CHECK SAFE & WELL –

SAFE & WELL –
Safe and Well Website Registration:
All flood evacuees are encouraged to register with Safe and Well, the American Red Cross website that enables people within a disaster area to let their friends and loved ones outside of the affected region know of their well–being. By logging onto the Red Cross public website, https://disastersafe.redcross.org, a person affected by disaster may post messages indicating that they are safe and well at a shelter, hotel, or at home, and that they will contact their friends and family as soon as possible.

People who are concerned about family members in an affected area may also access the Safe and Well website to view these messages. They will be required to enter either the name and telephone number, or the name and complete address, of the person about whom they wish to get information.

Be assured that the information on the Safe and Well website is secure and that information about the locations where people are staying is not published. Privacy laws require the Red Cross to protect each person's right to determine how best to communicate their contact information and whereabouts to family members. The Red Cross does not actively trace or attempt to locate individuals registered on the Safe and Well website.

HOTLINES:

The North Dakota Department of Emergency Services has set up a toll–free hotline for citizens with damage: 877–212–0316 7 am–7 pm (CDT)

Callers will be directed through a series of simple questions that should take only a few minutes. If needed, callers will also be referred to volunteer agencies that are providing assistance, including Lutheran Disaster Response North Dakota, a program of Lutheran Social Services of North Dakota.

Great Plains Food Bank accepting donations for Minot flood victims
The Great Plains Food Bank serve as the central collection point for donations of nonperishable food, personal care items and cleaning supplies to help residents in Minot and the surrounding area affected by flooding.

FARGO — The Great Plains Food Bank announced Thursday it will serve as the central collection point for donations of nonperishable food, personal care items and cleaning supplies to help residents in Minot and the surrounding area affected by flooding.

The products will be used for those seeking help at shelters and mobile feeding units, during clean–up efforts and at food pantries and other charitable feeding programs expected to see increased demand because of the flood.

“Whether it’s a few items or a few pallets, we know how passionately the Cass–Clay community responds to crisis,” Steve Sellent, program director for the food bank, stated in a news release. “With the severity of this disaster, we know that a tremendous amount of resources will be needed in the Minot region in the days and weeks ahead.”

Items may be dropped off at the Great Plains Food Bank at 1720 3rd Ave. N. in Fargo. Hours are 8 a.m. to 8 p.m. Friday and Saturday, noon to 5 p.m. Sunday and during regular business hours starting Monday.

The items will be sorted, and the first truckload of food is scheduled to arrive this morning in Minot.

An estimated 15 or more semi–loads will be distributed to the Minot region through donations from various food banks, food industry donors and items collected from the community, the release stated.

To volunteer for the effort, call the Great Plains Food Bank at (701) 232–6219.

Food donations also will be collected through July at Fargo–Moorhead’s six Hornbacher’s stores, four Sunmart stores, two Cash Wise Foods stores and three Walmart stores. Collection barrels will be clearly marked at the stores’ front entrances.

Food Pantries & Feeding Sites Directory:

http://www.lssnd.org/greatplainsfoodbank/food–pantries–feeding–sites.pdf

Feeding Hope
The Great Plains Food Bank touches the lives of more than 52,000 children, seniors and working families each year who struggle with, or are at risk of hunger. Each year over 5 million pounds of surplus food is donated by local, regional and national food industry partners. This food is then distributed to people in need through our statewide network of 230 member food shelves, emergency shelters, soup kitchens and other charitable feeding program in 80 communities.

