Feeding America, through Ozarks Food Harvest and six network members serving Missouri, is responding to the emergency food assistance needs of people impacted by tornadoes that devastated Joplin, MO on May 22

The majority of residents have no power, and most areas, including the local hospital, has no running water. Many people are moving in with family and friends, but food is starting to spoil. We anticipate a dramatic increase in need for food for the weeks and months ahead as people try to pick up the pieces of their lives. Our food bank network has assembled supplies estimated at $650,000 in just the past two days. As shelters disband, many people will be looking for food assistance for the very first time.

Feeding America has been working to support relief efforts in the regions impacted by record flooding and tornado outbreaks since April. As the men, women, and children effected by these storms attempt to put their lives back together our network will continue to be in emergency mode to address the additional demand for food and grocery items for many months to come.

Neighbors In Need 2008
a campaign of the McCormick Foundation

The McCormick Foundation, in partnership with several organizations across the midwest, has launched the Neighbors In Need Campaign 2008. The money raised will help victims of the recent flooding in Iowa, Illinois, Indiana, Wisconsin and Missouri.

The Foundation will match the first $1 million raised through the campaign at 50 cents on the dollar. The Foundation and its campaign partners will cover 100 percent of administrative costs, so that all funds raised, plus the match, will go to nonprofit agencies that are providing relief services in the five impacted states.

Together we can help families, neighbors and friends. Please give what you can today.
