Fundraising:
Fundraising is a critical part of CTC's success.

While 'Flavors of Carlton' is our major annual fundraiser, several programs throughout the year offer the opportunity to raise additional much-needed funding for us.

Additional fundraising programs include:
- Flavors of Carlton Event -
- Carlton Fun Days BBQ-
- Reflections of Carlton, Book sales -

- Tiger's Rage Softball Christmas Wreaths Sales -

Guided by our Board of Directors and Members, CTC programs are designed in response to local needs. The majority of our focus is on serving youth and families programs and prevention services.

CTC is always recruiting new Members to join. If you are interested in joining CTC please contact our office at 503-852-4405. ONLINE membership form available

History:
Yamhill Communications Agency (YCOM)

YCOM is the primary answering point for emergency and non emergency calls for police, fire and medical dispatch for all of Yamhill County, except the cities of Newberg and Dundee, which are dispatched by Newberg Dispatch Center. The geographical area of Yamhill County encompasses 729 square miles with 79,000 residents, five law enforcement agencies, nine fire departments and three medical districts.

YCOM also provides a TDD phone system for hearing impaired residents of Yamhill County and a 24 hour language line service that assists the dispatcher in providing and interpreting for most all languages. These features assist the dispatcher in providing prompt emergency responses to all of Yamhill County's residents.

NOTE (Excerpt from Yamhill Emergeny Management General_EOP.pdf)

Emergency Radio Communications. If it becomes necessary to abandon the Primary EOC, and therefore abandon communications, a secondary means of emergency communications will be needed.

There are several alternatives and the Communications Manager will be charged with the responsibility of making the decision on which alternative to choose.

These alternatives are:
1. An alternative full–service radio center (YCOM, Newberg, WCCCA, Salem);
2. Mobile radios from police and/or fire vehicles;
3. Yamhill County Sheriff's Office Mobile Command van;
4. Yamhill County Amateur Radio Emergency Service (YCARES).

Mission: To support our emergency communications partners by promoting a standard for training, certification, and accreditation of operators in Oregon

Goals:

•To develop training programs for Amateur Radio Emcomm Resources that meet the training needs of municipal, county, state, federal and private served agencies.

•To manage a certification process for graduates of training programs which provides credentials that are consistent with NIMS/ ICS resource typing.

•To evaluate and accredit training programs and instructors for emergency communication training.

•To develop and promote exercises in communications preparedness that allow operators to apply their learned skills.

History: Amateur radio has a long history of supporting agencies in need with a variety of communications services in the event of an emergency. Traditionally these services have been available under either a Radio Amateur Civil Emergency Services (RACES) program as outlined by the Federal Communications Commission (FCC), an Amateur Radio Emergency Services (ARES) program outlined by the Amateur Radio Relay League (ARRL), or a combination of both programs. The Oregon ACES program includes other emergency communications services including RACES, ARES, Civil Air Patrol (CAP), Community Emergency Response Team (CERT), Radio Emergency Associated Communications Teams (REACT), US Coast Guard Auxiliary (USCGA), Military Auxiliary Radio Service (MARS), Salvation Army Team Emergency Radio Network (SATERN) and others that can provide specific communications solutions.

What We Do
We provide direct, immediate, one–time financial assistance to individuals and families facing a crisis or emergency.

By providing funds at critical times, we aim to help recipients avoid extreme hardship and also help keep them from entering the downward spiral of poverty.

Most of our recipients are low–income adults who, because of a crisis or emergency, cannot afford:

a car repair, a heating bill, a medical prescription or examination, a monthly bus pass, a deposit on an apartment, a rental payment in the face of eviction, or some other expense of critical importance.

We often work in cooperation with churches, government agencies, and other nonprofits. At this time of economic hardship, many charities and social service agencies are stretched to the limit. We can provide last–resort assistance for those who have nowhere else to turn.

