Tornado Disaster Response Update from Rev. Matt Lacey
4/28/2011
Rev. Matt Lacey

I have been overwhelmed with the hundreds of phone calls and emails I have received asking how folks can help during the recovery process. God truly moves through and with us during these times. Today we have begun to distribute relief through the various districts, and we are making some great progress in evaluating everything. We are currently establishing a network of "home base" churches in affected areas to assist in storing supplies, staging volunteers, and housing those affected. If your church may be interested in this, please let me know by emailing me at mlacey @ northalabamaumc.org.

I encourage you to follow the conference website, or find North Alabama missions on Facebook at www.facebook.com/missionsnal

Please understand that I am, quite literally, fielding hundreds of phone calls, and the best way to reach me is through email at this point with that specific information.

We expect to begin organizing and dispatching UMCOR Emergency Response Trained [ERT} individuals at the beginning of next week. If you have been ERT trained, here are the criteria which we are asking you to follow:

Team leaders MUST have a valid UMCOR ERT badge in the last 3 years. Team members must have a valid conference or UMCOR ERT badge in the last 5 years. To volunteer, please visit this site to register. We are taking these criteria very seriously due to the nature of the damage of these massive storms.

If you are not UMCOR ERT trained and wish to be trained, there will be two trainings offered this Saturday.

– Saturday, April 30 at Alabaster First UMC from 8:30am to 5:30pm. There will be a small cost for background checks ($11 which you pay directly) and may be some small cost for materials. There is a limit of 60 people for this training. To register, contact Rev. Mike Edmondson at mtedmondson @ aol.com , ASAP.

–Saturday, April 30 at Cottondale UMC from 8am to 5pm. The cost is $35. To register please contact Rev. John Hassell at cumc@dbtech.net . There is a limit of 40 people for this training.

Please remember that we are a connectional system, and are going through the proper channels to insure everyone's safety and well–being. If you have questions to direct to myself, or anyone on the disaster response team, please be patient as we are trying our best to establish a system through which folks can work.

If your church wants to give an offering, please give through UMCOR's website by clicking here, or making a check out to the North Alabama Conference labeled with the Advance number 3021326.

At this time, we are getting a handle on what supplies are needed. I do know that various churches are collecting supplies. Right now, different supplies are needed in different areas. While we may not guarantee they will get to an United Methodist church, we can guarantee that they will be given out somewhere to someone in need. At this time I am hesitant to post a list of "needed supplies" because we have not yet developed a network to store and distribute those items. Local UMCs may continue to collect items, if they are able to store them, and we will make use of what we have.

This is a trying time for many, and we are called to, with God at our side, help to heal a hurting world. We will release any further information as we receive it. God Bless.

– Matt

No longer a RC shelter. As a church they are housing 2 people. No longer feeding. They are a POD and have lots of supplies. They are doing debris removal and assessments. Will need a bobcat next week. lpar

5/7/2011 Phone conversation with Sylvia Robinson
They have an urgent need for heavy equipment for large tree removal. Contact Daive Tubbs. See contact info above. If you can not see the contact information use the "Contact" button or email capbham @ aol.com

5/1: TF called, talked to Rev Fred. He says that they have about 30 overnight guests, but are feeding a lot more people during the day. He doesn't know for sure, but it might be hundreds. Gave me Gene's number, who is helping directly at the shelter (which seems to be in another building). Gene said that they are Ok for water and supplies for a couple days. Gave him Matt Lacey UMC supply contact info. Gene will call if he needs anything. He's got no power, so email won't work.

VOLUNTEER OPPORTUNITIES:

To Volunteer to assist with Hurricane Katrina, please call Volunteer Mobile for the most current information on volunteer needs at: (251) 433–4456

Who is Volunteer Mobile and how is the organization funded?: Volunteer Mobile is a non–profit organization 501(c) (3). Volunteer Mobile is funded by grants, contracts, foundation and individual tax–deductible donations, special events, and, in part, by the United Way of Southwest Alabama. Since its chartering in 1975, Volunteer Mobile has been committed to mobilizing people and resources to deliver creative solutions to community problems.

VOLUNTEER EMERGENCY RESPONSE CENTER

ORGANIZING DISASTER RESPONSE AND VERC:
The Mobile County Volunteer Organizations Active In Disaster (MCVOAD) is a partnership of agencies and faith–based organizations. This group meets regularly to coordinate disaster planning. MCVOAD is affiliated with the Alabama Volunteer Organizations Active in Disasters; local partners are Adventist

Community Services, American Red Cross, Bay Area Food Bank, Catholic Social Services, the Episcopal Church, the Mennonite Church, Mobile County Emergency Management, The Salvation Army, South Alabama Regional Planning Commission, South Mobile County Community Action, Southern Baptist Churches, United Methodist Churches and Volunteer Mobile, Inc.

HELPING THE COMMUNITY RESPOND: Volunteer Mobile mobilizes people and resources to solve a wide–range of community problems and enhance the quality of life daily. When a hurricane or other disaster strikes our area, we use this experience to help you respond in the best way possible.

Our main role in disaster response is to mobilize emergency volunteers and individuals and groups who want to help, but lack disaster training and connect them with agencies and organizations needing help. The time to prepare for a disaster is NOW – that is why Volunteer Mobile coordinates the Volunteer Emergency Response Center.

HOW VERC WORKS: After a disaster, area nonprofit organizations and government agencies needing help with response activities or recovery request volunteers by contacting VERC. The information these organizations and agencies provide helps volunteer interviewers make effective referrals.

Agencies and organizations are encouraged to register with Volunteer Mobile before disaster strikes. Click here to go to agency registration.

WHAT YOU CAN DO: Following a disaster, Volunteer Mobile activates the Volunteer Emergency Response Center. VERC serves as a clearinghouse for non–affiliated emergency volunteers. After a brief interview regarding skills, experience and availability, volunteers are linked with appropriate tasks.

Disaster–related volunteer work may include food preparation and service, debris removal and temporary repairs. Delivering supplies, answering phones, transporting people, registering volunteers, caring for children and language interpretation are other possible volunteer opportunities.

Volunteers are encouraged to register with Volunteer Mobile before disaster strikes. Businesses, service clubs, congregations and individuals are requited to meet immediate and long–term recovery needs.

3/5/12 – Message from Amelia via AVOAD
Dear AWFC Disaster Responders:

For an update to the situation in Verbena, something that would be especially helpful would be folks with trailers and trucks that could help haul away debris. It doesn't sound like the county is going to take care of much of it.

Other than that, chainsaws and debris pullers is what is needed and probably will be most of the week.

Contact Steve Reneau at Verbena UMC for assignments. (See "other contacts")

From VOAD Conf. 1/23/12
Chainsaw teams working in Clay and Maplesville

From Website:
...The State VOAD has divided the state into regions, which will function as Long Term Recovery committees in the rural areas of the states, especially those we are working in the Demopolis District. This larger organization will provide the vehicle to pool resources, provide case management and strengthen partnerships.

At this time we are providing repair, supplies and personnel into the Demopolis District, Elmore County and Washington County. We have begun discussion of children's recovery camps in the Demopolis area. Training to work those camps will be announced soon. We are also partnering with Lutheran Disaster Services to provide the week long Camp Noah in heavily affected areas.

Chainsaw teams and a presence are needed in Myrtlewood. As the weeks pass, the depression, anxiety and frustration of recovery will be evident in these communities. Pastoral care and counseling will be needed as well.

As we move in positive directions towards recovery, let's remember and actively support our pastors and congregations who are working tirelessly in their communities and have experienced loss. Amelia Fletcher

Understanding VOAD

About VOAD

National VOAD (NVOAD) coordinates planning efforts by many voluntary organizations responding to disaster. NVOAD member organizations provide more effective service and less duplication during times of disaster by getting together before disasters strike. When a disaster occurs, NVOAD or an affiliated state VOAD encourages members and other voluntary agencies to convene on site. This cooperative effort has proven to be the most effective way for a wide variety of volunteers and organizations to work together during a crisis.

According to the National VOAD website, NVOAD serves its member organizations through:

Communication – disseminating information through electronic mechanisms, its newsletter, the directory, research and demonstration, case studies, and critique.
Cooperation – creating a climate for cooperation at all levels (including grass roots) and providing information.
Coordination – coordinating policy among member organizations and serving as a liaison, advocate, and national voice.
Education – providing training and increasing awareness and preparedness in each organization.
Leadership Development – giving volunteer leaders training and support so as to build effective state VOAD organizations.
Mitigation – supporting the efforts of federal, state, and local agencies and governments and supporting appropriate legislation.
Convening Mechanisms – putting on seminars, meetings, board meetings, regional conferences, training programs, and local conferences.
Outreach – encouraging the formation of and giving guidance to state and regional voluntary organizations active in disaster relief.

