1/27/12 Setting up to work from Rec. Center in Centerpoint this weekend.

(from the website)

About Hands On Birmingham

Hands On Birmingham (HOB) is a valuable resource to nonprofit agencies, schools, and neighborhood associations as well as ANYONE looking for a place to serve. HOB is a Birmingham-based nonprofit organization that makes it easy for busy people to volunteer. The majority of Hands On Birmingham's service opportunities are held after traditional business hours or on the weekends. Established in 1998, Hands On Birmingham is a member of Hands On Network. Hands On Network is currently made up of 58 national and international volunteer organizations.

Our Story

Hands On Birmingham, Inc. is an Alabama not-for-profit corporation committed to providing flexible, hands-on volunteer opportunities for individuals whose work and life challenges prohibit their active involvement in traditional volunteer programs. HOB is a tax-exempt organization founded in August 1998 by a group of young professionals who believe that the keys to strengthening the Birmingham community are:

• Serving others

• Meeting the needs of the less fortunate

• Creating a large, diverse force of volunteers

• Developing citizen leaders to assume a more prominent role in the volunteer community

• Solving existing problems rather than merely complaining about them Hands On Birmingham has a three-prong strategy for encouraging volunteerism in Birmingham: (1) emailing a volunteer calendar containing a description of worthwhile, hands-on projects for working adults, families, and corporations that mostly occur after conventional work hours and on weekends; (2) involve corporations in employer-sponsored, team-building group volunteer projects; and (3) sponsor an annual Hands On Birmingham Days to bring together thousands of volunteers from all over Birmingham in a day of service to others.

1/23/12 VOAD Conference – LMA/LDR is doing debris removal in Clay. Working out of Faith Lutheran Church on Deerfoot Parkway, Trussville. Tues.–Thurs 9–2pm

FROM THE SITE:

Disaster Relief

Lutheran Ministries of Alabama Disaster Response is a collaborative social ministry program of the Southeastern Synod of the Evangelical Lutheran Church in America (ELCA) and the Southern District of The Lutheran Church–Missouri Synod (LCMS). We support children and families an Alabama that have been affected by natural disasters, social inequities, or personal challenges by seeking to demonstrate Christ's compassion for people by promoting hope, healing, and wholeness for disaster survivors.

It is nearly impossible to predict when or where a disaster is going to take place. It is possible, however, for faith communities to prepare for what may happen. Disaster preparedness readies God's people and congregations for the unexpected disaster when it does happen and provides for a more organized and efficient response by all involved.
PREPARING FOR DISASTER - A GUIDE FOR LUTHERAN CONGREGATIONS

PREPARING TO RESPOND

LDR helps congregations be effective and important participants in their communities' recovery from disaster.

As part of the community, congregations have opportunity and responsibility to respond to disaster. The human needs and psychological scars left after a disaster require care beyond the restoration of physical needs. Putting lives back together after these events requires care, hope and love. Counseling, understanding and direction enable people to cope with their anger, guilt, tests of faith, loneliness and turmoil.

A time of crisis is often the best time for Christians to demonstrate the reality of God's healing grace through caring and sharing. The Preparing for Disaster - A Guide for Lutheran Congregations manual is provided to assist congregations prepare for disaster.

Services offered: Cleanup, Disaster Debris Removal, Volunteer Services; Counseling, Post Disaster Counseling; Counseling, Spiritual; Demographic Served: Children; Demographic Served: Survivors, Natural Disaster Impacted Communities; Long Term Recovery Support; Services, Disaster Preparedness; Support for "All Local" Disasters; Training Classes, Disaster Ops, Training for Case Managers

1/27/12 – Attending VOAD conference calls for 2012 Tornadoes in Ala.

FROM THE BLOG:

Alabama Update
May 19th, 2011

NECHAMA, along with our partners, JDRC in conjunction with the Bronfman Center at NYU and Knesseth Israel Congregation, want to update all of our volunteers regarding the status of the tornado cleanup work in Alabama.

NECHAMA has determined that the cleanup efforts in Alabama are happening more quickly than could have anticipated. With this in mind, NECHAMA is actively considering the creation of a rebuilding project in the Birmingham area. However, that project won't get started until sometime in August. NECHAMA is also planning to get involved in flood cleanup along the Mississippi, potentially in the area of Vicksburg, MS and points south. However, our flood cleanup plans can't be made until after area rivers

have crested and the water has receded. As soon as we have any information regarding our possible involvement in flood cleanup, we will let you know.

