WHAT IS THE LIONS CLUB?

Lions are men and women who volunteer their time to humanitarian causes in their local and world communities. By conducting service projects and raising funds, Lions strive to help those in need wherever need exists. The Lions' motto is "WE SERVE."

In 1925, Helen Keller addressed the Lions at their annual international convention, challenging them to become "Knights of the blind in the crusade against darkness." Since that time, service to the blind and visually impaired has become one of the association's most significant activities. That crusade has resulted in the establishment of SIGHTFIRST, a global sight loss prevention program.

In addition, Lions participate in service activities emphasizing diabetes awareness, education, and research; work with the physically and mentally impaired; environmental issues; community welfare; international understanding; and youth.

The association was founded in Chicago, Illinois, USA, in 1917. Although the youngest major service club organization, Lions Clubs International has grown to be the world's largest. Its 1.5 million members belong to over 43,000 clubs in 185 countries and geographical locations. Lions Clubs International is headquartered in Oak Brook, Illinois, USA.

To the Lions, "WE SERVE" is not only a motto, but a definition and a philosophy.

Local Red Cross to Begin Distribution of Tea Fire Response Funds
By Marjorie Wass | Posted on 01/13/2009

More than $400,000 has been donated to help residents affected by the November blaze.

The Santa Barbara Tea Fire Response Fund, a collaborative community partnership formed in the days after the Tea Fire that began Nov. 13, 2008, is ready to begin reviewing and disbursing donated funds, which total about $405,000.

Residents affected by the fire who seek assistance must apply at the American Red Cross–Santa Barbara County Chapter, 2707 State St. in Santa Barbara, from 9 a.m. to 5 p.m. Monday through Friday.

Applicants should bring proof that their house was burned down or damaged, or that they have been adversely affected by the fire. Examples include a driver's license with the destroyed home's address, or utility correspondence sent to the address. All applications are confidential.

The Red Cross has offered to provide the case management service. Residents who already have applied to Red Cross do not need to apply again. A case manager will meet with residents to discuss unmet needs. To set an appointment, call Pamela Voge at 805.687.1331.

Tea Fire Response Funds will be distributed based on a two–tiered system where a public–private partnership of agencies and officials will provide screening at the social worker/case manager level and an oversight committee of local leaders will provide direction and assurance that all monies are used appropriately. United Way of Santa Barbara County is acting as the fiscal agent, handling the monies for the fund. United Way is not charging for this service, and 100 percent of the donations will go for services to Tea Fire survivors.

The Tea Fire Response Fund is committed to the long–term recovery of the community.

Disbursements will be made throughout the year as needs of survivors continue to be identified.

Disbursements will be made on a quarterly basis until all funds are disbursed, no later than Dec. 31.

The first checks will be distributed in March and every three months thereafter. It's a tentative schedule and may be adjusted based on what the screening subcommittee and oversight committee determines are the most pressing short–term, midterm and long–range needs of the community.

“Tea Fire Victims Need Specific Items”, says the
Long–Term Recovery Committee
Santa Barbara ‘Voluntary Organizations Active in Disaster’

(VOAD) Seeks Support for Tea Fire Victims from the
Business Community
Thursday, Februay 5th, 2009

The families and individuals impacted by the Tea Fire are currently experiencing different needs than immediately after the disaster. A change of clothes, a toothbrush and some shampoo was all some could think about as they tried to process what had happened to their lives.

Now the need is becoming more specific: a computer to help communicate with piano students; replacement tools so a general contractor with no insurance can get back to work; a catering company that lost everything; etc., etc.
The Long Term Recovery Committee of the VOAD has a limited amount of funds to meet the many needs. The desire is to help make the money stretch so everyone can be helped.

If you operate a business that could donate or discount useful items
of any kind to qualified victims of the Tea Fire, please contact Pam
Voge at the Red Cross ….687–1331 ext. 107.

BRACE – the Be Ready Alliance Coordinating For Emergencies – is a local network for linking organizations active during disasters and interested persons. BRACE brings the community together to address emergency management issues and thus helps reduce loss of life, injury, property damage, environmental impact and economic loss due to disasters. Through fostering communication, cooperation, collaboration and coordination among a partnership of private, public and non–profit organizations, BRACE will help our community become more prepared, resilient and self–sufficient.

