2012 HURRICANE SANDY –
We're Nourishing Hurricane Sandy Victims...With Your Help.

FACEBOOK –
http://www.facebook.com/nourishamerica

Nourish America is committed to provide the daily essential nutrition that impoverished American children, families, pregnant moms, and seniors and others in need require to live productive, successful lives.

We do this by providing them nutrient rich foods and products such as vitamin supplements and nourishing foods (including naturals and organics). Our distribution network includes thousands of volunteers and staff who work at hundreds of Nourish America partner organizations and agencies serving those in need across all 50 states.

Nourish America partners include public schools, churches, Head Start, Healthy Start and WIC programs, homeless and battered women shelters, public health departments, medical clinics, the American Red Cross, Volunteers of America, Salvation Army, Boys and Girls' Clubs, Feed the Children, Native American programs, YMCA and YWCA, City Park and Recreation Departments, hospital outreach programs, National Guard units, area Councils on Aging, public health departments, medical and nursing school community outreach programs, and many other community and faith–based organizations.

Disaster Response
When a major disaster falls upon U.S. citizens, Nourish America is quick to respond by providing nutrient support to those who are traumatized by fear and loss. After Hurricane Katrina, Nourish America provided nutritional support to tens of thousands of children and their parents through the American Red Cross, Salvation Army, New Orleans Health Department and through its own distribution network throughout the Gulf States.

Last year Nourish America supplied nutritional support to hundreds of thousands of evacuees, disaster victims as well as emergency workers at disasters such as Hurricane Ike, California Wildfire Crisis, Midwest Flooding Crisis. Thanks to our donors we were able to provide over four million dollars of nourishing foods and supplements such as protein bars, energy drinks, multi–vitamins. As climate changes continues to create natural disasters from coast to coast, Nourish America will continue to respond quickly to help those in need.

"When the life of an entire region is turned upside–down with a storm the size of the state of Texas, people emerge who really come to the rescue," said State Representative Debbie Riddle. "My constituents and I cannot adequately put into words the depth of gratitude that we feel for the people from Nourish America and its donors who have hearts bigger than the hurricane and who have been so generous providing water and nutrition when we needed them most. They were absolutely precious to so many."

CRWRC Responds to Tornado Outbreak in North Carolina

CRWRC Newsroom | April 21, 2011

A CRWRC Rapid Response Team left for North Carolina early this morning to assist with recovery from last week's massive tornado outbreak in the southern U.S. The Team is based in Sanford, North Carolina, about 60 miles southwest of Raleigh, and is working out of a United Methodist Church there.

"The damage here is incredible," says Carrie Blauwkamp a regional manager for CRWRC who arrived in the area with her spouse, Len, early this week. "It's hard to believe that this is just one of ten counties affected by the disaster."

The Blauwkamps are making early assessments of damage in the Sanford area before traveling to several other counties hard–hit by the twisters. The Rapid Response Team will be in Sanford under the co–leadership of Doug Vander Meulen and Terry Reimink, who will remain there until May 7 to help determine the need for additional teams.

Volunteers are providing support, clean–up, roofing, and chainsaw services for affected residents, in conjunction with local and national disaster organizations.

The storms, which whipped out a record–setting number of tornadoes and windstorms, brought with them heavy rain, lightening, and hail that caused flash flooding, extensive power outages, and destruction to families, homes, and property.

CRWRC seeks funding to respond to these and other storms in the coming months. Help disaster survivors recover from Spring tornadoes and storms through CRWRC.

CRWRC Partners to Provide Aid to Pacific Earthquake Survivors
CRWRC Newsroom | March 11, 2011
http://www.crcna.org/news.cfm?detailid=3556&newsid=2522

CRWRC's Disaster Response Services (DRS) volunteers give of their time and talents to help clear debris, assess needs, and rebuild homes after disasters strike. These volunteers are affectionately known as "The Green Shirts" throughout many disaster–affected communities and are well–respected for the quality services they provide.

Volunteer Opportunities
For Individuals

CRWRC Disaster Response Services has a variety of volunteer opportunities for individuals and couples. Join us on–site to help with construction, painting, needs assessment, cooking, and more. To get started, fill out a volunteer application form (Note: This application is for individuals or couples only. If you are interested in a group assignment, please see the section below. Please also note that this form can be filled out online, saved, and e–mailed to us or printed and mailed to the address indicated at the bottom of the form).

If you've already filled out a form and would like to know about current opportunities, or if you'd simply like more information, contact Becky Purdom at 1–800–848–5818.
For Groups

Serving together as a team can be a great learning, bonding, and mission experience for groups from schools, churches, and families. CRWRC has a variety of work group opportunities available to you in a host of locations. For more information or to register your group, contact Art Opperwall at 1–800–848–5818.

HURRICANE SANDY RESPONSE 10/12:
http://www.nechama.org/index.php/news/85–nechama–takes–action–responds–to–sandy

Hurricane Sandy has dramatically impacted the Mid–Atlantic region of the United States. NECHAMA staff will arrive in the NY & NJ area later today. We will begin assessing cleanup needs and meeting with local partner organizations once first responders and utility crews have secured the affected communities.

We will work as rapidly as possible to determine where NECHAMA can be of service and then establish a base of operations. At that point we will provide details on how to volunteer with us on the ground. NECHAMA has deployed a disaster response trailer from our headquarters in Twin Cities, MN to support this effort.

Though we are still gathering info and working the logistics regarding volunteer opportunities, you can register your interest and availability via this webform:

https://docs.google.com/spreadsheet/viewform?formkey=dDZjcFNjeklFOGptZWNiQmJ0by0yUXc6MA#gid=0

Please donate. Your gift strengthens our ability to quickly bring critical aid and comfort. We will provide additional updates as our response to Hurricane Sandy develops . Thank you for your support of NECHAMA and your generous donation to support these efforts.

