible for federal assistance. Once eligibility is established, residents should register with FEMA before December 31 in order to be able to apply for assistance as it becomes available.

"FEMA registration is fairly straightforward, but getting people to jump into the process can be a challenge" said Dave Baylor, Diocesan Disaster Coordinator for the Episcopal Diocese of Olympia and member of the Partners in Response team. "Some people just need encouragement, but others need assistance filling out the forms or getting their materials organized ahead of time. This is where deacons and parish volunteers can really be of help."

Deacons from around the diocese were encouraged to identify and recruit volunteers from their congregations who could accompany people through application processes for disaster assistance funds, including from FEMA, insurance agencies and others.

The FEMA registration assistance training session in New Jersey came at the end of a week–long visit by members of the Partners in Response team to areas that were impacted by Sandy. Episcopal Relief & Development is also working with the Episcopal dioceses of New York, Long Island, Newark and Connecticut. In addition, the agency continues to support its Church partners in the Caribbean as they distribute water, food and supplies for home reconstruction.

The immediate relief phase of the response is now winding down, but the need for local volunteers, cleaning supplies, construction materials, furniture and appliances will continue well into the recovery phase. Please support these efforts by contributing to the Hurricane Sandy Response Fund, which will ensure that help reaches where it is most needed.

Service Temporary

Organizational Structure
UJA–Federation: largest philanthropic organization in Greater NY area represents a network of over 100 health and human service agencies in the United States and abroad. These non–profit community institutions provide lifesaving and life–changing services to their communities. The UJA Federation of New York is represented on both the New York City VOAD and the New York State VOAD and have numerous agencies involved in disaster preparedness. Due to the nature of the UJA Federation network, existing relationships and collaborations, and the extensive range of services, UJA is well–positioned to respond to many community needs. UJA is a founding member of the 9–11 United Services Group which collaborated with Red Cross, FEMA, Catholic Charities, the Federation of Protestant Welfare Agencies, and the Human Services Council among others to bring integrated case management services to approximately 80,000 individuals during the 9–11 World Trade Center Response.

Disaster Program

The UJA Federation has no formalized disaster program, though it has created a Terrorism Response Fund. UJA Federation has supported trauma related programs in Israel and post 9–11 quickly expanded the purpose of the fund to address local needs in NY. UJA Federation will respond to disasters on a case–by–case basis, and will address needs as appropriate to the location, nature, and severity of the disaster. During past disasters the UJA Federation has implemented a number of emergency services and expanded existing services to address community needs through its network of member organizations. Some Examples:

Offered Facilities, Mental Health Assistance, Case Management, Family Assistance Center Support, Elder Care, Childcare, and Immigrant Issues.

The UJA–Federation works day–to–day on inter–agency coordination, fund–raising, advocacy, and addressing human services policy issues.

Disaster Program:

The American Red Cross, through its network of chapters, service delivery units and national headquarters operations, provides disaster relief services to people affected by disasters 24 hours a day, 365 days of the year.

The American Red Cross in New York State (ARC/NYS) is comprised of 31 chapters, with 6 regional chapters that oversee operations of the component chapters. Additionally, ARC/NYS has two state coordinating chapters that work directly with American Red Cross National Headquarters during disaster relief operations.
Through its Statewide Disaster Consortium, ARC/NYS promotes preparedness, readiness and capacity building to improve response capabilities of each chapter in New York State.

The ARC/NYS Disaster Response Plan provides coordination procedures and implementation guidance for delivering disaster relief services within New York State through the regional chapter structure. This plan is designed to ensure uninterrupted service delivery as the scope of a natural or human–caused disaster grows, demanding human and material resources that exceed the initial capacity of affected chapters.

Additionally, response within the ARC/NYS structure is based on the concept of mutual aid. While there are community and regional chapters within New York State and two coordinating chapters, mutual aid involves the transfer of resources from one regional grouping to another within New York State.