SHOP ~ VOLUNTEER ~ DONATE
The McMinnville Area Habitat For Humanity ReStore needs your donations. We accept new or used building supplies, appliances, and many other items. Most building materials and home furnishings that are in good condition can be recycled through the ReStore, saving you landfill costs and providing a tax deduction as well. The ReStore resells your new and used items (as well as corporate donations) for 50% to 70% below retail prices. All profits from ReStore sales assist our McMinnville Area Habiat affiliate in reaching their mission to partner with low–income families by offering homeownership opportunities through the construction of simple, safte and affordable homes.

The ReStore does provide donation pickup services when scheduled in advance. To schedule a pick up call 971–237–0028.

The ReStore is continually looking for VOLUNTEERS! What a way to support Habitat for Humanity and make a difference in our community. The ReStore volunteer duties include, cashier, accepting donations, cleaning, pricing and stocking donated items and most important, customer service! If this is something you would like to do please contact [ Tonya House ], 503–435–9936.
You may also sign up today by visiting our volunteer page and filling out the volunteer request form!

Yamhill Food Bank –
FOOD DISTRIBUTION
We provide food, organizational and technical support to a countywide network of Partner Food Agencies of emergency food box pantries, soup kitchens, group meal sites and a gleaner group. There are 25 partner agencies total: 13 pantries, two soup kitchens, nine group meal sits and one gleaner group. We work hard to ensure that boxes/meals are healthy and have a variety of good food groups including fresh fruits and vegetables, protein, cereals and grains.

Available food depends on what has been donated.

Client Services & Housing–
YCAP operates three shelter homes in Yamhill County—one in Newberg and two in McMinnville. The shelters house single women and families with children. Fourty-one homeless families were served in 2010-2011 for a total of 7,704 shelter nights.

When life circumstances change its easy to become overwhelmed and not know where to turn. Our case managers work with individuals in emergency situations to review their options, find needed resources and create individualized solutions to help the person get back on their feet.

ENERGY –
http://www.yamhillcap.org/energy-services/

Lowering the amount of energy consumption in the home lowers energy cost. For the elderly, disabled or disadvantaged families, increased energy costs in the home have become a barrier to making necessary purchases such as medication, food or clothing. Our Energy Services help households evaluate their energy usage and provide energy education and weatherization. In addition, depending on income level, they may offer assistance with energy expenses.

TRANSPORTATION –
http://www.yamhillcap.org/transportation/

Important steps to self-sufficiency can hinge on transportation. Whether it's a job interview, shopping for groceries or a doctor's appointment - getting there is important. We provide 80% of Yamhill County's public transit service through a contract with Yamhill County Transit Area. There is bus service in McMinnville, to local Yamhill County cities and to connector cities outside the area, like Salem and Hillsboro. Dial-a-ride provides passengers with curb-to-curb service. Free medical transportation to Portland hospitals and doctors is available via our Volunteer Medical Transportation (VMT) program in cooperation with the VA.

Transit Services include:

* Dial-a-Ride
* Medical Transportations
* Bus Service in McMinnville, between Yamhill County cities, and to Salem and Hillsboro (Max Station)
* Connection to Newberg and Sherwood

Youth Outreach
http://www.yamhillcap.org/youth-outreach/

Youth Outreach successfully addresses the needs of at-risk youth, ages 10-21, in Yamhill County by creating partnerships with public and private agencies, community groups and individuals, and youth themselves to fund and implement creative, supportive, cost effective programs. These programs are grounded in positive youth development and include services such as: case management, support/skills groups (both youth and family), school liaison services, youth leadership development opportunities, quality afterschool programs, street youth outreach, homework club and study hall, emergency youth shelter called "SafeShelter" and an evening "Drop-In" Center - designed to get at-risk youth "off the streets".

Our main office is located in Newberg at 719 E. First Street and our operating hours are 9:00 am - 9:00 pm Monday through Friday year round. Our office number is 503.538.8023 and our YouthHelpLine is 1.866.538.8023. All of our services are free.

