California Wildfires

The devastating October wildfires in California forced more than 500,000 people to leave their homes and resulted in the largest evacuation in the history of the state of California. Islamic Relief is asking supporters to donate towards the Natural Disasters Fund to help the victims.

Islamic Relief Response

On Wednesday, October 24, Islamic Relief dispatched experienced staff to the San Diego area to assess the fire damage and discover what assistance is needed. Islamic Relief's team included two staff members with over two years of experience of responding to natural disasters from Hurricane Katrina.

The assessment was conducted through three teams, led by Islamic Relief staff and also compromising of local volunteers. The assessment included meeting with the Islamic Center of San Diego, which was housing evacuees, and also visiting shelters and other sites to see how Islamic Relief could best use its experience and resources to provide urgent aid.

Following the meeting with the community members in San Diego and the field assessment, Islamic Relief has taken the following actions to assist those affected by the fires:
• Cover housing and food costs of evacuees
• Assemble "Care Packages:" hygiene kits consisting of toothbrushes/toothpastes, hand sanitizers, hand towels, and other items.
• Redirect hygiene packages from our Hurricane Katrina efforts in Louisiana for distribution to those in need

Islamic Relief is continuing to collaborate with communities in the affected areas of San Diego to provide help to those in need.

Food Paks

We've found that the most effective way to communicate love to a family is to bring help directly to their homes. At CHF, we give 20 pound boxes full of nutritious foods called Food Paks® which volunteers use as relationship–building tools. This strategy puts love into action and provides ongoing relief and hope for the future.

Food Pak® Campaigns

Food Pak® Campaigns allow churches and community groups the opportunity to get directly involved in helping needy families.

Groups are given empty boxes and a goal to reach. Each member fills a box (or 2) with nutritional food and the boxes are distributed directly into the homes of the children and families that CHF serves.

The CHF Food Pak Campaign is an exciting way for your family to get directly involved in helping poor children and families.

To begin a Food Pak Campaign at your church or community group, contact us here:

To Volunteer in Southern California, call 800.708.7589 Ext.222 to reserve your space or go to the online registry at:

http://www.chfus.org/en/contact/22–general/3–volunteers–chf–headquarters.html

Familiar faces, good friends and hard workers of all ages give their time on Wednesdays, Thursdays, and Saturdays, to help CHF feed hungry children. They fill Food Paks, package soap and toothbrushes, bag beans and rice and wrap toys in the fast paced adventure that is the CHF workday. By employing volunteer families and groups from schools, churches and other organizations, CHF is able to keep costs low and process donated products quickly.

CHF's Volunteer Workdays are every Wednesday and Saturday from 9am–Noon and Thursdays from 10am–Noon (except holiday weekends). Please call ahead and reserve your space.

The CHF Volunteer warehouse is usually closed in conjunction with national holidays so our staff can be with their families.

Tzu Chi volunteers ease the evacuees' minds and discuss relief plans
As of 9 AM on November 17, the 28,889–acre Triangle Fire was 40% contained with a total of 155 residences destroyed and another 104 damaged. The Tea Fire, which destroyed 111 houses, was 95% contained and the Sayre Fire was 40% contained with 615 homes destroyed.

On November 16, 13 Tzu Chi volunteers from the Northwest Los Angeles region visited the shelter in Sylmar High. The volunteers performed sign language songs for a deaf couple. The wife pointed at a picture on Los Angeles Times showing the ruins of the mobile home park. Their home was totally destroyed, and they are staying with a friend for now. Tears began to well up in her eyes. The volunteers patted on her shoulder and comforted her.

On the same day, Tzu Chi volunteers from Orange County visited the shelter in Katella High where the evacuees from the Sayre Fire stayed. While providing assistance at Katella High, the American Red Cross asked Tzu Chi to support the other three shelters in the area as well. Tzu Chi immediately mobilized its volunteers and arranged for resources to provide the additional support needed.

At the shelter in Valencia High, an old lady patted her chest and continued to ask for a doctor even after she had just been checked by a doctor and no problem was detected. A Tzu Chi volunteer quickly went over to her, took her by the hand, offered her a drink of water, and chatted with her. The old lady gradually calmed down after the volunteer chatted with her. For this, her husband was very grateful.

