California Wildfires

The devastating October wildfires in California forced more than 500,000 people to leave their homes and resulted in the largest evacuation in the history of the state of California. Islamic Relief is asking supporters to donate towards the Natural Disasters Fund to help the victims.

Islamic Relief Response

On Wednesday, October 24, Islamic Relief dispatched experienced staff to the San Diego area to assess the fire damage and discover what assistance is needed. Islamic Relief's team included two staff members with over two years of experience of responding to natural disasters from Hurricane Katrina.

The assessment was conducted through three teams, led by Islamic Relief staff and also compromising of local volunteers. The assessment included meeting with the Islamic Center of San Diego, which was housing evacuees, and also visiting shelters and other sites to see how Islamic Relief could best use its experience and resources to provide urgent aid.

Following the meeting with the community members in San Diego and the field assessment, Islamic Relief has taken the following actions to assist those affected by the fires:
• Cover housing and food costs of evacuees
• Assemble "Care Packages:" hygiene kits consisting of toothbrushes/toothpastes, hand sanitizers, hand towels, and other items.
• Redirect hygiene packages from our Hurricane Katrina efforts in Louisiana for distribution to those in need

Islamic Relief is continuing to collaborate with communities in the affected areas of San Diego to provide help to those in need.

September 10, 2010

America’s Disaster Relief is preparing a relief journey to Boulder , CO in response to the Fourmile Fire and evacuation of over 3,500 people.

America’s Disaster Relief also known on the Western Slope as Western Colorado Disaster Relief has been very busy over the years providing families that have had fires, floods, tornados, a hurricanes, with furniture, beds, clothing, pots, pans and other kitchen items, as well as sheet's, blankets, and household necessities. None of this would have been possible without the help of financial donations.

In order to make this journey possible America’s Disaster Relief is again calling on the Western Slope to step up and help others. Financial Donations can be dropped off at any USBANK (in Montrose next to Walgreen’s on S Townsend Ave) to the account of America’s Disaster Relief.
Cleaning Supplies and NON Perishable Food can be dropped of at the container located at Q & T FOODS 1803 S Townsend Ave in Montrose. Jan France asked, “Please no clothes, or other items only Cleaning Supplies & NON Perishable Food.”

America’s Disaster Relief Director – Jan France assisted with relocating several hundred people to the Western Slopes of Colorado in the aftermath and confusion of Hurricane's Katrina and Rita. America’s Disaster Relief sent an 18 wheeler of supplies to Cedar Rapids , IA following the Great Floods. America’s Disaster Relief has assisted Bayou LaBatre, Al – Florida three times from hurricanes– Greensburg , Ks –Holly Co – Logan & Clovis, NM after tornados, as well as Texas following Hurricanes Dolly, Ike & Alex.

The relief journey to the Boulder area will be providing the disaster victims with needed FOOD and cleaning supplies. Already in storage are Furniture and household items ready to go. What is really needed at this time is FUNDING and Cleaning Supplies.

Anyone who would like to donate items or make financial donations to assist the efforts of the America’s Disaster Relief may do so by making deposits at any USBANK to the account of America’s Disaster Relief (or call Tracy @ USBANK 970–252–4108) and / or putting supplies at the container located at Q & T FOODS 1803 S Townsend Ave in Montrose.

We are expecting to deliver items next week – so we MUST work fast.

CWS Situation report: Spring storms 2011
Thursday, April 14, 2011

A series of disasters in recent weeks have marked the end of winter and beginning of spring in the continental United States.
Situation:

A series of disasters in recent weeks have marked the end of winter and beginning of spring in the continental United States.

Among the disasters CWS has been tracking:

* Flooding in several New Jersey counties, with major damage to some 400 homes.
* A tornado in Greensburg, PA, south of Pittsburgh; some 60 homes affected, half of them destroyed. As well, a tornado in Rayne, LA, damaged about 100 homes.
* Wildfires in Colorado; New Mexico; Oklahoma; Texas; Washington.
* Preparations underway for spring flooding in the Upper Midwest, including the Red River Valley, particularly Fargo and Grand Forks, ND, as well as Devil's Lake, ND. The lake at Devil's Lake is close to overflowing and has no outlet; it has quadrupled in size in the last 20 years.
* Preparations are also under way for possible spring floods in Iowa where the Mississippi River may exceed 1993 record levels at Davenport and elsewhere. The citizens of Iowa were also impacted by severe storms and tornadoes on April 9th and 10th.

CWS response:

Partners in Fargo, including the American Red Cross, Lutheran Disaster Response and UMCOR, have asked CWS for CWS Blankets as a pre–positioning move. In addition, CWS plans to allocate $2,000 for spiritual care and other community–based efforts in Devil's Lake. CWS staff are expected to assist efforts in Devil's Lake later this year.

CWS is monitoring the impact of spring storms in Iowa and elsewhere to determine if we can assist with immediate material support (CWS Emergency Clean–up Buckets, Hygiene Kits, or Blankets) as well as with Long Term Recovery training and support.

HOW TO HELP: Contributions to support CWS emergency response efforts may be made online, sent to your denomination, or to Church World Service, P.O. Box 968, Elkhart, IN 46515.

Japan Earthquake and Tsunami: CWS Situation Report #2; 03–13–11

Source: Church World Service (CWS)
Date: 13 Mar 2011

CHURCH WORLD SERVICE
DEVELOPMENT AND HUMANITARIAN ASSISTANCE PROGRAM

SITUATION: Rescue efforts continue in Japan following the March 11 tsunami and earthquake that in recent days has taken another potentially deadly turn as the country tries to deal with a growing nuclear crisis.

Japan's prime minister, Naoto Kan, is describing the situation as the worst in the country since World War II, with several nuclear plants in danger of melting down.

As for the direct tsunami and earthquake responses, authorities said the official number of those confirmed dead is nearly 1,600 but is expected to rise substantially; the death toll alone in the Miyagi region could exceed 10,000.

Some 310,000 people have been evacuated to emergency shelters, the BBC reported.

The two immediate needs for affected families include rescue for those who are trapped and the mobilization of relief goods to evacuation sites. Rescue interventions are primarily being carried out by the Self–Defense Force of Japan and other specialized agencies including the Japan Rescue Association. The Japanese government has requested international assistance in response to this massive disaster.

"Although Japan is considered among the most advanced countries in terms of disaster risk reduction measures, the damage caused by the unprecedented scale of this disaster is beyond imagination," said Takeshi Komino, the head of emergencies for CWS Asia Pacific.

"The government is currently focusing on the search and rescue operations as well preventing a catastrophic nuclear crisis from two severely damaged nuclear power plants," he said. "Increasing humanitarian needs are being reported from evacuation sites including a lack of ready–to–eat food, water, health and sanitation kits and blankets."

RESPONSE: CWS has been in contact with the Japan Platform, a coalition of 32 non–governmental organizations, government service agencies and media outlets. CWS may provide support and channel contributions to individual members of the Japan Platform. The Platform has historically been a vital partner to CWS in previous lobbying efforts towards the Japanese government for disaster risk reduction activities in Afghanistan.

Eight member non–governmental organizations of the Japan Platform have already started assessing needs and initiated emergency response activities. These members include Association for Aid and Relief Japan, Adventist Development and Relief Agency, Civic Force, Institute of Cultural Affairs, JEN, Japan Rescue Association, Nippon International Cooperation for Community Development and Peace Winds Japan. CWS is also coordinating with other ACT Alliance members in the Asia–Pacific region as the international response to this disaster scales up.

"Building upon accumulated CWS and ACT Alliance experience in the region, CWS hopes to mobilize support to Japanese NGOs that are on the ground," Komino said. "Contributions from partners and supporters will be used to fill critical gaps in meeting the basic needs of victims in and around the evacuation sites."

Church World Service is also prepared to support, if needed, efforts of faith–based partners in Japan, including the National Christian Council of Japan and the United Church of Christ of Japan.

CWS anticipates issuing an appeal for this disaster once more specifics are known about precise partnerships and response efforts.

HOW TO HELP: Contributions to support CWS emergency response efforts may be sent to your denomination or to Church World Service, P.O. Box 968, Elkhart, IN 46515.

Church World Service is a member of the ACT Alliance, a global coalition of churches and agencies engaged in development, humanitarian assistance and advocacy.

Farmers or rural residents who would like help with cleanup are encouraged to contact the Butler County Extension office at (319) 267–2707 or the Iowa Concern Hotline at 1–800–447–1985. Cleanup activities could include picking up debris in fields or cleaning up building sites.

5/28/08 News Article (Non Pareil Online http://www.nonpareilonline.com/site/news.cfm?newsid=19726131&BRD=2703&PAG=461&dept_id=555106&rfi=6)

Even though no donations are being requested at this time to help those affected by the May 25 tornadoes, the Iowa Concern Hotline is now collecting information from citizens wishing to help.
Advertisement

Anyone wanting to have items included on the listing of donated goods should contact the hotline at (800) 447–1985. The information collected by the Iowa Concern Hotline will be referenced as needs are identified within the affected areas.

When an individual contacts the Iowa Concern Hotline, they will be asked to provide information regarding the donated goods or services to include the location and type of service or donation, and a point of contact. This information will then be compiled into a database. Once a specific need is identified, the database will be used to match a resource to the need and the associated point of contact will be notified and instructed on the best method to deliver the resource.

Please note that the Iowa Concern Hotline is only gathering information about resources people are seeking to donate. Do not self–deploy any donated resources to the impacted areas. Self–deploying resources into the affected areas only places additional

stress on those impacted and responding to the storm damages. The State of Iowa Emergency Operations Center is coordinating resources with the local on–scene incident commanders.

Pottawattamie County residents and emergency responders who may wish to assist those affected by the Parkersburg tornado are asked to contact the county's Emergency Management Agency to coordinate relief efforts.

The agency is in direct contact with the state's Emergency Operations Center and the Incident Command System in the stricken area.

All relief resources to that area should first go through the county's agency. Sending not requested assistance directly to the area can sometimes create additional loads on local resources.

For more information, call 328–5777.

When flooding is a concern in the state, Iowa State University Extension's Iowa Concern hotline is available for those who need assistance.

Iowa Concern Hotline is available 24 hours a day at (800) 447–1985. All calls are free and confidential, and the operators are willing to assist wherever possible.

Three avenues are available to Iowans through the Iowa Concern Hotline. First, counselors are available to help those experiencing emotional and financial stress because of flooding.

"Damage to crops and homes by flooding can add extra stress. Counselors are available to help with the change in the weather and the stress it causes," said Margaret VanGinkel, Iowa Concern Hotline coordinator. "Sometimes it helps to talk to someone about what you are experiencing, and the hotline does that."

Second, information and referrals are given to those who need assistance. For example, farmers would be referred to ISU Extension crop specialists for concerns related to planting, replanting or specific diseases. Phone numbers of those in the community that can help with other problems also are provided.

Third, what insurance policies cover during flooding and damaging weather may be in question. Legal concerns are addressed at the hotline. Attorneys can help answer insurance questions and problems that may arise with hail and flood damage.

Iowa Concern Hotline is here to help Iowans deal with stress and concern. "Stress from the weather can get the best of people," VanGinkel said. "It is important to alleviate stress by attacking it and solving the problem."

Corridor Recovery is a non–profit organization which was created to provide resources for local agencies to distribute flood–recovery information to the public in a critical time of need. When the flood–waters peaked, Corridor Recovery quickly became the primary resource for materials and information for Eastern Iowa communities.

Corridor Recovery continues to provide up–to–date information and resources to help the recovery process. Our goal is to provide help to local agencies, organizations, businesses and communities to rebuild and recover from the devastation, offering hope for a stronger future.

For Agency or Homeowner Requests for Help,

START July 19, 2010
Personal Possessions Replacement Program

Completed applications will not be accepted at City Hall or the Community Recovery Center.

Beginning July 19, 2010 program administrators will begin contacting applicants to discuss their application and request any additional information necessary to complete the program. Initial payments could begin in August 2010.
The Personal Possessions Replacement Program provides up to $10,000 in assistance to flood–impacted, owner–occupied households to replace personal possessions lost in the Flood of 2008. The program will reimburse for eligible purchases made to date and can make direct payments for large purchases to ease cash flow situations. This program is funded through Local Option Sales Tax (LOST) revenues as it is designed to match federal funds previously received for personal flood recovery. The program is expected to provide assistance to about 1,400 residents with approximately $10.5 million from LOST.

