Welcome to Global Village Champions Foundation

Global Village Champions Foundation is determined to provide these cornerstones of basic human necessity to as many Haitian people as our resources will allow. We have privately delivered hundreds of millions of meals around the Globe in the past 15 plus years. For the foreseeable future, our first priority is the orphan children of Port–au–Prince, Haiti. Your membership contribution as a Platinum Global Villager of $49.95 per month will insure the following basic needs are met for one child. Become a Villager today.

* SAFE SLEEP – roof, heat, light, bed
* FOOD SECURITY – 3 meals per day

* HEALTH (MEDICAL) MAINTENANCE – 1 check up per month
* PRODUCTIVE EDUCATION – 6 hours per day, classroom and practical

Any contribution that is financially responsible for you to make will be gratefully accepted.

Our Vision

The internet age has spawned a variety of "social networking" sites that have attracted millions upon millions of individual members totally unbound by geographical borders, national constraints, political allegiance, age differences and many other human divisions.

Ours is the first Social Awareness networking site.
Ours is a site with a real purpose.

That purpose is the achievable goal of ending hunger wherever it exists in our world. To that end, Global Village Champions Foundation has constructed this community website where Villager members and visitors alike can interact with one another, and their organization, in the shared purpose of fighting world hunger.

Building on a 14–year history of distributing free meals, Global Village Champions Foundation is bringing that commitment to the next level – the internet level, with its limitless power to reach people everywhere and organize the power of every individual member into a common global force for good, for ending hunger.

Our web–based operation will be totally transparent and round–the–clock, allowing Villagers to track exactly where their membership–supported meals are going and to know exactly who those meals are helping. Global Village TV will bring you face–to–face with the results of your contribution. Villagers may have the opportunity to work alongside the Champions and experience first hand the gratitude of the people that your contribution lifts up.

Combining your personal commitment with Global Village Champions Foundation's technology architecture on the internet, a worldwide Day Without Hunger by the end of 2010 can be and will be a reality

DONATIONS –
In–Kind Giving
Over the years, we have been fortunate to receive many in–kind donations of construction materials and services unique to each project and volunteer event.

For a current list of materials or services that match a project need, please contact Ethan Tate at etate @buildinggoodness.org or 434.973.0993

Volunteer
The BGF volunteer experience
We bring together volunteers from every part of the construction industry to design and build structures for communities in need. We extend this opportunity to all interested volunteers—always welcoming an offered hand. By helping those most desperately in need, the lives of all involved are enriched in ways few can adequately describe. After volunteering on a BGF project, participants often speak of having had an experience that changed how they view their role in the world. Qualified leaders on every trip take a personal interest in every volunteer to ensure he or she has the most fulfilling experience possible.

Our expectations
We respect all individuals and cultures we encounter and seek to make the lives of our fellow human beings better. Core members, new volunteers, partners, and community members work together in a respectful, collaborative manner. Through pre–departure orientations, team members get acquainted with each other and set the goals and expectations for the trip. While we do not require that volunteers have construction skills, a cooperative, positive attitude and willingness to contribute to the goals of the team is a must!

Other ways to help
You don't have to be a carpenter, mason or designer to make a difference. There are many other ways to volunteer at BGF including working on a committee, preparing mailings, event support and representing BGF in outreach activities.

Contact our office for more information on this ever–present need.

Once long ago, we all were children, simple, loving and caring. We chose to care about our world, our families and everyone around us. Somewhere along the way, we became mad; we lost our way as humanity. We began destroying and consuming our world and our hearts. We chose events and things as more important – than each others lives. The Raise Your Hand and Open Your Heart Foundation chooses to change that, to get people to help one another, no matter the crisis, the problem, or the effort.

A world united for ONE single common goal. HOPE. HOPE for each other, for our children, for our animals and for our environment.

You can be a part of this organization, by registering through the website, donating cash, time, your talents, volunteer or participate directly with the charities, people and organizations listed there. You can load new charities and even load your own problems. This way, we intend helping each other, as ONE family. Participate today by searching and navigating through the various regions and causes and taking a few hours each day to help heal the world through the website by using your talents, things and time. Thank You for being a part of the change.

HOW ARE WE KEPT ACCOUNTABLE?

The donor is notified, thanked and praised for making a donation, immediately upon payment. They are also automatically provided with a tax certificate. They remain anonymous on the system, but are progressed to the regional list of real donors.

They are explained that their funds are kept in trust, either for direct release for urgent need, or until a project comes up that is needed for and will NOT be used for anything else.

Once the payment is, the donor is informed that the payment is made to the charity, or cause. With a proof of payment attached in the system and a track able reference to verify that this has been done.

100% of the donation will be done, unless under extreme circumstance a charge or fee is incurred. In this instance, they will also be provided with proof of these charges.

Now, most organizations end here, but where Raise Your Hand will be different is that we will not only 'pay' the 100% donation over to the organization, we will require them to provide us with faxes or scanned emails of the use of this money and exactly what every cent is used for.

They will only receive an immediate 20% of the donation and until they prove that they can provide the proof that it is used what it is used for, we will not release the money.

If it is an ambassador or representative of the charity, and the entire donation is needed now, they will immediately be paid over, once they provide letters from where they will be purchasing goods, or provide direct invoices for us to pay on their behalf.

Let us say, as an example, The Red Cross needs $850000 (yes, they asked me for this), for fuel and the means to get aid across Pakistan. Now, what would be best is to find a Shell Petrol Depot there and pay them directly, with this proof of invoice and payment, our donors will feel that their money has gone to the right place.

If, we can, we will also provide them with photos of the delivery of their aid.

All of this allows our donors to know their money goes to the correct place at any given time, with proof and contactable verification of delivery of the aid money.