2012 HURRICANE ISAAC –
http://www.nechama.org/index.php/news/71–hurricane–response–volunteer–opportunity

Initially we are focused on assisting Jackson County and other hurricane–affected communities in southern Mississippi with flood cleanup, clearing damaged trees, and temporary roof repairs. These volunteer services offered by NECHAMA will support ongoing recovery efforts across Southern Mississippi. NECHAMA continues to be in regular contact with our voluntary organization partners working in Louisiana and anticipates assisting communities there as well.

We are planning on working in Mississippi and Louisiana until Sept. 14, 2012. We have established a base of operations in Biloxi, MS, a coastal community with a history of welcoming volunteers from across the country. If in the coming weeks there are still pressing needs to be addressed and if we are able to raise funds to stay longer, we will consider extending our deployment.

Heavy Rainfall
June 20th, 2012
We are looking into reports of 6+ inches of rain overnight & flash flooding in Duluth, MN area. Mostly reports of road damage thus far. We will update our Facebook page and website as we know more.

from the website:

Minnesota Responds Medical Reserve Corps (MN Responds MRC) is part of a nationwide initiative to pre-register, manage, and mobilize volunteers to help their communities respond to all types of disasters. The Minnesota Department of Health provides the framework for coordinating multiple local, regional and state based programs of volunteers who have medical, public health, or other needed skills.

The structure of each MN Responds MRC unit varies, depending on its own unique requirements and on the needs of the people and community that it serves. Volunteers donate their time and expertise in the area where they live, making it easier for them to help their own family, neighborhood and community. For additional assistance, please review the responder guide.

Following the events of 9/11, professionals with healthcare-related skills were among those who wanted to volunteer their services. Without prior training and credentialing, they were unable to do so. The anthrax attacks in the fall of 2001 reinforced the need to pre-screen and train volunteers to assist with emergency operations.

Your local MN Responds MRC units help communities meet unexpected medical and public health needs, using qualified local volunteers.

The number of volunteers needed vary depending on the emergency and the needs of the community. There is also the chance that a number of volunteers will have conflicts, at the time they are requested to help, that prevent them from volunteering. We would like to register a large number of volunteers so each community will have enough when the need arises.

Minnesota is looking for anyone willing to volunteer their skills in the event of a health emergency. These persons include:

Healthcare professionals, such as physicians, nurses, pharmacists, dentists, nursing assistants, respiratory therapists, psychiatrists, veterinarians, etc.
Public health professionals

Behavioral health and social service professionals including psychologists, social workers, counselors, interpreters, and chaplains
Support staff such as clerical workers, data entry, greeters, traffic control, canteen workers, etc.

Volunteers may be practicing, retired, college students, or otherwise employed
The University of Minnesota and the Minnesota Veterinary Association also run state-wide programs with a similar focus, but there are certain requirements for participation. Persons registering in the MN Responds MRC are asked specific questions to determine eligibility in these programs.

The local health volunteer administrator will make an assessment of training needs and appropriate assignments. You may be asked to perform tasks related to your profession, trade, or skills, or in other places if the need exists.

Can I register in Minnesota Responds if I'm not currently licensed or if I do not have any experience or training in public health or healthcare?
Yes. Whether you are actively licensed, a student, retired health professional, or someone with an interest in volunteering during a health emergency, you are encouraged to register. Because many health personnel will already be committed to a role during an emergency, many areas are actively recruiting "non-health" personnel who will assist health professionals when the need arises.

Each MN Responds MRC unit is organized through a local public health agency, groups of public health agencies, and there is also the Minnesota Veterinary Corps and University of Minnesota. The focus for the response is to address health emergencies. All the programs coordinate with each and with the American Red Cross, CERT, and other local or state volunteer programs.

Your local program administrator will contact you for training opportunities, or any requirements for participation. Some programs will choose to wait until they need you and then provide just-in-time training to prepare you. When you are asked to volunteer, you will know what type of event it is, where you are being asked to respond, what will be expected from you, and what you need to know to help out and keep yourself safe.

There are no provisions for compensating volunteers. Generally, expenses for travel, lodging, and meals are provided. If you are asked to volunteer, you will receive additional information regarding expense reimbursement.

Minnesota State laws (Minn. Stat. §12.22) provides that individuals will not be held liable for acts or omissions committed while serving as emergency or disaster volunteers if:

They were acting within the scope of their volunteer responsibilities;
They were properly licensed, certified, or authorized by the appropriate authorities for the activity or practice by the State of Minnesota, and the activities or practice was undertaken within the scope of their volunteer responsibility;

The harm caused is not the result of willful or criminal misconduct, gross negligence, reckless misconduct or a conscious flagrant indifference to the rights or safety of the person harmed.
Back to top

If you register into the MN Responds MRC at www.mnresonds.org your local county public health agency will receive your information. You can also contact your local Public Health agency to find out who is coordinating volunteer efforts in your area.

SEARCH & RESCUE

From the Website:

His Glory Foundation is a Christian based non–profit organization comprised of volunteers who, guided by Luke Chapter 10, monitor, respond and provide aid during disasters both in the United States and around the world. His Glory foundation is made up of three divisions: Special Investigative Services, Search, Rescue & Aid Teams and World Wide Disaster Relief.

Once all immediate needs have been met following a disater, we also offer training to communities and country leaders in new techniques of search, rescue and aid, preparing them for future emergencies and disasters.

Over the last 15 years we have researched and tested many search, rescue and safety techniques in efforts to find the safest, quickest and most effective search, rescue and aid techniques. Many of the techniques we use today allow us the do just that.