For more information about the program, please call AmeriCorps VISTA at (319) 540–4819. More details are available in the Flood Recovery Programs section of the City's Web site at http://www.cedar–rapids.org/city–news/flood–recovery–progress/floodrecoveryprograms/personalpossessionsreplacement/Pages/default.aspx.

Serve The City update 7/2/08:

Serve The City, a continuing partner with Corridor Recovery, is transitioning from the disaster phase into the Long Term Recovery phase. Effective immediately we are wholeheartedly supporting Corridor Recovery as the new volunteer center is opened. We are

handing off volunteer deployment to the community led resources of which we are a part. All volunteers that registered with Serve The City on a paper registration and wish to continue to volunteer should go to www.corridorrecovery.org and register. On behalf of those we were able to help, we extend a heartfelt 'thank–you' to every volunteer who has served their community in these first three weeks. Together, we will rebuild our communities.

Serve The City
Charles Daugherty, Executive Director

To volunteer – go to www.corridorrecovery.org and complete the volunteer registration.

If you registered on paper forms – we need you to please register again under the jobs that are posted.

Emergency Notification System

CODE RED

The Linn County E 9–1–1– Board has instituted the CodeRED Emergency Notification System – an ultra high–speed telephone communication service for emergency notifications. This system allows public safety and emergency agencies to telephone all or targeted areas in case of an emergency situation that requires immediate action. The system is capable of dialing 50,000 phone numbers per hour. It delivers a recorded message to a person or answering machine, making three attempts to connect to any number

Linn Area Long Term Recovery Coalition
Steering Committee Meeting
Thursday, July 10, 2008
7:30 a.m.

· Welcome & Introductions

o In attendance: Rich Mahaney (LC EMA), Brooke Lukes (Churches United), Ann Hearn (Linn County Community Services), Cindy Kaestner (Abbe Mental Health Center), Sarah Olson (United Way Hawkeye Labor Council), Edwin Hung (CorridorRecovery.org), Jane Drapeaux (HACAP), Leslie Wright (UWECI),Marcia Young (Iowa Disaster Human Resource Council), Liz Selk (Heritage Area Agency on Aging), Karen Goehring (Navigator), Angela Meisterling (UWECI & AmeriCorps VISTA), Amy Grunewaldt (Salvation Army), Larry Belmont (FEMA), Nancy Turnbull (FEMA), Karla Twedt–Ball (Greater CR Community Foundation)

· Approval of minutes

o Amendment: Cindy Kaestner

· Committee details

o Committee name by majority vote: Linn Area Long Term Recovery Coalition

o Approval of LALTRC by majority: The mission of the Linn Area Long Term Recovery Coalition is to provide collaborative leadership in order to strengthen area–wide ongoing disaster coordination in the affected areas. The LALTRC will share information, advocate for the most vulnerable, simplify access to services, and jointly resolve disaster caused human recovery needs.

o Review and approval of LALTRC bylaws by majority.

o Selection of officers by majority:

§ Chair: Leslie Wright

§ Vice–chair: Jane Drapeaux

§ Secretary: Ann Hearn

§ Treasurer: TBA at next meeting. Karla Tweedt–Ball will check with the GCRCF board to see if this position can be filled by GCRCF staff. The treasurer will manage grant money and will not mediate public fundraising at all.

o Subcommittee descriptions were lifted from the VOAD packet and are simply rough draft versions. Once each subcommittee forms, they will decide on their own description and goals.

· Meeting Schedule

o LALTR Steering Committee will meet regularly on Thursday mornings at 7:30 AM in room 125 of the Emergency Operations Center at Kirkwood beginning Thursday July 17, 2008.

o The larger LALTRC will meet at 8:30 AM on Thursday July 24, 2008 in room 125 of the Emergency Operations Center at Kirkwood following the Steering Committee meeting.

§ Please be able to report on the happenings at the agency you represent.

§ We will try to have a list of arranged training sessions by then

§ Each agency represented will be asked to identify which subcommittee they want to serve on.

o We should also try to have a case management meeting next week

§ Select a model for all case management

§ Identify houses that need case management

§ Some houses already have other people handling their case management. These people should be invited to attend our training sessions to instill case management unity.

§ CRWC should be contacted so they can come in first to assess the houses and direct our case management.

· Subcommittees

o Volunteer Coordination: Edwin and Leslie

o Finance (Donation and In–Kind $): Carla

o Case Management: Amy and Jane

o Community Assessment: All

o Crisis Counseling: Cindy

o Spiritual and Emotional Care: Brooke

o Construction Coordination: Sarah

o Communication: Ann Hearn and Amy Grunewaldt (will be the link between Case management and Community Assessment)

· FEMA update

o FEMA is no longer able to release information on individuals without release forms put together by individual agencies. Each agency must create its own release form following the guidelines put together by Larry Belmont and Nancy Turnbull.

§ Edwin Hung will draft a release form for the LALTRC, and this should suffice for each participating agency to gain access to an individual's FEMA information.

· General updates

o Crisis Counseling is up and running with 30 additional workers. There will be a Crisis Counseling training session in Des Moines next week.

o FEMA deadline has been extended to September 27, 2008.

o Metro High School will be opening up July 11, 2008 as a goods distribution center.

o ECI Volunteer Reception center is located on 1700 B Ave NE. To volunteer, call 319.540.4810. Call 319.540.4815 if you need help.

o Visit lcnrc.org à flood 2008–àfunder's chart (on right side bar) for a list of available funds and grants for agencies. Rockwell, Flood 2008, and Alliant have all posted available funds.

The Linn Community Food Bank is housed in the lower level of First Presbyterian Church (and has been since 1971), As of 2003, the Food Bank incorporated, and was granted 501(c)(3) tax–exempt, tax–deductible status. It is no longer under the umbrella of Churches United.

In 2002, the Linn Community Food Bank marked its 30th anniversary. Through the years, the food bank has provided short–term help to 155,000 individuals. Currently, up to 20 households per day, Monday through Friday, are given a several days worth of groceries.

Hours of operation are 2:00–3:30, Monday through Friday. Clients come by referral from Harambee House.

The Food Bank could not operate without its volunteers. Over 80 people from 69 area churches and members of the community give their time to stock shelves, dispense food, purchase supplies, organize food drives, and recruit more volunteers. Contributions of food come from 65 businesses and organizations, and over 200 individuals. Help of any kind—food, money, time —is always welcome.

The Food Bank is proud of its long–term association with First Presbyterian Church, and looks forward to many more years of serving the hungry together.

Dear Friends & Partners of Mission of Hope,

As many of you know, our new web site was currently under construction when the Flood of 2008 hit. Now, the web site is being monitored even less than usual. Available staff & volunteers are busy providing flood relief to those displaced from their homes, as well as workers from out of town who are here to help us pick up the pieces from this devastation.

Mission of Hope is providing food, clothing and other resources to those in need. Since the Flood, we have extended our hours from 9 am–midnight every day of the week. The Mission has gone from serving four meals a week to 14 meals a week. We have also begun to house flood victims and workers overnight in our sanctuary. As you can imagine, the Mission is a very busy place, and we are honored God is using us to meet people's needs.

Immediate needs (as of 7/14/08):

volunteers to work throughout the week ; duties may include assisting clients, answering the telephone, receiving incoming donations, sorting & organizing food & clothes, helping in the kitchen, cleaning, and supervising residents (during overnight shifts); available shifts include:

9 am – 1 pm
1 pm – 5 pm
5 pm – 9 pm
9 pm – midnight
midnight – 8 am

volunteers to prepare home cooked meals for 100 people for lunch and 100 people for supper every day of the week (except for Saturday & Sunday supper meals); please call the Mission at 319–362–5559 for schedule & availability

men's jeans, any size (no other clothing donations at this time, please)
men's tennis shoes – new or used in good condition
non–perishable food items
coffee (not decaffeinated, please)
Styrofoam divider plates

If you can help with any of these needs, please stop by the Mission between 9 am & midnight any day of the week, or call us at 319–362–5559. We'll be happy to hear from you!

Finally, this tragedy has provided many more opportunities to serve & help others, but it has also placed a heavy financial burden on the Mission's budget, particularly since many of the other area non–profit agencies that do so much to serve our community were directly affected by the Flood.

Mission of Hope is in need of your financial support. With your help, Mission of Hope can continue to stay current with our increased operations during the challenging months ahead. You may send your tax–deductible cash donation to:

Mission of Hope
1537–1st Ave SE
Cedar Rapids, IA 52402–5123

Thank you for your support & your patience. In some way or another, everyone has been affected by the Flood of 2008. May you be blessed in your giving & in your service to Him.

Serving Him together,

Rev. Barbara R. Furman, Founder & Director
& Mission of Hope Board of Directors

OUR VISION
To offer a Christ–centered ministry 24 hours a day, seven days a week to meet
the physical, emotional & spiritual needs of former offenders and others in need.

* At Mission of Hope we believe in giving people the best. So many of the people we serve have been given "the leftovers" all their lives. That's why we offer fresh–baked cookies after each worship service, hot homemade meals at our Shelter, a clean & inviting atmosphere, and nice (and often new) clothes in our emergency closet ... These are all ways we show people we care, that they have value, and that they are loved – by us and by God.

* At Mission of Hope we believe in giving people second chances. Just as God never gives up on us, we never give up on people and always welcome them back.

* At Mission of Hope we believe in loving people where they are. It doesn't matter where people have been, what they have done, or what they continue to do, we love them anyway. Through this unconditional love. we build relationship and trust. Through relationship and trust, hearts are open to change.

* At Mission of Hope we believe in partnering with the local church. Without the support of the local church and the community, we cannot do this work. We believe God calls us together to make a difference in the lives of our brothers and sisters.

LIST OF NEEDS – FLOOD RECOVERY
Immediate and Long–Term Needs

Due to the damage Waypoint received in the basements of its facilities from the flood in June, we continue to work toward our efforts of re–occupying our buildings in August. We have many needs, both immediate and long–term, as well as monetary and in–kind assistance, that we have identified below. Thank you to so many community members who have already contacted us inquiring about the
needs of the families we serve during this time.

To make a monetary donations are accepted online
or can be mailed to Waypoint, 318 5th Street SE, Cedar Rapids, IA 52401.

IMMEDIATE NEEDS
(to reopen our facility in August 2008):

Supplies:
When Waypoint opens in August, we anticipate a tremendous need for supplies and toiletries from those we serve. We are currently accepting the following donations only at the Waypoint Wise Buys Resale Shop at the corner of 4th Ave and 6th St in downtown Cedar Rapids during the following hours: T – Th, Noon – 6 p.m.; Fri., Noon – 3 p.m.

Personal Hygiene:

Monetary flood recovery support to assist us with the clean–up expenses.

Madge Phillips Center:
Two new matching leather couches for the shelter living room.
Three sets of new commercial washers and dryers. We can get by with one set at re–opening in August but hope to purchase all three at the same time. The cost is approximately $5,000 per set. One donor has already donated one set.
Four transporting carts on wheels (for moving guests belongings and transporting donations)

Uptown Kids Child Development Center:
Large capacity washer and dryer
Teacher Resource Room:
Art supplies - construction paper, glue, markers, crayons, paints, etc.
Funding to purchase teacher resource books
Children's books for infants through age five

LONG–TERM NEEDS:

Over the next year, Waypoint will have many needs as it strategically evaluates and plans for the rebuilding of its programs in its basements, including the following spaces:
Madge Phillips Center Day Program (clothes closet, computer resource area, kitchenette, offices and meeting rooms)
Waypoint Kitchen for preparing meals for child care services and shelter clients
Waypoint Gymnasium (large children's play area)
Uptown Kids Preschool Classrooms

As we work through this process in the coming months and years, we will need monetary and in–kind support to rebuild these program areas so that we can continue to serve and help families in need.

Thank you for your support and for helping use to continue to serve families in need.

If you would like to discuss a donation, please call 319–365–1458.

CVHS Helps Homeless Animals
By Cassie Huisman, Producer
By Cassie Huisman

Story Created: Jun 28, 2008 at 7:33 PM CDT

Story Updated: Jun 28, 2008 at 9:40 PM CDT

CEDAR RAPIDS – The Cedar Valley Humane Society (CVHS) has received countless calls this week from flood victims in desperation to find temporary homes for their pets. This comes on the heels of the Cedar Rapids Animal Control contacting pet owners whose animals are currently housed at Kirkwood Community College that they have until July 11, 2008 to find alternative housing for their pets.
The CVHS came up with an option on Saturday morning as to how they can help.