Brief Description: The CERT program in Yamhill is designed to provide area residents with an opportunity to make a contribution to their community by being part of a legitimate and needed community service organization. The intent of the organization is to provide preparedness training to individuals and form those trained individuals into neighborhood teams. It is anticipated that

during and immediately following a major emergency or disaster these trained individuals will look after and care for their families, evaluate the status of their neighborhood, and then if possible, be available to offer assistance to professional responders. Our members understand the value of citizen preparedness and wish to share that knowledge and expertise with others.

Our program is consistent with the National CERT program and is open to all residents over the age of 14, at no charge. Graduates are provided a modest set of equipment and an indentification card. Regional emergency service agencies are being made aware of these teams and their abilities, and the fact that they can be a vital asset in responding to a real–world event. Our program covers the entire county and our goal is to train and develop multiple teams in each of our ten cities. Once developed we will retain the teams through a program of on–going training and community involvement.

Communities under this CERT is:
Newberg/Dundee CERT

National:
The Community Emergency Response Team (CERT) program helps train people to be better prepared to respond to emergency situations in their communities. When emergencies happen, CERT members can give critical support to first responders, provide immediate assistance to victims, and organize spontaneous volunteers at a disaster site. CERT members can also help with non–emergency projects that help improve the safety of the community.

The CERT course is taught in the community by a trained team of first responders who have completed a CERT Train–the–Trainer course conducted by their state training office for emergency management, or FEMA's Emergency Management Institute (EMI), located in Emmitsburg, Maryland. CERT training includes disaster preparedness, disaster fire suppression, basic disaster medical operations, and light search and rescue operations.

Over the next two years, the CERT program aims to double the number of participants, with over 400,000 individuals completing the 20 plus hours of training. Train–the–Trainer sessions will be held in all 56 states and territories over the next year to expand the program throughout the United States.

Faith in Action coordinates volunteers to help people who face challenges related to health or aging.

Caregivers – Volunteers help older adults with light housekeeping, yardwork, minor repairs, meal and library book delivery, transportation to appointments, and making friendly visits.

Family Friends – Volunteers befriend a child with special needs due to a chronic health condition or disability, offering love, companionship and support to the entire family.

Strong for Life – Volunteers coach older adults in an easy to follow fitness routine designed to improve strength, function, and balance.

Volunteers are trained to respectfully and compassionately help older adults and children with special needs and their families. Volunteers are the heart of Faith in Action. By sharing a few minutes a month or an hour or two each week, you assure the well–being of your neighbors.

Volunteers opportunities (updated 10/12/09):

Housekeeping – We have several requests light housekeeping – either one time cleanings or regular, twice a month visits to the same person.

Exercise coaches – Call Deana to find out how you can be a volunteer coach. You can help others lead a healthy life and get your daily exercise in at the same time!

Do we have your email address on file? If that's a good way to contact you, please send your email so we can update our files!

Volunteer applications, screenings, and training/orientations must take place before matching with a person in need. Please call today to find out how you can help!

2007 Winter Storm

While Yamhill County was not among the hardest hit, the city of Sheridan saw flooding in much of downtown, according to Capt. Ken Summers of the Yamhill County Sheriff's Office.

"They were hit hard, with a foot to 18 inches of water," he said. "(More than) 100 homes were damaged."

"We're still finding damaged homes," Eckhardt said, adding that his department requested that 40 Sheridan residents evacuate their homes, while about half that number left voluntarily, after the Yamhill River topped its banks and flooded the north side of the city.

The storm also washed out rural roads in the Carlton and the Lafayette area. At present, Poverty Bend, Jernsteadt, Burns and Kutch Roads remain closed, and a bridge on North Valley Road near Laughlin Road is closed, after high waters weakened its supports.

Statewide, 58,000 households lost power and more than 1,000 people were forced to evacuate. Three people lost their lives during the storm.