ARC/NYS regional chapters are responsible for coordinating and implementing regional disaster response plans in addition to leveraging resources from our community partners through Memorandums of Understanding.

Regional Chapter Grouping & Counties Served
Western NY Region: Erie; Niagara; Chautauqua; Cattaraugus Orleans; Genesee; Wyoming; Allegany

Finger Lakes Region: Monroe; Wayne; Ontario; Livingston; Yates; Seneca
Southern Tier Region: Broome; Steuben; Schuyler; Tompkins; Chemung; Tioga; Otsego; Delaware; Cortland; Chenango

2012 HURRICANE SANDY –

As Hurricane Sandy Wreaks Havoc on East Coast, Hams Heed Call to Help –
11/01/2012 last posted (update)
http://www.arrl.org/news/as–hurricane–sandy–wreaks–havoc–on–east–coast–hams–heed–call–to–help

From the NYVOAD Member Directory:

Organizational Structure

The American Radio Relay League, Inc. (ARRL) is a national volunteer organization of 155,000 licensed radio amateurs in the United States. ARRL maintains a field organization of 10,000 leadership volunteers and 40,000 registered radio amateur members of the ARRL–sponsored Amateur Radio Emergency Service (A.R.E.S). This large volunteer force is headed in each of 71 geographical sections by an elected section manager. Disaster communications in each of those sections is under the direction of an appointed section emergency coordinator (SEC), who, in turn, directs district and local emergency coordinators. Radio amateurs volunteer not only their services, but also the use of their privately owned radio communications equipment and digital interfaces for use in disaster situations.

Disaster Program

The ARRL is national both in scope and in purpose, but with disaster response conducted and directed at the local and state levels. The ARRL is a voluntary membership organization incorporated as a not–for–profit institution and qualified under IRS regulation 501(c) 3. ARRL's commitment is to promote, organize, and assist at every level to meet the communications needs of people and agencies affected by disaster. The ARRL has entered into formal agreements to provide emergency radio services with the American Red Cross, The Salvation Army, National Communications System, Associated Public Safety Communications Officials– International, Inc., National Weather Service, and Federal Emergency Management Agency (FEMA). American Radio operators shadow emergency responders and officers at disaster sites. This is the only way emergency agencies (who use different radio frequencies) are able to have interoperable communications.

FROM THE SITE 11/20/12:

Hurricane Sandy Relief Efforts
So far, 150 truckloads––or 4.9 million pounds––of food and grocery items have been secured. Feeding America food banks have generously provided 22 of those truckloads. Feeding America food banks have been incredibly generous through offers for products and personnel—and members in the affected areas have expressed their deep gratitude for the outpouring of support from across the network.

From the NYVOAD Member Directory:

Organizational Structure

The New York State Feeding America Network (formerly named America's Second Harvest) is comprised of the ten regional food banks and food rescue organizations working together statewide to reduce statewide hunger. The NYS Feeding America Network rescues over 145,993,883 pounds of food annually and redistributes it to over 5447 agencies providing food to an estimated 3 million people annually.

In addition, the members provide leadership to improve hunger relief services including advocacy, education, technical assistance, and nutritional training statewide. The ten regional food banks and food rescue organizations, along with their subsidiary distribution organizations and branch warehouses, supply food through a variety of programs including soup kitchens, food pantries, emergency shelters, and senior meal programs, as well as numerous other charitable organizations. Additional information on the New York State members can be found at www.endhungryny.org.

Disaster Program

The NYS Network provides a central location and established system to allocate emergency food and services. The NYS Network provides combined resources of a large exiting food inventory, warehousing expertise, accessible warehouse space, certified warehouse personnel, fleets of refrigerated trucks, and expansive volunteers.

Feeding America Prepares for and Responds to Hurricane Earl

Feeding America food banks in North Carolina, Virginia, Maryland, Delaware, New Jersey and Massachusetts have been preparing for Hurricane Earl's potential landfall. Our network continues to work together to support each other so that our vital services continue helping those most in need, and to provide assistance to those newly in need as a result of this storm.