Who We Are

BRACE launched on March 31, 2006 with more than 200 present at Pensacola Junior College when Craig Fugate, director of the Florida Division of Emergency Management, addressed a "Culture of Preparedness" and subject matter experts presented information about preparedness, response, recovery and mitigation. Recognizing that recovery from Hurricane Ivan was delayed because of the absence of an organization focused on disaster preparedness and response, the leadership of the Long Term Recovery Committee served as a catalyst for the establishment of BRACE.

Former Gov. Jeb Bush set a budgetary priority to establish a "Culture of Preparedness" to ensure Floridians and their local governments take the necessary safety measures in preparation for hurricanes.

WHO WE ARE

"BRACE's first priority is promoting personal responsibility and self–sufficiency in times of emergency," said Greg Strader, interim executive director. "This is especially critical due to the National Hurricane Center's prediction of a decade or more of frequent and intense hurricanes."

Disaster planning and preparedness enhances the effectiveness of response and speeds recovery. Engaging all sectors of the community will provide additional resources for disaster preparedness, response, recovery and mitigation.

The Mission of BRACE is to have every individual, church, business, nonprofit and civic organization involved in ensuring that our community is able to respond to and quickly recover from any type of disaster. The Escambia County Office of Emergency Management is responsible for managing emergencies, but they cannot do it alone. There are many critical services needed to address the impacts of disaster that require the involvement of community based organizations. In partnership with Escambia County Office of Emergency Management, BRACE coordinates that involvement.

The current BRACE Program of Work includes services such as promoting personal responsibility and self–sufficiency during disasters, providing childcare to first responders (emergency management personnel) and continuing life–saving services to the homebound (persons with disabilites and frail elderly) during and after a disaster.

Become a Partner with BRACE today and find out how you can make a difference. Email us at BRACE@BeReadyAlliance.org or call 850–444–7135 for more information.

NOTE: The list of 'available' items is strictly a reference to what they have distributed, which makes it likely this is the sort of items they may give out in the future. It DOES NOT MEAN they necessarily have these items currently on hand. You need to check in with the organization to confirm what type of relief supplies they have available in real time.

NEWS –
http://www.lion.co.jp/en/press/html/2011008f.htm

The Tohoku Region Pacific Ocean Coast Earthquake is the worst earthquake to hit Japan in over 100 years. Following the earthquake was a powerful tsunami and fires. The death toll continues to rise, and tens of thousands of people have been displaced, and many Lions have also been personally affected. March 14 members were finally able to make contact with some Lions in the hardest hit areas, but remain concerned for the health and safety of many. The electricity and communications finally returned to the area on March 17.

Already, Lions have established two relief command centers in the affected areas, as well as one in Tokyo at the Lions Office. The Kinomoto Lions Club drove a 10–ton–truck full of emergency supplies to Fukushima . The truck included 3,500 servings of instant noodles, 2,400 2–liter bottles of beverages, 5,000 diapers, 1,650 boxes and 1,000 pocket packs of Kleenex, 1,500 disposable hand warmers, 400 cans of food, 300 servings of instant miso soup, 12,000 pairs of disposable chop sticks, as well as buckets, blankets, kerosene and more.In devastated Miyagi, Lions served homemade stew to 100 elderly. These are just a few examples of the many stories of Lions' exemplary service. Lions in Kobe are helping lead these relief efforts, utilizing their expertise in earthquake relief and recovery from the 1994 disaster. They have created a map to coordinate how Lions have been affected, as well as how they're helping.

Staff spoke to Lions on March 15: "The damage differs from place to place. Lifelines are mostly restored, but there is a gas shortage. I can't travel far in my car to assess the needs and damage," said Lion Tsugumichi Hata, who lives in Sendai."During the middle of the call, a 6.0 earthquake struck in Tokyo and was felt in Sendai. "This disaster hasn't stopped; it's still ongoing," said Hata.

"I just returned from Christchurch, New Zealand, and I thought I had seen it all, but this is unbelievable. Looking to the extraordinary dimension of this earthquake and tsunami, Lions and our Foundation are committed to providing immediate and long–term relief. Lions of Japan are often the first to respond to other disasters, and I ask all Lions of the world to show their solidarity and help the Japanese Lions during their time of need," said Eberhard J. Wirfs, Chairperson of Lions Clubs International Foundation.