As for Birmingham:

We are able to take volunteer groups or individuals in the Birmingham, AL area for cleanup work through the middle of June. You can volunteer for a day or a week. Most weekly volunteers come in on Sunday and leave on Friday.

Thanks to the efforts of Knesseth Israel Congregation and the JDRC, arrangements have been made to house and feed all of our volunteers with glatt kosher food. Volunteers will sleep on the floor of the synagogue with sleeping bags. There will be separate rooms for males and females. Of course, you can always stay in a hotel at your own expense if that is preferred.

All volunteers are responsible for their own transportation to and from Alabama and to and from the work site. We may have a 12 passenger van starting June 1st that will help with some volunteer transportation to and from the work site. Carpooling may also be available. The closest airport is BHM or Birmingham.

If you volunteer, you will need to bring all your own personal items: Toiletries, towels, closed–toe shoes, long pants for the work site, sunscreen and bug repellent. Since we are being housed in an Orthodox shul, modesty is required; we ask that your dress code is also modest. (no short–shorts, etc.) In addition, no outside food may be brought in the shul unless it has the OU certificate. NECHAMA also provides all the safety equipment, tools, work site and all expertise that is needed to ensure a meaningful volunteer experience. The work involved in this project is primarily debris and tree cleanup.

We do ask volunteers for a donation of $18 per person per day to help us cover the cost of food and other expenses.

Please let us know your plans to become involved with this deployment including your dates of arrival and departure. I will be happy to assist you in any way that I can be helpful.

Finally, I will be in Israel May 22– June 1. During this time, my assistant Miriam Apter will be able to help.

Thank you and we look forward to partnering with you. To volunteer please contact us at www.recovery @ kicong.org.

NECHAMA Responding to Southern Storms
May 4th, 2011

NECHAMA IS RESPONDING TO THE RECENT TORNADOES

This is a defining moment for disaster response organizations! As you have heard, in a 72–hour period on April 25–28, Alabama and Mississippi were hit by 362 tornadoes with over 300 fatalities. In the Tuscaloosa–Birmingham area alone, 65 people died. The scale of damage from these storms is being compared to Hurricane Katrina! Given the enormity of the damage and the tragically interrupted lives, we can't lose focus at a time like this. Thousands of our friends and neighbors in those areas need our help.

NECHAMA – Jewish Response to Disaster is on the ground in the Mississippi/Alabama area and is making its deployment plans in order to respond to the overwhelming needs of the people in this region. NECHAMA is initially expecting to deploy for a minimum of four months. Our ability to respond will be dependent upon our ability to raise sufficient funds, hire the necessary staff and purchase the needed equipment to conduct a deployment of significant duration. It will also pay for the increased use of fuel ($4.00/gallon!).

NECHAMA needs to increase its disaster recovery capabilities, thereby serving more victims, while at the same time maintaining its ability to respond to the inevitable natural disasters that will undoubtedly occur during the remainder of this year. NECHAMA will need to leverage incremental resources so that we can help more people, provide increased volunteer opportunities and train other faith–based groups to perform disaster response and recovery. Based upon an initial four–month deployment, NECHAMA will need emergency funding in the amount of $100,000.

Depending upon the availability of sufficient funding, etc., NECHAMA will be in a position to commence our deployment within the next week or so. When it deploys, NECHAMA will coordinate volunteer groups from Federations, synagogues, agencies and other groups of unaffiliated volunteers. We will also continue to coordinate our efforts with our partners in the faith–based disaster response community.

Please contribute funds to make this deployment possible, Click DONATE and/or if you are interested in volunteering in this effort, please contact NECHAMA at 763–732–0610 or email us at Amy Cytron: info @ nechama.org.

We will be in contact with you as our plans develop. Thanks in advance for your help and support.

Tornado Disaster Response Update from Rev. Matt Lacey
4/28/2011
Rev. Matt Lacey

I have been overwhelmed with the hundreds of phone calls and emails I have received asking how folks can help during the recovery process. God truly moves through and with us during these times. Today we have begun to distribute relief through the various districts, and we are making some great progress in evaluating everything. We are currently establishing a network of "home base" churches in affected areas to assist in storing supplies, staging volunteers, and housing those affected. If your church may be interested in this, please let me know by emailing me at mlacey @ northalabamaumc.org.