At this time, Feeding America has moved product ranging from disaster food boxes, nutritional supplements, water and other hydration drinks to areas of potential impact. Our work is closely coordinated with other nonprofits responding to this event and with government at all levels. The full scale of needed response is not yet known but if you are interested in making a donation, please go directly to local food bank websites to see how you can help. Your help is greatly appreciated for both this disaster and the everyday disaster of hunger in America.

Web www.fema.gov/news/disaster_totals_annual.fema
Service Temporary

To find out if you qualify for assistance:

http://www.fema.gov/news/disaster_totals_annual.fema

Choose your state. Choose the button for "Hurricane Irene" or for whatever storm you are interested in. Note that the one for Irene may be under "Emergency Declarations", the second set of declarations. Then choose the button for "designated counties" to see if your county is there. Note the box on the right hand and choose the "tab" for "individual assistance" to see if your county is qualified to receive federal funds for individuals. Note that "Category B" declarations usually don't have any funds available for individuals. Only for towns and cities.

President Declares Major Disaster For New York
Fri, 18 Feb 2011 19:48:39 -0600
WASHINGTON -- The U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) today announced that federal disaster aid has been made available to New York to supplement state and local recovery efforts in the area struck by a severe winter storm and snowstorm during the period of December 26-27, 2010.

old notes:
From the NYVOAD Member Directory:

Activation of NYSVOAD

NYSVOAD recognizes the independence of each of its member organizations and does not dictate agency response. However, NYSVOAD endeavors to serve as a catalyst of cooperation and communication between each of its members.

In the event of a disaster, any member agency may request initiation of NYSVOAD response coordination. Response coordination may be accomplished through conference calls, local meetings, or electronic communications.

It is important to maintain the regularly scheduled NYSVOAD communications (i.e. monthly conference calls, executive meetings) during the disaster timeframe.
Activation of any one member organization may be done directly by that organization or may be requested through the leadership of the NYSVOAD.

Activation through NYSVOAD will ensure that all member organizations are informed of the situation. Once activated, NYSVOAD will encourage a cooperative and coordinated voluntary response.

Disaster Coordination Plan

The purpose of the NYSVOAD is to bring together organizations active in disaster services to foster more effective preparedness, response and disaster recovery in New York State. Direct service to impacted communities is provided by the member agencies of the NYSVOAD, not by the NYSVOAD itself. NYSVOAD is a coordinating agency whose goal is to enhance planning, training and communications between organizations active in disaster mitigation, response and recovery. With this in mind, NYSVOAD shall support the response to level 3 & 4 disasters, as appropriate, in the following manner:

I. NYSVOAD Officer (or designee) will report to the State Emergency Operations Center and become the liaison for all VOAD members not then represented in the EOC, and will call and facilitate a NYSVOAD meeting or conference call as soon as practical and needed to do so.

II. NYSVOAD EOC Liaison will meet with the State Donation Coordination Manager (or designee), the State Director of Human Services and FEMA VAL (Voluntary Agency Liaison), and will convene meetings or conference calls with VOAD member agencies to identify and assist with immediate needs, and coordinate with member agencies on their planned responses.

III. NYSVOAD Officer (or designee) will provide updated reports of voluntary agency activities to the New York State Office of Emergency Management (State OEM) at regular intervals or when necessitated by changes in service or location, and will provide member agencies with information regarding the state response. The Liaison will also communicate any issues or concerns that member agencies are reporting in the field to the state.

IV. NYSVOAD Executive Committee will facilitate the development of Long Term Recovery Committee(s) as appropriate, in coordination with the State OEM Director of Human Services and the FEMA VAL.

V. At the close of an operation, NYSVOAD Chairperson or Vice–Chair will request a consolidated report from each voluntary organization assisting in disaster response. This report is to include recommendations that will enable NYSVOAD to encourage and implement corrective actions that will enhance future response and recovery operations. Reports will be brought as an agenda item at the next NYSVOAD meeting following the disaster.

