We are working on putting the process together to build sheds for the Tornado survivors in the Pleasant Grove, AL area. We are working with Westmont BC and the Presbyterian Church Disaster Relief. It looks like other local churches will be involved soon. Robert and Sue Lumpkin have agreed to help run the shed project while Martie and I focus on Haiti. If you recall Robert and Sue have been strong supporters of Pathfinder Mission and ran the camp in Mississippi for us a time or two. We are going to start with 20 sheds and see where it goes from there. Rather than build the prefabs in Demotte this time, we will use Jim Bishop cabinets in Montgomery to cut the wooden parts and assemble the prefab pieces in Eclectic, AL, then build the sheds in Pleasant Grove at Westmont. Pastor C.B. Scott of Westmont agreed to host up to 18 volunteers at no charge ... that includes food .... Wow! For those of you who want to build some sheds ... I will keep you posted on the progress. Martie will coordinate the volunteers with Westmont.

BRACE – the Be Ready Alliance Coordinating For Emergencies – is a local network for linking organizations active during disasters and interested persons. BRACE brings the community together to address emergency management issues and thus helps reduce loss of life, injury, property damage, environmental impact and economic loss due to disasters. Through fostering communication, cooperation, collaboration and coordination among a partnership of private, public and non–profit organizations, BRACE will help our community become more prepared, resilient and self–sufficient.

Who We Are

BRACE launched on March 31, 2006 with more than 200 present at Pensacola Junior College when Craig Fugate, director of the Florida Division of Emergency Management, addressed a "Culture of Preparedness" and subject matter experts presented information about preparedness, response, recovery and mitigation. Recognizing that recovery from Hurricane Ivan was delayed because of the absence of an organization focused on disaster preparedness and response, the leadership of the Long Term Recovery Committee served as a catalyst for the establishment of BRACE.

Former Gov. Jeb Bush set a budgetary priority to establish a "Culture of Preparedness" to ensure Floridians and their local governments take the necessary safety measures in preparation for hurricanes.

WHO WE ARE

"BRACE's first priority is promoting personal responsibility and self–sufficiency in times of emergency," said Greg Strader, interim executive director. "This is especially critical due to the National Hurricane Center's prediction of a decade or more of frequent and intense hurricanes."

Disaster planning and preparedness enhances the effectiveness of response and speeds recovery. Engaging all sectors of the community will provide additional resources for disaster preparedness, response, recovery and mitigation.

The Mission of BRACE is to have every individual, church, business, nonprofit and civic organization involved in ensuring that our community is able to respond to and quickly recover from any type of disaster. The Escambia County Office of Emergency Management is responsible for managing emergencies, but they cannot do it alone. There are many critical services needed to address the impacts of disaster that require the involvement of community based organizations. In partnership with Escambia County Office of Emergency Management, BRACE coordinates that involvement.

The current BRACE Program of Work includes services such as promoting personal responsibility and self–sufficiency during disasters, providing childcare to first responders (emergency management personnel) and continuing life–saving services to the homebound (persons with disabilites and frail elderly) during and after a disaster.

Become a Partner with BRACE today and find out how you can make a difference. Email us at BRACE@BeReadyAlliance.org or call 850–444–7135 for more information.

MARIETTA, Ga.–– It's not home, but it's dry. The 215 people sleeping on cots at the Cobb County Civic Center have similar stories: when everything you own is underwater, you pack what you can and head for safety.

The Red Cross now expects to keep shelters open for up to two weeks. Spokesman Ruben Brown says, "We'll be here as long as they need us. This is their home right now, and we want them to be safe."

There are several Red Cross Shelters up and running right now: The Cobb County Civic Center in Marietta, Clairmont Hills Presbyterian Church is Decatur, The First United Methodist Church in Lawrenceville, The Cherokee Recreation and Parks Agency in Woodstock, and the Pentecostal Worship Center in Summerville. Brown says the Red Cross will open more shelters if needed.

Cobb County Sheriff Deputies were on duty at the Civic Center. They say it was a quiet night. Just before 5:00AM, a shelter volunteer handed 11Alive's Julie Wolfe a list. "This is what they really need right now," he said. The shelter has run out of: soap, socks, towels, toothpaste, pampers, sanitary napkins, and mouth wash. You can drop off donations at the Civic Center. You can also donate money to the Red Cross at www.redcross.org.