State VOADs carry out the national work on a local level by convening regular meetings of their members and working together on pre– and post–disaster coordination. In California NorCal VOAD and SCVOAD are affiliated with NVOAD.

Katrina Aid Today's Guiding Values for Humanitarian Relief
UMCOR's Guiding Values for Humanitarian Relief Work
UMCOR is the humanitarian relief and development agency of the United Methodist Church, a worldwide denomination. For 65 years UMCOR has responded internationally to natural or human made disasters—those interruptions of such magnitude that they overwhelm a community's ability to recover on its own.

UMCOR's mission is to alleviate human suffering. We provide practical, proactive support to the most vulnerable survivors of chronic or temporary emergencies due to natural or civil causes.
UMCOR honors cultural differences. We deliver aid to people without regard to race, religion, politics, or gender. We seek input from local communities in identifying needs.
All people have dignity and worth. The most essential partner in UMCOR's work is the beneficiary, the ultimate end–user of our service. There are no "victims" in our vocabulary. There are only survivors whose courage, along with a humanitarian helping hand, can transform communities.
UMCOR always works with partners—usually in local settings. Civic organizations, faith communities, school leaders and other local resources are great assets to sustainable recovery and development, particularly after massive traumatic events. They exist close to the beneficiary and will continue to serve as positive influences in the community after UMCOR's work is complete.
UMCOR is a good steward of our gifts and grants. Private donors can designate their gifts to our programs with the assurance that100 percent is spent on the programs. The 8.5 million members of the United Methodist Church assure our ability to guarantee this through undesignated giving that underwrites our general administrative expenses. UMCOR manages its public grants with equal care, spending less than 10 percent on administrative costs.
UMCOR avoids tying the promise of its relief and development activity to any religious or political viewpoint.
UMCOR welcomes the good efforts of countless individuals and churches who support us through gifts and prayers and service. We incorporate volunteer action everywhere we can and ask our supporters to accept that sometimes it is not appropriate. We appeal to all volunteers to keep learning as their first objective so that the consequences of their service may become a true benefit.

C.R.E.W. in Florida is still looking for Skilled Volunteers to help with roof repairs, flooring, drywall, some plumbing and framing. If you could get this information out we would appreciate the help. We are also in need of funds to purchase the materials

***

CREW is a caring network of Hendry and Glades Counties' civic, social services, faith–based groups and agencies, and organizations, along with concerned individuals and business, formed to address the physical, emotional, and spiritual needs of the community in the restoration and rebuilding of their lives and homes in times of natural or man–made disaster.

Hurricane recovery is tough and Wilma was devastating to our area. Our community is small and rural but proud and tough. It has been difficult to help so many victims in such a small area. We had over 600 victims in just our two counties.

In 2006 we had 237 volunteers from 8 states give a total of 5480 hours for an in kind donation of $101,380.00. We also were able to close 308 cases by either meeting their needs or finding other agencies that could. We have over another 300 cases that still need help.

You can donate to CREW as well, we survive totally on grants and donations, we really need funds for basic operating costs, as well as supplies and funds to make the repairs on homes destroyed by Hurricane Wilma and other natural and man made disasters.

Feel free to safely donate, we are registered with the Department of Consumer Services, Registration # CH22174.

We need office equipment, such as copier, desks, chairs and locking filing cabinets.

Volunteer Opportunities:
Although the hurricane seasons of 2004 and 2005 have long passed, in many communities the damage is not quickly or easily repaired. This is where the work of the long–term recovery organizations offers a lifeline of hope to those still struggling to put their lives back together. These organizations work with the disenfranchised in their communities ? the least and the lost who often "fall between the cracks" in receiving other types of assistance. Volunteer work teams play a vital role in completing the physical tasks of rebuilding and recovery. The Storm Recovery Center works closely with local long–term recovery organizations to assist in recruiting and placing volunteers.In all cases, volunteer teams can serve for as long as they are able ? from a weekend to a week or longer. In most cases, housing is available.

Please contact the Storm Center to learn more about specific opportunities or to schedule a team:
1–800–282–8011 ext. 149 or stormrecovery@flumc.org

As of January 2007:

Charlotte County:
The Interfaith Interagency Network of Charlotte County (IINCC) is in need of teams with skilled labor, including carpenters, roofers,

tile and carpet installers and concrete workers. Electricians are also needed but must be locally licensed due to code and permitting requirements in Charlotte County.
As of the Summer of 2007, we are "standing down" until the next disaster, having completed the projects we were tasked with. While we do not have an active staff, our Board of Directors meet regularly to ensure we are prepared for the next disaster. (Statistics and updates will be included in this site hopefully by the end of 2007!)

Hendry and Glades Counties:
Community Rebuilding Ecumenical Workforce (CREW) is in need of teams with both skilled and unskilled labor. They have over 250 homes still needing repairs including dry walling, flooring, ceiling work, roofing, demolition, window and/or door replacement.
Also see CAT Facility entry at: https://reliefdb.org/shelters/1062

Monroe County (Florida Keys):
Paradise Interfaith Network (PIN) is working with families on Big Coppitt Key to repair and harden mobile homes damaged by storm surge from Hurricane Wilma. Work includes repairing and/or replacing dry wall and fiber board as well as repairing metal roofs.

Palm Beach County:
Christians Reaching Out to Society (CROS) needs volunteer teams who have at least one team member experienced in construction. Work includes dry walling, roofing, flooring, etc.

Tornado Opportunities February 2007:
Please submit a team application to Storm Recovery if you are interested in helping with the long term recovery in the tornado damaged areas. There is an anticipated need for work teams in the tornado affected areas for the next six months.

The Florida Conference has established a central location for coordinating Storm Recovery efforts. Our Storm Recovery Center is located in the United Methodist Building in Lakeland, Florida and is set up to receive calls from volunteer work teams offering assistance to those in need. These work teams will be matched with requests from those in the storm–affected areas. You will be contacted by the Storm Recovery Center or the site coordinator to work out the details of your assignment location and date. The site coordinator will provide support and direction for you and your team prior to and upon arrival.

MARIETTA, Ga.-- It's not home, but it's dry. The 215 people sleeping on cots at the Cobb County Civic Center have similar stories: when everything you own is underwater, you pack what you can and head for safety.

The Red Cross now expects to keep shelters open for up to two weeks. Spokesman Ruben Brown says, "We'll be here as long as they need us. This is their home right now, and we want them to be safe."

There are several Red Cross Shelters up and running right now: The Cobb County Civic Center in Marietta, Clairmont Hills Presbyterian Church is Decatur, The First United Methodist Church in Lawrenceville, The Cherokee Recreation and Parks Agency in Woodstock, and the Pentecostal Worship Center in Summerville. Brown says the Red Cross will open more shelters if needed.

Cobb County Sheriff Deputies were on duty at the Civic Center. They say it was a quiet night. Just before 5:00AM, a shelter volunteer handed 11Alive's Julie Wolfe a list. "This is what they really need right now," he said. The shelter has run out of: soap, socks, towels, toothpaste, pampers, sanitary napkins, and mouth wash. You can drop off donations at the Civic Center. You can also donate money to the Red Cross at www.redcross.org.

To donate to the American Red Cross Disaster Relief Fund, call 1-800-RED-CROSS (1-800-733-2767) or 1-800-257-7575 (Spanish) or mail your donation to the American Red Cross at P.O. Box 37243, Washington, DC 20013.

MUST Ministries
Type of Project: Work Team
Location Category: Local
Location: Marietta, Georgia
Country: USA

MUST Ministries cannot survive without the support of people like you – people who care about the needs of their neighbors. Most of the day-to-day work at MUST is provided by volunteers who give hundreds upon hundreds of hours to serve others. Last year alone volunteers like you contributed over 255,000 hours of their time to MUST to assist their neighbors in need. That means that for every 1 hour of MUST staff time volunteers donated 3 hours 30 minutes of their own time!

MUST provides a wide range of volunteer opportunities in all three program office locations(Marietta, Smyrna, Cherokee). Even if you have a busy schedule, have children, or have a large group you want to volunteer, there is always some way to volunteer with

MUST. Our daily volunteer positions are listed here on our website, as well as group service project ideas, but please contact one of our volunteer coordinators today to learn about other opportunities to serve!

MUST's Group Project Coordinator can help you to organize your efforts for a great outreach experience.