I encourage you to follow the conference website, or find North Alabama missions on Facebook at www.facebook.com/missionsnal

Please understand that I am, quite literally, fielding hundreds of phone calls, and the best way to reach me is through email at this point with that specific information.

We expect to begin organizing and dispatching UMCOR Emergency Response Trained [ERT} individuals at the beginning of next week. If you have been ERT trained, here are the criteria which we are asking you to follow:

Team leaders MUST have a valid UMCOR ERT badge in the last 3 years. Team members must have a valid conference or UMCOR ERT badge in the last 5 years. To volunteer, please visit this site to register. We are taking these criteria very seriously due to the nature of the damage of these massive storms.

If you are not UMCOR ERT trained and wish to be trained, there will be two trainings offered this Saturday.

- Saturday, April 30 at Alabaster First UMC from 8:30am to 5:30pm. There will be a small cost for background checks ($11 which you pay directly) and may be some small cost for materials. There is a limit of 60 people for this training. To register, contact Rev. Mike Edmondson at mtedmondson @ aol.com , ASAP.

-Saturday, April 30 at Cottondale UMC from 8am to 5pm. The cost is $35. To register please contact Rev. John Hassell at cumc@dbtech.net . There is a limit of 40 people for this training.

Please remember that we are a connectional system, and are going through the proper channels to insure everyone's safety and well-being. If you have questions to direct to myself, or anyone on the disaster response team, please be patient as we are trying our best to establish a system through which folks can work.

If your church wants to give an offering, please give through UMCOR's website by clicking here, or making a check out to the North Alabama Conference labeled with the Advance number 3021326.

At this time, we are getting a handle on what supplies are needed. I do know that various churches are collecting supplies. Right now, different supplies are needed in different areas. While we may not guarantee they will get to an United Methodist church, we can guarantee that they will be given out somewhere to someone in need. At this time I am hesitant to post a list of "needed supplies" because we have not yet developed a network to store and distribute those items. Local UMCs may continue to collect items, if they are able to store them, and we will make use of what we have.

This is a trying time for many, and we are called to, with God at our side, help to heal a hurting world. We will release any further information as we receive it. God Bless.

- Matt

Info/Hotline · Open

5271 Old Springville Road, Pinson, AL 35126
Phone 205.854.2027
Service Temporary

1/30/12: Meals will stop tomorrow. Clinic will run through tomorrow (Feb.31st) from 9–3 and then Saturday and Sunday (Feb 4th and 5th) from 10 a.m. - 5 p.m

1/27/12: Church is feeding 3 meals a day to volunteers and community. Also has clothing and other supplies including baby items. Volunteers working out of the Church site are doing tarping and debris removal. Main needs are fresh fruit and snacks.

They report that a lot of people are staying in hotels and that some hotels are allowing supplies for survivors to be stored at the hotel.

St. Vincents Hospital East is doing triage through Tues. Jan. 31st. from 9am–3pm on site.

1/24/12 Posted on the "We Are T–Town" Facebook page:
WATT is partnering with the Clay–Chalkville–Center Point Command Center and Morris Fire Dept. a 501(c)3 non profit and Southern Disaster Relief (headed by Christy Sharit) who are right in the thick of the hardest hit areas in Jefferson County, doing everything they can to help those in need. They are the groups who set up triage at the Winn–Dixie on Springville Rd. in Clay/Chalkv...ille, AL just after the storms hit.

They have now moved their command center to Clearview Baptist Church at 5271 Old Springville Rd, Pinson, AL 35126 These folks have been up for 48 hours now and they are exhausted...WE NEED VOLUNTEERS TO HELP THEM ROUND OUT THEIR SCHEDULES AND GIVE THESE WORKERS RELIEF.

Please, if you live in the area of Clay/Chalkville/Pinson or anywhere near Jefferson County, go tp Clearview Baptist church (adress listed above) and HELP THEM OUT! JUST SHOW UP AT THE CHURCH IF YOU CAN, OR EMAIL SandraReaves @ gmail.com

We are all going to volunteer on Saturday and Sunday and we would love for as many of you, who are interested, to come with us! They desperately need food, Sandra said "real food" so I'm assuming some hot meals for storm victims. I am off on Friday and can go up Friday too, so please PLEASE, PLEASE Y'ALL COME WITH US AND LET'S USE THE HARD LESSONS WE'VE LEARNED TO HELP THEM RUN A SMOOTH OPERATION AND GET SOME FOLKS FED, CLOTHED, AND CARED FOR!