“We wish we could house all of the animals that were misplaced, but unfortunately we do not have the facility, nor the financial resources to accommodate the number of animals in need,” said Stephanie Holub, a Board of Director for the CVHS.

Instead, the CVHS has established a plan to act as the intermediary for those that need a temporary home for their animals and those in the community that are willing to house animals on a temporary basis. An e–mail and phone number have been established by the CVHS specifically for this purpose. Both parties can contact the CVHS at SaveAFloodPet@mchsi.com or (319) 210–8009. The phone number has been set up to accept voicemails only, so calls will be returned by the CVHS. Staff at the CVHS will then help connect both parties.

“Many families have nothing left, but their animals, so we want to do everything in our power to help them keep their pets,” said the Directors at the Cedar Valley Humane Society.

The Cedar Valley Humane Society will assist families volunteering to house animals with necessary pet supplies (food, litter, leashes, etc.). They also will temporarily house animals at the shelter as space allows.

“In addition, we encourage people that are in the position to adopt a homeless animal, to come to the shelter and do so,” said Stephanie Holub, “This will allow more room at the shelter to house animals displaced by the floods.” She continued, “The extra 100+ animals that we’ve housed as a result of the flooding have added expenses outside of our annual operating budget. We’re grateful to those that have donated their time and financial resources and encourage others to do the same.”

Those wishing to help offset the CVHS’ cost of housing these flood animals are encouraged to make a donation. Donations are being accepted on the CVHS’ website at www.CVHumane.org or in person at the shelter located at 7411 Mount Vernon Road SE in Cedar Rapids. The CVHS opened their doors on June 11th to accept animals from people forced to evacuate their home. They offered this service free of charge to pet owners.

6/17/08 LTel / Per Beth, Vol. Front Desk:

The shelter is still taking on local strays for all of Linn County EXCLUDING Cedar Rapids.

They can use blankets/towels in addition to the list noted on the website. They are good on toys.

Things are very, very busy but they are doing well overall.

Provided number to the Kirkwood facility for pets to direct private citizens who would like to volunteer temporary shelter for flood survivors.

6/16/08 NEW WEB SITE UPDATE:

Flood of 2008

The CVHS Adoption Center is currently closed so we may focus our resources toward helping victims of the Flood. On Wed June 11th we began housing 116 cats, dogs & rabbits who had to be evacuted from their homes. In total we are now housing 287 animals at the CVHS.

Donations: We are currently accepting donations to help our efforts at the CVHS & to supply victims of the flood with pets supplies. Monetary donations as well as pet items are welcome. ie: leashes, cat litter pans, litter scoopers, cat litter, dog & cat food.

Shelter supplies: liquid laundry soap, extra large trash can bags, bleach

Flood Victims: Those with pets and in need of supplies due to the flood can pick up pet supplies at the CVHS

Mon–Fri 8–5 pm
Sat 8–4
Sunday by appointment

Volunteers: We need volunteers to wash & prep bowls & litterpans and to clean kennels. Adults only.

Hours available 8–12 Mon–Sun. Call to schedule your shift. It is very difficult to schedule walk–in volunteers so please give us a call first.

There has been incorrect information distributed throughout local churches – please be sure to call to volunteer.

Phones: The phone system has been problematic. Please be patient – Quest is very busy with flood related issues.

6/15/08 SUPPLY NEEDS POSTED ON www.2008flood.org:

The Cedar Valley Humane Society is housing 271 animals (more than double their normal capacity) & they are offering for those in need that have been affected by the floods to receive FREE pet supplies for their animals.

In order to do this, the CVHS is in need of donations of: cat food, dog food, leashes, cat litter and cat litter boxes.

Please deliver these donations to the shelter at 7411 Mount Vernon Rd SE or call 362–6288. The shelter will begin giving away supplies at 8am on Monday, June 16th.

FROM THE WEBSITE 6/16/08:

Donations of Food:

The CVHS is excited to announce a new partnership with the Hill's Company. Free of charge the Hill's Company will be supplying the CVHS with enough Science Diet Food to feed all the Dogs & Cats in our care. This is an ongoing program which will make life easier for the animals. Historically, we have served the dogs & cats a mixture of donated foods. Constantly changing the food our pets eat can lead to upset stomachs & other digestive ailments. By serving the Science Diet food we can make sure everyone is on a consistent diet. In the past the CVHS has been blessed with generous donations of both dog & cat food from our community. These gifts have been priceless. Although Hill's will now be supplying our dry dog & cat food– We Still Need Your Help. The need for cash donations to help pay for medical expenses, basic operational expenses & such has never been greater. If you would rather purchase goods to help out the animals,

Please put the following at the top of your list:

1. Canned cat food (kittens prefer pate rather than the large chunks)
2. Rawhide Bones
3. Dog & Cat Treats
4. Cat Litter (both clay & scoopable)
5. Bleach/Liquid Laundry Soap/Dish Soap
6. Gift Cards

Disasters can strike quickly and without much warning. Take responsibility — it can save your life and the life of your pet! ALERT is a group of volunteers whose purpose is to work with the Cedar Valley Humane Society and the Grant Wood Area Chapter of the American Red Cross to educate pet owners about providing for their pets during and after a natural or man–made disaster. And to work with the Cedar Valley Humane Society and the local chapter of the Red Cross to provide shelter, transportation and care for pets in the event of a disaster.

In the event of a disaster or emergency, many pets are better left in their own home if the owner can return to provide food, water and exercise. Outside pets should be moved inside for their protection. In the event of an evacuation or other circumstance where pets cannot be left at home, Cedar Valley Humane Society can house a limited number of pets. If an owner will need to leave his or her home because of a disaster or emergency, and will need housing for a pet or pets, the owner has three options:

The owner can take pet to the American Red Cross shelter where ALERT will be contacted to pick up the pet All pets must be in a carrier, harness or on leash. Owners will stay with their pet until ALERT arrives, as pets will not be permitted inside the American Red Cross shelter.

The owner can take the pet directly to Cedar Valley Humane Society. Owners are advised to call ahead to make certain there is room available for their pet.

The owner can call Cedar Valley Humane Society to have ALERT pick up their pet at home. Owners will need to be at home with their pet until ALERT arrives.

To notify emergency personnel of pets in your home, decals are available locally.

Shelters Press Release: Iowa 6.27.08

Red Cross Combining Shelters

CEDAR RAPIDS, Iowa, Friday, June 27, 2008 – As more flood evacuees find long–term temporary accommodations, the population of American Red Cross evacuation shelters in the Coralville/Iowa City area is dropping. As a result, the remaining residents of a shelter at North West Junior High School in Coralville are moving today to the shelter in Building A at the Johnson County Fairgrounds, 4261 Oakcrest Hill Road SE, Iowa City.

Residents of the area who find they need shelter because of flooding can also go to the fairgrounds location.

Four Red Cross shelters remain open in eastern Iowa:
• University of Northern Iowa, West Gymnasium, 2501 Minnesota St., Cedar Falls
• Viola Gibson Elementary School, 6101 Gibson Drive NE, Cedar Rapids
• Prairie High School, 401 76th Ave., Cedar Rapids
• Johnson County Fairgrounds, 4261 Oakcrest Hill Road SE, Building A, Iowa City

“It’s a good sign for this area, that people who were displaced by the flooding are finding longer–term housing and can move on from the evacuation shelters,” said Bruce Miller, who is in charge of the Red Cross shelter operations in eastern Iowa and the Quad Cities area.

“We were glad to be able to provide so many people with a safe place to stay, but we recognize that a big public shelter is not most people’s idea of home.”

(This shelter was open from 6/13–6/27/08)

"Although Cedar Rapids was hit the hardest, Tina Potthoff, communication director of Rebuild Iowa, a state agency established within weeks of the flood, said her office had worked closely with 85 out of the 99 counties in Iowa. She said about $3.5 billion was allocated to the state from federal funding.

"I feel like we're making good progress considering this disaster was the largest in Iowa history," Potthoff said. She said however, the state is only at phase one in terms of recovery."

Nowhere have the 2008 Midwest Floods had greater impact than the in the State of Iowa. BENS is very proud of its Safeguard Iowa Partnership www.safeguardiowa.org and the unprecedented collaboration and coordination it has facilitated among Iowa's business and agency partners during this disaster.

Once the response phase is completed, the Midwest's need for assistance will continue throughout a long and challenging recovery period.

During or after significant disasters, BENS is often asked to help direct offers of in-kind donations from its members to the teams on the ground, or to communicate specific needs at the disaster site to prospective donors. In order to facilitate the donations management process for BENS members who wish to help the Midwest recovery - or to provide help in any future disaster, BENS now has its own portal on the Aidmatrix Foundation's Network.

Update on Animal Rescue and Pet Sheltering for Cedar Rapids
6/17/2008 5:33:13 AM

Cedar Rapids, Iowa - June 15, 2008 - The Cedar Rapids Animal Shelter was significantly damaged during flooding, forcing the evacuation of all animals. These animals were safely evacuated to the Tippie Beef Center at Kirkwood Community College.

Animal rescue and sheltering operations have been set up at the Animal Health Technology Center at Kirkwood Community College, 6301 Kirkwood Blvd. SW. Temporary care and housing is being provided for pets whose owners had to evacuate or will not be able to return to their homes as well as providing rescue services for pets that are stranded.

At this time, the Cedar Rapids Animal Shelter is sheltering approximately 400 animals and anticipate possibly housing up to 1,000 animals.

Members of the public should NOT attempt to rescue any animals themselves in order to minimize bites as well as avoid decontamination and related health issues.

Residents Needing Assistance with their Animals
If you have a pet needing rescue or are missing your pet, please call 2–1–1 to file a report.

If you have evacuated or have lost your home and have a pet needing temporary housing, please bring your pet to the Animal Health Technology Center at Kirkwood Community College, 6301 Kirkwood Blvd. SW between 8 a.m. and 7 p.m.

If your pet is currently at Kirkwood Community College, we ask that you NOT call to check on your pet or come to visit until Tuesday, June 17 while we continue to bring in animals being rescued. After Tuesday, regular visiting hours are between 11 a.m. and 3 p.m.

Donations:
We have been overwhelmed by the generosity of the community and we thank everyone for their assistance to meet our short–term and immediate needs.

At this point, we are receiving many donations of needed items from companies such as PetSmart Charities, Hill's/Science Diet, the Cedar Rapids Gazette.

Our primary need is for cash donations which will be used for those items not easily donated by the public or companies, such as supplies for the many volunteers needed to support the hundreds of animals the facility is caring for. We specifically do not need animal food, crates, or newspapers. We could use clean towels and blankets. These can be dropped off at the Animal Health Technology Center at Kirkwood Community College.

Cash donations can be made to the Kirkwood Foundation, c/o "Friends of the Cedar Rapids Animal Shelter "(please put this in the memo section of the check) and mailed to 6301 Kirkwood Community College, 6301 Kirkwood Blvd. SW, Cedar Rapids, IA 52406

Volunteers:
The Cedar Rapids Animal Shelter has many partners such as the Humane Society of Missouri, Humane Society of the United States, United Animal Nations, Code3, who are providing personnel for rescue and sheltering purposes to address our short–term needs.

The organization does still need local volunteers to fill the following needs:
Registered Veterinary Technicians
Veterinary Assistants
Veterinarians
Administrative support
Experienced kennel workers
Kennel support for essential work needed to support the shelter such as washing bowls, cage cleaning, etc.

Local volunteers will be needed for many weeks. Please stay in touch for the future.

At this point, out–of–state volunteers are not needed unless you have been deployed with an agency who is officially responding at the request of Cedar Rapids.

Our Partners:
Our efforts would not be possible without the support of the agencies and organizations which have stepped forward to provide much–needed assistance.

Food Donations Critically Needed for Flood Relief
Posted 07/02/2008
Freedom from Hunger food asks for help due to the flood

CEDAR RAPIDS, Iowa (July 3, 2008) – Freedom from Hunger organizers say the need is greater than ever to collect food this summer because of the increased demand caused by historic flooding in Eastern Iowa.

Under normal circumstances, nearly 3,000 Linn County households seek emergency food assistance each month, but that number is expected to soar due to the flood.

“Several of our major donors were severely impacted by the flood and we need employers who were not affected to help in any way they can,” said Barb Elsasser, director of the HACAP Food Reservoir and co–chair of the Freedom from Hunger planning committee. “The number of families needing food assistance has increased dramatically due to the fact that 25,000 people were displaced by the flood.”