Contact Patrick Riley 770–427–9862 x1101 to schedule a project at one of MUST's service locations.

To schedule a project at MUST's Donation Center, contact Jenaila Hawkins 770–790–3872.

Wesley Community Centers
Type of Project: Work Team
Location Category: Local
Location: Atlanta, Georgia
Country: USA
Wesley Community Centers offers deeply fulfilling opportunities to make a difference. We treasure our volunteers.

Bethlehem Senior Center
Call Bingo ... teach crafts ... lead a Bible study ... share computer skills ... or just "hang out" with seniors who provide delightful company.

Project Extend
Skilled and unskilled volunteers are welcomed. Companies, service organizations and churches provide teams who work under the supervision of an expert leader. Teams of 6–12 persons are ideal for typical projects. Tools are provided, although many of our "regulars" prefer to bring their own. Training is available for volunteers interested in coordinating repair teams.

Camp Wesley
Be part of creating an exciting new camp to serve children and youth. Contact us to learn more about the type of work involved, from clearing brush, to building cabins, to planning programming.

Wesley Walk for Others
Gather a few friends for an invigorating 6 mile walk around Stone Mountain, or a trek around the grounds of Atlanta Motor Speedway. Walkers who collect pledges of $25 or more earn one of our popular "Giving Feet to the Faith of the Church" tee shirts, plus the satisfaction of helping important ministries.

Wesley Community Centers Board and Committees
We encourage the interest of volunteers who desire to apply their skills and expertise on our board or one of our committees.

Haiti UMVIM News –
http://new.gbgm–umc.org/about/us/mv/haiti/news/

FROM THE SITE 4/16/10:

UMCOR continues to receive gifts from churches, individuals and organizations to support the people in Haiti.

* As of April 16, more than $19.8 million has been received for UMCOR Haiti Relief.

From the Field

UMCOR is implementing a five–year work plan that contemplates three phases of assistance to Haiti: emergency, recovery and rehabilitation.

This week's highlight include:

* UMCOR's board of directors approved a $10.4 million earthquake relief and recovery program, "Helping Haiti Rebuild" designed to assist at least 30,000 people. The program will focus on providing shelter, rebuilding schools and increasing access to community–based services, including psychological care, water and nutrition, and improving livelihoods.

* UMCOR–NGO finance executive Bernice (Wai Yin) Ma is installing a financial software system in the Haiti office, and providing finance administration training for office staff members.

* UMCOR consultant Jim Gulley facilitated an air shipment of 12 tents to serve as temporary classrooms. The tents which arrived this week hold 40–50 students.

* UMCOR executives Patricia Magyar and Bridget Hayes visit Grace Children's Hospital and Pignon Hospital in northern Haiti to assess health needs for a limb prothesis program, as well as infrastructure and administrative needs for additional health program implementation.

* To date, UMCOR's partner GlobalMedic distributed about six million packets of PUR purification powder to communities throughout Haiti. Each packet of powder purifies two–and–a–half gallons of water.

US Mission in Action

* A grant of $565,000 from UMCOR to United Methodist Volunteers in Mission (UMVIM) will support at least six months of shelter, health, education, and pastoral services work in Haiti. About 3,000 individuals have registered to volunteer for future work team assignments in Haiti.

* Justice for Our Neighbors, UMCOR's professional legal services program for immigrants, is organizing immigration classes for Haitians in the US.

* Layette kits and birthing kits are in still in great demand. Please consider assembling layette kits and birthing kits to address the basic needs of babies born in displaced persons camps in Haiti. Contact your conference or district office to find out if a designated drop–off point has been established for a cost effective way to transport your supplies to either of the two UMCOR depots.

FROM THE SITE 3/30/10:

HAITI: SENIOR GBGM OFFICERS VISIT HAITI

Bishop Bruce Ough, President of the General Board of Global Ministries (GBGM), is in Haiti meeting with The Reverend Gesner Paul, head of the Methodist Church in Haiti. Accompanying Bishop Ough is Rev. Jorge Dominguez, Deputy General Secretary for Mission & Evangelism, GBGM and Melissa Hinnen, UMCOR Communications Director. The goal of the visit is to express GBGM's solidarity with the new church leadership and explore a holistic and long–term relationship.

Since the January 12 disaster, UMCOR has been responding to the needs of the people in Haiti via strategic partnerships with the United Nations, NGOs and the Methodist Church in Haiti. The Methodist Church in Haiti has been both a partner and a doorway to partners at the community level, facilitating not only the acquisition of office space for UMCOR but, also, the identification of the most vulnerable populations and of volunteers empowered to serve them.

"The people of Haiti have suffered so many human and natural disasters, but they have always shown strength and the ability to rebuild, said Bishop Ough. " During this Holy Week, when we celebrate the death and resurrection of our Lord Jesus Christ, we extend the hand of the United Methodist General Board of Global Ministries to the Methodist Church in Haiti, helping them to share the message of Easter with this suffering country. United Methodists are responding with donations and volunteer work, and UMCOR is already delivering necessary relief. But the Methodist Church in Haiti will need our support to continue serving the Haitian people for years to come."

A major earthquake hit Port–au–Prince, Haiti causing widespread destruction. Millions of people are affected and thousands are feared dead. UMCOR is assessing the needs and preparing to respond. UMCOR asks for prayers for all who are affected by the disaster. Support for relief efforts can be made to Haiti Emergency, UMCOR Advance # 418325

UMCOR responds to natural or civil disasters that are interruptions of such magnitude that they overwhelm a community's ability to recover on its own. UMCOR's work on behalf of United Methodists is global and includes countries in Africa, Asia, Central and South America, the Caribbean. UMCOR serves in long–term disaster recovery in the US.

The immediate goal of UMCOR's international and domestic emergency response programs is to provide relief and rehabilitation for the entire person–physical, social, and psychological–in a distress situation.

UMCOR always works to enable those affected by disasters to take responsibility for relief and recovery work. Wherever possible, UMCOR forms partnerships with other religious and secular organizations to pool resources and avoid duplicating efforts.

UMCOR provides long–term recovery as well as immediate relief. Recognizing that disasters cause disruptions that can last for years and often create permanent changes in people's lives, UMCOR works within a community to address the long–term effects of a disaster and assist people in rebuilding and adjusting to change.

About International Disaster Response

When disaster strikes outside of the US–whether a natural or human–made disaster– UMCOR serves as the primary channel for United Methodist assistance. UMCOR moves in concrete ways to ease human suffering and do whatever possible to restore normal life.

UMCOR works in partnership with Central conferences of the United Methodist Church and other Methodist bodies, and other international relief agencies to implement programs directly in several regions around the world. UMCOR programs seek to strengthen local leaders and create partnerships with local institutions. We seek to establish projects that are designed and implemented by the beneficiaries. To benefit the greatest possible number of people, UMCOR projects strive to maximize local and regional resources and systems.

UMCOR is able to respond to disasters in areas where there is no United Methodist presence through partner organizations such as ACT International and Church World Service. UMCOR works with both international and local aid organizations to provide the assistance people need to recover from disaster.

Hope Crisis Response Network – HCRN is a not–for–profit 501c3 organization located in Northern Indiana. The mission of HCRN during times of disaster is to: 1) coordinate and deploy volunteers, resources, and financial assistance to the affected areas; 2) serve as advocates to help victims obtain assistance from appropriate agencies and organizations; and 3) assist in devising and implementing post–disaster long term recovery plans for local communities.

Volunteers are the most valuable and vital resource for any recovery. It is not only our responsibility to provide well–trained volunteers but to equip them with the tools they need to do the job. The secret to having motivated volunteers is to be well prepared and take good care of them. The Macksville shelter set up at St. John Oddfellow Lodge at 700 West 1st St. has been closed due to lack of residents. Those rescue efforts have been moved to Haviland to help with the shelter there.

UMCOR Helps Kansans Rise from Statewide Damage

NEW YORK, May 10, 2007—Storm damage in Kansas is widespread from a violent weather system that blew through the Midwest May 4 –5. “An entire community was destroyed in Greensburg but nearly the entire state is suffering insult from the powerful phenomena of nature,” report Shirley and Joe Edgerton in a statewide assessment. They are UMCOR–trained disaster response volunteers for the Kansas East Annual Conference.

Wind and rain caused severe damage in the state prompting 25 counties to declare local disaster emergencies from flooding alone. Steve Burnett, another UMCOR–trained disaster responder, is working to set up a disaster response office and is locating housing for the many volunteers who will be needed not only to rebuild Greensburg, which lost 600 homes in a tornado on May 4, but also for other areas affected by the severe weather. “Not only do we need teams preparing to rebuild a town, but somehow we can’t lose all those folks living on the country roads hidden by broken trees, or the ones in their basements tearing up carpets,” comment the Edgertons.