On the same day, local Tzu Chi volunteers encountered city council member Wen P. Chang when they visited the shelter in Diamond Bar High. Mr. Chang was very familiar with Tzu Chi and immediately helped the volunteers to set up a service station. Diamond Bar Mayor Jack Tanaka went over to Tzu Chi's service station, shook hands with the volunteers and thanked them for their support. The volunteers provided a total of 156 blankets to the evacuees in Diamond Bar High on the 16th and 17th, as well as served a Chinese–style lunch to 100–plus evacuees and staff on November 17.

On the 18th, ten volunteers distributed cash cards and/or blankets to the fire survivors in Brea Community Center. Starting on the 19th, the city of Sylmar will open a One Stop Help Center to provide various services to the fire survivors. Tzu Chi will set up a station there to provide assistance.

William Keh, CEO of Tzu Chi Foundation U.S.A., once again urges the public to conserve water and power. He asks everyone to pray sincerely for full containment of the wildfires as soon as possible. Public donations to Tzu Chi will go a long way to assist the fire victims. The donation hotline is 1–888–989–8244.

About Knightsbridge
Knightsbridge International, Inc., is a California 501(c), (3), Non–Membership, Not for Profit Corporation (state and federal tax exempt # 95– 4546892), dedicated to providing humanitarian assistance and disaster relief worldwide without regard to race, religion or national origin. Founded in August 1995 by several members of a self–styled US Priory of the Knights of Malta and OSMTH TEMPLAR Knights for the specific purpose of providing an independent vehicle through which focused international and domestic humanitarian assistance and medical relief programs could be organized.

Many of those associated with this separate N.G.O., (Non–Government Organization) have participated in numerous domestic and international relief efforts for more than twenty–five years prior to their association with Knightsbridge and as such bring with them a wealth of contacts, skill, knowledge, expertise and dynamic energy.

Please contact us if you have a project that you would like to have us consider, an interest in learning more about our past missions, or finding out how you can participate in any of our future missions. We are always looking for qualified volunteers, the donation of serviceable medical equipment, non expired lifesaving medicines, expendable single use medical supplies and of course that ever elusive corporate and individual financial support that enable us to continue to help others.

It's a boy!
Mother Health International Catches its 100th Baby at birth center in Haiti

August, 13, 2010, Jacmel, Haiti:

Mother Health International catches its 100th baby since it opened its doors on March 10, 2010 in Jacmel, Haiti.

Born on July 27, 2010, at 7:10 am, the 100th baby, a healthy baby boy, makes his way into the world with the loving care at the MHI birth clinic weighing 7 lbs lbs, 18 1/2 inches in length.

"We are celebrating this wonderful news, our first baby was a boy and our 100th baby is a boy," said Co-Founder, Kelly C. Dunn. "We look forward to celebrating the 200th baby born at the clinic."

Mom and baby are doing great.

"His mother arrived at dome birth clinic fully dilated at 6:45 am and he was born with great ease moments later," said Volunteer Midwife Tania Laviades.

Mother Health International's (MHI) founding members were part of a first responder team of seven medics, midwives and support staff who traveled to Jacmel, Haiti on January 28, 2010 via Santa Domingo, Dominican Republic to offer disaster relief to women and children. With the help from private donations, NGO's, non-profit organizations and government organizations, the team was able to provide emergency medical aid, water and food to the women and children who survived the earthquake. Shortly after arriving in Jacmel, the founders of MHI recognized the greater need beyond disaster and emergency aid and began the process to build a holistic maternal birth clinic in the heart of one of the most under served areas in Haiti, St. Helen Parish.

On March 10, 2010 MHI officially opened our doors to pregnant women and started prenatal evaluations immediately. Today 100 babies have been born at our birth center and thousands of prenatal visits have been preformed. The MHI birth clinic is modeled after the Midwives Model of Care. Our birth center is housed in a 44 ft dome structure (1500 sq. feet) on a piece of land with a small house in front of it that serves as our home for volunteers. Midwives come from around the world to donate their time to serve the mothers of Jacmel.

Mother Health International is a non-profit organization registered in the Commonwealth of Virginia. MHI is currently seeking 501c3 status with the IRS. We are a registered nonprofit in Canada and are seeking Charity Status.