Services offered: Demographic Served: Hungry; Demographic Served: Low Income Folks; Demographic Served: Survivors, Natural Disaster Impacted Communities; Food Distribution, Emergency/Disaster Food Distribution; Food Distribution, Food Bank ONLY (No Walk–In Service); Jobs, Paying; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates

If you live in the Minot area and are in urgent need of a car seat due to being evacuated or loosing a vehicle, etc. please contact Safe Kids Grand Forks at safekids @ altru.org I am the Coordinator and am trying to get a sense of how much need there is for seats in your community. Send me an e–mail and I will let you know what information I need. We will try to find a way to help!! Carma Hanson, Coordinator – Safe Kids Grand Forks at Altru Health System

FROM THE SITE:

Become a Member or Volunteer

Safe Kids Grand Forks is always eager to accept new members in our Coalition. If an individual, business, agency or service group has an interest in injury prevention and childhood safety, Safe Kids would love to have you as a Coalition member. There is no fee to join the Coalition and yet there are benefits you will receive by being a member. Any help or expertise you can share is greatly appreciated.

Safe Kids Grand Forks meets as a full Coalition once a month for most months during the year. Meetings are held routinely at Altru Health System (Building 1) on the second Thursday of each month, from 12:00 – 1:00 p.m. Lunch is served so a RSVP is appreciated (chanson@altru.org). Meeting notices and agendas are sent out in advance and members are also kept updated with meeting minutes, newsletters and emails. Anyone with agenda item requests should submit them to the Coordinator 2 weeks in advance. Safe Kids Grand Forks also has subcommittees that meet as needed to conduct business. These include:

Child Passenger Safety
Pedestrian and Wheeled Sports Safety
Water Safety
Home Safety
These subcommittees are also open to new members. For more information, contact the Safe Kids Grand Forks Coordinator.

If you or your organization/business is interested in serving as a volunteer at any of our coalition events, please contact the Coalition Coordinator for more details on how your help can be used. We are always in need of eager volunteers.

How To Donate

Safe Kids Grand Forks operates almost entirely from grant funding and donations from individuals. All donations made to the Coalition are spent on safety devices and injury prevention programs. Administrative costs for the Coalition are provided by the lead agency, Altru Health System.

Safe Kids Grand Forks has a fund set up with the Altru Health Foundation. Donations can be made by one of the following methods:

Donate online
Contact the Altru Health Foundation at (701) 780–5600
Contact the Coalition Coordinator
We are set up as a 501(c)3 corporation so your contributions are considered a charitable donation. If you are interested in providing a donation of products (i.e. car seats, bike helmets, smoke alarms, etc.), please contact Carma Hanson, Coalition Coordinator to make arrangements. Donations such as these are always welcome.

If serving as a project volunteer is how you are interested in donating, please contact the coordinator and your talents will be matched with the Coalition's many volunteer needs. We always have needs to fill for teens through adult aged helpers. Some activities include interactions at events, while others include "behind the scenes" prep work. We will match your skills to a volunteer project!

Thank you in advance for any help you can offer toward the goal of preventing childhood injuries. For more information on being an event or program sponsor, contact the coalition with your request.

Catholic Charities Responds to Minot Floods

Alexandria, Va. - Catholic Charities USA (CCUSA) and Catholic Charities North Dakota are coordinating with local organizations and preparing to assist with the impact of flooding in Minot.

“Thousands of people have evacuated and many are expected to lose their homes,” says Kathleen Rae King, Sr. Vice President of External Relations at CCUSA. “Once the immediate needs of Minot residents are met, they face an extensive rebuilding process that will require ongoing support.”

CCUSA and local Catholic Charities agencies are still in the process of rebuilding the lives and homes of Joplin, Missouri residents, while serving the flood–impacted areas of Louisiana, Mississippi and Tennessee, as well as various tornado–impacted communities across the country.

The impending Minot disaster - and projected recovery period - create a huge need for financial donations. Catholic Charities North Dakota will provide immediate relief to disaster victims in Minot, which will include food, shelter, utility assistance and other key services.

To help victims in Minot and other disaster–stricken areas, please visit the Catholic Charities USA Disaster Donation Page:

excerpt:
Dakota Family Services is an outreach mission for Dakota Boys and Girls Ranch, providing mental health outpatient therapy to residents in Minot and its surrounding area.

The organization has been housed at 600 22nd Avenue Northwest since it was established in 2008.

Their new offices will be located on the Boys and Girls Ranch campus, just west of Minot.