To donate to the American Red Cross Disaster Relief Fund, call 1–800–RED–CROSS (1–800–733–2767) or 1–800–257–7575 (Spanish) or mail your donation to the American Red Cross at P.O. Box 37243, Washington, DC 20013.

June 2010: TF: This site and its sister sites appear to be very active in rebuilding still.

Nice prayer for their communities:

the silence in the coastal communities
is almost deafening,

as shrimp boats lie still in
the harbor waters,

the nets on fishing trawlers wave gently
in the soft breeze,

the crews standing on the docks
staring into the hopeless
future,

their livelihoods snatched away
when Leviathan slipped off
the hook set for him
in the deep sea.

the marshlands
echo with the cries of
the egret and heron,
the pelican and seagull,
who find their sheltered
home
a dumping station
for human greed;

the turtle with its young
plods slowly along,
knowing they cannot outrun
terror's tide about
to sweep over them.

your heart is over the waters,
Tender God,
broken,
aching,
weeping,
longing,
your keening voice
joining the anitphonal
soundings of the whales
from the depths of despair.

June 2010: TF: Their website looks like they will still host a vol work group. But not much other activity in terms of recovery.

9/4/08 LTel:

Spoke to Pastor Seay. Their parish experienced a few major hits with roofs being damaged but nothing widescale as a result of Hurricane Gustav.

The church is at least 1.5 hours from any damaged Gustav locations and there is no plan to be involved in clean up/repair/ rebuilds for those areas.

They are NOT and never have been and have no intention of being a public shelter for any hurricanes or other natural disasters. Periodically they have sheltered church members during storms.

Pastor Seay was in a recovery meeting for his parish last week and the consensus was that this Parish has about one more year to complete recovery efforts from Hurricane Rita. Volunteers are still needed to assist in that recovery.

They receive their work orders for Hurricane Rita damage through United Methodist Storm Station (locally).

This facility is wide open with volunteer spots with no booking out.

This volunteer camp site house up to 25 people.

The church has a kitchen, showers, 1 washer and 1 dryer.

No meals provided by this church but there are also restaurants nearby.

Habitat for Humanity is also housed at the church.

U.S. Gulf Coast — September 12, 2008 — As Hurricane Ike bears down on the Gulf Coast, IRD is preparing to provide case management and other assistance to those in its path. Staff from IRD's Gulfport–based Gulf Coast Community Service Center is already in Baton Rouge to assist with Gustav response. drawing on the experience from providing case management services to victims of Hurricane Katrina for the past three years.

Your donation will help us bring emergency relief to the victims of this disaster.

The IRD Gulf Coast Community Service Center (GCCSC) has been rebuilding the lives of the citizens of the Mississippi Gulf Coast since October 2005, opening its doors a little more than one month following the devastation of Hurricane Katrina. The goal of the Center is to reach out to the community and assist in the organization and facilitation of an often–difficult recovery process. Located in West Gulfport, the Center serves the entire Mississippi Gulf Coast, representing most of the Coastal cities as well as the three Coastal counties.

The GCCSC began it work on the Gulf Coast by administering emergency relief, but has transitioned its services to focus on sustainable, long–term recovery. The Center was one of the first agencies in the area administering needs assessments and mapping the most affected areas. The goal of the multi–faceted needs assessment and community mapping process conducted by the Center was to identify potential applicants for assistance following the hurricane. As the recovery cycle progressed from assessing needs to managing needs on an individual basis, the GCCSC has changed its focus to assisting citizens in need through case management. Case managers facilitate the recovery process for survivors by identifying ways to maximize their access to community resources.

The Center hosts a walk–in center for assessments administered by the Harrison County Long Term Recovery Coalition (LTRC), and has developed a resource guide printed by Federal Emergency Management Agency (FEMA) to provide to other relief agencies as a reference.

The Center also provides financial counseling to hurricane victims and MDA Phase II grant recipients seeking to purchase or rebuild homes through funding from the Enterprise Corporation of the Delta. This counseling not only prepares beneficiaries for

homeownership, but gives them tools for long–term financial security. And in partnership with the Mennonite Economic Development Association (MEDA), the Center will create and manage a micro–enterprise capital fund which will finance start–up businesses along the Mississippi Gulf Coast. Additionally, the GCCSC will support the development of an open–air market in its Gulfport neighborhood.

