Through ongoing coordination efforts with local governmental authorities, ADRA has been appointed to support an evacuation center in Wakabayashi ward located in Sendai City of the Miyagi prefecture. This center is currently housing approximately 1,300 displaced persons of which 350 are receiving 24–hour care. ADRA immediately dispatched a two–ton truck loaded with food and non–food items, fuel and cooking gas, which arrived at the evacuation center in Sendai in the early morning hours on Thursday.

Sendai has five wards ("ku"), which were created when it became a designated city in 1989. The city consciously avoided names that included directions (e.g., north □, center □□) when it chose names for the new wards.

Aoba–ku (□□□) – administrative center
Izumi–ku (□□)
Miyagino–ku (□□□□) (COASTAL)
Taihaku–ku (□□□)
Wakabayashi–ku (□□□)(COASTAL)
