NEWS:7/31/10: Angie ready for football with help of volunteers

By Peter Silas Pasqua
The Daily News

With the help of the local community, Angie Junior High will be able to field a football team this year.
Without mandated physicals, it wouldn't be possible and that is when community leaders stepped in to make sure that wouldn't happen.
Rev. Elder Liddell of Helping Oppressed People Emerge Missions, was conducting a mentoring program at the school when he was informed the school was in need by principal Randy Branch.
"We were just sitting down one day and he said he didn't know if he was going to have enough for the football team this year because none of the kids had any insurance and they weren't able to get a bus to take them to get their physicals," Liddell said.
Liddell told Branch he would contact Dr. Richard Friend of LSU Health Sciences Center. A meeting was set up and physicals were provided during the school's prep day July 31.
Friend said checkups are something that LSU Rural Family Medicine Residency provides.
"Some kids in rural communities don't have doctors and it is hard for their parents to get transportation sometimes, so we try to provide a community service through the residency program," Friend said. "Whatever we have the resources to do."
Friend's staff also tried to link players up with their clinic if they did not have a physician.
"We do it as community outreach but it is also part of their sports medicine curriculum in training as family doctors," Friend said.

As of 4/22/10: H.O.P.E. Missions has help 98 famiilies in the surrounding Washington Parish areas with supplies: building materials, furniture, assitance with permanent housing, family counseling, hurricane preparation, etc, also H.O.P.E. Missions has help other organizations as well as churches, schools. H.O.P.E. Missions will continue to serve the Washington Parish community, we have created a building fund, looking to build or purchase a building for storage space to house the supplies that we receive from our donors, H.O.P.E. Missions goal is to raise $50,000.00 for this project and the land has been purchase, this storage space will also house a food bank and other resources that will be beneficial to this rural community, We H.O.P.E. that you will partner with us by donating and or a finanical donation to reach H.O.P.E. Missions goal. H.O.P.E. Missions has grown tremendous since Hurricane Katrina/Rita, some may see this as a problem, its a good problem to have, when you see kids and parents getting excited about school and finding jobs and want to succeed in life, when people look to succeed it turns into success, kids making good grades now that they have a bed to sleep on verses the floor. This is the results when people have hope, we like to, once again to thank all of our donors for these results, we could not have done it without you.

4/8/10:The geographic location for these supplies is Washington Parish , US State of Louisiana. Our parish seat is Franklinton. In 2000 its population was 43,926. On August 29th , 2005, Hurricane Katrina hit this city with winds of 125mph downing tress and power lines. Many buildings in Washington Parish received damage from falling trees and many were destroyed. Most of the houses, businesses, and other buildings suffered roof damage from the storms ferocious winds. The ongoing and growing issue is that these damages were not repaired due to lack of funding and resources and the ensuing problem has compounded into deferred maintenance issue over the pass 4.5 years leaving these buildings unable to meet building codes and, in some cases, not repairable. In those cases the entire building, and or trailer, will have to be replace.

The median income for a household in the parish is approximately $24,264 and the median income for a family is approximately $29,480. The per capita income for the parish is $12,915.24, 70% of the population is below the poverty line.

5/8/09 H.O.P.E. Missions wrote this Letter to Brain Boyle/FEMA Individual Assistance Section Chief: H.O.P.E. Missions Inc, hereby requests to participate in the Mobile Home Donation Program and donation of 13 FEMA mobile homes and Park Models for use by our organization to provide housing assistance to disaster victims from FEMA (1603 OR 1607) (DR LA.) We have submitted proof of eligibility as a Non–Profit Charitable Organization in the form of certification as define by IRC 501(C)(3). We have also included Parish approval to place mobile homes and Park models. we here agree to obtain and maitain hazard insurance and flood insurance, if necessary. we will sent a list of disaster victims and their FEMA registration ID numbers for your review of eligibity.

We had (3) three clients pass away(Die) waiting on their Mobile homes and one client is about to move in her New Mobile home and one that is Pending lack of funds and the rest lost to paper work or fail to meet the deadline, I believe the deadline should been extended we are talking about people becoming homeless here. We still need housing here, people sleeping in cars, sheds, tents.

05/08: We would like to Thank Karen Iwicki and the Katrina Angels for their donated supplies. This gave H.O.P.E. Missions the opportunity to help numerous families in the Washington Parish areas. The situation here goes beyond Hurricane Katrina and Rita. What these storms did was open up the eye of the poverty situation we have in Washington Parish. A difference can be made and the NEED is still great, we have already made a difference in one family life, this family was homeless and living in their vehicle. H.O.P.E. Missions was able to put them back in their home. We are indebted to those for the guidance and help we have been provided in the development of our project. I'm reminded of what the Bible says in Proverbs 17:22. Should you require any information or questions in regards to our project, Please feel free to contact H.O.P.E. Missions Inc. Thank You and God Bless. Rev. Liddell.

8/07: Kathleen Johnson (Waveland Citizens Fund) visited this site today (8/6/07). There is very little hurricane damage, but a LOT of inappropriate poverty, and she encourages us to send as much as we can to Angie Louisiana. KJ is suggesting that Angie have more than one donation distribution site.

10/11/07: Rev. Alex Liddell (H.O.P.E. Missions Inc.) Angie JR High School needs Books, Elements of Writing – Holt, Rinehart and Winston – –copyright year 1998 – –Introductory Course, First Course, and Second Course: McDougall Littell Middle School Math – Course 1, 2, 3, copyright year 2005: Also JR High School Science Books. And there are other schools that are in need. These Schools have to take turns sharing books because there are not enough to go around. We also have families that are in need of Furniture and Appliance. Thank You

Angie Distro Center is another distro site in Angie:

There will probably be others.