NYSVOAD shall support the response to disasters of a level two or less, as appropriate, in the following manner:

I. NYSVOAD Officer (or Designee) will convene a conference call with member agencies and government partners to evaluate the nature and extent of damages. Under special circumstances the VOAD Liaison may be requested to support EOC operations.

II. NYSVOAD Member agencies will support local response agencies as appropriate.

III. NYSVOAD Executive Committee will facilitate the development of Long Term Recovery Committee(s) as appropriate, in coordination with the State OEM Director of Human Services.

IV. At the close of an operation, NYSVOAD Chairperson or Vice–Chair will request a consolidated report from each voluntary organization assisting in disaster response. This report is to include recommendations that will enable NYSVOAD to encourage and implement corrective actions that will enhance future response and recovery operations. Reports will be brought as an agenda item at the next NYSVOAD meeting following the disaster.

NOTE: The primary goal of the NYSVOAD and its member organizations is to work in partnership and support of local VOAD's, disaster response networks, local human services councils and other response organizations, and when required act as a conduit to national resources. It is not the role of the NYSVOAD nor its member organizations to replace local networks or their services.

This is the MDS Update for September 2020

Early Response to Hurricane Laura
Project Director and two supporting Leadership Volunteers throughout the fall 2020 months. Specific dates, duties, and location are still developing.

We expect to begin scheduling Leadership Volunteers from our winter 2021 waitlist beginning in early October.

https://mds.mennonite.net/mds–response–to–hurricane–laura/

NOTE: Given the COVID–19 pandemic, MDS has put into place some requirements for how projects will operate in the coming months. These include some additional health & safety practices to ensure the health & safety of our volunteers, clients, and community partners. The specific practices will be put into place at each project and may be updated as recommendations and regulations change. Due to the closure of the U.S./Canadian border, the Canadian government travel advisory against travel to the U.S., and uncertainty about insurance coverage for COVID–19–related medical costs, MDS Canada is currently not sending or supporting volunteers serving in the U.S. We continue to evaluate this situation and look forward to the day when Canadians can again serve on U.S. projects.

This is the MDS Update for July 26, 2012

CURRENT NEEDS
Begin planning now for a short or long–term assignment this fall. Volunteers will be needed in Bastrop, TX, Birmingham, AL, Cordova, AL, Joplin, MO, Minot, ND and West Liberty, KY beginning in October.

If you are interested in any of the opportunities listed, please call (800) 241–8111 or e–mail syoder@mds.mennonite.net for more information.

This is the MDS Update for February 11, 2010

We are forming a list of skilled volunteers interested in serving in American Samoa. For more information, check our website or call (800) 241–8111.

Contributions may be sent to:
USA: 1018 Main Street, Akron, PA 17501 or
Can.: 6A–1325 Markham Rd, Winnipeg, MB R3T 4J6
Donate Online: Donate

Telephone: (717) 859–2210 or (800) 241–8111

Remember the variety of ways you can give to MDS - volunteer your time, give money through cash donations, planned gifts, bequests and traded securities. Call our office to learn more details.

MDS project listings*
All MDS projects will close for Christmas break from December 15, 2007 – January 6, 2008 except for Johnson Bayou RV project

which closes on December 20, 2007.
The MDS projects in Greensburg , Mobile and New Orleans have openings for the first two weeks of December but aside from that, all projects are currently full until March.
Occasionally there are cancellations. If you would like to be called about volunteer needs on short–notice (1–3 weeks), please call Sarah Yoder at (800) 241–8111 in advance.
∗Except where noted, to schedule, all short–term and US long–term volunteers call (800) 241–8111 . Canadian long–term volunteers call (866) 261–1274 .

