NEWS RELEASE: Operation USA to Aid Domestic Relief Efforts in Wake of Hurricane Sandy
FOR IMMEDIATE RELEASE

OPERATION USA TO AID HURRICANE SANDY RELIEF EFFORTS IN US

LOS ANGELES, CA (October 30, 2012)—Los Angeles-based International relief agency Operation USA announced today that it will provide emergency aid where needed across the Eastern Seaboard in the wake of Hurricane Sandy.

The storm, which has left millions of people without power and caused flooding through a wide swath of the nation's most populous region, has been described as the worst "superstorm" in 100 years, colliding with cold weather fronts from the west and north. Threatening roughly 50 million people in the eastern third of the country. President Obama has signed the state of emergency declaration in the District of Columbia, Massachusetts, New York, Connecticut, Pennsylvania, Maryland, Rhode Island and New Jersey.

Operation USA is ready to send essential aid where needed—from emergency, shelter and cleaning supplies, to assisting community health clinics restore services to best serve their communities.

The agency has previously announced that it is working to aid relief efforts in storm impacted Haiti and Cuba—focusing its efforts on providing access to safe water, support for long-time hospital and clinic partners. Operation USA staff in Haiti are assessing shelter, safe water, food and other needs.

HOW TO HELP:
Donate online at www.opusa.org, by phone at 1.800.678.7255 or, by check made out to Operation USA, 7421 Beverly Blvd., Los Angeles, CA 90036. Text AID to 50555 and donate $10 to Operation USA's disaster relief efforts.

Corporate donations of bulk quantities of disaster-appropriate supplies are also being requested. United and Continental air miles can also be donated to Operation USA through United Airlines Charity Miles program at www.united.com.

NEWS RELEASE: Tsunami Hits Japan After Massive Earthquake-OpUSA Prepares Aid

FOR IMMEDIATE RELEASE

OPERATION USA TO SEND EMERGENCY AID TO JAPAN FOLLOWING 8.9 MAGNITUDE EARTHQUAKE

LOS ANGELES, CA (March 11, 2011)—Los Angeles–based International relief agency Operation USA announced today that it will prepare to aid Japan as necessary as part of the relief efforts following the earthquake that hit last night.

The 8.9 quake, the most powerful recorded in Japan's history, struck 250 miles north–east of Tokyo, trigerring a massive Tsunami. The earthquake hit at 1446 local time at a depth of about 24km, causing great human loss and extensive damage to infrastructure.

Although the death toll is unclear, the first police reports indicate that approximately 300 bodies have been found. Many people are still missing.

Tsunami warnings have been issued across the Pacific to North and South America.
Operation USA appeals for donations of funds from the public. The organization also calls for bulk corporate donations of health care materials, which it will ship to the region from its base in the Port of Los Angeles.

HOW TO HELP:
Donate online at www.opusa.org, by phone at 1.800.678.7255 or, by check made out to Operation USA, 3617 Hayden Ave, Suite A, Culver City, CA 90232.

Corporate donations of bulk quantities of disaster–appropriate supplies are also being requested. Air miles can also be donated to Operation USA through United Airlines Charity Miles program at www.united.com.

NEWS RELEASE: Earthquake Strikes Chile-OpUSA Prepares Aid
FOR IMMEDIATE RELEASE

OPERATION USA TO SEND EMERGENCY AID TO CHILE FOLLOWING 8.8 MAGNITUDE EARTHQUAKE

LOS ANGELES, CA (February 27, 2010)—Los Angeles–based International relief agency Operation USA announced today that it will send medical aid to Chile as necessary as part of the relief efforts following the earthquake that hit last night.

The 8.8 quake hit off the coast of central Chile, about 200 miles southwest of Santiago, the capital. First reports count over 100 people dead, with numerous collapsed buildings and roads, phones and power grids—as well as tsunami warnings triggered as far away as Hawaii and Japan.

Operation USA appeals for donations of funds from the public. The organization also calls for bulk corporate donations of health care materials, which it will ship to the region from its base in the Port of Los Angeles.

HOW TO HELP:
Donate online at www.opusa.org, by phone at 1.800.678.7255 or, by check made out to Operation USA, 3617 Hayden Ave, Suite A, Culver City, CA 90232.

Text REBUILD to 50555 and donate $10 to Operation USA's disaster relief efforts in Chile.

Corporate donations of bulk quantities of disaster–appropriate supplies are also being requested. Air miles can also be donated to Operation USA through United Airlines Charity Miles program at www.united.com.

HAITI-NEWS FROM THE FIELD: 30 days later… A letter from Fr. Rick Frechette
On the one month anniversary of the January 12 earthquake, we wanted to share this letter from one of our local partners in Haiti-doctor and community organizer Father Rick Frechette. He and his small team have built an orphanage, medical clinics, street schools, and a pediatric hospital (St. Damien's Pediatric Hospital/St. Luke's Schools) that Operation USA is proud to support.

Material Aid –
Women and Children –

offices in both Los Angeles and New York

In Kind/Product Donations
One of the most compelling images of a relief operation is an air drop into a remote region of a poor country, or an area ravaged by natural or man–made disaster. That sturdy iconic crate carries far more than urgently needed supplies. It brings hope for the recipients—made possible by the generous corporations providing materials and support to make the delivery possible.

Operation USA's logo of a DC–3 airplane plays to that symbolism, but behind the symbol is the day–to–day running of a materials–based relief program and the importance of what goes inside the box. Our material aid program is dependent on listening to the needs of the communities we work with; reliable partners at home and abroad; and sending aid in the most expeditious and economical way. Over the past 30 years, we have matched materials with real–time needs around the world—delivering $350 million in relief and development aid to 99 countries.

Operation USA maintains a 24,000 sq. ft California Board of Pharmacy–licensed warehouse at the Port of Los Angeles and a 5,000 sq. ft warehouse in the Port of San Francisco where donated items are received, staged and stored. Our shipments typically include a range of donated materials, such as medical supplies and equipment, medicines and vitamins, education and shelter materials.

2012 HURRICANE SANDY –
We're Nourishing Hurricane Sandy Victims...With Your Help.

FACEBOOK –
http://www.facebook.com/nourishamerica

Nourish America is committed to provide the daily essential nutrition that impoverished American children, families, pregnant moms, and seniors and others in need require to live productive, successful lives.

We do this by providing them nutrient rich foods and products such as vitamin supplements and nourishing foods (including naturals and organics). Our distribution network includes thousands of volunteers and staff who work at hundreds of Nourish America partner organizations and agencies serving those in need across all 50 states.

Nourish America partners include public schools, churches, Head Start, Healthy Start and WIC programs, homeless and battered women shelters, public health departments, medical clinics, the American Red Cross, Volunteers of America, Salvation Army, Boys and Girls' Clubs, Feed the Children, Native American programs, YMCA and YWCA, City Park and Recreation Departments, hospital outreach programs, National Guard units, area Councils on Aging, public health departments, medical and nursing school community outreach programs, and many other community and faith–based organizations.

Disaster Response
When a major disaster falls upon U.S. citizens, Nourish America is quick to respond by providing nutrient support to those who are traumatized by fear and loss. After Hurricane Katrina, Nourish America provided nutritional support to tens of thousands of children and their parents through the American Red Cross, Salvation Army, New Orleans Health Department and through its own distribution network throughout the Gulf States.

Last year Nourish America supplied nutritional support to hundreds of thousands of evacuees, disaster victims as well as emergency workers at disasters such as Hurricane Ike, California Wildfire Crisis, Midwest Flooding Crisis. Thanks to our donors we were able to provide over four million dollars of nourishing foods and supplements such as protein bars, energy drinks, multi–vitamins. As climate changes continues to create natural disasters from coast to coast, Nourish America will continue to respond quickly to help those in need.

“When the life of an entire region is turned upside–down with a storm the size of the state of Texas, people emerge who really come to the rescue,” said State Representative Debbie Riddle. “My constituents and I cannot adequately put into words the depth of gratitude that we feel for the people from Nourish America and its donors who have hearts bigger than the hurricane and who have been so generous providing water and nutrition when we needed them most. They were absolutely precious to so many.”

Hurricane Helene [2024] response: https://www.americares.org/crisis–alerts/us–hurricane–helene/

Americares: Americares focuses on medical aid, helping communities recover from disasters with access to medicine and providing personal protective equipment and medical supplies. To help Hurricane Helene victims, Americares has set up a donation page.

source: https://eu.statesman.com/story/weather/hurricane/2024/09/27/hurricane–helene–how–help–victims–relief–organizations–charities/75412916007/

Gaza Response: https://www.americares.org/emergency–program/israel–gaza–war/

FROM THE SITE 10/28/12 (LTEL):

As Hurricane Sandy blasts its way north from the Caribbean, where it claimed more than five dozen lives, AmeriCares stands prepared to rush emergency aid and, if needed, deploy relief workers to areas hardest hit by the oncoming storm.

Our U.S. and ER teams have reached out to 130 response partners in several states to assess potential needs and will be in continued contact as the storm progresses. In the meantime, our stock of targeted medicines and supplies is positioned for immediate shipment, with special focus on chronic care meds, first aid, water, family emergency kits, and other relief supplies.

“This storm is going to affect the densely populated Eastern seaboard, and is likely to cause significant damage to homes and businesses and disrupt transportation systems,” said Garrett Ingoglia, AmeriCares vice president of emergency response. “This is going to be a very serious storm, and we are ready to help in any way we can.”

The monstrous, Category 1 storm is predicted to make landfall on the mid–Atlantic shore on Monday, October 29, merging with a powerful cold front as it pounds its way northward and inland. Damaging 60–80 mph winds, torrential rains, dangerous storm surges, flooding, heavy snow in higher elevations and widespread power failures are expected. Officials estimate that the slow–moving system could affect 50–60 million people from the East Coast to the Great Lakes.

A state of emergency has been declared in 8 states, and mass evacuations ordered in many coastal areas. The New York City mass transit and subway system are closing at 7:00 pm October 28 in anticipation of the storm's wrath.

Hurricane response continues in Haiti
Regardless of the hurricane's track, preparation is essential for people living in the storm’s path.

In Haiti, where the storm caused severe flooding this week, AmeriCares responded swiftly with deliveries of cholera treatment and prevention supplies. The Haiti team also prepared hundreds of family emergency kits with disinfectants, cleaning products and first aid supplies, and replenished a dwindling stock of emergency medicines at a major hospital in Port–au–Prince.

Support AmeriCares relief efforts as we prepare for and continue to respond to Hurricane Sandy.

DOCUMENTS: http://www.nvoad.org/documents.php

The documents found on this page help to define the VOAD movement. Permission is given to duplicate and distribute them subject to clear identification of both the author and National Voluntary Organizations Active in Disaster (NVOAD) as well as the web address from which the information was retrieved: http://www.nvoad.org. In this way, we hope that they will be of value to others around the world serving the cause of disaster response and relief.

~~~~~~~~~~~~

Web site has links to the state level VOAD chapters. State level VOADs maintain on-going networks of disaster managers that
~~~~~~~~~~~~

remain on standby and operate planning sessions and prepare planning documents. During disasters, these networks become fully activated in disasters and have daily conference calls that may be useful for determining where supplies are needed and destinations for sending. The state level VOADs differ widely in the sophistication of their planning documents. Some maintain online lists of contacts, including cell phones, and alternate cell phones, as well as emergency shelters and other useful information on a state and/or regional level. Others barely have an online presence.

http://www.nvoad.org/membersdb.php?members=State

The actual VOAD members include local Red Cross and Salvation Army chapters as well as faith orgs and local/regional orgs with specific missions. It is a membership–fee oriented organization, which is starting to welcome grassroots groups which have a proven history of success in being helpful to VOADs and other local/regional disaster relief/recovery operations.

2010 OIL SPILL
http://www.humanesociety.org/news/

June 17, 2010
More Must Be Done for Gulf Wildlife
an email from HSUS president, Wayne Pacelle, to HSUS members
http://www.humanesociety.org/news/news/2010/06/fort_jackson_slideshow.html

NVOAD SitRep 6/16/10
The Humane Society of the United States (HSUS) is responding to the oil spill by assessing the state of field and marine life and donating pet food. The President and CEO of HSUS, Wayne Pacelle, is leading a team of marine biologists, wildlife experts and veterinarians, along with Senator Vitter of Louisiana, in a multi–state field assessment of the impact of the oil spill on animals and birds.

In response to the increased relinquishment of dogs since the oil spill, HSUS coordinated the donation of 12.5 tons of pet food to Plaquemines Animal Welfare Society, a no–kill shelter, and St. Bernard parishes for distribution to their residents. As part of their assessment the group visited an established bird care center in Plaquemines Parish and saw hundreds of birds in various stages of oil contamination treatment. The need for additional resources was noted. A similar situation involving turtles was witnessed at the Audubon Nature Institute, where approximately 50 turtles, mostly juvenile endangered Kemp's ridley turtles, were being treated and rehabilitated. HSUS will continue their assessment of field and marine life along the Gulf Coast and plan for the long–term effects of the spill.

The HSUS Releases Preliminary Assessment of BP Oil Spill at Press Conference in La.
HSUS President and CEO Wayne Pacelle calls impact on wildlife far–reaching and the task monumental

Visit the website and you'll find more information about preparing your animals for disasters. Consider how you can become a National Disaster Animal Response Team member and attend a training course. You can also find out about past HSUS disaster response efforts in the archives, and read the latest news from the field.

The HSUS Disaster Services staff have information to help you plan for the needs of your pets, horses, and livestock before, during, and after any disaster, whether natural or man–made

Course Descriptions:

Disaster Animal Response Training (DART): The three–day course (22 + hours of training) covers these key topics: introduction to animals in disaster and preparedness; Incident Command System; legal issues; communications; and teamwork. Other major topics covered include: community animal needs/damage assessment; team response and procedures; animal care and handling; emergency animal shelters; equipment; and responder health and safety, including stress management. Table–top exercises and (optional) mock disaster simulation will give students the chance to use and combine the skills learned during the training, including implementing ICS; communications; equipment; damage assessment; establishing an incident command post, setting up an Emergency Animal Shelter; responding to rescue requests, dealing with the media, and taking care of the team.

Emergency Animal Sheltering (EAS): The two–day course (12 + hours) offers hands–on learning about the methods for sheltering animals affected by disaster. Includes key topics as outlined for DART. Includes table–top exercises and (optional) mock shelter simulation so students can practice what they have learned through setting up an emergency animal shelter; selecting a location for an Emergency Animal Shelter; implementation of ICS; basic setup of shelter areas; needs of various animals; logistics; health and safety and stress management; and teamwork.

National Disaster Animal Response Team: Volunteer Opportunities
http://www.hsus.org/hsus_field/hsus_disaster_center/volunteer_for_the_hsus_disaster_animal_response_team.html

The aim of The Humane Society of the United States may seem simple—promoting the protection of all animals—but it requires a wide range of actions and strategies. Since its establishment in 1954, The HSUS has developed programs to take on animal abuse and exploitation wherever it occurs.

Our mission covers a surprisingly broad range of concerns: Companion Animals works with pet owners, the animal–care and control community, and legislators. Wildlife and Habitat Protection strives to protect wildlife in their natural habitats as well as in captivity. Likewise, our Marine Mammals staff fights for better conditions, both in the wild and in captivity, for whales, manatees and other at–risk marine mammals. Government Affairs lobbies on behalf of animals at the federal, state, and local levels, while Farm Animal Welfare works for the more humane treatment of animals raised and killed for meat, eggs, and milk, and combats the spread of factory farming.

Animal Research campaigns to raise awareness of the pain and distress suffered by animals used in research, while Investigative Services works to expose animal fighting, the fur trade, greyhound racing, and the Norwegian whaling industry, among other issues. Field Services oversees the work of the nine HSUS regional offices, which extend the organization's national programs into the community. And Humane Society University coordinates all HSUS training activities and creates and enhances educational opportunities

from website –
ACTS WR and RESCUER LLC are now in phase II of their deployment with hurricane Sandy response. We have been requested to go to Hoboken, NJ to help with extensive recovery efforts with feeding thousands with our mobile kitchens and response equipment to begin de-mucking and debris removal. 75 trained responders have left Monday morning Nov. 5 and will stay at a private youth camp located at 3 Academy Ln. Andover, NJ 07821 which is about an hour from Hoboken, NJ..

Please pray for us as we serve those in great need.

Please go to donate to either send money or by credit card if possible or invite others to help sponsor these volunteers in any way possible.

FROM WEBSITE:
Caribbean suffers destruction in the wake of Sandy

Created on Wednesday, 31 October 2012 12:33

Baptist World Aid, the relief and development arm of the Baptist World Alliance® (BWA), has granted an initial sum of US$20,000 for relief to the Caribbean following the passage of Hurricane Sandy through the northern Caribbean and the United States.

Jamaica, Cuba, Haiti, the Bahamas and the Cayman Islands were the islands most affected by the late-season tropical cyclone.

Haiti, which shares the island of Hispaniola with the Dominican Republic, suffered especially hard. Ronel Mesidor of the Haiti Baptist Convention reported that areas in and around Haiti's capital Port-au-Prince were particularly affected. A number of church buildings, including those of the Duvivier, Damien, Leogane and Tigoave Baptist churches were flooded. At least one member of Tigoave Baptist Church died as a result of the hurricane.

Some of the walls of a school operated by the Mussotte Baptist Church collapsed and its roof destroyed. Mesidor also reported that Baptists lost their homes and livelihood as many lost both crops and farm animals during the hurricane.

SEE WEBSITE FOR MORE INFORMATION

FROM RELIEF WEB:

Baptists respond to Haiti cholera outbreak
Source: Baptist World Aid
Date: 28 Oct 2010

Baptist World Aid (BWAid), the relief and development arm of the Baptist World Alliance (BWA), has sent emergency funds of more than US$12,000 into Haiti to help counter the recent cholera outbreak.

The funds will be sent to Baptist Haiti Mission (BHM), a BWA member body in the north Caribbean country. The funds will be used by Baptist churches "to transport patients, pay medical help and supplies, and getting clean water to those in need," said Edrice Romelus of BHM.

Thirty one BHM churches are "in the heart of the affected areas," Romelus told the BWA. The monies, he said, are to be used by local churches to provide "direct support" to those who are ill or at risk.

More than 300 persons have died and more than 4,000 persons have been treated for cholera mainly in the northwestern part of the country in Saint–Marc, approximately 100 kilometers or 62 miles north of the capital Port–au–Prince. Contamination is believed to have emanated from the Artibonite River, the longest river in Haiti.

Cholera can be a deadly disease if left untreated. Symptoms include severe diarrhea, vomiting, and abdominal pain. Transmission is primarily through contaminated drinking water or food.

Joel Dorsinville of the Baptist Convention of Haiti, another BWA member body, said the convention is collaborating with "medical persons to accurately survey the situation." He said reports indicate that the disease has spread "north to Gros–Morne, Plaisance, Limbe; and south to Archaie and Port–au–Prince." He said that "prices in the market places have increased due to the fact that our neighbor, the Dominican Republic, has closed the borders between the two countries."

French– and Creole–speaking Haiti shares the island of Hispaniola with Spanish–speaking Dominican Republic.

The convention, Dorsinville told the BWA, is engaged in providing information and educating the public on how to prevent the disease from spreading. He stated that proper water treatment is a necessity.

Haiti is yet to recover from a devastating earthquake that occurred on January 12 that killed tens of thousands of persons, injured several hundred thousand, and displaced more than one million, many of whom are still living in "tent cities" in and around Port–au–Prince, much of which was destroyed by the temblor. Since the quake, the BWA has spent several hundred thousand dollars in relief and rebuilding efforts in Haiti.

Operational Summary:
Baptist World Aid is working in Haiti with its member bodies and international medical teams. Haitian Baptists are in country, know the situations, have a local network of churches and are responding. Longer term relief and rehabilitation plans are being formulated to be able to continue to assist Haiti. BWA member bodies from North America are working to coordinate response efforts with shipments, response teams of volunteers and medical supplies.

10/31/12 From Email:
The Fuel Relief Fund has deployed to the New Jersey coastline to provide fuel relief to the people in the area impacted by Hurricane Sandy. A press release is attached, click here. We will continue to update on the efforts on the FRF website and Facebook page as information becomes available.

A fuel truck with 7800 gallons of unleaded gasoline and 800 gallons of diesel was deployed to the affected area. The first tanker truck and driver were donated and funds from Fuel Relief Fund were used to purchase the fuel. This truck headed east around 6 PM on Tuesday, October 30. Volunteers, Ted Honcharik and Joseph Lee are meeting up with the driver and truck on Thursday, November 1st.

FRF wants to thank you for all any help and support you may be able to give. Please join the FRF Board in sharing this information with anyone you feel could help.

FROM THE NEWSLETTER:

MARCH 11, 2011
FUEL RELIEF FUND NEWS
5th LARGEST QUAKE ON RECORD DEVASTATES JAPAN
4 MILLION + ARE WITHOUT POWER

To all friends of Fuel Relief Fund,

With your help, we will be able to go to Japan. Fuel Relief Fund has the expertise and contacts to provide gasoline and diesel to those in need. The reports from the area indicate that over 4 million people are without power. This means that generators, and thus fuel are going to be the lifeblood for large parts of the country.

We know many charities are requesting your donations and in these difficult economic times we are aware that we are asking a lot. A 100% of your donations will go directly to the purchase and delivery of fuel to victims of the most devastated areas.

To make a donation: http://fuelrelieffund.org/donate

or call the Fuel Relief Fund office at (909) 322 1481

We thank you for your generosity!

If enough funds are secured, FRF will deploy 3/15/11 for a short term fuel relief trip to Japan per Kathy Renn & Ted Honcharik.

10/27/12– After sweeping across the Caribbean, causing at least 40 deaths in Cuba and Haiti, Hurricane Sandy is on a path toward the U.S. eastern coast. Currently projected to make landfall near Delaware early Tuesday, its 75–mph winds are already threatening the coast of North Carolina.
Because it is expected to collide with two winter weather systems as it progresses inland, meteorologists are predicting that it will bring torrential rain, high winds and up to two feet of snow. After landfall, it could advance throughout New England and the mid–Atlantic states.
Though it is impossible to be sure what will happen next, those who live on the Eastern seaboard should prepare for days without electricity. Extra food and water, plus emergency radios and spare batteries, should be on hand.
All Hands Volunteers is continuously monitoring this storm system and is engaged in conversations with emergency preparedness partner agencies throughout the Eastern coastal states.
Please check here for updates as we continue to investigate the full scope of the storm and plan our course of action.

Services offered: Cleanup, Debris Removal, Volunteer Services; Cleanup, House Gutting, Volunteer Services; Management, Support, Disaster Response Coordination & Guidance; Services, Disaster, Post Disaster Needs Assessment; Volunteer Opportunities, In General * (ANY/ALL Types)

January 2015 Press release, w/contact info and tips for staying warm: http://www.mass211.org/librarydocs/NewsReleaseDuringtheStormJan2015.pdf

***

The MEMA site has excellent preparedness data, as well as a list of local Emergency Management Directors. Don't miss the Family Communications Plan, listed on the lower right hand side. Fill it out so that your family will have peronsal identification information, contact information and medical information on hand.

Headquarters Directions (see regional HQ directions below)
MASSACHUSETTS EMERGENCY MANAGEMENT AGENCY
400 Worcester Road (Route 9 Eastbound)
Framingham,MA 01702–5399
Tel: (508) 820–2000
From the West: Take Mass Pike East to Exit 12 (Framingham Route 9). Travel approximately 5 miles to MA State Police Headquarters on the right, immediately followed by MEMA. MEMA is marked by several tall communications towers on the grounds. Enter through the next driveway. MEMA is underground. Enter building and follow ramp to the reception desk.
From the East: Take Mass Pike West to Exit 13 (Natick/Framingham Route 30). Take Route 30 West towards Framingham and drive for approximately 2 miles going through all lights until end. Route 30 intersects into Route 9 Westbound. Take right onto Route 9 Westbound. (Note that the MEMA communication towers are visible across Route 9 on the Eastbound side.) Continue approximately .5 mile on Route 9 Westbound. Turn right into Whole Foods Bread & Circus parking lot to turn around. Take left from Whole Foods Bread & Circus onto Prospect Street. Take a left at the lights heading Eastbound on Route 9. MEMA is

approximately .5 mile on the right. Enter through the driveway.MEMA is underground. Enter building and follow ramp to the reception desk.
From the South: Take Route 128 (95) North to Route 9 West (Exit 20B). Follow Route 9 for approximately 8 miles. MEMA is on the Eastbound side of Route 9 and is marked by several tall communications towers; take your next right into the Whole Foods Bread & Circus parking lot to turn around. Take left out of Whole Foods Bread & Circus onto Prospect Street. Take a left at the lights heading Eastbound on Route 9. MEMA is approximately .5 mile on the right. Enter the driveway.MEMA is underground. Enter building and follow ramp to the reception desk.
From the North: Take Route 93 South to Route 128 (95). Follow above directions.