IRD also participates in YouthBuild, a program that provides comprehensive programs for vocational development, workforce training and career counseling with Gulf Coast youth. YouthBuild teaches local at–risk high school students how to assist in rebuilding homes while helping them get their GED.

Helping people rebuild their lives, their relationships, and their sense of self–sufficiency, is equally as important to their long–term recovery and that of their communities as their physical needs. It is the human side of recovery that the GCCSC addresses, for thousands of Katrina survivors.

Services:

1)Case management for Katrina survivors. Eligibility: affected by the hurricane and still have unmet needs

2) Fincancial Counseling. Eligibility: Open to everyone

3) Housing Counseling. Eligibility: Open to everyone

4) Youth Build Program will start in January. Eligibility: youth ages 16 to 24 who do not have a high school diploma/GED

Applications are still being accepted for Katrina survivors and programs. To obtain an application: Monday – Thursday 9:00 – 3:00

Volunteer Villages, a part of Presbyterian Disaster Assistance's 8–year commitment to the Gulf Coast, create opportunities for volunteers, survivors, and local congregations to work in partnership and cultivate relationships that will enable a collective and

long–term recovery in the Gulf. PDA hopes that you will continue to be a part of this ongoing story of hope and rehabilitation that continues to unfold.

What is a Volunteer Village?
Volunteer Villages provide a predictable, safe, and sanitary environment for volunteer groups where they can live in community while serving others. The vision of the village is to create community among all the volunteers present in the village each week. Community is created one week at a time, facilitated by a volunteer village manager who is also a volunteer. Each village houses between 90–120 people, so each week there can be as many as six or seven different teams present from churches around the country.

Teams are needed to help in the clean–up, recovery, and rebuilding phases ? please consider sending a team from your congregation, Rotary club, Elks club, garden club or other civic organization. The minimum age for volunteers in the Gulf Coast is 18.

Who pays for the trip?
Each group (or church sending the group) bears the costs of their own transportation, lodging, food and incidentals. Most disaster sites make arrangements for lodging at a reduced cost.

Most sites like to have groups stay for a week or longer.
Options for shorter trips are available on a site by site basis.

Each group's responsibilities will vary from site to site and individual site coordinators will be able to give you that information. In general, however, needs for services and skills will vary with each stage of disaster response.
The emergency stage (days or weeks following the disaster) involves meeting urgent needs such as helping to establish emergency shelters or feeding stations. The relief phase includes clean up and temporary repairs. This phase can last from one to several months; longer when flooding is involved. The recovery stage deals with permanent repairs and rebuilding. This stage can last from several months to several years. In this phase the biggest need is for skilled teams.

Organizational Structure

Disaster response operations are designed and implemented within the boundaries of presbyteries. In New York, the Presbyterian Church (USA) has ten Presbyteries: Albany, Cayuga–Syracuse, Genesee Valley, Hudson River, Long Island, New York City, Northern New York, Susquehanna Valley, Utica and Western New York.

Disaster Program

Presbyterian Disaster Assistance provides funds and dispatches advisors –– members of a national Presbyterian Disaster Assistance Team (PDAT) –– on request of disaster–affected Presbyterian Church (USA) middle–level governing bodies (presbyteries) to help them develop response and recovery programs. The nature and scope of presbytery programs vary

depending on disaster needs. The PDAT advisers identify and empower leaders to assume responsibility for disaster response and recovery operations and provide training and other assistance in development of these operations.

Authority

Each presbytery is responsible for its own area.

old notes:
From the NYVOAD Member Directory:

Activation of NYSVOAD

NYSVOAD recognizes the independence of each of its member organizations and does not dictate agency response. However, NYSVOAD endeavors to serve as a catalyst of cooperation and communication between each of its members.

In the event of a disaster, any member agency may request initiation of NYSVOAD response coordination. Response coordination may be accomplished through conference calls, local meetings, or electronic communications.

It is important to maintain the regularly scheduled NYSVOAD communications (i.e. monthly conference calls, executive meetings) during the disaster timeframe.
Activation of any one member organization may be done directly by that organization or may be requested through the leadership of the NYSVOAD.