Boys and Girls Ranch PR and Marketing Director Carla Isom, says the new location will allow residential services to youth and community outreach, all at one location.

(Carla Isom, Dakota Boys and Girls Ranch) "As of August 3rd, we'll be seeing clients right out here at the Ranch, which is nice because it has the same mission as our Ranch programs for at–risk youth, and we'll have our therapists, psychiatrists, psychologists right on campus. And again, it's another way of us being great stewards of the mission that we have."

from website:

Minot Area Community Foundation (MACF) is establishing a fund to help the area in its long–term flood recovery needs. MACF will provide an initial contribution of $250,000 to establish the Minot Area Recovery Fund and has already begun fundraising efforts to meet the initial goal of $1 million. The Foundation will then work with other national, regional and local funding sources to meet or exceed an overall goal of raising more than $2 million.

The goal is to use the fund to play an active role in flood recovery efforts by supporting relief and restoration throughout the greater Minot area, including the counties of Ward, Renville, Bottineau and McHenry.

MACF will work through volunteer committees of community leaders to make grants from the Minot Area Recovery Fund to organizations providing direct services to individuals.

Early grants will be made to first responders, such as the American Red Cross, local soup kitchens, food pantries, etc. for flood relief efforts initially, then in the flood's aftermath, MACF will begin accepting grant applications submitted by qualifying organizations for flood recovery efforts. MACF will look to local nonprofit organizations, government agencies and religious organizations to provide funding in areas such as:

Rebuilding Assistance – construction materials, repairs, HVAC
Rental/Mortgage Assistance/Transitional Housing
Goods/Household Items – appliances, furniture & bedding, clothing
Services – childcare, legal, referral, transportation, animal care, community
Counseling/Health Services – behavioral health & physical health care
Direct Assistance – tax assistance, utilities
Food Assistance

"This flood is devastating. It will change the face of Minot, but it cannot damage the spirit. We see evidence of the strength in our community's efforts to date, and in the early support we have had for the fund," stated by Ken Kitzman, President, MACF.

CHECK SAFE & WELL –

SAFE & WELL –
Safe and Well Website Registration:
All flood evacuees are encouraged to register with Safe and Well, the American Red Cross website that enables people within a disaster area to let their friends and loved ones outside of the affected region know of their well–being. By logging onto the Red Cross public website, https://disastersafe.redcross.org, a person affected by disaster may post messages indicating that they are safe and well at a shelter, hotel, or at home, and that they will contact their friends and family as soon as possible.

People who are concerned about family members in an affected area may also access the Safe and Well website to view these messages. They will be required to enter either the name and telephone number, or the name and complete address, of the person about whom they wish to get information.

Be assured that the information on the Safe and Well website is secure and that information about the locations where people are staying is not published. Privacy laws require the Red Cross to protect each person's right to determine how best to communicate their contact information and whereabouts to family members. The Red Cross does not actively trace or attempt to locate individuals registered on the Safe and Well website.

HOTLINES:

The North Dakota Department of Emergency Services has set up a toll–free hotline for citizens with damage: 877–212–0316 7 am–7 pm (CDT)

Callers will be directed through a series of simple questions that should take only a few minutes. If needed, callers will also be referred to volunteer agencies that are providing assistance, including Lutheran Disaster Response North Dakota, a program of Lutheran Social Services of North Dakota.

We have been asked how individuals can go about making monetary donations or send care packages to the Air Force Base. Checks should be made payable to Operation Warm Heart, and mailed to The Airman & Family Readiness Center. Care packages can be sent to the same address.

The Airman & Family Readiness Center, 22 Peacekeeper Place, Minot AFB, ND 58722. Suggested items: personal hygiene products, snack items, children's games, books, magazines, linens, are just some ideas.

New Damage Requires Phone Call, But Not Re–Registration
Release Date: June 10, 2008
Release Number: 1763–012

DES MOINES, Iowa –– Iowa citizens affected by severe storms, tornadoes and flooding on May 25, who have already registered with the Federal Emergency Management Agency (FEMA), and have incurred additional damage, do not have to re–register with FEMA.