Region 1 Directions
MASSACHUSETTS EMERGENCY MANAGEMENT AGENCY
Region 1
365 East St. Tewksbury, MA. 01876
Tel: (978) 328–1500

From: Boston: 93N to exit 42 Dascomb Road. Left onto East Street to end 2 miles. Left onto long driveway.

From:Framingham: Route 495N to exit 38. Go left off the exit, go straight there will be a Shell Gas Station on the left. Go left which will put the library on your right. Take the 1st entrance, stay on the road and take the 3rd left into parking lot B – Park in lot A. Region 1 is located in a beige trailor.

Region 2 Directions
MASSACHUSETTS EMERGENCY MANAGEMENT AGENCY
Region 2
12 I Rear, Administration Road
Bridgewater, MA 02324–0054
Tel: (508) 697–3111

128 to 24S to exit 14A. 495S to exit 6 (44E). 18N at rotary. Right at Binky's, left onto Titicut.

Region 3 & 4 Directions
MASSACHUSETTS EMERGENCY MANAGEMENT AGENCY
Region 3 & 4
7 Berkshire Avenue
Belchertown, MA 01007–8900
Tel: (413) 323–6306

Take the Mass Pike to Exit 7 (Belchertown, Ludlow).
At the end of ramp, take a right onto Route 21.
Follow Route 21 until it ends in Belchertown.
Take a right onto Route 202.
At the flashing yellow light, take a left onto the old Belchertown State School grounds. Follow the road (there will be signs that say MEMA, Area III on your right) and take your third left.
Follow this road until you are behind a school, with a dirt parking lot to your right. MEMA, Region III is located on the ground floor entrance to the left (there will be a large metal sign on the stone wall and a blue sign underneath an overhang, directly in front of you.).
If you need further assistance please contact the Region 3 staff at the following phone number: (413) 323–6306

Homeowners that need volunteer services, dial 211.
Volunteers who want to help with Nechema's teams, register at the site.

HURRICANE SANDY RESPONSE 10/12:
http://www.nechama.org/index.php/news/85-nechama-takes-action-responds-to-sandy

Hurricane Sandy has dramatically impacted the Mid-Atlantic region of the United States. NECHAMA staff will arrive in the NY & NJ area later today. We will begin assessing cleanup needs and meeting with local partner organizations once first responders and utility crews have secured the affected communities.

We will work as rapidly as possible to determine where NECHAMA can be of service and then establish a base of operations. At that point we will provide details on how to volunteer with us on the ground. NECHAMA has deployed a disaster response trailer from our headquarters in Twin Cities, MN to support this effort.

Though we are still gathering info and working the logistics regarding volunteer opportunities, you can register your interest and availability via this webform:

https://docs.google.com/spreadsheet/viewform?formkey=dDZjcFNjeklFOGptZWNiQmJ0by0yUXc6MA#gid=0

Please donate. Your gift strengthens our ability to quickly bring critical aid and comfort. We will provide additional updates as our response to Hurricane Sandy develops . Thank you for your support of NECHAMA and your generous donation to support these efforts.

2012 HURRICANE ISAAC –
http://www.nechama.org/index.php/news/71–hurricane–response–volunteer–opportunity

Initially we are focused on assisting Jackson County and other hurricane–affected communities in southern Mississippi with flood cleanup, clearing damaged trees, and temporary roof repairs. These volunteer services offered by NECHAMA will support ongoing recovery efforts across Southern Mississippi. NECHAMA continues to be in regular contact with our voluntary organization partners working in Louisiana and anticipates assisting communities there as well.

We are planning on working in Mississippi and Louisiana until Sept. 14, 2012. We have established a base of operations in Biloxi, MS, a coastal community with a history of welcoming volunteers from across the country. If in the coming weeks there are still pressing needs to be addressed and if we are able to raise funds to stay longer, we will consider extending our deployment.

Heavy Rainfall
June 20th, 2012
We are looking into reports of 6+ inches of rain overnight & flash flooding in Duluth, MN area. Mostly reports of road damage thus far. We will update our Facebook page and website as we know more.

Hurricane Sandy Disaster Relief Efforts

by Hand of Hope –
http://www.facebook.com/HandofHope
https://twitter.com/#!/handofhope

Hand of Hope is the missions arm of Joyce Meyer Ministries. Our goal is simply to help as many hurting people as we possibly can, to alleviate human suffering and to help Christians grow in their faith.

MESSAGE given through TCT Program. Joyce asks you send your pennies!

source at:
http://www.joycemeyer.org/articles/hoh.aspx?article=hurricane_sandy

People like Debbie and organizations like DRADT (Disaster Relief and Disaster Training) are only beginning what seems to be an insurmountable amount of work to restore communities like Atlantic City.

But there is still so much work to be done to help families affected from Hurricane Sandy. You can help us reach more families with the help they desperately need through your support of Joyce Meyer Ministries and Hand of Hope.

The Atlantic City Rescue Mission is a nonprofit, Christian social service ministry that provides life–saving care for the poor and homeless in all of southern New Jersey. People who have no home, no family or friends, or no sense of self–worth receive practical help, counseling, and Christian compassion. Through effective, innovative, Christian–based recovery programs, the Mission brings people out of despair and into a productive, good quality of life within the community.

Operation BBQ Relief – NJ – 2012 HURRICANE SANDY

Walk–in Resource · Standby

C/O Meat BBQ Co.; 212A Lacey Road, Forked River, NJ

Serves Forked River, Seaside, NJ
Service Temporary

11/1/12:

UPDATE FOR VOLUNTEERS: Folks, we are in the process of securing two locations, one in the area of Forked River, New Jersey and the other in lower Manhattan, New York. We are close on a few but the issue is several will not let us set up unless there is sewer and potable water. Again, the location at Meat BBQ Co. in Forked River is NOT where we are cooking. It was a staging area only and a location where we can have supplies shipped so that we can pick them up. Please do not call or otherwise interfere with Matt and his business there! Additionally, we are putting together a schedule so that we can have the best coverage of volunteers over the longest period of time. We are basing it off of estimated OBR needs and the timeframes you as volunteers have stated that you are available. Please hang on for just a bit longer until we can update you.

Thank you from Operation BBQ Relief

Report –
http://www.nj.com/ocean/index.ssf/2012/11/brick_residents_get_disaster_relief_from_alabama_agency_in_wake_of_hurricane_sandy.html

10/30/12 via Operation BBQ Relief:

Finally! Some news on at least our staging area and a location where folks donating supplies, sauces, rubs and food can ship! This will be in Forked River, NJ. Matt Ragusa, owner of Meat BBQ Co. Has graciously said that OBR can start at his business location. The address for Meat BBQ Co. is 212A Lacey Road, Forked River, NJ 08731. Any donations being sent, please include "Attention Operation BBQ Relief". We should have an OBR field leader there sometime tomorrow. Thank you!

What can you do? Below are our needs:

1 – Volunteers: If you would like to volunteer to help cook and serve food with us in New Orleans please email us at: info@OperationBBQRelief.org

2 – Food and Non–Food Supplies – We are still working on the projection of meals a day but with the power outages and damaged areas 3000–5000 is a safe estimate. Here is the list of items we need:

Protein – pork butt, pork loin, sausage, chicken, etc
Bread
Chips
Water and Gatorade
Aluminum Pans (full sized)
Aluminum Foil (large roll wide)
Disposable Rubber Gloves – Large and XLarge
Clam Shells
Flatware
Paper towels
clorox wipes and spray bleach
serving utensils
wood, pellets and charcoal
etc... I am sure we are missing some things but these are the basics.

3 – Monetary Donation – Lastly, if you are unable to volunteer and do not have the ability to help with items needed above you can always go to our website and make a monetary donation. Every little bit helps! Go to: www.operationbbqrelief.org and click the donate button on the left side! As a 501c3 non profit your donations are tax deductible.

Please share this email with your friends and help us get the word out on what we need! Thank you for your continued support!

Stay tuned to our facebook page for updated information!

FROM THE SITE 11/18/12:

Hurricane Sandy Relief

RAINE Foundation had their main command center setup at Beers Street School. We had 100s of volunteers working from morning to night, supplying hot food, cold food, water, clothing, ice, toiletries. We were updating our facebook page constantly with specific needs as we go, and within minutes, our needs were met!

(Nov 4th, 2012) THIS JUST IN - RAINE delivers on 18,000 hot meals to hurricane victims (via PATCH).

The RAINE Foundation Clean–up Crew was started by several volunteers who were willing to put their lives in danger to help residents who are in crisis due to the devastating effects of Hurricane Sandy.

Our Clean up Crew consists of men and women who travel into the danger zones and help those in need with cleaning up their demolished home. These families lost their homes, and personal belongings.

Services offered: Cleanup, * Volunteer Services (ANY/ALL Types); Distribution, Clothing, For Disaster Survivors; Distribution, Disaster Relief Supplies; Food Distribution, Emergency/Disaster Food Distribution; Food, Non–Perishable Food * (ANY/ALL Types of Canned, Dry, Drinks, Snacks); Ice ; Information Resource, Online Networking, Facebook Page/Group; Information Resource, Online Networking, Twitter Page/Twitter Feeds; Meals, On Site Meals Served to Disaster Survivors; Toiletries * (ANY/ALL Types); Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers)

Service Temporary

Take Action to Aid Hurricane Irene Victims

On August 31st President Obama issued a Presidential Disaster Declaration for the State of New Jersey due to damage caused by Hurricane Irene. The people of New Jersey need your help. We hope that you can come to the aid of those in need as soon as possible.

The fastest, most efficient way to help relief efforts is online. Contribute at:http://www.njfoodbank.org/helpnow

We have prepared more than 20,000 meals to date and distributed new clothing and cleanup supplies each day. View photos of our food preparation on September 2 as we readied to feed 5,000 people per day over Labor Day weekend.

We are also looking for these food items:

Cereal; Peanut Butter; Jelly (no glass); "Meal in a Can" (soups, stews); Canned Meats (tuna, chicken, ham); Canned Vegetables; Canned Fruits; Pasta; Pasta Sauce (no glass); Rice & Canned Beans

The public can drop off these food items at the following locations (please refresh your page as new sites continuously added):

Our warehouse: 31 Evans Terminal, Hillside (Daily 9:00 am - 3:00 pm)
WDHA: 55 Horsehill Road, Cedar Knolls (Mon–Fri, 8:30 am - 5:00 pm)

DONATION DRIVE –

The distribution will be ongoing. For right now the Outreach Center is open from 5pm to 7pm every day this week. But there are so many people in need for so many different reasons that we will continue past this storm. Hours will be based on need.

11/2/12
WE ARE HAVING OUR FAMILY SERVICE TONIGHT! The North Precinct has allowed us to meet in spite of the pedestrian/ driving ban.
So if you can get here, get here! Hope Center 110 Cambridge Ave Jersey City NJ 07307.

NOTICE: If you are in the Jersey City vicinity, Hope Center's Foodbank is distributing food from 6pm to 7pm TODAY at Hope Center 43 Charles Street Jersey City NJ 07307.

11/1/12
SHOUT OUT TO CONVOY OF HOPE
Just wanted to thank Convoy of Hope, and especially Nick and Ryan for coming up to Jersey City with supplies. We'd also like to thank the North Precinct JCPD for their wonderful help -- couldn't do it without them. To the small army of HCT volunteers that showed up – You are shinning!!!! We have a community distribution scheduled for this evening at 7:00pm at our East Campus, 43 Charles Street. We still need supplies!!! We're particularly concerned about baby formula and diapers. Please keep it coming in. Luv u guys. ;-)

11/1/12

Hope Center Tabernacle shared Leigh Piatt Gonzalez's video.
Thursday.Please help! Donations of food, supplies (diapers and formula are needed) and funds are greatly appreciated. Message here or call (201)677-8130 and someone will get back to you.
God Bless! Hope Center Arts is serving as a resource center in the aftermath of hurricane Sandy. Please see the one minute

video below. Leave your name and number or inbox right here on Facebook.
Appeal for food, supplies and funds

Hope Center Tabernacle
Thursday.THIS LITTLE LIGHT OF MINE | EMERGENCY SUPPLIES
Matthew 5:16 – Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.

As you are all aware, the situation is pretty dire. The needs
...throughout the state and in our communities are overwhelming. We thank God that there has been limited loss of life. On a positive note, Convoy of Hope is on its way to us now with a half a trailer load of items. But this will not be enough to meet our needs and that of our surrounding communities (Jersey City, Union City, West New York, Hoboken, Weehawken & Edgewater). Below is a non–exhaustive list of items that we have assessed as necessary under our current circumstances. We will be setting up 43 Charles Street as a makeshift warehouse.

PLEASE CONTACT church staff to coordinate where you can bring items on the list below as they become available. For the most part, we will be able to receive the goods at our west campus [the Cambridge facility], as staff is available during the day. Its time for us to shine. ;–)

Non–Exhaustive List of Items Needed:
Baby Diapers (all sizes) & Wipes
Baby food
Baby Formula
Batteries
Battery–operated space heaters
Blankets
Candles
Warm Clothing
Disposable plates, knives, forks, spoons.
Flashlights
Gas cans/containers
Generators
Hand sanitizer
Manual can openers
Matches
Mini – First Aid Kits
Non–perishable foods items
Powdered milk/eggs
Sleeping Bags
Toiletries
Water
Wipes

Services offered: Baby, Baby * Items (ANY/ALL Types); Distribution, Disaster Relief Supplies; Donations, Disaster Fund; Donations, Drop–Off, Collection Site Location; Food Distribution, Emergency/Disaster Food Distribution; Information Resource, Online Networking, Facebook Page/Group; Services, Church/Worship Services

Service Temporary

The FoodBank Brings Healing And Hope To The Jersey Shore
The FoodBank of Monmouth and Ocean Counties distributes approximately 7 million pounds annually through a network of 260 feeding programs, such as soup kitchens, food pantries, and shelters. One out of every ten people living in Monmouth and Ocean Counties receives food from The FoodBank.

Since Superstorm Sandy struck the Jersey Shore on October 29, 2012, The FoodBank has been actively involved in the work to bring relief and comfort to the communities we serve.

Working shoulder to shoulder with relief agencies, government programs and others involved in the recovery effort, we distributed food for approximately 1 million meals.

Here are some of the ways The FoodBank has helped in the recovery process:

We provided food for hot meals prepared by emergency feeding programs for displaced residents in communities across Monmouth and Ocean Counties.

Our Culinary Kitchen prepared hot meals daily for churches and civic organizations serving storm–stricken communities.

Disaster kits and other critically–needed items were delivered to some of the region's most hard–hit areas.

We are working to rebuild agencies that were damaged by the storm. Several food pantries incurred heavy losses of food and equipment.

Many others are coping with the influx of hundreds of additional families in need of emergency food.

Our work is far from over. Helping our neighbors as they rebuild their homes and their lives will take months, if not years. Our most critical need at this time is financial support – a $1 donation can provide 3 meals. In partnership with all of our supporters, we will continue to deliver food and hope to all those in need in Monmouth and Ocean Counties.

If you need assistance, click on the “Need Help” tab on the website. To find out how you can help, click on “How to Help” above or call us at (732) 918–2600.

Services offered: Donations, Disaster Fund; Donations, Drop–Off, Collection Site Location; Food Distribution, Food Bank (This Site Supplies Food Pantries/Agencies); Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Warehouse, Warehouse Space

PSE&G (Public Utility – Electric Supply) w/NJ Outage Map

Info/Hotline · Open

80 Park Plaza, Newark, NJ 07102
Web www.pseg.com
Service Temporary

Outage Map –
http://www.pseg.com/home/customer_service/outage_info/outagemap.jsp

Outage Instructions:
http://www.pseg.com/home/customer_service/outage_info/lose_power.jsp

PSE&G customers are served by one of the most reliable electrical systems in the nation. Keeping your power flowing is our #1 priority because we know that no matter what the weather, you count on us for reliable electric service.

Our crews work to restore power to the largest numbers of customers first, taking into account "priority customers" such as hospitals, police and fire stations, water and sewer facilities, communications facilities (TV, radio and telephone), and customers on life–sustaining medical equipment. If someone in your family relies on life–sustaining medical equipment, it is important to let the utility know as soon as the equipment is installed. We then focus on restoring power to homes and businesses, starting with the circuits with the largest numbers of customers.

PSE&G is committed to working to reduce the number of outages caused by storms and extreme temperatures. Preventive measures such as our tree trimming program and expert maintenance of our wires and equipment by thousands of our employees helps ensure you'll always have power when you need it.

What To Do if You Lose Power
You may not experience any electric outages, but if you do, here are some tips.
Restoring Electric or Gas Service After Flooding
Para Restaurar el Servicio de Electricidad y Gas Después de Una Inundación
Flooded Basements
Flooded basements can pose a genuine safety risk. Here are steps to take.

What To Do if You Lose Power

If you lose power, first check your fuse and/or circuit breaker box and main breaker if appropriate. If that is not the problem, and your neighbors also have no power, call PSE&G at 1–800–436 7734.
If your fuse or breakers are in a flooded area, do not go near them until the water recedes or is removed.
Always stay away from fallen power lines, and always assume they are energized. Notify us at 1–800–436–7734 if you notice wires are down in your area.
Turn off major appliances.
Have a battery–operated radio and flashlight handy.
Tips to prevent food spoilage:

Keep the refrigerator and freezer doors closed. An unopened refrigerator will keep foods cold enough for a few hours. A freezer that is half full will hold food safely for up to 24 hours and a full freezer for 48 hours.
You can also extend food storage by packing refrigerated milk, dairy products, meats, fish poultry, eggs, and other foods in a cooler surrounded by ice.
Specific advice on food spoilage is available from the Centers for Disease Control and Prevention and from the American Red Cross.

Restoring Electric or Gas Service After Flooding

1) Verify with your town that your home/building can be occupied safely.
2) Flooded areas of the home/building must be cleared of water.
3) After water has been cleared, contact your town to perform an inspection. Inspections will be performed on an individual basis.
4) If the inspector finds damage to the meter box or gas appliances, you must have a contractor make repairs.
5) Following any repairs by your contractor, contact the town in order to obtain a re–inspection.
6) Once the home/building has passed inspection, the town will contact PSE&G to restore service.

Flooded Basements

As a reminder to customers…flooded basements can pose a genuine safety risk.
Here are steps to take:

Be cautious in flooded basements.
If customers lose electricity and their basement is flooded, notify PSE&G (1–800–436–7734) and call the local fire department to have the basement pumped. Stay away from the breaker box if it's in a flooded basement. And, don’t go into a flooded basement if energized wires are present.
If water gets up to the height of the gas burner on a water heater or gas heater, customers can shut off the supply of gas to the unit if they know how. They must call PSE&G (1–800–436–7734) to have the gas supply turned back on because pilot lights must be lit.
Customers should call PSE&G (1–800–436–7734) immediately if they smell gas.

Serves Little Ferry and Moonachie, Hoboken and along the Jersey shore, from Belmar to Toms River in New Jersey
Eligibility Survivors impacted by Hurricane Sandy 2012
Service Temporary

FROM THE SITE /HURRICANE SANDY:

First and foremost, we are concerned about your safety and well being. All of us at Islamic Relief USA pray that you and your loved ones are safe and secure in the aftermath of Superstorm Sandy. Unfortunately, so many of us have been affected by the devastation––that is why it is so important that we stand unified in our comittment to rebuild.

As neighbors helping neighbors, we will get the job done!

Islamic Relief USA staff and volunteers, from our New Jersey office and from around the country, helped at two shelters set up at Rutgers University. Working closely with the Red Cross, FEMA, and other local relief groups, we were able to register and assist some 600 evacuees.

Insha'Allah we will begin clean up efforts––with our partners Church of Jesus Christ Latter–day–Saints––in these hard hit areas: Coney Island, Staten Island, Little Ferry and Moonachie, Hoboken and along the Jersey shore, from Belmar to Toms River.

To donate go to:
http://a.cdn.irusa.org/content/uploads/2012/11/Screen–Shot–2012–11–02–at–5.57.17–PM.png

If you can volunteer, please connect with us to let us know:

1. Send an email with your name and contact information to:
ne@ irusa.org
2. Call us at: 973–774–3702

And, if you are volunteering, please bring shovels or any supplies you may have––the more resources we have the better. And please share this email, and encourage your friends or family to join these efforts too.

Together we will get through this.
Your family at Islamic Relief USA

HOW ISLAMIC RELIEF USA IS HELPING
IRUSA's Disaster Assistance Response Team (DART) met with members from the American Red Cross, the Federal Emergency Management Agency (FEMA), VOAD and other relief workers met on Oct. 27 to strategize about the most efficient aid delivery methods in anticipation of the storm. The DART team then mobilized to New Jersey, where the storm was predicted to make landfall, to help with relief efforts. IRUSA's DART staff and volunteers provided shelter management services and helped however else needed at two separate hurricane shelters on the campus of Rutgers University until the shelters closed on November 2. The team was able to help more than 600 people.

Here are some of the specific ways IRUSA has been helping:

Providing situational reports
Providing support to the American Red Cross.
Providing cleaning services, dormitory patrol, child care, front–desk support, answering phones, and setting up cots.

Distributing blankets, clothing, food to evacuees
Interviewing evacuees to assess needs

IRUSA, in collaboration with the Church of Jesus Christ of Latter–day Saints, will also be helping with clean–up efforts across New Jersey and New York, specifically in Coney Island, Staten Island, Little Ferry and Moonachie, Hoboken and along the Jersey shore, from Belmar to Toms River. Please see the flier above if you'd like details about volunteering for these efforts.

From NVOAD notes:

Islamic Relief USA: DART arrived in New Jersey late Saturday October 27, 2012. The DART localized its response to individuals that live within the region. Islamic Relief USA has been in conversation with the Disaster Response community; conference calls have taken place with FEMA, American Red Cross and the VOAD. DART has reached out to its local membership to assist in this effort with the realization that this event may require a long term deployment. The DART has formed a group that will meet at the IR office at 3pm this afternoon. From this location, the team plans to move to the Command Center in Tinton Falls, New Jersey.

All Hands Volunteers (VOLUNTEER OPS/COORDINATION) – 2012 HURRICANE SANDY

Volunteer Camp · Open

Disaster Recovery
HQ: PO Box 546, Carlisle, MA 01741, USA, Various, NJ

Web hands.org
Service Temporary

In conjunction with the New Jersey Voluntary Organizations Active in Disaster (VOAD) and partner agencies, All Hands Volunteers and its Recovery Coordination Center (RCC) division will be providing coordination for the statewide volunteer cleanup in New Jersey after Hurricane Sandy.

“It’s a coalition where all volunteer organizations come together,” explained Katherine Clements, who is heading up the All Hands coordination. “It’s not just physical cleanup, but sheltering, feeding, financial assistance, etc. Everyone in the country wants to help, so there are a lot of organizations that are ready to respond. They’re all coming in, wanting to do the best job possible.” That’s where All Hands’ RCC comes in.

“We want to make sure resources are used wisely,” said Katherine. “We’ll identify where the need is greatest and send organizations there. It’s helpful for everyone to know where everyone else is, so that they don’t tangle up in one place and have an area underserved. As individual requests for volunteers come through a hotline, we will connect them with help.”

Currently, the response emphasis is on assuring that people’s basic needs are being met but soon the relief coordination will begin. “I’ve heard from probably 15 organizations that have said, ‘We’re ready, willing and bringing tools to New Jersey—where do you want us to go?’” said Katherine. “We’re just waiting until we get the clearance to begin. Because power is down and the infrastructure is so weak at the moment, the emphasis is on accessing information. We’re trying to determine the scene on the ground, what kind of work will need to be done and the severity of damage.

“Early next week, things should begin to clear,” she said. “Fuel will start coming in, power will start coming back on, and we’ll have a better idea of who is planning to show up. We want to keep everyone safe and not burden the local resources, so it’s a process.

“Our ultimate goal is to empower these volunteer agencies with information and connectivity to where they can best be used,” said Katherine. “The trickle effect of helping people is in the thousands.”

HURRICANE SANDY UPDATE – 11/14/12
DRT is currently working with the Monmouth Church of Christ in Tinton Falls, NJ and the Gateway Church of Christ in Union Beach, NJ. We are looking to expand the relief efforts into additional areas where needed.