THE MAIN NEEDS AT THIS TIME IN CLAY, AL AND JEFFERSON COUNTY ARE:
1.)"REAL FOOD"
2.)ADULT DIAPERS
3.)SAMS AND WALMART CARDS

email us at info @ wearettown.org or comment here if you want to ride up with us this weekend and volunteer or if you wish to donate some food, adult diapers, or gift cards.
Thanks so much~Lauren

1/23/12 VOAD Conf. Notes
Samaritan's Purse Disaster Relief Unit deployed to the Trussville area.

FROM THE SITE:

April 29, 2011
Alabama Tornado Response

Samaritan’s Purse is helping victims of the violent storms that ripped through the state

Samaritan’s Purse has workers and equipment in Alabama to help victims of a series of violent tornadoes that pummeled the state Wednesday.

We have deployed two of our Disaster Relief Units, tractor–trailers fully stocked with emergency tools and supplies, to serve as command posts for staff and volunteers in the hardest hit areas. One unit is based at Garywood Assembly of God in Bessemer, about 12 miles southwest of Birmingham, and another is being set up in Tuscaloosa today.

“Authorities here have opened the doors and given us the ability to do what we've been called here to do, and to get volunteers in here and allow them to bless people and give them hope in what looks like a hopeless situation to them,” said Rick Cobb, who is leading our team in the Birmingham area.

Our staff is mobilizing volunteers to begin removing debris, making emergency repairs on houses, and demonstrating God’s care and concern to tornado victims.

“There were blocks and blocks wiped out, trees just snapped off and stripped,” Cobb said. “It's just total devastation. People will have to completely start over.”

The severe storms Wednesday spawned tornadoes and winds that wiped out homes and businesses across Mississippi, Alabama, Tennessee, Georgia, and Virginia. Entire towns were leveled, and hundreds of thousands of people were without power. At least 297 people were killed, including 210 in Alabama.

The National Weather Service received reports of more than 150 tornadoes around the regions, including 66 in Alabama and 38 in Mississippi. The worst tornado outbreak in U.S. history occurred in April 1974, when 148 twisters touched down in 13 states over a 16–hour period.

The loss of life is the greatest from an outbreak of U.S. tornadoes since April 1974, when the weather service said 315 people were killed by a storm that swept across 13 Southern and Midwestern states.

WAYS YOU CAN HELP
PRAY:

For the people affected by the storms.
That God would direct our staff to where we are most needed.
That God would be glorified through our work.

GIVE:

Go to the site to help provide the resources needed to help families whose homes have been damaged or destroyed.

GET INVOLVED:

Samaritan's Purse will schedule volunteers to help with this response. More details will be made available as we determine where to work.

Services offered: Cleanup, Disaster Debris Removal, Volunteer Services; Donations, Disaster Fund; First Response Supplies/ Items * (ANY/ALL Types); Heavy Equipment, Skid Steers; Tarps; Tools * (ANY/ALL Types)

for info about rebuilding grants from this group. Or if you don't have access to the password–protected info, call your LDR contact. Reportedly, there are grants available for LTRGs (Long Term Recovery Groups) that are helping rebuild after the storms.

Lutheran Disaster Response (LDR) is a collaborative ministry of the Evangelical Lutheran Church in America (ELCA.org) and The Lutheran Church–Missouri Synod (LCMS.org). Following a major domestic disaster, LDR seeks to minister holistically to the unmet needs of those affected, regardless of faith or creed. Lutheran social ministry organizations serve as LDR affiliates providing:

[1] Hardship Grants
[2] Spiritual and Emotional Care
[3] Volunteer Coordination
[4] Long–term Recovery

Services offered: Cleanup, Disaster Debris Removal, Volunteer Services; Counseling, Spiritual; Grants, Disaster Rebuilding; Heavy Equipment, Skid Steers; Housing, Volunteer Housing * (ANY/ALL Types); Meals, Volunteers, Meals for Volunteers; Sponsorship Program, Children (Resiliency); Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Groups of Volunteers (This facility accomodates Groups of Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Volunteers, Teen Volunteers (This facility accomodates Teen Volunteers)

American Logistics Aid Network (ALAN)

Info/Hotline · Open

AL
Service Temporary

From Website:
Minneapolis, May 2, 2011 - In the wake of last week's devastating storms in the South, the American Logistics Aid Network (ALAN) is working with its relief agency partners to identify crucial needs and communicate them to concerned members of the supply chain community.