"Residents of Black Hawk, Buchanan and Butler counties who registered damage with FEMA only need to report additional damage to FEMA," said Federal Coordinating Officer Bill Vogel. Citizens can call FEMA's toll–free Helpline at 1–800–621–FEMA (3362) or TTY 1–800–462–7585 for the speech or hearing impaired, from 8 a.m. to 6 p.m. daily, or go online anytime at www.fema.gov to report new damage.

As of Monday night, June 9, more than 825 people from the designated counties had registered with FEMA. "The disaster declaration for the three counties receiving Individual Assistance is continuing," said State Coordinating Officer Pat Hall of the Iowa Homeland Security and Emergency Management Division (HSEMD). "Damage incurred by homeowners, renters, businesses of all sizes and non–profit organizations continues to be included."

Residents and business owners from Black Hawk, Buchanan or Butler counties who received new damage from severe storms, tornadoes or flooding should be registered with FEMA even if they have insurance. FEMA does not duplicate insurance payments, but insured applicants may be eligible for assistance for expenses not covered by insurance.

Individuals could receive assistance to help pay for uninsured temporary housing needs, essential home repairs and/or other serious disaster–related expenses, such as medical and dental expenses or funeral and burial costs.

Registration with FEMA is required separately from registration with any other disaster relief organizations. When registering, applicants should provide current contact information, insurance information, a brief description of damage sustained as well as the specific location of damaged property.

FEMA coordinates the federal government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters, whether natural or man–made, including acts of terror.

Denial Letter May Not Be Last Word on Disaster Assistance
Release Date: June 10, 2008
Release Number: 1760–011

JEFFERSON CITY, Mo. –– Don't despair if you received a letter from the Federal Emergency Management Agency (FEMA) stating that you have been denied for disaster assistance. It may be that FEMA cannot complete the assistance evaluation process until you supply additional personal information or insurance information.

An applicant may be denied assistance for various reasons, including insufficient storm–related damage or adequate insurance coverage. It's important that even if you have registered with FEMA, you call and keep them informed of any changes in your status. Also, be sure to call to update personal information or additional insurance information.

"A denial may mean that FEMA does not have all the information needed to make a decision regarding the applicant's disaster aid," said Michael Karl, federal coordinating officer for FEMA operations in Missouri. "Remember that this first letter may not be the last word."

There are several reasons why an applicant may receive a denial letter; many are easily fixed. The most common reason is that the applicants are insured. Indicated as "INS" or "IINS" on the denial letter, it simply means that FEMA requires more information on the insurance settlement before a final decision can be made.

Other common reasons for denial letters:

The applicant did not provide or sign the required documents.
The applicant did not prove occupancy or ownership.
The damage is to a secondary home or a rental property, not a primary residence. (By law, applicants are eligible for FEMA disaster assistance only if the damage is to their primary residence –– where the person usually lives and was living at the time of the disaster.)
Someone else in the household has already applied and received help.
The applicant registered before the disaster was officially declared for their county. (If this applies to you, be sure to call 1–800–621–FEMA (3362) to verify your status.)
If FEMA determines that applicants are not eligible for a federal grant, they may still be eligible for other assistance such as a low–interest disaster loan from the U.S. Small Business Administration, disaster unemployment assistance, and tax assistance.

"Federal disaster assistance is designed to help with uninsured or under–insured losses caused by the disaster," Karl explained. "The disaster funds give many a starting place or 'hand up' to begin the recovery process."

An applicant also has the right to appeal a denial in writing within 60 days from the date of the decision of the letter. Guidelines for appeals can be found in the "Help After a Disaster" handbook that each applicant receives. Applicants can also get guidance on this issue at any Disaster Recovery Center or by calling the FEMA Registration Helpline at 1–800–621–FEMA (3362) or TTY 1–800–462–7585. Lines are open from 8 a.m. to 6 p.m. seven days a week.

FEMA coordinates the federal government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters, whether natural or man–made, including acts of terror.