Throughout this process UMCOR disaster consultant Bob Baer has been providing support to the conference disaster coordinators.

UMCOR will continue to provide financial and personnel support to the areas affected by these severe storms for as long as it is needed.

HOW YOU CAN HELP:

Cash gifts will help provide for recovery. Checks can be mailed to UMCOR PO Box 9068, New York, NY 10087. Write “UMCOR Advance #901680, Midwest Tornado Response,” on the memo line of your check. One hundred percent of every donation to any appeal, including appeals for Kansas recovery, goes to support the designated program.

VOLUNTEERS:

If you are interested in volunteering to help in the storm recovery effort, please call the VOLUNTEER HOTLINE at:

1–800–918–3100

Volunteer In Mission teams will also be needed. A temporary volunteer coordination office has been set up in Wichita.

Contact:

Bev Weber at 800–745–2350 or bweber@kswestumc.org

Call from Larry Bassett/Pastor – Appointed Faith–based VOAD Coordinator – 5/18/07:

Red Cross is NOT pulling out. They're Command Center will remain at the gym and on 5/17/07 they closed the Red Cross Haviland High School shelter and moved evauess to the Grammer School gym in Mullinville. There are a total of 43 evacuee's there now. They are being fed lunch and dinner.

UMC in Mulinville will be receiving multiple retail racks and 1000 hangers for clothing. This will free up their Sunday School rooms for Volunteer Housing and they expect over the next weeks to have room enough for 30 plus volunteers to be housed. They will be able to utilize the gym showers for volunteers.

Tyson Chicken pulled out this week.

Mon. 5/21 is the next VOAD meeting.

Effective 5/18 they've removed about 8000 loads of debris.

Despite the news media, they DO in fact have more than enough heavy equipment and the National Guard has done a fabulous job.

I referred Pastor Bassett to Church of Christ to coordinate their needs with Donna Mosshart for diapers and pajamas. On 5/17 she agreed to share whatever their needs were when I spoke with her on the phone.

I will check back in a week.

Via call to Lucille Way at UMC/Mullinville, KS:

For Long–Term Recovery Volunteer purposes they NEED:

Porta–potties
Portable showers would be a plus

Monetary donations are best as a PRIORITY so items can be purchased locally to fill specific on demand needs.

They are using one Sunday School room as a nursery.

They have a 'baby room' with supplies and infant/toddler clothing, food, toys, etc. that Greensburg residents can 'shop' in.

UPDATE/VOAD MEETING NOTES – 5/22/07
http://www.ksvoad.org/pdf/5_22_2007%20VOAD%20NOTES.pdf:

Bryan Walker:
Still diverting donations to the KS Food Bank in Wichita to avoid overwhelm. KS Food Bank will be available for

long term needs and supply food for as long as it takes. In addition to, rakes and wheelbarrows are being sent from KS City.

From the KS FOOD BANK website:

In addition to donations of money, a limited amount of supplies is being sought for the victims of last weekend's tornadoes.

Bath towels, for example, are needed by people even if they're staying with relatives, said Monique Garcia, a volunteer working with the Salvation Army in Haviland.

Denture cleaner is another item that has been requested by the older population of Greensburg than, say, the diapers that have already been donated, she said.

But kind–hearted people should keep in mind that the population of Greensburg is small, and if one person donates a case of denture cleaner, that will probably do it, said Brian Walker of the Kansas Food Bank, which is serving as a drop–off site for the items. People can call ahead before donating items to be sure they are still needed, Walker said. The phone number is:

316–265–4421.

The Food Bank, 1919 E. Douglas in Wichita, is storing the goods and sending them out as they're needed, controlling the amount that is delivered to Haviland, where storage space is limited, Walker said.

"That eliminates a disaster within a disaster," he said.

No clothing is being accepted for donation. Deliveries can be made to the Food Bank from 6:30 a.m. to 7 p.m. through Saturday. If you want to take something out Sunday, call first.

Here is the list of needed items. They should be new, not used.

? Bath towels

? Bedding

? Pillows

? Laundry detergent

? Dog and cat food

? Denture cleaner

? Canes

Health Kit Assembly & Shipping Instructions

Health kits provide basic necessities to people who have been forced to leave their homes because of human conflict or natural disaster. Health kits are also used as learning tools in personal hygiene, literacy, nutrition and cooking classes.

Health Kit
Value: $12 per kit
KIT CONTENTS
Place these items inside a sealed one–gallon plastic bag.
1 hand towel (15” x 25” up to 17” x 27”, no kitchen towels)
1 washcloth
1 comb (large and sturdy, not pocket–sized)
1 nail file or fingernail clippers (no emery boards or toenail clippers)
1 bath–size bar of soap (3 oz. and up)
1 toothbrush (single brushes only in original wrapper, no child–size brushes)
6 adhesive plastic strip sterile bandages

(NOTE: UMCOR Sager Brown is now purchasing toothpaste in bulk to be added to health kits before shipping to ensure that the product does not expire before it is sent. Please include $1 for each kit you send toward the purchase of toothpaste.)

Important Kit Assembly Information

All items included in kits must be NEW items.

All emergency kits are carefully planned to make them usable in the greatest number of situations. Since strict rules often govern product entry into international countries, it is important that kits contain only the requested items—nothing more.

Do NOT include any personal notes, money or additional materials in the kits. These things must be painstakingly removed and will delay the shipment.

Shipping Kits

Complete 2 packing lists—one for your records and one to put on the shipping box. Paste the shipping label and packing list on the outside of each box you send to UMCOR Sager Brown. The packing list helps the depot to quickly process kits. Processing & Shipping Costs: Please enclose an envelope containing at least $1 for each kit you send. This donation enables kits to be sent without delay to areas in need.

Send Kits to:

UMCOR Responds to the Earthquake in Haiti

NEW YORK, Jan. 13 -

NEW YORK, Jan. 13 /PRNewswire-USNewswire/ -- A major earthquake hit Port-au-Prince, Haiti yesterday, causing widespread destruction. Millions of people are affected and thousands are feared dead. The United Methodist Committee on Relief (UMCOR), the humanitarian relief agency for The United Methodist Church, has close ties with the Methodist Church in Haiti and is responding to the devastating earthquake with funding, material resources and prayers.

UMCOR executive, Melissa Crutchfield says, "We are working with our partners on the ground to provide immediate relief to the people in Haiti. UMCOR has worked in Haiti for many years. We anticipate that there will be years of rebuilding needed and are prepared to work with the people to help them through that process."

Working with partners, Action by Churches Together, Church World Service, Global Medic and the Methodist Church, UMCOR is channeling its resources to respond effectively to the people most in need.

In a statement to Global Ministries' staff, the General Secretary said, "Events such as these can challenge both our faith and sense of security. As a church we know that the heart of our ministry is continuing and extending Jesus Christ's ministry of outreaching love."

How to Help

There will be a great need for volunteers to help rebuild once the initial crisis has settled. At this time, it is not safe or possible for volunteers to go to Haiti. In order to frame a response that is consistent with the churches' needs, people wishing to volunteer should contact their jurisdictional United Methodist Volunteers in Mission coordinator to determine when and how to appropriately respond.

Gifts to support UMCOR's Haiti relief efforts can be made online at Haiti Emergency, UMCOR Advance #418325. Checks can be placed in the offering plate at a local United Methodist church or mailed to UMCOR, PO Box 9068, New York, NY 10087 with "Advance #418325" in the memo line. 100% of gifts will go to help the people of Haiti.

UMCOR Sager Brown is coordinating a shipment of health kits to provide individuals with basic necessities. Instructions for assembling and shipping health kits are available at:

Katrina Aid Today's Guiding Values for Humanitarian Relief

UMCOR's Guiding Values for Humanitarian Relief Work

UMCOR is the humanitarian relief and development agency of the United Methodist Church, a worldwide denomination. For 65 years UMCOR has responded internationally to natural or human made disasters—those interruptions of such magnitude that they overwhelm a community's ability to recover on its own.

UMCOR's mission is to alleviate human suffering. We provide practical, proactive support to the most vulnerable survivors of chronic or temporary emergencies due to natural or civil causes.

UMCOR honors cultural differences. We deliver aid to people without regard to race, religion, politics, or gender. We seek input from local communities in identifying needs.