Pass Christian, Mississippi
Disaster: 2005 Gulf Coast Hurricanes
We dedicated Miss Rose Marie's house on Tuesday. Several of her siblings, children, grandchildren, and neighbors showed up for the celebration. Several of our volunteers took part in presenting Miss Rose Marie with a Bible, a wall-hanging, a house key, and an occupancy permit. Tears filled her eyes as she thanked everyone involved in completing her home. She is very excited to be able to "come back home".

February 11, 2010
RAMONA, CALIFORNIA
Disaster: 2007 Wildfires
By the end of the week the James' house had transformed itself from stem walls into a house with trusses in place ready to receive the roof sheathing. The weather cooperated and much work was accomplished.

Urgent Needs
There is a need for project leadership various MDS projects. Call (800) 241-8111 to schedule.

http://mds.mennonite.net/Volunteer

Skilled and long-term volunteers always needed
MDS is always looking for workers skilled in building trades, site supervisors, project directors and cooking staff. If you fit any of these categories, please register that you would be available to volunteer with MDS, if not immediately then perhaps in the near future.

This is the Mennonite Disaster Service update for November 21, 2007.

Visit us on the web at: www.mds.mennonite.net
MDS Activity Summary (information to pass along):
Toll-free volunteer Information/scheduling line: (800) 241-8111

Services offered: Cleanup, Disaster Debris Removal, Volunteer Services; Construction, Home Repair, Volunteer Services; Construction, Skilled Labor, Volunteer; Jobs, Paying; Volunteer, Long-Term Volunteer Opportunities; Volunteers, Short Term

Volunteer Opportunities

First Response Team of America
It's sad, almost 900 homes badly flooded in Lincoln Park, NJ. Timmy is bringing in the claw truck. Time to get busy http://t.co/PZKTyzc

WHO WE ARE:
Resource to locked down communities with storm–related safety hazards
Deploy equipment & skilled teams throughout USA
Experienced response to wildfires, mudslides, tornadoes, floods, etc.
Understand disaster zone demands when working with families & officials
Non–profit specialized disaster response, provided free of charge

WHAT WE DO:
Heavy debris removal expedites disaster site roadway access
Water rescue & scouting in specialized Hovercraft
Emergency power with industrial–grade generators
Floodwater & debris extracted with industrial–grade water pumps
Satellite communication systems coordinate emergency efforts

OUR UNIQUE EQUIPMENT:
Grapple trucks with hydraulic cranes
Severe–duty CAT loaders
Hovercraft for water rescues
Satellite phones & laptops, GMRS shortwave radios & GPS coordinators
Mechanical support truck: chain saws, torches, rigging devices, etc.

–––

Rapid Response Cells
For rapid deployment to major disasters, we have equipment housed in strategic locations across the nation. Our primary Rapid Response Cells are located in Riverhead, New York (Long Island) and Knoxville, Tennessee with temporary housing stations in Texas, Oklahoma, Missouri, and Pennsylvania.

From Long Island, New York, the First Response Team is positioned for rapid response to hurricanes hitting the east coast, and the snow and ice storms prevalent in northeastern states.
From Knoxville, Tennessee, equipment is pre–positioned to cover Tornado Alley in the Midwest, hurricanes on the east and gulf coasts, and snowstorms to the north.
Our temporary housing stations in Texas, Oklahoma, Missouri, and Pennsylvania are essential locales that increase the overall efficiency of on–going operations.
In responding to multiple disasters in California, Oregon and Washington State, our team has seen firsthand the great need in adding a third rapid response cell for the West Coast.

Nationwide volunteer opportunities on this site in response to disaster

Ministry Regions
A Decentralized Approach
At the SBC of Virginia, we believe strongly that having a local missionary in the area, working hand–in–hand with God's people, will have a far more meaningful impact on the spread of the Gospel than we could hope to provide from a central location. Because of this, we've divided our state into five ministry regions, each having dedicated church planting strategists and church health strategists to assist local churches with their individual needs.

