2012 HURRICANE ISAAC –

Donations Urgently Needed to Repair Shelter

(9/03/2012) We sheltered in place running on two generators, and three of us were there 24 hours a day from Tuesday thru Friday night. Friday night our power was restored. All the animals are fine. Twenty dogs were put in foster homes and a few cats to give us the room to keep all animals under the main warehouse roof. Animals remained calm through the storm, as they all saw us every five minutes and we think the 'white noise' of the generators kept them from hearing the roaring winds and rain.

Those who need help to leave can call
by The Times–Picayune Thursday August 28, 2008, 10:27 PM

Officials across southeast Louisiana advised residents Thursday to prepare evacuation plans and contact local government offices as soon as possible if they will need help getting out of harm's way should Gustav threaten.

New Orleans

Residents who need help getting out of town should gather at 17 designated sites across the city, where they would be picked up by Regional Transit Authority buses and taken to the Union Passenger Terminal. From there, they would board state–chartered buses bound for shelters in Shreveport, Monroe, Alexandria and Memphis, Tenn., or Amtrak trains, which could carry as many as 7,242 people to Jackson, Miss.

Residents who cannot get to the loading sites on their own should register for a program that will pick them up from their homes. To sign up for New Orleans' city–assisted evacuation plan, residents should call 311, 877.286.6431 or 800.981.6652.

So far, 13,000 people have signaled that they plan to use the city–assisted evacuation program, officials said.

Residents living in travel trailers, which are not designed to sustain winds stronger than 40 mph, are urged to make evacuations plans immediately.

St. Bernard Parish

In a late night news conference Thursday, St. Bernard Parish President Craig Taffaro Jr. said that residents with special needs who had registered with the parish by midnight would be given an appointment for evacuation today.

He said the parish anticipates ordering a mandatory evacuation some time Saturday, depending on the latest data on Gustav.

Residents needing transportation assistance would be ferried by buses to staging areas where they will board other buses bound for state–run shelters today between 6 a.m. and noon, Taffaro said.

The pickup spots are:

–– Celebration Church, 7500 W. Judge Perez Drive, Arabi

–– Our Lady of Prompt Succor Church, 2320 Paris Road, Chalmette

–– Chalmette High School, 1100 E. Judge Perez Drive, Chalmette

–– Corinne Missionary Baptist Church, 5620 E. Judge Perez Drive, Violet

–– Beauregard Middle School, 1201 Bayou Road, St. Bernard

–– Fanz Mobile Home Park, 2100 W. Fanz, St. Bernard.

St. Charles Parish

The parish's two nursing homes will evacuate residents today on orders of the parish Office of Emergency Preparedness.

St. Charles Parish school buses will be used to transport less critical patients, said Brian Freemin, an administrator at Ormond Nursing and Care Center in Destrehan, which planned to evacuate 133 residents. The Luling Living Center planned to evacuate 77 residents.

A mandatory evacuation for parish residents could be ordered as early as Sunday morning after State Police late Thursday moved up the timeline for implementing Contraflow by 26 hours, said Renee Allemand, parish public information officer.

St. John the Baptist Parish

Officials asked residents to stop cutting down branches and trees that could impede water flow into storm drains.

Naval Air Station–Joint Reserve Base

Leaders at the Belle Chasse facility are expected to decide early today whether they will evacuate the installation, which is home to hundreds of military personnel and their families, 34 tenants and about 50 aircraft, from helicopters to fighter jets.

Pets

The Louisiana SPCA's evacuation is expected to end today, and the shelter in St. John Parish, which is no longer accepting animals, is sending its tenants elsewhere.

No pet shelters will be set up in New Orleans, said Ana Zorrilla, the Louisiana SPCA's chief executive officer.

People with special needs who cannot get out of the area on their own can bring their pets to pickup points, "but we stress very strongly that this should be a last resort, " she said.

Evacuees looking for pet–friendly hotels can find them at www.petswelcome.com or www.tripswithpets.com.

What is 311?
311 is the non–emergency information line for the city services of New Orleans. 311 is designed to be your one call to City Hall to gain information or inquire about city services. The 311 Call Center also serves as the information center during emergencies or disasters affecting the City of New Orleans. Residents who require evacuation assistance must register with the 311 Call Center.

The specially trained 311 representatives are available from 7AM to 11PM Monday – Friday, and 8AM to 5PM on Saturday. Outside these hours, you can leave a message and a representative will return your call within 48 hours.

What Happens When I Call 311
Dial 311

Simply dial 311 from a phone with a 504 area code. Outside New Orleans, dial 658–2299 or 1–877–286–6431. OR 866.205.6485 in addition to 311, 877.286.6431 and 800.981.6652. All lines ring the same call center.

The hearing impaired can dial 504–658–2059 or 1–800–981–6652. Spanish and Vietnamese language assistance available.

Make a Request
311 representatives can record information and service requests for:

Phone numbers for city departments and agencies

Hello. ACORN is the Association of Community Organizations for Reform Now. We are a social justice group that is based in New Orleans, La. and has blossomed into an international organization. We are looking for volunteers to work with our Home Clean Out and Yard Maintenance Programs. Home Clean Out Volunteers will gut houses that were damaged during Hurricane Katrina in 2006 (this is for volunteers over the age of 18 only). Yard Maintenance Volunteers (no age requirement) will be working outside cutting grass, cleaning entire blocks in the lower ninth ward, cutting shrubs, and periodically painting playgrounds. Both programs are accepting volunteers through the summer and fall. We are also in need of a steady office volunteer for the remainder of the summer(someone who could work three or four days a week from 9–3). Please e–mail if interested and thank you so much.

At 29 years of serving the New Orleans area, New Orleans ACORN (The Association of Community Organizations for Reform Now) members are proud to organize to make New Orleans a better place to live. In addition to providing free tax services, New Orleans ACORN is a leading organization in the area of Living Wages, Lead Poisoning Prevention, Katrina Recovery and Voting Rights.

Taking Action to Rebuild New Orleans:

ACORN's Home Clean–Out Demonstration Project in New Orleans, Louisiana cleans out homes flooded from Hurricane Katrina, preventing further deterioration. We focus on 4 low– and moderate–income communities in New Orleans.

We are seeking volunteers to join our work crews to help clean these homes, help in our office to support this project, or to outreach to the community with information about this free program.

We can provide free housing to those who require it if you contact us at least 2 weeks in advance of your arrival.

Skills

A positive attitude and willingness to help is all we require. Construction skills are a plus.

Advocacy Center provides services to people 50 and over affected by Hurricanes Katrina and Rita and provides case management services to people with disabilities affected by Hurricane Katrina who meet certain eligibility criteria. Among the diverse services offered are legal representation, information and referral, outreach and training.

The Advocacy Center is a tax–exempt, private non–profit corporation organized in 1978 and governed by a volunteer Board of Directors. It is based in New Orleans with branch offices in Baton Rouge, Lafayette, and Shreveport.

Advocacy Center’s Katrina/Rita Disability Fund Seeks Donations

Our fund is running low, but applications for assistance keep coming in. Many people with disabilities continue to struggle with unpaid bills, inadequate housing, and unmet medical needs. Just a small amount of money has made a world of difference to many of these folks. We hope to continue helping people with a one–time contribution that can set them back on the path of independence and quality of life.

Donations are tax deductible and 100% of donations to this fund are used to directly help people who are most in need, enable them to return home, rebuild, and recover from this disaster. Interested persons who would like to make donations by credit card or pay–pal

Post Hurricane Advocacy for Seniors (PHAS)
The PHAS project's overall goal is to ensure that seniors (age 50 and over) and persons with disabilities have the necessary information to access services and supports that will enable them to recover from the devastating effects of the recent hurricanes. In addition to making informational fliers available for use by Council on Aging staff and for dissemination, the project will allow the Advocacy Center to co-sponsor seminars with local Councils on Aging across coastal Louisiana parishes upon request. The free seminars could focus on a number of areas of need/interest by seniors and/or persons with disabilities, for examples, rights related to housing, transportation, medical services, FEMA, SBA, insurance, contractors, etc. Since the Advocacy Center has also added several areas in which direct, free assistance can be provided to seniors and persons with disabilities (for example: FEMA complaints; SBA complaints; housing discrimination; etc.). The project will run through 2006. For additional information about this project, please contact the Advocacy Center via telephone at 1-800-960-7705 or email: advocacycenter@advocacyla.org. The PHAS is made possible by a grant from the AARP Foundation.

KAT Support Coordination Program Begins
The Advocacy Center is excited to begin a new program offering support coordination/case management services to people with disabilities affected by Hurricane Katrina throughout the state. This is a 22 month grant, projected to end in October 2007. It is part of a larger, multi-state effort involving many different agencies to help people navigate the service delivery system and available resources. These organizations will work in tandem, with the Advocacy Center accepting referrals for complex cases involving individuals with disabilities and referring cases without a disability component to other organizations. "Navigating the system of government and private recovery support can be overwhelming and survivors of this disaster often don't know their rights or whom to trust," said Warren Harrity, interim executive director, Katrina Aid Today. "Katrina Aid Today's trained staff and volunteers will reach out to people and families to connect them with the resources they need to recover from this tragic disruption of their lives."

The Advocacy Center's specialty trained case managers will help people with disabilities identify sources of support, develop personal recovery plans, acquire access to services and take appropriate action to rebuild their lives through the development and implementation of individual recovery plans. Individual recovery plans will be developed through discussion of all available options and resources with clients. Clients will then decide on desired outcomes and case managers will help them through each step to achieve this goal. As part of this implementation of individual recovery plans, case managers will make referrals to other resources and service delivery systems. Clients who need legal assistance will be referred to the Advocacy Center's legal division. The Advocacy Center's systems advocacy group will address systemic barriers to successful recovery.

If you are interested in finding out more about this project, please contact Stephanie Patrick at 800-960-7705 ext 143 or email Spatrick@advocacyla.org.

This grant is sponsored by the Federal Emergency Management Agency and US Department of Homeland Security through the United Methodist Committee on Relief (UMCOR).

Since 1958, the Cancer Association of Greater New Orleans has been the local leader in the fight against cancer. CAGNO prides itself in protecting and defending the community against cancer through education, outreach, research and assistance of needy cancer patients.

Uninsured or underinsured cancer patients who do not qualify for government assistance can have their prescription medication expenses picked up by CAGNO. CAGNO also provides colostomy bags, bedpads, prostheses and other medical supplies to cancer patients needing such items.

Since the storm, CAGNO has increased the types of financial assistance to cancer patients to now include assistance paying for medical supplies or equipment, transportation for travel to/from treatment (in the form of gas cards), and relief with utility bills, Insurance premiums, and medication co–pays.

For community members–at–large, CAGNO offers free stress management and smoking cessation programs, as well as free seminars on tobacco prevention or other health– or cancer–related topics.

Many of our patients are still displaced since the storm. Some were advised by their doctors to remain where they are because of the unstable health environment in the greater New Orleans area. Others need to stay where they are in order to complete cancer treatments interrupted by the storm. Those who have returned home must travel 30 to 100–plus miles in order to continue treatment at hospitals affiliated with the Medical Center of Louisiana system (charity hospitals) because they are uninsured.

In order to most effectively meet the growing needs of the cancer community and fill in gaps of available services, CAGNO has had to adapt and expand its program offerings. CAGNO, which before the storm depended on the United Way to provide more than half of its operating budget, has received a major cut in funding and so has had to depend on the generosity of outside organizations and foundations to keep it afloat financially.

August 2012: http://www.ccano.org/

Damage assessments are now underway and it is clear that many residents in the 8 civil parishes of the Archdiocese of New Orleans will need assistance to recover from Hurricane Isaac. Archbishop Gregory Aymond and Catholic Charities leadership are finalizing a response plan that will launch immediately and will begin with crisis counselors and case managers working with evacuees in the state's evacuation shelters. Other teams will fan out into the affected areas beginning Friday, August 31, 2012. Residents of Plaquemines Parish, the towns of Slidell, LaPlace, Madisonville and Mandeville have suffered the most damage, but the situation remains fluid and assessments continue to identify damage.

Please consider a donation to assist us as we begin the task of helping those devastated by this storm. http://www.ccano.org/ways–you–can–give/

As the City of New Orleans and surrounding areas prepare for Hurricane Isaac, Catholic Charities Archdiocese of New Orleans (CCANO) remains ready to respond to the needs of the community especially in times of crisis. We continue to offer care, support and prayer for all those who will feel the effects of Isaac. With so much uncertainty as to the scale and impact that this storm will bring, your support now is crucial in ensuring that CCANO can provide immediate care and assistance to those who need it most in the wake of the storm. Our readiness and response to the impending threat of hurricane conditions is possible through the continued support from friends and donors like YOU.

The needs of our clients and the community only grows exponentially with the scale and uncertainty of this hurricane threat. Evacuation costs for our residential clients, response and relief efforts for the community in the aftermath of the storm and our ability to provide aid and assistance to our caregivers who will be on the front lines of providing relief depend on support we receive NOW.
PLEASE GIVE TODAY. Your gift sustains our continued programming throughout Hurricane Isaac and enables us to immediately provide for the increased needs of the community in the aftermath of this storm.

CCANO continues to monitor Hurricane Isaac. For our latest news and updates, follow Twitter @CathCharitiesNO, and the Catholic Charities Archdiocese of New Orleans Facebook page.
Catholic Charities Archdiocese of New Orleans and the community are bound together in prayer and preparation. Thank you for your support!

6/24/10 Sitrep report –
New Orleans: Five community resource sites in four county parishes (St. Bernard, Plaquemines, Jefferson, Orleans) are being operated. To date, services have been provided to 12,728 individuals, including case management, mental health assessments and counseling, and provision of food boxes, non–food items and gift certificates/food vouchers. Assistance has also been provided for utilities, household supplies, clothing, employment, rent/mortgage, doctor/medical needs, pharmacy/medications and gas/fuel. CC/New Orleans has received $1 million from BP for short term assistance (60 days) and has been invited to submit a second proposal, with the inclusion of collaboration from partner organizations, for a longer time frame (6 month).

6/22/10 GULF OIL SPILL

How to help
We at Catholic Charities deeply appreciate the support of our donors as we respond to the catastrophic oil spill in the Gulf of Mexico by providing services for the fishermen of the impacted communities. At the present time, we are currently accepting monetary donations to fund our relief work. You may donate online, by mail or over the phone. If you are interested in donating food, please contact Second Harvest at 504–734–1322. If you have additional questions, please call 504–592–5685. Someone will return your call within 24 hours. Thank you again for your support.

6/3/10 FROM THE SITE:

Catholic Charities is currently in need of volunteers to help us outreach to families who work in fishing–related industries affected by the oil spill. All volunteers must initially attend an Oil Spill/ Disaster Relief Volunteer Orientation; orientations will take place every Monday, Wednesday, and Friday at 2pm on the 10th floor of 1000 Howard Avenue New Orleans, LA 70113.

After volunteers attend an orientation, they will be able to volunteer the next day at a Catholic Charities Community Center in either St. Bernard or New Orleans East.

Volunteers will be taking surveys and helping to distribute food. St. Bernard needs volunteers on Tuesdays and Wednesdays from 9am–2pm; New Orleans East needs volunteers Monday–Friday who are either bilingual or interpreters of Vietnamese. Volunteers must be 18 or older and must have their own transportation. Volunteers must also be willing to travel to locations that are 30–45 minutes away. This is the only oil spill–related volunteer opportunity that we currently have available. If you have any questions or concerns, please, call 504–310–6978 or email volunteer @archdiocese–no.org.