Area businesses or other employers interested in participating can call Elsasser at (319) 393–7811.

During July and August, employers are encouraged to collect all non–perishable items, but there is a specific need for beef stew, tuna, macaroni and cheese, chili with meat, peanut butter and canned fruit. Donations of pasta, instant potatoes and canned soup are also especially encouraged. All items should be consumer–sized, as employees must remember these food items are going to families, and large items are impractical and unusable for them. Please do not donate glass, outdated or perishable items.

Last year, 48 area companies or organizations participated in or supported the drive, which raised a record 84,972 pounds of food.

BankIowa, the Linn County Supervisors Witwer Trust, the United Way of East Central Iowa, area Veterans, the Cedar Rapids Kernels, HACAP Food Reservoir, the Linn County Continuum of Care Planning and Policy Council and the Cedar Rapids Freedom Festival are again teaming up to sponsor this year’s Freedom from Hunger food challenge, which is in its sixth year.

The Food Reservoir Program:

The HACAP Food Reservoir is located at our corporate site (1515 Hawkeye Drive in Hiawatha, Iowa). It currently serves food pantries and related programs in Benton, Cedar, Iowa, Johnson, Jones, Linn and Washington Counties. You can contact us at info@hacap.org. If you live outside our service area, please call 2–1–1 and request information on food pantries in your community.

As a member of America's Second Harvest, the Nation's Food Bank Network, the HACAP Food Reservoir channels donated products to area soup kitchens, pantries, senior & child care centers, drug & alcohol centers and other non–profit food programs that feed the needy.

Distributes approximately 1.3 million pounds of food to local organizations;
Provides over 5,000 food boxes a year for families in need;
Serves as a clearinghouse and food distributor for Holiday Assistance Programs, which help over 2,800 families annual;

Johnson County EMA is presently recruiting volunteer emergency management staff. For details contact Dave Wilson at (319) 356–6028.

Johnson County's Emergency Management is responsible for the coordination of the Emergency Response activities of various law enforcement and fire departments, the Hazardous Material Response Team, hospital, medical and ambulance services, as well as Red Cross, Salvation Army, Health and Human Services agencies.

The County Emergency Management Agency (EMA) is the operating arm of the Johnson County Emergency Management Commission. The Commission is made up of the 11 mayors or their representative, the Sheriff or his or her representative, and a member of the Board of Supervisors.

The EMA staff consists of two full–time employees. In order to fulfill its mission, the EMA staff is supported by the various departments and agencies listed above. These agencies supply a career and volunteer staff, which fluctuates between 450 and 500 professional emergency responders.

A major function of the Emergency Management Agency is to support the responder agencies in safeguarding Johnson County during periods of disaster. The assistance given by EMA falls to four main categories, namely: Mitigation, Preparation, Response, and Recovery.

In the long run, mitigation is the most important of these support functions. Hopefully, by mitigation, that is the eliminating or lessening of the impact of future disasters, we can reduce the suffering and financial loss for County residents.

Through preparedness, Johnson County Emergency Management employees are constantly involved in Federal (FEMA) and State sponsored Emergency Management training courses. Additionally, the Johnson Emergency Management Agency assists and helps coordinate the activities, training and emergency exercises of local organizations.

Red Cross – Grant Wood Chapter Update 6/10/08

The Red Cross opened a shelter in Building A at the Johnson County Fairgrounds, 4261 Oakcrest Hill Road SE, Building A, this afternoon to offer food and housing to those displaced by flooding. The shelter also was accepting pet animals on an emergency basis.

For assistance, call 319–393–3500 or 1–866–438–4636. Call 319–356–5295 to make arrangements for displaced pets.

SOURCE gazetteonline.com 6/11/08

The Iowa City Animal Shelter is tasked with both moving their current operations located in a flood prone area, and also caring for pets displaced by the flood on an emergency basis. Regular and emergency operations are moving to the Johnson County Fairgrounds area. Call the Animal Care office at 319–356–5295 to make arrangements in advance. Do not bring pets directly to the Fairgrounds.

SOURCE gazetteonline.com 6/12/08

The Iowa City Animal Care Center moved its 45 cats to the Johnson County Fairgrounds, and were prepared to move 14 dogs if Ralston Creek continued to rise, an animal control officer said.

Flood of Hope© is a grassroots collaboration between small communities, elected officials and government entities, agency partners, and volunteer organizations. Flood of Hope© is administered by Independent Child Advocate Services (ICAS), and includes partnerships between the Iowa Federation of Families for Children's Mental Health (IFFCMH), Area Substance Abuse Council (ASAC), Windsor Manor, the City of Vinton, Benton County, Iowa Representative Dawn Pettengill, private businesses,

community volunteers, and volunteer organizations such as Hands On Disaster Services. The work accomplished through Flood of Hope© has become a critical thread in the necessary fabric of recovery. Flood of Hope© information is updated regularly at www.floodofhope.com.

To date, Flood of Hope© has established a semi–permanent crisis center in the south building of ICAS, located at 905 D Avenue in Vinton, IA. Anyone who needs help, can contact ICAS at (319) 472–4501. ICAS prioritizes meeting the needs of families in rural areas, children's mental and behavioral health problems, and families who are experiencing a crisis. Families directly affected by the flood can request to speak with a flood relief volunteer. Flood of Hope© is operated entirely by volunteers due to limited financial resources; however, we are working very hard to bring additional human resources such as volunteer labor into the community to assist with recovery. Through case management and fundraising efforts, Flood of Hope© will eventually be able to assist in more monetary ways. Monetary assistance will depend entirely on the results of fundraising opportunities and cash donations.

The IFFCMH outreach office is also located in the south building. IFFCMH is able to assist with advocacy, especially for meeting the mental health needs of young people and their families. As the trauma of the disaster unfolds in children, this outreach link is a valuable asset available for anyone in Iowa. IFFCMH has also provided a joint opportunity for a Coe College student to complete her internship. Heidi Reynolds has been leading a substantial amount of the volunteer coordination effort and organizing much of post–disaster chaos. The partnership that IFFCMH has provided made it possible for ICAS to coordinate flood relief efforts. Without this partnership, the efforts would not have been as effective.

ASAC has partnered by allowing local staff to assist with crisis counseling and to help with the social marketing aspects of Flood of Hope©. Amber Snider has committed herself to organizing benefit events, such as a silent auction, a benefit concert, and a golf tournament to raise funds for the flood relief efforts. Please contact ICAS at (319) 472–4501 and request to work with Amber if you have skills or time to help organize these or other events.

Habitat for Humanity is examining their current programs and looking at ways to help low–income families build or re–build their homes. More information will provided when details become available.

Benton County Board of Supervisors have worked with ICAS to relocate the sheriff's office, the county social services office, the Department of Transportation office, and the food pantry to the ICAS facility, and are now located in the north building. ICAS will additionally provide outreach space to agencies that traditionally met with consumers in the county's social services office. Vocational Rehab will begin meeting with their consumers at ICAS.

CURRENT NEEDS IN THE COMMUNITY

§ Food, cleaning supplies, paper products, or gift cards are appreciated most and can be dropped off during normal operating hours without an appointment. Food is a high need. We have enough food for about three days of distribution. Food can also be donated to the Benton County Food Pantry. Food for flood victims is being kept separate from the regular food pantry for tracking purposes.

§ Please do not bring donations of furniture, appliances, household items or decorations without calling ahead and assessing our need for them. Many people are still in very temporary housing situations, such as living with relatives or friends, and they have no place to put these items. ICAS is out of storage space and will have to start throwing things away due to limited storage capacity. We prefer that you hang onto them until they are needed, or take them to Goodwill or the Salvation Army. As families figure out where they will be living, we will be able to accommodate these types of donations, but this will take some time.

§ Tools are needed: claw hammers, saws of all kinds, crowbars, reversible drills, and building tools are among the list of needed items. We are asking that power tools be new due to liability risks. We are considering a lending "library" of tools so that volunteer organizations have a variety of tools to work with when they come.

§ Supplies for rebuilding are needed. We need a substantial amount of supply resources. These can be in terms of gift cards to local vendors, or in–kind donations of common building materials. No one comes out ahead with recovering from a flooding disaster. FEMA and Red Cross do not even come close to meeting the costs of all that is lost. Many times, homeowners end up having to pay to have their home demolished, and then have to continue paying mortgage for a house they no longer have in addition to paying for a new home. The buy out process can take a year or more, and people struggle to purchase materials. Donations of supplies will be used to repair homes that are salvageable, or to help repair infrastructure (such as the North Benton Ambulance garage). No supplies will be used on a home that is at risk of being demolished. Once repairs are made, supplies will be provided to Habitat for Humanity to assist with the building of new homes in the area.

§ Volunteers are encouraged to continue helping Flood of Hope©. Volunteers who can make phone calls and help assess families' needs are needed at ICAS. Teams of volunteers who can help families clean out their homes, sort through their belongings, and help gut or repair homes are needed. It works best to have a "leader" organize a group of volunteers and provide ICAS with 3 or more days advanced notice that your team is coming and to inform ICAS on what your team is willing to do. Vinton is a small town, so working out logistics is challenging and we need time to accommodate space, food, and sleeping arrangements. Groups that can be self–sufficient are greatly appreciated due to the lack of resources in Vinton (such as hotels or sleeping/showering accommodations). We are also helping families in other rural communities, so if you have a team interested in working in other areas, please allow 5 or more days for us to work out logistics.

ICAS is helping Hands On by interviewing and prioritizing families that need help. If you know a family who can benefit from this resource, encourage them to register with ICAS if they have not done so. ICAS is also working with families to do case

management so those with the fewest resources and highest risk factors (such as elderly, disabled, single parent, etc.) of not getting enough help are prioritized. Family members do not need to reside within Benton County to ask for help; however, at this time Benton County residents are still being given priority for flood assistance. ICAS will do its best meet the needs of any Iowan resident, as it always has.

Please check the Flood of Hope© website, www.floodofhope.com, for updated information.

RECare Program

RECare is a crisis fund available for low income members to help pay their electric bills and to weatherize their homes. When you give to RECare, your donation goes directly to families in need in our community. All funds are distributed by a local community action agency, there are no administrative costs. Your contributions are also tax deductible.

Low Income Home Energy Assistance Program (LIHEAP):

The Low-Income Home Energy Assistance Program (LIHEAP) is designed to assist low-income families with the cost of home heating. Applications are accepted on a first come/first serve basis from Nov. 1, 2007 through Apr. 15, 2008, Monday through Friday, or as posted at the local HACAP office. Check the back of your Linn County REC bill for a listing of HACAP or T.R.A.I.N offices.

ELIGIBILITY – A household may qualify for assistance in this program if the household's income falls within the income range listed below. This program is not designed to pay a household's total energy costs, but to provide assistance in the payment of residential heating costs for eligible households.

At the time you apply at a HACAP or T.R.A.I.N. office, providing you have brought all necessary documentation with you (proof of income for the last 13 weeks and a copy of your heating and electric bills), you will be told whether you are eligible and if so, for what amount you might qualify. This initial determination is subject to review and totally dependent on the availability of federal funds. In most cases, benefits will be in the form of a credit applied to your heating bill by your utility company. Households who reside in subsidized housing that are individually metered and responsible for paying their primary heating costs are eligible. Subsidized households that are master metered are usually not eligible to receive assistance benefits.

Residents of any licensed medical facility (hospital, skilled nursing facility or intermediate care facility), publicly operated community residence or emergency shelter are ineligible unless they are paying a vendor directly for their primary heating source.

Proof of Income: Attach documents that offer proof of total household gross income from all sources. HACAP or T.R.A.I.N. offices must have complete proof of income to process your application.

Fixed Income: This income may include: Social Security Benefits, Supplemental Security Income, Aid to Families with Dependent Children or Family Investment Program, Veterans' Assistance, Unemployment Insurance, pensions. Please bring a copy of your most recent check.

Wage Earners: Attach copies of your check stubs for the three month period preceding the date of application or a copy of your federal income tax return.

Self Employment/Farmers: Bring a copy of your most recent federal income tax return. If you receive interest or dividend income, alimony or child support, it will also need to be verified.

TANF (FIP) and SSI Recipients: Bring in a copy of your Medicaid card.

We lost our fire department, our county jail, and our electrical plant - the community fought hard to save many things in town.

The following is information regarding the Vinton Iowa Community Foundation:
The Vinton Iowa Community Foundation is a tax–exempt charitable organization, IRC 301 (a); that was established November 7, 1994. The purpose of the foundation is to receive and accept donations for educational, cultural, or charitable purposes. The Foundation then disburses the donations among local tax–exempt community organizations to support various projects. Though the use of these donations; the quality of life in the Vinton area is improved.