Our five ministry regions are as follows:

North
Serving the region
in and around the Shennandoah Valley, Northern Virginia, and Greater DC

Central–East
Serving the region
in and around Greater Richmond, the Piedmont, and the Northern Neck

Central–West
Serving the region
in and around the Roanoke Valley, Greater Lynchburg, and the Southside

Southeast
Serving the region
in and around Hampton Roads and the Eastern Shore

Southwest
Serving the region

in and around Appalachia, the Highlands, and the New River Valley
The Southwest Region includes the following counties:

Bland, Buchanan, Bristol, Carroll, Dickenson, Floyd,
Galax, Giles, Grayson, Lee, Montgomery, Norton, Patrick, Pulaski,
Radford, Russell, Scott, Smyth, Tazewell, Washington, Wise, Wythe

Rebuilding the Gulf
There are many volunteer opportunities throughout the Gulf Region. Churches may contact the following numbers directly if they desire to serve. It is requested that if you take a long term rebuild trip, to please contact Mark Gauthier at mgauthier@sbcv.org upon your return to report that the good news might be shared.

There are many concerns facing today's youth. In every community there are hundreds of girls and boys left to find their own recreation and companionship in the streets. An increasing number of children spend many hours at home with no adult care or supervision, or no one to help them with homework. Dependent youth sometimes become victims of parental neglect, abuse, incapacity and /or abandonment.

There is a great need to focus on serving youth most at risk of not reaching their full potential, especially youth in low–income communities. Young people need to know that someone cares about them because they matter – youth matter.

In 2002 Youth Matter, Inc. became the lead organization for the City of Portsmouth in having it designated through a statewide initiative as a "Right Choices For Youth" community to promote the message for youth people through high school to avoid alcohol, drugs, sex, tobacco, and violence.

Youth Matter, Inc. is a IRS approved 501(c)3 non–profit community development corporation.

* EMERGENCY RELIEF – HURRICANES KATRINA & RITA AFTERMATH

A cooperative effort of Youth Matter, Inc.&#65533; and its Partners ask for your assistance because . . . Victims of Hurricanes Katrina and Rita are still attempting to recover from the massive storm that disrupted the lives of so many families, young and old, all races and cultures. We need to continue to make a difference in their lives by continuing to raise funds to help them. Families are still separated, homeless, broke, and in mourning. Assist us by making a financial contribution to Youth Matter, Inc. so that we can continue to fill the needs of hurricane families, youth, and individuals. Remember that we were all children at one point in our lives, and ALL YOUTH MATTER, no matter where they live.

It's so important for youth and teens to access fun, educational and safe websites. Listed in the link below are a few websites that Youth Matter, Inc. have come across. If you locate other websites designed especially for youth and teens, please let us know by contacting us.

HURRICANE SANDY: OPERATION BLESSING PREPARES DOMESTIC DISASTER RELIEF TEAM IN VIRGINIA

Group Will Pre-Stage In Virginia Beach In Case Local Effort Needed, With Eye To The North

VIRGINIA BEACH, VA (October 26, 2012) - The domestic disaster relief team of Operation

Blessing International (OBI) is preparing for relief efforts as Hurricane Sandy sets its course on the East Coast.

The team is pre-staging equipment, staff and supplies at its Virginia Beach headquarters in case relief efforts are needed in the Hampton Roads area, with the possibility of a deployment in the north should that be needed. The equipment includes:

--Mobile Kitchen – Capacity to feed approx. 2,000 meals per day with enough provisions on board for 6,000 meals before new supplies are needed
--Mobile Command Center with communication technology such as VHF radio, satellite,
satellite news feed, and a base of operations for the team
--2 Construction Trailers with tools and safety equipment to equip our construction foremen and volunteers with the tools needed for debris removal, tarping roofs, flood clean-up and gutting homes
--Box Truck with 100 cots, tarps and firing strips for 50 homes, water, MREs, and kerosene
heaters
--CAT 924 Loader for debris removal
--100 heaters in the event that cold weather comes in during power outages
--OBI's fleet of Semi-Trailer Trucks (75 trailers and 18 power units) from its Hunger Strike force are also standing by and will be utilized as needed
--Shower Trailer for volunteers

The team, under the direction of Jody Herrington-Gettys, director of U.S. disaster relief, will monitor the storm over the weekend and decide on Sunday where to deploy based on the projected track of the storm. "Our first priority is to serve the Hampton Roads community," said Herrington-Gettys.