Volunteer Housing is at the Monmouth Church of Christ:

312 Hance Ave. Tinton Falls, NJ

We are so thankful to all of the volunteers that are taking the time to come and Show the Love Of Jesus in helping those affected by Hurricane Sandy get back on their feet and "See a light at the end of the tunnel"

VOLUNTEERS ARE NEEDED IN THE FOLLOWING AREAS:

DISTRIBUTION
PROPERTY CLEAN UP
REBUILDING/REPAIRING OF PROPERTIES
COOKING

OFFICE WORK/PHONE CALLS, ETC.
TOOL/EQUIPMENT MAINTENANCE
COUNSELING
BIBLE STUDIES

Please Register to volunteer by clicking on the link on the site
REGISTRATION IS REQUIRED DUE TO SPACE LIMITATIONS.

Questions? Please call or text Mark Cremeans at: 937–308–0035
or email Laura at: disasterrelief @ hotmail.com

GIFT CARDS FOR LOWES, WALMART, TARGET AND MAJOR RESTAURANTS
ARE ALSO NEEDED.. PLEASE CALL LAURA FOR MAILING ADDRESS:
937–308–2259

Please Pray for those affected as well as the volunteers
working to bring hope back into their lives.

This storm has destroyed/damaged a very large area. Many are
without flood insurance.....Many are elderly..... So many are
in need of assistance. Because of the giving hearts of so many
of you, DRT is able to help provide food, household supplies,
building material and basic everyday needs to those affected.
The assistance that is provided cannot continue without your help
.... Tax Deductible Donations can be made through PayPal to the
right of this page or by postal mail to:

CHURCHES OF CHRIST DISASTER RESPONSE TEAM
810 HOLLYWOOD BLVD.
WEST MELBOURNE, FLORIDA 3290

ACCEPTING VOLUNTEERS BEGINNING SAT. NOV. 10TH, 2012

11/5/12 Newsletter:

Greetings,

This is just a quick update to let you know that DRT is working
with the Gateway Church of Christ and the Monmouth Church of
Christ in the Union Beach, NJ area.

The DRT Semi Tool Trailer will be leaving tomorrow for New Jersey
with the mobile kitchen, supply trailer and shower trailer to
follow.

We will be distributing supplies, cooking meals, cleaning up
properties and helping to rebuild for those without/under insured.

We have housing available for volunteers beginning Saturday
and we need LOTS of volunteers.. Please register to volunteer
on the DRT website. www.churchesofchristdrt.org

Funding is also needed to help with transporting trailers and
equipment, food being served to the volunteers and community,
supplies, building material, etc.

A more detailed email will be forthcoming but we wanted to get
this out quickly to let you know that we do have housing for
volunteers and YOU are needed.

Donations can be made through Paypal on the DRT website www.churchesofchristdrt.org

or by postal mail to:

Churches of Christ Disaster Response Team
810 Hollywood Blvd.
West Melbourne, Florida 32904

Blessings,

Mark and Laura Cremeans

COUNTY, ATLANTIC COUNTY, NJ RESOURCES – 2012 HURRICANE SANDY – INDEX

Info/Hotline · Open

County
Various, NJ

Serves Atlantic County, New Jersey
Eligibility Impacted by Hurricane Sandy
Service Temporary

FEMA:

Sunday, November 04, 2012
FEMA Transitional Sheltering Assistance Program

Atlantic County residents who are in shelters and cannot return to their homes due to damages caused by Hurricane Sandy may be eligible for participation in the Federal Emergency Management Agency's Transitional Sheltering Assistance (TSA) program. The program allows eligible survivors to stay in participating hotels or motels until more suitable housing accommodations are available.

Residents who have been displaced and need a place to stay should contact FEMA at 1–800–621–3362 or register online at www.disasterassistance.gov.

Disaster assistance applicants who have a speech disability or hearing loss and use TTY, should call 1–800–462–7585 directly; for those who use 711 or Video Relay Service (VRS), call 1–800–621–3362 .

FEMA is asking that those with ability to register online do so to keep phone lines open for those without connectivity and to share this information with friends and neighbors.

Individuals and households may be eligible for TSA, if:

–They register with FEMA for assistance
–They pass identity verification
–Their pre–disaster primary residence is located in a geographic area that is designated for TSA and occupancy is verified
–As a result of the disaster, they are displaced from their pre–disaster residence and are currently staying in a shelter

This federal assistance is intended to provide a place to stay for a specific period of time for eligible survivors who are displaced from their pre–disaster residence and are currently staying in a shelter. This federal program will not reimburse applicants for previously incurred hotel expenses and applicants are responsible for their own meals and for any lodging costs above the authorized allowance.

In addition, FEMA is also providing assistance such as grants for temporary housing and home repairs, low–cost loans to cover uninsured property losses, and other programs to help individuals and business owners recover from the effects of the disaster.

–––

Friday, November 02, 2012
Recovery Information For Residents And Businesses

FEMA representatives are in the area to provide those impacted by Superstorm Sandy with information regarding public and individual assistance for uninsured and underinsured losses. They will start in the barrier island communities of Brigantine, Atlantic City, Ventnor, Margate and Longport before heading west throughout the county. Representatives will be identified by FEMA photo ID badges and will explain how to apply for financial assistance and the eligibility criteria. The first step is to register with FEMA by calling 1–800–621–3362 or by registering online at www.fema.gov.

SHELTER:

NJ: For those who are still without power and are unable to stay with family or friends your can obtain shelter information by contacting your County's Office of Emergency Management or

•Download the Red Cross Hurricane app, visit the Red Cross web site, call 1–800–RED CROSS (1–800–733–2767), or check local media outlets.
•Download the FEMA smartphone app.
•To search for shelters via text message, text: SHELTER and your zip code to 43362 (4FEMA). For example: Shelter 01234 (Standard rates apply).

VOLUNTEER:

The Christie Administration has activated an Emergency Volunteer Response Hotline. If you are interested in volunteering with a variety of Hurricane Sandy clean–up activities in New Jersey, call the state’s volunteer emergency response hotline at 1–800–JERSEY–7 (1–800–537–7397).

We are continuing to investigate any issues with this volunteer phone number. If you are an official from any volunteer organization helping with cleanup and the victims of Hurricane Sandy, please use the comments section below to spread the word about your organization and ways that people can get involved. Thank you for your patience.

If storm conditions preclude the hotline from being answered by live operators, volunteers may call one of two backup hotline numbers: 609–775–5236 or 908–303–0471. Volunteers may also send an email to rowena.madden @ sos.state.nj.us.

If you are already a trained volunteer affiliated with an emergency response organization, please contact that agency to register your readiness to receive an assignment.

This hotline is managed by the New Jersey Business Action Center and the Governor's Office of Volunteerism. Both divisions are within the New Jersey Department of State.

Calls placed to the hotline will be received by the Business Action Center, which will work with the Office of Volunteerism and NJ AmeriCorps to match and direct volunteers where help is needed. When live operators are not available, callers can leave a voicemail message that includes their place of residence, availability and skills.

Saturday, November 03, 2012
Federal Disaster Unemployment Assistance For NJ Hurricane Victims

Federal Disaster Unemployment Assistance (DUA) is available for persons, including self-employed individuals, who were living or working in the affected counties at the time of the disaster, and who are unemployed as a direct result of the damages caused by the storm.

Most impacted workers may already qualify for regular Unemployment Insurance. The federal DUA is a special program that covers many people who otherwise may not be eligible for regular Unemployment Insurance.

At this time, the DUA is available only in connection with the ten (10) NJ counties, including Atlantic County, now declared a federal a disaster area. Additional counties may be added to the disaster declaration following continued damage assessments by local officials, representatives of the New Jersey Office of Emergency Management and the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA).

If you are unemployed because of the disaster that began on Oct. 28, you should FIRST file for unemployment insurance benefits through the Internet by going to www.njuifile.net.

The Internet processes claims faster. However, if needed, people may also file a claim by telephone by contacting the state Department of Labor's Re-employment Call Centers at:

North Jersey (201) 601-4100
Central Jersey (732) 761-2020
South Jersey (856) 507-2340

A 30-day deadline ending December 3, 2012 is in effect for filing DUA claims resulting from Hurricane Sandy.

For additional information regarding Disaster Unemployment Assistance or for FEMA services please call the FEMA emergency number at 1-800-621-FEMA (3362) or 1-800-462-7585 (TTY) for the hearing and speech impaired. Information is also available via the Internet at:
www.disasterassistance.gov and www.fema.gov.

For information on all New Jersey Department of Labor and Workforce Development programs and services visit:
http://lwd.dol.state.nj.us/labor/index.html and www.Jobs4Jersey.com.

MENTAL HEALTH SUPPORT:

Saturday, November 03, 2012
Disaster Mental Health Assistance

Disaster mental health assistance is available for those experiencing difficulties following Hurricane Sandy. Call the NJ Disaster Mental Health Help Line at 1–877–294–4357 for individual counseling and psychiatric emergency referral as well as to request disaster mental health counselors.

Another resource is the federal Disaster Stress Help Line at 1–800–985–5990 operated 24/7 by the Substance Abuse and Mental Health Services Administration which provides emotional support to individuals. Counselors can be accessed via text as well. TEXT: talkwithus to 66746.

If you are experiencing a life–threatening emergency, please call 9–1–1 immediately.

WHERE TO DONATE:

11/3/12:
COUNTY RELEASES DONATION COLLECTION LOCATIONS

THE OCEAN COUNTY Office of Emergency Management has released a list of locations throughout the county that are accepting donations in the wake of Hurricane Sandy.

"We ask that residents please do not attempt to drop off donations of food, clothing or other items directly to the shelters, but instead visit one of these collection points," said Sheriff William L. Polhemus.

Many of the centers are collecting food, clothing, toiletries and other items, although several locations have made special requests for needed items.

Locations include:
· Stafford Township Town Hall – 260 Bay Avenue, Manahawkin. Requesting paper products and protein bars.
· Little Egg Harbor Township Senior Center, 965 Radio Road
· St. Mary's of the Pines Church, 100 Bishop Lane, Manahawkin.
· Ocean County Hunger Relief, 21 Germania Station Road, Toms River.
· Food Bank of Ocean and Monmouth Counties, 3300 Route 66, Neptune
· Lacey United Methodist Church, 203 Lacey Road, Forked River.
· Jackson Crossings, 21 South Hope Chapel Road, Jackson.
· Calvary Lighthouse Church, 1133 County Line Road, Bldg. A, Lakewood. Non–perishable food & clothing.
· Church of Grace & Peace, 1563 Old Freehold Road, Toms River. Non–perishable food & clothing.
· Visitation Church, 755 Mantoloking Road, Brick. No clothing please. Requesting food, toiletries, pillows and blankets.
· South Toms River Borough Hall, 144 Mill Street.

Emergency Management officials ask that anyone who wishes to volunteer during the storm recovery to please contact the American Red Cross at redcross.org or 732–493–9100.

Serves	New Jersey & New York
Eligibility	Impacted by Hurricane Sandy
Checks payable to	Do Your Part
Service	Temporary

Hurricane Sandy hit the east coast days before Halloween, and it hit with a vengeance. Sandy turned into an extra–tropical cyclone, known as a "Superstorm," bringing back memories of Hurricane Katrina and the destruction it left behind. Both hurricanes brought a surge of water, with Katrina the surge was higher, and the path was 300 miles wide, whereas the shape of Sandy extended its surge 900 miles with its rotation. The volunteers of Do Your Part were there for the people of Katrina and many disasters since, and will be there for the people that have been affected by Sandy.

The aftermath of Sandy left massive devastation, and with the large population of the states and land involved, recovery is long term. Do Your Part is working along with its partners to aid in the recovery process by holding donation drives and securing large in–kind donations from corporate donors. If you would like to help please contact:

Schlene Boundy: Schlene@doyourpart.org – 818–326–5037

Operation Sandy Gifts of Love

Hurricane Sandy left thousands of people homeless and many more without food, water, heat, power, or any of the other necessities we all take for granted. To help restore their lives to a sense of normalcy, Do Your Part has established the Operation Sandy Gifts of Love Registry. These online Amazon gift registries allow donors to browse through a list of basic relief supplies, household items, and Christmas gifts for children, and purchase items on behalf of the most vulnerable families in the hardest hit areas. The items you supply will make an immediate and positive impact on the lives of the people who need them the most. As you browse the registry, you also can learn about the families and distribution sites you will be helping, and they will know that they are not alone in facing this tragedy.

With such widespread and complete devastation, it will take years for the East Coast to recover. Do Your Part recognizes that no government agency, charity or local community can provide all of the things these families need to put their lives back together. But each of us can "do our part" to fill the gaps and make a difference right away. That's why, with the help of communities, churches, partnered organizations, and volunteers, we've identified and stringently verified critical needs of families, individuals and relief sites for whom your donation will do the most good: children, elderly, disabled, unemployed, uninsured, alone. Many have lost everything except their faith in family, friends, neighbors, communities and volunteers who have reminded us that we are all in this together. Your kindness will reach them directly to their doorstep, with zero overhead or delays.

Please share these registries with your friends, family and co–workers. Thank you for your generosity.

Do Your Part is Responding to Hurricane Sandy Relief Needs
Christian's 2nd Donation Drive was a big success!!

"Christian's Gifts of Love"
are on their way to New Jersey Friday, Dec. 21st, 2012!

Do Your Part has teamed up with one of our partners,
America's Disaster Relief,
and they are delivering donated items from
Christian's donation drive, as well as donations from Toys for Tots.
These items are being loaded onto a truck this Friday, the 21st
for the trip to New Jersey

On Saturday, Dec. 22nd, 2012, Christian's Gifts
will be distributed in New Jersey

by Churches of Christ – Disaster Relief Team
to the families affected by Hurricane Sandy

Services offered: Distribution, Disaster Relief Supplies (Distribution To Org's Supporting Disaster Efforts); Donations, Coordination, Large Donation Coordination; Donations, Disaster Fund; Donations, Drop–Off, Collection Site Location; Information Resource, Online Networking, Facebook Page/Group; Registry, Wish List Registry, Online Registry; Services, Disaster, Post Disaster Needs Assessment

This page is created to form a community of people and families more fortunate wishing to donate furniture to Hurricane Sandy Victims. 1000's of families lost everything they have due to floods,winds and fire. If you have a household item such as furniture or appliances and such....post pic on the wall with a # if you wish. Anyone that is in need of anything posted on the wall...please contact the
poster privately or message in the thread. Don't be embarrassed to ask...the people posting here want to give:)

Please "LIKE" and "SHARE" this page so that the community of givers grows and gets the attention of needy victims. Anything inappropriate or advertising of contractor services will removed. This is strictly for people that want to give. If you know of a family in need...share this page with them. I know many people with extra furniture that will find this as a comfortable and easy way to find a new home for their items.

"Give without remembering and always receive without forgetting"

Thank you, God Bless....and STAY JERSEY STRONG!!

Thurs. 11/1/12 – Hurricane Sandy NJ Operations Update:

For Superstorm Sandy relief, we will be stationed in three areas of New Jersey. DAYTIME volunteers will likely begin work Saturday. Overnight volunteers are not scheduled to start yet, so that our church partners can prepare. If you would like to volunteer on a daily basis, contact our church partners beginning Friday, giving a 24–hour notice of your arrival if possible.

In Bergen County, contact North Jersey Vineyard Church in Teterboro, N.J. at 201.288.0010

In Ocean County contact The Church of Grace and Peace in Tom's River, N.J. at 732.349.1550

In Atlantic County, contact Linwood Community Church at 609.927.2950

To donate to Samaritan's Purse U.S. Disaster Relief as we respond to Superstorm Sandy, click: http://spsocial.org/7XN

Services offered: Cleanup, Equipment * (ANY/ALL Types); Cleanup, * Volunteer Services (ANY/ALL Types); Demographic Served: Survivors, Natural Disaster Impacted Communities; Donations, Disaster Fund; Hotline, Volunteer Hotline (Coordination/ Placement/Work Orders); LOAN ONLY, Chainsaw; Tarps; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers)

FROM THE SITE 11/14/12:

UNITED SIKHS AID: Hurricane Sandy Relief Efforts

Hurricane Sandy's economic toll is poised to exceed $20 billion after the biggest Atlantic storm slammed into the Eastern U.S., damaging homes and offices and flooding subways in America's most populated city.

Sandy, spanning 900 miles, slammed into southern New Jersey at about 8 p.m. local time and brought a record storm surge of 13.88 feet (4.2 meters) into Manhattan's Battery Park. Flooding, high winds and fallen trees cut power to about 8 million customers from South Carolina to Maine, and travelers were stranded as U.S. airlines grounded more than 16,000 flights. U.S. stock trading closed in the first back–to– back shutdown for weather since 1888. Over 50 deaths have been attributed to the storm and thousands have been rendered homeless.

The storm may cut economic output by $25 billion in the fourth quarter, according to Gregory Daco, a U.S. economist at IHS Global Insight in Lexington, Massachusetts. He said that could reduce the annual pace of growth to between 1 percent and 1.5 percent from his earlier estimate of 1.6 percent.

After direct engagement with the Office of Emergency Management (OEM) and scores of VOAD agencies, UNITED SIKHS has initiated a call for warm clothing, blankets, diapers, baby formula, hygiene supplies and cleaning supplies. Also due to the closure of markets and stores there is an urgent need for fresh and hot meals as well as water.

UNITED SIKHS First Response Team is in direct contact with shelters to assess needs and Gurdwaras to facilitate the preparation of the hot meals and is also in coordination with the Red Cross. We urgently need volunteers to administer the distribution of supplies and meals and the preparation of the hot meals.

Donate what you can so that emergency supplies and materials can be purchased locally, saving time and resources!!

Source: http://news.adventist.org/en/archive/articles/2012/11/01/adventist-church-president-offers-condolences-in-aftermath-of-hurricane-san

Sandy update by Terra: Normally, ACDR operates warehouses. They have expressed a need for some warehousing equipment, but it's not clear yet, if they have set up local disaster recovery ops. There were several Adventist churches destroyed. So in this disaster, it looks like they've got compounded challenges.

10/31/12
Baptist Men and Women on Mission –
New Jersey: NCBM Disaster Relief Feeding Unit 2, Command Unit, shower unit and food for 30,000 arrived on Wed. Oct. 31 in order to begin a mass feeding and recovery site for northern New Jersey. The kitchen site will be in a parking lot on the campus of Rutgers University. Approximately 75 volunteers are expected to begin this operation. Pray for the people of New Jersey as they deal with their current situation.

Please do three things: Pray, Go and Give.
• Pray. Pray for people who were affected by Hurricane Sandy. Pray for the volunteers who are going to minister. Pray for safety and the witness of our disaster relief volunteers. Pray that God's love will be shown to hurting people and they will want to know more about our great God who loves them.

• Go. If you are interested and able to go and help, please go to our website to sign up. To sign up to help, go to http://www.baptistsonmission.org/Sandy. You can also get updates on our website and on our Facebook (listed below)

• Give. Give to help those in need. If you would like to make a contribution, please make your check payable to NC Baptist Men, designated for Disaster Relief, and mail to: NC Baptist Men, Baptist State Convention, PO Box 1107, Cary, NC 27512. You can also give on-line at our website, www.baptistsonmission.org. Also, please support the NC Missions Offering. All of NC Baptist Men's regular budget comes from the NC Missions Offering.

Please follow us on Facebook and visit our website for updates.

Thank you for praying, going and giving.

For Immediate Release:

October 30, 2012

Springfield, Mo. – Convoy of Hope's Global Disaster Response team has sent an additional 80,000 pounds of emergency supplies, a debris removal trailer and two rapid response teams to the Northeast U.S. today. Teams are focusing their response in New Jersey at this time.

"Our trucks and personnel that left Sunday were pre–staged in College Park, Pennsylvania and are moving into New Jersey now," reports Jeff Nene, national spokesperson for Convoy of Hope. "The teams leaving today will be headed for the east coast and will be assigned a location when they are closer to the affected area."

Damaged and closed roads, along with closed bridges have made travel slow but the teams continue to coordinate with FEMA, along with local and state emergency agencies. News agencies are reporting millions without power and in need of assistance.

Convoy of Hope will continue to coordinate their efforts with federal, state and local emergency management agencies. "The disaster area is extremely large," said Nene. "We are starting in New Jersey because of the number of people without power is so significant and we can have an immediate impact."

Those wishing to make a contribution to the Hurricane Sandy relief efforts can make a secure online contribution at http://www.convoyofhope or, to place a $10 donation on your cellular bill, text the word CONVOY to 50555. Standard text and data rates apply.

VOLUNTEER:

The Christie Administration has activated an Emergency Volunteer Response Hotline. If you are interested in volunteering with a variety of Hurricane Sandy clean-up activities in New Jersey, call the state's volunteer emergency response hotline at 1-800-JERSEY-7 (1-800-537-7397).

We are continuing to investigate any issues with this volunteer phone number. If you are an official from any volunteer organization helping with cleanup and the victims of Hurricane Sandy, please use the comments section below to spread the word about your organization

and ways that people can get involved. Thank you for your patience.

If storm conditions preclude the hotline from being answered by live operators, volunteers may call one of two backup hotline numbers: 609–775–5236 or 908–303–0471 . Volunteers may also send an email to rowena.madden @ sos.state.nj.us.

If you are already a trained volunteer affiliated with an emergency response organization, please contact that agency to register your readiness to receive an assignment.

This hotline is managed by the New Jersey Business Action Center and the Governor's Office of Volunteerism. Both divisions are within the New Jersey Department of State.

Calls placed to the hotline will be received by the Business Action Center, which will work with the Office of Volunteerism and NJ AmeriCorps to match and direct volunteers where help is needed. When live operators are not available, callers can leave a voicemail message that includes their place of residence, availability and skills.

Saturday, November 03, 2012
Federal Disaster Unemployment Assistance For NJ Hurricane Victims

Federal Disaster Unemployment Assistance (DUA) is available for persons, including self–employed individuals, who were living or working in the affected counties at the time of the disaster, and who are unemployed as a direct result of the damages caused by the storm.

Most impacted workers may already qualify for regular Unemployment Insurance. The federal DUA is a special program that covers many people who otherwise may not be eligible for regular Unemployment Insurance.

At this time, the DUA is available only in connection with the ten (10) NJ counties, including Atlantic County, now declared a federal a disaster area. Additional counties may be added to the disaster declaration following continued damage assessments by local officials, representatives of the New Jersey Office of Emergency Management and the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA).

If you are unemployed because of the disaster that began on Oct. 28, you should FIRST file for unemployment insurance benefits through the Internet by going to www.njuifile.net.

The Internet processes claims faster. However, if needed, people may also file a claim by telephone by contacting the state Department of Labor's Re–employment Call Centers at:

North Jersey (201) 601–4100
Central Jersey (732) 761–2020
South Jersey (856) 507–2340

A 30–day deadline ending December 3, 2012 is in effect for filing DUA claims resulting from Hurricane Sandy.

For additional information regarding Disaster Unemployment Assistance or for FEMA services please call the FEMA emergency number at 1–800–621–FEMA (3362) or 1–800–462–7585 (TTY) for the hearing and speech impaired. Information is also available via the Internet at:
www.disasterassistance.gov and www.fema.gov.

For information on all New Jersey Department of Labor and Workforce Development programs and services visit: http://lwd.dol.state.nj.us/labor/index.html and www.Jobs4Jersey.com.

MENTAL HEALTH SUPPORT:

Saturday, November 03, 2012
Disaster Mental Health Assistance

Disaster mental health assistance is available for those experiencing difficulties following Hurricane Sandy. Call the NJ Disaster Mental Health Help Line at 1-877-294-4357 for individual counseling and psychiatric emergency referral as well as to request disaster mental health counselors.

Another resource is the federal Disaster Stress Help Line at 1-800-985-5990 operated 24/7 by the Substance Abuse and Mental Health Services Administration which provides emotional support to individuals. Counselors can be accessed via text as well. TEXT: talkwithus to 66746.

If you are experiencing a life-threatening emergency, please call 9-1-1 immediately.

DISTRIBUTION SITES –

FOR IMMEDIATE RELEASE
November 2, 2012
Monmouth County Sheriff's Office

Monmouth County sets up three distribution sites

FREEHOLD – Monmouth County has set up three distribution sites for victims affected by Hurricane Sandy in need of essential items.

The locations for people to pick up those items are:

· Holy Family Church - 910 Route 36 Hazlet
· Monmouth Park - Oceanport Ave., Oceanport
· Circle Factory Outlet - (formerly known as the Peddler's Village) 1407 Atlantic Ave. at the Route 35 circle, Manasquan.

Hours of availability are 7 a.m. to 7 p.m.

Bottled water, non perishable items, new clothing and personal hygiene products are some of the items that have been requested and will be transported from the donation center at Thompson Park in Lincroft to the listed distribution sites.