We also believe that our Lord shows us detailed instructions on how disaster relief will be done successfully, in the Good Samairtian parable:

* First, stop what you are doing (forget your personal schedule, job, kids, family, what people will say, and your financial problems)
* Second, search for the lost.
* Third, rescue the hurting, aid the sick & diseased, do that in a team manner spoken in the book of Luke Ch. 10, and glory not what you did, but give the Father HIS GLORY.

For this reason churches of almost every denomination have asked His Glory Foundation volunteers to come and speak, to tell what GOD says & what he has done through us, allowing us hot give HIM his glory! If your church or organization would like a speaker to come to your location, please email our Director or International Emergency Office Coordinator

The next time you shop at Randall?s be sure to use #10881 as your charitable organization if you would like to have the proceeds go to His Glory, Thank you in advance for your help.

Sunday, March 29, 2009:

ACS/DR teams in North Dakota are setting up a donations management warehouse in Bismark. Les Morrison of ACS/DR Minnesota, Minnetonka ACS Director, picked up approximately 25 cages and other supplies from Richfield on 3/27 and delivered to emergency pet shelters in Moorhead, MN on 3/28. Bob Hilde of ACS/DR Minnesota visited with the Detroit Lakes congregation 3/28 and rallied up many local volunteers in the event we are activated. We do have a great lead for volunteers through First Link and volunteers from the University. Elder Dr. Scott Turner of Moorhead church has helped locally to scout out possible locations for a donations management warehouse in Moorhead.

At this time, Adventist Disaster Response North American Division leadership team has put us in "wait" mode. Our response will depend largely on the number of evacuees in the Fargo/Moorhead area. The MN VOAD & Homeland Security has notified Bob Hilde that a warehouse response is likely to be requested in the near future.

Volunteers:
In the event we are activated, we will need many local volunteers to serve in various roles. What can you do? Answer phones, sort donations, shipping/receiving, data entry, meal preparation and/or delivery, certified fork lift driving, etc. Volunteers do not have to be certified and do not have to be Adventist, but should be over 18. If you are available to volunteer, please call AIM at 1–800–381–7171 so that we may contact you after we are activated.

Donations:

Please do not donate any used clothing or water.
No "goods" are requested at this time.

If you feel the calling to donate "goods", please contact United Way at 2–1–1 to coordinate the donation.

Monetary donations are always best in disaster situations. Please donate funds through your tithe envelope. Mark the donation for "MN ACS/DR Fund". To ensure that leftover funds may be used for future disasters, please do not allocate funds specifically for flooding.

People outside the church may mail donations to:

MN Conference of Seventh–day Adventists
for MN ACS/DR fund

Cass County Emergency Management provides an integrated emergency management system that prepares Cass County for an emergency or disaster. Four phases or principals are utilized to develop this comprehensive approach.

Planning: This phase develops the plans used by communities during an emergency or disaster. It looks at the hazards within a community to determine the risks that could impact the population. Based upon the hazards and risks, a generic plan is developed which can be followed in any emergency or disaster. It provides a guide for all responding agencies, both public and private. Some common hazards planned for within Cass County are flooding, tornadoes, winter storms, chemical storage and transportation accidents.

Mitigation: If certain hazards or risks can be minimized prior to the emergency or disaster, it can significantly reduce or eliminate the necessary response. An example of mitigation is building an earthen dike to protect the community from flooding.

Response: The mobilization of resources to meet an emergency or disaster. Based upon the plan developed, a coordinated response can be activated to save lives, protect property and prevent damage to the environment. It is not always possible to avoid an emergency or disaster, but one can hopefully lessen its impact.

Recovery: The period following an emergency or disaster that gathers the resources to allow a community to return to near normal activities. During this recovery phase a community may have an opportunity to change or rebuild in such a manner to further reduce the risks to the community. That takes planning which identifies what mitigating actions could lessen the response and the need to recover.

Fargo, North Dakota in Flood Emergency Mode

(March 22, 2009) Christian Emergency Network (CEN) seeks the Church to pray for effective emergency preparedness systems now in high gear in Fargo, North Dakota and surrounding countryside. Flooding of the Red River dividing Fargo, ND and Moorhead, MN, along with many smaller rivers has begun and is expected to mushroom by Thursday if not before. Emergency management systems in ND and MN are highly organized and effective, especially having learned so much from the 1997 flood that received national attention.

Many area churches have dispatched teams to help their church families sandbag, and to help the city protect key flooding areas. Work has been occurring for several days. The Salvation Army and other first responder groups are providing shuttle service, food, bathroom breaks, and key communication updates. Public information meetings have been occuring; TV and radio have been on air with regular updates and volunteer instructions. The entire Fargo area has taken this flood preparedness seriously and are heavily involved but...

Complicating the situation this year is the fact that ND has had so much snow, that ditches and many rivers are still frozen and the flow of water from overland flooding and from rivers presents serious concern. Farmers and national guardmen have been chopping snow out of the ditches to free up water flow, both in Fargo and the surrounding countryside. Sandbags and equipment have been pre–positioned for many days, but sandbags cannot be used if they're frozen, and they cannot be placed on top of snow and ice.

County and city roads are already being closed. Universities, high schools, and many businesses are sending their students and employees to assigned sand bagging areas. There is 24–hour activity in light of rain occuring Sunday/Monday, with snow again expected Tues/Wed and temperatures below freezing predicted for later in the week. Emergency response teams from surrounding counties and states are en route to Fargo.