Activation through NYSVOAD will ensure that all member organizations are informed of the situation. Once activated, NYSVOAD will encourage a cooperative and coordinated voluntary response.

Disaster Coordination Plan

The purpose of the NYSVOAD is to bring together organizations active in disaster services to foster more effective preparedness, response and disaster recovery in New York State. Direct service to impacted communities is provided by the member agencies of the NYSVOAD, not by the NYSVOAD itself. NYSVOAD is a coordinating agency whose goal is to enhance planning, training and communications between organizations active in disaster mitigation, response and recovery. With this in mind, NYSVOAD shall support the response to level 3 & 4 disasters, as appropriate, in the following manner:

I. NYSVOAD Officer (or designee) will report to the State Emergency Operations Center and become the liaison for all VOAD members not then represented in the EOC, and will call and facilitate a NYSVOAD meeting or conference call as soon as practical and needed to do so.

II. NYSVOAD EOC Liaison will meet with the State Donation Coordination Manager (or designee), the State Director of Human Services and FEMA VAL (Voluntary Agency Liaison), and will convene meetings or conference calls with VOAD member agencies to identify and assist with immediate needs, and coordinate with member agencies on their planned responses.

III. NYSVOAD Officer (or designee) will provide updated reports of voluntary agency activities to the New York State Office of Emergency Management (State OEM) at regular intervals or when necessitated by changes in service or location, and will provide member agencies with information regarding the state response. The Liaison will also communicate any issues or concerns that member agencies are reporting in the field to the state.

IV. NYSVOAD Executive Committee will facilitate the development of Long Term Recovery Committee(s) as appropriate, in coordination with the State OEM Director of Human Services and the FEMA VAL.

V. At the close of an operation, NYSVOAD Chairperson or Vice–Chair will request a consolidated report from each voluntary organization assisting in disaster response. This report is to include recommendations that will enable NYSVOAD to encourage and implement corrective actions that will enhance future response and recovery operations. Reports will be brought as an agenda item at the next NYSVOAD meeting following the disaster.

NYSVOAD shall support the response to disasters of a level two or less, as appropriate, in the following manner:

I. NYSVOAD Officer (or Designee) will convene a conference call with member agencies and government partners to evaluate the nature and extent of damages. Under special circumstances the VOAD Liaison may be requested to support EOC operations.

II. NYSVOAD Member agencies will support local response agencies as appropriate.

III. NYSVOAD Executive Committee will facilitate the development of Long Term Recovery Committee(s) as appropriate, in coordination with the State OEM Director of Human Services.

IV. At the close of an operation, NYSVOAD Chairperson or Vice–Chair will request a consolidated report from each voluntary organization assisting in disaster response. This report is to include recommendations that will enable NYSVOAD to encourage and implement corrective actions that will enhance future response and recovery operations. Reports will be brought as an agenda item at the next NYSVOAD meeting following the disaster.

NOTE: The primary goal of the NYSVOAD and its member organizations is to work in partnership and support of local VOAD's, disaster response networks, local human services councils and other response organizations, and when required act as a conduit to national resources. It is not the role of the NYSVOAD nor its member organizations to replace local networks or their services.

People who lost everything to Hurricane Ike select items of clothing at The Clothes Line, a ministry of LaMarque (Texas) Presbyterian Church, north of Galveston. Children have their own space where they may choose their clothing. The ministry is open two Saturdays each month.

Can a small, failing church take on Ike and win?
Posted January 6, 2009, 2:45 a.m. Staff Report
by Mike Allison, member of LaMarque Presbyterian

At LaMarque Presbyterian, we think we can! Although once a flourishing church with lots of members and youth at church every Sunday, LaMarque Presbyterian became one of the run–of–the–mill PC(USA) failing churches. Now things are changing. Radically.

At the outset of the 2008, we made a tough decision. Should we sell and relocate, change our schedule, or something else? At a prayerful retreat, we decided to stay focused on our community and see where God was leading us in this troubling time. Our mostly Anglo, somewhat Hispanic/African American congregation no longer matched our community, so we made the commitment to become a multicultural church and began working in our community.

After a garage sale or two, we found we were being led to open a clothing ministry. We launched The Clothes Line and began distributing clothing to our community's neediest. Then along came Ike. By the beginning of December, we were ministering to 75 families, many who had nearly been wiped out by the hurricane.