Over its lifetime, the foundation has provided over $98,000 to nonprofit groups and community projects. Each year the foundation distributes 100% of the interest earned and any donations which are not restricted. Restricted donations are either placed into the endowment or if for a specific use - distributed for that use.

The Foundation is managed by the five–member board of directors, who are appointed by various community organizations and serve limited terms. The organizations represented on the Board of Directors are:

Vinton – Shellsburg (Iowa) Community School District
Vinton Area Ministerial Association
Farmers Savings Bank & Trust - Vinton
Vinton Unlimited
Vinton City Council
Foundation positions are:

Lutheran Services in Iowa serves as the local affiliate for Lutheran Disaster Response (LDR) in Iowa. LDR and LSI have a long history of partnering in disaster response and preparedness. They are working to address the unmet needs of residents impacted by the storms and tornados here in Northeast Iowa. These efforts support the community long after the cleanup phase is completed. In addition to support from an assigned case advocate, typical assistance may include purchasing a bed or other household items, paying an insurance deductible, paying a utility bill, or addressing a wide range of uninsured or underinsured financial losses.

As a reminder, LSI serves not just Lutherans. LSI serves people of all ages, genders, nationalities, religions, ethnicities and sexual orientations and is affiliated with Lutheran Services in America and three Iowa synods of the Evangelical Lutheran Church in America.

How to Donate:
Tax–deductible donations can be made to Lutheran Services in Iowa online at: http://www.lsiowa.org/donate_online_old.asp and select "disaster response" as your designation; by mail to: LSI, P.O. Box 848, Waverly, Iowa, 50677; or by phone: 866.584.5293.

FROM THE WEBSITE:

Lutheran Services in Iowa establishes program to provide aid and support to storm victims

Waverly, Iowa –Lutheran Services in Iowa (LSI) mobilized a disaster response program today to provide services on a long–term basis to victims of recent storms in northeastern Iowa.

Designed to address the unmet needs of residents impacted by the storms, this is a program that supports the community long after the cleanup phase is completed. In addition to support from an assigned case advocate, typical assistance may include purchasing a bed or other household items, paying an insurance deductible, paying a utility bill, or addressing a wide range of uninsured or underinsured financial losses.

LSI serves as the local affiliate for Lutheran Disaster Response (LDR) in Iowa, which is a cooperative ministry of the three Iowa synods of the Evangelical Lutheran Church in America and the Iowa districts of the Lutheran Church – Missouri Synod. The joint ministry provides efficient use of resources when responding to federally declared disasters in Iowa.

“The efforts of LSI as the LDR affiliate are intended to enhance community, state and federal relief efforts. The unique component of this program is that we’re in it for the long haul. Our expertise is assessing and addressing the long–term needs after initial emergency services responders have completed their work,” said Doug Johnson, president and CEO of LSI. “We provide services when needs exceed resources.”

LSI’s Pastor Michael Stadie, the Lutheran Disaster Response coordinator for Iowa, will work with a group of community leaders to establish local needs and priorities. LSI will coordinate a network of case advocates who will walk with families and individuals through the process of recovery, which according to Stadie, is typically at least a year. Case advocates will help residents with a wide range of activities, from assessing needs to filing paperwork or coordinating direct financial assistance.

LSI is currently seeking donations to address the extraordinary needs in the northeastern Iowa communities. Tax–deductible donations can be made to Lutheran Services in Iowa online at: www.lsiowa.org and select "disaster response" as your designation; by mail to: LSI, P.O. Box 848, Waverly, Iowa, 50677; or by phone: 866.584.5293. Please designate your donation with the words “disaster response" or use our online disaster response form.

LDR and LSI have a long history of partnering in disaster response and preparedness. If you would like to support disaster response on a national level, visit Lutheran Disaster Response at www.ldr.org.

“Our prayers are ongoing for everyone who has been affected by the storms,” said Johnson. “Through collaborative efforts, courage and compassion, these communities will recover and thrive.”

LSI impacts the lives of tens of thousands of Iowans annually through residential treatment, services to families, home health care and mobility solutions, early childhood programs, adoption/foster care services, refugee resettlement, services for people with disabilities, disaster response initiatives and Barnabas Uplift. LSI serves people of all ages, genders, nationalities, religions, ethnicities and sexual orientations and is affiliated with Lutheran Services in America and three Iowa synods of the Evangelical Lutheran Church in America. LSI is also a partner agency of Iowa KidsNet. To learn more, visit www.lsiowa.org.

LSI supports the courage of children, families and individuals who change and better their lives. A nationally accredited organization with highly skilled professionals, LSI is one of Iowa's largest social service agencies.

Tornado Clean Up

Volunteers are still needed in the Parkersburg area! Groups or individuals interested in helping should first call the Iowa Concern Hotline (1–800–447–1985) to make sure that volunteers are being accepted. Because of weather and/or safety issues, there are times when volunteers cannot be utilized. Once given the go–ahead, volunteers should report to the Volunteer Station between 8:15 a.m. and 5:30 p.m. The Volunteer Station is located at Newell Avenue and Circle Drive on the East end of Parkersburg (near the intersection of Hwy 14 and 57). Volunteers may be deployed from the Parkersburg Volunteer Station to surrounding communities, as appropriate.

Volunteers should wear long sleeved clothing, pants and closed–toed shoes or boots. Volunteers should bring water, gloves, safety glasses, sunscreen and lunch. If possible, volunteers should have their tetanus shots updated prior to arriving.

A new program called "Iowa Rental Help" was announced on Oct. 28 to help hundreds of Iowans maintain or acquire an affordable rental home.
Although this program is designed for all Iowans in need, individuals affected by the 2008 disasters could use this program as one more step toward recovery.
As part of the federal American Recovery and Reinvestment Act, almost $1.5 billion was allocated to cities and states for the Homelessness Prevention and Rapid Re-Housing Program. The State of Iowa received $11 million for the program, which is also called Iowa Rental Help.
Iowa Rental Help can provide qualified Iowa renters with rent and utility payments for up to 18 months (including up to six months in arrears), moving expenses, security deposits, rental deposits and more.

Services offered: Assistance, Referrals, Housing, Housing Resource Referrals; Case Management, Homeless; Financial Assistance, Housing, Rental Assistance; Financial Assistance, Housing, Rental Deposit; Financial Assistance, Utility Bill Assistance; Housing * (ANY/ALL Types); Housing, Fairly Priced Rental Housing for Disaster Survivors; Services, Homeless, Services for the Homeless; Services, Legal Assistance; Vouchers, Housing/Shelter (Motel) Vouchers

Individual Unmet Needs Assistance
This program has expired and is no longer active.

The $56 million disaster recovery bill (HF 64) signed into law on Feb. 2, 2009 appropriated $10 million for individual disaster grants for unmet needs due to the disaster. This resulted in the Iowa Unmet Needs Disaster Grant Program administered by the Iowa Department of Human Services and local Long-Term Recover Committees with support from the Rebuild Iowa Office.

The Iowa Unmet Needs Disaster Grant Program application deadline was Oct. 16, 2009. However, disaster-affected Iowans are encouraged to contact their local Long-Term Recovery Committee for other assistance opportunities that may be available. Neighbors In Need 2008
a campaign of the McCormick Foundation

The McCormick Foundation, in partnership with several organizations across the midwest, has launched the Neighbors In Need Campaign 2008. The money raised will help victims of the recent flooding in Iowa, Illinois, Indiana, Wisconsin and Missouri.

The Foundation will match the first $1 million raised through the campaign at 50 cents on the dollar. The Foundation and its campaign partners will cover 100 percent of administrative costs, so that all funds raised, plus the match, will go to nonprofit agencies that are providing relief services in the five impacted states.

Together we can help families, neighbors and friends. Please give what you can today.

From www.2008flood.org posted 11/23/08:

Pay it Forward Ministries and the Salvation Army has moved in together for operations in the recovery process of Henderson County. They are both located at 111 south 6th street in Oquawka IL.

After a thorough need assessment of the county residence's still impacted by the flood we have several immediate needs.

1.) As we start to face some winter months ahead. Most of the flood victims are still in a rebuilding phase. This means that some do not have any source of heat, and some are without shelter.

2.) Most warm clothing was either destroyed or has already been given away to victims.

3.) The food pantries are being overwhelmed and are running low on all supplies.For this we are asking for any and all help to replenish our disaster relief.

Needed supplies are:

1.) Winter clothing

(coats are a priority)

2.) Boots

3.) Gloves

4.) Food

(ranging from meat to can goods)

5.) Building supplies

(insulation, drywall, screws, nails, doors, windows, furnaces)

6.) Laundry detergent

7.) Dish soap

8.) Blankets

9.) diapers

All donations are tax deductible that are given to either the Pay it forward Ministries or The Salvation Army.

Monetary gifts or gift certificates/vouchers are greatly appreciated

All gifts and donations can either be mailed to PO Box 204 in Kirkwood IL 61447

Or Dropped off at

111 south 6th street in Oquawka IL

Thank you for your time and support,

Pay it forward Ministries & the Salvation Army

Donations of clothing and household items for flood survivors can be left at:

Pay it Forward Ministries at the Oquawka House of Prayer, 111 S. Sixth St., Oquawka, Ill., from 9 to 3 p.m. Monday through Saturday and by appointment on Sunday. There also is a location in Burlington, but people first must call (309) 313–4973. The organization also will pick up items people have to donate. For more information, call Shawn Moede at (309) 313–4973.

There is an constant/urgent need for Electric Skillets and now folks are starting to ask for Washers/Dryers. This site has plenty of storage space to contain large items/appliances.

The new Distribution hours affective 7/31/08:

Tuesdays 1–5 pm

The Monroe County Sheriffs Department Animal Management Officers respond to animal related complaints and problems received from the public. They also patrol the county looking for animals at large and violations of the county animal ordinances. The Animal Management Officers primarily deal with domestic animals and livestock problems, however they are called on to deal with injured wildlife.

The Animal Management Officers work closely with the Bloomington Animal Shelter investigating the abuse/neglect of animals. Officers perform home/yard inspections on all individuals wishing to adopt an animal from the shelter. They also investigate animal bites to humans and animals and ensure proper quarantine monitoring of all involved animals.

The Animal Management Officers provide 24 hour emergency service and assist Monroe County Sheriffs Deputies with animal related cases.

We encourage the public to call us regarding anything they feel needs addressed concerning animal issues. Without public interest, we would be unable to perform our duties to full capacity.

Choosing the Right Animal for Your Family

Don't let the enthusiasm for getting a new pet overshadow your common sense. There are several things to consider before choosing the right pet to be a part of your family. Companion animals rely on us almost entirely to meet their needs and this responsibility should not be taken lightly.

1. Consider your family's lifestyle: Will you be at home enough to fulfill the needs of a pet, such as exercising, socializing, training and grooming?
2. Consider your home environment: Will your pet be indoors, outdoors or both? Do you have a small or large yard? Is your yard fenced? Do you live in a house or apartment?
3. Consider the ordinary and the unexpected expenses: Vaccinations, worming, flea control, food, toys, leash, collar, treats, spay and neutering or possibly a serious illness.
4. Consider the pet itself: How energetic will the pet be? How big will the pet get? What is the pet's temperament?

Many pharmaceutical companies have programs to help people who have long–term medication needs and limited financial resources. The Bartholomew County Medication Assistance Program, working with an individuals physician, helps that person apply for free or low–cost medicine offered by the drug companies.

The program coordinator is a Registered Nurse. The staff identify sources of help for clients, assess eligibility, prepare applications and ensure eligible clients receive needed prescriptions.

Typical medical conditions covered:
* Allergies

* Anxiety/Depression
* Arthritis
* Asthma
* Diabetes
* Gastrointestinal Disorders
* Heart Disease
* Hormone Replacement
* Hypertension
* Other Chronic Illness

Eligibility Guidelines:
* Receiving medical services from a physician in Bartholomew Co.
* Unable to pay for prescribed drugs due to financial hardship
* Currently under treatment for chronic illness such as diabetes, hypertension, arthritis or asthma
* No insurance coverage to help pay for prescriptions, and ineligible for Medicaid or other public assistance
* Medicare beneficiaries may qualify if they have no prescription drug coverage through another plan
* Meet all drug company eligibility requirements (proof of income and U.S. Citizenship is often required)

The prescribing physician must be willing to participate as required by the drug companies.