Insurance Doesn't Stop Disaster Aid
Release Date: May 31, 2008
Release Number: 1753–016

» More Information on Mississippi Severe Storms and Flooding
http://www.fema.gov/news/event.fema?id=9766

CLINTON, Miss. –– Don't despair if you receive a letter from the Federal Emergency Management Agency stating that disaster assistance is not available to you. It may be that FEMA cannot complete the assistance evaluation process until insurance claims are settled and submitted to FEMA for review. Insured applicants may still be eligible for disaster funds.

Federal disaster aid is designed to help with uninsured or under–insured losses caused by a disaster.

Any Mississippian who receives a letter from FEMA stating that a claim for federal assistance has been deemed ineligible because of insurance should contact their insurance company and request a settlement letter. That information and any new or additional information gained since the initial disaster assistance application was filed, should be mailed or faxed to the address provided in the letter from FEMA.

If FEMA determines that you are not eligible for a grant, you still may be eligible for Disaster Unemployment Assistance or a low–interest loan from the U.S. Small Business Administration (SBA).

SBA low–interest loans are available to homeowners, renters, businesses of all sizes and private nonprofit organizations.

For answers to questions regarding your application for assistance, call FEMA's Helpline at 1–800–621–FEMA (3362). The hearing– or speech–impaired should call TTY 1–800–462–7585.

FEMA coordinates the federal government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters, whether natural or man–made, including acts of terror.

Misunderstandings about Disaster Assistance
Release Date: May 30, 2008
Release Number: 1753–015

» More Information on Mississippi Severe Storms and Flooding

CLINTON, Miss. –– As many residents of Bolivar, Warren, Washington and Wilkinson Counties register with the Federal Emergency Management Agency for financial disaster assistance in recovering from their recent severe storm and flooding losses, others may have concerns that will prevent them from applying.

Here are responses to some of the more common concerns:

* I have insurance, so no other help is available.

False: FEMA will not duplicate insurance benefits, but you may be eligible for help with losses not covered or damage in excess of your coverage ("under–insured") if within FEMA's program limits.

* I don't have to wait for my insurance adjuster before I apply for disaster assistance.

True: Don't wait for an adjuster before applying for aid or starting repairs to make your house livable. However, you should save receipts for any work done and take photographs of your damage.

* I already repaired my home, I don't need to apply.

False: You might get reimbursed for expenses not covered by insurance or face unexpected expenses.

* I got help from the Red Cross, so I can't get help from FEMA or the state.

False: FEMA and the states coordinate a number of programs to help disaster victims. These programs are different from the emergency food, clothing and shelter initially provided by the Red Cross and other voluntary agencies.

* I got help from the Red Cross, so I'm already registered with FEMA.

False: Registration with the Red Cross is not the same as registration with FEMA. For federal and state disaster assistance, you must apply by calling 800–621–FEMA (3362) or the TTY number, 1–800–462–7585.

* I don't have to be poor to qualify for disaster aid.

True: Federal and state disaster assistance is available to those who suffered damage regardless of income. The programs are based on disaster–related needs and the assistance is income–tax free.

* I have to be turned down by my bank before I can apply for a disaster loan.

False: If you lived in a declared county you are eligible to apply for a low–interest disaster loan from the U.S. Small Business Administration. If SBA cannot approve your loan application you may be referred to other agencies for assistance, but that can't happen if you don't return your completed SBA application.

* I must own a business to apply for a loan from the SBA.

False: The SBA low–interest loan is the primary source of long–term recovery assistance for homeowners, renters and business owners. SBA covers uninsured or underinsured losses for real estate as well as personal property.

* I rent an apartment. I can't get help.

False: There are several types of assistance available to renters. One type of grant helps renters with temporary housing if they have to move because of disaster damage or loss. Renters also may qualify for an SBA low–interest disaster loan.

* I'm self–employed and out of work; I can't qualify for disaster unemployment benefits.