Since May 1, more than 6200 individuals who have been affected by the oil spill in the Gulf of Mexico have received emergency assistance from the local Catholic Church through Catholic Charities. By the numbers, through June 1, 2010:

* 6227 people (1883 families) have received emergency assistance from Catholic Charities;
* $102,900 in gift cards and/or food vouchers have been distributed to affected families;
* 845 emergency food boxes from Second Harvest Food Bank have been distributed;
* 173 cans of baby formula have been distributed along with 77 boxes of diapers and 186 ½ packs of diapers;
* 748 people have undergone mental health assessments; and
* 503 people have received individual counseling and 28 have taken part in group counseling with Catholic Charities crisis counselors.

Once a single family home, Chalstrom House now serves as a Parish House for St. Andrew's, housing parish offices and hosting parish community meetings of all types. St. Andrew's Church family has opened the doors of Chalstrom House to share their space with volunteers traveling to the New Orleans area to work in disaster relief.

Space available to volunteers includes sleeping space for 15 beds, a kitchen and 3 full baths. There is common area in Chalstrom House that is available to volunteer groups when St. Andrew's doesn't already have it reserved.

Army beds with foam mattresses are provided for each resident. When staying in this house, individuals will need to bring sleeping bag/bedding, pillow and pillow case and personal items.

As in all of our volunteer housing spaces, volunteers are responsible for their own meals and transportation. When teams are scheduled into Chalstrom House, they will be provided with more detailed information on the house as well as a variety of resources (grocery, laundry, restaurants, etc.) are nearby, most within walking distance.

Post-Ike Report from Bayou DuLarge
by The Rev'd Canon Scott Albergate

Dear Brothers & Sisters in Christ:

I was finally able to make it down to Bayou du Large yesterday where I was met by about a dozen parishioners of St. Andrew's. Their spirits are high and unbroken despite water and wind damage to their church, parish hall and rectory. Many also experienced flooding to their homes and do not yet have power. This is a familiar experience for them, though their senior warden Allen Marcel said they had eight more inches of water this time than Rita.

With the dedicated assistance of the ODR team, we will help these good people come back. This weekend we will send down gift cards for Lowe's and Walmart. ODR will probably need volunteers to assist with gutting work in their church and rectory as well as the homes of parishioners. I am still in the process of compiling a list of other needs, but so far they will need new Prayer Books and Hymnals, possibly new pews, and new appliances.

Please call me if you can lend a hand in some way and I will be glad to coordinate. This is a proud and wonderful group of people who are a mainstay of their community.

Many thanks.

Scott Albergate

Before Hurricanes Katrina and Rita, Chapel House was a single family dwelling rented out to college students by Chapel of the Holy Spirit. Now, thanks to the generosity of individuals and churches, Chapel House is functioning strictly as a volunteer housing base.Space available to volunteers includes sleeping space for 20 beds, a kitchen and three functioning showers, two toilets and three vanities. There is a common area with a dining table.

Army beds with foam mattresses are provided for each resident. When staying in this house, individuals will need to bring sleeping bag/bedding, pillow and pillow case and personal items.

As in all of our volunteer housing spaces, volunteers are responsible for their own meals and transportation. When teams are scheduled into Chapel House, they will be provided with more detailed information on the house as well as a variety of resources (grocery, laundry, restaurants, etc.) are nearby, most within walking distance.

City Park New Orleans

Walk–in Resource · Open

Non–Profit
1 Palm Drive, New Orleans, LA 70124
Phone 504·482·4888
Web www.neworleanscitypark.com

City Park sustained $43 million dollars in damages from Hurricane Katrina. Our staffing level has gone from 260 to just over 30. We just don't have the funds or the staff to do many of the things we used to do (e.g., pick up trash and debris). Volunteers are essential for the recovery of the Park and for the Park to take its place in the cultural and recreational rebirth of New Orleans.

City Park has experienced serious damage from Hurricane Katrina. Our grounds, trees, infrastructure, records, computers, plantings, and facilities all require significant cleanup and repair. Because of the damage

to the Park and the area, City Park is unable to generate revenue.

We are excited to announce City Park's newest Volunteer Opportunity: Super Saturdays.

One Saturday each month- usually the first Saturday each month- volunteers are invited to meet at the tennis center parking lot (across from the Peristyle) at 9:00 a.m. Work assignments and tools will be handed out at that time and volunteers will work until 12:00 noon.

Work may include pruning, raking, cutting grass, picking up trash, and planting. Please dress appropriately for the season and bring your own garden gloves along with any food and drink you wish to consume. Since we don't know how many volunteers will show up each week, please bring yard tools if you have them. No chainsaws!

The work of volunteers is always appreciated and even more so today as the park's staff has been reduced drastically in the aftermath of Hurricane Katrina. We simply can't maintain the park without your help!

Super Saturday Dates for 2006: (9:00 a.m. to 12:00 noon each day)

Saturday, October 7
Saturday, November 4
Saturday, December 2

If you are coming with a group of volunteers on a particular Saturday, please email John Hopper at jhopper@nocp.org and tell him how many volunteers will be coming with your group.

Individual Volunteer Opportunities-Weekdays:
Botanical Garden- Volunteers are welcome Monday–Friday between 9:00 a.m. and 3:00 p.m. Tasks will include propagating plants for the garden and for plant sales, planting, weeding, trimming/pruning/deadheading, and removing christmas lights.

Rest of the Park- Given our depleted staff we are not in the position to instruct and supply tools to individual volunteers during the week. That said, there is work for you to do. In the past we seldom if ever asked volunteers to pick up trash in the park. Post–Katrina all that has changed as we simply don't have the staff or equipment to pick up and remove trash. So, if you are willing and have some time during the week, feel free to bring some trash bags and fill them up. If you can haul them away, great. If not, please leave the tied–up trash bags along the side of a roadway.

Group Volunteer Opportunities- Weekdays:
If you have a group of 20 or more volunteers who want to volunteer during the week, please email John Hopper at jhopper@nocp.org.

Adopt a Section of the Park:
Many groups, organizations and companies have adopted a section of the park and maintain it throughout the year. Adopting a section of the park constitutes a committment of funds and often a commitment of volunteers. If you would like to adopt a section of the park, please email John Hopper at jhopper@nocp.org.

If our volunteer schedule doesn't work for you, please consider volunteering with the Katrina Krewe (http://www.cleanno.org/).

About Us–Who We Are:
Once the site of Allard Plantation facing Bayou St. John, City

Park's 1,300 acres offer visitors a sample of the city's riches both in fine art and natural splendor. City Park is home of the New Orleans Museum of Art and the largest collection of mature live oaks in the world. Trees in the oldest grove are over 600 years old.

Today's City Park is distinguished by its large menu of recreational activities and its natural beauty. City Park has a special place in the hearts of generations of New Orleanians and is a must visit for visitors to the city. A popular place to picnic, play a favorite sport, wander through its gardens or take a boat ride, the park hosts 11 million visitors each year. It is located in the heart of the city and is the largest recreation area for the entire metropolitan area.

At 1,300 acres, City Park is one of the largest urban parks in the country. The first parcel of land was aquired in 1854, making it one of the country's oldest parks.

The land occupied by City Park is owned by the City of New Orleans.

City Park is a non-budgeted state agency of the Department of Culture, Recreation and Tourism operated by the non-profit City Park Improvement Association (CPIA).

CPIA was established in 1891 to provide for the improvement of City Park. The Louisiana Legislature placed City Park under the control of CPIA in 1896 and invested it with the authority to operate and develop the park.

Algiers & Isaac

Here on Teche Street in Algiers Riverview, CGHC was very fortunate with regard to the impacts of Hurricane Isaac. We never lost power at the clinic, so we were able to re-open quickly and are operating on our usual schedule, seeing patients by appointment, Monday through Thursday. Isaac has had an economic impact on our patient community, however, directly affecting access to food and medication for many people. Donations of supplies and funds are being collected on our behalf through InterOccupy, and any support you are able to give is appreciated.

2012 HURRICANE ISAAC –

from website:
responding to hurricane isaac, sept. 3

September 4, 2012 in event, serving.

community kitchen served a free meal monday in the 7th ward on Rocheblave & Onzaga St. to residents that had been without power for six straight days. red beans & rice, egg salad, eggplant, and a fresh green salad with veggies were a welcome meal for folks who had to throw out much food from warm refrigerators and many of whom couldn't cook with their electric stoves. community kitchen also offered a variety of free fresh produce. fruit & vegetables were just as popular as the hot food, and one neighbor commented how the supermarket up on Carrollton had run out of most produce by the time she had arrived there, so this produce distribution was a blessing.

today we're preparing our regular tuesday meal to serve in Duncan Plaza downtown across from city hall, near the main branch public library, at 3pm.

some of the supplies donated for these meals came from OccupyIsaac and Portlight. Interoccupy is doing a funds & supplies drive to support Community Kitchen, Common Ground, and other relief agencies.

From Volunteer Match:

Consciously Rebuilding and HM Social Services, Inc. are in the early stages of renovating 8 units to offer as affordable "green" supportive housing for those returning to the Greater New Orleans Area. We would like to recruit volunteers that can offer services to assist in creating formal environmental specifications for our contractors (engineering plans) so that we know the performance of the technologies that will save energy, water, etc. Engineers do not necessarily have to be on–site if out–of–state professionals are interested.

We are also in need of construction services––roofing, electrical, plumbing, painting, etc.

We appreciate any help that is offered, and services are tax–deductible.

Skills needed: Licensed Contractor, Electrician, Plumber, Certified Engineer

Goals:

An influx of disaster evacuees with the economic and social resources to repopulate the Gulf –Coast region.

The rebuilding process will incorporate the values of sustainable development.

The quality of life will increase during the rebuilding process.

Social responsibility and accountability for companies that affect community health will become more efficient and effective.

Services offered: Advocacy, Environmental; Construction, Rebuilding, Volunteer Services; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Youth, After–School, Afterschool Program

Covenant House New Orleans provides shelter and services to homeless, runaway and at–risk youth 16 – 21. On any given night we have about 75 kids in residence. We have grown since our humble beginning in 1984 when we offered outreach and referral services from a leased office on Canal Street. Our 70–bed Crisis Center opened in 1987 and two transitional living residences, with an additional 25 beds, were added a year later.

The Crisis Center is located at our main campus at 611 N. Rampart Street at the edge of the historic French Quarter and is open 24 hours a day, seven days a week, 365 days a year. Help begins with a hot meal, clean clothes, a shower and a bed. Only after these immediate needs are met does the Covenant House staff begin to address the more complex problems of these youth in crisis.

Our team of caring professionals develop and implement intensive, individualized programs for each young person. Services include counseling, health services, substance abuse management, educational and employment services and pastoral guidance. On an average night, 47 young people receive crisis services.

If you are in Louisiana, Mississippi, Alabama or Arkansas and are in need of our crisis, intervention and other services.

Our Services:

Residential Services
* Shelter
* Transitional Living Programs

* Health Services – Covenant House fills this gap for its young clients with a program of primary health care and wellness education. All youth entering Covenant House are provided medical services free of charge. (Tulane Community Health Center)

* Childcare

As flood waters recede and power is restored across southeast Louisiana, our churches, with the assistance of Episcopal Community Services, are responding to those suffering from Hurricane Isaac. ECSLA is working to assess unmet needs in the hardest hit areas, coordinating with local churches, and applying for emergency funding to serve those in need. We also ask for your support to help meet the needs of the community affected by the storm.

Because we need to. When the Citywide Assisted Evacuation Plan goes into effect, there are no shelters of last resort. Thousands of city residents with no other means of leaving New Orleans rely on the CAEP to get them to safety.

The 17 Neighborhood Pick–Up points provide shorter travel distances for evacuees. Regional Transit Authority bus drivers will pick–up evacuees at these locations from dawn until dusk while the CAEP is activated.

First Street United Methodist Church, New Orleans, Louisiana. Since the devastation of Hurricane Katrina in 2005, Hands On New Orleans volunteers have been at work every day to assist in the cleaning and rebuilding of many of the city's sections. Volunteers are still desperately needed to aid the recovery process, and the civic action center in New Orleans will provide a starting point for those eager to make a difference. This is a 120 year old church. Volunteers stay in two apartments just across the street from First Street UMC, or they may stay at a residential house managed by Felicity UMC. Each apartment has room for up to 6 individuals while the house can accommodate approximately 12. In both locations, we provide bunk beds. Volunteers are advised to bring their own blankets and linen. Meals are provided. Reconstruction and community support projects. The Reverend Brother Lance Eden, pastor. No charge to stay there. Fly into New Orleans and they will pick you up. If you rent a car you can help them transport volunteers. No volunteers under 18. FIXNOLA.org

Info/Hotline · Open

Disaster Relief
New Orleans, LA
Web www.fixnola.org/index.html

FROM THE WEBSITE:

Hope Goldman Meyer was like many other charitable New Orleanians, doing what she could to make her city a better place to live. After volunteering with the Katrina Krewe she was energized to do more. The problem was, she had trouble matching her volunteer interests with available opportunities in the newspaper. This problem yielded a solution: FIXNOLA.ORG. Meyer, with the help of Peter A. Mayer Advertising, has developed a site where locals can go to find volunteer projects that both draw their interest and fit their schedule. Utilizing the extensive database of volunteermatch.org, this site provides volunteer listings exclusive to the New Orleans area, allowing locals to conveniently find ways that they can make a difference in the city they love.

All over New Orleans, we're pitching in. We're pitching in because we care about our city. We're pitching in because we want to help our fellow New Orleanians. We're pitching in because we know if we want a better New Orleans, we have to be the ones to improve it. Though our intentions might be in the right place, sometimes finding a project that lights our altruistic fire can be difficult. That's why FIXNOLA.ORG was created.

FIXNOLA.ORG is a website designed to match civic–minded New Orleanians with volunteer opportunities throughout

the city. With a database powered by VolunteerMatch and exclusively dedicated to projects in the Greater New Orleans area, you can quickly search hundreds of postings to find the opportunities that match both your interests and your schedule. If you have an extra couple hours on a Saturday, put down the remote and pick up a rake or a hammer—or a miniature schnauzer—whatever interests you. Because that's what this website is all about: helping you help New Orleans any way you can.

Finding an opportunity to volunteer
The key to volunteering is finding something that you're passionate about. If you're engaged in the project you're donating your time to, you're more likely to make volunteering a regular part of your life. If you like working with your hands, maybe you'd be interested in building projects. If you're concerned about education, you might spend a couple of hours a week tutoring a child. Figuring out what you want to do is the hard part—the rest is only a few clicks away. Just select the category in the top left corner, scan the listings throughout New Orleans that match your interests, contact the organization you want to help, and you're on your way towards helping our city.

Posting an opportunity to volunteer
If you're a nonprofit organization looking for volunteers in the New Orleans area, simply visit volunteermatch.org and post your opportunity there. Your listing, in addition to being available to volunteermatch.com's national audience, will automatically be listed in the appropriate section of FIXNOLA.ORG.

Population Served: Clients are 90% female, 88% African American, 85% low–income, 1% physically handicapped. The median age of clients is 36 and the average household income pre–Katrina was $16,584.

Accomplishments

From 2003 to 2005, GWN provided low–income and disadvantaged micro entrepreneurs with 5,035 hours of training; provided credit counseling to 143 individuals; assisted with the development of 93 business plans; and acquired 63 Small Business IDA's and 11 Micro Loans for its clients. A total of 66 businesses owned by low–income micro entrepreneurs were started or strengthened. The Management Support Services program that provides back office support and accounting to clients services was started in mid 2005 and provides clerical and accounting services to several micro enterprises and non–profit organizations. In 2005 Good Work Network helped the MicroEntrepreneur Collaborative of Greater New Orleans put on four workshops for its clients and publish three newsletters. A list of the micro entrepreneurs whose businesses were strengthened through the programs of Good Work Network is provided in the Successes portion of this web site.