Anyone interested must meet the following guidelines:
* Be a resident of Bartholomew County
* Have income below 180% of the Federal Poverty Guidelines
* Have no prescription coverage through insurance, Medicare supplement or Medicaid
* Be able to prove residency and income

Both the chronic program and the immediate assistance program are the result of a community collaboration between the Healthy Communities Initiative of Bartholomew County and a number of partners. In addition, local donors have made generous contributions to make these services possible.

6/30/08:
It is a very active place currently, as we are preparing and delivering dinners to most of the Flood Victims. Our First Day we delivered 60 meals. From there it has jumped to as high as 650 !!

We are always looking for Volunteers to help box the meals each day, or deliver them. Also,any donations of food are very much appreciated,as we have a very small budget. We are also a collection center for any items, except clothing, to help the Flood Victims.

Flood Relief

Dear friends in Christ,

Our neighbors, and many we do not know personally, have been affected by the recent flooding in Columbus. Through this website we want to keep you informed with the relief efforts AND to encourage your volunteerism in assisting these individuals and families...

In order to assist those affected by the devastating flood this past week, the congregation of First United Methodist church will be reaching out to those in need. We will focus on collection of non–perishable food items for Love Chapel, monetary donations made out to FUMC with Love Chapel or Red Cross in memo. Also, liquid landry soap, and large plastic totes with lids to be distributed to Love Chapel and San Souci. Donations may be placed in boxes at the office entrance to the church just off the main parking lot. For questions call the church office at 372–2851. We will also be organizing groups to help with clean–up at the homes of church families. If you are in need or know of an FUMC family affected by the flood that has not been contacted by a church staff member, please call the church office.

Staff, pastors or other church members have been in touch with all affected to make sure they were safe and in some cases, work teams gave hands on help. Your donations of food and cleaning supplies have been delivered to appropriate agencies.

Hundreds of lunches and hot meals have been delivered daily to homes of church members, neighbors and others in need. Starting next week, lunches will be provided upon request when there is a scheduled day for volunteers. Call the church office (372–2851) at least 24 hours in advance to arrange.

THANK YOU to the many who have already donated money, cleaned, shoveled, consoled, baked, delivered and supported their friends and neighbors in countless ways. As the weeks and months pass, there will be many opportunities for members to continue help. Please call the church office (372–2851) if you would like to be added to the list of volunteers. If you have already called but not heard back, please be patient. Many families do not quite know what they need at this time. Most are waiting for damage to dry out to see how extensive repairs will be.
RIGHT NOW you can also do the following:

–Continue to pray for our community. On Sunday, a list of those directly affected by the flood will be in the bulletin so that you can pray for each individual family
–Help anyone you can, any way you can! This IS the time to keep in touch with those you know were affected!
–Donate $ to Love Chapel or Red Cross (directly or payable to FUMC)
–Drop off a new toy at the church for someone who lost theirs in the flood (Shower of Toys)
–Donate blood.
–Drop off non–perishable foods or cleaning supplies to the church or Love Chapel.

Rebuilding Columbus One Meal at a Time

Local restaurants are coming together to raise funds for flood victims. The following restaurants are donating proceeds from meals to the Ecumenical Assembly and the funds will be used 100% for building supplies for uninsured flood victims. PLEASE patronize these restaurants and help your community rebuild.

Sunday, July 6– Baby Back Blues – all day
Additional opportunites will be provided as they become available.

If you or someone you know are scheduling a volunteer work day to repair flood damage, sack lunches will be provided for the work crew. Call the church office 24 hours in advance to arrange.

New toys are being collected for children who lost theirs. Drop off at FUMC or Lincoln Central Neighborhood marked "Shower of Toys".

Seymour First has a lot of clothing, baby clothes, household goods and some furniture at the church. Call Margaret at 812–522–1137 or Mgladneyfumc@htonline.net for further info.

UMCOR (United Methodist Committee on Relief) is organizing in Columbus at Asbury United Methodist. Additional information will be posted as it becomes available.

Food, Cleaning Supplies and Monetary donations can continue to be made through FUMC.

Those that wish to make a monetary donation to Nancy Seaborne's son & daughter in law (who are expecting a new baby and lost all their home furnishings including newly purchased baby items) can donate to the "James and Stephanie Seaborne Relief Fund" and mail it to 2615 Dogwood Court, Columbus, IN 47203.

If you did not receive an e–mail this week from the church office, and can be reached about volunteer opportunities via e–mail, please send your e–mail to tfields@fumccolumbus.org

First UMC is partned with Love Chapel to collect donations for them. See CAT Facility entry for the Love Chapel at: https://reliefdb.org/shelters/3309

Volunteer Action Center is opening a Volunteer Reception Center at 8 am Tuesday morning to begin registering volunteers to help with relief and recovery for flooding victims. Many individuals and groups are reaching out to the Volunteer Action Center looking for ways to serve the community.

If you could use the help of volunteers please complete the attached Volunteer Request Form for each volunteer need you have and return to Volunteer Action Center as soon as possible.

All volunteers will be processed through the Volunteer Reception Center, including interviewing and screening and will be assigned to your agency per your request, including specific shifts, number of volunteers and number of hours needed, defined skills needed, etc. All volunteers processed through the Volunteer Reception Center will be interviewed and screened for appropriateness for your volunteer need and they will be given training on any designated safety concerns. The only screening that I will not be able to complete is a criminal background check or sex offender registry check. Should these screenings be a requirement for your agency, you will need to do these checks yourself.

The Volunteer Reception Center will notify your agency if volunteers are assigned to you so that you will know who is coming and when to expect them. All volunteers assigned to a volunteer opportunity through the Volunteer Reception Center should arrive at your designated location with proof that they received their assignment through the VRC. At this time, proof will be in the form of a bright pink slip signed by a Volunteer Reception Center representative.

All personal information on each volunteer will be maintained by Volunteer Action Center and will be available for your records upon request. Volunteer hours will be tracked by VAC.

Please feel free to contact me at 375–2210 or 314–2710 if you have any questions or need more information. The Volunteer Reception Center and volunteer needs will be marketed by VAC through QMIX, White River Broadcasting, and the Republic as well as on First Call for Help 2–1–1 and Volunteer Bartholomew websites.

Thank you for your participation and collaboration with VAC during this very difficult time for our community.

6/11/08:
Thousands of Indiana families are facing devastating loss today as flood waters and tornadoes have swept across the state over the last week. Your help in volunteering is needed now. Volunteer crews are beginning work today to help salvage possessions, clean out homes and help flood victims. You can volunteer in counties across south central Indiana. Volunteers and heavy equipment are needed for Friday and Saturday especially. Teams will be working for the next several weeks.

You can also help fill food and supply pantries. Donations of pantry supplies and cleaning products are needed.

You can also donate to HCRN to help us as our staff works with state officials and other volunteer organizations to bring help, hope and healing during this very difficult time.

Donations can be made on–line via credit card or mailed directly to our offices.

Hope Crisis Response Network – HCRN is a not–for–profit 501c3 organization located in Northern Indiana. The mission of HCRN during times of disaster is to: 1) coordinate and deploy volunteers, resources, and financial assistance to the affected areas; 2) serve as advocates to help victims obtain assistance from appropriate agencies and organizations;

and 3) assist in devising and implementing post–disaster long term recovery plans for local communities.

Volunteers are the most valuable and vital resource for any recovery. It is not only our responsibility to provide well–trained volunteers but to equip them with the tools they need to do the job. The secret to having motivated volunteers is to be well prepared and take good care of them. We work within the community to make sure that each of our projects is well planned and managed in a safe and friendly working environment.

When a disaster is declared, HCRN is called upon to provide assistance in all four stages of a disaster:

Stage One– The Emergency
or the 1st Responder

Medical
Security
Food for distribution
Coordinating effective donations
Coordinating volunteer response
Establishing local partnerships

Stage Two– The Relief

Food distribution
Debris clean up
Roof tarping
Home repairs
Medical clinics
Advocacy

Stage Three– The Recovery

Advocacy
Long Term Recovery Committee
Rebuilds

Stage Four– Hazard Mitigation
Community Education

Fishers seeks donations of cash, furniture, appliances for flood victims

PRESS RELEASE
Date of Record: June 24, 2008

The Town of Fishers is collecting donations for flood victims of its "adopted" communities of Lewis Creek and Flat Rock, Indiana, neighboring Shelby County communities devastated by flash flooding. Donations will be accepted at tonight's Concert Series and up until July 6 at Fire Station 91, located behind Town Hall.

"It's a testament to the generosity of Hoosiers that so many groups have come forward to help those communities in our state that have been devastated by flooding," said Fishers Town Council President Scott Faultless. "By donating, Fishers residents can know they've had a hand in helping these specific Indiana communities rebuild."

A needs assessment conducted by town staff found that flood victims attempting to rebuild require large items such as home construction supplies, furniture, home appliances, computers, and monetary donations. A trailer, donated by North American Van Lines, has been set up behind Fishers Fire Station 91 to collect large donations and deliver them to residents.

"Since so many residents will be visiting Town Hall this evening for the popular Concert Series, we're encouraging residents to bring donations with them," Faultless added.

People bringing large donations should drop them off by the North American Van Line trailer parked in the lot just north of the Fire Station. Cash donations and smaller items can be dropped off at the Recreation Tent.

Checks can be made out to ECDC – Disaster Relief. (ECDC stands for Economic Community Development Corporation, a not–for–profit partnership between the Town of Fishers and the Fishers Chamber of Commerce.)

Fishers has pledged its support to Lewis Creek, Flat Rock, and surrounding communities and has sent town employees and equipment to assist the volunteer fire department and help residents in flood clean up efforts.

The Fishers Town Council adopted Flat Rock, Lewis Creek, and surrounding communities after learning from Shelby County Emergency Management Director Mike Schantz that the small, unincorporated communities needed assistance. Faultless and Town Manager Gary Huff toured the communities and met with residents who said they would welcome the help.

Flat Rock and Lewis Creek are located approximately fifteen miles southwest of Shelbyville. The Flat Rock volunteer fire department estimated that 16 homes in the area were completely destroyed by flash flooding and 44 were badly damaged.

Volunteer center going to half–days

By KATY YEISER
Staff writer – dailyjournal.net (Johnson County)

July 4, 2008

Five out–of–state disaster relief experts have come and gone from the county.

They drop in for days or weeks at a time, helping workers at the county's relief center coordinate volunteers or assess damage.

The remaining two experts left Thursday, and the flood relief efforts are now in the county's hands.

Their departure is a sign of where the county is in the recovery process, said Jann Johnson, supervisor for the flood relief volunteer center.

The center will be open only for half–days next week and close the week after, Johnson said.

"We're in a lull where most people have got their homes cleaned and are waiting for them to dry out," she said.

About 700 volunteers registered at the volunteer center for flood relief at Franklin College and visited 346 sites across the county.

They delivered food and cleaning supplies as well as helped flood victims with their damaged homes.

But only a few people are left to clean out their homes and not as many volunteers are being used on a daily bases, Johnson said.

For example, she said, about 30 people helped clean homes and deliver food and supplies to those who didn't have transportation in the middle of the week.

Because of the declining need for relief efforts, the center is in the process of closing down, Johnson said.

When people need to start rebuilding, reopening the center to coordinate skilled volunteers for repair work such as painting or putting up drywall will be up to the newly formed county recovery committee, she said.

The long–term committee will be formed of school, government, community, church, business and other leaders to focus on specific tasks, such as fundraising, education and construction.

The two experts brought into the county agreed that the county was ready to move on to the long–term recovery stage.

Don Corbishley of Rhode Island and Doris Peadilla of California spent their final night in the county helping members of Mount Auburn United Methodist Church pass out cleaning supplies and food to about 65 flood victims in Friendly Village trailer park in the Center Grove area.

Peadilla arrived in the county Monday and was supposed to stay until next week but didn't need to stay any longer because of the declining need for volunteers. She organized volunteers and sent them to different areas in the county.

Both said the community's effort to rid most of the debris, gut and clean homes and coordinate volunteers was one of the most efficient they have seen after a natural disaster.

"When I came two weeks ago, they didn't know where to start," said Corbishley, who is the interim disaster services program manager at the Volunteer Center of Rhode Island.

Corbishley assessed damaged homes in Amity, Franklin, Edinburgh and Prince's Lakes and told people what to do with their repairs.

Now most of the debris is gone, and neighbors have helped each other prepare their homes for repairs, Corbishley said.