False: Disaster Unemployment Assistance, funded by FEMA and administered by the state, provides benefits for workers who would not normally qualify for unemployment compensation, including those who are self–employed.

* If I accept disaster assistance a lien can be placed on my home.

False. Disaster assistance is not a loan and does not have to be repaid unless it is an SBA low–interest loan.

FEMA coordinates the federal government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters, whether natural or man–made, including acts of terror.

FEMA site inspection:

After every disaster, people impacted by it will be contacted by a number of people representing voluntary organizations, construction companies, safety and building officials, and government agencies. High on the list is the call from the Federal Emergency Management Agency (FEMA) housing inspector.

On–site inspections are an important early step helping to speed aid to homeowners and renters suffering tornado damage. All inspectors carry photo identification and will have the FEMA registration number assigned to the person whose home is being inspected.

Only an official FEMA inspector will have the number that was provided during registration. The FEMA inspection is free. Again, beware of individuals attempting to charge for inspections or remodeling contractors claiming to be FEMA–approved. FEMA does not endorse construction firms.

When a FEMA inspector calls for an appointment, registrants should provide a clear, accurate description of the damaged property and current contact information. Registrants do not have to wait for the inspector to arrive before beginning repairs. Photos, contractor estimates, and receipts can be provided to FEMA inspectors to document the extent of the damage.

The inspection generally takes 30 – 40 minutes, and includes all areas of the home and personal property. The inspector enters damage–related information into a handheld computer and sends that data electronically to FEMA. The inspector does not determine whether a registrant is eligible for assistance, nor the amount of assistance an individual may receive.

Common Misunderstandings May Cause Victims To Miss Disaster Assistance

In the first few weeks following a disaster, residents may be misled by half–truths and rumors about how to get help and the various assistance programs that are available. When residents suffer losses, the last thing they need is misinformation.

Disaster officials stress that notifying state, county, or local officials or registering with voluntary agencies such as the American Red Cross is NOT the same as registering with FEMA. To register for federal assistance, applicants must call FEMA's toll–free number, 1–800–621–FEMA (3362) or TTY 1–800–462–7585 for the speech– or hearing–impaired, available from 8 a.m. to 6 p.m., local time seven days a week until further notice. Multilingual operators are available to answer calls. Residents with Internet access can register on the agency's Web site at www.fema.gov, where valuable recovery information also is available. The deadline to apply for assistance is March 31.

Answers to some common questions about disaster assistance:

* I got help from the American Red Cross; can I still apply to FEMA if I need assistance?

Yes. FEMA coordinates a number of programs to help disaster victims. These programs are different from the emergency food, clothing and shelter initially provided by the American Red Cross, Salvation Army and other voluntary agencies.

* I don't really want a loan; do I still need to fill out the SBA application when I receive it?

Yes. If you do not qualify for a loan, you may be considered for other forms of assistance. You may qualify for the "Other Needs Assistance" program that is designed to help meet serious, disaster–related needs. However, you must complete and return the SBA loan application. If the loan application is not returned, you may not be considered for further FEMA assistance.

* I have flood damage to my vacation home. Can I get help with repairs to a damaged secondary residence?

No. FEMA only provides assistance for your primary residence.

* I have insurance. Is there other help available to me?

Yes. Insurance is your main source for money to put your life back in order after a disaster, but there are many things that insurance does not cover. This is where federal disaster programs may be able to help. You may find that you are "underinsured" and disaster assistance can help make up the difference.

* Do I have to wait for my insurance adjuster before I apply for disaster assistance?

No. You do not have to wait for an agent or adjuster's inspection before applying for assistance or beginning repairs needed tomake your house safe, sanitary and functional. However, if you have insurance, you should find out what your policy covers. Be sure to keep papers and receipts for any repair work. If you still have unmet disaster–related needs, call FEMA to apply. Initially, you may not be eligible for assistance until you are able to provide additional insurance settlement information. This is a necessary step to avoid a duplication of benefits.

* I already repaired my home. Is it too late to apply?

No. You could qualify for reimbursement of expenses not covered by your insurance.