Programs/Service:

Accounting & Bookkeeping

These services include a wide range of accounting and book keeping functions such as setting up accounting and record keeping systems; maintenance of the company's general ledger; bank reconciliation; sales and payroll tax assistance; financial statements preparation; financial statement analysis; cash flow projections; budgeting; QuickBooks training; and others.
Credit Counseling

After review of the client's credit reports, a credit action plan is developed to establish, repair or improve credit; the participant's progress is monitored through periodic checkups.
Training Programs

Training programs include Financial Education (a 12 hour course on personal money management); Entrepreneurship Training (a 25 hour course covering business concepts and business plan construction); Personal Effectiveness Training (a 10 hour course on personal development skills); Quickbooks Tutorial (an 8 hour course teaching business accounting using QuickBooks software); and other specialized training classes as deemed appropriate.
Management Support

One–on–one technical assistance and counseling is available to clients in areas such as business plan writing, legal and tax startup issues, design of record keeping and accounting systems, loan packaging, marketing strategy development, marketing material design, etc.
Administrative Support

Secretarial and clerical services are available for document preparation and handling. Access to computers, copiers, and fax machines is also available.
Market Access Assistance

Microentrepreneurs that meet certain business capacity standards are linked to business and individuals interested in doing business with a diverse group of suppliers.
Capital Access Assistance

Qualified individuals are referred to New Corp, Hope Credit Union, or conventional lenders for loans and/or enrolled in available IDA programs. Good Work Network is a technical assistance provider for the U.S. Small Business Administration.
Microentrepreneur Network

Good Work Network works closely with the MicroEntrepreneur Collaborative of Greater New Orleans. This organization is dedicated to giving low–income and disadvantaged micro entrepreneurs the opportunity to network.

Grace House was founded in 1985, by a small group of volunteers in response to the lack of facilities for chemically dependent women.

Grace House holds the belief that a gender–specific, 12–Step based, long–term residential program is the best treatment for chemically dependant women over the age of 18. The mission of Grace House is to assist chemically dependent women in leading sober and productive lives by providing long–term residential treatment, regardless of ability to pay.

Recently having merged with Bridge House, Grace House remains the only treatment facility in New Orleans exclusively for women.

The History:
Since the initial landfall of Hurricane Katrina, a growing number of agencies from the public and private sector have been working together to help meet the needs of recovering residents located in the Greater New Orleans area and those who have been displaced elsewhere. GNODRP was formed in November of 2005 and has become a collaboration of 60 plus agencies from the Interfaith, Non Profit and Government sector, strongly committed to assisting people devastated by Hurricane Katrina.

General Membership includes:
–Representatives from each participating parish long term recovery committee
–Religious/Faith Based Organizations
–Disaster Response Agencies
–Social and Human Services Agencies

–Government Liaisons
–Advocacy Groups

Guiding Principles:
–Local focus and involvement – Information and creativity fostered by the Parish Committees
–Interfaith and Community based – others included
–Local leadership – expanded and developed
–Unmet Needs addressed
–Decisions driven by data – accurate population studies and needs assessments

GNODRP Information gathering / sharing is currently being established between agencies to track the progress of individuals and families. Through this collaboration, funding entities are working together to bring in more resources to help meet the needs of area residents.

Green Light New Orleans is an environmental organization addressing global warming and rising energy costs in the New Orleans Area.
Born and raised in Switzerland, musician Andi Hoffmann moved to New Orleans in 1993. He founded the organization in 2006 as a response to the devastation left by Hurricane Katrina. "I had to do something to help New Orleans get back on its feet again", he said, "And I knew it had to be beneficial to the city of New Orleans as well as to our planet". "We calculated the pollution we created by touring to Europe and figured out how many CFLs had to be installed to offset the pollution." With each concert ticket sold at shows in europe people were asked to donate to Green Light New Orleans. The audience immediately suppported the idea and the fundraiser was a big success .

With the support of private donations, sponsors and supporters Green Light New Orleans is rapidly growing to meet the rising demand created by New Orleanians' desire to save energy and help the planet.

Launched in 2006, the company has raised $20 million for project financing and has more than 1,000 homes in development—including rental, ownership and supportive housing for families and individuals.

GCHP was created by the Housing Partnership Network in close collaboration with local civic leadership, Network members from the Gulf region and around the country, and national financial institutions and foundations. GCHP is an independent nonprofit with a strong board of directors, with the Network currently providing staffing and operating support under a management contract.

Hurricane Isaac Response and Recovery

How To Volunteer

As residents of New Orleans and its neighboring parishes pull together to recover from the effects of Hurricane Isaac, HandsOn New Orleans is launching an online Volunteer Opportunity Calendar and will host a statewide, virtual Volunteer Reception Center. HandsOn New Orleans is certified by the Louisiana Serve Commission to act as the official Volunteer Response Center for southeast Louisiana during emergencies. Since the storm, HandsOn New Orleans has reached out to several nonprofit partners and other groups seeking support to compile post–Isaac recovery project opportunities in one place.

HOUSING VOUCHERS AVAILABLE FOR A SHORT TIME!

From their website:

If you are a pre–disaster HANO Section 8 Client and not currently in a HUD Voucher Program or a pre–disaster Section 8 Waiting list Client PLEASE COMPLETE THE ATTACHED FORM AND RETURN BY MAIL BEFORE 01/19/2008

The Housing Choice Voucher Program operates and manages an Annual Contributions Contract (ACC) to assist low–income families with rental payments through the Section 8 Program. The Department develops Section 8 service initiatives, conducts programmatic analysis, and engages in budgeting, financing, communications, and counseling functions to assist program participants. It also ensures that landlord Housing Assistance Payments are made as scheduled, performs fair market rent determinations, conducts Housing Quality Standards (HQS) inspections and re–inspections, and performs annual reviews of tenant utility allowances – making revisions and adjustments as necessary.

To be eligible a person must be in one of the following categories:

* A displaced public housing resident
* A displaced Section 8 Housing Choice Voucher participant
* A displaced person from another HUD assisted program such as Project–based Section 8
* A pre–Katrina homeless person in a HUD homeless program

HUD will provide housing assistance up to 18 months for eligible persons. HUD will also provide housing search assistance including transportation and temporary shelter while searching for housing.

Eligible persons may go to any housing authority that has a Section 8 Housing Choice Voucher Program to sign up for this assistance. The Housing Authority of New Orleans has opened an office in New Orleans to assist eligible persons who are in the New Orleans area. Eligible persons must have their FEMA registration number when applying for the assistance.

Community Outreach:
Since resuming our operations on October 15, 2005, Kingsley House staff have completed over 2,500 community needs assessments, helping to connect over 7,000 individuals of all ages with essential services and resources to aid in their recovery and healing. Children and families have been linked to the full array of programs at Kingsley House, as well as other vital programs and services being provided by other organizations throughout the greater New Orleans area.

Preschool and Early Head Start:
For over 100 years, Kingsley House has been at the forefront of early education and quality child care in Louisiana. In fact, Kinglsey House launched the very first kindergarten and summer school programs in the state. Our nationally accredited, historic Preschool and Early Head Start programs currently provide a dynamic, comprehensive array of academic and social enrichment activities, along with essential health and supportive services for 202 children and their families. With a wait list that has grown to over 550 children, we plan to add more early education space to our existing facilities in the near future to accommodate the needs of these children and their families.

Adult Services:
The Kingsley House Adult Services Program is open to senior citizens and to medically disabled adults. Our participants enjoy stimulating recreational and socialization activities, and are provided two nutritious meals and a snack each day. Currently, our 60 adults have a safe and secure place to spend their day, while caregivers work or attend to housing, insurance, and other important resettlement matters. Monitoring of health–care is provided by our nursing staff, social workers provide case management services and transportation is available. This licensed program has a capacity for 75 adults. We expect the demand for the service to increase as more residents return to the city. (more on Adult Services)

Mobile Medical Unit:
Kingsley House has partnered with The Children's Health Fund and Tulane University School of Medicine to offer free medical services aboard the Mobile Medical Unit. Children can receive vaccinations, flu shots, care of acute and chronic medical problems and prescription refills. This service is currently available once a week and may soon be expanded to twice weekly due to greatly increased demand in our area.

Health Insurance and Food Stamp Application Assistance:
Health Care For All (HCFA) at Kingsley House has assisted over 800 families with completing and submitting Medicaid and Food Stamp applications and has replaced vital documents for over 1,500 individuals. In addition, HCFA staff are completing community family needs assessments to determine the specific immediate and long term needs of persons returning to the city and making referrals to appropriate Kingsley House and external programs as needed.

Saturday Respite:
Kingsley House is offering free day–care services for children of all ages on Saturdays. Respite services free up caregiver's time and allows them to take care of their resettlement and rebuilding business while their children receive supervised care in a safe and nurturing environment.

Individual and Family Counseling:
Kingsley House Family Life Services offers free individual and family counseling by master's level counselors and therapists for persons needing support and assistance. Counseling can either take place at the agency or can be provided at the individual's or family's home. Services available include: Family Therapy, Conflict Resolution, Communication Skills, Resource Coordination, Life Management Skills, Advocacy, and Parenting Skills.

River Parishes Family Resource Center (La Place):
The Kingsley House River Parishes Family Resource Center offers an array of programs and services to assist children and families in St. James, St. John the Baptist, St. Charles and Ascension parishes, including counseling, case management, parent education, parent support groups, after school day care and summer camp. The

Center also offers school–based anger management and bullying abatement programs to children and adolescents, which has been especially helpful post–Katrina.

Community Based Services Network:
Upon our return post–Katrina (end of September, 2005), Kingsley House joined forces with a group of fellow social service agencies to pool our scarce resources and collectively determine how to collaborate to best meet the needs of our region's residents. Our new Community Based Services Network (CBSN) partnership with Catholic Charities, Volunteers of America (VOA), Children's Bureau, Family Services, Baptist Community Ministries and Greater New Orleans Knowledge Works has joined with Governor Blanco's Louisiana Family Recovery Corps to provide intensive case management, counseling, financial assistance and support services to over 3,500 highly vulnerable TANF eligible, displaced families located in the metropolitan New Orleans area, including Orleans, Jefferson, St. Bernard, Plaquemines, St. James, St. John, St. Charles, Washington, St. Tammany, Lafourche and Terrebonne parishes. The state has recently expanded the contract with our Community Based Services Network to work with more than 4,000 additional families through 2007.

Youth Services:
Kingsley House once again provided our historic full day summer camp for 250 children ages 5 – 12 in 2006. Our full day camp activities included indoor and outdoor sports and recreation, drama, arts and crafts, swimming, individaul and group counseling, academic enrichment (with a special focus on math and reading), computer literacy, drug and violence prevention education, and weekly field trips to fun and exciting locations throughout the area. We have already begun the planning for Summer Camp 2007 and anticipate the same high demand for this vital program.

After School and Teen Program:
Kingsley House continues to provide daily after school tutoring, mentoring, drug and violence prevention, group counseling, recreation and socialization activities to children ages 5 to 12. We have established linkages to both the Recovery School District and Orleans Parish schools to provide these essential and much needed activities to school aged children and youth. Kingsley House is also enabling teens from he surrounding Lower Garden District/Irish Channel area to receive academic tutoring and have full access to the gym and computer center from 5 p.m. until 7 p.m. each night. In addition, children and teens are able to enjoy full use of the facilities on Saturdays throughout the year. More than 70 teens continue to participate in our program daily.

From Jennifer Page:

After school meets 3:30 – 5:30 Mon Tues Thurs and 11:30 – 2P on Saturdays at our church building on Martin Luther King Blvd. We will be able to accept up to 40 kids ages 7–12, initially emphasizing grades 1–3,4 to build a strong foundation of skills. For the overall program we will have one certified teacher per 10 kids and college volunteers who can work one–on–one with the kids. The first hour will be devoted to homework help and the second hour to an exciting research–based curriculum that emphasizes building fundamental skills in a non standard classroom type format. It is very important that our instruction is fun and does not “look like school.” We use Voyager as our curriculum. Snack is provided.

The Summer Camp Program is designed to reach 60 children ages 7–12 with academic reinforcement in basic grade level reading, writing, math, and social studies using research–based curricula, certified teachers and trained volunteers. Special emphasis is placed on individual attention with pre and post tests, LEAP preparation and material that compliments school programs e.g. science, computers and arts. The Summer Camp Program operates at the Israelite Baptist Church location from June 12th –July 21st Monday through Friday from 8:30 – 5:30 and provides not only academic support, but also exciting enrichment and recreation opportunities including Friday outings and uses many volunteer tutors from a variety of schools and colleges including Jesuit High School to reinforce learning.

FROM THE WEBSITE:

About LISA

Defending Animals in Need

LISA, League in Support of Animals, is a non–profit animal protection agency based in New Orleans. The group's mission is to prevent and eliminate animal cruelty in the Gulf States region. Formed in 1988, LISA receives more than 10,000 requests for assistance each year.

The group has achieved dramatic successes and is known for its results–oriented approach to animal protection. With 4,000+ members, LISA relies primarily on the generosity of individual donors to operate its animal protection programs. The group does not receive funding from government agencies to carry out its progressive community services.

Building Nonviolent Communities

How Does the League differ from local humane societies and SPCAs?

LISA is an independent agency which serves the entire region. Instead of focusing on providing animal control services, LISA actively works to investigate animal abuse and to prevent cruelty to animals. The League networks with independent SPCAs, humane societies, human service organizations, law enforcement agencies and private citizens to raise humane awareness and to eliminate animal abuse.

Cruelty Investigation

LISA investigates cruelty cases and files charges that lead to the arrest and conviction of animal abusers. The League works closely with police officers, humane agencies, district attorneys and volunteer lawyers, to ensure that state and local anti–cruelty laws are strongly enforced.

Abuse Prevention

The group conducts investigative training seminars for police officers, humane agents and private citizens, to help them prevent acts of cruelty on the streets. The League also creates and participates on progressive task forces and advisory boards that target ongoing problems like dog fighting, inhumane animal pounds and pet overpopulation.

There's No Excuse For Animal Abuse

Animal Care

LISA receives custody of abused and neglected animals seized in cruelty cases. The group operates a foster care program to house these animals until adoption. The group has rescued more than 2500 animals since its inception. LISA also provides free and low–cost spay and neuter services on a limited basis.

Community Projects

LISA travels around the Gulf Coast region to form humane agencies in areas of desperate need. LISA also supports existing shelters, SPCAs and humane groups, by sending caravans of workers to assist with hands–on work at small rural shelters. LISA works with city, parish and county administrators to improve and/or institute animal care programs.

Special Events

LISA uses community outreach to increase humane awareness. The group holds annual events, such as the Night Out Against Cruelty, Be Kind to Animals Week and the Halloween Walk Against Cruelty, to bring attention to the group's mission. The League also addresses specific forms of animal abuse through various public outreach programs.

Education

The League manages a volunteer Speakers Bureau. It's members are available to speak to groups on a wide variety of humane issues. LISA fills thousands of information requests each year and offers free curriculum guides to elementary school teachers. Its representatives have made presentations to more than 10,000 students.

Advocacy

LISA provides a voice for the animals at the Louisiana state capitol, at council meetings and through the regional media. The group is effective in its ability to pass tougher animal protection laws and to push for the enactment of progressive animal protection programs.

Volunteers of ALL denominations/unaffiliated groups ARE MORE THAN WELCOME!

The Louisiana United Methodist Disaster Recovery Ministry has four available volunteer camp sites in Abbottsville; DuLac; New Orleans; and Lake Charles. Accomodations can run from dormitory style, bunkhouse, or break out your sleeping bag accomodations. They have a capacity of 500 or more at any one time for volunteers.

All sites charge $10/day per person per night (meals not included) with exception to the DuLac site which runs $17.50 per person per night (meal ARE included).