Peadilla came Monday thinking she would see debris still littering streets and sidewalks.

"I was impressed to see things were cleaned up," Peadilla said. "I think the county is ready to move forward."

The public health emergency response director at the Volunteer Center of Los Angeles did relief efforts for the wildfires in northern California last year and this year and said the county's zoning technique was something she will try and incorporate at her center.

The United Way divided the county's flood damage into eight sectors and organized civic and church groups in certain areas.

"It gave each community a point of contact. It kept that community feel going because it was the same person in their area helping them," Peadilla said.

She said although the county's was done on a much smaller scale, the idea could be put in action in a city like Los Angeles.

During the experts' stay, county volunteers and workers were able to develop manuals and an understanding of how to respond to disasters, Johnson said.

The consultants learned, too, Corbishley said. He has been with the American Red Cross for five years and has studied how to handle natural disasters, but all of the bookwork went out the window when he arrived.

He didn't truly learn how to assess the damage a flood can do to an area until he was out talking with the victims and seeing their damage in person.

"I've learned more here in two weeks than I have learned in my five years at the Red Cross," Corbishley said.

CENTRAL INDIANA FLOOD
POSES PROBLEMS FOR PEOPLE AND ANIMALS

Record flooding has displaced people and pets from their homes and it will be some time before Central Indiana including Johnson County is back to normal. And while the flooding is beginning to subside, more rain is predicted.

Tax Deductible Donations are being accepted to allow us to help the animals of Johnson County wherever needed. If you would like to help, you may send a donation to HSJC at 3827 N. Graham Rd., Franklin, IN 46131 or donate on line.

The Humane Society of Johnson County is a 501(c)3 not for profit organization that strives to benefit our community by enhancing the companion animal–human bond through education and adoption programs. We are not a government entity. Therefore, we are not a part of Johnson County Animal Control. However, we do work with their shelter on occasion to place the picked–up animals back with their original families or with new homes through our foster program, “Shelter Without Walls.” Please remember, HSJC does not operate a shelter at this time.

We have received so many phone calls from our own members, friends and family that CCG wants to do more to help our neighbors.

With the opportunity of receiving food from Midwest Food Bank, we are now able to offer a food pantry here at CCG.

We are open on Tuesday's from 9am-11am and Wednesday's from 5pm – 7pm. Until we get a good idea of the need, we will allow individuals to pick up once every two weeks.

Food needs this month:

Peanut Butter
Jelly
Canned veggies and fruit
boxes of cereal

If you are able to help in this area please drop off the food during the week at the church office or on Sunday mornings at the Outreach counter.

We also need volunteers. If you are available to help, we need help on the days we are open, as well as other days to help stock the shelves.

Call Kerry Beasley, x259 or by email, if you have any questions regarding helping, or receiving food.

Food, clothing, household items and some furniture available; call Kerry Beasley at 888–6024 Ext. 259 to receive items.

God is good, all the time.
All the time, God is good.

FLOOD VICTIM'S RELIEF UPDATE:

Did You Know...

* 2000 dogs and 3000 cats are born every hour in the United States compared to 415 humans.
* 15 million healthy, loving friendly cats, dogs, kittens and puppies will face death as a form of animal control.
* There are not enough homes for all the dogs and kittens born from pets whose owners simply did not spay or neuter them.
* One unspayed female dog, her mate, and their offspring can produce up to 67,000 dogs on just 6 years.
* One unspayed female cat, her mate and all of their offspring can produce 370,092 in just 7 years.

Adoption Policies

* We do not release any animals for research.
* We try to place only healthy, good disposition animals.
* We require proper facilities before the adoption of animals.
* We require strict adherence to all laws and ordinances.

* We require that all pets receive proper veterinary care.
* We require that all pets be spayed or neutered.
* We do not allow adoptions of pets to minors.
* We do not allow anyone to adopt an animal for someone else.
* We do not place dogs to be used solely as guard or watch dogs
* We do not place dogs for the sole purpose of hunting.
* We do not adopt cats for the sole purpose of mousers or barn cats.
* We only adopt cats to reside indoors.
* We reserve the right to refuse the adoption of animals to anyone.

Pet Overpopulation is the number one killer of dogs and cats in the United States. Each year an estimated ten million dogs, cats, puppies and kittens are put to death in our nation's animal shelters as a method of population control. The majority of these animals were young, healthy and adoptable. In addition, millions of abandoned pets and feral cats suffer on the street as they attempt to survive on their own.

Pet overpopulation is preventable.
The answer: spay/neuter your pets!

The facts about CATS
* A female cat can begin breeding as young as 4 months old.
* One unaltered female cat and her off-spring can produce 420,000 cats in only 7 years.

The facts about DOGS

* Nationally, 80% of the dogs hit by cars are unaltered males searching for mates.
* One unaltered female dog and her off-spring can produce 67,000 dogs in only 6 years.
* As many as 25% of dogs entering shelters each year are purebreds.

U.S. Labor Department resources available for Midwest flood recovery

Online tool provides information on wage, benefits, unemployment

WASHINGTON — The U.S. Department of Labor announces a one–stop Web tool offering a number of resources to assist those negatively impacted by the recent spate of floods in the Midwest.

"We want to make information easily accessible and help quickly available to Americans affected by the devastating flooding in the Midwest," said Secretary of Labor Elaine L. Chao. "In addition to our toll–free telephone number, we've set up a Midwest Flood Recovery Assistance Web page to guide affected residents on unemployment insurance, personal safety during cleanup operations and many other helpful resources for workers and employers."

Displaced, evacuated and otherwise affected workers are encouraged to visit the department's Midwest Flood Recovery Assistance Web page, at www.dol.gov/opa/flood–recovery.htm. Useful information and Web site links will assist victims with questions about benefits, eligibility, the latest information on locations of an operating OneStop Career Center or career service center, links to FEMA for updates on federally–declared disaster counties by state, links to unemployment insurance information by state, paycheck and wage–related questions, technical assistance information from OSHA on personal safety issues involved in cleanup and recovery efforts, and helpful toll–free numbers.

Workers can call the department's toll–free number at 866–4–USA–DOL (487–2365) to get the latest information on where to file a claim and access temporary job information. Impacted workers can place their calls from anywhere and will be directed to sites near them that can take their claims. The Midwest Flood Recovery Assistance Web page will also post the latest Department of Labor news releases, compliance information for contractors and subcontractors working on federally–funded clean up activities, along with valuable information for businesses and employers including important federal filing extensions for business in affected states.

HSJC is preparing a plan to care for animals in the event of an emergency or disaster. Donations of products, supplies, and equipment to use during a disaster are needed. We especially need volunteers who can provide time, services, are expertise during a disaster.

In order to adopt a pet from the Humane Society of Jackson County, you will need to complete an application for adoption. This not only protects our animals, but you as an adopter, and the Humane Society. We want to be sure our animals are adopted to loving homes and will be well cared for. Adoption applications are generally reviewed for approval within 1 to 3 working days.

You must be at least 21 years of age and have identification showing your present address. If you rent your home, you must be able to provide the name, address, and phone number of the property owner or manager. Most apartment complexes have rules and restrictions regarding pets. Please check with your landlord or apartment manager before adopting a pet.

You must be willing and able to spend time with your pet. It takes an average of two months for an animal to adjust to a new home. You must also be able to afford necessary training, medical treatment, and proper care for your pet. You will need to maintain your adopted animal in accordance with the licensing and other laws of the community in which you live. All adoptions come with a spay/neuter certificate redeemable from your local vet.

No animal will be adopted to persons having a history of losing, giving away, selling, or having animals injured or killed by moving vehicles. No animals will be adopted to persons who mislead or fail to provide accurate information on the adoption application. Adopters are legally bound by the terms of the signed adoption agreement and shall be subject to paying any legal fees incurred by the Humane Society of Jackson County in enforcing said agreement.

Volunteers Desperately Needed
Call NW Indiana United Way

Release Date: October 11, 2008
Release Number: 1795–021

Federal and state disaster recovery officials said today that the United Way Regional Volunteer Center of Northwest Indiana is in dire need of volunteers to help flood victims in Lake, LaPorte, and Porter Counties.

United Way officials encourage people to volunteer on their own or to organize a team – of friends, neighbors, coworkers, church members, or others. The area of greatest need is in Gary and Munster, Indiana.

People are needed to help flood victims in a variety of ways: to pull up carpeting; to remove and clear out drywall or paneling; and, to clean and sanitize flood damaged homes. Those who are able can help to lift heavy furniture, refrigerators, and stoves.

Anyone who can give some time and energy to assist their northwest Indiana neighbors with restoring their homes to clean, livable, sanitary and safe conditions is welcome. Just call the United Way Regional Volunteer Center of Northwest Indiana, in Munster at 1–219–836–5390 and in Portage at 1–219–763–3292.

HURRICANE SANDY RESPONSE 10/12:
http://www.nechama.org/index.php/news/85–nechama–takes–action–responds–to–sandy

Hurricane Sandy has dramatically impacted the Mid–Atlantic region of the United States. NECHAMA staff will arrive in the NY & NJ area later today. We will begin assessing cleanup needs and meeting with local partner organizations once first responders and utility crews have secured the affected communities.

We will work as rapidly as possible to determine where NECHAMA can be of service and then establish a base of operations. At that point we will provide details on how to volunteer with us on the ground. NECHAMA has deployed a disaster response trailer from our headquarters in Twin Cities, MN to support this effort.

Though we are still gathering info and working the logistics regarding volunteer opportunities, you can register your interest and availability via this webform:

https://docs.google.com/spreadsheet/viewform?formkey=dDZjcFNjeklFOGptZWNiQmJ0by0yUXc6MA#gid=0

Please donate. Your gift strengthens our ability to quickly bring critical aid and comfort. We will provide additional updates as our response to Hurricane Sandy develops . Thank you for your support of NECHAMA and your generous donation to support these efforts.

2012 HURRICANE ISAAC –
http://www.nechama.org/index.php/news/71–hurricane–response–volunteer–opportunity

Initially we are focused on assisting Jackson County and other hurricane–affected communities in southern Mississippi with flood cleanup, clearing damaged trees, and temporary roof repairs. These volunteer services offered by NECHAMA will support ongoing recovery efforts across Southern Mississippi. NECHAMA continues to be in regular contact with our voluntary organization partners working in Louisiana and anticipates assisting communities there as well.

We are planning on working in Mississippi and Louisiana until Sept. 14, 2012. We have established a base of operations in Biloxi, MS, a coastal community with a history of welcoming volunteers from across the country. If in the coming weeks there are still pressing needs to be addressed and if we are able to raise funds to stay longer, we will consider extending our deployment.

Heavy Rainfall
June 20th, 2012

We are looking into reports of 6+ inches of rain overnight & flash flooding in Duluth, MN area. Mostly reports of road damage thus far. We will update our Facebook page and website as we know more.

Monetary donations:
The best way to help Joplin now is to call 1-800-SAL-ARMY or go to www.SalvationArmyUSA.org to make a donation by credit card. Checks may be mailed to The Salvation Army, PO Box 21787, St. Louis, MO 63109-0787. Please designate the gift "Joplin Tornado." Cell phone users may also text the word JOPLIN to 80888 to make a $10 donation charged to their cell phone bill (text and/or messaging charges may apply).

Donations of used Household Goods and Clothing:
Due to the high expense and time demands associated with delivering your gently-used household goods and clothing (gifts-in-kind), The Salvation cannot guarantee that any individual gifts-in-kind donated now will be sent to the disaster area. In time of disaster, our stores fill these needs from existing, pre-sorted stock. By continuing to donate gently-used household goods to your local Salvation Army store, you not only help your community, you help us prepare for future disaster relief needs. To find your nearest drop-off location, please go to www.satruck.org.

Update May 27, 2011 –
The Salvation Army Continues to Provide Essential Aid to Residents of Tornado–Damaged Reading, Kansas while Mass Feeding Operations Continue in Joplin and Sedalia

KANSAS CITY, MO – Nearly one week after a tornado devastated the town of Reading, Kansas, The Salvation Army continues to provide essential aid to residents who have lost their homes, jobs and most of their possessions.

Since the disaster, which occurred last Saturday night, Salvation Army caseworkers have met with 231 individuals who reside in Reading, providing nearly $40,000 in direct financial assistance to help families obtain immediate necessities, including clothing, food, medicine and shelter.

In addition, The Salvation Army continues its mass feeding operations in Reading, serving meals, snacks and cold drinks to more than 1,000 people over the last six days, including emergency crews, volunteers and residents.

