UPDATE – AUGUST 27, 2007

John McGuire of Servants Unite, who we have worked with many times, is helping Crawford County (Ohio) Emergency Management to coordinate volunteers in Bucyrus, OH. He reports that they will probably be ready for volunteer help to come in from out of town within a week. It appears that the work will be similar to what we have done in Louisiana and Alabama. For more information, go to http://crawfordflood.org. You can also check John's blog at http://servantsunite.blogspot.com. Stand by if you are interested in helping out in this area. We will post more information as soon as arrangements for volunteers are finalized.

Bayou La Batre Recovery Project, in Alabama, is dedicated to helping the residents of this small fishing town recover. They are in need of volunteers to help with a range of jobs from debris removal to roofing, painting, sheet rock and flooring. Tools are desperately needed, so bring your own or feel free to donate some. Contact Daphne German at 251–609–0448 or email her at daphnegerman@hotmail.com for more information or to volunteer.

VOLUNTEER CONTACT: 310–294–1609
FOR QUESTIONS ABOUT SCHEDULING:
Corky@hilltoprescue.org

Summer work camp is set for June 16–July 31, 2007. We will be setting up a tent camp (similar to the one we had in Slidell, for you long time veterans) in Bayou La Batre, Alabama, a small and poor fishing town on the Gulf Coast. Working under the direction of the Bayou Recovery Project, we will primarily be doing rebuilding. This will include painting, drywall, installing flooring, roofing, a little bit of everything. Volunteers of all skill levels will be needed. Call Corky at 310–294–1609 to sign up. We will have a much smaller volunteer capacity than we did in Chalmette, so don't wait. Sign up now!

Plans are currently being made for mobile work camps, where Hilltop Rescue can go to a site with our own accommodations and supplies and offer short term (1–2 week) mission opportunities in areas of need. This will also provide practice for responding to the next disaster, wherever it may be.

Hilltop Rescue has given at least 23,000 days of volunteer labor to the people of Slidell, St. Bernard Parish and New Orleans. Well over a thousand homeowners were touched by strangers who came to help bear their burdens. But what was envisioned as a ministry to those stricken by natural disaster has become just as much a ministry to the 4,000 volunteers who were moved to help. We at Hilltop Rescue believe that a generation of American youth has been changed by bearing witness to the devastation of Hurricane Katrina and that the fire for service to their fellow man will remain glowing long after the Gulf Coast has recovered.

Services offered: Demographic Served: Survivors, Natural Disaster Impacted Communities; Meals, Volunteers, Meals for Volunteers; Support for "All" Disasters; Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers)

CWS Situation report: Spring storms 2011
Thursday, April 14, 2011

A series of disasters in recent weeks have marked the end of winter and beginning of spring in the continental United States. Situation:

A series of disasters in recent weeks have marked the end of winter and beginning of spring in the continental United States.

Among the disasters CWS has been tracking:

* Flooding in several New Jersey counties, with major damage to some 400 homes.
* A tornado in Greensburg, PA, south of Pittsburgh; some 60 homes affected, half of them destroyed. As well, a tornado in Rayne, LA, damaged about 100 homes.
* Wildfires in Colorado; New Mexico; Oklahoma; Texas; Washington.
* Preparations underway for spring flooding in the Upper Midwest, including the Red River Valley, particularly Fargo and Grand Forks, ND, as well as Devil's Lake, ND. The lake at Devil's Lake is close to overflowing and has no outlet; it has quadrupled in size in the last 20 years.
* Preparations are also under way for possible spring floods in Iowa where the Mississippi River may exceed 1993 record levels at Davenport and elsewhere. The citizens of Iowa were also impacted by severe storms and tornadoes on April 9th and 10th.

CWS response:

Partners in Fargo, including the American Red Cross, Lutheran Disaster Response and UMCOR, have asked CWS for CWS Blankets as a pre-positioning move. In addition, CWS plans to allocate $2,000 for spiritual care and other community-based efforts in Devil's Lake. CWS staff are expected to assist efforts in Devil's Lake later this year.

CWS is monitoring the impact of spring storms in Iowa and elsewhere to determine if we can assist with immediate material support (CWS Emergency Clean-up Buckets, Hygiene Kits, or Blankets) as well as with Long Term Recovery training and support.

HOW TO HELP: Contributions to support CWS emergency response efforts may be made online, sent to your denomination, or to Church World Service, P.O. Box 968, Elkhart, IN 46515.

Japan Earthquake and Tsunami: CWS Situation Report #2; 03-13-11

Source: Church World Service (CWS)
Date: 13 Mar 2011

CHURCH WORLD SERVICE
DEVELOPMENT AND HUMANITARIAN ASSISTANCE PROGRAM

SITUATION: Rescue efforts continue in Japan following the March 11 tsunami and earthquake that in recent days has taken another potentially deadly turn as the country tries to deal with a growing nuclear crisis.

Japan's prime minister, Naoto Kan, is describing the situation as the worst in the country since World War II, with several nuclear plants in danger of melting down.

As for the direct tsunami and earthquake responses, authorities said the official number of those confirmed dead is nearly 1,600 but is expected to rise substantially; the death toll alone in the Miyagi region could exceed 10,000.