It's recommended that a minimum of one person in your volunteer group have a skill to assist unskilled folks in training. They offer an orientation and brief training for unskilled volunteers.

If you already have a scheduled volunteer project assigned, this facility is more than happy to provide housing accomodations. They can also provide your volunteer group with work orders AND accomodations.

Minimum age requirement for volunteers is 14 and up.

Here is a quick glance of our programming:

The Volunteer Corps

We are still running strong with projects all around town.
We support projects from our partner agencies and organizations
by supplying volunteers for projects such as New Orleans school
refurbishing, neighborhood beautification, and surveys.

The Volunteer Corps has had the privilege of hosting over
1500 volunteers to date. Through our network of partners,
we have completed so many great projects including
rehabilitating community centers like the NORD Kelley Center,

rehabbing local churches like Stronger Hope Baptist, gutting over 100 houses, neighborhood surveys for organizations like the Bywater Neighborhood Association, painting in New Orleans schools like Capdou, Mc Main, and Operry Walker, and so many more!

To volunteer please call our office line 504.401.1899 or email us at mardigrasservicecorps@gmail.com

The Family Match Program

Making houses homes again:
The Program is a response to the sentiment that we were not applying our skills and capabilities usefully to the community as we could. As we completed projects with our partner agencies, we saw that so many families still could not return home. We saw that a program of our smaller size, student driven effort, and community imbedded nature had a unique piece we could accomplish.

The Program matches a student team with a family council consisting of three families. The students serve as a support team for the displaced families seeking to return home. They assist in the deconstruction and rebuilding of flooded homes, and the moving of furniture. Students also assist returning families with the details of applications, bureaucratic procedures, and contacts involved with insurance, the school system, and city hall. In addition to working, student teams serve as personal attentive support for the family as they struggle to reclaim their homes and lives.

Currently, our efforts are focused on four fronts:

(1) To successfully complete the Family Match Pilot Program and prepare for our program opening
(2) To continue establishing temporary housing for displaced families
(3) To create facilities for volunteer headquarters/ community resource centers
(4) To build the partnerships and funds necessary to support these efforts on a scale that will effectively help as many families and communities possible

The objectives of the MGSC Family Match Program are:
(1) To rebuild sustainable, thriving communities in New Orleans house by house, neighborhood by neighborhood.
(2) To form lasting relationships between local college students and New Orleans community members.
(3) To develop community–focused leadership skills among college students, including case management, social work, community development and leadership.

Helping families return home

Contributions to the Mardi Gras Service Corps / Family Match Program are tax deductible. Please make all checks payable to MGSC's 501 (c)(3) fiscal sponsor – Efforts of Grace Inc., and mail to:

Regional Gulf Coast Press Conference by Vietnamese Americans to Speak on the BP Oil Spill Disaster

Biloxi, MS—Vietnamese–American communities across the Gulf Coast will host a press conference to demonstrate the regional impact the BP Oil Disaster has on livelihoods, the family and the community. The regional group challenges community leaders, BP, state and federal governments to urgent and collaborative action. We are raising these issues in the hopes that President Obama hears our pressing needs as he tours Mississippi, Alabama and Florida for the first time after the Oil Spill Disaster.

Today, one third of all commercial seafood workers in the Gulf Coast are Vietnamese American. In the Gulf, at least 80% of the Southeast Asian community depends on the seafood industry. Most can no longer work due to current Federal water closures. For nearly 30 years,
Gulf Coast Vietnamese Americans have thrived as commercial fishermen harvesting shrimp, crabs and oysters and processing seafood. The fishing industry was a natural appeal for many Vietnamese refugees arriving in the US in the mid 1970s since these

jobs did not require English proficiency. It also became a pathway to realize the American dream by becoming successful entrepreneurs of the sea. Now, the entire seafood industry and this American dream is ruined indefinitely.

Gulf Coast Vietnamese Americans propose the following solutions:

1) long–term jobs created to replace destroyed livelihoods
(2) BP and government agencies communicate information on the oil spill clearly to the community
(3) financial institutions grant fisherfolk loan deferments and cancel interest rates
(4) immediate and temporary provision of financial assistance
(5) comprehensive and full healthcare coverage resulting from the oil spill clean up work
(6) establish legal protection for fisherfolk from lawyers who are preying on them to profit off of vulnerable populations

“I can’t work anymore,” said Tony Quang Nguyen, a commercial shrimper in Mississippi for 30 years. “I don’t know English, so the information being given us isn’t clear. I have no way of checking to see if BP will really follow through or not.”

The conference is organized by the South Bay Alliance of Alabama, Mississippi Coalition for Vietnamese American Fisherfolk and Families, the Mary Queen of Vietnam Community Development Corporation and Vietnamese American Young Leaders Association of New Orleans.

FROM THE SITE:

Our major accomplishments to date include:

* Providing emergency relief assistance to over 3,000 Vietnamese American residents;
* Developing a trailer site that provided 199 trailer homes to hundreds of returnees;
* Engaging nearly 1,000 community members in identifying community needs and articulating priorities for neighborhood rebuilding process;
* Offering culturally competent case management services to over 1,200 community members;
* Secured $12.5mm State Tax Credits to develop 84–units of affordable senior housing; completed feasibility analysis for a 300–unit senior housing project;
* Hosting and organizing small business loan fair with five lenders present and over 35 small businesses in attendance;
* Assisting Village de l’Est business owners to secure over $2M in capital to rebuild or expand their businesses;
* Gaining support and endorsements from over 50 local and national groups to form a long–term debris management and recycling plan;
* Organizing over 500 Vietnamese American residents to stop the Chef Menteur landfill located near the community;
* Mobilizing over 500 community members to participate in the Unified New Orleans Planning process. At each of the UNOP meetings, language translations and interpretations were organized by MQVN CDC staff. Participation in these citywide meetings resulted in the community being chosen as one of the target zones for recovery by the City of New Orleans;
* Collaborating with Children’s Hospital and Tulane Medical School to start two bridge health clinic in New Orleans East; and
* Approved for a Charter to open an Intercultural Charter School in the community.

This is the MDS Update for February 11, 2010

Disaster: 2005 Gulf Coast Hurricanes

Despite having a smaller crew this week, much was accomplished. The Ms. H house had all of the walls and ceilings covered with sheet rock plus one and a half coats of mud were applied. The Mrs. G house had most of the inside of the house covered with sheet rock, and mudding got off to a good start.

FROM WEBSITE:

Disaster Description
New Orleans was damaged not so much by the wind and rain of Hurricane Katrina, but by the failure of the levees surrounding the city to keep out the waters of adjacent Lake Pontchartrain. Much of the city was flooded and many homes still stand empty more than four years later.

MDS Response
MDS is repairing and rebuilding homes in various areas of New Orleans, including Gentilly, Lower 9th Ward and Upper 9th Ward. MDS partners with organizations such as Catholic Charities, Crescent Alliance Recovery Effort (CARE) and Greater New Orleans Disaster Recovery Partnership (GNODRP).

MDS completed renovations on the Hayne Blvd. building in early 2008 and all volunteers are housed there, in the northeast part of the city next to Lake Ponchartrain. Over 100 clean up and repair jobs have been completed as well as several new homes. Small groups continue the work over the summer and the project will open to larger groups in the fall and winter.

MDS Newsletter Update:

Volunteer Status: This project has temporarily relocated from Hayne Blvd. to the Gentilly Convent while renovations are being made. MDS continues to work in New Orleans from the convent & provides week long volunteer opportunities with free accomodations (donation appreciated "but never asked for") & meals. This site is booked for volunteer through May '08, but you can always check for cancellations.

Our Mission Statement:

Disaster Response: To ensure that the animal holocaust that was Katrina is never repeated. To be there when a disaster is imminent and to see to the evacuation of the pets of those who can least afford to leave their homes – the sick, the elderly and the poor. Their animals may be all that they have and ensuring that they are safe may mean saving their very lives as well.

Disaster Training: Train Volunteers to be FEMA qualified to enter disaster zones.

Shelter Rescue: To create foster homes for abandoned and abused animals.

To rescue, rehabilitate and nurture them to health and find them quality, permanent homes.

To stop the killing of healthy animals in overcrowded shelters by teaching and implementing spaying and neutering.

Our commitment to Evacuate Animals From The Path of Future Hurricanes:

MuttShack is committed to evacuate 15,000 animals from local Parishes when a hurricane is imminent and a State of Emergency is declared in the State of Louisiana. We need your help now.

MuttShack Foundation is a non–profit animal rescue organization dedicated to dog rescue, cat rescue animal rehabilitation and dog, cat and pet care.

MuttShack is Active in Disasters, Animal Rescue Training and Certification and Rescue from Shelters.

Muttshack Animal Rescue Foundation

The MuttShack Animal Rescue Foundation is a volunteer driven organization.

MuttShack, established in 1968, is non–profit, and a project of the National Heritage Foundation.

'Muttshackers' rescue animals from shelters, rehabilitate and nurture them to health in homes ('MuttShacks') and find them quality, permanent new families.

In the aftermath of Hurricane Katrina, the MuttShack Foundation rescued over 3,000 animals. Like Pugsley the Pug who swam to the top of his owner's refrigerator where he survived for seven weeks, eating the mold on the surrounding walls as the flood waters receded. And the German shepherd, Katrina's longest recorded survivor – trapped in her home for 71 days only to be discarded when her owners returned home to collect their "valuables".

MuttShack is active in assisting with Louisianna disaster evacuation planning to make sure no pets are left behind during a disaster.

MuttShack provides an online Animal Rescue Certification FEMA class to train volunteers to assist animals in disasters.

In 2005, founder Amanda St. John was honored with special awards from the House of Representatives and the City of Los Angeles for rescue efforts and community service.

What Makes MuttShacks Different?

We don't spend our money on buildings, staff and infrastructures. We don't maintain a work force to feed and walk animals. Instead our shelters are created in homes. Many people have already experienced a dog rescue. It is no different, except this time they have the support of experts, and a network of support to promote the re–homing of their rescued pet.

MuttShack actively supports creations of dog parks, pet friendly venues, pet–friendly hotels and apartments and a society that loves to share their lives with animals.

Survivors: Go to their website and choose "case management" and then choose "intake". Fill out their online form and submit it to get this group's help. They are GREAT. They've got a ton of projects going and it can't hurt to see if they can help you...

From their website:

Case Management

At the core of NENA's approach to rebuilding are the case management services it provides directly to residents, including

Identifying residents' assets, sustainable income sources, and any grant or debt monies received for rebuilding; Detailing residents' current and former housing situation, including title issues; Assessing residents' pre–Katrina insurance policies; and Identifying residents' employment skills and opportunities. With this information, NENA creates a financial planning program for residents that targets specific rebuilding sources, and provides referrals.

Currently, NENA has approximately 1,200 households in its case management system, and over the past six months alone has delivered more than 500 housing consultations and 500 budget and financial planning sessions.

Housing Development:

NENA's approach to housing development encourages the clustering of widespread home redevelopment around the rebuilding of schools, libraries, and community space in the Lower 9th Ward. In addition to establishing the Design Studio, Loan Fund, and Land Trust towards this goal, NENA is creating a redevelopment plan, building its internal capacity for residential development activities, and forming partnerships with development entities to begin the rebuilding of housing and key community institutions.

NENA's initial target areas focus on the reopened Dr. Martin Luther King, Jr. Charter School for Science and Technology, and the potential redevelopment of the Alfred Lawless High School site as a Health Academy, library, and civic space.

The Lower Ninth Ward Neighborhood Empowerment Network Association (NENA) was established in the aftermath of Katrina to play a lead role in rebuilding New Orleans' Lower 9th Ward.

Organized and controlled by residents of the Lower Ninth Ward, NENA addresses not only the immediate recovery needs created by the storm's destruction, but also the institutional neglect and disinvestment that plagued the neighborhood long before Katrina. NENA works with current Lower Ninth Ward residents, displaced residents living in other parts of New Orleans, and the broader diaspora who want to return to the neighborhood.

NENA utilizes an innovative resident–based approach to the comprehensive rebuilding of the Lower Ninth Ward, providing services and implementing sustainable programs in community outreach, case management, design and construction administration, home and school rebuilding, and economic development.

NENA has eleven staff members, in the areas of management and administration, outreach, case management, economic development, and the Design Studio. Its Board of Directors includes seven members, all of whom live, work, or worship in the Lower Ninth Ward.

In addition, NENA has ongoing partnerships with Warnke Community Consulting, a community development consulting firm that provides organizational and property development assistance; the Loyola School of Law; and numerous local organizations. NENA is the lead facilitator of the Lower 9th Ward Stakeholders Coalition, and is a member of the Greater New Orleans Disaster Recovery Partnership.

This community rebuilding effort is too big for any one person or organization to undertake alone," said Major Dalton Cunningham, The Salvation Army's Divisional Commander for the Alabama, Louisiana, and Mississippi Division. "By working together with other social aid organizations we are able to maximize the dollars available and eliminate duplication of efforts. I want to thank all the donors from across the country who have made this possible. "

As part of the long–term recovery plan, The Salvation Army has identified the following five community recovery and rebuilding services for Louisiana and Mississippi:

* Community Assistance Centers – The Army will continue to provide emergency relief at Community Assistance Centers, which serve as the social service hub for survivors as well as distribution points for food and clothing. At the centers, survivors meet with trained case managers to apply for Salvation Army social services. The Army operates four centers in Louisiana at Jefferson (New Orleans), Gretna (New Orleans), Lake Charles, and Slidell, and four centers in Mississippi at Biloxi, Gulfport, Moss Point and Pass Christian. Survivors who have not yet applied for assistance with The Salvation Army are welcome to visit www.salvationarmyusa.org for more information on scheduling appointments.

* Volunteer Villages – The Army will fund rebuild teams from other relief organizations, including Southern Baptist Disaster Relief, and create volunteer villages that offer housing and meals to relief workers. The first 140–person facility opened in Biloxi, MS last month, and is operated by Project Teamwork, a faith–based non–profit organization. Disaster relief groups interested in volunteering in the area are encouraged to contact Project Teamwork at 754–214–5449. A second Volunteer Village at the same Salvation Army location is being constructed by Habitat for Humanity for use by their rebuilding volunteer teams.

* Homeownership Grants – As a key piece of the plan, the Army, in partnership with Habitat for Humanity, will provide homeownership assistance grants to survivors throughout Louisiana and Mississippi for the purchase of new Habitat homes. Survivors who qualify for the Salvation Army grants will also be offered pre–mortgage and home–ownership counseling through Habitat for Humanity. Individuals and families will be identified by Salvation Army case managers who will walk them through the Habitat and homeownership grant application processes.

CATHOLIC CHARITIES COMMUNITY CENTERS

Community Centers provide long term case management, with direct assistance as part of a holistic approach to recovery.

New clients are only taken on the 1st or 2nd day of each month. Please call for an appointment. Only clients with an appointment will be seen.

Emergency Relief Services are based on a long term case management structure. A case manager helps identify the client's need, and by addressing this need, helps bring the client to self–sufficiency. Services include referral, budgeting tips, employment training and spiritual counseling. Financial assistance is available based on the client's greatest need, which could include rent, food, utilities, prescription drugs, furniture, crisis counseling, and miscellaneous assistance.

The men's shelter at 1130 Oretha Castle Haley Blvd is a 30,000–square–foot building that has a capacity for 50 men nightly. The Mission also provides an intense one–year discipleship program for men with substance abuse issues that begins after a 30–day evaluation.

The women's shelter is located within the main office at 1129 Baronne Street. This facility is 4,000 square feet and has capacity for 24 single women. As a transitional living shelter, our staff help the women find full–time employment and affordable housing and teach them basic life skills.