"We want to ensure that we respond in a way that does the greatest good," said Jock Menzies, president of ALAN, a non–profit organization that engages the supply chain community in support of humanitarian relief efforts. "At present, providing financial support to agencies working in the disaster area is the most effective. Other specific needs are sure to emerge, and we'll definitely involve our supply chain network in helping to meet them."

As needs are identified that can be met through the expertise and resources of ALAN's member base, association members will be notified, and the needs will be posted on the ALAN web portal: www.ALANaid.org. Organizations that have previously established relationships with relief agencies can work with those groups to coordinate their donations of goods or services.

2:00–3:45 Break–out Sessions repeated

3:45–4:30 Closing Plenary: Questions and Answers

6/7/11: Sent out to all VOADS:

Assistance for Disaster Affected Communities
Following a disaster event many communities find there is a long way to go to find a new normal in their communities. Church World Service has many offerings to help local faith and community leaders understand and carry out the tasks of long–term recovery.

Material Resources
CWS can provide important material resources to disaster affected communities. Emergency clean–up, baby care, personal hygiene and school kits are small packages of supplies assembled by volunteers. The contents have been selected with care based on decades of experience. Kits may be sent to CWS at any time to provide resources quickly whenever and wherever they are needed. For more information, go to www.churchworldservice.org.

Early Response and Sustainability Grants
Grants may be given to local, long–term groups to assist with the initial tasks of organizing and staffing or to sustain the effort over the long term. While many organizations are willing to finance direct aid to persons, CWS is unique in targeting its grants to organizational needs.

Recovery Tools and Training is a full day workshop lead by a CWS Disaster Response Specialist and other experts with information to assist long–term recovery groups to lead a community to a new normal. This workshop covers the full gamut of long term recovery needs, from forming a mission statement to when to close up shop.

First Steps is designed to help newly formed recovery groups know what to do in the organizing stage of development. This three hour, interactive workshop will focus on mission, bylaws, fiscal policies, organizational choices, and fund raising.

Webinar based training is offered on the first Tuesday of each month on an aspect of long term recovery. Three times each year, a six hour series, conducted over 2 days, address the basics of Long Term Recovery. For details and to register, go to www.cwserp.org.

Community Specific Training can be designed by community leaders and CWS Disaster Response Specialists. CWS does not have “cookie cutter” training and will design training on–site or webinar based to address identified needs.

Follow–up Mentoring and Continuing Education recognizes that no one workshop or curriculum can cover all aspects of long–term recovery or address every issue. CWS Disaster Specialists are available by phone, e–mail, webinar, or on–site to answer questions, provide guidance, and assist with unanticipated needs.

Community Arise is a curriculum in eight modules that was developed by some of the most experienced disaster responders in the nation. Interested persons can use some of these modules without an instructor; others are best used with leadership by a CWS Emergency Response Specialist or one of the participating communions. Access this curriculum at www.communityarise.com.

Projects to decrease vulnerability and increase resiliency for persons and communities experiencing vulnerability to disasters aim to increase the ability of those persons to recover from subsequent disaster events. When a resiliency need is identified, CWS will work with denominations and other organizations to find funding, material resources and personnel to carry out the identified project.

Church World Service was founded in 1946 and is the relief, development and refugee assistance ministry of 37 Christian communions in the United States. CWS works in partnership with indigenous organizations in more than 80 countries. The CWS Emergency Response Program helps the faith community play its special role in disasters in the U.S. and around the world. The Domestic Disaster Division of CWS is composed of a team of Emergency Response Specialists in training and project development.

CWS is a national member of Voluntary Organizations Active in Disaster and fully subscribes to the principles of cooperation, coordination, communication and collaboration. CWS ERP will work with participating denominations, ecumenical partners and others to avoid the duplication of services and fully utilize the existing expertise of local leaders.

The programs and services of CWS are available to all persons affected by a disaster. CWS is especially concerned to locate and serve persons who are especially vulnerable to disaster because of economic, ethnic, racial discrimination, age, social or other reasons. The ultimate goal of CWS is to help disaster affected persons and communities achieve recovery.