All people have dignity and worth. The most essential partner in UMCOR's work is the beneficiary, the ultimate end–user of our service. There are no "victims" in our vocabulary. There are only survivors whose courage, along with a humanitarian helping hand, can transform communities.

UMCOR always works with partners—usually in local settings. Civic organizations, faith communities, school leaders and other local resources are great assets to sustainable recovery and development, particularly after massive traumatic events. They exist close to the beneficiary and will continue to serve as positive influences in the community after UMCOR's work is complete.

UMCOR is a good steward of our gifts and grants. Private donors can designate their gifts to our programs with the assurance that 100% is spent on the programs. The 8.5 million members of the United Methodist Church assure our ability to guarantee this through undesignated giving that underwrites our general administrative expenses.

UMCOR manages its public grants with equal care, spending less than 10% on administrative costs.

UMCOR avoids tying the promise of its relief and development activity to any religious or political viewpoint.

UMCOR welcomes the good efforts of countless individuals and churches who support us through gifts and prayers and service. We incorporate volunteer action everywhere we can and ask our supporters to accept that sometimes it is not appropriate. We appeal to all volunteers to keep learning as their first objective so that the consequences of their service may become a true benefit.

June 2010: TF: This site and its sister sites appear to be very active in rebuilding still.

Nice prayer for their communities:

the silence in the coastal communities
is almost deafening,

as shrimp boats lie still in
the harbor waters,

the nets on fishing trawlers wave gently
in the soft breeze,

the crews standing on the docks
staring into the hopeless
future,

their livelihoods snatched away
when Leviathan slipped off
the hook set for him
in the deep sea.

the marshlands
echo with the cries of
the egret and heron,
the pelican and seagull,
who find their sheltered
home
a dumping station
for human greed;

the turtle with its young
plods slowly along,
knowing they cannot outrun
terror's tide about
to sweep over them.

your heart is over the waters,
Tender God,
broken,
aching,
weeping,
longing,

your keening voice
joining the anitphonal
soundings of the whales
from the depths of despair.

(c) 2010 Thom M. Shuman

From the website:

How can we do this ?

With the help of other non–profit organizations in our community....

Donations (from those who have already stayed here and those not able to come and help) and lots of need for volunteers in this area.....(You will not be asked for a donation but you are welcome to give)

When we first got into the volunteer project one of the first things that came to our attention was the need for housing these volunteers !! We had MANY volunteers willing to come to this area to help the only problem was there was no where for them to stay.

We had lots of opportunities to sign them up with but still no place for them to stay!!!

We had people calling us everyday CAN we come help? Yes you can. Was our answer! Their very next question was is there anyplace for us to stay?

Our problem was not if they could get here, if they could feed them selves, or if they were willing to work hard when they got here! It was simply....WHERE WOULD THEY STAY??

Most of our churches and other organizations were full to capacity and running over and also very drained...

What was the answer...

A HOUSING CENTER....that could hold these volunteers..... Not only to have a place to sleep but to have a place to cook shower and relax after a hard day of work in the Louisiana heat.....

Want to VOLUNTEER come to .....Southwest Louisiana....Where we need...a HAND UP not a HAND OUT!

U.S. Gulf Coast — September 12, 2008 — As Hurricane Ike bears down on the Gulf Coast, IRD is preparing to provide case management and other assistance to those in its path. Staff from IRD's Gulfport–based Gulf Coast Community Service Center is already in Baton Rouge to assist with Gustav response. drawing on the experience from providing case management services to victims of Hurricane Katrina for the past three years.

Your donation will help us bring emergency relief to the victims of this disaster.

The IRD Gulf Coast Community Service Center (GCCSC) has been rebuilding the lives of the citizens of the Mississippi Gulf Coast since October 2005, opening its doors a little more than one month following the devastation of Hurricane Katrina. The goal of the Center is to reach out to the community and assist in the organization and facilitation of an often–difficult recovery process. Located in West Gulfport, the Center serves the entire Mississippi Gulf Coast, representing most of the Coastal cities as well as the three Coastal counties.

The GCCSC began it work on the Gulf Coast by administering emergency relief, but has transitioned its services to focus on sustainable, long–term recovery. The Center was one of the first agencies in the area administering needs assessments and mapping the most affected areas. The goal of the multi–faceted needs assessment and community mapping process conducted by the Center was to identify potential applicants for assistance following the hurricane. As the recovery cycle progressed from assessing needs to managing needs on an individual basis, the GCCSC has changed its focus to assisting citizens in need through case management. Case managers facilitate the recovery process for survivors by identifying ways to maximize their access to community resources.

The Center hosts a walk–in center for assessments administered by the Harrison County Long Term Recovery Coalition (LTRC), and has developed a resource guide printed by Federal Emergency Management Agency (FEMA) to provide to other relief agencies as a reference.

The Center also provides financial counseling to hurricane victims and MDA Phase II grant recipients seeking to purchase or rebuild homes through funding from the Enterprise Corporation of the Delta. This counseling not only prepares beneficiaries for homeownership, but gives them tools for long–term financial security. And in partnership with the Mennonite Economic Development Association (MEDA), the Center will create and manage a micro–enterprise capital fund which will finance start–up businesses along the Mississippi Gulf Coast. Additionally, the GCCSC will support the development of an open–air market in its Gulfport neighborhood.

IRD also participates in YouthBuild, a program that provides comprehensive programs for vocational development, workforce training and career counseling with Gulf Coast youth. YouthBuild teaches local at–risk high school students how to assist in rebuilding homes while helping them get their GED.

Helping people rebuild their lives, their relationships, and their sense of self–sufficiency, is equally as important to their long–term recovery and that of their communities as their physical needs. It is the human side of recovery that the GCCSC addresses, for thousands of Katrina survivors.

Services:

1)Case management for Katrina survivors. Eligibility: affected by the hurricane and still have unmet needs

2) Fincancial Counseling. Eligibility: Open to everyone

3) Housing Counseling. Eligibility: Open to everyone

4) Youth Build Program will start in January. Eligibility: youth ages 16 to 24 who do not have a high school diploma/GED

Applications are still being accepted for Katrina survivors and programs. To obtain an application: Monday – Thursday 9:00 – 3:00

Eligibility Impacted by Hurricane Katrina
Service Temporary

Following the onslaught of Hurricanes Katrina and Rita, FEMA received more than 35,000 registrations from residents of Pike, Amite, Walthall, Lawrence and Lincoln counties, who had damage to their residences or completely lost their homes. Although some of the residences are still uninhabitable, due to mold and structural damage, many are occupied due to the shortage of available housing in these counties.

The Organization

Southwest Mississippi Recovery Network is a non–profit organization which focuses on rebuilding the homes and lives of Katrina survivors. This is not accomplished by providing financial aid, but rather offering services and resources. These could include repairs to homes damaged by Katrina or simply a gentle push in the direction of regaining mental health. All at no cost to the survivor.

The Purpose

Meeting with church representatives, community, charitable organizations, FEMA and Church World Service, the Network was formed to

identify, coordinate and facilitate the recovery of survivors of disasters in the five county area of Amite, Lawrence, Lincoln, Pike, and Walthall.

Working with federal, state, and local emergency management agencies, national, state and local faith–based organizations, churches, voluntary and charitable organizations, area business and civic groups, SMRN has the following objectives:

Identify the needs of the disaster survivors

Guide and assist their individual steps in achieving recovery

Seek assistance for their recovery through donated materials, labor and volunteer support

Seek and organize volunteers and professional/skilled labor to assist in rebuilding

Insure financial accountability of all funds channeled through the Long Term Recovery Organization for the purpose of individual recovery

Organize and warehouse materials and supplies to rebuild damaged homes

Assist in identifying the needs of survivors who have temporarily or permanently relocated in the area

Identify those who suffer humanitarian, emotional and psychological damage as a result of the disaster, seeking to direct them to or facilitate support for their personal and family recovery.

Volunteers

We can't do this without you––our heroes, our volunteers. If you can drive a nail, sweep, pick up debris, or fill out a form you can help put a family back in their home. If you can listen with an attentive ear your can help someone regain their faith and begin the healing process.

Definition of Hurricane Katrina Survivor

Any person affected by the catastrophic events which occurred on or after August 29, 2005. They represent all ethnic, cultural, social, and belief groups. These include evacuees from Louisiana and Mississippi, as well as local residents of Amite, Lawrence, Lincoln, Pike and Walthall counties.

Definition of a Hurricane Hero

Any person who gives of themselves to aid, comfort and give hope to another person affected by Hurricanes Katrina and Rita. Volunteers who can help rebuild a home, businesses that will donate materials, counselors and clergy who will give their time and talents to help people following a traumatic event––everyday men and women who will listen and lend a hand to help a disaster survivor becomes whole again––these are our heroes. Will you help?