* Do I need to make an appointment at the Disaster Recovery Center (DRC) to register for assistance?

No. But you should register for assistance prior to visiting the DRC.There are two ways to register for assistance. After you have registered by phone or on–line you are encouraged to visit a Disaster Recovery Center for additional information or assistance. No appointment is necessary, and you may visit any DRC even if it is not located in your town or county. U.S. Small Business Administration (SBA) officials are also available to assist with low–interest disaster loan applications for homeowners, renters and businesses of all sizes. In addition, information is available about ways to reduce damage in future weather events.

* Are only low income residences qualified for disaster assistance?

No. Federal disaster assistance programs may be available to those who suffered damage, regardless of income. The programs are available to any eligible applicant and are not income based. The kinds of help provided depend on the applicant's circumstances and unmet disaster–related needs.

* Do I have to be turned down by my bank before I can apply for a disaster loan?

No. The SBA, which handles low–interest disaster loans, has its own criteria for determining each loan applicant's eligibility. The SBA will decide whether or not you are able to repay a loan. If you are not qualified for a loan, you may be eligible for other assistance. FEMA's temporary housing assistance and grants for public transportation expenses, medical and dental expenses, and funeral and burial expenses do not require individuals to apply for an SBA loan. However, applicants who receive SBA loan applications must complete and return them to SBA to be eligible for assistance that covers personal property, vehicle repair or replacement, and moving and storage expenses.

* Can I apply for a loan from the SBA even if I'm not a business owner?
Yes. Don't let the name fool you. Renters and homeowners may be eligible for low–interest disaster loans for home or personal property losses, based on the type and extent of "uninsured" or "underinsured" disaster–related losses. In a presidential declaration, SBA is the primary source of long–term financial assistance. The SBA offers disaster loans up to $200,000 to repair disaster–damaged primary residences. Homeowners and renters are eligible for up to $40,000 to replace damaged personal property such as furniture, automobiles and clothing. Loans to businesses of all sizes and nonprofit organizations up to $1.5 million are available to repair or replace damaged real estate, machinery and equipment, supplies, and inventory. For information on SBA low–interest loans, residents and business owners in the eligible counties should call 1–800–659–2955 or visit the SBA Web site at www.sba.gov.

* I rent an apartment. Can I get help to replace my damaged property?

Yes. A renter also may qualify for an SBA low–interest disaster loan or a grant from other sources to replace personal property. One type of grant may cover temporary housing needs if a renter has to move to another dwelling. Another type of grant may be available to eligible individuals or families with serious disaster–related needs and expenses not covered by insurance or other disaster–assistance programs.

* If I am an undocumented immigrant, am I eligible for any assistance?

Yes, you may be eligible under many different programs run by state and local agencies and voluntary agencies for various types of cash assistance. You will not be eligible personally for FEMA cash assistance programs (Individuals and Households Program Assistance). You may, however, apply on behalf of your U.S. citizen child, or another adult household member may qualify the household for assistance. Even if you or your family do not qualify for FEMA cash assistance (Individuals and Households Program Assistance), please call FEMA at 1–800–621–3362 or TTY 1–800–462–7585 for hearing– or speech–impaired for information and to be referred to other programs that can assist you regardless of your immigration status.

FEMA coordinates the federal government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters, whether natural or man–made, including acts of terror.

Hours	varies by location
Serves	Nationwide
Eligibility	Impacted by Federally Declared Disasters
Service	Temporary

To find an Open DRC, got to the website above, or go directly to FEMA's very useful "DRC Locator" and enter your location to find an open DRC:

2011 Note: This appears to be a VERY ACCURATE and up to date tool/database. We'll still keep listing separate entries, if only to provide local news that's not listed in the FEMA locator.

***

Open DRCs – CHECK WEBSITE FOR Current Status!!!

Please note that we are updating this page on a weekly basis as new DRCs are opened and existing DRCs are closed. We recommend that you tune–in to your local media for the most up–to–date information on area openings and closings.
About DRCs

A Disaster Recovery Center (DRC) is a readily accessible facility or mobile office where applicants may go for information about FEMA or other disaster assistance programs, or for questions related to your case.