CWS is financially supported by contributions from the member communions and individual donors. CWS does not receive government dollars for the ERP program. Persons wishing to assist CWS financially can do so at www.churchworldservice.org

All services of CWS ERP can be accessed by contacting the CWS ERP at www.cwserp.org.

Per AlVOAD meeting, this group is helping with the 2011 Alabama Tornado Relief.

The Church World Service webinar series on "Long
Term Recovery Basics" is tomorrow and Wednesday. This series of 6 fifty minute
webinars covers all the basic information that people will need to organize or
participate in long term recovery in communities affected by disasters.

It would be very useful for pastors, mission committee persons, and others who
will be called upon to help their communities in the recovery.

People can register at www.cwserp.org for this free training.

Services offered: * KITS, BABY SUPPLY KITS, NEW Items ONLY; * KITS, CLEANING/CLEAN UP KITS; * KITS, HYGIENE KITS; * KITS, SCHOOL BAG KITS, NEW Items ONLY; Linens, Bedding, Blankets, NEW ONLY; LTRC, Long Term Recovery Committee Advice; School, Supplies, Backpacks (For School Children); Training Classes, Disaster * (Any & All Types); Training Classes, Disaster Ops, Disaster Relief/Recovery, Online; Training Classes, Disaster Recovery; Training Classes, Online/Virtual Training

Service Temporary

Per Convoy of Hope at the VOAD AL meeting on 4/29/11 the following is in place:

2 Mobile Distributions with Relief Supplies are operating effective today in both Tuscaloosa & Birmingham, AL (See HQ locations above under street address).

At this time there is no stationary POD in place, but if it becomes a necessity they will announce activation.

FROM THE SITE:

Convoy of Hope is rushing teams and aid to the South where a massive storm — that spawned dozens of deadly tornadoes — decimated communities and claimed nearly 200 lives in Alabama, Mississippi, Tennessee, Georgia and Virginia on April 27.

Help Convoy of Hope help respond to crisis in the US and around the world.

“Our hearts go out to families who lost loved ones, homes and businesses,” said Jeff Nene, senior director of public relations. “The storm left a wide swath of devastation and we are working closely with state and county emergency management teams to pinpoint exactly where our teams and aid are needed most.”

Nene says Convoy of Hope is rushing food, water, ice chests and other essentials to the South. That’s welcome news for displaced families whose homes have been destroyed and communities where emergency resources are lacking because infrastructure has been compromised.

“One of Convoy of Hope"s strengths is responding to disasters in the United States and around the world,” adds Nene. “Because of our logistical expertise, partners and strong relationships with government agencies and local organizations we can get help to those who are suffering.”

Garywood Assembly of God is the homebase for Convoy of Hope:

FROM THE SITE:

MDS volunteers begin response in Alabama

A team of 13 MDS volunteers left Lancaster County Sunday evening for a week of clean up and repair in tornado devastated Alabama. The volunteers are part of the MDS Lancaster Unit Early Response Team (ERT). The ERT members are trained to work in disaster stricken areas. ERT members clean up and remove debris and make temporary repairs to help prepare the way for long–term repair and rebuilding. They take their own tools, food and water.

MDS Disaster Response Coordinator, Jerry Klassen, and Region II Director, Leonard Kennell arrived in the area one day after the tornado left a path of destruction one mile wide and 19 miles long. Working with the MDS Alabama Unit and local leaders, they are determining where MDS volunteers are needed the most.

“This is huge, this is absolutely overwhelming. I am seeing stretches of leveled houses for miles,” reported Klassen after touring the area. “It is hard to develop language for what I am seeing. This situation will be difficult to exaggerate.”

Two other MDS volunteers traveled to Alabama, each bringing their own heavy equipment along to assist with the clean up. Jim Eicher, Berne, IN, arrived in Alabama 48 hours after the storm hit. Roger Claassen, Plymouth, NE, is also in Alabama, along with his wife Bev, who is helping to coordinate the jobs. Properties are being cleared of debris so repairs can be started.

This is not the first time MDS has been in this part of Alabama. Volunteers worked in Pratt City in 1998 after storms damaged the area.

At this time MDS is only sending in trained teams. Once the debris is removed, groups of volunteers will follow to rebuild. “This will be a long–term project,” explained Klassen.