Should deployment be needed further north, however, OBI has already planned with partner organizations in NY, NJ and Rhode Island.

Operation Blessing's Haiti office is currently responding to massive flooding in that country after then-Tropical Storm Sandy dumped upwards of 12 inches of rain. Today, OBI will deliver food, water filtration units, chlorine, and toiletries to 55 families that lost their homes due to severe flooding along the river Grise near Croix de Mission, Haiti.

For more information, please log on to www.ob.org.

FROM THE SITE 10/27/12 (LTel)

From the Desk of:
Gary LeBlanc, Mercy Chefs

Dear Facebok Friends,

A quick update to let you know that our Mercy Chefs team is closely monitoring Hurricane Sandy which is now expected to make landfall along the I-95 Northeast corridor.

The storm could impact 65-70 million people, with millions losing power. Throughout the weekend, I will be in close contact with state emergency management officials as well as our ministry partners to ensure that Mercy Chefs can provide relief as needed to the hardest hit areas.

Tomorrow, we will begin moving Mercy Chefs resources into Virginia. This will allow us to respond to the earliest possible impact while putting us within hours of reaching almost anywhere along the northeast corridor.

If this storm takes the track now projected, we could witness a very serious emergency event impacting the most densely populated region in the entire nation. There is even the possibility of heavy snow on the back side of the storm. This could result in massive power outages inland as well as in coastal regions.

BE PREPARED!

If you live along the northeast corridor, I cannot emphasize enough how important it is to be prepared. Storms of this magnitude can be extremely dangerous. And once power is lost, the world changes dramatically. FEMA has many useful resources posted, including emergency kit checklists. Go here:

http://www.ready.gov/hurricanes

I will be sending you email updates as events warrant. The fastest way to get the latest information from Mercy Chefs is to through our Facebook page.

Finally, thank you so much for your prayers and support. I am so grateful for friends like you who make it possible for our team to provide the comfort of a hot meal to those whose lives have been turned upside down by disasters.

May God bless you.

Gary LeBlanc
Founder/President
Mercy Chefs Inc.

P.S. As I noted, we are moving our kitchen resources into position and will be staged in Virginia so we can respond as quickly as possible as events warrant. Much of our expenses occur prior to deployment as we stage and equip our Mercy Chefs facilities. If you would like to make a tax-deductible gift today to help us prepare, please visit our website: www.mercychefs.com/donate

00 Red Cross/FEMA NSS Nationwide Shelter Search Tool (FIND OPEN Red Cross SHELTERS)

Shelter · Open

Shelter
Web www.redcross.org/get–help/disaster–relief–and–recovery–services/find–an–open–shelter
Service Temporary

Go to the link above to find RED CROSS sponsored shelters. (there are usually MANY MORE shelters other than "Red Cross sponsored" shelters...run by local gov't, run by private groups)

[Editor's NOTE: we've noticed lately that the link DOES NOT WORK for people who don't allow cookies and other surveillance apps on their devices. The Red Cross is a great org, providing badly needed first response. However, we do not like that the link doesn't work on ANY device, and fear that this is a trend that's related to the "need" for large non–profits to gather a ton of personal info before they will help you. If that's the case, shame on you Red Cross. If it's not the case, please excuse our ignorance]

See the map at the link for open shelters. Below that is a list of openshelters.

You can also search by state/address.

Open Shelters are flagged. Put your mouse over a flag to get more info, click on it, and give it a moment and you'll see the address of the shelter and a capacity (number of people), if the information is available.

Here's the old address, that doesn't work as well, but for reference purposes: http://app.redcross.org/nss–app/