Monmouth County officials have established a Hurricane Sandy hotline, a clearinghouse of information for residents affected by the storm. The phone number is 732-303-2882.

NEW JERSEY HOPE
Managing the Emotional Impact of Super Storm Sandy

Super storm known as Sandy has devastated many New Jersey communities and wreaked havoc in people's lives all along the East Coast. More than 50 million Americans are coping with the aftermath of the storm. The damage and destruction from coastal surges, power outages, and high winds has resulted in disruptions to school and work schedules, property destruction, and serious financial consequences.

No one who lives through a disaster is untouched by the experience. Like other disasters, severe storms and flooding can result in emotional distress, as well as property damage. Disasters can threaten our sense of control and safety, and can affect many aspects of our lives. The emotional trauma caused by the storm and anxiety about what will happen next can complicate and impede recovery. While protecting people and restoring safety, power, and property, is a priority in the wake of natural disasters, emotional coping also matters.

The New Jersey Department of Human Services' Division of Mental Health and Addiction Services – Disaster and Terrorism Branch, is coordinating statewide efforts to help individuals and communities manage the emotional impact of the storm. Disaster Mental Health Teams are currently providing support in many shelters around the state and are mobilizing to assist and FEMA Disaster Recovery Centers over the coming days, weeks and months as needed. In addition to providing face–to–face disaster crisis counseling, the Disaster and Terrorism Branch provides informational materials about coping, and partners with the Mental Health Association in New Jersey to offer assistance through a toll free Disaster Mental Health Helpline: (877) 294–HELP (4357). A TTY line is available for the deaf and hearing impaired at (877) 294–4356 .

Many Ways to React… Many Ways to Cope

It is important to remember that there is no one correct way to react emotionally to storms and floods. Not everyone reacts the same way, and in fact, you may react in a variety of different ways even in the course of the same day. Each person gets through the emotional challenges of a disaster in their own time and on their own terms.

To help you manage emotions associated with the storm and flood, you should use the coping mechanisms that are familiar and comfortable for you. Other ideas for coping are suggested below and can be discussed with counselors and other caregivers.

If you or someone that you know is having an acute emotional reaction that does not subside over the period of a few days, it may be best to seek the assistance of a medical or mental health professional.

Predicting and Preparing for Emotional Reactions

Not everyone will have an immediate or obvious emotional reaction to a disaster; those who do will react in their own unique way. Some of the more typical emotional reactions may include:

• Recurring dreams or nightmares about the event;
• Trouble concentrating or remembering things;
• Feeling numb, withdrawn or disconnected;
• Disturbances in eating and sleeping patterns;
• Having bursts of anger or intense irritability;
• Persistent physical symptoms (i.e., headaches, digestive problems, muscle tension, etc.);
• Being overprotective of your family's safety;
• Avoiding reminders of the violent events or evacuation;
• Being tearful or crying for no apparent reason
For people returning home from a disaster–affected area, it is not uncommon to experience difficulty in "decompressing" and reintegrating back into the home and workplace.

What Helps…

Here are some useful suggestions for coping with the stress stemming from disasters and or traumatic events:

• Limit your exposure to graphic news stories;
•
Get accurate, timely information about the status of the situation from credible sources;
• Try to return to your normal daily routine;
• Exercise, eat well and rest;
• Stay busy– physically and mentally;
• Communicate with friends, family and supporters;
• Use spirituality and your personal beliefs;

What Doesn't Help…
There are several behaviors that can slow or complicate the emotional recovery process. These include:

• Using drugs or alcohol to cope;
• Withdrawing from friends or family;
• Blaming others;

• Overeating or failing to eat;
• Withdrawing from pleasant activities;
• Working too much;
• Anger or violence;

Staying Connected

The best source of assistance in dealing with the emotional consequences of a disaster is often found in each other. If you are anxious about your experience, talk to someone you love or trust. This may be a family member, friend, clergy member or teacher. Just don't keep your thoughts and feelings to yourself.

If you notice that a loved one, friend or co–worker's behavior has substantially changed, reach out and ask them how they are doing. Make some time to talk, when it is convenient for both of you, and follow up later on to see how they are doing. Watching out for each other demonstrates that you care and it can be comforting to both of you.

For more information about the emotional impact of disasters and strategies and techniques for coping, please click on the link below to download the brochure, "Coping with the Emotional Consequences of Storms."

Hoboken, New Jersey
On Saturday, November 3, MSF dispatched a doctor, nurse, and mental health specialist to Hoboken to assess medical and psychosocial care needs in the city. The team has been providing the only medical care in three shelters: Wallace public school, St Matthew's church, and Saint Peter and Paul. The team has also assessed several nursing homes in the area. Since Saturday, the team has conducted 60 medical consultations and 87 mental health counseling sessions. MSF has arranged for prescriptions to be refilled for 48 patients.

The majority of the patients, as in other locations where MSF is working, are suffering from chronic medical conditions such as hypertension and diabetes. Most of the patients are elderly and many are suffering from pre–existing mental illnesses that have only been exacerbated by the trauma associated with the hurricane.

» More Information on New Jersey Severe Storms and Flooding
» 2010 Region II News Releases

SOMERSET, N.J. -- A state/federal Disaster Recovery Center (DRC) in Hainesport Township, Burlington County, is moving to a new location.

The Federal Emergency Management Agency announced the center, located in the Volunteer Fire Company Building at 106 Broad Street in Hainesport Township, will close at 6 p.m. on Thursday, May 27.

At 10 a.m. on Friday, May 28, the DRC reopens at the Community Center, 100 Broad Street, also in Hainesport Twp, N.J. 08036.

At the center, recovery specialists will assist individuals and business owners in Burlington County and other communities who suffered losses and damages from the severe storms and flooding of mid-March.

As of Friday, May 28, the Federal Emergency Management Agency and the State of New Jersey Office of Emergency Management will operate four DRCs. Each DRC is staffed with FEMA, U.S. Small Business Administration and state agency disaster recovery specialists who are ready to help flood survivors through the recovery process.

At the DRC, visitors can:

•Receive information about different types of state and federal disaster assistance.
•Get help completing low-interest loan applications from the U.S. Small Business Administration (SBA) for homeowners, renters and business owners.
•Inquire about the status of applications for federal assistance.
•Receive referrals to voluntary organizations to help with immediate unmet needs.
•Learn cost-effective mitigation measures to reduce the impact of future disaster losses.
The DRCs will be open from 10 a.m. - 6 p.m. Monday through Saturday until further notice. Closed Sundays.

The locations of the DRCs are as follows:

Burlington County
Community Center
100 Broad Street
Hainesport Twp., NJ 08036

Cumberland County
EOC/Public Safety Building
637 Bridgeton Avenue
Bridgeton, NJ 08302

Ocean County
Brick Township Civic Center
270 Chambersbridge Road, Suite 11
Brick, NJ 08723

Somerset County
Presbyterian Church School Building
409 Mountain Avenue
Bound Brook, NJ 08805

Disaster registrants from any declared county may visit any of the DRC locations for assistance.

Flood survivors are encouraged to register with FEMA before visiting a center.

To register, call FEMA's toll–free number, 1–800–621–FEMA (3362) or TTY/TDD 1–800–462–7585 for people with speech and hearing disabilities (for relay service, call 711 or 1–800–852–7897) between 7 a.m. and 1 a.m., seven days a week. Multi–lingual operators are available to answer calls during this time.

Survivors may also register online anytime at www.disasterassistance.gov.

Receive up to the minute New Jersey disaster recovery information by following us on Twitter at www.twitter.com/femaregion2.

FEMA's mission is to support our citizens and first responders and to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.

Only Two Weeks Left To Register For Disaster Assistance
Mon, 17 May 2010 15:31:09 –0500

SOMERSET, N.J. –– The deadline for flood survivors to register for federal disaster assistance is Tuesday, June 1, 2010, announced the Federal Emergency Management Agency (FEMA) and the New Jersey Office of Emergency Management (NJOEM).

FEMA's Flood Improvement Specialists Offer Outreach At Four New Jersey Home Renovation Stores
Fri, 30 Apr 2010 09:20:22 –0500

SOMERSET, N.J. –– Teams from the Federal Emergency Management Agency (FEMA) flood mitigation group will be at local home supply stores in Union, Passaic, and Cape May counties to assist people with flood mitigation measures.

One Month Left To Register For Disaster Assistance
Fri, 30 Apr 2010 09:19:46 –0500

SOMERSET, N.J. –– Those who suffered losses or damages as a result of the severe storms and flooding of mid–March and who live or have a business in the New Jersey counties declared disaster areas by President Obama under the April 2, 2010 declaration, have one month left to apply for disaster assistance through the Federal Emergency Management Agency (FEMA).

Major Disaster Declarations –

Declaration Date: March 23, 2010
Incident Type: Severe Winter Storm and Snowstorm
Incident Period: February 5–6, 2010
http://www.fema.gov/news/event.fema?id=12528

Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, and Salem Counties.

(Assistance for emergency protective measures (Category B), including snow assistance):

This assistance will be provided for a period of 48 hours for the counties of Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, and Salem.

Declaration Date: February 5, 2010
Incident Type: Snowstorm
Incident Period: December 19–20, 2009

http://www.fema.gov/news/event.fema?id=12289
Atlantic, Burlington, Camden, Cumberland, Gloucester, Ocean, and Salem Counties.

FEMA Rumor Control – 2012 HURRICANE SANDY

Info/Hotline · Open

FEMA
NJ
Web www.fema.gov/sandy
Service Temporary

This FEMA site will help dispell the MANY rumors going viral on Facebook, Twitter and other social media venues. Check back often to clarify that sort of rumor and remember, just because you read it on the internet, doesn't make it so!

Rumor Control

There is a lot of misinformation circulating on social networks. Check here for an on-going list of rumors and their true or false status.

November 6: There's a rumour that FEMA is giving out $300 vouchers for foodstamps. This is NOT TRUE. BUT there is something called DSNAP, which is given out through the regular foodstamp application program. It IS needs-based. Not sure what it stands for, but it's specific to disaster situations.

November 3: There have been recent blog posts and social media traffic expressing that FEMA is out of bottled water. This is FALSE. We are providing water to our state partners for distribution.

November 3: There have been calls and posts from citizens related to the failure of the Old Bridge Township water system in Old Bridge, New Jersey. This is FALSE. The Old Bridge Municipal Utilities Authority (OBMUA) has reported that the water system is stable and safe and that there are no usage restrictions currently in place.

November 3: Food stamps being given out to residents of New York and New Jersey as a part of FEMA assistance. This is FALSE. If you are a survivor in a declared county, you should apply for assistance online, on a mobile device, or over the phone 1-800-621-FEMA (3362).

November 2: There is a spike of traffic related to FEMA hiring cleanup crews in both New York and New Jersey. This is FALSE. For information on how you can volunteer in these communities visit Serve.gov/sandy

WARNING PRICE GOUGING –
READ MORE at:
http://www.state.nj.us/governor/news/news/552012/approved/20121030i.html

Price increases are deemed excessive under the law if they are more than 10 percent above the price at which the good or service was sold during the normal course of business, prior to the state of emergency. The law does allow that, if the merchant faces additional costs imposed by suppliers or legitimate logistical concerns, a price increase is considered excessive if it is more than 10 percent above the amount of markup from cost, compared with the markup normally applied.

Pleasantville Middle School, 801 Mill Road

Pet Friendly Shelters (animals must in carriers or on leashes with a supply of food and necessities)

Buena Middle School, 175 Weymouth Road

Buena Regional High School, 125 Weymouth Road

Medical Needs Shelter (Pet Friendly) — Restricted to those who need continuous supervised medical care

St. Augustine Preparatory High School, 611 Cedar Avenue, Richland

Cape May County:

The Cape May County Office of Emergency Management announced that shelters will be open starting Sunday, October 28th for residents evacuating from the Barrier Islands and Bayside communities in Cape May County. However, before going to a shelter residents are to call their local Office of Emergency Management for instructions.

Ocean City, Sea Isle City and Strathmere residents will be directed to the Upper Township Middle School located at 525 Perry Road in the Petersburg section of Upper Township and to the Upper Township Elementary School, 50 Old Tuckahoe Road in Marmora, New Jersey.

Residents in Wildwood, Wildwood Crest, North Wildwood, West Wildwood, Cape May, West Cape May and Cape May Point will be sheltered at the Woodbine Developmental Center located at 1175 DeHirsch Road, Woodbine, New Jersey.

Also, an animal shelter will open in Lower Township at Noon on Sunday, October 28th. The shelter for animals is at 409 Breakwater Road, Tomwar Building in the Cape May County Airport Complex. Please call 609-465-1619 ex 201 for directions. Additionally, animal sheltering trailers will be set up at two other locations in the county.

Hurricane Sandy N.J. volunteer efforts organizing
Monday, 29 October 2012 13:25
"

BOB HOLT
NEWJERSEYNEWSROOM.COM

New Jersey is looking for volunteers to help with emergency responses and to clean up communities after Hurricane Sandy finally leaves the area.

Lt. Gov. Kim Guadagno said a volunteer hotline was established earlier in 2012 to improve the state's reactions to emergencies.

"During Hurricane Irene, I saw firsthand how individual New Jerseyans worked selflessly to help others during a crisis," Guadagno said, according to NorthJersey.com. "We established this volunteer emergency response hotline to enhance our responsiveness and better organize volunteers."

The volunteer emergency response hotline can be reached at 1–800–JERSEY–7 (1–800–537–7397). Trained volunteers who are affiliated with an emergency response organization are being asked to contact that agency to volunteer their services.

Backup hotline numbers are 609–775–5236 or 908–303–0471, and volunteers can also e–mail rowena.madden @sos.state.nj.us .According to the Atlantic Highlands Herald, anyone requesting help from volunteers can call 211 or go online at www.nj211.org.

Groups are forming locally as well. The Mahwah Elves came together after residents felt the impact of Hurricane Irene last year. The Elves need volunteers to help clean up after Sandy, and residents with generators who will take in displaced families. According to Mahwah Patch, people can volunteer with the Mahwah Elves by calling 201–485–6352, or emailing MahwahElves @AOL.com .

FROM THE SITE 11/10/12:

MDS volunteers dig in and clean up after Hurricane Sandy

“We have boots on the ground,” reported Kevin King, Executive Director of Mennonite Disaster Service (MDS). He was referring to various groups of MDS volunteers that are responding to the devastation caused by Hurricane Sandy. Sandy’s path of damage is widespread, as is the response of MDS volunteers.

MDS volunteers worked in Garrett Co., MD, removing downed trees and branches. Garrett Co. is one of several counties that was covered by heavy snow during the hurricane. Volunteers worked in tandem with road crews and line repair trucks to clear roads as the repairs took place. Some roads remain closed and residents are without power.

MDS volunteers from Pennsylvania began working in Staten Island, NY, on Nov. 3, and groups will continue to work there for several weeks. King traveled to Staten Island along with representatives from MDS Region I to coordinate a plan for a long–term clean up response. King described an area 10–miles–long and over a half–mile wide as “block after block of devastation.” MDS is working with the Oasis Christian Center in Staten Island and will work alongside other NY churches.

MDS is currently mobilizing our volunteers. MDS volunteers come in for the day, work, and then return home. At the present time there are no overnight volunteers, as this would put strain on an already over–loaded infrastructure.

Ruth Yoder Wenger, moderator of the New York City Council of Mennonite Churches and Executive Vice President of New York Disaster Interfaith Services (NYDIS) is working with MDS to coordinate the response. Wenger also represents MDS on the NYDIS board and is also pastor of North Bronx Mennonite Church.

Tree removal and clean up plans are being made for Rhode Island and Connecticut and MDS volunteers from units in several other states are responding locally to clean up and repair needs.

MDS accepts monetary donations to support the clean up work in all areas affected by Hurricane Sandy. MDS does not accept donations of food and other items.

Monetary donations can be made online, in the US by phone (717) 735–3536, or by mailing a check to MDS, 583 Airport Road, Lititz, PA 17543. In Canada, call (866) 261–1274 or mail cheques to MDS, 6A–1325 Markham Rd Winnipeg , MB R3T 4J6 CANADA. To designate the donation for Hurricane Sandy, write "Hurricane Sandy" in the memo line of the check.

The site is

from the site:

In 2002 the Red Hook Health Initiative began as a program of a local hospital, in response to the severity of health and social issues in Red Hook. Over the last decade we have developed into a well–regarded community–based institution. In 2006 we formed the Red Hook Initiative (RHI), an independent 501(c)3, in order to expand our scope to better meet community needs. In February 2010, RHI moved into a brand new community center. It is a green building, representing our commitment to social justice and sustainability. This year, 2012, RHI is celebrating our 10th Anniversary and is moving forward with a renewed commitment to the people and community of Red Hook.

11/6/12: From Website:
A team of Nazarene Compassionate Ministries and Nazarene Disaster Response leaders has been on the ground in New York and New Jersey since Wednesday assessing the impact of the storm on Nazarene congregations. Early reports show that several church buildings, church members, and their communities have been affected. The Jersey City Church of the Nazarene is completely flooded. Both the Flushing First Church of the Nazarene and Brooklyn Bethel Church of the Nazarene pastor's homes are currently unlivable.

Far Rockaway Community Church of the Nazarene has opened its doors as a shelter to church and community members who have nowhere to go. Half of the church members, including the pastor, who live in this already impoverished neighborhood, have homes that are also uninhabitable.

"We are going to have a lot of work to do in Metro New York," said Jay Height, USA/Canada NCM regional coordinator. "We want to get resources to them and develop a strategy to help stabilize families and begin the rebuilding process."

NCM and NDR will help with immediate relief and long-term recovery in communities that need it the most. Right now, NCM is working with the Wesleyan Church to combine relief efforts. The church has already mobilized all of the remaining Crisis Care Kits in its warehouses. If you would like to contribute kits, visit ncm.org/cck to learn how.

11/6/12: Reported on Heart to Heart Website (https://maps.google.com/maps/ms?msid=203622369676066486568.0004cd8c9230415558d22&msa=0&ll=40.86368,-73.929749&spn=0.594065,1.454315)

FIND VOLUNTEER OPPORTUNITIES -

Have an area of Interest you want to Volunteer in?
Peruse the links below to find your local volunteer opportunity:
(Links being added frequently - take a look!)

http://www.longislandvolunteercenter.org/Local_Opportunities

from website:
Interested in Becoming a Disaster Recovery Volunteer? Please register on this site, complete an individual profile, and wait for instructions and specific places to go.

As community needs are assessed, volunteer opportunities will be identified by organizations that need support. You will be contacted once these needs have been expressed. Please be patient with the process as needs assessments are now being confirmed. Thank you for your willingness to donate one of life's most precious assets, your time, to help build community and help your neighbors in need, especially during this unprecedented situation.

Please check the "For Disaster" page periodically. Once Disaster Recovery volunteer opportunities have been identified, we will feature them with links so that you can sign-up to help.

If you are with a nonprofit or governmental agency seeking volunteers, please register or call 516-564-5482.

For now, it will help us if you fill out your volunteer skills profile so we will know more about you and how you can help. Once you register, you'll need to log back in to access and update the volunteer skills.

Those affected by the disaster should consider registering themselves at the Red Cross Safe and Well website to let loved ones know you are safe during this stressful time. Safe and Well is available 24 hours a day, 365 days a year, and is accessible in both English and Spanish.

###

WELCOME to Long Island's resource for volunteerism and community service initiatives throughout Nassau and Suffolk counties.

Take some time to look through the site, search for opportunities and consider sharing your time and talents with your community. Invite your friends & family to join you!

Some important advice to unaffiliated, spontaneous volunteers:
Volunteers should NEVER deploy to the disaster area unless specifically connected to and requested by a locally receiving organization. Communities struggling to respond and recover can be overwhelmed by an influx of unexpected, unrequested and/or unneeded volunteers or donations.

Confirm the need and the destination BEFORE collecting anything. Potential donors should be wary of anyone who claims that "everything is needed." Groups can be disappointed when the goods they've collected aren't appreciated. Communities affected by disaster often do not have the time or resources to dispose of unneeded donations. Get precise information and confirm the need and destination before collecting any donated good.

Volunteer Wisely. In communities struggling to respond to and recover from disasters, an influx of unexpected, unrequested, and unneeded volunteers can seriously complicate response and recovery efforts. BEFORE TRAVELING TO THE AREA TO HELP, learn whether volunteers are needed, if local volunteers are preferred (to minimize needs for additional food, water, and shelter in an already challenged area), and if they are seeking specific skills.

Hurricane Sandy Update 11/8/12
ISLAND HARVEST REACHES THOUSANDS OF LONG ISLANDERS IN LARGEST LOCAL HUNGER RELIEF EFFORT TO DATE

(LONG ISLAND, NY) Operating in emergency response mode since Hurricane Sandy hit, hundreds of Island Harvest volunteers and staff have been working around the clock to assist hurricane–stricken Long Islanders. In coordination with government officials, first responders, and local relief agencies, Island Harvest has been distributing tens of thousands of sandwiches, water, and nonperishable food items, including cereal, peanut butter, and shelf stable canned goods throughout the region.

Island Harvest's mobile food pantries have been visiting some of the hardest hit communities devastated by the super storm bringing food and personal care items to thousands of residents in need. For several days, volunteers and staff have been on the road; walking the streets; and going door to door, delivering much needed food and supplies.

"During our visits to the hurricane–stricken areas, we've received an outpouring of gratitude," said Randi Shubin Dresner, president and CEO of Island Harvest. "Many residents expressed their thankfulness to receive fresh food and cold water. So many victims of the hurricane remain positive and their resilience is remarkable."

On the day of the Nor'easter, Island Harvest distributed 117,100 pounds of food — more than 97,500 meals — and water to hard–hit neighborhoods, including Coram, Center Moriches, Hauppauge, Huntington, Long Beach, Oceanside, Roosevelt, Wantagh, Mastic, Shirley, Amityville, Baldwin Harbor, Island Park, and Far Rockaway.

Back at Island Harvest's warehouses in Hauppauge and Uniondale, a number of relief agencies continuously drop off food to help in the effort. These sites have also been locations for individuals in need to make pick–ups from 10:00 a.m. to 3:00 p.m. The Hauppauge Distribution Site is located at 40 Marcus Boulevard; the Uniondale site is at 875 Jerusalem Avenue behind the A. Holly Patterson Extended Care facility. Also, Island Harvest is working with local companies, such as Modell's to set up in–store food drop offs.

Island Harvest has implemented its "Text to Donate" system. Those interested in providing support can type HUNGER RELIEF to 266266 to make a financial donation. To donate online or to find out about volunteer opportunities, visit www.islandharvest.org or call (516) 294–8528 or (631) 873–4775.

If you know of a neighborhood in need of support, please call (631) 873–4775, or send an email to migdalia@islandharvest.org.

This is a list of distribution sites that Island Harvest is serving for Hurricane Sandy:

AutismCares Provides Grants for Individuals with Autism Spectrum Disorders During Times of Crisis or Unplanned Hardships

Financial Support Awards

Financial Support Awards provide financial relief up to $1,000 for individuals with ASD and their families to help cover costs associated with critical living expenses such as housing, utilities, car repair, funeral expenses, and other essential items on a case–by–case basis.

Eligible Applicants
Eligible families have a child (children) medically diagnosed with ASD, a family income of $40,000 or less, and have experienced at least one of the following qualifying event in the last 90 days:
– Natural disaster: fire, flood, hurricane, tornado, severe storm or earthquake
– Death or critical illness in the immediate family
– Loss of home through foreclosure, eviction or natural disaster
– Termination of employment for the primary income–earner

Online Application
Families must submit an online application. Financial Support Awards are granted on a monthly basis, applications must be submitted by the 22nd of each month to be considered for a grant in that month. Applications received after the 22nd will be reviewed the following month. The maximum Financial Support Award per family is $1000.

Review Committee
The Review Committee reviews monthly applications and selects a limited number of applicants to receive a financial support award. The committee is made up of representatives from autism organization, foundations and other agencies. All applications are confidential during the review process.

Services offered: Assistance, Referrals * General Information & Referral; Assistance, Referrals, Services for Special Needs Folks; Demographic Served: Autism Spectrum; Donations, Disaster Fund; Grants * (ANY/ALL Types of Financial Grants); Services, Family, General Family Assistance; Support for "All" Disasters

facebook post:

Dear friends,

WOW! MANY THANKS to all the individuals who dropped off food, canvassed, brought supplies and worked with us all day to help with Hurricane Sandy relief efforts. Over 500 residents from Chinatown and the Lower East Side cam...e to our office to get their phones charged, to get food and supplies, and most importantly to get INFORMATION.