NOTE: You can register for assistance at a DRC or you can register online or by calling 1 (800) 621–FEMA (3362). The TTY number is 1 (800) 462–7585 for those who are speech– or hearing–impaired.

Some of the services that a DRC may provide:

* Guidance regarding disaster recovery
* Clarification of any written correspondence received
* Housing Assistance and Rental Resource information
* Answers to questions, resolution to problems and referrals to agencies that may provide further assistance
* Status of applications being processed by FEMA.
* SBA program information if there is a SBA Representative at the Disaster Recovery Center site.

Go to the link above to find RED CROSS sponsored shelters. (there are usually MANY MORE shelters other than "Red Cross sponsored" shelters...run by local gov't, run by private groups)

[Editor's NOTE: we've noticed lately that the link DOES NOT WORK for people who don't allow cookies and other surveillance apps on their devices. The Red Cross is a great org, providing badly needed first response. However, we do not like that the link doesn't work on ANY device, and fear that this is a trend that's related to the "need" for large non–profits to gather a ton of personal info before they will help you. If that's the case, shame on you Red Cross. If it's not the case, please excuse our ignorance]

See the map at the link for open shelters. Below that is a list of openshelters.

You can also search by state/address.

Open Shelters are flagged. Put your mouse over a flag to get more info, click on it, and give it a moment and you'll see the address of the shelter and a capacity (number of people), if the information is available.

Here's the old address, that doesn't work as well, but for reference purposes: http://app.redcross.org/nss–app/

Renters Should Not Miss Out on Disaster Assistance

Release Date: July 13, 2011
Release Number: 1974–107

NASHVILLE, Tenn. –– If you think you are automatically ineligible for federal disaster assistance because you do not own a home, think again.

Renters, too, may qualify for help from the Federal Emergency Management Agency and other sources if they experienced losses in the recent severe storms, tornadoes and flooding.

"Disaster aid is not limited to homeowners," said Tennessee Emergency Management Agency Director Jim Bassham. "Thanks to rental support programs, many renters who sustained damage in this disaster can receive the boost they need to get back on their feet."

"The storms and flooding that hit Tennessee didn't discriminate between homeowners and renters," agreed the Federal Coordinating Officer, W. Montague Winfield. "FEMA is here to ensure that all survivors get the assistance they are eligible to receive."

FEMA offers two kinds of help to eligible renters:

* Money to rent a different place for a limited time while repairs are done to a home that was made uninhabitable by the storms, tornadoes and flooding;
* Free assistance in finding replacement rental property.

Renters and homeowners alike may also be eligible for Other Needs Assistance, designed to help survivors with uninsured necessary expenses and serious needs caused by the disaster. This money can be used for:

* Disaster–related medical and dental expenses;
* Replacement or repair of personal property, including clothing, tools, equipment and household items such as room furnishings and appliances;
* Vehicles damaged by the disaster.

To qualify for any of this aid, renters must register with FEMA by Aug. 9, 2011.

To register by phone, call 800–621–FEMA (3362) from 7 a.m. to 10 p.m. local time. The TTY number is 800–462–7585.

By computer, go online to www.DisasterAssistance.gov or by smartphone or tablet to m.fema.gov.

Disaster recovery assistance is available without regard to race, color, religion, nationality, sex, age, disability, English proficiency or economic status. If you or someone you know has been discriminated against, call FEMA toll–free at 800–621–FEMA (3362). For TTY call 800–462–7585.

FEMA's housing assistance and Other Needs Assistance grants for medical, dental, and funeral expenses do not require individuals to apply for an SBA loan. However, applicants who receive SBA loan applications must submit them to SBA loan officers to be considered for assistance that covers personal property, vehicle repair or replacement, and moving and storage expenses. Applicants who do not qualify for a SBA loan may be eligible to receive Other Needs Assistance grants for these items.

FEMA's mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.