See the other facilities in Angie to get a full picture
of the donations being shipped in (that we know about).

UPDATE: CAT sent in July:
– computers for training centers and community centers
– pre–algebra textbooks
– sporting goods (a couple of boxes only)

H.O.P.E. Mission Inc. has been created to stand in the gap of the community and serve our large and growing youth population and their families. Young people are full of potential, Yet poverty and the lack of Education stands as barriers to their Empowerment. When young people lack resources, they are deprived of the opportunity to be their best. The moment these young people develop Leadership Skills and Self–Confidence. Benefits will flow to their children and future generation and through out the community. We H.O.P.E. you will PARTNERSHIP with H.O.P.E. Missions Inc., In taken on this challenge so our young people can continue their Education and Training that will enhance both current and future skills

10/18–19/07: H.O.P.E Missions Inc was able to pass out Captain Beds to some of the needy in the Community. We still have a long way to go.

10/30/07: Thanks to Terra and her team, we were Bless with some Puppet Kits this past summer, and we were Bless to give Franklinton Jr High School one. We were invited today to attend the puppet show that these students created. It was great to see the enthusiasm the students had and to learn that they worked on this project for weeks. It was a moment, you had to be there to get the full picture. How this puppet kit brought out their hidden skills. The student had one problem with the kits, They would like to have more Furniture/Animals for the puppet show. Given the Resources and Opportunity our young people can enhance their

empowerment. The Resources they can used are Books: Art/Artist Books; Where The Red Fern Grows – Author Wilson Rawls; Maniac Magee – Author Jerry Spinelli.

LTel 2 pm PST 9/2 – NEEDS A GENERATOR URGENTLY (Referred to EMA/FEMA)
DNug 2pm PST – 9/2 Reports that the roof came off the food pantry!

LTel 6:23 pm CST 8/30/08:

Spoke to Donice of WRAP.

They have two shelter facilities.

The WRAP building is at capacity with 140 evacuee population. They have 3 bathrooms and 3 showers and 2 fully operational kitchens.

The second shelter is an unmarked bldg. provided by a community member that is currently at capacity with 60 evacuees. Its location is: Varnado High School located next to our shelter across the street. They have a fully operational kitchen, 2 bathrooms and 1 shower.

2nd Harvest will not be delivering food until Tues. at the earliest (9/2). They are on the FEMA shelter list but FEMA will not provide any support or assistance "until there is a hurricane", so like 2nd Harvest, no assistance until Gustav is done. Red Cross is not helping.

They are currently in great need of Flashlights/Batteries because the smaller building doesn't have a generator. 2 weeks ago they received a good generator for the WRAP building so they are set there. They are also in great need of Toiletry Kits as many folks are showing up with "nothing, not a blanket or a toothbrush".

They are turning away a lot of folks that are just driving in without calling ahead and they "don't know where to go or what to do".

They have received evacuee's mostly from Orleans Parish, Slidell and Baton Rouge.

Donice was at the store purchasing food to feed evacuee's to cover until Tues. when I called and they have plenty of folks to help with cooking and shelter operations. They will be providing hot meals but no snacks.

During Katrina, they lost power for 6 weeks so they are preparing for no utilities for a lengthy period and she'll be able to get calls

Donice Rayford got permission to open the High School Gym Sun. 8/31/08 due to overflowing shelters in WA Parish. There are no kitchen or shower facilities and no supplies are being provided. Folks know that there are no meals being provided. It is strictly a bare bones shelter and not Red Cross or FEMA affiliated.

They have received evacuee's mostly from Orleans Parish, Slidell and Baton Rouge

9/4/08 LTel:
NOTE: Address of high school does not match up with what Donice provided. Waiting for confirmation of current details of this shelter.

9/1/08 FROM THE WEBSITE:

In the event that Hurricane Gustav has a dramatic impact on the Bogalusa area, we will:

Post updates on the type of damage that has occured and the present condition of the city

Provide information on how our partners might best be able to assist this community if they feel led to do so

Begin to coordinate and facilitate any groups that might be interested in partnering with us to make a difference for Christ in tangible, practical ways

How are we preparing now:

We are meeting with city and parish officials every morning at 9 AM to make necessary, coordinated plans to ensure that we can effectively respond to any disaster that might occur

Pastor Marcus, Westside Emmanuel, has already made arrangements with the disaster relief teams from the Salvation Army who partnered with Westside as first responders after Katrina. These folks will provide hot meals to our community (last hurricane they served over 1000 meals a day). Westside will also serve as a distribution site for dried goods, water, and personal items.

Pastor Bob Adams, FBC Bogalusa, has secured a feeding unit from the SBC, along with a chain saw crew if activated to our area

Local pastors have met and begun to establish procedures for communicating with one another in the event that we lose phone capabilities again

Serves: Bogalusa, LA (10 mile radius)

Adopt A Project
These are just some of the over 400 projects available for you to choose from as you partner with us in changing the city of Bogalusa – from the inside out. If you do not see a specific project on this page, please feel free to email us and find out more information about the other projects available for you to participate in during your trip to Bogalusa. We have demolition jobs, roofing, sheet rock, painting, ceiling installation, plumbing, electrical work... you get the idea. Based on your groups skills, we will be able to connect you with a project that will not only change the resident, but the members of your group as well.