This is the state of where things are at:
1) We have not scratched the surface of people's needs. Today outreach volunteers reported back to us that folks in public housing had no water and no electricity. The ones who could do it were filling up water from a broken hydrant and walking it up over 10 flights of stairs. Hundreds of tenants were able to get some donations, but they were going out the door as fast as they were coming in. We will not be able to sustain this level of need.
2) Everyone is coming to us in the community. We had folks from the City–run evacuation center at Seward Park come to us asking for supplies. The 7th precinct had our sign on their front door and their front desk were directing people to us. At the same time other officers from the 7th precinct TRIED TO SHUT US DOWN.
3) Where is the leadership of this City? Where is FEMA? We were told on Wall Street the lights are on in all the buildings, and Christmas lights are on in the streets. It was clear where the priority is when the community next door has not been prioritized. Today was another day where there was no information given out and City officials were nowhere to be seen.

This is what we need immediately:
1) Donations. Specifically–– food, water, flashlights, batteries (AA, AAA, D). We could use another generator and power outlets for people to charge things.
2) Volunteers. To help with outreach, distribution of supplies, and organizing/moving people. We anticipate more than double the amount of people to come through tomorrow. We're also getting specific requests to check up on seniors and would like to be able to do that if possible. (Note: If you plan on coming through you will not have much ability to use your cellphone. Maybe texts, but not much else.)
3) Take action. Demand that the leaders of this City take responsibility for Chinatown/Lower East Side and other still impacted communities. Stop putting people over profits. The people of our communities deserve just as much attention as Wall Street and Times Square.

And of course, we can always use financial donations. Just today alone, CAAAV staff and volunteers used hundreds of dollars of our own money to buy flashlights and batteries. Please consider making a donation at http://www.nycharities.org/donate/c_donate.asp?CharityCode=1838&amount&designategift2.

If you have any questions or want to support, reach out to us at justice@caaav.org. We are trying to get back to people as soon as we can, but we're most likely able to respond after 8pm when we can get to a place with cell service. The best thing you can do is just come down and bring stuff/people with you.

Thanks!

CAAAV Donation Collection/Dist. in Chinatown beginning Wed. 10/31/12:

Until electricity is restored CAAAV will be open from 10am-5pm each day starting Wednesday, October 31st to receive the following donations:

* Flashlights
* Batteries
* Food (perishable and non-perishable)
* Bottled water

Two things of most importance from today's updated assessment in Chinatown:

1) There is no information getting into Chinatown. While the tenants were able to get newspapers mid-day, the news was obviously not up to date. No one is able to make cell phone calls, there is no internet, and no tv. Some people who can, are able to send texts, but almost everyone had used up the battery on their phones. They have no idea how long the electricity will be gone for. They have no idea when the trains will work again. There was no one giving out information, and it was clear there was no place to get information.

2) There are no services. No one has generators running so there is no backup of anything. There are buildings where there are tenants with no water at all. In the public housing, water was shut off, and there are still a significant number of residents still inside. They're fine otherwise, but could use some water.

If you are available to help out any day, let us know by emailing justice@ caaav.org!

Follow us on Facebook for the most updated actions from CAAAV.

https://www.facebook.com/CAAAVnyc

---
post -
For those of you who are coming to the CAAAV office tomorrow morning, THANK YOU! And just two FYI's:

1) If you are driving in, be careful. There are no traffic lights in Lower Manhattan.
2) Do not expect to use your cellphone for phone calls. At best you may be able to get text messages, but probably not much else. No googlemaps, no facebook, etc. So please let your loved ones know where you're going and what time you're expected to be back.

From the NYVOAD Member Directory:

Disaster Program

The Church World Service (CWS) Emergency Response Program assists disaster survivors through support of local faith–based partner organizations. CWS achieves this mission by helping the faith community play its special role in disaster mitigation, preparedness, and response in the United States and around the world. One aspect of this mission is enabling its 36 member communions to collaborate in disaster preparedness, mitigation, response, and recovery. CWS encourages religious organizations to coordinate with others in the faith community so that when disaster strikes, those affected will receive efficiently the most effective assistance.

CWS trains and equips faith–based partners to mobilize resources for survivors of natural and human–caused disasters, as requested, through:

• community organizing for disaster recovery
• seed grants for developing recovery organizations
• pastoral care to support survivors and care–givers in the recovery process
• material resources such as blankets, clothing, basic health care supplies, school supplies, and household supplies

CWS Disaster Response & Recovery Liaisons work year–round in planning for and mitigating against disaster impact as well as in response and recovery. This year–round responsibility is carried out in liaison with the inter–religious community, the American Red Cross, State and Federal Emergency Management Agencies and VOAD's.

11/9/12: http://www.doctorswithoutborders.org/press/release.cfm?id=6386&cat=press–release

NEW YORK, November 5, 2012 — Doctors Without Borders/Médecins Sans Frontières (MSF) teams, working alongside local community groups, are providing medical and mental health care to Hurricane Sandy–affected communities in the New York City boroughs of Brooklyn, Queens, and Staten Island, as well as Hoboken, New Jersey. The vast majority of the patients treated by MSF in the shelters and underserved communities have been elderly, homeless, or physically or mentally impaired.

Queens
A team of two doctors, nurse–practitioner, mental health specialist, nurse, and logistical–support staff have established a temporary clinic in a community room in a housing complex in the Arverne neighborhood of Rockaway, Queens. The medical team has treated 50 patients, most suffering from pre–existing conditions like hypertension, asthma and congestive heart failure. In the clinic, there have been routine prenatal consultations for several pregnant women.

The team has also been going door–to–door in high–rise apartments, alongside volunteers from various community groups, to conduct medical consultations with residents who have been without electricity since October 29, and who have had limited access to heat and water. The community groups, through volunteers, are carrying water and other supplies to residents of the buildings, including a 22–story apartment building.

Many of the residents visited are suffering some form of paraplegia, obesity or dementia, and have not been able to seek outside assistance since the hurricane hit. Several elderly patients have also received care by home visits.

Brooklyn
At the evacuation center located at FDR High School in Brooklyn, where 866 people have sought shelter, MSF has ensured consistent 24–hour medical care and coordination with physicians and registered nurses since November 1. The medical team has tended to 247 people, the majority of whom are suffering from upper respiratory tract infections, high blood pressure, diabetes, or psychological trauma. MSF is helping patients to secure refills for various prescription medications. The team has referred 10 patients to local hospitals for emergency care and transported several wheelchair–bound people to their homes.

FDR HIGH SCHOOL
5800 20 AVENUE
BROOKLYN, NY 11204

Staten Island
Since assessing the evacuation center at Susan E. Wagner High School on November 2, MSF medical and mental health teams have been providing support to the onsite response team, which has worked tirelessly since the hurricane to tend to the needs of their patients. The shelter houses approximately 385 people, with one–third of the population being under the age of 18.

At the shelter, MSF has provided a prescribing physician and organized a medicines procurement system with a local pharmacy that has been donating medical material and prescription medicines for evacuees. As a result, approximately a dozen individuals who have lost access to their prescription medicines for hypertension and other chronic conditions have received medication. MSF has also donated blood–sugar rapid diagnostic testing kits for diabetic patients and nebulizers and medications for patients suffering from chronic respiratory conditions.

A two–person mental health team has provided therapy to several people exhibiting signs of mental trauma in the shelter. The team has also set up a recovery room for first–responders suffering from exhaustion after working multiple shifts without relief.

The team has also conducted a training session for social workers and psychologists from Wagner High School to take on mental health services for people living in the shelter.

Hoboken, New Jersey
On Saturday, November 3, MSF dispatched a doctor, nurse, and mental health specialist to Hoboken to assess medical and psychosocial care needs in the city. The team has been providing the only medical care in three shelters: Wallace public school, St Matthew's church, and Saint Peter and Paul. The team has also assessed several nursing homes in the area. Since Saturday, the team has conducted 60 medical consultations and 87 mental health counseling sessions. MSF has arranged for prescriptions to be refilled for 48 patients.

The majority of the patients, as in other locations where MSF is working, are suffering from chronic medical conditions such as hypertension and diabetes. Most of the patients are elderly and many are suffering from pre–existing mental illnesses that have only been exacerbated by the trauma associated with the hurricane.

Episcopal Relief & Development Reaches Out to Partners in Hurricane's Path

November 20, 2012

Eight deacons from the Episcopal Diocese of New Jersey gathered at the diocesan center in Trenton on November 19 to learn how to facilitate FEMA (Federal Emergency Management Administration) disaster assistance registration. The training was held by members of Episcopal Relief & Development's US Disaster Program and Partners in Response team as part of the organization's response to Hurricane Sandy.

December 31 is the deadline for registering with FEMA. Individuals in impacted areas should first check the published disaster declarations to see if their county is eligible for federal assistance. Once eligibility is established, residents should register with FEMA before December 31 in order to be able to apply for assistance as it becomes available.

"FEMA registration is fairly straightforward, but getting people to jump into the process can be a challenge" said Dave Baylor, Diocesan Disaster Coordinator for the Episcopal Diocese of Olympia and member of the Partners in Response team. "Some people just need encouragement, but others need assistance filling out the forms or getting their materials organized ahead of time. This is where deacons and parish volunteers can really be of help."

Deacons from around the diocese were encouraged to identify and recruit volunteers from their congregations who could accompany people through application processes for disaster assistance funds, including from FEMA, insurance agencies and others.

The FEMA registration assistance training session in New Jersey came at the end of a week–long visit by members of the Partners in Response team to areas that were impacted by Sandy. Episcopal Relief & Development is also working with the Episcopal dioceses of New York, Long Island, Newark and Connecticut. In addition, the agency continues to support its Church partners in the Caribbean as they distribute water, food and supplies for home reconstruction.

The immediate relief phase of the response is now winding down, but the need for local volunteers, cleaning supplies, construction materials, furniture and appliances will continue well into the recovery phase. Please support these efforts by contributing to the Hurricane Sandy Response Fund, which will ensure that help reaches where it is most needed.

ALERT: Food Bank For New York City Continues Critical Food Distribution Post Hurricane Sandy

Food Bank For New York City Continues Critical Food Distribution as Hurricane Sandy Hits (New York, NY) October 29, 2012 –– Food Bank For New York City will be open on Monday, October 290 with leaders operating from the organization's the Bronx and Harlem facilities. As Hurricane Sandy hits New York City, Food Bank will continue to distribute critical food supplies to emergency feeding programs, operational soup kitchens, food pantries, senior centers and agencies in areas of the city not under mandatory evacuation. Trucks will begin to depart from from the organization's Bronx warehouse at 6:00 a.m. with the goal of making all scheduled deliveries safely and responsibly in full compliance with New York City disaster response protocols. "Food Bank For New York City is actively working to fulfill two main priorities: services to our members and services to the clients of our kitchen and pantry," said President and CEO Margarette Purvis. "The storm takes on a whole new dimension for our network because we're at the end of the month when many families find themselves using our programs because their resources have run out. With this in mind, maintaining services for our neediest neighbors during this time of crisis is critical. We're also contacting our most active member agencies to determine food supply needs and are preparing to send emergency trucks as available."

Food Bank's Community Kitchen & Pantry of West Harlem, located at 252 West 116th Street, will open at 9:00 a.m. and will provide dinner service from 4:00–6:00 p.m. 150 Emergency pantry bags have already been prepared and will be made available to the public. The Harlem site will also be equipped to help any client find the nearest shelter if they're unaware or not associated with housing. New York City has set up 76 official evacuation shelters for immediate assistance.

Please visit http://www.nyc.gov/html/misc/html/2012/hurricane_shelters.html for the full list of designated emergency shelters or call 311
for more information. Please continue to check www.foodbanknyc.org for further updates on Food Bank For New York City services as severe weather conditions continue.

About the Food Bank For New York City Food Bank For New York City is recognized as the city's major hunger–relief organization working to end food poverty throughout the five boroughs. As the city's hub for integrated food poverty assistance, the Food Bank tackles the hunger issue on three fronts – food distribution, income support and nutrition education – all strategically guided by its research. Through its network of 1,000 community–based member programs citywide, the Food Bank helps provide 400,000 free meals a day for New Yorkers in need. The Food Bank's hands–on nutrition education program in the public schools reaches 35,000 children, teens and adults. Income support services including food stamps, free tax assistance for the working poor and the Earned Income Tax Credit put millions of dollars back in the pockets of low–income New Yorkers, helping them to achieve greater dignity and independence. Ninety–four percent of donations go directly toward programs in all five boroughs. Learn how you can help at foodbanknyc.org.

(New York, NY) November 1, 2012 –– Food Bank is continuing to distribute critical food supplies to emergency feeding programs, operational soup kitchens, food pantries, senior centers and agencies in areas of the city not under mandatory evacuation. Trucks are departing from from the organization's Bronx warehouse at 6:00 a.m. each morning with the goal of making all scheduled deliveries safely and responsibly in full compliance with New York City disaster response protocols.

Food Bank's Community Kitchen & Pantry of West Harlem, located at 252 West 116th Street, will open at 9:00 a.m. and will provide pantry bags between 10:30–3 and hot meals from 2:00–2:00 p.m. The Harlem site is also equipped to help any client find the nearest shelter if they're unaware or not associated with housing.

New York City has set up 76 official evacuation shelters for immediate assistance. Please visit: http://www.nyc.gov/html/misc/html/2012/hurricane_shelters.html for the full list of designated emergency shelters or call 311 for more information.

Please continue to check www.foodbanknyc.org for further updates on Food Bank For New York City services.

Natural disasters have a disproportionate effect on people with little or no savings, those least able to bounce back. People who suffer from lost income or property due to the storm will have difficulty affording food afterward.

Last year, throughout Hurricane Irene, Food Bank helped provide assistance to thousands of New Yorkers who lost food to flooding, power outages, and the need to evacuate their homes. We will

continue to monitor the need of our network and clients throughout
the storm and provide the necessary relief and support.

10/29/12 Hurricane Sandy
100 Volunteers Urgently Needed in New Brunswick, NJ

Contacts: Lisa Orloff: 917–566–3908 lorloff@worldcares.org<mailto:lorloff@worldcares.org>
FOR IMMEDIATE RELEASE

Shelter Volunteers needed in New Brunswick, New Jersey to fill shifts NOW!!
World Cares Center Assists NYC and NJ in Hurricane Sandy Response

NEW YORK–NEW JERSEY (October 29, 2012) – As hurricane Sandy bears down on the Tri–State region, World Cares Center (WCC) is coordinating unaffiliated volunteers and volunteer groups who wish to help. Unaffiliated volunteers are those who wish to help but are not part of a pre–established group ahead of time. Currently there is an urgent need for volunteers to assist Shelter Operations in New Brunswick NJ for morning shifts.

World Cares Center provides two online briefings daily, "Disaster Volunteering" and "Disaster Management for Grassroots Leaders" Both events can be accessed through the WCC website at: www.worldcares.org<http://www.worldcares.org>.

In addition, online applications, information on volunteering can be found at www.worldcares.org<http://www.worldcares.org>.

Organizations needing volunteers can access request through the "get involved" section of the website.

World Cares Center, formed in the aftermath of September 11, 2001 is a critical organization for the emergency response community, providing training programs for community leaders to organize volunteers in times of crisis. WCC also trains grassroots organizations and individual citizens with specialized emergency preparedness programs for seniors and youth. WCC's training and volunteer coordination efforts and cleanup were instrumental to the recovery from Hurricane Irene.

Hurricane Sandy update – Newsletter dated 10/26/12 (LT):

Dear Friend and World Cares Center Supporter,

I am writing to you with a sense of urgency as Hurricane Sandy is on its way. In 2011-2012 World Cares Center was called upon to coordinate volunteers and volunteer groups across the state of New Jersey to muck out survivors homes and help them reclaim their lives from Hurricane Irene. There were not enough groups to help so our teams trained local groups and led them into the field. All total, together we helped 1220 of the neediest residents and reclaimed over 600 homes. The work continues still.

The irony is that WCC received no funds to do this work and we will be hard pressed to help again without funding. We have a small, highly effective and passionate team that is an integral part of the relief effort and they need your support.

I am calling on our long time partners who know who we are and what we do. Our partners who know that more than 85% of the money we raise goes to our programs. Our supporters get pictures and reports from the field telling them where their dollars are being put to good use. If you or your company will be donating to help those affected by Hurricane Sandy I implore you to consider donating even a small portion of those dollars to World Cares Center.

Thank you for you kind consideration and continued support.

NEWSLETTER DATED 8/29/11:

We hope that you and your family are safe and that your homes have weathered the storm. Over the past few days, Hurricane/ Tropical Storm Irene ripped across the eastern United States from North Carolina to Vermont, including New York City and the Tri-State Area. As these events unfolded, we at World Cares Center witnessed the tremendous human spirit and resilience displayed by residents in New York, New Jersey, and Connecticut. World Cares Center has played an active role working with its fellow Relief agencies including local, state, and federal emergency management authorities who have activated plans, conducted evacuations when necessary, and sheltered tens of thousands of people and trained volunteers to help. The collaboration, coordination, and resiliency act as an inspiration and we extend our sincere thanks all of those who are helping.

World Cares Center's "just in time" training has been offered throughout the weekend to prepared managers to set up reception centers and screen and manage spontaneous volunteer in a safe and effective manner. We have coordinated volunteers to support our partners efforts and will work with NJ211 and the NJ Governor's office of Volunteerism to match the incoming calls requesting help with organizations that will deploy to provide assistance. This is an important coordinative role that World Cares Center is familiar with from September 11, 2001 to Haiti 2010 and we are honored to be serving in this capacity. We remain active with our New York partners as well.

Although Irene may have passed, much remains to be done. Hundreds of roads are closed in the Tri-State area, thousands of buildings and homes have basements and ground level floors that remain flooded, and inland flooding is expected to be a major ongoing problem for New Jersey in the coming days. As we continue to strive toward promoting a safe and effective recovery alongside volunteers and voluntary organizations, World Cares Center asks that you stay informed and determine what role you have in the recovery effort. If you are interested in organizing a training for your group or being a part of a regional or national training, please contact us at via e-mail at lcampese @ worldcares.org or by calling 212-563-7570 .

Best Regards,
Lisa Orloff and The World Cares Center Team

World Cares Center empowers communities to work toward their own disaster preparedness and long-term recovery by:

• Collaborating with community-based organizations to provide educational and resilience-building services to communities preparing for and recovering from disasters, emergencies and trauma;
• Working with Homeland Security leadership, emergency managers and relief agencies to effectively integrate and utilize Spontaneous Unaffiliated Community Volunteers (SUCVs) into their disaster response plans;
• Preparing SUCVs to safely and effectively contribute to local emergency response; and
• Supporting long-term recovery and resiliency in communities affected by disaster.

WCC implements its vision of community preparedness and resilience through the work of its Disaster Preparation and Trauma Mitigation (DPTM) program. WCC has provided training and supportive services to more than 40,000 individuals affected by disaster.

The DPTM program provides volunteer management and self-care training for the entire responder community. WCC addresses a gap in training and support by working specifically with SUCVs and the emergency managers who utilize them. Since 2001, WCC has lent its unique perspective to the local, state and national Voluntary Organizations Active in Disaster (VOAD) as well as

the Human Services Council in efforts to further gain support and understanding of this crucial aspect of disaster response. The actual preparation of individuals who may help in their neighborhoods and the manner in which official agencies look at managing this resource is critical to having the best possible relief effort.
Trainings and workshops have been presented nationwide including efforts in:

• Alexandria, VA
• Baton Rouge, LA
• Bloomington, IL
• Chicago, IL
• Fort Lauderdale, FL
• Harrisburg, PA
• New York, NY
• New Orleans, LA
• Oklahoma City, OK
• Paramus, NJ
• Raleigh, NC
• San Diego, CA
• Washington, DC

Seminars have included:
• Forums for Communities for a Resilient Future (operated jointly with Oklahoma's National Memorial Institute for the Prevention of Terrorism),
• Leading and Managing Spontaneous Community Volunteers in Response to Terrorism and Disaster (presented to members of NYC–OEM, Chicago OEM, Salvation Army, and American Red Cross)
• Self–Care Modular
• Disaster Volunteering.

In addition, WCC is among the agencies selected by NYC–OEM to staff Volunteer Disaster Centers in the event of an emergency. Major efforts were extended in New Orleans to help support the communities devastated by Hurricane Katrina. International consultation has also been provided to communities in Bermuda and New Zealand.

All of World Cares Center's efforts are underscored by our lessons learned from 9/11, the Gulf Coast hurricanes, and other disasters. The World Cares Center board, advisors and partners (including FEMA, NYC–OEM, American Red Cross, National Memorial Institute for the Prevention of Terrorism, and members of the New York City Fire and Police Departments) lend expertise and guide program development. Based upon the recommendations of WCC's advisors, DPTM continually improves its approaches to volunteer preparation and management, and responder self–care.

The relationships and lessons learned developed through World Cares Center's September Space program live on through our Disaster Preparation and Trauma Mitigation program.
The September Space experience has been monographed and is now shared through the Leading and Managing III training under the Disaster Preparation and Trauma Mitigation program. The September Space Community resiliency center model has been shared nationally, most recently with the committee developing the "Welcome Home Centers" in New Orleans.

FROM THE SITE 11/4/12 (LTEL):

Hurricane Sandy left a path of devastation and destruction along the East Coast. As animal lovers, many of us are

concerned about pets of evacuees and other animal victims of the storm. Thanks to your support, the ASPCA is able to respond and provide relief in those areas most affected by Sandy's impact.

All New York City evacuation centers allow families to bring pets, and the ASPCA has been working closely with them as well as shelters on Long Island to care for more than 400 evacuated pets.

Our field team is coordinating animal relief efforts, and we're distributing crates, food, litter and other supplies for thousands of animals throughout the region.

We're committed to helping all storm victims get through this difficult time. Please help us continue our efforts. 100% of your gift today will go directly to our disaster recovery efforts and others like them in the future.

FROM THE SITE 11/21/12:

In light of the the recent devastation from Storm Sandy, RWA has been working to help the local community with disaster relief efforts in the Rockaways.

RWA was one of the first to respond on the ground; serving homebound residents with hot meals, emergency food and clothing from Firehouse 59. Volunteers have been helping to deliver care packages of emergency supplies door–to– door to homes all along the peninsula and in public housing projects hit hardest by the storm.

As things have gone from emergency relief to recovery efforts, RWA has been helping in the most devastated areas of the Rockaway Peninsula. Deploying volunteers to assist with large scale clean ups; clearing streets of washed out cars, mountains of sand and debris and assisting businesses and home owners in digging out their own properties.

RWA has been working closely with other grassroots organizations and government agencies to distribute information on the ground to community members in need of government relief or services. We intend to continue these efforts as we work to establish more long term plans to get the Rockaway community back on it's feet and rebuild the Rockaways as a more environmentally resilient community.

Rockaway Waterfront Alliance(RWA) has been leading the way in the revitalization of the Rockaway Waterfront, to strengthen the connection between the community and the waterfront. We are a community–based non–profit organization that works to empower the local Rockaway community to play a role in the determination of their neighborhoods, and foster an understanding of the principals of environmental justice and urban sustainability.

ROCKVILLE CENTRE, NEW YORK – November 3, 2012 – The Most Rev. William Murphy, bishop, Roman Catholic Diocese of Rockville Centre, has launched a special Hurricane Sandy relief effort to assist those who have been left without basic provisions in the wake of the devastating storm.

There is an urgent need for the following items. These provisions include:
• all non–perishable foods
• hand sanitizers
• bottled water
• diapers and baby wipes
• basic toiletries and toilet paper
• warm clothing and blankets
• batteries,
can openers,
flashlights and
towels

Those who are able are asked to bring these provisions as soon as possible to any parish in the Diocese of Rockville Centre and they will be then delivered to the areas that need them. Those who are able to secure supplies from large distributors outside the Long Island area who were unaffected by Hurricane Sandy, may contact the Diocesan Hurricane Sandy Line (516–678–5800, ext. 555).

Other locations to bring donations:
200 West Centennial Avenue, Roosevelt, NY 11575
1200 Glenn Curtiss Boulevard, Uniondale, New York 11553
90 Cherry Lane Hicksville, New York 11801

NVOAD notes:

Catholic Charities USA: Catholic Charities of Rockville Centre participated on CCUSA coordination calls on October 26th and 30th and have activated their emergency plan. Catholic Charities of Rockville Centre has indicated they may need additional support from CCUSA. This request will not be officially made until damage assessments are done on Wednesday and Thursday. Catholic Charities Rockville Centre is running a Special Needs Shelter (30 occupants on Tuesday, peaking at 100 occupants) out of a local Catholic High School in conjunction with Nassau County government and Medical Reserve Corps. A food pantry that doubled as home to the WIC program run by Catholic Charities is gone (water toppled the walk–in refrigerator). Meals–on–Wheels program run by Catholic Charities will be back up and running today. Catholic Charities Rockville Centre will be assessing damage today before determining whether a CCUSA team is needed to deploy.
Catholic Charities of Albany participated on the CCUSA coordination call on October 26th and on October 30th. Damage seems to be minimal in upstate New York. Most of the damage is in New York City and Long Island. CC–Albany is contacting local partners to coordinate and share any unmet needs requests.
5
Catholic Charities of Brooklyn – Queens closed all operations but the 24–hour programs: residential, meals–on–wheels, and nursing homes. Those continued their services, albeit with challenges from Sandy, such as power outages. As of Tuesday, the affiliated nursing home in Coney Island which was told to stay put on Monday (when they reported having a generator) is now concerned that their generator may not be adequate after all. They are trying to see what they can do to get their power back up – but the electric company's list is long; the nursing home is on the priority list. A DASC will be activated. Catholic Charities has yet to see what their participation there will be.

Disaster Distress Helpline
Stress, anxiety, and other depression–like symptoms are common reactions after any natural or human–caused disaster.

Call 1–800–985–5990 . It's Free. It's Confidential.

Are you experiencing signs of distress as a result of a disaster?
Signs of distress may include any of the following physical and emotional reactions:

Sleeping too much or too little
Stomachaches or headaches
Anger, feeling edgy or lashing out at others
Overwhelming sadness
Worrying a lot of the time; feeling guilty but not sure why
Feeling like you have to keep busy
Lack of energy or always feeling tired
Drinking alcohol, smoking or using tobacco more than usual; using illegal drugs
Eating too much or too little
Not connecting with others
Feeling like you won't ever be happy again
Rejecting of help.
You may be suffering more than you need to. We can help!
The Disaster Distress Helpline provides 24/7, year–round
crisis counseling and support.
The Helpline is staffed by trained counselors from a network of crisis call centers located across the United States, all of whom provide:

Crisis counseling for those who are in emotional distress related to any natural or human–caused disaster
Information on how to recognize distress and its effects on individuals and families
Tips for healthy coping
Referrals to local crisis call centers or 2–1–1 call centers for additional follow–up care & support.

Services offered: Hotline, Crisis Hotline (For Survivors of Disaster); Mental Health Services

How to Sponsor a Displaced Family:

In the coming months, as the hardest-hit areas are rebuilt, more families will return home from temporary housing, and the challenge to re-build their lives will be enormous.

They will be in need of the most basic items: cold weather clothing, sheets, towels, pillows and blankets, dishes, over the counter medications …everything! All basic living essentials will be needed, from new packs of fresh underwear to small household appliances.

The list is long….but here's what you can do to help:

Using the Family-to-Family one-to-one model, let us connect you and one other donor with a family in need of everyday basic essentials as they try to get back on their feet. In an effort to create community, we're linking two donors with each hurricane family, both for the benefit of the recipients and to make it a little easier on those of you who have signed up to help.

We're continuing to gather names of displaced families from grassroots organizers on the ground in the Breezy Point/Far Rockaway/Broad Channel/Staten Island areas. Each family is filling out a questionnaire listing the items they need the most. Most of these families are blue-collar families who were just getting by; consequently, this disaster has put them over the edge financially.

Please know that we have relied on these on-site volunteers in the affected areas to provide us with recommendations of families that are truly in need. It's important to note that while many families have lost absolutely everything, others have partially flooded homes with less damage but have requested assistance. We aren't in a position to see first hand the degree of loss each family has suffered. Additionally, some families might have some form of insurance that will cover part of their loss, although few have flood insurance.

Over the next few weeks, (after you sign up with us), we'll contact you with the name and address of one of these families to help, as well as a copy of the questionnaire they filled out. When you receive this information, we ask you to email or send the family you are sponsoring a note introducing yourself, and during the upcoming critical period, coordinate with your co-sponsor to send what you each can from the list. (If you are communicating with your family through the mail, please send a self-addressed, stamped return envelope so they can easily reply to you.)

Some tips:

Since you will be shipping/posting, keep things light.
DO NOT SEND CASH. If you'd like, send a visa/mastercard gift card, a gas gift card…or as you receive information from your family a gift card to a local Wal-Mart, Kmart etc.
As your family settles in, try and keep communication flowing and help them think through what they might need in the coming weeks or months. Remember, the trauma will be with these families for quite a long time.

Please be aware that while donations made to Family-to-Family are tax deductible, donations sent directly to a family are not deductible.

Go to the site to complete the form to sponsor a family.

Purchase and Send Badly Needed Items: (on-line is quickest):

Work gloves, face masks
Mops, brooms, shovels, scrub-brushes
Work boots, work pants
Heavy duty garbage bags, buckets
First Aid kits and band-aids
Diapers, baby food, formula & wipes
New bath towels
Toothbrushes & toothpaste
Feminine Products
Cans of soup and can openers
Laundry detergent, Dish soap
Batteries, flashlights

(For your convenience, some of these purchases can be made online at the Family-to-Family Amazon Store or at any other on-line store.)

Please email us at moreinfo @ family–to–family.org to tell us what you've sent.

All items can be mailed to:

Veterans ~
IAVA has case managers standing by to assist veterans and their families affected by Hurricane Sandy.

Our case managers include veterans and social workers with years of experience dealing with veterans. They know the systems, know the resources, and know where veterans are coming from. They can help match veterans with resources to meet their needs.

At this time we are here to connect you with resources in the following areas:

Housing – referral to agencies that provide assistance with house repairs, foreclosure/eviction avoidance

Homelessness – referral to agencies that provide assistance finding temporary or permanent housing

Public Benefits – assistance with filing for food stamps (SNAP), medicaid, and public assistance (welfare)

Financial – referral to agencies that provide assistance with providing for essential needs such as food, rent, utilities (gas, electric)

Mental Health – assistance in connecting to clinics which provides mental health support

As we are not a direct service provider, we do not provide the following:

Direct financial assistance
Clinical mental health services
Transportation to and from appointments
Direct legal services
Direct benefits assistance

If you would like a case manager, complete the contact information form on the link above.

Serves Coney Island, Staten Island, New York
Eligibility Survivors impacted by Hurricane Sandy 2012
Service Temporary

FROM THE SITE /HURRICANE SANDY:

First and foremost, we are concerned about your safety and well being. All of us at Islamic Relief USA pray that you and your loved ones are safe and secure in the aftermath of Superstorm Sandy. Unfortunately, so many of us have been affected by the devastation––that is why it is so important that we stand unified in our comittment to rebuild.

As neighbors helping neighbors, we will get the job done!

Islamic Relief USA staff and volunteers, from our New Jersey office and from around the country, helped at two shelters set up at Rutgers University. Working closely with the Red Cross, FEMA, and other local relief groups, we were able to register and assist some 600 evacuees.

Insha'Allah we will begin clean up efforts––with our partners Church of Jesus Christ Latter–day–Saints––in these hard hit areas: Coney Island, Staten Island, Little Ferry and Moonachie, Hoboken and along the Jersey shore, from Belmar to Toms River.

To donate go to:
http://a.cdn.irusa.org/content/uploads/2012/11/Screen–Shot–2012–11–02–at–5.57.17–PM.png

If you can volunteer, please connect with us to let us know:

1. Send an email with your name and contact information to:
ne@ irusa.org
2. Call us at: 973–774–3702

And, if you are volunteering, please bring shovels or any supplies you may have––the more resources we have the better. And please share this email, and encourage your friends or family to join these efforts too.

Together we will get through this.
Your family at Islamic Relief USA

HOW ISLAMIC RELIEF USA IS HELPING
IRUSA's Disaster Assistance Response Team (DART) met with members from the American Red Cross, the Federal Emergency Management Agency (FEMA), VOAD and other relief workers met on Oct. 27 to strategize about the most efficient aid delivery methods in anticipation of the storm. The DART team then mobilized to New Jersey, where the storm was predicted to make landfall, to help with relief efforts. IRUSA's DART staff and volunteers provided shelter management services and helped however else needed at two separate hurricane shelters on the campus of Rutgers University until the shelters closed on November 2. The team was able to help more than 600 people.

Here are some of the specific ways IRUSA has been helping:

Providing situational reports
Providing support to the American Red Cross.
Providing cleaning services, dormitory patrol, child care, front–desk support, answering phones, and setting up cots.
Distributing blankets, clothing, food to evacuees
Interviewing evacuees to assess needs

IRUSA, in collaboration with the Church of Jesus Christ of Latter–day Saints, will also be helping with clean–up efforts across New Jersey and New York, specifically in Coney Island, Staten Island, Little Ferry and Moonachie, Hoboken and along the Jersey shore, from Belmar to Toms River. Please see the flier above if you'd like details about volunteering for these efforts.

From NVOAD notes:

Islamic Relief USA: DART arrived in New Jersey late Saturday October 27, 2012. The DART localized its response to individuals that live within the region. Islamic Relief USA has been in conversation with the Disaster Response community; conference calls have taken place with FEMA, American Red Cross and the VOAD. DART has reached out to its local membership to assist in this effort with the realization that this event may require a long term deployment. The DART has formed a group that will meet at the IR office at 3pm this afternoon. From this location, the team plans to move to the Command Center in Tinton Falls, New Jersey.

FROM THE WEBSITE 11/10/12:

Hurricane Sandy Update

An update on ongoing response and recovery efforts

The Long Island Volunteer Center, an affiliate of HandsOn Network, is working closely with our local partner agencies and national HandsOn Network to identify volunteer opportunities in the communities impacted by Hurricane Sandy to ensure a coordinated response.

As of November 8th, 2012, we have pre–registered 1,527 individuals and, based on specific requests from partner agencies, have referred volunteers to support Red Cross shelters, food rescue and food bank agencies such as Island Harvest and Long Island Cares–The Harry Chapin Food Bank, Salvation Army donation sites, and a faith–based organization doing debris cleanups in an affected community.

Please understand that due to the number of people interested in volunteering, as soon as an opportunity is identified, it is filled.

We are working with national and local partners to identify more opportunities in the midst of our current challenges, including transportation issues, lack of fuel in the area, identifying volunteer housing and massive power outages. These challenges make it difficult to get teams out to assess the need and scope projects. While we are working diligently, please understand it may be a few days before we increase the number of projects in the impacted area.

In the meantime, there are additional ways you can engage now:

Register your interest to volunteer. By registering with us, you will receive up–to–date information, including when new volunteer opportunities are posted.

Once you have registered, please log back in to update your volunteer skills profile. This will help us reach out to volunteers with specific skill sets once the online referral process begins again.

Donate supplies and materials by clicking here to ensure you are sending the MOST needed items

Host a local fundraiser and donate the proceeds by clicking here.

RECOVERY
We request that you do NOT self–deploy to the region without identifying an opportunity AND housing. Once volunteer housing becomes available, we will update our website with the information on how to book reservations.

Thank you. Each one of you can play an important role in the recovery process, and there will be plenty of opportunities in the days to come. We appreciate your thoughts, your well–wishes and your expressions of support as our community works hard to meet this unprecedented situation.

If you need to reach us, the best way is via email:
disastervolunteer @ longislandvolunteercenter.org
Please recognize that we are receiving an incredible volume of messages right now.

Those affected by the disaster should consider registering themselves at the Red Cross Safe and Well website to let loved ones know you are safe during this stressful time. Safe and Well is available 24 hours a day, 365 days a year, and is accessible in both English and Spanish.

UPDATE FROM FACEBOOK 11/16/12:

NECHAMA Expands Scope of Sandy Response – Branches Out to Aid Brooklyn & Long Island.

EMAIL VOLUNTEER QUESTIONS TO:

Meghan Key – Volunteer Coordinator
megan @ NECHAMA.org

WEBSITE VOLUNTEER REGISTRATION:
http://www.nechama.org/index.php/volunteer

We are primarily a preparedness and response organization. Which means we offer training year round and respond when disasters strike.

We are looking for volunteers that want to be effective and useful in a meaningful way after disasters and/or have a passion or professional skills that they would like to apply.

We don't always have an active or on–going response project or a set of volunteer opportunities, so signing up for updates is the best way to stay engaged and up–to–date.

You don't have to be Jewish to be NECHAMA

Guided by the Jewish tradition of Tikkun Olam, acts to repair the world, NECHAMA helps people affected by disaster based on need, not religious creed. We also welcome people of all creeds – Jewish or otherwise – to join us as volunteers.

Services offered: Cleanup, Debris Removal, Volunteer Services; Cleanup, House Gutting, Volunteer Services; Cleanup, Mold Removal/Remediation, Volunteer Services; Cleanup, Mud–Out, Muck–Out, Flood Cleanup, Volunteer Services; Cleanup, Tree Removal & Chipping, Volunteer Services; Cleanup, * Volunteer Services (ANY/ALL Types); Donations, Disaster Fund; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Volunteer, Volunteer Registry, Online

New York State Disaster Case Management Program

Disaster Case Management program can help ANYONE that has been affected by Hurricane Sandy and has unmet needs. This includes:

Those that are not eligible for FEMA,
Those that got FEMA assistance but still have unmet needs,
Those that are confused about where they stand in the FEMA process. We can help them find out where their case stands.

It is important to note that immigrants are eligible for Disaster Case Management even if they are not eligible for FEMA.

The program connects individuals and families to services that might be able to help. Whether you have applied for FEMA or SBA assistance or not, even if you were not eligible for those federal programs, there may be local resources available to help you. A disaster case manager can work one–on–one with you to find resources, provide referrals and help you obtain the assistance you need. Case management information to be updates as information is available.

Dutchess, Putnam, Westchester, Rockland: 845–452–1400 ext 4213

Orange, Ulster, and Sullivan: 571–388–7347 or 571–388–7323.

Services offered: Case Management, Hurricane Survivors; Long Term Recovery Support

Disaster Unemployment Assistance (DUA)

(Last updated November 16, 2012)

If you live or work in Bronx, Kings, Nassau, New York, Orange, Putnam, Queens, Richmond, Rockland, Suffolk, Sullivan, Ulster or Westchester counties and you lost your income due to the effects of Hurricane Sandy, you may qualify for DUA.

You may qualify for DUA even if you would not normally be able to get unemployment insurance benefits. To find out if you might be eligible for DUA, call the Telephone Claims Center (TCC) at 1–888–209–8124, or 1–877–358–5306 if you live out of state. Answer the questions to indicate that you lost your job as a direct result of Hurricane Sandy.

File your application with the New York State Department of Labor as soon as possible. The application deadline is February 4, 2013.

The following are examples of situations that may make you eligible for Disaster Unemployment Assistance:

You were injured in the disaster and are unable to work, whether you are an employee or self–employed.

Your workplace was damaged, destroyed, or you can't work because of the disaster.

Your transportation to work is not available because of the disaster.

You cannot get to your job because you must travel through the affected area, and you cannot do that because of the disaster.

You were about to begin working, but could not because of the disaster.

You got most of your income from areas affected by the disaster, whether you worked for yourself or for an employer, and your business is down because of the disaster.

Please note – this list is not exhaustive. If you are uncertain about your eligibility, please apply. All applicants must submit wage information and documentation to support their application.

From the NYVOAD Member Directory:

Disaster Program

As a result of the devastating effects of the tsunami in December, 2004, businessman David Campbell headed to Thailand to see how he could help. His intended one week volunteer visit turned into a one month stay, during which he became one of the founders of HandsOnThailand, which, over three months duration, brought more than 200 volunteers and several hundred thousand dollars to assist the rebuilding of five Phuket fishing villages.

After hurricane Katrina hit the Gulf Coast of the US in 2005, David joined with several other HandsOn volunteers to establish HandsOnUSA. One week after Katrina, the team had an operations center in Biloxi, MS, 50 volunteers committed and en route, and dozens of community re–development projects launched. In total, more than 1,500 volunteers helped HandsOnUSA serve the survivors of Katrina during the five month deployment.

In 2006, this volunteer response model became known as Hands On Disaster Response (HODR), and has since then engaged with large national and international natural disaster events for a total of eleven deployments.

FROM THE SITE:

Volunteer – The Basics

* We are a ‘response’ organization, not an search and rescue organization. This means that we try to come in quickly, but after the search and rescue phase, and fill in gaps left by governmental and non–governmental agencies in clean–up, community recovery and reconstruction projects. Our projects typically focus on the initial 1–6 months following a disaster.
* We do not charge a participation fee to volunteer. You get yourself to the project, and in return we provide shelter, food, and a rewarding and unique volunteer experience. You are welcome to volunteer with us even if you choose to stay elsewhere. If you're looking for an easy way to support HODR or engage your friends and family, you can create your own personal All Hands sponsorship page on Firstgiving.com or through Facebook Causes!

* Typically, we work six days a week.
* Our minimum age is 18 years old, unless accompanied by a parent/guardian. Parents, please contact us at info@hands.org for more information.
* All Hands does not have medical capacity and strongly suggests that volunteers acquire travel insurance – it is very affordable and can go a long way in time of need.
* For project–specific info, please click on one of the project buttons above.

6 Easy Ways to Get Involved!

There are lots of easy ways for you to support All Hands and make a direct impact – from our projects, your home, and even right now from your computer! Check out all the ways you can make a huge difference on the website! Thanks for all you do!!

VOAD NOTES 11/9/12:

American Radio Relay League (ARRL): Amateur Radio operators continue to be active supporting partner agencies and organizations throughout the mid–Atlantic states and New England. Requests for communication assistance can be submitted to ARRL HQ; please contact Mike Corey, ARRL Emergency Preparedness Manager, ki1u @ arrl.org or 860–594–0222.

2012 HURRICANE SANDY –

As Hurricane Sandy Wreaks Havoc on East Coast, Hams Heed Call to Help –
11/01/2012 last posted (update)
http://www.arrl.org/news/as–hurricane–sandy–wreaks–havoc–on–east–coast–hams–heed–call–to–help

From the NYVOAD Member Directory:

Organizational Structure

The American Radio Relay League, Inc. (ARRL) is a national volunteer organization of 155,000 licensed radio amateurs in the United States. ARRL maintains a field organization of 10,000 leadership volunteers and 40,000 registered radio amateur members of the ARRL–sponsored Amateur Radio Emergency Service (A.R.E.S). This large volunteer force is headed in each of 71 geographical sections by an elected section manager. Disaster communications in each of those sections is under the direction of an appointed section emergency coordinator (SEC), who, in turn, directs district and local emergency coordinators. Radio amateurs volunteer not only their services, but also the use of their privately owned radio communications equipment and digital interfaces for use in disaster situations.

Disaster Program

The ARRL is national both in scope and in purpose, but with disaster response conducted and directed at the local and state levels. The ARRL is a voluntary membership organization incorporated as a not–for–profit institution and qualified under IRS regulation 501(c) 3. ARRL's commitment is to promote, organize, and assist at every level to meet the communications needs of people and agencies affected by disaster. The ARRL has entered into formal agreements to provide emergency radio services with the American Red Cross, The Salvation Army, National Communications System, Associated Public Safety Communications Officials– International, Inc., National Weather Service, and Federal Emergency Management Agency (FEMA). American Radio operators shadow emergency responders and officers at disaster sites. This is the only way emergency agencies (who use different radio frequencies) are able to have interoperable communications.

Feeding America – NY State Network (NYVOAD Member)

Info/Hotline · Open

See Internal Contacts, NY

Phone 800.771.2303
Web feedingamerica.org
Serves New York State
Service Temporary

FROM THE SITE 11/20/12:

Hurricane Sandy Relief Efforts
So far, 150 truckloads––or 4.9 million pounds––of food and grocery items have been secured. Feeding America food banks have generously provided 22 of those truckloads. Feeding America food banks have been incredibly generous through offers for products and personnel—and members in the affected areas have expressed their deep gratitude for the outpouring of support from across the network.

From the NYVOAD Member Directory:

Organizational Structure

The New York State Feeding America Network (formerly named America's Second Harvest) is comprised of the ten regional food banks and food rescue organizations working together statewide to reduce statewide hunger. The NYS Feeding America Network rescues over 145,993,883 pounds of food annually and redistributes it to over 5447 agencies providing food to an estimated 3 million people annually.

In addition, the members provide leadership to improve hunger relief services including advocacy, education, technical assistance, and nutritional training statewide. The ten regional food banks and food rescue organizations, along with their subsidiary distribution organizations and branch warehouses, supply food through a variety of programs including soup kitchens, food pantries, emergency shelters, and senior meal programs, as well as numerous other charitable organizations. Additional information on the New York State members can be found at www.endhungryny.org.

Disaster Program

The NYS Network provides a central location and established system to allocate emergency food and services. The NYS Network provides combined resources of a large exiting food inventory, warehousing expertise, accessible warehouse space, certified warehouse personnel, fleets of refrigerated trucks, and expansive volunteers.

Feeding America Prepares for and Responds to Hurricane Earl

Feeding America food banks in North Carolina, Virginia, Maryland, Delaware, New Jersey and Massachusetts have been preparing for Hurricane Earl's potential landfall. Our network continues to work together to support each other so that our vital services continue helping those most in need, and to provide assistance to those newly in need as a result of this storm.

At this time, Feeding America has moved product ranging from disaster food boxes, nutritional supplements, water and other hydration drinks to areas of potential impact. Our work is closely coordinated with other nonprofits responding to this event and with government at all levels. The full scale of needed response is not yet known but if you are interested in making a donation, please go directly to local food bank websites to see how you can help. Your help is greatly appreciated for both this disaster and the everyday disaster of hunger in America.

11/6/12: Heart to Heart Activities Include supplying and distributing health supplies as well as setting up 2 mobile clinics*

Shipped 2,016 hygiene kits to a New Jersey food bank in partnership with Americares.

Shipped 702 hygiene kits to the Lord Stirling School for distribution by the New Brunswick, NJ OEM.

Heart to Heart has shipped 1,080 hygiene kits to Americares for distribution.

Shipped 4,044 hygiene kits and 8 pallets of bottled water for distribution. Partner: Metro Ministries

Shipped 360 hygiene kits,
one pallet of bottled water, 20 cases of Pedialyte, 20 cases of Ensure, 948 flashlights & 11 cases of batteries. Partner: Nazarene Disaster Response

Heart to Heart International shipped 2,040 hygiene kits to the Salvation Army for distribution. Partner: Salvation Army

Delivered nearly 200 hygiene kits, and worked with a Red Cross nurse providing medicine and care for Sandy evacuees in Red Cross Manhasset shelter.

After the Locust Valley* shelter closed, the MMU moved with about 120 evacuees to this larger shelter on November 1, 2012, increasing the population to about 300. The Mobile Medical Unit became a ER–type clinic, providing not just medications, but a medical workspace for area doctors and nurses to work in, giving care to those in the shelter.

Nassau Community College – Red Cross Shelter
After the Manhasset shelter closed November 5, 2012, Heart to Heart supported the transfer of approximately 200 Sandy evacuees to a larger shelter at the Nassau Community College.

Robert Frost Middle School – Red Cross Shelter
Heart to Heart supported a smaller Red Cross shelter in Deer Park.
Among the supplies delivered to a grateful volunteer staff: Hygiene kits, complete glucose testing kits, feminine hygiene products and OTC medications

From the public NYVOAD Member Directory:

Organizational Structure

Lutheran Disaster Response (LDR) is a collaborative ministry of the Evangelical Lutheran Church in America (ELCA) and The Lutheran Church – Missouri Synod (LCMS). Operating through a nationwide network of affiliates who are prepared and equipped to coordinate disaster response efforts, LDR accompanies individuals, families, and congregations in communities preparing for and responding to disasters. Disaster services are provided through four core components: hardship grants, spiritual & emotional care, volunteer coordination, and long–term recovery.

Disaster Program

LutheranCare, a faith–based organization, dedicated to providing innovative, quality programs and services, is the LDR affiliate for upstate New York. A representative group of trained, leadership volunteers from across the geography work to engage Lutheran congregations in preparedness activity within their communities, equipping them for disaster response when the needs arise. We provide preparedness education for individuals, faith communities and other community groups, disaster planning assistance for congregations, work collaboratively with other non–profit disaster responders, and join in long–term recovery response efforts in local communities recovering from disaster.

To donate supplies/tools, go to their "store": http://occupysandylocalregistry.com/

@OccupySandy
Occupy Sandy is a coordinated relief effort to help distribute resources & volunteers to help neighborhoods and people affected by Hurricane Sandy. We are a coalition of people & organizations who are dedicated to implementing aid and establishing hubs for neighborhood resource distribution. Members of this coalition are from Occupy Wall Street, 350.org, recovers.org and

interoccupy.net. The task of rebuilding communities is a marathon and not a sprint. We thank you for your donations and your support. The hubs we have set up so far are listed below and photos and volunteer updates are available on our facebook: www.facebook.com/occupysandyreliefnyc. To contact us with information that should be included on this hub, please email OccupySandy@interoccupy.net

To get regular updates by text message please text "occupysandy" to 23559.

