Queensland Flood Appeal – Mon, 10 Jan 11

Queensland Mass Flood Appeal

Unusually heavy rainfall in Queensland this December has caused devastating floods that have swarmed over an area the size of France and Germany combined, forcing thousands to evacuate. It has been described as the worst flood in the history of Queensland, with 6 major rivers bursting their banks. At least 22 towns and cities are swamped, leaving over 200,000 people stranded.

Officials say the floods will land a big blow to the Australian economy, with costs incurred not only from damages to residential and small business infrastructure, but also from the flooding of major mining and crop harvesting locations. Several major highways are submerged, with up to 40 communities now cut off with floodwaters reaching up to 15 metres in some areas. This isolation has lead to shortages of basic foods, and an increased likelihood of the spread of diseases.

The Premier of Queensland, Anna Bligh, stated earlier:
“No donation, whether it be $2 or $20, is too small. Every dollar will be directed towards helping Queenslanders in need...Australians have always rallied to help those in need and I am certain we will rise to the challenge once again."

Muslim Aid is currently raising funds for this appeal and urgently request the generosity from donors to support our fellow countrymen. We are sending funds directly to the Premier's Flood Appeal (no administration fee). The funds from this appeal will be disbursed to the people affected by the flooding in Queensland communities from December 2010 through January 2011.

2012 HURRICANE SANDY –

Response to Sandy

We express gratitude to the several volunteers who have already offered to serve, however, right now, all response efforts for Hurricane Sandy remain to be in the emergency and rescue stage.

UMVIM will continue to communicate via email, Facebook posts, and Twitter any news that we receive. Rebuilding is a long and arduous process. We will continue to keep those affected in our prayers and ask that you do the same.

UMCOR Cleaning Buckets:

We encourage churches, mission groups, and individuals to spend a day creating cleaning buckets. The need for cleaning buckets and also school kits are currently being requested by the Northeastern Jurisdiction and UMCOR staff. Instructions can be found at www.umcor.org

Disaster areas that receive volunteer teams for long term recovery require sufficient time to assess damage and coordinate a response. Potential teams must be patient in the early stages of disaster, as the only persons allowed into such areas are Emergency Management Agency and certified personnel and law-enforcement officials.