MDS volunteers have worked in many tornado damaged communities. In 2007, an EF5 tornado flattened the town of Greensburg, KS. MDS worked in the community for over a year restoring homes and lives. Klassen compared it to the Alabama damage, “This situation is multiple Greensburgs.”

MDS volunteers are not paid, but MDS does provide food, lodging, tools and support for them. Donations can be made on this website by clicking on the DONATE button, or by sending a check to MDS. Label the check "2011 Spring Storms". Mail to MDS, 583 Airport Road, Lititz, PA or in Canada, MDS, 6A–1325 Markham Rd., Winnipeg, MB, R3T 4J6 CANADA.

MDS responds to storm damage in many locations

“Damage from storms and tornados in the last two days is being called catastrophic” reports Kevin King, MDS Executive Director. News reports of the tornado that hit Tuscaloosa, AL tell of a path of devastation a mile wide and 19 miles long.

Leonard Kennell, Region II Director, and Jerry Klassen, Disaster Response Coordinator, are in the Tuscaloosa area. They are working with the MDS Alabama Unit, local Mennonite pastors and local authorities to determine where and when volunteers can respond. Trained Early Response Teams (ERT) have been put on standby and will be sent out as the needs are assessed. An ERT team from Indiana is on the way to Alabama.

These last few days of storms follow two weeks of storms and tornados across the country. Damage has been reported in many states. Local MDS Regions and Units have begun clean up and rebuilding efforts in many areas. Clean up projects are taking place in Colerain, NC, Tushka, OK, Arkansas and other communities.

As volunteer needs and details of the MD

3/5/12 – Message from Amelia via AVOAD
Dear AWFC Disaster Responders:

For an update to the situation in Verbena, something that would be especially helpful would be folks with trailers and trucks that could help haul away debris. It doesn't sound like the county is going to take care of much of it.

Other than that, chainsaws and debris pullers is what is needed and probably will be most of the week.

Contact Steve Reneau at Verbena UMC for assignments. (See "other contacts")

From VOAD Conf. 1/23/12
Chainsaw teams working in Clay and Maplesville

From Website:
...The State VOAD has divided the state into regions, which will function as Long Term Recovery committees in the rural areas of the states, especially those we are working in the Demopolis District. This larger organization will provide the vehicle to pool resources, provide case management and strengthen partnerships.

At this time we are providing repair, supplies and personnel into the Demopolis District, Elmore County and Washington County. We have begun discussion of children's recovery camps in the Demopolis area. Training to work those camps will be announced soon. We are also partnering with Lutheran Disaster Services to provide the week long Camp Noah in heavily affected areas.

Chainsaw teams and a presence are needed in Myrtlewood. As the weeks pass, the depression, anxiety and frustration of recovery will be evident in these communities. Pastoral care and counseling will be needed as well.

As we move in positive directions towards recovery, let's remember and actively support our pastors and congregations who are working tirelessly in their communities and have experienced loss. Amelia Fletcher

April 27, 2011

Alabama West Florida Conference

The Alabama West Florida Conference would like to formally request cleanup teams for the areas of Geiger, AL in Sumpter County. This rural area has been hard–hit with tornado damage. We request teams willing to help families clean up debris and salvage belongings.

To schedule, contact Amelia Fletcher, Alabama West Florida Conference Disaster Response Coordinator:

1.251.968.2549 or email: amelia @gulfshoresumc.org

Memphis Conference

Requesting ERT chainsaw teams for Milan Area, Memphis Area, Paducah Area. Teams need heavy equipment if possible, slid steer, tractors, grapples a plus. By watching the weather it will be next week before the teams will need to come.

To schedule contact Bill Carr, Memphis Conference Disaster Response Coordinator:

270–816–4824 or 270–556–5221 or email: bill_carr @bellsouth.net

Also, please keep the areas being affected by strong storms this week in your prayers.

Tornado Disaster Update, April 21, 2011
4/21/2011

* View Image
* See more from Soul Chapel UMC tornado damage, Geiger, AL

Below are updates on Soul Chapel UMC and Bethlehem UMC, both damaged from the storms that hit last Friday, April 22.

From Rev. John Bonner, District Superintendent of the Demopolis District

The plan for Soul Chapel is to worship again at Geiger UMC. This is not a regular preaching Sunday for that church, but that was the invitation and encouragement given to them. We are working on the use of a building for the future, plans for this will be announced at a later date.
