Who are we? We are a landscaping cooperative operating in the Worcester County area. Permaculture, landscaping, gardening, maintenance and design. We do it all!

We are a Worcester based landscaping cooperative that provides a variety of yard and garden services specializing in permaculture. We are committed to working closely with homeowners to create functional, aesthetically pleasing, and sustainable spaces that fit into the client's lifestyle. Our members are experienced in various forms of landscaping, farming, permaculture, masonry, and construction. We love what we do and bring that passion with us to every job! We are available to work jobs of all scales and scopes; from weeding and routine maintenance to garden planting and permaculture design. For the safety of our clients, our workers, the environment, and future generations we practice sustainable landscaping. We avoid the use of dangerous chemicals, heavy machinery, and use loud equipment only when necessary. As a worker cooperative, we seek to keep our overhead low, allowing us a living wage while still keeping our services affordable. Its always cheaper when you don't have to pay a boss who does no work!

• Lead Soil Testing and Remediation
• Patios

We are a worker cooperative, which means that the organization is run and owned by its workers, splitting costs and profits equally among our membership. In this way we create a more democratic way of doing business!

"Indigenous Mutual Aid is an information and support network with an anti–colonial and anti–capitalist framework. We exist to inspire and empower autonomous Indigenous relief organizing in response to COVID–19.

We seek to grow the organizing of this effort into a collective hub of
organizers from throughout what we recognize as Turtle Island.

Please connect to our Slack channel (send an email to request an invite: indigenousmutualaid@protonmail.com) to connect, share, & build.

As our communities have a deep history with organizing to support each other in times of crisis, we already have many existing Mutual Aid models to draw from. This looks like a small crew coordinating their relatives or friends to chop wood and distribute to elders. It looks like traditional medicine herbal clinics or sexual health supply distribution. It looks like community water hauling efforts or large scale supply runs to ensure elders have enough to make it through harsh winters. Basically any time individuals and groups in our communities have taken direct action (not through politicians or indirect means) and supported others, not for their own self–interests but out of love for their people, this is what we call “mutual aid.”
Our concept of mutual aid does not exclude our non–human relatives or the land. For more info on what Mutual Aid is (and isn’t) please see “Let’s Talk Mutual Aid” by Regan De Loggans. Check out our piece here and these too:

Southwestern region of the so–called “United States.”"
