Service Temporary

(Children's Institute) is working on the ground in affected areas to alleviate the immediate impact of this tragedy. And they need your help. Instituto da Criança (IC) is well positioned to deliver aid to the victims in Rio de Janeiro, as one of its core sponsored programs – Recicla Vida – is located in one of the most severely affected communities, Itaipava. The IC's own headquarters in Rio are serving as a drop–off location for in–kind donations.