Meanwhile, Salvation Army emergency disaster teams (EDS) were among the first on the scene in Joplin, Missouri, after that city was struck by a massive and deadly tornado late Sunday night. Currently, The Salvation Army has a total of six mobile feeding units that, to date, have served more than 26,000 meals, snacks and cold drinks to people throughout the affected areas of the city.

The Salvation Army has also stationed a mobile feeding unit in Sedalia, Missouri, which suffered damage in a tornado Wednesday. EDS crews have served more than 100 people in that city.

Monetary donations to help The Salvation Army's tornado relief efforts in Reading, Joplin and Sedalia may be sent to: The Salvation Army, 3637 Broadway, Kansas City, MO 64111. Please designate the donation "Tornado Relief". Credit card donations may be made by calling 1–800–SAL–ARMY or going to www.salvationarmyusa.org.

9/5/08:

Just spoke to Aaron Funk. They are deploying to Baton Rouge and should arrive by 9/6/08. They will set up at least one kitchen in that location, and assess the need on arrival for any additional kitchens. They are also assessing The Houma Indian Nation in Terrebonne for hot meals needs.

They will have to double back to FL in 1 1/2 weeks to serve post Ike and are on standby for both Hanna and Ike.

ARRR is a grassroots emergency response network organized to provide first wave relief kitchens, safe drinking water, medical assistance, and a child safe playarea to communities immediately after a disaster.

We are dedicated to mobilizing our assets and resources toward these goals. Utilizing the collective experience of mass feeding in some of the most remote areas of the American wilderness. Coupled with the over whelming success of the New Waveland Cafe during the ultimate test of Katrina. We are prepared to respond.

Currently we are working to create a broad platform for other grassroots reliefs efforts to work in concert. During a disaster it can be very difficult to coordinate even the most basic logistics needed to actually deliver direct aid. We would like to invite other grassroots relief groups and community based organizations to join our network. We are much more powerful together than alone. And an efficient , coordinated, and comprehensive approach is the only way to guarantee success.

2011 April Tornadoes

This past week, Iowa and Wisconsin were hit with a series of destructive tornadoes. While we have been assisting Neighbors Across the Land Disaster Relief & Recovery (NATLDRR) in those areas, Katrina's Angels has been contacted by a group of people in West Fargo, North Dakota in need due to the constant flooding in their area. They are once again sand–bagging and pumping to keep the waters at bay. Katrina's Angels has stepped in to help.

The people of this area of North Dakota are devastated. The economy is already strained, and many are without flood insurance because they simply couldn't afford it. Many children are without everyday necessities like underwear, sox, pacifiers, diapers, toys and books. We need donations so that we may purchase items for those children as well as for the adults who care for them. We currently have a team led by a Katrina's Angels Community Coordinator who lives in the area. She is being joined by several volunteers on the ground.

SEE WEBSITE FOR FULL DETAILS!

11/6/2010
There has been flooding in various parts of the country, and Katrina's Angels (http://www.katrinasangels.org/) has a request. Can anyone please donate to Katrina's Angels (http://www.katrinasangels.org/Donate.asp) so we can get school supplies, slippers, and socks for kids affected by the recent flooding? These would make great Christmas gifts.

Katrina's Angels, Inc. is a 501(c)3 non–profit disaster relief organization so all donations are tax–deductible.

Also needed is money and/or flood bucket clean–up supplies like bleach and mops. And if anyone has drywall or flooring you can donate, please contact info@katrinasangels.org.

Episcopal Relief & Development Reaches Out to Partners in Hurricane's Path

November 20, 2012

Eight deacons from the Episcopal Diocese of New Jersey gathered at the diocesan center in Trenton on November 19 to learn how to facilitate FEMA (Federal Emergency Management Administration) disaster assistance registration. The training was held

by members of Episcopal Relief & Development's US Disaster Program and Partners in Response team as part of the organization's response to Hurricane Sandy.

December 31 is the deadline for registering with FEMA. Individuals in impacted areas should first check the published disaster declarations to see if their county is eligible for federal assistance. Once eligibility is established, residents should register with FEMA before December 31 in order to be able to apply for assistance as it becomes available.

"FEMA registration is fairly straightforward, but getting people to jump into the process can be a challenge" said Dave Baylor, Diocesan Disaster Coordinator for the Episcopal Diocese of Olympia and member of the Partners in Response team. "Some people just need encouragement, but others need assistance filling out the forms or getting their materials organized ahead of time. This is where deacons and parish volunteers can really be of help."

Deacons from around the diocese were encouraged to identify and recruit volunteers from their congregations who could accompany people through application processes for disaster assistance funds, including from FEMA, insurance agencies and others.

The FEMA registration assistance training session in New Jersey came at the end of a week–long visit by members of the Partners in Response team to areas that were impacted by Sandy. Episcopal Relief & Development is also working with the Episcopal dioceses of New York, Long Island, Newark and Connecticut. In addition, the agency continues to support its Church partners in the Caribbean as they distribute water, food and supplies for home reconstruction.

The immediate relief phase of the response is now winding down, but the need for local volunteers, cleaning supplies, construction materials, furniture and appliances will continue well into the recovery phase. Please support these efforts by contributing to the Hurricane Sandy Response Fund, which will ensure that help reaches where it is most needed.

From the NYVOAD Member Directory:

Organizational Structure

BonaResponds is volunteer organization that aims to help people. We got our start in the aftermath of Hurricane Katrina as a disaster response organization. Since then we have grown into a local volunteer organization that has about 60–70 workdays a year both locally and nationally.

BonaResponds operates largely as independent but under the University's supervision. We pride ourselves on being open to all. There is no requirement for any University connection to participate as either a member or leader. BonaResponds' board of advisors is made up of approximately 1/3 experienced long term volunteers from around the country whom we have worked with, 1/3 alumni and former BonaResponds students, and 1/3 current SBU faculty members. Additionally 2 positions are held by current students.

Disaster Program

BonaResponds was started purely as a disaster response program and while we have grown into a year round organization that works frequently in non–disaster projects, the core of what we do remains disaster response.

We have responded to disasters in Mississippi, Louisiana, Alabama, Arkansas, Missouri, Iowa, Texas, Georgia, Ohio, Pennsylvania, and New York. The disasters have ranged from hurricanes, to floods, to tornadoes, to fires, to snow storms. We have been both the lead–group coordinating other volunteers as well working under other groups. Work has included tree work (cutting downed trees and hauling away), mudding out houses, gutting houses, and even tearing houses down completely. We have also helped with roofing, construction of new homes, and dry–walling houses that were damaged in disasters.

School Supplies for Haiti

We will be sending a shipment of school supplies to Haiti. Thanks so much to all who have donated! We are collecting a variety of extra school supplies, including notebooks, pens, pencils, markers, crayons, calculators, backpacks, and other items. School supplies will be sent to schools and orphanages in Haiti.

School supplies may be dropped off at the following locations:

* 231 Murphy Building (west side of SBU campus),
* Allegany Park and Shop,
* Abbott Welding in Olean,
* WESB 1490 Radio Station in Bradford,
* or call 716–375–2111 to arrange a pickup

VOLUNTEERING: http://www.bonaresponds.org/lsd.html

We work locally most weekends. Stayed tuned to our blog and Twitter pages to find out about upcoming projects such as Justin's house, trail work, and joint projects with CYC.

TBM DR RESPONDING TO TEXAS FIRES CLEANUP
TBM Disaster Relief has been asked to assist with ash-out work in Texas. The first and most urgent need is for front end loaders and skid steers to remove ash and debris. Cutting torches and operators are also needed to help with removal. Specific locations will be identified next week.

If you have equipment available or cutting torches or know someone who does, contact Joe Henard at joe.henard@gmail.com or 806-570-8655. If you wish to volunteer to work on a clean-out team and you are not connected to a unit, contact Cookie Slate, TBM DR State Volunteer Coordinator at volunteerdr@ texasbaptistmen.org

FROM THE CTX VOAD SITE DATED 9/7/2011 – TX WILDFIRE INFO:

The Texas Baptist Men Region 21 (Austin) SBC Disaster Team Shower Laundry Unit will give showers for approximately two weeks at Ascencion Catholic Church in Bastrop starting this evening, and a large feeding unit from Ft. Worth was set in place at Camp Swift last night.

Free Disaster Legal Services Available To Wisconsin Residents
Release Date: June 30, 2008
Release Number: 1768–041

MADISON, Wis. –– Wisconsin residents affected by recent flooding can request the assistance of a lawyer through a toll–free legal aid line operated by the American Bar Association Young Lawyers Division, emergency officials announced.

The service was organized by Wisconsin Emergency Management (WEM), the Federal Emergency Management Agency (FEMA) and the State Bar of Wisconsin to assist residents of the 29 counties included in the president's disaster declaration.

Those with legal issues arising from severe storms, tornadoes and flooding that struck Wisconsin in June and who are unable to afford a lawyer can request assistance by dialing 877–947–5291, Monday through Friday, 9 a.m. to 5 p.m. Messages can be left at any time and will be answered within 48 hours. Callers should say they need flood–related legal assistance.

Legal services available to qualifying individuals include:

Assistance with issues concerning state and federal benefits.
Assistance with life, medical and property insurance claims.
Help with home repair contracts.
Replacement of wills and other legal documents destroyed in the disaster.
Assistance with consumer protection, remedies and procedures.
Counseling on mortgage–foreclosure problems.
Counseling on landlord/tenant problems.

Any work performed through the bar association cannot result in any monies for either side.

Additional information is available online at www.wisbar.org or www.legalexlplorer.com.

FEMA coordinates the federal government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters, whether natural or man–made, including acts of terror.

Services offered: Assistance * (ANY Type of: Referrals or "How to" Assistance); Assistance, Referrals, Legal Referrals; Hotline * (ANY/ALL Types); Hotline, Legal Advice & Counsel (Disaster Survivors); Services, Document Replacement for Disaster Survivors; Services, Financial, Counseling, Mortgage–Foreclosure Problems; Services, Legal Assistance

A whole lot of info, news, updated flood assistance resources.

The "flood news" link was last updated July 2, 2008, but it appears as the only new info is the road closure info.

There aren't any links on this site, that I could find that link to shelters. Check the facility entry for Sauk County shelter list to get to the page with shelter listings.

PetSmart Charities(R) Dispatches Emergency Relief Waggin' to Cedar Rapids to Help Pet Victims of Midwest Flooding
June 13, 2008: 07:04 AM EST

PetSmart Charities will dispatch its Emergency Relief Waggin' stocked with emergency pet supplies to Cedar Rapids, Iowa today to help the pet victims of recent flooding. The 53–foot trailer contains enough pet products, food and supplies to support up to 500 companion animals.

The trailer will be dispatched from PetSmart's (NASDAQ: PETM) Ottawa, Illinois distribution center loaded with food, crates, beds, bowls and other items required for the animal relief effort. The ER Waggin' will be received by the City of Cedar Rapids at the Kirkwood Community College, 6301 Kirkwood Blvd. S.W. in Cedar Rapids later today.

Additionally, PetSmart Charities will be donating pet food and supplies to the City of Waverly, Iowa, the Brown County Humane Society in Indiana and the Dodge County Humane Society in Wisconsin.

Make a credit card donation via the PetSmart Charities Web site at:
www.PetSmartCharities.org
–– Mail in a check donation directly to: PetSmart Charities
Attn: Emergency Relief
19601 North 27th Avenue
Phoenix, AZ 85027
(Please write "Emergency Relief" in the memo section on the check.)

PetSmart Charities provides immediate emergency relief funding and supplies to assist pets affected by hurricanes, earthquakes, fire and other natural disasters. PetSmart Charities also provides emergency relief for pet victims of man–made emergencies including pet hoarding situations and puppy mill rescues.

Funds raised will be used to aid pets affected by this rescue and other future disasters.

About PetSmart Charities, Inc.

PetSmart Charities, Inc. is an independent 501(c)(3) nonprofit organization that creates and supports programs that save the lives of homeless pets, raise awareness of companion animal welfare issues, and promote healthy relationships between people and pets. Since 1994, PetSmart Charities has funded more than $70 million in grants and programs benefiting animal welfare organizations and, through its in–store pet adoption program, has helped save the lives of more than 3.2 million pets. To learn more about how PetSmart Charities is working to help find a lifelong, loving home for every pet, visit www.petsmartcharities.org or call 1–800–423–PETS.
