...the hospital and all of our facilities were destroyed. We have been actively searching for funds to rebuild.
However we have never stopped our operation. We are currently offering our services under tents to the population of Croix Des Bouquets.
Our outreach community program is still active, our trained staff daily goes to render their services to the sick and the enabled.

HELP Clinic was near the epicenter of the disaster. The hospital is no longer standing. But the staff at this hospital are a dedicated group and will be at the heart of reaching out and helping this traumatized nation. I thank you in advance for your help. Continue to keep your positive thoughts, prayers and actions focused on Haiti.

Please contribute to HELP rebuilding efforts