Though in preparedness mode for several days now, the affected counties are now addressing the latest from the National Weather Service that puts the crisis occuring 1 day earlier than expected, and that the temperary dikes need to be higher than earlier announced. The Red River (flowng north and thus carrying with it all the water from south of Fargo) is now expected to crest 41 feet above flood stage, and will likely crest several times within the next few weeks, depending on additional rain and snow.

Overland flooding, the real crisis of the '97 story, will again be a major piece to this 2009 early spring flood story.

Be in prayer for God to protect this area, and that His Church will continue to be effective in the Fargo area –– both in helping others, and through sharing the comfort and truths of Jesus Christ in the midst of facing this flood.

Emergency shelter nearing completion
Wednesday, February 25, 2009
Andrea Domaskin, Forum Communications Co.

From the outside, Fargo's new emergency homeless shelter is an unassuming one–story building with a brown–stone face and long cinder–block sides.

Inside, though, workers are nearly finished transforming part of the city–owned building at 1519 1st Ave. S. into the Gladys Ray Shelter.

The facility may start accepting overnight guests this week, Shelter Executive Director Jan Eliassen said.

It's designed for homeless people who cannot stay at other shelters, often because they've been drinking.

Walls throughout the shelter are painted shades of tan and green. A reception area awaits furniture and a phone that guests can use to make calls.

Separate bathrooms for men and women and empty dormitory–style sleeping rooms are down a hallway. There's space for 25 men and 10 women.

The shelter is pleasant, but not luxurious.

City commissioners in October narrowly approved bids totaling $684,500 to remodel the shelter and Centre Inc., a separate city detox center that's under construction at the back of the building. The detox center is on track for an April finish, Eliassen said.

Shelter furnishings were not included in the bids.

Eide Bailly donated used office furniture to the shelter when it moved to another location, said Dan Mahli, a Fargo senior planner who is involved with the shelter.

Churches have donated blankets, towels, pillow cases and similar items, and Churches United for the Homeless, a Moorhead shelter, offered extra supplies.

"It's really being embraced by the community, and that's incredibly rewarding," said City Commissioner Linda Coates, who was driving Friday with a rocking chair in her van. She plans to donate it to the shelter.

There are no beds. Eliassen said overnight guests will sleep on mats.

"It's a funding issue, and as the shelter itself develops, beds are certainly not out of the question," she said.

The shelter will be open only at night at first, with six or seven total staff members, Eliassen said. She plans to transition to a 24–hour shelter.

Though the building is city owned, the shelter is expected to eventually be run by a nonprofit organization with a federal 501(c)(3) status, City Administrator Pat Zavoral said.

Operating money comes from grants and other sources, not city general fund dollars, he said.

The shelter is designed as a "front door" for chronically homeless people who cannot stay in other shelters and who have been unable to cycle out of homelessness, Mahli said.

Along with providing a safe place to stay, shelter employees will work with the Fargo Housing and Redevelopment Authority and Southeast Human Services to connect shelter users to services that might keep them off the streets, Mahli said.

Gary Groberg, executive director of Churches United, said the facility can reach people that his shelter simply can't.

His shelter asks intoxicated people to go to Clay County's detox center, but they often don't want to ride there in either a police car or a taxi.

Because the Gladys Ray Shelter will be attached to Centre Inc., intoxicated people will be able to go to detox without leaving the building, he said.

If they've had a few drinks but don't need detox, they can stay in a separate ward until they're sober.

"When they walk though that shelter door, they won't have to leave again," Groberg said. "I think, hopefully, that will encourage people to use that shelter."

Emergency food pantry requests community help

In order to keep pace with the demand for food, the Emergency Food Pantry of Fargo is asking for food donations.

Requests for food have increased because of the flood, according to a news release. The pantry provided food for 171 people on Monday, an increase of 25 percent. At the same time, a major Boy Scout food drive was postponed, which has reduced the pantry's food supply, the release stated.

The Emergency Food Pantry is asking residents to donate food at the baskets located in local grocery stores and churches. Cash donations can be sent to the Emergency Food Pantry, PO Box 5363, Fargo ND 58105.

For those with emergency food needs, the pantry can fill requests only by referral. Referrals can come from social service agencies, churches or similar organizations.

For more information, contact Emergency Food Pantry Coordinator Linda Clark at (701) 237–9337 or (701) 280–1817.

Great Plains Food Bank accepting donations for Minot flood victims
The Great Plains Food Bank serve as the central collection point for donations of nonperishable food, personal care items and cleaning supplies to help residents in Minot and the surrounding area affected by flooding.

FARGO — The Great Plains Food Bank announced Thursday it will serve as the central collection point for donations of nonperishable food, personal care items and cleaning supplies to help residents in Minot and the surrounding area affected by flooding.

The products will be used for those seeking help at shelters and mobile feeding units, during clean–up efforts and at food pantries and other charitable feeding programs expected to see increased demand because of the flood.

“Whether it’s a few items or a few pallets, we know how passionately the Cass–Clay community responds to crisis,” Steve Sellent, program director for the food bank, stated in a news release. “With the severity of this disaster, we know that a tremendous amount of resources will be needed in the Minot region in the days and weeks ahead.”

Items may be dropped off at the Great Plains Food Bank at 1720 3rd Ave. N. in Fargo. Hours are 8 a.m. to 8 p.m. Friday and Saturday, noon to 5 p.m. Sunday and during regular business hours starting Monday.

The items will be sorted, and the first truckload of food is scheduled to arrive this morning in Minot.

An estimated 15 or more semi–loads will be distributed to the Minot region through donations from various food banks, food industry donors and items collected from the community, the release stated.

To volunteer for the effort, call the Great Plains Food Bank at (701) 232–6219.

Food donations also will be collected through July at Fargo–Moorhead’s six Hornbacher’s stores, four Sunmart stores, two Cash Wise Foods stores and three Walmart stores. Collection barrels will be clearly marked at the stores’ front entrances.

Food Pantries & Feeding Sites Directory:

http://www.lssnd.org/greatplainsfoodbank/food–pantries–feeding–sites.pdf

Feeding Hope
The Great Plains Food Bank touches the lives of more than 52,000 children, seniors and working families each year who struggle with, or are at risk of hunger. Each year over 5 million pounds of surplus food is donated by local, regional and national food

industry partners. This food is then distributed to people in need through our statewide network of 230 member food shelves, emergency shelters, soup kitchens and other charitable feeding program in 80 communities.

Neighbor Helping Neighbor Flood Clean Up
FROM THE WEBSITE:

4/15/2009 – until need is met

Record level spring floods are predicted for several areas across North Dakota. High water will be the first half of the disaster. The second half will be the devastation left behind. Clean–up teams are needed from mid–April through May. Rebuild teams will be needed this summer and fall to restore communities and homes.

You can join the Neighbor Helping Neighbor Spring Flood Clean Up now by:

–Forming a team of volunteers at your church or work place
–Volunteering individually
–Providing financial assistance

Financial donations can be made payable to LSS/LDR and mailed to:
Lutheran Social Services of North Dakota
P.O. Box 389
Fargo, ND 58107

Work teams will be assigned to communities based on need & location. For information or to register your team contact:

Current Updates:
March 26, 2009

Currently, Lutheran Social Service of Minnesota is calling on congregations statewide to mobilize volunteer teams to prepare for deployment to the Red River Valley for clean–up and longer–term recovery work.

Following a significant natural disaster, Lutheran Social Service of Minnesota works in affected–areas over many months, sometimes years, to help Minnesotans in the immediate aftermath of a disaster and longer–term rebuilding recovery.

We provide case management services to help local residents navigate paperwork, access loans, make important decisions about their future and coordinate volunteer teams to rebuild homes over the long–term. Volunteers may be needed for this work in coming weeks.

Lutheran Social Service of Minnesota also trains volunteer teams to offer Camp Noah, a week–long, faith–based day camp designed to help elementary–age children recover emotionally and spiritually after a flood disaster.

Congregations that are interested in assembling a Camp Noah team or volunteering for clean–up and rebuilding recovery efforts are encouraged to sign up with us above.

Individual contributions from the community are how Lutheran Social Service of Minnesota funds its disaster relief efforts. Donations can be received online or by mailing a check payable to Lutheran Social Service of Minnesota, 2485 Como Avenue, Saint Paul, MN 55108. Please designate the gift to Disaster Relief.

Thank you for all your gifts of support as we help our neighbors in the Red River Valley.

Lutheran Social Service trains volunteer teams

The following is a news release from Lutheran Social Service of Minnesota:

Lutheran Social Service of Minnesota, a major provider of Disaster Response in Minnesota, provides clean–up, long–term recovery and special support to children in communities affected by natural disasters.

Currently, Lutheran Social Service of Minnesota is calling on congregations statewide to mobilize volunteer teams to prepare for deployment to the Red River Valley for clean–up and long–term recovery work.

Following a significant natural disaster, Lutheran Social Service of Minnesota works in affected– areas over many months, sometimes years, to provide case management and help local residents navigate paperwork, access loans, make important decisions about their future and coordinate volunteer teams to rebuild homes over the long–term. Volunteers may be needed for this work in coming weeks.

What is Lutheran Disaster Response?

Lutheran Disaster Response (LDR) is collaborative ministry of the Evangelical Lutheran Church in America and The Lutheran Church – Missouri Synod. In North Dakota, the LDR affiliate is Lutheran Social Services of North Dakota (LSS).

The National Office of Lutheran Disaster Response operates through a network of forty different organizations such as LSS ND with which LDR has a memorandum of understanding.

LDR ND responds to disasters in North Dakota and when requested, nationally. Our focus also includes preparedness as a vital part of disaster response.

The North Dakota Long Term Recovery Fund

The North Dakota Long Term Recovery fund is established to support the unmet needs of people who have been impacted by this disaster. The committee is established using local representation. Through case management, the unmet needs will be presented (anonymously) to the Long Term Recovery Committee for fair and equitable distribution of funds and/or resources. The Long Term Recovery Fund is designed to assist throughout all of North Dakota. By providing a monetary donation to the Long Term Recovery, you will help every community that has been affected by this disaster.

To contribute to the N.D. Long Term Recovery Fund, please send a check or money order to:

N.D. Long Term Recovery Fund
PO Box 389
Fargo, ND 58107

Your contributions will assist all communities affected by this disaster. If you wish to donate to a specific community or relief organization, please specify with your contribution.

Contributions are tax deductible.

Services offered: Demographic Served: Survivors, Natural Disaster Impacted Communities; Donations, Disaster Fund

From the Red Cross Newsroom Blog 4/6/09:

Free kits can be picked up from the Minn–Kota Chapter Office

Area residents who are recovering from flood damage to their homes can request a free clean–up kit from the American Red Cross. The kits contain a mop, broom, bucket, cleaning solutions, sponge, trash bags, and a scrub brush. Kits can be picked up from the Minn–Kota Chapter office, located at 2602 12th Street North in Fargo. For more information, contact the chapter at 701–364–1800.

American Red Cross – Online Disaster News Portal
Red River Flooding: Update

Red Cross Moves Supplies into North Dakota as Rising Flood Waters Threaten
Trailers Filled with Cots, Blankets, Meals Begin Arriving in Fargo

As residents of the Red River valley prepare for potentially record flooding, the American Red Cross is moving into position to provide help where needed. More than 24,000 prepackaged meals are expected to arrive today, along with thousands of cots, blankets and toiletry kits.

These supplies are expected to be used for evacuation shelters, which may open within the next 48 to 72 hours, depending on weather conditions. In addition, the Red Cross is gearing up for an extended relief operation, placing volunteers from around the nation on stand by to move to North Dakota when needed.

The Red Cross already has five mobile feed trucks in the area providing food and drinks for the volunteer crews racing to fill 1.9 million sandbags needed to fight the flood waters. The city has set up Sandbag Central, where machines fill sandbags around the clock. About 400,000 to 500,000 bags must be filled each day to reach the goal of 1.9 million by the end of the week, according to local officials.

Major flooding hit the area in 1997, after which a levee system was built to protect the city of Fargo. However, weekend storms increased the flood threat and sped up emergency preparations in the Red River Valley. Flood stage is 18 feet, and some forecasters are reporting the river could rise as high as 52 feet above flood level over the next week, worse than conditions in 1997.

This entry was posted on Monday, March 23rd, 2009 at 3:50 PM and is filed under North–Central Flooding (Mar 2009). You can follow any responses to this entry through the RSS 2.0 feed. Responses are currently closed, but you can trackback from your own site.

Mobile Feeding & Bulk Materials – March 23, 2009

**Media: Flood preparedness and response information can be found at http://newsroom.redcross.org will have photos, video, audio and press releases for the Red River Valley Flood 2009

Mobile Feeding Units & Arrival of bulk materials

• The American Red Cross will have 5 Emergency Response Vehicles (ERVs) throughout our communities today

• Today our ERVs are supporting volunteer sandbaggers in neighborhoods south of Main Avenue on both sides of the river while the Salvation Army is working on the north side

• Our role is to provide food, water and emotional support so that the citizens can focus on protecting their property and our neighborhoods.

• As long as people are in need of nourishment and support the Emergency Response Vehicles will be on the road.

• The American Red Cross is prepared to respond to this flood situation as it unfolds

The Salvation Army Continues Fight Against Fargo Flood

March 23, 2009 - The Salvation Army continues to provide food, hydration, and emotional/spiritual care to residents of the Fargo/Moorhead area as they struggle to defend their community against looming flood waters that could cause mass devastation. (Click here for photos.)

Since Friday, 53 Salvation Army staff and volunteers have served 5,750 meals, 9,500 snacks and 13,000 drinks to thousands of volunteers as they fill sand bags and build levies to ward off a Red River flood expected to crest at 40 feet - 22 feet above flood stage, and nearly a foot higher than the historic Fargo flood of 1997.

Mobile feeding units (canteens) deployed from Bismarck, Brainerd, Fergus Falls, the Twin Cities and Willmar are roving neighborhood streets. Another canteen is fixed at Fargo's garbage utility - or "Sandbag Central" - where legions of volunteers are filling an estimated 25,000 sandbags per hour.

The Salvation Army and the American Red Cross are working in collaboration to meet the demands of the community.

"The Salvation Army's operation is vital to supporting the efforts of saving our community," said Captain Adam Moore, administrator of the Fargo Salvation Army. "The propensity for great property loss is more and more evident with each foot the river rises. There is also great concern for the emotional and spiritual needs of the community, as this is one of several 100-year floods we've faced in recent years."

To date, The Salvation Army has spent more than $20,000 on this effort. To donate, call 800-SAL-ARMY or click the button below. Designate your donation "Fargo Flood."

United Way establishes fund for long–term flood recovery

Fargo - United Way of Cass–Clay has established a long–term flood recovery fund. The newly established United Way of Cass–Clay 2009 Long–Term Flood Recovery Fund is now accepting donations. The fund has been established to assist with unmet needs of individuals and families affected by the 2009 flood. Dollars will be used to re–establish stability, safety and security for individuals and families throughout the Cass and Clay county area.

There are three ways for individuals to give to the United Way of Cass–Clay 2009 Long–Term Flood Recovery Fund. Individuals can:

–give online by logging on to www.uwcc.net and clicking on “Donate Now,”
–call the United Way of Cass–Clay office at 701–237–5050 and process donations with a credit card
–or mail checks to:

United Way of Cass–Clay,
PO Box 1609
Fargo, ND 58103–1609

Please make checks payable to United Way of Cass–Clay and indicate “2009 Flood Recovery” in the memo. A printable 2009 Long–Term Flood Recovery Fund Donation Form is also available online at www.uwcc.net.

The United Way of Cass–Clay 2009 Flood Recovery Fund has been established to help families in need of long–term recovery assistance. The fund is designed to address unmet needs that remain AFTER FEMA and insurance claims have been processed. United Way of Cass–Clay will work collaboratively with area non–profit agency case managers who specialize in disaster recovery to distribute the funds as needed.

The mission of United Way of Cass–Clay is to bring people together to create lasting change that will improve lives.

For more information please contact Kristina Hein, Communications Director, at (c) 701–388–4660 and visit www.uwcc.net.

Web www.farmrescue.org
Serves North Dakota, South Dakota, eastern Montana and western Minnesota
Eligibility Farm families that have experienced a major illness, injury or natural disaster
Service Temporary

We are a one–of–a–kind nonprofit organization that plants and harvests crops free of charge for family farmers who have suffered a major illness, injury or natural disaster. Our ability to help families on the land is 100% dependent upon some pretty amazing people – volunteers, sponsors and individual donors. They give of their time, talents and financial resources to help put a crop in the ground or harvest its bounty for families that are in crisis. Selfless acts. Selfless people. It doesn't get much better than that in our book!

Farm Rescue is fortunate to have the world's best volunteers! They come from all over the country with different talents and abilities – all with a heart of gold.

Many volunteer their services in the field operating farm equipment, while others are behind the scenes. They provide professional services, such as graphic design and accounting expertise, to help Farm Rescue operations run smoothly.

Volunteers provide their own transportation to the state where they are needed or the closest airport. We cover lodging and meal expenses.

All volunteers must have an application on file (http://www.farmrescue.org/get_involved/volunteer/volunteer_application.html) and will be contacted if needed.

One week remains to apply for federal assistance

MOORHEAD – Only one week remains for Minnesotans to apply for federal disaster assistance for flood damage incurred between March 16 and May 22.

Tuesday, June 9 is the last day for residents of designated counties to apply by telephone or online with the Federal Emergency Management Agency (FEMA). The counties designated for Individual Assistance are: Beltrami, Clay, Marshall, Norman, Polk, Traverse and Wilkin.

“For many people, applying for assistance is a critical step toward getting back to normal,” said FEMA’s Federal Coordinating Officer Michael H. Smith. “With just one week left, we want to encourage everyone impacted by the disaster in the designated counties to apply.”

To date, 1,244 Minnesota residents have applied for disaster assistance. More than $5.5 million in federal disaster assistance has been approved for the state. That includes more than $3 million in low–interest disaster loans from the U.S. Small Business Administration (SBA).

Federal and state disaster recovery officials urge residents affected by flooding from March 16 to May 22 to apply as soon as possible. Applicants can call the toll–free registration number at 1–800–621–FEMA (3362), TTY 1–800–462–7585, between 7 a.m. and 11 p.m. CDT, seven days a week. Individuals also may register online at www.disasterassistance.gov.

FEMA grants help pay for items like home repairs, temporary housing and other serious, necessary disaster–related expenses. These other expenses could include damaged personal property, medical and dental expenses.

Loan applications for homeowners, renters and businesses of any size also must be submitted by June 9 to the SBA. Loans could cover disaster–related losses including damage or loss of real and personal property. The deadline for loans to cover economic impacts to businesses is Jan. 11, 2010.

Individuals with SBA questions may call the SBA Customer Service Center at 1–800–659–2955, TTY 1–800–877–8339, or online at www.sba.gov/services/disasterassistance.gov.

Applicants who receive a letter from SBA after applying for federal assistance with FEMA need to open it and complete the forms inside. Returning the loan application is an essential part of the disaster recovery process, even for individuals who do not want a loan. Simply filling out and returning the SBA application may make other FEMA assistance available to some applicants.

Residents should apply with FEMA even if they have insurance. FEMA does not duplicate insurance payments or pay deductibles. Applicants may be eligible, however, for assistance with serious, necessary expenses not covered by insurance.

Fargo disaster recover center transitions into SBA loan center

Federal and State disaster officials announced today that the Disaster Recovery Center in Fargo has transitioned to a U.S. Small Business Administration (SBA) Disaster Loan Outreach Center (DLOC) beginning on Monday, June 1. The North Dakota Department of Emergency Services (NDDES), the Federal Emergency Management Agency (FEMA) and SBA officials opened up the DRC to provide one–stop, face–to–face assistance and disaster information to individuals and businesses who suffered damage as a result of the recent flooding.

“At this stage of the recovery process, the emphasis for assistance is to meet the long–term needs of victims,” said NDDES Deputy Director Greg Wilz. “We believe the transition of the Disaster Recovery Center to an SBA Disaster Loan Outreach Center will better meet the current needs of Fargo area residents.”
“Just because the Fargo Disaster Recovery Center has closed does not mean FEMA is leaving,” said FEMA’s Federal Coordinating Officer Justo “Tito” Hernandez. “We will be here as long as it takes.

If you have not registered yet, or have questions about your application or our programs, call us at 1–800–621–FEMA or TTY 1–800–462–7585, or go online at www.disasterassistance.gov.”. Operators are available from 7:00 a.m. to 11:00 p.m. Central time daily (6:00 a.m. to 10:00 p.m. Mountain time).

North Dakota Disaster Update:
Assistance for Individuals and Households Nears $3 Million

Release Date: April 24, 2009
Release Number: 1829–035

Bismarck, N.D. – Disaster assistance for North Dakotans affected by the floods has reached almost $3 million dollars in grants and loans. Since the April 10th declaration for the Individual Assistance program, more than 2,000 residents have registered with the Federal Emergency Management Agency (FEMA) for assistance, and a steady stream of grant and loan checks go out daily.

Eligible applicants affected by the recent floods beginning March 13 may receive grants to help pay for temporary housing, essential home repairs or other serious disaster–related expenses, such as medical, dental, funeral or burial expenses not covered by insurance or other sources. To date, 1,382 home inspections have been completed throughout the state. The deadline for Individual Assistance registrations in North Dakota is June 9, 2009.

The Small Business Administration (SBA) has approved loans for $131,600 home and business combined. SBA customer service representatives are staffing all Disaster Recovery Centers to answer questions. Additionally, SBA continues to offer specialized help to business owners at the SBA Business Recovery Center in the West Acres Shopping Center (on the main level near the Fountain Entrance by JC Penney), 3902 13th Avenue South, Suite 5237 in Fargo.

Disaster Unemployment Assistance claims have reached $16,816 in checks disbursed to workers affected by the floods and severe storms.

Public Assistance

In addition to the aid for individuals and households, FEMA has obligated $3.5 million in federal funds to the state of North Dakota for local governments and state agencies.

Mission Assignments

FEMA and North Dakota Department Emergency Services have coordinated 118 mission assignments to numerous federal and state agencies to protect property and lives statewide. The total cost to date is $33 million. Some of the agencies enlisted in the emergency response include the U.S. Army Corps of Engineers, U.S. Coast Guard Disaster Assistance Response Teams, the American Red Cross, and the U.S. Fish and Wildlife Service.

More than 450 FEMA personnel have been deployed from across the nation to North Dakota, plus 122 individuals from supporting agencies.

Disaster Recovery Centers:

Nearly 900 people have visited the seven Disaster Recovery Centers now open throughout North Dakota to find out about their claim status, recovery program information or get help filling out their SBA packet. The Centers' hours are from 9 a.m. to 7 p.m. local time, Monday through Saturday, and on Sunday, 1 p.m. to 7 p.m. until further notice.

Residents who plan to stop by the DRC are urged to register for assistance before their visit. Residents can register for assistance by calling 1–800–621–FEMA (3362) or TTY 1–800–462–7585 or visiting www.DisasterAssistance.gov online. The registration line is open daily from 6 a.m. – midnight CDT and 5 a.m. – 11 p.m. MDT until further notice. The call is free.

Red Cross Moves Supplies into North Dakota as Rising Flood Waters Threaten
Trailers Filled with Cots, Blankets, Meals Begin Arriving in Fargo

As residents of the Red River valley prepare for potentially record flooding, the American Red Cross is moving into position to provide help where needed. More than 24,000 prepackaged meals are expected to arrive today, along with thousands of cots, blankets and toiletry kits.

These supplies are expected to be used for evacuation shelters, which may open within the next 48 to 72 hours, depending on weather conditions. In addition, the Red Cross is gearing up for an extended relief operation, placing volunteers from around the nation on stand by to move to North Dakota when needed.

The Red Cross already has five mobile feed trucks in the area providing food and drinks for the volunteer crews racing to fill 1.9 million sandbags needed to fight the flood waters. The city has set up Sandbag Central, where machines fill sandbags around the clock. About 400,000 to 500,000 bags must be filled each day to reach the goal of 1.9 million by the end of the week, according to local officials.

Major flooding hit the area in 1997, after which a levee system was built to protect the city of Fargo. However, weekend storms increased the flood threat and sped up emergency preparations in the Red River Valley. Flood stage is 18 feet, and some forecasters are reporting the river could rise as high as 52 feet above flood level over the next week, worse than conditions in 1997.

This entry was posted on Monday, March 23rd, 2009 at 3:50 PM and is filed under North–Central Flooding (Mar 2009).

LTRC – North Dakota Long Term Recovery Committee/Unmet Needs Committee

Info/Hotline · Open

LTRC (& Unmet Needs Committee)
ND
Phone 1–800–366–9841
Service Temporary

Network set up to help those with unmet needs

In response to the recent flooding throughout the state of North Dakota, the North Dakota Long–Term Recovery Committee and local Unmet Needs Committees are preparing to assist individuals and families hardest hit by the spring 2009 flooding.

These groups, made up of local voluntary and faith–based agencies work, through a disaster case management process (RAFT – Resource Agencies Flood Team), to help individuals and families with their "long–term and/or unmet needs" after other forms of assistance have been exhausted– ie. personal resources, insurance, FEMA and/or SBA assistance, and local, state or other government and non–government resources.

To receive a case management application for unmet needs, contact your local, Red Cross, Salvation Army or United Way or call a representative of the North Dakota Long–Term Recovery Committee at Lutheran Disaster Response 1–800–366–9841.

Lutheran Disaster Response is also coordinating volunteers who would like to help with clean–up, muck–outs and rebuilding efforts. If you or your “team” would like to assist please call Lutheran Disaster Response at 1–800–366–9841.

Services offered: Assistance * (ANY Type of: Referrals or "How to" Assistance); Assistance, How To, Loan & Grant Application Assistance (Disaster Survivors); Assistance, How to, Navigate Disaster Relief Resources; Assistance, How To, Navigating Disaster Survivor Insurance Process ; Assistance, Referrals, Counseling, Disaster Survivor Counseling Referrals; Assistance, Referrals * General Information & Referral; Case Management, Flood Survivors; Case Management, LTRC, Long Term Recovery Committee; Case Management, * (Providers of ANY Type of Case Management); Cleanup, Mud–Out, Muck–Out,

Flood Cleanup, Volunteer Services; Construction, Rebuilding, Volunteer Services; Demographic Served: Survivors, Natural Disaster Impacted Communities; Long Term Recovery Committee (LTRC), Unmet Needs Committee Meetings; LTRC, Long Term Recovery Committee Advice; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers)

RPIN – Regional Public Information Network

Info/Hotline · Open

WA

Phone http://www.rpin.org/rpinweb/
Web www.rpin.org/rpinweb
Service Temporary

Be in touch. Stay in touch.
The Regional Public Information Network is your one–stop resource for news alerts from more than 75 government, utility, health and first–responder agencies serving citizens in King, Pierce and Snohomish counties.

Normally, RPIN public information officers use the Web site and e–alert system to publish news from their agencies only. During a regional emergency, these same public information officers may work through a regional joint information center, or RJIC, to share and coordinate joint messages to the public through RPIN.

Make RPIN part of your routine.
RPIN delivers advance warnings for routine disruptions, such as planned road closures and construction, transit, airport and traffic changes and early warnings for potentially dangerous weather.

RPIN also delivers real–time news for unplanned disruptions and life–threatening emergencies, such as disease outbreaks, environmental hazards, wild fires, earthquakes, terrorism, and tsunami, flooding and severe storm warnings.

Know before it happens!
Keep your family safe. Turn to RPIN for tips on how to prepare before emergencies occur and what to do if they happen. Subscribe to RPIN e–alerts to be notified immediately of breaking news and emergencies via your e–mail and/or mobile wireless devices.