Some 310,000 people have been evacuated to emergency shelters, the BBC reported.

The two immediate needs for affected families include rescue for those who are trapped and the mobilization of relief goods to evacuation sites. Rescue interventions are primarily being carried out by the Self-Defense Force of Japan and other specialized agencies including the Japan Rescue Association. The Japanese government has requested international assistance in response to this massive disaster.

"Although Japan is considered among the most advanced countries in terms of disaster risk reduction measures, the damage caused by the unprecedented scale of this disaster is beyond imagination," said Takeshi Komino, the head of emergencies for CWS Asia Pacific.

"The government is currently focusing on the search and rescue operations as well preventing a catastrophic nuclear crisis from two severely damaged nuclear power plants," he said. "Increasing humanitarian needs are being reported from evacuation sites including a lack of ready-to-eat food, water, health and sanitation kits and blankets."

RESPONSE: CWS has been in contact with the Japan Platform, a coalition of 32 non-governmental organizations, government service agencies and media outlets. CWS may provide support and channel contributions to individual members of the Japan Platform. The Platform has historically been a vital partner to CWS in previous lobbying efforts towards the Japanese government for disaster risk reduction activities in Afghanistan.

Eight member non-governmental organizations of the Japan Platform have already started assessing needs and initiated emergency response activities. These members include Association for Aid and Relief Japan, Adventist Development and Relief Agency, Civic Force, Institute of Cultural Affairs, JEN, Japan Rescue Association, Nippon International Cooperation for Community Development and Peace Winds Japan. CWS is also coordinating with other ACT Alliance members in the Asia-Pacific region as the international response to this disaster scales up.

"Building upon accumulated CWS and ACT Alliance experience in the region, CWS hopes to mobilize support to Japanese NGOs that are on the ground," Komino said. "Contributions from partners and supporters will be used to fill critical gaps in meeting the basic needs of victims in and around the evacuation sites."

Church World Service is also prepared to support, if needed, efforts of faith–based partners in Japan, including the National Christian Council of Japan and the United Church of Christ of Japan.

CWS anticipates issuing an appeal for this disaster once more specifics are known about precise partnerships and response efforts.

HOW TO HELP: Contributions to support CWS emergency response efforts may be sent to your denomination or to Church World Service, P.O. Box 968, Elkhart, IN 46515.

Church World Service is a member of the ACT Alliance, a global coalition of churches and agencies engaged in development, humanitarian assistance and advocacy.

HURRICANE SANDY RESPONSE 10/12:
http://www.nechama.org/index.php/news/85–nechama–takes–action–responds–to–sandy

Hurricane Sandy has dramatically impacted the Mid–Atlantic region of the United States. NECHAMA staff will arrive in the NY & NJ area later today. We will begin assessing cleanup needs and meeting with local partner organizations once first responders and utility crews have secured the affected communities.

We will work as rapidly as possible to determine where NECHAMA can be of service and then establish a base of operations. At that point we will provide details on how to volunteer with us on the ground. NECHAMA has deployed a disaster response trailer from our headquarters in Twin Cities, MN to support this effort.

Though we are still gathering info and working the logistics regarding volunteer opportunities, you can register your interest and availability via this webform:

https://docs.google.com/spreadsheet/viewform?formkey=dDZjcFNjeklFOGptZWNiQmJ0by0yUXc6MA#gid=0

Please donate. Your gift strengthens our ability to quickly bring critical aid and comfort. We will provide additional updates as our response to Hurricane Sandy develops . Thank you for your support of NECHAMA and your generous donation to support these efforts.

2012 HURRICANE ISAAC –
http://www.nechama.org/index.php/news/71–hurricane–response–volunteer–opportunity

Initially we are focused on assisting Jackson County and other hurricane–affected communities in southern Mississippi with flood cleanup, clearing damaged trees, and temporary roof repairs. These volunteer services offered by NECHAMA will support ongoing recovery efforts across Southern Mississippi. NECHAMA continues to be in regular contact with our voluntary organization partners working in Louisiana and anticipates assisting communities there as well.

We are planning on working in Mississippi and Louisiana until Sept. 14, 2012. We have established a base of operations in Biloxi, MS, a coastal community with a history of welcoming volunteers from across the country. If in the coming weeks there are still pressing needs to be addressed and if we are able to raise funds to stay longer, we will consider extending our deployment.

Heavy Rainfall
June 20th, 2012
We are looking into reports of 6+ inches of rain overnight & flash flooding in Duluth, MN area. Mostly reports of road damage thus far. We will update our Facebook page and website as we know more.

OLTN has over the past 20 years has been supplying disaster areas with need supplies, short term housing of volunteers and warehousing for supplies. As of this year 2007 we have supplied the Mississippi Coast with over two million dollars worth of goods. Worked on over 200 homes along the coast. Housed over 1200 volunteers and logged over 70,000 volunteer hours.

ALSO:
So far in 2007 we have worked in the Americus Georgia, Enterprise Alabama, Aberdeen South Dakota and still preparing for future disasters here in the United States.