Enter your email in the form on the left to receive news and updates about how you can help!

Financial Donations can be made to:
https://www.wepay.com/donations/occupy-sandy-cleanup-volunteers

Volunteer to Help Out the Relief Effort:
http://interoccupy.net/occupysandy/volunteer/

To locate an Emergency Shelter, use this map which is updated regularly to reflect current status of the shelters in :

Service Temporary

The website link above is updated and kept current with volunteer needs for the Red Cross – Check it frequently. LTel 11/20/12

How You Can Help: Volunteer for Hurricane Sandy Shelters
October 29, 2012

The Red Cross expects this to be a large, costly relief response across several states, one that continues for several days, and we need your help now.

The Red Cross needs your help. Once Hurricane Sandy passes through our region, we may need to open up and maintain many shelters for those who were forced to evacuate their homes.

If you'd like to volunteer at a Red Cross shelter and are...

Over the age of 16
Available for 12 hour shift from Wednesday, Oct 31 to Friday, November 2.
Be ready to deploy to a shelter location outside of New York City and stay for up to 72 hours.
Able to lift and carry 30-40 lbs
Comfortable working with people in stressful situations

If you meet these requirements, please fill out our Spontaneous Volunteer Application: https://www.nyredcross.org/?nd=intake&logout=1&keeppage=1&ep=10650.

If shelters are needed, trainings for new volunteers will occur post–landfall.

What kind of donations are needed?

Unfortunately we are not able to accept individual donations or collections of items such as clothing, food or cleaning supplies. The cost to sort, package and distribute these types of donations to disaster victims is usually greater than the cost of purchasing the items locally, and it is logistically impossible to distribute a wide variety of individual items in a meaningful and equitable way.

The best way to donate is to make a financial gift. Visit www.redcross.org, call 1–800–RED CROSS (1–800–733–2767) or text the word REDCROSS to 90999 to make a $10 donation. Your gift enables the Red Cross to get prepared and provide shelter, food, emotional support and other assistance to those affected.

Those affected by the disaster should consider registering themselves at the Red Cross Safe and Well website to let loved ones know you are safe during this stressful time. Safe and Well is available 24 hours a day, 365 days a year, and is accessible in both English and Spanish.

SBDR Hurricane Sandy Update

Friday, November 2, the 72 hour mark passed for the SBDR response due to super storm Sandy. In that time frame, an Area Command and 5 Incident Commands have been established in affected areas. Mobile kitchens are open and currently have the capacity to prepare 170,000 meals. By Sunday, an additional 100,000 meal capacity will be operational. Currently, 25 recovery units are working in Maryland, West Virginia, New Jersey, New York and New England. Largely due to the tireless work of DR volunteers, Southern Baptist response to the storm is ahead of schedule.

Praise God for the work that has already been accomplished in such a short amount of time. Praise God for those who have and will volunteer to respond. Pray for the safety of the volunteers who are already serving and for those en route to serve in affected areas. Pray they will proclaim the praises of the One who has sent them to accomplish the monumental task at hand.

Large Task Ahead
On Thursday, November 1, all large capacity mobile kitchens in the DR fleet east of the Rocky Mountains were asked to mobilize in response to Hurricane Sandy. NAMB trustees authorized the entity to cover the travel expenses for state conventions that need assistance in mobilizing their DR teams to the region. This will allow SBDR to meet the goal of preparing a minimum of 400,000 meals a day by Monday, November 5.

Fritz Wilson, North American Mission Board Disaster Relief executive director, shared with state DR directors on Friday during a conference call, “Thanks for taking a step of faith and committing resources for this unprecedented response. We kicked the door holding us down. God will do some miraculous things through this.”

DR units are headed to Raritan Valley Baptist Church, Edison, NJ for staging. Mike Flannery, NY state DR

director, has been working diligently to overcome challenges in NY to make way for feeding units to arrive in the state this weekend. Teams from AR, MI and MO will arrive Friday with additional units arriving on Saturday.

Eddie Blackmon, DR liaison stationed at the national headquarters of The American Red Cross (ARC), thanked state DR directors for doing a “great job of getting teams in location despite some frustrations. NY is a difficult place but we are going to learn a lot of great lessons.” Blackmon shared that ARC is already asking for more meals but SBDR will wait to commit until the 400,000 a day count is met. He assured state directors, “teams coming in will have an opportunity to serve.”

2011 Huricane Irene –
http://www.nyvoad.org/disaster_updates

old notes:
From the NYVOAD Member Directory:

Activation of NYSVOAD

NYSVOAD recognizes the independence of each of its member organizations and does not dictate agency response. However, NYSVOAD endeavors to serve as a catalyst of cooperation and communication between each of its members.

In the event of a disaster, any member agency may request initiation of NYSVOAD response coordination. Response coordination may be accomplished through conference calls, local meetings, or electronic communications.

It is important to maintain the regularly scheduled NYSVOAD communications (i.e. monthly conference calls, executive meetings) during the disaster timeframe.
Activation of any one member organization may be done directly by that organization or may be requested through the leadership of the NYSVOAD.

Activation through NYSVOAD will ensure that all member organizations are informed of the situation. Once activated, NYSVOAD will encourage a cooperative and coordinated voluntary response.

Disaster Coordination Plan

The purpose of the NYSVOAD is to bring together organizations active in disaster services to foster more effective preparedness, response and disaster recovery in New York State. Direct service to impacted communities is provided by the member agencies of the NYSVOAD, not by the NYSVOAD itself. NYSVOAD is a coordinating agency whose goal is to enhance planning, training and communications between organizations active in disaster mitigation, response and recovery. With this in mind, NYSVOAD shall support the response to level 3 & 4 disasters, as appropriate, in the following manner:

I. NYSVOAD Officer (or designee) will report to the State Emergency Operations Center and become the liaison for all VOAD members not then represented in the EOC, and will call and facilitate a NYSVOAD meeting or conference call as soon as practical and needed to do so.

II. NYSVOAD EOC Liaison will meet with the State Donation Coordination Manager (or designee), the State Director of Human Services and FEMA VAL (Voluntary Agency Liaison), and will convene meetings or conference calls with VOAD member agencies to identify and assist with immediate needs, and coordinate with member agencies on their planned responses.

III. NYSVOAD Officer (or designee) will provide updated reports of voluntary agency activities to the New York State Office of Emergency Management (State OEM) at regular intervals or when necessitated by changes in service or location, and will provide member agencies with information regarding the state response. The Liaison will also communicate any issues or concerns that member agencies are reporting in the field to the state.

IV. NYSVOAD Executive Committee will facilitate the development of Long Term Recovery Committee(s) as appropriate, in coordination with the State OEM Director of Human Services and the FEMA VAL.

V. At the close of an operation, NYSVOAD Chairperson or Vice–Chair will request a consolidated report from each voluntary organization assisting in disaster response. This report is to include recommendations that will enable NYSVOAD to encourage and implement corrective actions that will enhance future response and recovery operations. Reports will be brought as an agenda item at the next NYSVOAD meeting following the disaster.

NYSVOAD shall support the response to disasters of a level two or less, as appropriate, in the following manner:

I. NYSVOAD Officer (or Designee) will convene a conference call with member agencies and government partners to evaluate the nature and extent of damages. Under special circumstances the VOAD Liaison may be requested to support EOC operations.

II. NYSVOAD Member agencies will support local response agencies as appropriate.

III. NYSVOAD Executive Committee will facilitate the development of Long Term Recovery Committee(s) as appropriate, in coordination with the State OEM Director of Human Services.

IV. At the close of an operation, NYSVOAD Chairperson or Vice–Chair will request a consolidated report from each voluntary organization assisting in disaster response. This report is to include recommendations that will enable NYSVOAD to encourage and implement corrective actions that will enhance future response and recovery operations. Reports will be brought as an agenda item at the next NYSVOAD meeting following the disaster.

NOTE: The primary goal of the NYSVOAD and its member organizations is to work in partnership and support of local VOAD's, disaster response networks, local human services councils and other response organizations, and when required act as a conduit to national resources. It is not the role of the NYSVOAD nor its member organizations to replace local networks or their services.

VOLUNTEERS NEEDED –
Each winter the American Red Cross works with the City of Portland to operate a Severe Weather Emergency Warming Center for homeless individuals. The Emergency Warming Center is opened during severe weather events and provides a safe and warm location for individuals to be inside and not exposed to the elements and potentially freezing to death. In order for the Red Cross to operate the Emergency Warming Center we need volunteers!

To sign up and be available for the Emergency Warming Center interested individuals need to do the following.

1. Complete a volunteer application for the American Red Cross,
2. Schedule and attend an Emergency Warming Center Orientation.
3. Have reliable transportation and be available during severe weather events to volunteer at the Emergency Warming Center.

Emergency Warming Center Orientations are currently scheduled for the follow dates and times at the American Red Cross, 3131 N Vancouver AVE Portland, OR 97227. All orientations will occur in the Tillamook Conference Room on the second floor.

2012 HURRICANE SANDY –

from website:
Projected Start Date: November, 2012
http://www.abwe.org/give/project–details/hurricane–sandy–relief–effort–DR1211/

Superstorm Sandy has impacted thousands along the East Coast, leaving many in towns where the storm hit hardest without power and access to necessities or shelter.

Yet, amidst this terrible catastrophe, Christians have the incredible opportunity to share the love of Christ with our hurting neighbors. As needs arise, ABWE plans to work with partner churches and organizations in the affected areas, helping support their community relief efforts. Additionally, we hope to provide aid to churches who have been impacted by this storm.

In times of terrible heartache ABWE uses compassion relief funds as a door to share the Good News of salvation to those who are suffering. Please help us minister to victims of Hurricane Sandy. Just a small token of your compassion can be an incredible

blessing to a frightened and suffering family, or a devastated church.

Hurricane Sandy Update

United Way 2–1–1 in Rhode Island (2–1–1) is working closely with federal and state officials to monitor the progress of Hurricane Sandy and help Rhode Islanders prepare for its potential impact on our state. 2–1–1 can be reached from any phone in Rhode Island, 24 hours a day, 7 days a week, by simply dialing 2–1–1. The service is free, confidential and multilingual.

For situations involving any immediate threat to the health and welfare of residents, individuals should immediately call 9–1–1.

For other requests for assistance, such as food, shelter, transportation or other human service needs, Rhode Islanders are encouraged to call 2–1–1. Information is also available online at www.211ri.org.

Also, United Way and Serve Rhode Island are trying to recruit 400 volunteers to help with the state's response to Hurricane Sandy. Anyone interested in helping in this situation is encouraged to call 2–1–1 who is working with Serve Rhode Island to deploy volunteers throughout the state.

Emergency response fund and Best Friends ground team and volunteers to ease suffering from Sandy

Transport and supplies right now the most pressing needs in the hardest hit areas.

November 4, 2012
Best Friends Animal Society, thanks to member support, is making funds available to help defray the extraordinary costs incurred by the companion animal rescue groups and other organizations saving and caring for pets impacted by Hurricane Sandy.

Supported by generous donations from the public and corporate partners, Best Friends' relief efforts will target animals and shelters impacted by Hurricane Sandy across the Northeast and Mid–Atlantic regions. Funds also will support the transport of displaced shelter pets to Best Friends Network Partners located outside of storm–affected areas, expected to begin in the next several days. Limited fuel supplies, road closures and driving restrictions in some affected areas are complicating factors.

The first such transport will be of animals from Animal Care and Control of New York City to Network Partners in New England and is expected to take place in the next several days. Animals will be moved in a Best Friends Emergency Response vehicle deployed for such purposes.

Shelters are eligible for micro grants to assist in repair and recovery from the storm, as are rescue organizations that have taken in animals from shelters impacted by the storm. Priority consideration will be given to shelters working with their community to achieve no–kill status. Details on how to apply for a grant can be found here.

Our Emergency Response specialists, John Garcia and Ethan Gurney, have been in the New York area since mid–week. John and Ethan are both expert dog handlers and have advanced certifications in animal search and rescue techniques that qualify them to work side–by–side with police, fire and National Guard human search and rescue operations. They are prepared to provide relief manpower as needed. The team also has a specially outfitted, climate controlled transport vehicle to move animals within the disaster zone and to distant receiving organizations outside the area affected by Sandy.

Soon, Best Friends volunteers will be helping to fill in work shifts at shelters, delivering pet food in Bergen County, N.J., Long Island and other areas, and provide pet supplies to a shelter in Woodbridge, N.J.

Our New York Programs team, under the leadership of Jamie Lyn Rubin, is coordinating our support of rebuilding efforts in the Tri–State area, which includes helping care for pets in an evacuation shelter and delivering emergency supplies to other flooded shelters whose supplies were destroyed. In the coming days, the team will:

Coordinate volunteers for the Sussex County, N.J. evacuation shelter to cover weekend and overnight shifts for the pet portion of the shelter.
Deliver wet food donated by our friends at Freshpet to the Bergen County Animal Shelter in Teterboro, N.J.

Organize shipments of dog and cat food, donated by Wag.com, along with other needed supplies to area shelters including the Bergen County Animal Shelter and the Town of Hempstead Animal Shelter on Long Island. Both shelters are caring for pre–storm shelter animals as well as additional displaced pets. They are also offering food to hard hit pet owners in their respective communities.
Provide pet supplies such as collars, leashes and toys to the Woodbridge, N.J. shelter which was evacuated due to flooding but which has resumed operations.

Special thanks to our online retail partner, Wag.com, which, in conjunction with Best Friends, has committed to donate a full week's worth of food for more than 200 dogs and cats, plus a week's worth of litter for more than 100 cats at the Bergen County Shelter, Town of Hempstead Animal Shelter, and Jersey City Humane Society. These much needed supplies are expected to be delivered to destination shelters by Best Friends volunteers today.

Wag.com is also launching a campaign starting today to raise funds for Best Friends' ongoing disaster relief work. When a special promotion code WAGDONATE is included with orders, Wag.com will make donations to the fund up to $10,000.

If you would like to make a contribution toward our disaster relief work, please click here. Your gift will be used exclusively for our relief work to help animals during this and other disasters. Thank you.

Best Friends Animal Society is working with shelters and rescue groups nationwide to bring about a time when there will be no more homeless pets. Best Friends operates the nation's largest sanctuary for homeless animals, provides adoption, spay/neuter, and educational programs, and publishes Best Friends, the nation?s largest general–interest animal magazine.

HISTORY – (contact info has changed)
Facility Name was: Best Friends Animal Society's Hurricane Relief Center at St. Francis Animal Sanctuary REAL

To learn more about our role in the hurricane relief effort, visit our website.

Best Friends is currently operating a rescue facility in Tylertown, Mississippi, at the St. Francis Animal Sanctuary. We are sharing supplies and resources with on–the–ground rescue groups in the disaster area.

Our command center at our sanctuary in Utah is coordinating requests for help and offers of help, including:

* Donations of supplies – making sure they reach groups needing specific items. Contact Jason Watt at jason.commmand@bestfriends.org
* Teams of volunteers to care for the animals evacuated to temporary shelters –ours and others. Contact Ed Fritz at ed.command@bestfriends.org
* Lost and found volunteers working to reunite displaced pets with their families. Contact stfrancis@bestfriends.org
* Placement of displaced Katrina pets into foster care. These animals are vaccinated, microchipped, and entered into the Petfinder database.

We maintain a large warehouse in Clinton, MS, where excess donated supplies are made available to rescue groups and pet owners in need. These donated supplies also help us operate our Tylertown rescue facility and provide for the animals in our care.

12/6/12: Email from Chris Haslam
Dear Rescue Supporters and Friends

You are all hero's, and first and foremost I want to thank all of you that gave, and gave, and gave again helping meet the dire needs of the animals in NY, the ones hardest hit.

Thanks to you and people like you, we delivered over 50,000 pounds of supplies, two large trucks full, filled with urgently needed food and supplies. This included more than 25 gas powered cooking stoves, three new large generators, hand warmers, human and animal food, and water, lots of water.

The second truck, driven by Our team member and colleague, Denise Painter, started in South Carolina, and after many stops along the way delivered a second full load to Bayshore, Long island. POSH made no attempt to keep the supplies, but rather open handedly gave wherever the need was seen. Thus together, we were able to help a number of rescues, many of which had nowhere else to turn, and whose need was considerable. They included:

Bobbie and The Strays
Anarchy Animal Rescue
All About Spay and neuter
Hempstead Animal Shelter
Canine Counsel
Shelli's Sanctuary
New Leash Animal Rescue
New Beginnings
Four Paws Sake
Feral Cat Rockaways
Long Beach Humane Society
Sayreville Animal Shelter
Rock Hill Shelter
Hamptons Hurricane Release Fund
Urgent Death Row dogs
Brooklyn Animal Care and Control
Manhattan Animal Care and Control
Shale Mountain Rescue
Ridgeback Rescue
Heavenly Angels

If you would like to see some of the pictures taken during phase I, please click here and take a look at our web site: http://www.humane.pro/ny.php

Phase Two ++

Now we are moving forward with phase two of the operation and planning multiple new transports of the much needed supplies. This part of Phase two is to include others, willing and able to drop off supplies directly to Bayshore Long Island, NY. We have a specific location ready to accept donations. Those of you that would like to bring supplies directly to where the need is greatest, please contact me and I will give you the address to make deliveries. The POSH contact is Mellie McClellan at 1-631.383.8903. Due to phone problems in NY, personally, I find it easier to use Text Messages or Facebook. Another part of this phase is for us to work with manufacturers and distributors and have material drop shipped to Bayshore, LI,

Phase Three:

This is the biggest and most important portion of this rescue and relief effort and is aimed at placing as much as possible right into the hands of those that need it most. Mellie and the POSH team has identified additional rescues, fosters, and animals families that need help the most. Working with the smaller and less well organized groups, we have had food and supplies delivered door to door, in fact directly at their front door.

A very big part of this phase is the boarding of desperate animals in healthy clean kennels, and foster homes, and for this we ask that you consider a monetary donation to our "Donate" button on our website www.humane.pro This is no small matter and we are already paying large kennel fees to keep as many animals as possible of the Euthanasia lists ate the NY area shelters. Given that many of the animals have medical issues, like Kennel Cough, this is a critical issue as the shelters do not have the resources to keep and treat sick animals.

Items still very much in need
1. Dog and Cat Dry Food
2. Dog and Cat Wet Food

3. Flash Lights and Batteries
4. Paper Towels
5. Water Proof Dog Houses
6. Tarps, Plastic Drop Cloths & Shower Curtains
7. Rope
8. Candles

All donations will be allocated “For the Animals in New York”, and they will get every cent.

We will issue IRS donation letters to all donors and since we are a recognized 501C3 you may deduct your donation to the full extent of the tax laws.

Anyone seeking more information and especially anyone willing to help drive a load of donations upto Long Island, please call me directly at 703.568.3600, or better yet send me an e–mail to Chris.Haslam@Humane.Pro or Info@humane.Pro or even my personal e–mail Chris.Haslam@Cox.Net

Those that use face book, please place a link onto your page explaining what is needed and how your friends can help.

For those of you that wish to be deleted from this mailing list, please click on Unsubscribe@Humane.Pro , we will do our very best to keep you off all future lists and e–mail distributions. Thank You

Chris C. Haslam

11/8/2012: Email from Chris Haslam
There are rescues in Staten island, Long Island and new Jersey that have to live and serve the animals they care for in wet, freezing cold conditions. Conditions without heat and light, with no dry food for the animals and no end in sight. The normal sources of food and supplies are shut down and without power. The poor animals look to us in the rescue community to provide for their needs in their time of desperate plight. Many of these people could just abandon their animals and go to human rescue shelters, where they can find warmth and comfort. BUT NO, like all real rescues they stay with their animals and fight to help them survive. Providing what food they can, loving on the animals, and caring for their needs and also reaching out to other rescues and foster that like them have chosen to make their stand for the animals they love so very much. This may well be the rescue communities “Finest Hour”.

Commonwealth Humane and its supporters, like many others are stepping into the breach, and will undertake a mercy run this coming Thursday the 8th of November, but we cannot do it alone, and we need your help.

We have a large van and trailer being loaded with warm blankets, dog and cat food, and other supplies that are so desperately needed.

Money is not much good to the folks in NY, since they have nowhere to spend it. Therefore any and all monetary donations will be converted into food, fuel, and other much needed supplies and every last cent will be given to them. They are telling us what they need most and we will purchase whatever items they need.

For those too far from NVA to be able to deliver the supplies you may consider a monetary donation to our “Donate” button on our websitewww.humane.pro

Please indicate your donation “For the Animals in New York”, and they will get every cent.

We will issue IRS donation letters to all donors and since we are a recognized 501C3 you may deduct your donation to the full extent of the tax laws.

HURRICANE SANDY: OPERATION BLESSING PREPARES DOMESTIC DISASTER RELIEF TEAM IN VIRGINIA

Group Will Pre-Stage In Virginia Beach In Case Local Effort Needed, With Eye To The North

VIRGINIA BEACH, VA (October 26, 2012) - The domestic disaster relief team of Operation

Blessing International (OBI) is preparing for relief efforts as Hurricane Sandy sets its course on the East Coast.

The team is pre-staging equipment, staff and supplies at its Virginia Beach headquarters in case relief efforts are needed in the Hampton Roads area, with the possibility of a deployment in the north should that be needed. The equipment includes:

--Mobile Kitchen – Capacity to feed approx. 2,000 meals per day with enough provisions on board for 6,000 meals before new supplies are needed
--Mobile Command Center with communication technology such as VHF radio, satellite,
satellite news feed, and a base of operations for the team
--2 Construction Trailers with tools and safety equipment to equip our construction foremen and volunteers with the tools needed for debris removal, tarping roofs, flood clean-up and gutting homes
--Box Truck with 100 cots, tarps and firing strips for 50 homes, water, MREs, and kerosene
heaters
--CAT 924 Loader for debris removal
--100 heaters in the event that cold weather comes in during power outages
--OBI's fleet of Semi-Trailer Trucks (75 trailers and 18 power units) from its Hunger Strike force are also standing by and will be utilized as needed
--Shower Trailer for volunteers

The team, under the direction of Jody Herrington-Gettys, director of U.S. disaster relief, will monitor the storm over the weekend and decide on Sunday where to deploy based on the projected track of the storm. "Our first priority is to serve the Hampton Roads community," said Herrington-Gettys.

Should deployment be needed further north, however, OBI has already planned with partner organizations in NY, NJ and Rhode Island.

Operation Blessing's Haiti office is currently responding to massive flooding in that country after then-Tropical Storm Sandy dumped upwards of 12 inches of rain. Today, OBI will deliver food, water filtration units, chlorine, and toiletries to 55 families that lost their homes due to severe flooding along the river Grise near Croix de Mission, Haiti.

For more information, please log on to www.ob.org.

FROM THE SITE 10/27/12 (LTel)

From the Desk of:
Gary LeBlanc, Mercy Chefs

Dear Facebok Friends,

A quick update to let you know that our Mercy Chefs team is closely monitoring Hurricane Sandy which is now expected to make landfall along the I-95 Northeast corridor.

The storm could impact 65-70 million people, with millions losing power. Throughout the weekend, I will be in close contact with state emergency management officials as well as our ministry partners to ensure that Mercy Chefs can provide relief as needed to the hardest hit areas.

Tomorrow, we will begin moving Mercy Chefs resources into Virginia. This will allow us to respond to the earliest possible impact while putting us within hours of reaching almost anywhere along the northeast corridor.

If this storm takes the track now projected, we could witness a very serious emergency event impacting the most densely populated region in the entire nation. There is even the possibility of heavy snow on the back side of the storm. This could result in massive power outages inland as well as in coastal regions.

BE PREPARED!

If you live along the northeast corridor, I cannot emphasize enough how important it is to be prepared. Storms of this magnitude can be extremely dangerous. And once power is lost, the world changes dramatically. FEMA has many useful resources posted, including emergency kit checklists. Go here:

http://www.ready.gov/hurricanes

I will be sending you email updates as events warrant. The fastest way to get the latest information from Mercy Chefs is to through our Facebook page.

Finally, thank you so much for your prayers and support. I am so grateful for friends like you who make it possible for our team to provide the comfort of a hot meal to those whose lives have been turned upside down by disasters.

May God bless you.

Gary LeBlanc
Founder/President
Mercy Chefs Inc.