The Family Center located at 1819 Clio Street is a transitional living facility for single women, single men or married couples with up to three children. With occupancy of 34 beds, this 4,400 square foot facility offers a stable, clean environment for families as they work to get back on their feet. Run by Janice Jackson, this shelter aids parents in finding jobs while giving them the tools to find affordable housing. As a transitional facility, parents must work full–time and participate in the daily chores and activities in the home.

4529. Volunteers needed
by inkforrelief, 11/27/05 0:12 ET Dear NOLA Hurricane Fund Supporters, We want to extend a Happy Thanksgiving to everyone. As you celebrate the holidays, we want you to join us in the city for the Tulane University Paint Rally for New Orleans Public Schools. This is a great opportunity to join the community and do some great work to bring back New Orleans. We need volunteers starting this Monday and continuing through May! You are invited to join us, beginning November 28th at 9 a.m. as we paint, landscape, clean and fix up New Orleans public schools – to give our children and teachers a badly needed fresh start. We will work Monday through Friday each week with larger (50+) volunteer days scheduled for Saturday, December 3rd and Saturday, December 10th from 9 a.m. to 3 p.m. This effort will continue through May, as we work to get school facilities ready and shining for local children. Several schools are scheduled to open December 14th. We are starting at Alice Harte Elementary School, 5300 Berkley Drive (corner of Eton & Berkley) in the Algiers neighborhood on the West Bank of New Orleans. As we complete one school, we will move on to the next. But we need you now! We need volunteers to scrape and paint classrooms and hallways, as well as landscape and do minor building repairs. We have basic supplies available, but welcome more, especially ladders, power tools and landscaping equipment. We can provide temporary housing for out–of–town volunteers. Just bring a sleeping bag and air mattress. To Volunteer:If you are interested, please contact Hamilton Simons–Jones (Tulane Community Service Director and NOLA Hurricane Fund Advisor) at dsimons@tulane.edu or (504) 858–9055. Please give your name, contact information, and dates you are available to volunteer in the city. You may also email the NOLA Hurricane Fund to volunteer at volunteer@nolahurricanefund.org. This year, your help is needed more than ever, as the city's public schools

look

Residential Treatment to women and their Dependent Children as well as Pregnant Women:

Provides substance abuse services to high risk pregnant women, unaccompanied women, and women and their dependent children in a multi–collaborative therapeutic community model. Odyssey has established itself as a model of success in reducing infant mortality and drug dependency and hires a proportion of graduates of the program to serve as role models and motivators to increase the success rate. The program provides a structured treatment milieu consisting of comprehensive medical services, parent education, training and supervision. Group, family and crisis counseling are provided along with a balance of recreational and cultural family activities. Educational, vocational assessment and rehabilitation services are also provided. This program can serve up to 9 mothers with as many as two children each. However, the Office for Addictive Disorders provides funding for only 3 mothers and their children.

The project will begin Wednesday, April 30th and the work must be completed by the end of May. If you are interested in volunteering for this project or can donate electrical or plumbing supplies please either call 1–800–370–2420 or email ggriffin@onsiterelief.com for more information.

OnSite Relief will be taking over an historical house in the ByWater neighborhood of New Orleans on April 23rd. We will begin restoring this house on Monday, April 28th. As this house is over 100 years old and nothing has been done to it since at least the 50's everything needs to be done including all elecrtical and plumbing, repairs need to be made to the hard wood floors and old plaster walls and ceilings, the original windows need to be cleaned up and re–roped, doors need to be re–screened, wall paper needs to be removed and both the interior and exterior need to be painted. Once this house is finished it will be used as OnSite's new permanent NOLA office and will be a place for volunteers to live. Please fill out our volunteer resgistration form at http://www.onsiterelief.com/register.shtml if you are interested in working on this porject or call us at 1–800–370–2420.

OnSite Relief Inc. is looking for volunteers for any length of time between Jan 1 – Mar 31, 2008 to help with various projects including sheet rocking homes, helping to build a new community center and mowing/clearing lawns in the Lower 9th Ward. No special skills required. Please visit our website at www.onsiterelief.com or contact us at 1–800–370–2420 or info@onsiterelief.com for more info. We can also provide you with info regarding accommodations and public transit if needed.

OnSite Relief – we are a non–profit organization looking for volunteers to help with our current project; providing aid to families affected by Katrina in New Orleans. Donate your time & money or plan a vacation in New Orleans. Volunteers will not only help with the rebuilding process, but will leave with deepened appreciation for the city.

Housing not available for volunteers, but referrals to accomodations are provided, as well as transportation to work/project sites.

Operation Helping Hands brings volunteers from across the country together to help elderly, disabled, or uninsured victims of Hurricane Katrina. Operation Helping Hands is a volunteer program of Catholic Charities Archdiocese of New Orleans to assist the community in reoccupying their homes.

Operation Helping Hands mobilizes a large volunteer corps supported by the leadership of Catholic Charities and church parishes within the Archdiocese of New Orleans.

The volunteer corps is organized in groups ranging from 10 to 15 people. Groups come with their own designated leaders to volunteer for long weekends or a week in the Greater New Orleans area. Volunteers will come from outside the Archdiocese and will involve members of the local and surrounding communities.

To support this effort, Catholic Charities staff team is working in close cooperation with church parish teams who will also recruit volunteers, provide accommodations, and hospitality, and supervise the work.

As the number of homes in the area inneed of gutting dwindles, we are now recruiting** semi–skilled, longer term volunteers to help us paint, landscape and rebuild the homes that we have gutted.

These volunteers will ideally have experience with one or more of the following:

• Drywall • Painting • Installing insulation • Carpentry • Electricity
• Plumbing • Flooring

Operation Helping Hands has in the past accomodated anywhere from 75–200 volunteers at any one time, but can comfortable accomodate up to 100.

Ozanam Inn is a non-profit, direct service agency serving the homeless and needy of greater New Orleans, regardless of race, color, creed, religious preference or national origin. All of our services are provided free-of-charge. The Inn was established in 1955 by the Society of St. Vincent de Paul, a Catholic lay service organization dedicated to helping the poor; the Inn was named in honor of Frederick Ozanam, who founded the Society in 1852.

SEE EXTENSIVE LIST of Services available at: http://www.ozanaminn.org/services.html

Ozanam Inn needs toiletries of all sizes and all kinds-soap, deodorant, shampoo in addition to finances to help cover the costs of feeding homeless individuals 3 times daily. Cost is approximately $1200 daily.

You may also donate by mail. Please send your donations to:

Ozanam Inn
P.O. Box 30565
New Orleans, La. 70190-0565

Ozanam Inn is completely donor supported having an annual budget of $600,000.00. Over half of these donations are made by individuals.

Since Hurricane Katrina the New Orleans donor base has been severely reduced, however the services provided by the Inn and the associated expenses have not reduced.

Individual donations are needed more than ever to allow Ozanam Inn to continue its mission.

Rebuilding
In 2007, we plan to rebuild the homes that we gutted out in '06 and any other places in the neighborhood that need assistance. We have the skilled labor force that can do some of the installation and help with roofing. In addition, we are looking for General Contractors that can assist our Americorps members and train them in a range of skills. Also, Plumbers and Electricians are desperately needed.

For more information contact:
Ryan Porcelli ryanporcelli@gmail.com

Advocacy/Outreach
Our new 310 S. Broad Street address is meant to serve the community. Residents can walk in during our business hours of 8–4 M–Fri. and can meet with one of our Neighborhood Advocates. If we cannot help with their request, we can hopefully put them in touch with the right people. With contacts around the city, and a growing resource list, residents can be assisted in a range of issues.

(Old note)
Pre Katrina the Tulane–Gravier neighborhood was, and still is, one of the poorest neighborhoods in New Orleans. So far, we have helped residents with FEMA, the Road Home Program, Spanish translation, healthcare access, learning to use a computer, applying for small business loans, and lots of house gutting/reconstruction. We are currently trying to open a neighborhood advocacy center. This center will offer residents a permanant place to come for assistance and increase our visibility in the community.

For a rewarding mission trip to New Orleans Spring 2008

Project Homecoming, the rebuilding effort of the Presbytery of South Louisiana, sends this urgent call to all churches to organize a mission trip to continue our home rebuilding efforts. We need volunteers with all levels of building skills.

We need to continue with our current successes in rebuilding homes of Katrina–displaced families that are anxious to return and do not have the resources to rebuild.

All skills and skill levels are urgently needed from helpers to those who want to quickly learn to paint, hang drywall or do the many levels of carpentry, plumbing or electrical work.

Our construction managers and assistants will train, provide materials and tools for your work.

Housing is still available for all group sizes. All volunteers receive an official work T–Shirt and DVD on our efforts to bring back to their church.

To answer your questions, or to inquire about housing, email us at: Susan@pslrecovery.org, or call us at 504–942–0444. If you are a returning group and have stayed at one of our facilities before, you may contact them directly for housing availability.

We guarantee a very positive, rewarding experience in helping our neighbors. To see a complete list of volunteer opportunites/ sites, please visit:

Founded in 1983, Project Lazarus is the oldest and largest residential facility providing assisted living to people with AIDS in the Gulf Coast region. Project Lazarus, initially called and still sometimes known as Lazarus House, was founded by a group of clergy and lay people who were asked to help a person with AIDS who was being discharged from the hospital, but had nowhere to live.

The Archdiocese of New Orleans responded to this need by offering the upstairs of an old convent for the purpose of housing homeless people with AIDS, thus creating the first "Residence House". The downstairs area of the facility housed the Deaf Center and Food for Friends. In 1985, this area was renovated to create another "House". Initially the program was staffed entirely by volunteers. Lazarus quickly became known as a place where people could come to live when they had no home, or when friends and family could no longer care for them.

The need was great enough that the Archdiocese again responded by allowing the program the use of a second facility. A full time Director was hired, and since that time the program and staff have continued to grow and meet the increasing needs of the community.

From the beginning, when a single house was opened to people with AIDS, Project Lazarus has increased its capacity to four houses. Each floor in the two buildings is considered a Residence House, and each house accommodates six residents in small group–home settings. Lazarus now maintains a paid staff of 32 people, and more than 150 volunteers who provide 24 hour–a–day care to its residents.

Lazarus provides both transitional and permanent housing. The four houses are created to foster a home like atmosphere, each with private bedrooms for 6 residents. Resident rooms are uniquely furnished and decorated, and residents may choose to decorate and individualize them as they wish. They are all equipped with cable television and telephones. Additionally, the houses have common living areas and bathrooms as well as family style kitchens that never
close. Project Lazarus encourages maximum independence, but provides minimum to total care based on individual need.

Elements of this Circle of Regeneration are:
Safe, Strong Housing that can withstand the next storm and flood
Rebuild Green will offer several means of construction that are economical and environmentally friendly to residents of New Orleans' Upper and Lower 9th Wards and elsewhere along the Gulf Coast. Among these are Structural Concrete Integrated Panels (SCIPS), Organic Compounds (such as cobb construction, and rice and straw as matrix material), and Structural Steel Frameworks. Rebuild Green will also offer means of elevating any new or resurrected housing at least 8 feet high against the next storm or flood

Renewable–energy Features
Rebuild Green and the Common Ground Collective are assembling several options that offer renewable energy to residents of New Orleans and the Gulf Coast. Among these are solar panels (thermal and electric), water turbines, and wind turbines. For example, roofs of the Common Ground Woodlands complex have space for 65,000 square feet of solar panels.

Low–income Employment Investments
Construction and Rebuild Green are combining to train and employ residents in the regeneration of hard–hit and high–risk areas. The programs we offer will particularly recruit ex–offenders from the criminal–justice system and will particularly target storm–damaged area such as New Orleans' Lower and Upper 9th Wards.

Employment and Training
Invest Construction and Rebuild Green are combining to train and employ residents in the regeneration of hard–hit and high–risk areas. The
programs we offer will particularly recruit ex–offenders from the criminal–justice system and particularly target storm–damaged area such as New Orleans' Lower and Upper 9th Wards.

Wetlands Restoration
Regeneration of wetlands' natural protection of urban environments against hurricanes and storm–surges is vital to making southeast Louisiana sustainable in the 21st century. As one step, on July 6th and 7th of 2006 the Common Ground Collective and the Mayor's Office of New Orleans combined
to plant 3000 units of smooth–cord grass (or startina alterna flora) in the Bayou Sauvage Wildlife Refuge. Such efforts are expected to continue and increase.

Bioremediation
After Hurricane Katrina, the flooding of New Orleans that came from breached levees let loose miles and months of 'Toxic Flood Water'. The Meg Perry
Memorial Garden of the Common Ground Collective is raising organic crops and remediating the soil in its Gentilly location. Elsewhere, sunflower and mustard plants are drawing toxic metals out of the earth, while the use of Efficient Micro–organisms is working against mold in houses gutted by Common Ground volunteers.

In sum, Rebuild Green and Invest Construction make up the stage meant to add roots to the work done by Common Ground founders and volunteers from September 2005 onward. Using new tools and ancient methods, our work is meant to help those roots flourish through branches and flowerings in the 21st century.

Please contribute in any way that you can. Donations specifically for Rebuild Green projects can be sent to POB 74–1365, New Orleans, LA 70014. Donations are tax deductable through Rebuild Greens fiscal agent Global Exchange.

Save the Children is the leading independent organization creating real and lasting change for children in need in the United States and around the world. It is a member of the International Save the Children Alliance, comprising 28 national Save the Children organizations working in more than 110 countries to ensure the well–being of children.

The history of Save the Children is a story of positive change and people — millions of people in thousands of communities around the globe — working together to create opportunities for the world's children to live safe, healthy and fulfilling lives. In January 1932 in a small room in New York City, a group of concerned citizens gathered to respond to the needs of the proud people of Appalachia hard hit by the Great Depression.

The inspiration and vision for Save the Children came in part from the international children's rights movement begun in England in 1919 by Eglantyne Jebb, founder of the British Save the Children Fund. From this early effort in the hills and hollows of Harlan County, Kentucky grew a self–help philosophy and practice still at work today in more than 45 countries — providing communities with a hand up, not a handout.

This approach — working with families to define and solve the problems their children and communities face and utilizing a broad array of strategies to ensure self–sufficiency is the cornerstone of all Save the Children's programs. Through the decades, we have evolved into a leading international relief and development organization. Countless events and achievements have shaped the development of our organization and helped change the lives of the children we serve.

ABOUT US

Founded in 1995 by two devout animal lovers, Anne Bell and Paul Berry, Southern Animal Foundation has grown from a grass roots organization to a full service, non–profit animal hospital. SAF rescues and treats companion animals from all over our state, as well as Mississippi. The mission of SAF is to eliminate the need for euthanasia as a means to control the epidemic of animal overpopulation in the greater New Orleans and surrounding areas. The clinic is one of the city's only low cost, non–profit animal hospitals. In 2002, fire destroyed our building, but we have come back bigger and better. It is our goal to give every pet, owned or abandoned, the chance at life they deserve.

We work with regional as well as national rescue groups to ensure that every cat and dog that comes into our clinic gets the medical care they deserve.

SAF is...

working with humane groups such as Best Friends and The Humane Society of the United States to fulfill our mission.
our clinic is in the heart of the Lower Garden District of New Orleans. It is a full service facility dedicated to the rescue, recovery and overall well being of our area's cats and dogs.

SAF reaches out to other humane groups and individuals alike to provide low cost veterinary care to all companion animals in need. We also provide a mobile surgical unit to communities all over the Gulf region to ensure that every pet or stray animal has the opportunity to be sterilized,thus helping break the cycle of pet overpopulation which is an epidemic in our area.
SAF and its staff also work every day to guarantee that each rescued pet has a chance to have a loving home, free from the abuse and neglect they once received. Every cat and dog born deserves the opportunity of a forever, loving home.