Now we have a clear focus for this ministry. We have tripled the space for The Clothes Line and are concentrating on obtaining clothing for this growing ministry. We hope our partners in southeast Texas will help us gather more clothing for the expected 150 or more families that will be coming to our doorstep every month. Please call us, 409–935–4418, to let us know when we can pick up your gently–used clothing donations. We need your help!

The STORM may be over, but the DISASTER is still with us!

Hurricane Rita hit the shores of southeast Texas and southwest Louisiana on September 24, 2005 and is the fourth most intense Atlantic hurricane ever recorded. Rita made landfall as a Category 3 storm with winds reaching 180 mph and caused 10 billion dollars in damages. Over 475,000 families in Texas requested FEMA

assistance, of those 200,000 live in Jefferson, Orange and Hardin counties.

Over 42,000 damaged homes are owned by persons 60 years of age or older and had no insurance 19,000 of those families live in Jefferson, Hardin and Orange counties.

There are currently 1,800 families in Jefferson, Hardin and Orange counties living in FEMA trailers, of these 962 are elderly

Most of these families are trapped in leaking, mold infested homes with little hope of recovery. Hundreds of homes have been transformed by volunteers and donated materials, but thousands more need to be repaired. Please... help us assist them!

Volunteer Today!!

If you live in Port Arthur and are in need of assistance with home repairs caused by Hurricane Rita, please contact 409–982–1510.

What is SETIO?

Southeast Texas Interfaith Organization for Disaster Recovery (SETIO) is a faith based long–term disaster recovery organization serving Jefferson, Orange and Hardin counties. SETIO was created in the Fall of 2005 in the aftermath of Hurricane Rita by local clergy and community members with a mission to help those most vulnerable members in the community especially the uninsured and underinsured elderly, disabled and single parent families.

Due to the destruction of Hurricane Rita, SETIO's current focus is addressing the needs of the most vulnerable families in Southeast Texas by working as a catalyst to expand the scale and pace of recovery. This is accomplished through increasing coordination with community service providers, sustained mobilization of outside and local volunteer resources, and utilization of both commercial contract and volunteer labor.

Today SETIO consists of diverse local congregations, faith–based community service organizations, businesses, state and local government agencies and national disaster recovery organizations such as Catholic Charities, Christian Reformed World Relief Committee, Disciples of Christ, Lutheran Social Services Disaster Response, Presbyterian Disaster Assistance, United Methodist Committee On Relief along with many others

Mission

provide services during times of disaster so we can all provide a
more effective response to people affected through Communication,
Cooperation, Coordination, Education, and Planning.

The Purpose is to bring together City, State, and National agencies
with volunteer Agencies, provide direction, and inform about volunteer organizations. SAVOAD guiding principles are central to achieving
effective response to disaster. Those principles defined are:

Communication

We will periodically publish and disseminate information through
directories or member organizations and resources.

Cooperation

We will seek to create a climate for cooperation by meeting
together periodically and sharing information.

Coordination

We will seek to have common understanding about how we serve,
and develop advocacy and liaison with public officials.

Education

We seek to increase awareness on two levels. First, we will
seek to have a mutual understanding of each organization
providing disaster services and, secondarily, we will seek
to inform the public (especially public officials) regarding
the work of member organizations.

Planning

We seek to be better prepared for disasters when they occur
by planning in advance ways in which we may better serve those

Because recovery from flooding and other disasters often takes months, if not years, WV VOAD, created regional Long–Term Recovery Committees (LTRCs) to help with disaster–related needs not completely covered by insurance or by federal and state disaster assistance programs. In the event of flooding, applications will be accepted for persons who sustained damage to their homes. All approved applicants will be visited by a long–term recovery case manager or a volunteer case worker who will work with them to assess damage, formulate a recovery plan, and procure cost estimates. Regional long–term recovery committees, broadly representative of the flooded communities, will review and make decisions on expenditures and use of volunteer resources on a case–by–case basis.

To apply for assistance and/or to receive additional information, call toll–free 1–877–330–9105. Survivors should always apply to FEMA first. Monetary donations to immediate disaster relief should be made directly to disaster agencies. However, contributions to help with long–term recovery should be sent payable to the West Virginia Council of Churches, (WV VOAD's fiscal agent). Please designate checks "for disaster recovery" and mail to:
