California Wildfires

The devastating October wildfires in California forced more than 500,000 people to leave their homes and resulted in the largest evacuation in the history of the state of California. Islamic Relief is asking supporters to donate towards the Natural Disasters Fund to help the victims.

Islamic Relief Response

On Wednesday, October 24, Islamic Relief dispatched experienced staff to the San Diego area to assess the fire damage and discover what assistance is needed. Islamic Relief's team included two staff members with over two years of experience of responding to natural disasters from Hurricane Katrina.

The assessment was conducted through three teams, led by Islamic Relief staff and also compromising of local volunteers. The assessment included meeting with the Islamic Center of San Diego, which was housing evacuees, and also visiting shelters and other sites to see how Islamic Relief could best use its experience and resources to provide urgent aid.

Following the meeting with the community members in San Diego and the field assessment, Islamic Relief has taken the following actions to assist those affected by the fires:
• Cover housing and food costs of evacuees
• Assemble "Care Packages:" hygiene kits consisting of toothbrushes/toothpastes, hand sanitizers, hand towels, and other items.
• Redirect hygiene packages from our Hurricane Katrina efforts in Louisiana for distribution to those in need

Islamic Relief is continuing to collaborate with communities in the affected areas of San Diego to provide help to those in need.

Pre–earthquake work recommended by ReliefWeb. In our experience, groups that are listed on ReliefWeb to this extent are worth supporting. Note the link below for Yemen puts MedGlobal in good company of other groups we've vetted. See the list below of the different groups that MegGlobal is aligned with. However, we are a volunteer staff and we can you guarantee anything. Since we aren't perfect, we always recommend that people do their own research.

"Founded in 2017, Ahbap pools together volunteers to aid in social and environmental responses in Turkey as a charity organization. The official Ahbap website highlights a map of safe locations around the earthquake disaster areas including local businesses and institutions opening their doors to effected citizens."

""“Sending aid by trucks unconsciously, except for the lists of needs to be published by AFAD and governorships, may harm the work in the #deprem region,” Ahbap shared on Twitter. “You can donate to bank accounts shared by official institutions and NGOs to support the work in the region.”"

Islamic Relief teams up with local NGO to help the people of Japan
24 March 2011

.

Islamic Relief has teamed up with a Japanese NGO in to get help to vulnerable people struggling in the aftermath of an earthquake and devastating tsunami.

The full scale of the disaster is now starting to emerge, following a devastating tsunami which swept the north-east of Japan after a massive earthquake struck just off the coast. The tidal waters swept away homes, livelihoods and infrastructure, and a nuclear emergency has been declared with explosions at least one power station. More than 200,000 people were evacuated from the area, and 300,000 people had to flee their homes across the country. Immediate humanitarian needs are water, food, and blankets.

Since the earthquake on 11 March, the current confirmed death-toll has risen to 9,000. More than 12,500 people are still missing. With damage to road networks and transport infrastructure, movement around the country is still severely restricted. Japanese people also face the threat of further earthquakes and fears over radiation released by damaged nuclear-power stations.

Islamic Relief is now working with a Japanese NGO to get vital aid and humanitarian assistance to vulnerable people. The charity, which is called JEN, has worked with Islamic Relief in Pakistan and Iran and has extensive experience in emergency response. JEN has distributed cooked food, hygeine kits, food staples and water tanks to 12,000 people at Takasago school – currently used as an evacuation centre – and is also identifying the needs of evacuees in the districts of Aoba, Wakabayashi, and Miyagino.

Please support our efforts to help the people of Japan: Donate to our emergency appeal today.