SAF never turns anyone away who cannot afford the high quality vet care for their 4 legged friend that we provide. We are able to perform life saving procedures that these animals need, and assure that every healthy cat and dog can be guaranteed a chance at a normal life. All of this work is only possible through the generous hearts of people and foundations who care. Foundations such as Francis McDonough have made it possible for this work to continue. Thanks to their generosity, every pet that enters SAF's doors is ensured a life of happiness and well being. Without organizations such as the HSUS, none of this rescue work would be possible.

Southern Animal Foundation is a full service veterinary clinic, 501(c) non profit, and adoption agency established in 1995 and located in New Orleans, LA.

(old note)
VOLUNTEER NEEDS/SITUATION:
Direct all questions to David or Jane at phone numbers listed above.

1.) MORNING MEETINGS – 7:30 am (If you do not see anyone call Jane on cell)
(in front of) Southern Animal Foundation
1823 Magazine Street
New Orleans, LA 70130
Each morning, sign up with your contact phone number so we can reach you throughout the day as needed. Morning meetings led by either Rob Stove or Matt (who you will meet). We will continue assigning lists for
rescues each morning consisting of a map with specific locations or a section of the city in to "feed and patrol."

2.) MAPS, ASSIGNMENTS, BRIEFING – Maps and assignments will be emailed to Rob each evening to print and distribute at morning meeting. Rob or
Matt will also read a briefing from us each day. This briefing will keep you abreast of changes to the rescue operation or any other information pertinent to your rescue efforts. This will help prevent rumors and
keep you up to date with facts. It is essential that you receive correct information through us about changing legal issues as well as safety concerns.

3.) DISPATCH Jane and David will now conduct dispatch directly. This means we will call you with specific rescues throughout the day and ask you to call us directly with any questions or concerns (at the numbers above). The prowler is no longer ours to use, and the dispatch will be done from land lines and with internet/mapquest access.

4.) CARE FOR CRITICAL ANIMALS Animals who cannot survive transport
to a rescue facility such as Best Friends will be brought to:
SE Veterinary Specialists
400 N. Causeway; Metarie, Louisiana
504-219-0444
We have an account set up so you will not need to pay any bills.

5.) PROCEDURE FOR OTHER RESCUED ANIMALS Each day, all other animals will be dropped off at Southern Animal Foundation no later than 4:30 pm.
They will then be transported by small truck or van to Best Friends in Tylertown, MS. Volunteers needed for daily transports. To reunite animals with
their families, you must be extremely diligent about recording the precise location where the animal was rescued and any additional info you have about the animal[1]s guardian. You must also leave a notice on the door to inform the family where they can find their animal.

6.) FEEDING STATIONS After you leave animals at Southern Animal Foundation, please go around the city to set up feeding stations. Most animals come out after the sun goes down.

Send donated supplies such as dog/cat food to:

Southern Animal Foundation
1823 Magazine Street
New Orleans, LA 70130

7.) MAPS, LOGS & DATABASE ENTRIES – To end the problem of going to repeat addresses, all completed maps and logs must turned into Rob each
night by 6:00 pm at the Southern Animal Foundation or at his home, so he can fax the maps to a team of data entry people and the database can be updated!
All database entries will be done from outside Louisiana.

8.) LODGING – Volunteers are responsible for their own lodging. We are compiling a list of campgrounds and affordable housing if you need
it.

9.) INTERNET COMMNICATION – We are currently setting up a website for this operation. It will contain all updated information, if you are able to stop by a Kinkos or other location to check the internet.

Until we have a downtown place to keep supplies, Rob will bring supplies into the city each morning in his truck if he has them. We should have a place by the weekend. Thank you and let¹s stay organized and
effective and rescue those remaining trapped animals!

Once an office building, now serves as a community resource center and volunteer housing facility. We are located in the heart of Lakeview, one of the areas hardest hit by the flood waters of Katrina. The center offers numerous resources and programs to assist the community in creating a recovery plan and reaching their long term goals. These resources include case workers and connections to vendors such as plumbers, contractors and electricians. Residents will also have access to various tools such as a fax machine, computers, copiers and lawn equipment. There will also be access to volunteers for help with projects and enrichment opportunities such as bible study classes. The staff of the center consists of a full time director and assistant along with the case workers, volunteers from St. Paul's and those coming in from out of town. The upstairs is a home base for 25–30 volunteers and includes a full kitchen.

Volunteers could be involved with any aspect of running the center. Also, crews are organized on a daily basis to work with "Beacon of Hope" an organization that does clean–up projects in the area. "Beacon of Hope" utilizes the homecoming center as a base for some of its operations.

To schedule a volunteer stay at this faclity, contact Susan Foto/Volunteer Coordinator for Episcopal Disaster Relief at: (504–895–4304) or visit the website for complete details/volunteer packet.

Who we are:
The Green Project is governed by a 13–member board. Each board member serves for two years and is elected by The Green Project membership at our annual membership meeting each June.

We hire only the best of the best. The Green Project employs over 15 full– and part–time staff. We are always looking for more. If you would like to work at The Green Project, stop by to fill out an application or send your resume to:

info@thegreenproject.org

What we do:
The Green Project operates a WAREHOUSE STORE that resells high–quality, salvaged building materials at low cost to the community. The store is dedicated to helping the environment by reducing the amount of usable materials placed in landfills or disposed of improperly.

The Green Project also SALVAGES AND DECONSTRUCTS damaged or collapsed buildings by hand, in a way that saves between 45 and 70 percent of the materials. This preserves New Orleans' unique architectural history and benefits New Orleans' residents by returning their ruined building materials to use elsewhere in the city.

The Green Project store also serves as a local RECYCLED PAINT resource by reclaiming, combining, and reselling surplus paint. This keeps paint out of the region's landfills and water system while providing affordable paint to the community.

The Green Project warehouse serves as a RECYCLING center. The Green Project will recycle your paper, newsprint, aluminum cans, soup cans, household electronics and corrugated cardboard. We currently recycle cardboard, newspaper, regular paper (plain and colored), aluminum cans and household e–waste (electronic equipment like computers, stereos, printers, monitors, cell phones, etc). We can NOT take plastic or glass because no one in the city can pick it up. We also can NOT accept scrap metal – please take it to a scrap metal yard.

Now that Spring is here, our GARDEN is blooming. Through our gardening workshops you can learn how to make the most of a small space, recycle your yard and kitchen waste into compost and improve your soil.

RECYCLE FOR THE ARTS merged with The Green Project in 2003. R4A provides art materials to individual artists, schools, art programs, galleries, and other non–profit groups at minimal cost, as well as offers monthly recycled art workshops.

THE GREEN ROOM is an interactive community space that promotes using garbage and salvage as artistic material. The space is used to display the work of local artists and is available for workshops and community events. Contact us at:
info@thegreenproject.org
if you'd like to rent The Green Room for your next event.

The Green Project is also involved in GREEN BUILDING & SPECIAL PROJECTS like our solar panels, biodiesel and community outreach.

Register for Rising Tide 2

Mark Folse

Rising Tide Poster

A community of over 100 New Orleans, La.–based bloggers will sponsor Rising Tide 2, the second annual conference to examine the state of post–Katrina/Federal Flood recovery in their native city. The conference will be held Aug. 24–27, 2007. The main conference will take place at the New Orleans Yacht Club, 403 N Roadway St, on Saturday, August 25 with registration starting at 8:30 am.

Featured Speaker will be author and columnist David Zirin, author of Welcome to the Terror Dome. His book of essays on sports and society opens and closes with chapters on the New Orleans Superdome, first as shelter of last resort in August 2005 (the Terrordome of the tile) and again when the New Orleans Saints returned to play their first home game against the backdrop of a city still in ruins a full year later.

The conference will feature day long panel discussions on issues of the recovery of New Orleans, including panel discussions on Politics & Corruption, a discussion of community–led recovery titled Making Civic Sexy, and a panel of New Orleans writers discussing the flood's impact on their work. Featured speakers include Matt McBride, whose blog Fix The Pumps has exposed the continuing failures of the U.S. Army Corps of Engineers in New Orleans and author Joshua Clark, who has just published the well–received memoir of life in post–flood New Orleans Heart Like Water.

Cost of the day–long conference is $20, and includes lunch from Dunbar's. Featured speakers will be offering their books for sale. This year the conference will kick–off with a Friday, Aug. 24 party and screening of Katrina–related short films and videos at Buffa's Restaurant and Lounge, 1001 Esplanade Ave from 7:30–10:30 pm. Cash bar available.

For more information on the conference or to register, visit http://www.risingtidenola.com/ or call toll–free 866–910–2055.

Last year's successful conference featured keynoters Chris Cooper and Robert Block, reporters for the Wall Street Journal and co–authors of Disaster: Hurricane Katrina and the Failure of Homeland Security.

Unannounced Wholesale Demolitions and Karen Gadbois on the Front Page of the Wall Street Journal

Alan Gutierrez

The Wall Street Journal wrote an excellent piece on the unannounced wholesale demolitions of homes in New Orleans by the city. Many of the New Orleans bloggers are astounded to see one of their own immortalized in the Wall Street Journal's newsprint and ink portrait. (Karen Gadbois has been stippled.) We got national press for this. Local, no. National, yes. Here's how the story begins.

IdaBelle Joshua worked hard to take care of her two–story house in the Lower Ninth Ward, even after Hurricane Katrina flooded it up to the roof and exiled her 150 miles away.

She spent $5,000 to have the brick house gutted, $275 to clean it and then went to City Hall on July 5 to make sure 2611 Forstall St. wasn't on a list of derelict properties here facing demolition because of storm damage. Two city employees assured her that the house was safe, she says.

Two days later, her nephew called. He had gone by to mow the lawn. But the house where Ms. Joshua and her late husband had raised three children was gone. It had been knocked down by the city. Since then, she has been trying to get an explanation, but with no luck.

"I'm a 79–year–old senior citizen, crippled and can't travel, and I can't pay anybody," she says. "I will be dead and gone by the time I get any recourse from the city. It's a travesty."

Special Sessions on Demolitions August 15th, 2007

City Council will hold a special session on demolitions at noon in City Council chambers at noon on August 15th, 2007.

Ms. Peggy C. Lewis
Clerk of Council
1300 Perdido Street – Room 1E09
New Orleans, LA 70112

Dear Ms. Lewis:

Pursuant to Section 3–107 (5) of the Home Rule Charter of the City of New Orleans, I hereby call a Special City Council meeting on Wednesday, August 15, 2007, beginning at 12:00 Noon, in the Council Chamber, City Hall.

The meeting is being held for the following purposes: 1) addressing public concerns with the housing (and/or other structures) demolition process; 2) possible action relative to Ordinance Number 22,499, M.C.S. codified at City Code Section 26–263; 3) Executive Session to discuss the following litigation: Mandy Kirk, et al vs. City of New Orleans, USDC #2006–0024 (E.D.,LA) and CDC #2005–13471; 4) consideration of Motion M–07–325, amendments thereto and Governmental Affairs Committee appointment recommendations (see attached); and 5) consideration of a Resolution calling a special election to fill a vacancy in the office of Councilmember–at–Large; and 6) any other matters that may properly come before the Council.

Please make the necessary arrangements to have this special meeting cable cast live on the Government Access television channel and taped for recasting in the future.

Sincerely,
Arnie Fielkow
Council President

Turning the Lights Back on in Gentilly: How You Can Use a Spreadsheet and Blue Tape to Guide Streetlight Repairs

John Whitney

I noticed that all of our Public Personnel are exhausted, from our leadership to the city workers. I felt that by taking action and doing something small would help my neighborhood safety.

Our neighborhood had over 50+ burnt–out streetlights. I dedicated one hour a week in the evening to inspect the streetlights, recording the red painted–on ID number and/or the white plastic ID tag that faces the street. I would then record the address of the house the pole was in front of and/or the closes intersection and/or if located on the neutral ground. I would then wrap the concrete light pole with blue electrical tape at eye level. Our local Entergy person requested this and even provided the blue tape. I then recorded the locations on an Excel spreadsheet that I made up.

To close the communication loop, I visited and met at the city hall office, the person–in– charge of streetlights for the Department of Public Works (DPW). I feel it is important to have some "face time" with this office. I felt that due to the importance, safety and the number of elderly residents who have returned would be a good step.

I then e–mailed a copy of the Excel spreadsheet to our Council Member, President of the Neighborhood Crime Commission, and the Director of

I felt that following the Chain of Command was the best way to accomplish this.

The key to all of this is follow–up. If we do not follow–up with our requests and maintain a relationship with these important officials, then we will not succeed.

Say It Ain't So OT

Alan Gutierrez

City Council Vice–President Oliver Thomas plead guilty to a felony and is no longer able to hold public office. He resigned today.

The guilty plea of Oliver Thomas was a blindside for many. Myself included. The bill of information tells the tale of bribery. Not as outlandish as the tales of Edwards of Jefferson, but those low points

in Louisiana politics come to mind as Oliver Thomas asks for his kickback.

The bill of information and factual basis for Oliver Thomas is available at the New Orleans Wiki under Oliver Thomas.

http://thinknola.com/wiki/Oliver_Thomas

I've yet to find someone who relishes this. There is not the same vindictiveness that is held for Vitter or Jefferson. Oliver Thomas did not make enemies.

We learned today that he asked for $1,000 at a time. It racked up. We learned today that his being treated for depression. In his press conference at noon today, he alluded to his depression when he thanked U.S. Attorney's Office for their council and care.

People are eager to chastise him for his misconduct, because we understand that we are suffering under the government we deserve. As a city, we are less tolerant of corruption than we've been in the past.

Many people are heartbroken. They worry about the loss of Oliver Thomas. He was a bridge builder. Our City Council is our one example of functioning government. It is a disappointment to lose a member of our City Council in this way. It raises suspicions and lowers trust.

The Fate Road Home Goes Behind Closed Doors

http://thinknola.com/post/the-fate-road-home-goes-behind-closed-doors/

On May 24, 2007, Donald Powell, the Federal Coordinator for Katrina recovery accepted responsibility for the flooding of New Orleans, presumably on behalf of the United States of America, in testimony before a United States Senate subcommittee chaired by Senator Mary Landrieu. (Don't get too excited.)

Saturday, the Governor agreed to put up some of the budget surplus toward the Road Home Program, which if nothing else, answers Senator Coburn and Congressmen William Jefferson and David Vitter's cries for state commitment to funding the shortfall.

What deal will be made for the future of the people of Louisiana when the governor, the LRA and Chairman Powell talk this week?

We know Chairman Powell will be protecting the interests of the United States.

We know the LRA and Governor will be looking out for the State of Louisiana.

Who will be looking out for the people in the program?

It has been your support has helped us bring the needs of the applicants forward, so that the State and Federal government do not get lost in their politics and regulations.

Remind them that you are in the room. Send a letter to the Federal Government. Send a letter to the State Government. Your input is making a difference.

* Example letters are available at the CHAT Website.

Smells Like Civic Spirit

What a strange little event, the snap State of the City address was. An effort at boosterism, by a wildly unpopular mayor. Complete with other-worldly rumors of a gubernatorial bid and a strange bus tour of the city for the citizens. As if we didn't get out much.

http://www.cnn.com/POLITICS/blogs/politicalticker/2007/05/source-nagin-considering-gubernatorial.html

The day after the Times-Picayune a point by point rendition of long and boring speech.

"It's not our fault that the levees breached that the federal government built," he said, launching into an unscripted oratory that roused the only standing ovation of the night. "It's not our fault that we were stranded and left. It's not our fault that the Road Home program has issued only 12 percent of the grants after almost two years. It's not our fault that our water system is leaking today. It's not our fault."

I was there. I didn't stand. I did not applaud.