In the call center volunteers diligently serve as operators, assisting in any way they can with information. We are open five days a week, Monday through Friday, from 8 a.m. to 5 p.m.

Updates from the DRC
The call center has been actively scheduling individuals and teams to help clean up homes and churches in the areas most affected by the disaster. As of August 15, the center has registered more than 25,000 volunteers to work on the coast, cleaning up homes and creating safe and sanitary living conditions.

Volunteers fill a variety of roles, including coordination, clerical, general labor, clean up, and more. As Mississippi?s recovery process continues, we will have volunteers serving in many specialized roles as well, such as electrical, plumbing, roofing, counseling, children ministries, and so on. We will have need for persons with all types of skill levels, and welcome all volunteers.

Up to now volunteers have been housed in one of our many United Methodist churches on the coast. However, we are beginning to transition to new host sites constructed for long–term volunteer housing as well as early response in future storms.

Volunteer Camp Sites include:

Camp Gulfside ~ Waveland, MS
Camp St. Paul ~ Ocean Springs, MS
Camp Love ~ Gulfport, MS
Camp Seashore ~ Biloxi, MS
Camp Hope ~ Vancleave, MS

Camp Hope (website details):

Camp Hope, located on the property of Vancleave United Methodist Church, is one of our newer mission sites, constructed not only to meet the continued needs of this recovery but also to meet needs of future disasters in both Mississippi and the neighboring states.

Vancleave and Mount Pleasant United Methodist churches and Rev. Larry Maugh and his wife Celeste have been active in recovery since immediately after landfall. The ministry includes five other United Methodist churches as well as several Baptist churches and Holy Spirit Catholic Church. Missioners have been housed at Vancleave UMC in the Sunday school classrooms since the first team arrived on September 8, 2005. When you enter the sanctuary of this wonderful church, you will immediately notice banners from many states hanging from the ceiling. Each banner contains the names of mission groups that have come to Vancleave to give of their time and abilities, helping to heal hearts and homes on the Mississippi Gulf Coast.

Larry and Celeste, drawing on their many years of construction experience, continue to lead their congregations

in helping their neighbors and the surrounding communities of Pascagoula, Moss Point, Escatawpa, Kreole, St. Martin, and Ocean Springs. Their guidance and continued interaction with teams continues to be vital part of the recovery effort. You will find that Vancleave is a place of true southern hospitality, where rest and worship, relationships and compassion, all go hand in hand with hard work and outreach into the community.

Voices of Hope – Crisis Response Team Updates.

As Hurricane Gustav continues its track inland, the Disaster Relief ministry is in full swing. From the Mississippi Conference headquarters to district offices to local churches to neighborhoods across the state, the remnants of Gustav are alive and well. Bad weather is predicted to impact much of the state through Wednesday night.

Churches and pastors are calling into the conference office to report their status. Our district coordinators are working to assess the damages in their areas. By most reports, the damages are much more limited than they could have been. By Thursday, we will have some more boots on the ground and continue with how we are responding.

We are also working with our brothers and sisters in Louisiana as they assess and share needs. We are looking for folks to receive ERT training who may be requested for help in those areas hit hardest. We will make that information available as we receive it.

The call center is housed at the conference office: 601-354-0515 or 866-647-7486.

Site description:
http://ms.brickriver.com/files/oFiles_Library_XZXLCZ/Camp_Gulfside_description2_XQ3PCMRF.doc

History:

Camp Gulfside is located on the grounds of what was Gulfside Assembly, one of our two United Methodist retreat centers on the Mississippi Coast. Established in 1923 by Bishop Robert E. Jones, the first black bishop to serve as a general superintendent of the Methodist Episcopal Church, it is a site of approximately 70 acres right on the Gulf. In 1980, Gulfside was dedicated as the 97th historical site of The United Methodist Church. Unfortunately, Katrina completely devastated this once–beautiful facility, and now plans are being made to rebuild, though it will be some time in the future.

Facilities:

Camp Gulfside is a 6,000 sq ft modular structure with multiple rooms, each holding 2 - 4 sets of bunk beds. There are no coed rooms. Volunteers will need to bring basic bed linens or sleeping bag and pillows. There are showers and restrooms onsite. Volunteers will want to bring towels and toiletries that they will use on their trip. There is a fully equipped kitchen, large dining area, and small lounge. The site has space for fellowship, along with Wireless internet access available nights and weekends.

Meals:

There is a kitchen and dining hall at Camp Gulfside for teams to prepare meals during the week. The Site Coordinator provides a stocked pantry and will help teams in meal planning. Teams will designate persons from their group to prepare meals.

Where we serve:

Teams at Camp Gulfside can do much good in the communities of Pearlington, Waveland, Bay St. Louis, and all over Hancock County.

MERCI is a Warehouse for Disaster Response and Building Materials and Supplies as well as a Volunteer TRAINING CENTER.

Directions to MERCI: From North: I–95 South to Hwy 70 East (Exit #97)– Hwy 70 East to Hwy 581 South. Turn right onto Hwy 581 South. After .9 mile, turn right onto Community Drive. After .7 mile, warehouse is on left.

Today at MERCI:

It seems that each year gets more and more challenging while offering more and more opportunities to be in ministry. This year started on a smooth note with only Hurricane Isabel to complete and a few new homes. And then Hurricane Katrina hit and the world changed.

All the new homes were completed but we still have a few disaster–homes to finish; all of them are in Hyde County and all are Hurricane Isabel related. When we talk with folks in the Gulf Coast area is easy to understand the concept long term recovery [4,569 volunteers worked 85,567 hours to complete 39 homes this year]

We have some clients waiting for volunteers in order to start their repairs. If you can't get to the Gulf Coast, there?s plenty of work right here in eastern North Carolina.

Katrina brought to light the need for being ready. One of the challenges we accept for this coming year is to have supplies on hand and ready to ship when and where needed. One of our priorities for 2007 will be stocking the warehouse with all the emergency supplies and having them on palettes and ready to go.

Volunteer Teams Needed:

In preparation for the upcoming hurricane season, volunteer teams are needed at the MERCI Warehouse in Goldsboro, NC. Teams will collect, sort and pack response kits, organize inventory to prepare for immediate response, become trained to better respond to emergency situations (see Training at MERCI) and commitment to join a team to serve in the most awesome ministry of caring! To schedule a team of one or more, call Ann Huffman at:

1–888–440–9167 or email at: ahuffman @nccumc.org.

Current Updates:
March 26, 2009

Currently, Lutheran Social Service of Minnesota is calling on congregations statewide to mobilize volunteer teams to prepare for deployment to the Red River Valley for clean–up and longer–term recovery work.

Following a significant natural disaster, Lutheran Social Service of Minnesota works in affected–areas over many months, sometimes years, to help Minnesotans in the immediate aftermath of a disaster and longer–term rebuilding recovery.

We provide case management services to help local residents navigate paperwork, access loans, make important decisions about their future and coordinate volunteer teams to rebuild homes over the long–term. Volunteers may be needed for this work in coming weeks.

Lutheran Social Service of Minnesota also trains volunteer teams to offer Camp Noah, a week–long, faith–based day camp designed to help elementary–age children recover emotionally and spiritually after a flood disaster.

Congregations that are interested in assembling a Camp Noah team or volunteering for clean–up and rebuilding recovery efforts are encouraged to sign up with us above.

Individual contributions from the community are how Lutheran Social Service of Minnesota funds its disaster relief efforts. Donations can be received online or by mailing a check payable to Lutheran Social Service of Minnesota, 2485 Como Avenue, Saint Paul, MN 55108. Please designate the gift to Disaster Relief.

Thank you for all your gifts of support as we help our neighbors in the Red River Valley.

What is Lutheran Disaster Response?

Lutheran Disaster Response (LDR) is collaborative ministry of the Evangelical Lutheran Church in America and The Lutheran Church – Missouri Synod. In North Dakota, the LDR affiliate is Lutheran Social Services of North Dakota (LSS).

The National Office of Lutheran Disaster Response operates through a network of forty different organizations such as LSS ND with which LDR has a memorandum of understanding.

LDR ND responds to disasters in North Dakota and when requested, nationally. Our focus also includes preparedness as a vital part of disaster response.

Solidarity

We would like to take a moment to acknowledge that while the COVID-19 pandemic is consuming a lot of our attention, it has not stopped the violence and injustice that exists in the world, and this is very much true for the deep injustices that the black community is facing in the United States.