Mission E4 - Disaster Response Plan

Our three school properties and a new partner (Mission of Hope) will become immediate relocation camps; providing shelter, food, water, sanitation and security for 1,100 people

** Leogane: Orphanage, Clinic, Shelter for 150 people
** Lacquil: Food and Tool Storage, Shelter for 200 people
** Fauche: Water Source, and Shelter for 350 people
** Grand Goave: Water Source, and Shelter for 400 people

Case files will be opened on each of our 800 school children and their families.

After securing those that need immediate assistance we will begin the process of rebuilding and relocating families back to their properties

What is the Mission E4 disaster response plan going to consist of?
We will have teams in Haiti every month during 2010
Construction – 55%
Medical - 20%
Pastoral - 20%
Support Staff - 5%

Will have 100 Haitian people employed as of mid March
In addition to the work performed this will stimulate the local economy
Our clinic will function 6 days each week from here on out.
Complete our three refugee camps with additional toilets, bathing facilities, transitional housing, more complete security, food and water source
Coordinating efforts with 60 local organizations to bring aid to 25,000 individuals throughout the Leogane area

All of our team members have been reunited with their families, and our plan is underway for delivering relief aid to the families of Haiti. Please donate to our Haiti Disaster Relief Fund, and check back with us soon for other ways you can serve the people of Haiti (or call us at 978–820–1190). Thanks for your desire to help.

Why Mission E4?

Our team has ten years of experience on the ground in Haiti; understanding culture, language, and Haitian law.

With our network of over 100 Haitian pastors and church leaders we are able to truly work at rebuilding a community and not just buildings.
We will be focusing on the physical, emotional, and spiritual needs of Haiti.
Our disaster response plan includes employing hundreds of Haitian workers and therefore has within the plan thought of ongoing economy and infrastructure.

Our Mobile Dental vans have transitioned to providing urgent dental care - an essential service during the COVID-19 outbreak. Our goal is to help relieve an overburdened healthcare system with these emergency dental services. Read the latest updates about our COVID-19 response.

Clinics in Oregon
All Oregon clinics will accept urgent dental procedures for patients who do not have private dental insurance, those who are low income and vulnerable populations, but we will not turn away a patient with emergency needs who have no alternative options for care. Urgent dental procedures include extractions and fillings for patients who have pain, bleeding and/or swelling.

FROM RELIEF WEB - 2010 Pakistan Flood Response:

Medical Teams International Responds To Crisis In Pakistan
Source: Medical Teams International
Date: 04 Aug 2010

Medical Teams International is responding to the recent disastrous flooding in Pakistan. They have shipped three containers of medical supplies to partners on the ground in the flood-affected area of the country. The medicines and supplies are enough to help hundreds of thousands of people and are valued at nearly $2 million.

The essential medicines and supplies have arrived in the Northwest region of Pakistan where heavy rain has caused rivers to overflow their banks. More than 1,500 people are known to have died in the floods. The supplies have been received by in-country partners, Hope International and Poverty Eradication Initiative, and are being used to respond to the urgent health needs of those affected by the flooding.

Medical Teams International will air–lift more supplies to their partner in Pakistan early next week. This unit is approximately one metric ton and will serve 10,000 people for 3 months. Valued at $421,000, it will provide urgently needed medicines and supplies to the partner's hospitals and clinics in Pakistan.

In addition, Medical Teams International will determine if teams of emergency medical professionals can be deployed to address emergency health care needs at a partner hospital. Medical Teams International is accepting donations for their response to the Pakistan floods. Please visit www.medicalteams.org for more information.

Disaster
We respond to some of the most devastating and difficult disasters around the world. Within 48 hours, we send volunteer medical professionals (MDs, RNs, NPs, PAs and Paramedics) to natural and manmade disasters to care for the sick and injured.

Development
Our volunteer teams and staff work to establish long–term solutions for international communities plagued by chronic poverty, lack of medical care and minimal educational opportunities.

Distribution
We partner with organizations in more than 70 countries to distribute medical supplies to people in need, passing the $1 billion mark in supplies shipped in January 2007. In the USA, we annually distribute more than $1.7 million in hygiene products and over–the–counter medications to social service
agencies.

Mobile Dental
Our Mobile Dental program serves more than 15,000 people annually, partnering with more than 200 organizations, including schools, social service agencies and churches. Professional dental volunteers treat the homeless and
uninsured in 39 Pacific Northwest counties each year.