It was a small room filled with the politically obligated. Applause was delivered, on occasion. However, the scripted jokes from the teleprompter fell flat. This reflects the 19% approval rating for the mayor.

Nagin also revealed that beginning next month and continuing through the end of the year, the Louisiana Air National Guard Counter Drug Unit will dispatch helicopters to patrol the city overnight. The announcement drew one of night's most enthusiastic rounds of applause.

Nevertheless, Nagin acknowledged that the murder problem is not under complete control. He referred to spikes in the body count as "blips" and noted that "we had one this weekend."

Most enthusiastic of the night is not saying much. We're desperate for security. The announcement that The Ghetto Birds are Coming! is an indication of crime raging out of control. Air superiority should not be an issue of city government.

http://thechicory.com/blog/?p=152

Notice that Nagin, in a scripted speech, called the death of 6 people in 5 days a blip. A scripted speech mind you.

I assure you, we have not lost our minds. It is hard from the Times-Picayune article to perceive how small and strained the ceremony. Fortunately, we now have a means to deliver our own rebuttal.

It Ain't Me Babe

Nagin's speech was dull. His scripted joke about New York fell flat. (What too soon? Yes, Ray. Too soon.) The speech ends with the Pledge of Allegiance, which didn't evoke much emotion. I said it every day for 8 years of childhood. Lovely words lost to rote recitation.

It was weak. He continued. He went off script.

* State of the Nagin Address– Nagin says "It's not our fault." Da Po' Boy hears Nagin say, "It's not my fault".
http://dapoblog.blogspot.com/2007/05/state–of–nagin–address

* "It's Not Our Fault" – "It is YOUR fault this city languishes economically while you travel the nation and singlehandedly kill the empathy we have garnered so far. New Orleans is being rebuilt not because of you, but inspite of you."
http://vatul.net/blog/index.php/1340/

* Funny Stuff in the Speech – Bayou St. John David points out one of the most egregious attempts to take credit for crime initiatives that Nagin pointedly shunned.

* I Know This Guy From Somewhere – The speech filtered through the mind of a New Orleanian who's has the experience to respond to every point. Truely engrossing play by play by Michael Homan.

* Blakely Bus Tour – Prior to the address, some residents were given a bus tour of the recovery zones, which where turned back by flooding. By Laureen Lentz.

For The Record

You can go to Bayou Buzz for Frankly Nagin and the full text of the speech.

Why now?

Governor? No. The email in advance lead me to believe it was the Baa3 bond rating. Get a feel for it by looking at the company we now keep. Still a ways away from becoming A1 darlings.

Issue bonds to kill potholes. With no sense of the true despair in the city, one might think that this was a plan.

The following is a response to the CAT Volunteer Camp Questionnaire and is dated 12/29/08:

Does your site have a volunteer 'booked through' date? not at the moment, but it depends on the amount of large groups we get at a given time, we might become booked

What is your capacity for volunteers at any one time? 70

Do you charge a fee and what does that include? To help us cover our utilities and material costs for assisting the residents here whom we serve, we do ask $20/person/day for our short–term volunteers (those working with us for one week or less) up until March. Starting March, for short–term volunteers, we are asking $25/person/day. For our long–term volunteers (those working with us for more than a week), we ask only a one–time fee of $70.

Do you provide meals (if not, are there kitchen privileges available to volunteers)? We provide the food and the kitchen, and volunteers organize the cooking

What type of housing accommodations can volunteers expect (ie. hot showers, bunks, bathrooms, etc.)? We have both indoor and outdoor hot water showers, bunk rooms, heat, air conditioning, and bathrooms, as well as kitchen/refrigerator space.

Do you accept groups only or are individuals welcome also? We welcome both.

Do you accept all denominations/unaffiliated groups? Yes

What is the minimum volunteer age? 18

Do you provide work orders/projects to volunteers? Yes

Will volunteers be transported to work sites? Yes

Do you provide volunteer transport from an airport? Yes

What types of projects will volunteers be working on? The specific housing needs addressed by our project include roofing, gutter repair and replacement, siding, gutting, sheet rock and drywall installation, mudding, priming, painting, flooring, fencing, yard work and cleanup, landscaping, etc. At times, when we have the talent available, we also do other community projects such as artwork and murals, and we could also use a grant writer and a web designer if a volunteer has either of those talents.

What are your most urgent volunteer skills needed? Skilled construction (in any field: roofing, drywall, etc) to lead and instruct groups of unskilled volunteers.

Do you train unskilled volunteers? Yes, including proper safety training.

What is your website address? http://www.unitedsaints.org/

If you have a website, does site have online volunteer registration/volunteer packets/details? Yes, available here (with an online application): http://www.unitedsaints.org/?page_id=20

Who is your Volunteer Coordinator and their contact information? Leann Payne. E–mail: leann@unitedsaints.org, or call at 504–895–2922 ext. 108.

What other volunteer camps/housing are available nearby to your physical location? None in our immediate range of service, but Hands On and Common Ground are around.

Who are you partnered with (any agency/organization, etc.) None

The United Saints' 1st Street Recovery Project has volunteer opportunities rebuilding New Orleans' Central City.

If you would like to volunteer or would like more info, please contact us at 504–895–2922 ext. 108 or email us at UnitedSaints@hotmail.com.

FROM VOAD:

The United Ways in the Gulf Coast are actively monitoring and assessing the needs of the region through community agencies. As a whole, the United Way has been registering volunteers with 211. Individual United Ways have responded in the following ways.

The United Way of South Mississippi sent out a survey to gather information regarding the effects of the oil spill on local non–profit organizations. The United Way of Greater New Orleans established a fund, which they may broaden to serve as a regional fund.

FROM THE SITE:

Need Assistance?

2–1–1 is available to disseminate information regarding the relief efforts surrounding the recent Gulf Coast Oil Spill. Call 2–1–1 from any cellular or land line 24–hours a day, 7 days a week for more information about:

* Volunteer Opportunities
* Job Training and Employment Opportunities
* Reporting Damaged Property or Injured Wildlife

"Neighbors Helping Neighbors"

Meanwhile, on Friday, May 7, United Way joined forces with Winn–Dixie Stores, Inc. and Second Harvest Food Bank of Greater New Orleans and Acadiana. Winn–Dixie launched its "Neighbors Helping Neighbors" program, where shoppers at any of its 36 New Orleans area stores can contribute to United Way's fund to help those impacted by the Gulf Coast Oil Spill. Winn–Dixie donated over 28,000 gallons of bottled water and 42,000 pounds of food items –– enough to fill three semi–trailers.

United Way and Catholic Charities Archdiocese of New Orleans Partner for Help

United Way is also working in partnership with Catholic Charities Archdiocese of New Orleans [CCANO] to assist Plaquemines and St. Bernard Parish residents who are already feeling the effects of the Gulf Coast Oil Spill. If you need assistance, please call 2–1–1 for more information or to find a location for help near you. You can also reach the Catholic Charities CARE LINE at (866) 891–2210 to learn about available assistance, as locations for on–site help are subject to change.

CCANO is currently providing services at the following locations:

* St. Bernard Parish
o St. Bernard Catholic Church
2805 Bayou Road
* Plaquemines Parish
o St. Patrick Catholic Church
28698 Highway 23 in Port Sulphur
o St. Thomas Catholic Church
17605 Highway 15 in Pointe A la Hache
* Orleans Parish
o Mary Queen of Vietnam Community Development Corporation
4626 Alcee Fortier Blvd.
o There is also a liaison at the BP Claims Center in New Orleans East
* Jefferson Parish
o St. Anthony Catholic Church
2653 Jean Lafitte Boulevard

United Way Impact Partners At Work

St. Bernard Project, a United Way partner agency, is responding to the spill by expanding their mental health clinic to Lower St. Bernard and Plaquemines and creating jobs for fisherman through their Good Work Good Pay (GWGP) program. The Center for Wellness and Mental Health will have increased hours of operation and will attempt to hire local shrimpers and/or their spouses as community outreach workers and peer counselors. The GWGP program will hire, train and pay livable, union–level wages with full benefits to local fishermen affected by the oil spill (as well as other local under– and unemployed individuals and war veterans.)

Since 2006, the Community Center of St Bernard (CCSTB), a United Way partner agency, has been open to help all St. Bernard families get assistance they need, whether it's food, clothes, medical care, legal aid, counseling, or other services. CCSTB is also helping those affected by the Oil Spill. With the commercial and recreational fishing ban currently in effect, many St. Bernard commercial fishermen have signed up for CCSTB’s food pantry so that they will be able to feed their families until they can find other work.

Since May 1, more than 6200 individuals who have been affected by the oil spill in the Gulf of Mexico have received emergency assistance through Catholic Charities Archdiocese of New Orleans, a United Way partner agency. By the numbers, through June 1, 2010:

* 6227 people (1883 families) have received emergency assistance from Catholic Charities;
* $102,900 in gift cards and/or food vouchers have been distributed to affected families;
* 845 emergency food boxes from Second Harvest Food Bank have been distributed;

* 503 people have received individual counseling and 28 have taken part in group counseling with Catholic Charities crisis counselors.

Volunteering

United Way is working to ensure those affected by the Gulf Coast oil spill have access to information and resources. That's why United Way is now providing communications and community coordination expertise to British Petroleum during the Deepwater Horizon cleanup. BP says it will pay for all necessary clean–up costs.

BP is contracting with the Louisiana Association of United Ways (LAUW) and Louisiana 2–1–1; the recognized 'go to' information and referral system. The easy to remember three–digit telephone number connects people to health and human services as well as volunteer opportunities.

There have been a significant number of calls and emails to BP, government agencies, elected officials and nonprofits from people all over the country wanting to help or get involved in the cleanup. Training is required to volunteer. Unannounced, untrained volunteers can create an additional burden on those coordinating response efforts. LA 2–1–1 will serve as an important part of the Louisiana Volunteer Pipeline registering those who want to help with the oil spill efforts at www.volunteerlouisiana.gov to assist the LA Serve commission of the Lieutenants Governor's office with volunteer coordination.

United Way for the Greater New Orleans Area has also created and is distributing 2–1–1 pocket cards. One side is in English and the reverse side is in Vietnamese or Spanish. This is part of an ongoing effort to reach those who may not be aware of the 24/7 helpline.

How You Can Help

BP's spill response "includes efforts to protect the Gulf coast, to contain the spill offshore at the surface and to stem the flow of oil into the water from the sub–sea well," but there exists an immediate need for assistance in the lower Louisiana parishes. At the request of Plaquemines Parish President Billy Nungesser and St. Bernard Parish President Craig Taffaro, United Way has set up a fund to meet the health and human service needs of Louisiana residents impacted by the oil spill.

FROM CRAIGSLIST DATED 9/2/08:

While we all appreciate your concern for the Greater New Orleans Area, we need to ask for your patience as we take time to assess the damage within the region prior to engaging spontaneous, unaffiliated volunteers.

We are currently asking that all interested volunteers register with www.volunteerlouisiana.gov or www.volunteerneworleans.com so that we can contact you once we confirm all volunteer needs and opportunities from our non–profit partner organizations throughout the region.

For a list of agencies that we work with please refer to www.gnodrp.org. Click on "About GNODRP" then "Member Agencies". There are currently more than 80 organizations that have joined this partnership to collaboratively address the recovery in this region.

Once again, we appreciate your commitment to our recovery and we appreciate your patience as we thoroughly assess the post–Gustav landscape.

If you have any questions regarding this matter please contact me via e–mail at volunteer@voagno.org, as cell phone service is limited.

Sincerely,

Woody Hosler –

Breathe Life Back Into New Orleans!

Since Hurricane Katrina struck in 2005, numerous relief agencies bolstered by scores of volunteers have worked to rebuild New Orleans. However, the hurricane left more than homes in disrepair. Increases in violence, suicide, depression, etc. over the past eighteen months are all direct results of the storm. The International Association for Human Values (IAHV) is focusing on mitigating these effects and creating a Stress Free, Violence Free New Orleans. To accomplish these goals, IAHV is working alongside Mayor Nagin's office, as well as on independent projects to bring peace and peace of mind to New Orleans.

In the summer of 2007, IAHV will be hosting one of the largest Youth Leadership Training Programs (YLTP) ever.

Join hundreds of youth from around the world uniting in an effort to uplift New Orleans through community service and educational outreach that empowers individuals and communities with tools to heal the mind, body and emotions.

Discover your Potential

YLTP expands your ability to live a happy, fulfilling and useful life. It breaks the boundaries of what you thought you were capable of, increasing your personal power, energy and focus, as well as leadership, teamwork and communication skills.

It challenges you to learn and embody the Art of Living, discover your potential and be the change you wish to see. Tapping your inner wisdom, you become a model of inner strength, joy and caring for the world. All this is nurtured by a deep connection with a loving and accepting team who dedicate themselves to the challenging and ultimately fulfilling work of personal growth and service.

You Can Make a Real Difference

YLTP starts with an intensive 10 day training period in which young people are trained to teach a free trauma and stress relief course called Breath Water Sound, and continues with 2–6 weeks of fieldwork (and optional ongoing internships) in an area where peace of mind is so badly needed, Post–Katrina New Orleans.

If you are ready to see what you are really capable of, if you have a sincere desire to make a difference in the world, fill out an application today.

Personal Statements by YLTP Participants After YLTP Katrina Relief Summer 2006:

"From YLTP I've gained renewed trust in humanity and great desire to be of service to and for others."

"I do feel like more of a leader, more comfortable taking charge. Now I feel more comfortable trusting my gut."

Experiences of Katrina Survivors who participated in IAHV Trauma Relief programs this past summer :

"The course gave me much more than I expected. I was able to feel free and relaxed. I was able to find some peace where I had none. I had a feeling of peace, greater awareness, and relaxation: something I didn't think I would feel again."

"I learned how my breath can take me to a peaceful place and I can leave the stressful thoughts behind. It helped me to rest better at night and I have a calmness in my soul."

2021 Hurricane Ida response:

Hi everyone –– our team is safe from Hurricane Ida (including Abita)! But we know there's a long road ahead.

As we have more information about storm impacts, we will announce specifics about how we will support food distribution, debris removal, and roof tarping efforts in the Lower Ninth Ward and throughout Southeast Louisiana. We look forward to supporting our community and neighbors as much as we can.

For now:
– If you are a SELA resident, submit requests for cleanup help at crisiscleanup.org, and let us know what needs you see on the ground (generators, gas, water, solar chargers, hot meals, MREs, tarps??). If you are in need of financial support for evacuation or relief, request funds via this mutual aid form bit.ly/3zt3bG8 set up by our amazing team member Alaina and their partner Quinn
– If you want to help SELA, please consider offering your time or funds. Complete our volunteer interest form here https://forms.gle/vGZfZJ8ub9LfR57LA or sign up to volunteer with city–led relief efforts here https://ready.nola.gov/volunteer/. You can donate to the above mutual aid fund by sending funds to $maneatingpearl via Cash App. Donate to Common Ground Relief using the link on our page; funds will go towards immediate food and shelter relief, food security, and environmental restoration in SELA.

Common Ground Relief is run by a staff of long–term volunteer coordinators, based in the Lower 9th Ward of New Orleans. Each coordinator focuses on a specific project area and facilitates the work of the thousands of short–term volunteers from all walks of life who have come to work with us since 2005.

We are looking for skilled individuals, both short and long term, to come and volunteer with us in the Lower 9th Ward. We are particularly looking for those with expertise in one of our project areas. If you have experience in construction, dry wall hanging, carpentry, painting, roofing, plumbing, electric work, legal aid, environmental science, media/PR, computer technology, education or any other field that you think may be helpful to our work, please let us know!