We stand in solidarity with our colleagues who are feeling the pain of violence and injustice in our state and in our country. We welcome any input as to how we can ensure that ORVOAD acknowledges, listens and acts to make meaningful change around systemic racism.

Transitions

The time between June and July will mark a transition of leadership for ORVOAD. Michelle and Susan are so happy to welcome Rashad Bauman as the new President of ORVOAD.

ORVOAD – Working Cooperatively in a Crisis

Following a disaster, ORVOAD convenes its members and other agencies to discuss how they will work together cooperatively in the crisis. ORVOAD does not itself deliver services. Instead, its members independently meet relief and recovery needs within the cooperative framework the organization makes possible.

ORVOAD coordinates planning by the many voluntary agencies responding to a disaster so they provide more effective service with less duplication when a disaster strikes.

MEMBERS:
Oregon Voluntary Organizations Active in Disaster is not intended to be a competing agency but an umbrella organization of existing agencies. Each member organization maintains its own identity and independence yet works closely with other agencies to improve services and eliminate unnecessary duplication.

ORVOAD consists of voluntary and state government organizations with disaster relief roles. VOAD functions include animal control, building repair, child care, clean up, clothing, communication, counseling, damage assessment, disaster welfare inquiry, financial assistance, food, human relations, mass care, sheltering, transportation, volunteer staffing, and warehousing and bulk distribution.

The Challenge!

In November, 2006, Mission Central began to search for a way to enable persons from the more distant regions of our Conference to participate in the kind of volunteer and service activities experienced in Mechanicsburg without having to travel so far! With the recent increases in fuel costs, a means to accomplish this goal has become even more significant as we seek the means to enable God's people to be His hands and feet in service!

The Solution!

HUBs – places where people could go and experience a smaller version of Mission Central that was directed and managed by people feeling called to expand our outreach – were devised in February, 2007. What we envisioned as a one or two location start has grown beyond our imagined level of interest – putting us way ahead of our intended schedule!

Mission Central is the mission warehouse of the Central Pennsylvania Conference of the United Methodist Church. Our partners include other United Methodist conferences in the Northeast Jurisdiction as well as a host of denominational and nondenominational mission groups in southcentral Pennsylvania. Since our beginning in June 2002, Mission Central has hosted thousands of volunteers who come to Mission Central to experience being "the hands and feet of God" in service. With our volunteers, we process United Methodist Committee on Relief (UMCOR) "Relief Kits" for use around the world, provide all types of needed supplies for local and national ministries, and assist many projects that are sending God's love around the world. Working in concert with other denominational and nondenominational programs, we have sent medical supplies, educational supplies, and daily living supplies and equipment to destinations such as Africa, Argentina, Kenya, Belarus, and other areas where the needs are great. Our work in disaster response has provided aid for people affected by every major weather event since 2003.

As a ministry of the Central Pennsylvania Conference of the United Methodist Church, Mission Central is governed by a 27 member Board of Managers elected annually by the Central PA Annual Conference. We are a separate entity, connected to the Central PA Annual Conference through the Conference Council on Ministries with membership on the Conference Board of Global Ministries. Mission Central conducts its activities within the social principals of the denomination.

Situation

Since July 21, widespread and unusually heavy monsoon rains have hit most parts of Pakistan, affecting all four provinces. Further torrential rain is forecast over the coming days. Among the areas affected are Punjab province and Khyber Pakhtoonkhwa, formerly known as the North West Frontier Province.

More than 1500 people have lost their lives; many more are stranded and exposed to disease and extreme lack of food. Thousands have been displaced. Other impacts include the loss of livestock and damage to agricultural crops and fields.

It is estimated that more than a million people have been affected thus far; the total estimated damages and affected population are yet to be determined due to inaccessibility caused by rising flood waters and disruption to communication networks.

Immediate needs include food, water, tents and other non–food items.
CWS response

CWS is distributing food packages and shelter material (plastic sheets) for flood affected families of in Balochistan and Khyber Pakhtunkhwa. CWS has also put into action a mobile health unit to provide emergency health assistance in Mansehra. More mobile health units will soon cover areas such as Kohistan, Swat and Balakot.

Church World Service and other members of the ACT Pakistan Forum are coordinating their responses and undertaking further assessments with local partners. CWS made an internal assessment of available supplies for immediate relief and its emergency response team and has begun deployment.

VOLUNTEER HOUSING:

On the volunteer housing front, a few developments. Antioch (Nashville) and a church in the Cumberland District are hosting Americorps teams who have expressed great gratitude for our partnership with them. The General Board of Discipleship has made an empty home/office available for us to host volunteers (up to about 18). Currently, we have a small group from NECHAMA (Jewish Relief) staying there who have their own volunteers and also help coordinate Americorps teams working in Davidson and Cheatham Co. We will be looking to construct bunk beds and provide some hospitality support as we move to rebuilding later this summer. Hermitage and McKendree Village have made arrangements for an unused wing at McKendree to be available to host up to 24 volunteers. Cedar Crest Camp has made lodging available at half price for cleanup teams working the next couple of weeks before summer camping starts.

Cleaning Bucket Requests

We've distributed 2,800 buckets so far and have now replenished our supply with at least 1,500 on hand here at the office and in Murfreesboro. Please call if you need to pick some up. If you need a large number delivered to your church, please email us by the end of Thursday if possible, so we can work out delivery schedule for Friday and Saturday.

Long Term Recovery

Even as many communities that flooded later are still in relief work, trying to stabilize coverage of basic needs, some are beginning to look at the long term recovery, which will likely be as long as 2 years in some areas.

For those churches and communities an important first task will be to gather local leaders from faith communities, civic organizations, and public officials to commit to working together for the long haul. Given notice, FEMA will provide someone to be there also.

We are getting around to many churches and community meetings to help connect resources with ongoing needs, but beginning to focus on how we can help communities oraganize and collaborate for the Long Term Recovery. As definitive LTR groups develop, UMCOR will be partnering to provide Case Management training, Spiritual/Emotional Care training, and grant funding.

May 10 Update

Lot's going on, hard to find time to share. One thing, to date 2,400 plus Cleaning Bucket Kits distributed and 2,000+ Health Kits. Some churches have delivered directly to fill our many, many requests. We have several orders pending delivery of another 1,872 buckets from UMCOR (the second shipment).

Holston Conference ERT continues to work in Carthage through 5/18. Salem UMC ERT (Indiana) is working off of Charlotte Ave. in Nashville. Liberty UMC ERT (Missouri) arrives tonight to work in Waverly. 4 other ERT's are confirmed to arrive from 5/14–5/17.

Disaster Recovery

REALLY?!?!

We are beginning our 5th year of disaster recovery efforts. How can it be? Really?! In some ways, it’s seems like only yesterday since Hurricane Rita hit. In many ways, though, it feels like a very long time! We’ve endured direct hits from Hurricanes Humberto and Ike and close calls from several others in the last 4 years. As 2009 ends, we celebrate no hurricane this year!!!

As we begin 2010, we want to give thanks for the hundreds of volunteers that have come to Southeast Texas to assist with recovery efforts as a result of Hurricane Ike. As of December 31, 127 homes have been completed. We continue to repair damaged homes and we celebrate each home that can be checked off the list.

We are beginning 2010 with great news. We have volunteer teams scheduled for every week beginning January 4 through March 31. However, we still need you! There are still many families who cannot live in their homes due to the damages sustained by Hurricane Ike.

We ask for your continued prayers for the staff, volunteers and the families who are waiting to receive assistance. May 2010 be another year without a hurricane and a year that finds more homeowners back in their homes.

We have been so fortunate to have volunteer teams come from all over the country! So far, we are happy to announce that we have helped more than 774 families move back into their homes. We still have over 10 families from Hurricane Rita, and more than 80 from Hurricane Ike to help, and our waiting list continues to grow. We are pleading for your help more than ever. We need people to help us in every aspect of our volunteer services ranging from repairing people's homes to praying.

We have been so fortunate to have volunteer teams come from all over the country! So far, at Disaster, we are happy to announce that we have helped more than 668 families move back into their homes. We still have over 75 families from Hurricane Rita, and more than 50 from Hurricane Ike to help, and our waiting list continues to grow. As this list of people from all over Southeast Texas grows, we plead for your help more than ever. We need people to help us in every aspect of our volunteer services ranging from rebuilding people's homes to praying.