P.S. As I noted, we are moving our kitchen resources into position and will be staged in Virginia so we can respond as quickly as possible as events warrant. Much of our expenses occur prior to deployment as we stage and equip our Mercy Chefs facilities. If you would like to make a tax–deductible gift today to help us prepare, please visit our website: www.mercychefs.com/donate

HURRICANE SANDY – VIRGINIA SHELTERS INDEX
SOURCE: http://wtkr.com/2012/10/27/hurricane–sandy–update–shelters–in–norfolk/

Chesapeake:

Chesapeake will open the following shelters at 7pm Sunday night:

RESIDENT SHELTER

The City of Chesapeake will open a Storm Shelter tonight, Sunday, October 28, at 7:00 p.m. at Oscar Smith High School, 1994 Tiger Drive. Residents who decide to come to a shelter need to understand that conditions are extremely basic. Residents should bring adequate food, water, medical supplies, bedding and comfort items for each member of their family for a stay of at least 48 hours due to the anticipated severity of the storm. Shelters provide a safe, dry location during the storm. In addition, access to electrical power (other than lighting) is extremely limited or may not be available at all.

MEDICAL NEEDS SHELTER

The City will open a medical needs shelter for residents who are oxygen dependent or who need electricity for medical equipment today Sunday, October 28, at 7:00 p.m. at Greenbrier Middle School, 1016 Greenbrier Parkway. This shelter is intended for those whose medical needs cannot safely be met at home during the storm.

The shelter does not take the place of a hospital and is intended only for those whose conditions are stable. A primary caregiver should accompany each individual to the shelter to provide support.

Residents coming to the shelter need to bring durable medical equipment and oxygen tanks, medication and supplies, personal care items, special foods, and vital documents. Service animals only are permitted. They must also bring their own bedding and comfort items.

PET SHELTER

A Pet Shelter will open tonight at 7:00 p.m. at River Crest Community Center, 1001 River Walk Parkway. The shelter will accept domestic animals only, with the exception of snakes which are not permitted. Owners should bring food, a towel, any medications, and their animal's crate/cage, if possible. Loaner crates are available as supplies permit. Birds and pocket pets MUST be in their own cages. Pet owners will be provided shelter at Oscar Smith High School and owners will be allowed to return to the Pet Shelter to walk and visit their pets as weather conditions permit.
Residents with questions or concerns should call: 382–2489

Newport News:

Warwick High School, located at 51 Copeland Lane, will open as shelter at 8:00 a.m. Sunday, October 28th. Residents should bring the following:

any medications or special needs equipment as well as caregivers;
air mattresses, blankets, and pillows;
special items for babies and toddlers, the elderly and handicapped;
reading materials and games;
toiletries (toothbrush, toothpaste, soap, etc.);
clothing;
water (at least one gallon per person per day);
non–perishable food; special diet foods, including foods for seniors and infants;
first aid kit; and
battery operated radio, flashlight and extra batteries.

There is limited capacity for pets (dogs and cats only) at the shelter. Residents who bring pets need to bring a kennel, cage or crate, pet food, and water, and be prepared to care for your pet. Animals will be housed at the shelter, but separately from people.

Norfolk:

The city of Norfolk will open the following four shelters tonight Saturday October 27, 2012 at 6:30 p.m:

Bayview Recreation Center (Pet–Friendly Shelter)
8613 Willow Terrace

Campostella Elementary School
1106 Campostella Road

Norview High School
6501 Chesapeake Blvd

Granby High School
7101 Granby Street

Bayview Recreation Center will accommodate household pets such as a dog, cat, bird, rabbit, rodent or turtle. Household pets do not include: reptiles (except turtles), fish, insects/arachnids and farm animals. Owners are required to remain at the shelter with their animals at all times. Bring all necessary food and medications. All pets must be on a leash or in a carrier.

Residents are advised to bring bedding materials, toiletries, medicine, food and any other items they deem necessary to ride out the storm.

Virginia Beach:

The City of Virginia Beach will open an emergency shelter at 10 a.m. Sunday to accommodate residents during Hurricane Sandy at Birdneck Elementary School, 957 S. Birdneck Road.

Portsmouth:

An emergency shelter will open Sunday morning at Lakeview Elementary School at 8 a.m. The address is 1300 Horne Avenue.

Mathews County:

A shelter will open at 8 am Sunday at Thomas Hunter Middle School.

Services offered: Shelter, Animals, Small Pet/Animal Emergency/Evacuation Shelter; Shelter, Evacuation Shelter

Serves	National, International
Eligibility	Impacted by Disaster/Poverty
Service	Permanent

Who we serve
World Vision helps transform the lives of the world?s poorest children and families in nearly 100 countries, including the United States. Our non–profit work extends assistance to all people, regardless of their religious beliefs, gender, race, or ethnic background.

Why we serve
World Vision is a Christian relief and development organization dedicated to helping children and their communities worldwide reach their full potential by tackling the causes of poverty.

Serving the Poor in Nearly 100 Countries

Where We Work Around the World

World Vision is present where human needs are greatest ? and where hearts can be moved to help the poor. Each year we build on our effective work from the past, with the vision of helping every child experience life in all its fullness.

In nearly 100 countries around the globe, World Vision joins with local people to find lasting ways to improve the lives of children and families in poverty.

Africa, Europe & The Middle East, Asia & The Pacific, The Americas & Caribbean

The number of natural disasters occurring world–wide has increased rapidly in recent decades. In 1984 there were 35 recorded natural disasters – that number more than tripled by 2002, with just over 100 being recorded by the United Nations.

World Vision has enhanced its disaster mitigation and response efforts accordingly, working alongside many other agencies and NGO's committed to addressing human needs resulting from suffering caused by war and internal conflict, food insecurity, displacement, volcanic eruptions, sever drought, fires, earthquakes and floods.

In 2006, World Vision implemented major emergency responses in 63 countries. Dozens of smaller responses were also carried out.

In the past few years, World Vision has launched large–scale relief operations in the southern Africa region, Ethiopia, Liberia, Sudan, Iran and for the Asia Tsunami.

Hurricane Helene response:

Direct Relief: Direct Relief brings long–term medical aid specifically needed by local officials and agencies. The organization has just made more than $74 million in medicines and medical supplies available for healthcare providers in the path of Hurricane Helene, according to an email. You can donate to their general fund or choose Hurricane Helene Response in the dropdown at their donation page.

source: https://eu.statesman.com/story/weather/hurricane/2024/09/27/hurricane-helene-how-help-victims-relief-organizations-charities/75412916007/

5/23/2013: From DRI Blog
Relief's Emergency Management Team landed in Oklahoma last night to assess the needs of healthcare partners responding to the deadly tornadoes. The team is reporting that severe thunderstorms soaking the town of Moore are inhibiting the response to the needs of people affected by the tornadoes.

Direct Relief has sent seven emergency medical deliveries valued at over $211,000 (wholesale) to three health center sites serving people affected. Direct Relief is in contact with more than 300 clinic and health centers in storm-affected areas and more priority shipments are planned over the next several days.

Lighthouse Medical Ministries, located just five miles outside of Moore, Oklahoma, have opened their clinic to assist with the response. In the absence of typical transportation options, vans are being sent out to collect people with medical needs and bringing them to the clinic. To reduce the risk of tetanus in the aftermath of the disaster, Lighthouse Medical Ministries requested Tdap (Tetanus, Diphtheria, Pertussis) Vaccine. Donated by GlaxoSmithKline, 210 doses of Tdap vaccine were shipped immediately and delivered yesterday.

SEMO Health Network also requested and received Tdap vaccine. Direct Relief is sending today an additional shipment of personal care items, anti-inflammatory drugs, diabetes supplies, wound care, gloves, and eye care products. These items will support the deployment of a mobile medical unit to Oklahoma on Friday. The mobile medical unit was donated by Direct Relief after the tornadoes that devastated Joplin, Missouri in 2011.

Community Health Center, Inc in Spencer, Oklahoma was not damaged in the tornadoes and is providing care to people who are displaced or injured. Direct Relief has delivered Similac, Family Dental Kits, pelican cases, blankets and infant hats, and prescription medications and supplies to Community Health Center to help with their response.

Additional medical aid to five clinics are planned this week, including medications, medical supplies, personal care items, and 170 vials of Lantus insulin shipped directly from Sanofi US.

11/8/2012: From Website
International, announced today that they have joined together and established a special fund to support the patients and nonprofit health centers and clinics in areas affected by Hurricane Sandy.

All contributions to the Sandy Safety-Net Fund will be used exclusively to support nonprofit healthcare safety-net facilities and related activities in affected communities.

DRI is currently working with partners in Brooklyn, Queens, Manhattan, Staten Island, Red Hook, Rockaway and throughout New Jersey.

Jesusita Fire: Direct Relief Delivers Protective Masks to First Responders
May 6, 2009

5:50 p.m. In response to the rapidly expanding Jesusita fire, Direct Relief has furnished N95 particulate respirators at the request of local emergency response for use by responders to the Jesusita Fire in Santa Barbara County. Watch a video about our response.

The request for protective masks was made to Direct Relief Emergency Response Coordinator Brett Williams, who was meeting at the Santa Barbara County Emergency Operations Center as sundowner winds fanned the flames, forcing more evacuations. See a map of the evacuation area.

Direct Relief has a formal agreement with the County of Santa Barbara to assist in public emergencies, and Williams participates in meetings and drills routinely to ensure smooth coordination in the event of an emergency. The current situation is being described as an "extreme fire emergency."

Direct Relief Provides $12,000 in Grants to Tea Fire Victims
100% of all Tea Fire contributions going directly to residents
January 29, 2009

Direct Relief International has approved cash grants totaling $12,000 to residents affected by the devastating November 2008 Tea Fire, which destroyed 210 homes in the foothills of Santa Barbara and Montecito. The grants are being paid with designated contributions Direct Relief received to support Tea Fire victims.

Aid recipients were identified through the Tea Fire Long Term Recovery Committee, an interagency working group coordinating assistance among local nonprofit organizations including the American Red Cross and the United Way. A caseworker hired by the committee has assisted the residents with their aid requests and confirmed the extent of their loss.

Among the grant recipients are Lance and Carla Hoffman. The couple escaped through the flames but suffered serious burn injuries that have required specialized care in Orange County since the fire. The cash grant will help them cover medical expenses, which surpass $95,000. Other grants have been approved for uninsured residents identified as being in extreme financial hardship directly caused by losses in the fire.

These cash grants were made possible by generous donors who contributed to Direct Relief's response and recovery efforts, including the leading software company QAD, based in Santa Barbara.

During the incident, Direct Relief tapped internal funds from its general emergency account to purchase and distribute thousands of protective N95 particulate masks to residents and emergency personnel. Tea Fire contributions were not used for those expenses or internal personnel costs related to the response because the organization determined the actions were the type of activities for which it raises general funds.

As a result, Direct Relief is using 100% of all contributions specifically designated for the Tea Fire for direct financial assistance to fire victims. "In all emergencies that generate restricted contributions, we believe it important to articulate very clearly how such contributions are used, including explaining our internal accounting practices," said President and CEO Thomas Tighe. "We are very fortunate to have supporters who understand that emergencies are difficult to predict and allow us the discretion to use funds as needed.

"Because of that general support to Direct Relief," he continued, "we were able to respond fast and, in this case, use every designated dollar we received to support local residents only and precisely for that purpose."

Remaining Tea Fire funds will be allocated to affected residents identified and approved through the interagency process. People affected by the Tea Fire may contact Pamela Voge, Long Term Recovery Coordinator, at the Santa Barbara Chapter of the American Red Cross to apply for assistance: (805) 687–1331 ext. 107.

QAD Makes Computer Workstations Available for Tea Fire Residents
In–kind donation supports those who lost home offices

January 5, 2009
For Santa Barbara and Montecito residents who lost their home offices in the Tea Fire, QAD has made a generous in–kind donation through Direct Relief International of temporary computer workstations at QAD's headquarters in Summerland.

Between 20 and 30 temporary workstations outfitted with Internet–accessible laptop computers will be available to applicants on a first come, first served basis. The work stations are available starting January 5, 2009, from 8 a.m. to 5 p.m. Monday through Friday. Users are asked to respect a 30–day limit per person, with laptops available for in–office use only.

To apply for a QAD temporary workstation, contact Damon Taugher at Direct Relief: (805) 964–4767, or dtaugher @directrelief.org.

Please Note: Direct Relief sends medical aid to areas affected by emergencies. We cannot send volunteers to assist with emergencies

Hurricane Sandy's Mark on the Caribbean
Posted on October 29, 2012 by meganbradfield
Share

Greetings to All!

Last week the world was just hearing about Hurricane Sandy. I was in Haiti visiting our companions and discussing work still underway from other large disasters from recent years. The rain was pouring from the time I touched down in the country early Tuesday until I left late Thursday. Haiti typically gets stints of rain that last a few hours, but a few days? In the context, a little bit of rain can go far and a lot of rain can destroy people's livelihoods, health and well–being.

FNGA, partner of the Lutheran World Federation, mobilizing their emergency team.

Upon my departure from Haiti, I began to hear stories of towns under water and people missing. Now, four days after the storm has passed Haiti more accurate information on Sandy's destruction is known. Haiti has reported over 50 people dead and many more missing. For Cuba that was more directly hit by the storm, Sandy is the second deadliest storm to hit the island nation in fifty years killing 11 people. Elsewhere, Jamaica has confirmed one person dead and the Bahamas two.

The ELCA has been gifted with relationships and networks of actors all around the world that can pull together in times of need. As we work with our companions to respond to the needs of under–served families devastated by Hurricane Sandy in the Caribbean, we are also in thought of our communities in the US that are bracing for the impact of the storm.

I encourage you to find time in your day to give thought in prayer to those who have already experienced loss and for those that will in the days to come. Please also participate in the response either through your giving of time, prayer or resources. Tomorrow we will be issuing an appeal with ways to give and more information about the response of your church, the ELCA.

Peace,

Megan Bradfield, Director for International Disaster Response

Gifts to ELCA International Disaster Response allow the church to respond globally in times of need. Donate now.

00 FEMA DRC Locator (Disaster Recovery Centers) Find Open DRCs

Info/Hotline · Open

FEMA Disaster Recovery Center

Phone (800) 621–3362 OR website current status
Web egateway.fema.gov/ESF6/DRCLocator
Hours varies by location
Serves Nationwide
Eligibility Impacted by Federally Declared Disasters
Service Temporary

To find an Open DRC, got to the website above, or go directly to FEMA's very useful "DRC Locator" and enter your location to find an open DRC:

2011 Note: This appears to be a VERY ACCURATE and up to date tool/database. We'll still keep listing separate entries, if only to provide local news that's not listed in the FEMA locator.

***

Open DRCs – CHECK WEBSITE FOR Current Status!!!

Please note that we are updating this page on a weekly basis as new DRCs are opened and existing DRCs are closed. We recommend that you tune–in to your local media for the most up–to–date information on area openings and closings.
About DRCs

A Disaster Recovery Center (DRC) is a readily accessible facility or mobile office where applicants may go for information about FEMA or other disaster assistance programs, or for questions related to your case.

NOTE: You can register for assistance at a DRC or you can register online or by calling 1 (800) 621–FEMA (3362). The TTY number is 1 (800) 462–7585 for those who are speech– or hearing–impaired.

Some of the services that a DRC may provide:

* Guidance regarding disaster recovery
* Clarification of any written correspondence received
* Housing Assistance and Rental Resource information
* Answers to questions, resolution to problems and referrals to agencies that may provide further assistance
* Status of applications being processed by FEMA.
* SBA program information if there is a SBA Representative at the Disaster Recovery Center site.

***

FOR DISASTER RELIEF or Government Programs 800 333 4636

To find out if you qualify for assistance:

http://www.fema.gov/news/disaster_totals_annual.fema

Choose your state. Choose the button for whatever storm you are interested in. Note that it may be under "Emergency Declarations", the second set of declarations, or scroll down to see all lists. Then choose the button for "designated counties" to see if your county is there. Note the box on the right hand and choose the "tab" for "individual assistance" to see if your county is qualified to receive federal funds for individuals. Note that "Category B" declarations usually don't have any funds available for individuals. Only for towns and cities.

INTERNAL NOTE: November 2012: took this web page out: http://www.fema.gov/assistance/opendrcs.shtm And replaced it with the above.

Old information:

COH has also obtained a 60,000 sq. ft. warehouse in Hammond, La. to help
enhance our distribution capabilities.

Convoy of Hope provides resources to local organizations to meet physical and spiritual needs for the purpose of making communities a better place.

Convoy of Hope, a 501 (c) (3) nonprofit organization, serves in the United States and around the world providing disaster relief, building supply lines and sponsoring outreaches to the poor and hurting in communities. During a COH outreach, free groceries are distributed, job and health fairs are organized and activities for children are provided.

Some features of Convoy of Hope are:
• 300,000 square–feet distribution center
• Fleet of 18–wheeler semi–trucks
• Experienced logistics team
• Ability to gather resources from across the nation
• Distributes food across America and around the world
• Conducts events in approximately 30 cities and 10 countries each year
• Partners with government, businesses and non–profit organizations to build community unity
The partnership between businesses, suppliers and Convoy of Hope has resulted in many families receiving help. Together we have accomplished the following:
• Distributed more than 20 million pounds of food to needy families in the United States and around the world
• Provided food to more that 2 million people
• Placed shelters, water purification units and other supplies around the world
• Responded to disasters and crises in 30 countries
• Mobilized more than 100,000 volunteers and over 5,000 organizations to offer assistance to families in need

In 2003, Convoy of Hope assisted 1,016,000 people in the United States and around the globe with food, clothing, medical aid, and other needed resources through outreaches and disaster responses. The mission of Convoy of Hope is to transform entire communities with compassion one life at a time.
Hal Donaldson, president and founder of Convoy of Hope, is a life that was transformed by compassion. On August 25, 1969, his parents, Harold and Betty Donaldson, were hit head–on by a drunk driver. Harold was killed; Betty survived but was immobile for some time, unable to work or cook. Their four children experienced first hand what it is like to go without many of life's basic necessities, like many families in the world today.

The Donaldsons were more fortunate than others, however. People from local churches and the community provided them with food and shelter and gave them a sense of hope.

Out of this experience, Convoy of Hope was formed in 1994. It began by networking with churches within communities to hold an outreach that would give away groceries, help people find jobs, and present the Gospel. Today, over 100,000 guests come to

these outreaches yearly. Consequently, when devastating hurricanes ripped through the Caribbean and Central America in 1998, Convoy of Hope launched its international efforts by responding with more than one million pounds of food and supplies. In short, where there is a need, compassion is compelled to meet it, as is Convoy of Hope.

Services offered: First Responder, Gulf Region; First Responder, Mid–Atlantic Region; First Responder, MidWest Region; First Responder, Mountain States; First Responder, NorthEast Region; First Responder, NorthWest Region; First Responder, SouthEast Region; First Responder, SouthWest Region; First Responder, West Coast Region

Hurricane Sandy: US Impact
Posted on November 1, 2012 by Pastor Michael Stadie
Share

Greetings!

Our thoughts, prayers and best wishes go out to all those who were affected by Hurricane Sandy and the violent storms it caused. We grieve with those who lost loved ones and homes.

We at Lutheran Disaster Response are in contact with synods and affiliate organizations in areas impacted by Sandy. We have heard that congregations were damaged by the storm but we are waiting to share the information until we have a more complete list.

Yesterday afternoon we hosted a conference call with our LDR network coordinators to hear reports of the damages in their area and to begin planning how we will respond to the needs. In the midst of the reporting of affects from Sandy we also heard stories of Lutherans already doing important work, helping to clean up, providing pastoral care, feeding and sheltering those affected. It was a strong reminder that whenever Lutherans respond, that is Lutheran Disaster Response!

As we move through this phase of immediate relief and into the long–term recovery, please continue to check back and to share this information with your friends and family! As a church called to serve, the ELCA through Lutheran Disaster Response will continue to be present, for as long is as needed.

Gracious God, you are our refuge and strength, a very present help in time of trouble. In the wake of Hurricane Sandy reveal your presence to those in the Caribbean and the eastern region of our country so that all may know your healing, hope, and love. As one community on earth bound together by your grace, inspire us to pray, serve, and help all those who suffer. Amen

Pastor Michael Stadie

U-Haul offering for fires:??

Superstorm Sandy Disaster Relief
http://www.uhaul.com/Articles/About/1097/Superstorm-Sandy-Disaster-Relief

Customers with reservations in an area affected by Superstorm Sandy
Our hearts, thoughts and prayers are with those who have been adversely affected by Superstorm Sandy.
We have many locations that have been affected by this storm and we are working diligently to get our facilities open for business in order to service the many customer's who are needing our services.

If you have a reservation for equipment to be picked up in an area affected by Superstorm Sandy, U-Haul is here to help. Please contact 1-800-GO-U-HAUL (800-468-4285) or visit us at myuhaul.com to find your current scheduling details. Keep in mind that reservations may need to be moved based on which locations are open and can dispatch equipment. We will do everything that we can to help you and your family with your moving and self-storage needs. If you still have questions, you can reach our Customer Service department at 1-800-789-3638.

Customers returning trucks in areas that currently do not have open gas stations or access to fuel will not be charged our normal $30.00 refueling fee. The customer will simply be responsible for the fuel used as calculated based on the miles used.

List of locations CLOSED due to Superstorm Sandy.

U-Haul Moving & Storage of Chelsea
562 W 23rd Street
New York City, NY 10011

U-Haul Moving & Storage of Inwood
20A Sheridan Blvd
Inwood, NY 11096

30 days free self-storage and U-Box pod moving and self-storage assistance
U-Haul has a long-time policy of assisting those in need during natural disasters, such as hurricanes, tornadoes, floods, fires, etc., by offering 30 days of free self-storage and U-Box pod moving and self-storage at participating U-Haul self-storage facilities on an as-available basis.

Disaster relief donation requests
U-Haul is receiving thousands of phone calls and emails from individuals and organizations requesting support with getting much needed relief items to the areas affected by Superstorm Sandy. Unfortunately, the affected areas have no gasoline, power or water, which is why U-Haul has chosen to work directly with the American Red Cross, the military, government agencies and local police and fire departments in their efforts to get much-needed relief supplies to the affected areas.

If you are an evacuee or family who has personally been affected by a natural disaster and need more than the 30-days-free self-storage assistance program, we have been advised to provide you with the following instructions: Register first with FEMA at 1-800-621-FEMA (3362) and then register with the American Red Cross at 1-866-GET-INFO (438-4636).

If you are an individual who would like to help get aid to an affected area, the American Red Cross has specifically asked us to encourage individuals to contact the American Red Cross to see what the best and most efficient way to get relief to those in need may be. To learn more please visit www.redcross.org or call 1-800-HELP-NOW or 1-800-257-7575 (Spanish).

Visit our blog to learn about other relief resources available during this time http://movinginsider.com/2012/11/03/insiders-scoop-hurricane-sandy-relief-resources/.

2012 HURRICANE SANDY –

Response to Sandy

We express gratitude to the several volunteers who have already offered to serve, however, right now, all response efforts for Hurricane Sandy remain to be in the emergency and rescue stage.

UMVIM will continue to communicate via email, Facebook posts, and Twitter any news that we receive. Rebuilding is a long and arduous process. We will continue to keep those affected in our prayers and ask that you do the same.

UMCOR Cleaning Buckets:

We encourage churches, mission groups, and individuals to spend a day creating cleaning buckets. The need for cleaning buckets and also school kits are currently being requested by the Northeastern Jurisdiction and UMCOR staff. Instructions can be found at www.umcor.org

PREPARE –
Cleaning Buckets or School Kits

For more information for shipping, please email our office or contact your Annual Conference. Several Annual Conferences will have collection points set up and we can connect you with those contacts.

Regional contacts:

INFO From website:
http://new.gbgm-umc.org/about/us/mv/programs/disasterresponse/

The first contact point for volunteers after a disaster is the United Methodist Committee on Relief (UMCOR) Volunteer Hotline, 1-800-918-3100. Your name will be registered to receive information on volunteering at a site. You will be contacted as the area is able to receive volunteers.

Disaster Relief Link:
http://www.umvim.org/Disaster_Response.htm

Update on hurricane relief:
http://new.gbgm-umc.org/umcor/work/emergencies/ongoing/hurricane2005/

For the latest information on breaking Disasters see the UMCOR Hotline.

Disaster areas that receive volunteer teams for long term recovery require sufficient time to assess damage and coordinate a response. Potential teams must be patient in the early stages of disaster, as the only persons allowed into such areas are Emergency Management Agency and certified personnel and law-enforcement officials.

The first contact point for volunteers after a disaster is the UMCOR Volunteer Hotline (800) 918-3100. Your name will be registered to receive information on volunteering at a site. You will be contacted as the area is able to receive volunteers.