While news reports continue to paint a picture of a community devastated beyond repair little has been said about large section of the Ninth Ward, the Historic Holy Cross neighborhood where people are ready and eager to rebuild. Placed on higher ground, this community was spared the death blow of the levee failures and is now poised to be the cornerstone of restoration for the beleaguered Ninth Ward residents. Projects are underway.

You can make a cash donation by sending a check or money order to:

House by House

Credit card services will be available soon.

House by House is a 501c3 charitable organization (#31374). Tax deductible donations may be made to the current project or projects of your choice.

Volunteers
Residents in the Ninth Ward are still in need of those who could volunteer their time and efforts in clean–up and re–building preparation. We are in the process of coordinating lodging for groups willing to be involved in this effort.

If you have a group that is interested and would like more details please contact Linda Gregory at our Scottsdale office.

Hurricane Ida watch from the Lower Ninth Ward in New Orleans Greetings!

As you no doubt know, a category 4 (potential category 5) hurricane is headed toward Louisiana and will be making landfall just to the East of New Orleans later today.

Please keep us in your thoughts, and reach out with any questions you might have. Some of our team is sheltering in place, some of us have evacuated – we are all more than aware of the catastrophic damage a hurricane can do, and are taking every precaution.

We will keep in touch with you, and will be updating our social media (links below) to let you, our lowernine.org family, know what is happening, what we are doing, and what you might be able to do to help.

If you are in Louisiana, and need help, contact us at info@lowernine.org, by phone at 504.344.4884, or on any of our social media. Stay safe! Thank you for all you do for the Lower Ninth Ward, for food security, and for housing here. We expect the next several weeks to be busy ones, and we will keep you updated.

Laura and the lowernine.org team p.s. if you are interested in volunteering with us, email volunteer @ lowernine.org We are hiring an Americorps Crew Leader and and Americorps Outreach Coordinator for the September 2021 – July 2022 service year! If you, or someone you know, are interested, then please visit https://lowernine.org/get–involved/opportunities/ to learn more and apply. Can't volunteer or join our team? Happy Holidays from lowernine.org

December/2009

Thank you for your support this year!

Season's greetings!

At this joyous time of year we want to thank all of you who have made the work that we are doing on behalf of the residents of the Lower Ninth Ward possible. Here are just a few of the things we have been able to accomplish in the past year, thanks to your support:

This year we returned 14 families to their homes, for a total of 28 in the last two years. Our 29th and 30th families will be returning home within weeks!

– We completed plumbing and electrical work on over 40 homes.
– We completed small repairs on an additional 20 homes.
– In Spring of this year, we initiated our urban farming program, which we plan to expand throughout the neighborhood.
– We hosted and trained nearly a thousand volunteers, from all over the country and the world.
– We ran a summer day camp, with All Souls Episcopal Church, for the children of our community.
– We upgraded our website and launched our quarterly e–newsletter to keep folks better informed about what we're doing (if you'd like to receive quarterly updates on our progress, please make sure you send us your email address by emailing us at: info@lowernine.org
– We completed major upgrades to our volunteer housing facility/office space, to make it more energy efficient and more comfortable for our volunteers.
– We have partnered with the United Way of Greater New Orleans in a pilot program of the Louisiana Home Finance Agency, the first of its kind in New Orleans designed to leverage government funding through non–profit rebuilding efforts.

And, last but not least, the efforts of our volunteers and staff represented over 1 million dollars in labor costs, which our low–income clients would not have been able to bear without the help of lowernine.org.

All the work that we have been able to accomplish is due to the contributions of folks just like you, and, while we understand that the economic outlook in the country right now seems a bit bleak, we are asking you to consider just how far we are making every dollar we receive stretch in order to do this important work. In that spirit, we hope that you will make a donation this holiday season to help us continue to rebuild and restore hope in the Lower Ninth Ward.

Thank you, and happy holidays from our residents, volunteers, staff and board of directors of lowernine.org!

A spring update
from executive director
Rick Prose

Let me begin by saying thank–you to all our generous donors and our hard–working volunteers. We would never be able to carry on rebuilding homes in the Lower Ninth Ward without them.
To date, lowernine.org has worked on over 60 properties. 15 families have returned to homes completely rebuilt by lowernine.org and another 10 families have returned home with assistance from us – a total of 75 residents of the Lower Ninth Ward.
We still need your help. We at lowernine.org know these are tough economic times, and we don't need to tell you, our stakeholders and friends that in times of need, the services nonprofit organizations provide their communities are that much more important.

This spring, please consider a donation to lowernine.org. Click here [http://www.lowernine.org/donate.html] for more information on how to help.

Consider taking a page out of Lauren Goldberg's book. Lauren volunteered with lowernine.org and is getting married this summer. Instead of bridal shower gifts, her guests have been encouraged to make donations to lowernine.org on her behalf – thanks, Lauren, and thanks to your friends and family! Congratulations on your upcoming marriage – lowernine.org wishes you all the very best!

Birthdays, baby showers, and other occasions also offer the opportunity to give back. Please contact us if you want to arrange something similar.
Again, thanks for all your support. Please share our mission and our information with family and friends, and please stay in touch.

In service,
Rick Prose

Danny Bourque / The Times–Picayune

Dear lowernine.org friends;
Please take a moment to revisit the Lower Ninth Ward and catch up with us and our work here by reading this newsletter. You have helped make this possible!
We want to thank each of you for the time and energy you have committed to both lowernine.org and the residents of the Lower Ninth Ward of New Orleans. Our work here is far from finished, but it is thrilling and encouraging to see all that is getting accomplished through the dedication and hard work of our generous volunteers and donors.

Since we began our rebuilding work in November 2007, we have moved nine families into their homes, beautified hundreds of yards and public spaces, assisted in the renovation of a new community center, and established a community garden. We are now able to fund the installation of electric and plumbing in 50 Lower Ninth Ward homes through a generous donation from the Midler Family Foundation, and we have just welcomed our 700th volunteer, bringing the number of L9 volunteer hours worked on local rebuild projects to just over 26,000.

One Volunteer's Story
Community Garden/Urban Farming

One Year On

October marked the one year anniversary of lowernine.org's official arrival in the Lower Ninth Ward. Last October, lowernine.org was donated and began rebuilding the home on El Dorado Street that acts as our headquarters/volunteer housing facility.

This fall, however, marks the second anniversary of founder and executive director Rick Prose's first trip to New Orleans post–Katrina – a trip that sparked the idea that unskilled volunteers could play an important role in the rebuilding of homes in the Lower Nine.

Starting with nothing but a will to help one family recover what was taken from them on August 29th, 2005, the organization was granted 501(c)3 tax–exempt status, has raised enough money to remain in operation for the past year, hosted over 700 volunteers from all parts of the country, and returned nine families to their homes to date.

In addition to rebuilding, our volunteers have performed a variety of jobs, including vacant lot maintenance, neighborhood cleanup, community gardening, surveying, organizing a neighborhood farmers' market, and offering volunteer assitance to other nonprofits in the community.

"This neighborhood has welcomed us with open arms," says lowernine.org's Director of Development Laura Paul. "Our ability to bring people together from all over the country and put them to work rebuilding this community is so meaningful. We are all lucky to be a part of the process, and we all feel that, whether we stay for a day or commit for the long haul. The residents feel that, and they respect and welcome it."

Executive Director Rick Prose adds, "This all started very much on a wing and a prayer. A year ago all we had was a commitment of financial support sufficient to keep the organization afloat for a few months. We had our house donated along with some basic tools and equipment, but we had no paid staff and no idea if we would be able to generate enough interest among volunteers to make this thing work."

"Well, it has worked. It is working. And we're getting folks back in their homes. Kind of amazing, eh?"

Families Return Home

This summer saw the return of the Bradley family – the first of the families whose homes have been fully or partially rebuilt through the efforts of lowernine.org's staff and volunteers. What an exciting time!

In July, Roy Bradley, his wife Danielle, and their two daughters Nasjae and Daisjah moved back into their home on El Dorado Street after living in a FEMA trailer for almost two years. "I would like to say that [lowernine.org] has really made my life back whole again with all the help they have given me and my family here in the Lower Ninth Ward. Without the help...I just don't know where we would be right now." Bradley said.

The family are not only enjoying being back home after more than three years, they are giving back by allowing lowernine.org access to storage on their property for tools and equipment. All part of the spirit of cooperation and supprt that makes up a true neighborhood.

In addition to the Bradleys, lowernine.org has assisted eight other families in returning to their homes in the Lower Ninth Ward. It is our great honor to have

helped them in their recovery, and we look forward to the opportunites that 2009 will afford us in our continued efforts in rebuilding not only homes, but the community in which they stand.

Community Garden/Urban Farming

Based upon the work that lowernine.org began early this year to support the Laurentine Ernst Community Garden (the only community garden still surviving in the neighborhood) we have begun a large–scale community gardening/urban farming initiative, which we hope to buildinto a self–sustaining Community Supported Agriculture (CSA) operation by the summer of 2009.

Long–term volunteers Brennan Dougherty and husband Gustavo Chacon–Rojas arrived
in the spring of 2008 with the idea that they would volunteer for a time, then buy land and start a farm. After discussions with lowernine.org's executive director, a lifelong proponent of alternative agricultural models, they decided that the time was right to conduct an intensive experiment right here in the Lower Ninth Ward.

By obtaining leases from owners of lots in the neighborhood upon which houses no longer stand, lowernine.org are establishing a network of community garden spaces and have identified one parcel large enough to make growing organic vegetables feasible on a larger scale.

In addition to providing residents with readily available healthy food choices (in a neighborhood which still does not have a grocery store) the gardens will educate about organic backyard agriculture and nutrition, and provide a series of green spaces within the urban environment. lowernine.org has joined with other community groups to form the Lower Ninth Ward Urban Farming Coalition and we are testing soils, building raised beds, hauling topsoil, making compost, planning upcoming classes for children and adults and looking forward to the harvest!

Devoted and kind long term volunteers wanted to help at the Ninth Ward Women's Center in New Orleans. It's a family-style shelter that houses 18-20 women and children of all ages and backgrounds. The goal is to provide our residents with resources to find permanent jobs and housing with the eventual goal of independent living for each woman.

The volunteer positions vary from case management to house manager and assistant manager. You do not need to have lots of experience (or any experience!) working in a shelter, but you do need to have patience and enthusiasm for sometimes stressful tasks.

This job is incredibly rewarding, and while we can not offer any pay, we can offer room and board and a lovely time in the city of New Orleans!

Please email with further inquiries and interest...tell a friend and see the Crescent City from a new point of view!

PROJECT DESCRIPTION: The Upper 9th Women's Center challenges systems that put female hurricane survivors and their children in harm's way. We are a resource center, emergency housing facility, and provide assistance with obtaining social services, such as help finding housing, FEMA, WIC, food stamps, and other available benefits.

Application Process (for all types of volunteers): Send us an email about who you are, how long you plan to volunteer, and why you are interested in working with the Common Ground Women's Center. You may email Caroline Heldman at heldman(at)oxy.edu, with questions.

2 weeks minimum required for all volunteers.

Volunteers are currently steering projects such as Free Breakfast, home schooling, after-school activities, daycare, tutoring, gardening, and bike building through RUBARB's Earn-A-Bike Project for youths at the center. As a center, we continue to work on building infrastructure, communication skills and solidarity with the women and children of New Orleans and the Common Ground community.

Volunteers assist women in finding jobs, housing, social benefits, house and yard work. They are able to get involved in home schooling and after school activities with the children at the center, and support media work by writing press releases, letters, editing videos, and setting up events.

Understand that if you come here you are assisting a pre-existing community and culture, not trying to change it.

VOLUNTEERS NEEDED:

* Ideal candidates for interns and volunteers are people who are experienced with Early Childhood Education, Day Care workers, women with specialties such as Women's health, Self-defense training, Trade skills, Counseling, or Case Management are encouraged to apply.
* Tradeswomen - general maintainance on the house, and offering help involving carpentry, electricity, plumbing, roof tarping, etc.

* Self–defense Instructors ? offer classes to women in the neighborhood.
* In general, about 5 people are needed per week to staff the center.

Services offered: Advocacy, * (ANY/ALL Types); Advocacy, Food Stamp Outreach; Advocacy, Health & Human Rights; Assistance * (ANY Type of: Referrals or "How to" Assistance); Assistance, How to, Navigate Disaster Relief Resources; Assistance, Referrals, Employment & Job Resources; Assistance, Referrals * General Information & Referral; Assistance, Referrals, Housing, Housing Resource Referrals; Case Management, Hurricane Survivors; Case Management, * (Providers of ANY Type of Case Management); Housing * (ANY/ALL Types); Housing, Transitional Housing; Services *0* (Choose this if You Provide or Need ANY Type of Social Services); Services, Employment, Internship Program; Shelter * (ANY/ALL Types); Shelter, Emergency Shelter; Shelter, Womens, Battered Womens Shelter; Support for "All" Disasters; Volunteer, Long–Term Volunteer Opportunities; Youth, After–School, Afterschool Program

The LA/SPCA is the designated support agency overseeing pet evacuation and rescue functions for the city of New Orleans and the Office of Homeland Security. The LA/SPCA joined with city, parish, state and federal agencies to develop operational procedures to care for companion animals before, during, and after a hurricane or other disaster. Households must pre–register with the City of New Orleans if they will need assistance. However, evacuees with pets utilizing city assistance are not guaranteed space on transport or at shelters.

Pet owners may call for information or to request assistance by calling 311, or 1–877–286–6431. There is no limit to the number of pets. The service is free to Orleans Parish residents, but they must meet certain criteria. It is only available to people who do not own a mode of transportation or the mode of transportation is too small to accommodate the entire family.

Preparing Your Pets

* If you are a pet owner, your family's disaster plan must include your pets. Bring pets indoors at the first sign of danger. If you must evacuate, the best thing you can to protect your pet is to evacuate them too.
* Identify boarding facilities, veterinarians, or hotels outside of the affected areas that can accept your pets. If you have notice of an impending disaster, call ahead for reservations.
* Pet–friendly shelters may be opened during an evacuation. This information will be available at shelter information points.
* Create a disaster readiness kit for your pet including food, water, first aid supplies, feeding dishes, leashes, carrier, blanket, etc.
* Make sure all family members are aware of these preparations.

URGENT NEED:
I just received word from our Main Office & Dorm Location. Our dorms suffered little damage. However, the ceiling caved in on my office. Our insurance doesn't include this loss. I have some folks cleaning up right now! My computers, printers, phones, and copier may be a total loss…as well as our wood furniture, file cabinets, and refrigerators. We're going to need immediate help with this in order to get our office set up right away. Obviously desktop computers and printers would be an immediate need! I'm sure that we can get them locally.

SUPPLIES AVAILABLE LOCALLY:
One local Home Depot received 2 Tractor–Trailer loads of generators this morning. Many of these Supplies Will Be Immediately Available Locally! We would need Funding to access these items right away. Food stores, hardware stores, appliance stores…they are all beginning to open…many without any power…but, they are open and they are receiving the necessary goods needed.

VOLUNTEERS URGENTLY NEEDED:

Operation Nehemiah can house up to 165 Volunteers in their dorms located in New Orleans, LA. Three meals will be provided (M–Fri.), as well as bathrooms and showers separated for men and women. Please coordinate directly with them to agree to an appropriate donation for your stay to cover the costs of volunteer housing. It is suggested you bring as many tools and supplies as possible to assist with mud out muck out projects for flooding, as well as ice chests to have on work sites. Parking on the street near the dorm runs $8–$12 per day and is the volunteers responsibility. The location is in a safe and secure neighborhood. This type volunteer work requires you be in good physical condition.

Also needed are helpers for the warehouse, distribution of relief supplies donation collection and office duties. Some volunteer positions do not require physical labor so if there are those on your team that want to do lighter duty tasks, bring them along.