We are so very grateful to all of those who have already helped by volunteering with Rita Recovery. Between October 2005 and the middle of November 2008, we have had 592 teams from thirty–three states and one country. Within the 592 teams, with many of them as repeat visitors, we have had7,433 volunteers working to what totals 29,657 days, which is in essence 235,777 total worked hours by our volunteers. Due to the volunteers' generosity, the people of this area have saved over 4.6 million dollars in labor costs, and we continue to have volunteers come to Southeast
Texas to help people repair their homes in recovery of Hurricane Rita and Ike.

So, "Why do we need YOU," you may ask? It is simple; we want families back in their homes. YOU can be an integral part in helping us do just that.

If you have any questions or comments, we would love to hear from you! You can e–mail us at volunteers@umcortexas.com.

We ask that you prayerfully consider filling out a registration form today!

As you consider volunteering, please note that we do not work on Sunday because we like to give the homeowners this personal time.

Ike and Rita Recovery

On September 24, 2005, Hurricane Rita made landfall on Southeast Texas. Rita Recovery was established as a partner with UMCOR (United Methodist Committee on Relief). Since then, more than 650 homes have been repaired. These repairs were made possible because of all the many teams. In the past three years, more than 550 teams with over 7,000 volunteers have come here to help repair the homes that were damaged by Hurricane Rita. In the midst of these repairs, another hurricane made landfall in Southeast Texas. On September 13, 2008, less than 3 years later, Hurricane Ike struck the Texas coast damaging and destroying more homes with tree and wind damage as well as flooding from the storm surge.

With the devastation of Hurricane Ike comes the transformation of Rita Recovery. Our organization is now Ike and Rita Recovery. We are in the process of receiving information from the families whose homes sustained damage from Hurricane Ike. We have also already begun working on the recovery process with these families. Therefore, we are asking for volunteers. We need teams large and small to come and volunteer in repairing the homes that have been damaged by these hurricanes. We are thankful for all of the teams and volunteers that have given up their time so far to help in the recovery process so that these families can move back into their homes, but there is still more work to be done.

We ask that you prayerfully consider bringing a team to help families rebuild their homes and try to return to their lives as they were before the storm.

The STORM may be over, but the DISASTER is still with us!

Hurricane Rita hit the shores of southeast Texas and southwest Louisiana on September 24, 2005 and is the fourth most intense Atlantic hurricane ever recorded. Rita made landfall as a Category 3 storm with winds reaching 180 mph and caused 10 billion dollars in damages. Over 475,000 families in Texas requested FEMA assistance, of those 200,000 live in Jefferson, Orange and Hardin counties.

Over 42,000 damaged homes are owned by persons 60 years of age or older and had no insurance 19,000 of those families live in Jefferson, Hardin and Orange counties.

There are currently 1,800 families in Jefferson, Hardin and Orange counties living in FEMA trailers, of these 962 are elderly

Most of these families are trapped in leaking, mold infested homes with little hope of recovery. Hundreds of homes have been transformed by volunteers and donated materials, but thousands more need to be repaired. Please... help us assist them!

Volunteer Today!!

If you live in Port Arthur and are in need of assistance with home repairs caused by Hurricane Rita, please contact 409–982–1510.

What is SETIO?

Southeast Texas Interfaith Organization for Disaster Recovery (SETIO) is a faith based long–term disaster recovery organization serving Jefferson, Orange and Hardin counties. SETIO was created in the Fall of 2005 in the aftermath of Hurricane Rita by local clergy and community members with a mission to help those most vulnerable members in the community especially the uninsured and underinsured elderly, disabled and single parent families.

Due to the destruction of Hurricane Rita, SETIO's current focus is addressing the needs of the most vulnerable families in Southeast Texas by working as a catalyst to expand the scale and pace of recovery. This is accomplished through increasing coordination with community service providers, sustained mobilization of outside and local volunteer resources, and utilization of both commercial contract and volunteer labor.

Today SETIO consists of diverse local congregations, faith–based community service organizations, businesses, state and local government agencies and national disaster recovery organizations such as Catholic Charities, Christian Reformed World Relief Committee, Disciples of Christ, Lutheran Social Services Disaster Response, Presbyterian Disaster Assistance, United Methodist Committee On Relief along with many others

The Texas Gulf Coast Regional (TGCR) VOAD is a consortium of recognized voluntary organizations active in disaster relief. Its mission is to foster more effective service to people affected by disasters. VOADs support and facilitate the delivery of disaster services by their members. They do not themselves deliver response and recovery services. Member organizations support the efforts of federal, state, and local agencies and governments.

TGCR VOAD bases its mission on these four values:

Cooperation. By this we mean that we need each other, that no member organization has all the answers for the challenges we face. We treat members as partners.

Communication. Here we mean the regular sharing of information about our member organizations—their capacities, accomplishments, and commitments. We try to maintain good channels for sharing information, listen carefully to each other, and deal openly with concerns.

Coordination. We commit ourselves to work together and not competitively toward our goal of effective service to disaster victims. We seek to match services to need. Through planning and preparation, we equip our organizations to behave in a coordinated fashion in time of disaster.

Collaboration. We dedicate ourselves to work together to achieve specific goals and to undertake specific projects at disaster sites. We form partnerships during the disaster response.

Organizations wishing to coordinate their efforts with TGCR VOAD members are encouraged to register on the web site and add their organization to the list of VOAD members.

New Points of Hope

December 1, 2008—After months of research, anticipation and community support, the United Methodist Committee on Relief (UMCOR) has finalized plans to establish a material supply depot in the western part of the United States.

Sam Dixon, UMCOR's top executive, announced today that a lease has been signed on warehouse space where the depot will be developed in Salt Lake City, Utah. The facility is scheduled to open on January 1.

The proposal to open a UMCOR center in the Western Jurisdiction of the United Methodist Church was approved by the UMCOR board of directors in March. The initial idea was to locate it San Diego or Denver. According to Global Ministries executive, Rachel Lieder Simeon, as they explored different regions, Salt Lake City soon emerged as the most logical place. The city is central within the jurisdiction and there is an international airport as well as a hub for cargo trains.

The depot will operate as a satellite of UMCOR Sager Brown in Baldwin, LA. Sager Brown executive, Kathy Kraiza will oversee the two person Utah staff. Interviews for the program director position are being scheduled for early December. Those interested in the position may view the criteria here.

Increased Opportunity for Mission
The material resources depot will serve as a warehouse to store UMCOR supply kits. When a major disaster affects a community in the US or another country, cases of supplies are sent to those in need. The new depot will help reduce shipping costs and efficiency when the affected areas are in the western part of the US or in Asia.

The facility will provide new opportunities for kit ministry at churches in the Western Jurisdiction. Dixon says some of the contents might change to reflect the needs of the types of disasters that affect the region. For example, instead of flood buckets, the depot may stock resources to help following a blizzard, earthquake or wildfire.

In addition to providing a new avenue for material distribution and serving as a field office and training center for disaster response, the location will establish a new point of communication for UMCOR which could be particularly important should a disaster strike on the east coast. Dixon recalls the 2003 Northeast blackout and its effect on the New York City office, "It took nearly a week to be fully functional again. Having a regional office in the west allows us to have improved communication and because of the time difference, gives us extended coverage for business hours."

According to UMCOR executive Lisa Jackson, The United Methodist community has expressed notable excitement that there will be a visible UMCOR presence in the city. United Methodists, who are a minority denomination in Salt Lake City, are active disciples in their communities and looking forward to this new opportunity to serve. In addition, Crossroads, an ecumenical organization in an adjacent space, is welcoming its new neighbor. The two organizations are looking at ways to collaborate in serving the needs of the poor in Utah. Jackson says they will also work together to share resources.Crossroads and UMCOR Sager Brown are part of the network of national mission institutions.

While Sager Brown has served as the primary storage site for UMCOR supplies, the relief agency also collaborates with material centers related to annual (regional) conferences of the denomination. These facilities both supply resources in times of disaster and receive supplies from UMCOR.

About UMCOR's Relief Supplies Ministry

UMCOR Supply Kits help to care for the most vulnerable people during times of crisis. They also help to sustain everyday life by providing basic necessities to people who lack ready access to essential supplies. These kits provide vital support for the work UMCOR does throughout the world. By donating kit supplies or financial gifts to purchase the supplies, you make a direct, tangible difference in sustaining people's lives. Because recovery from flooding and other disasters often takes months, if not years, WV VOAD, created regional Long–Term Recovery Committees (LTRCs) to help with disaster–related needs not completely covered by insurance or by federal and state disaster assistance programs. In the event of flooding, applications will be accepted for persons who sustained damage to their homes. All approved applicants will be visited by a long–term recovery case manager or a volunteer case worker who will work with them to assess damage, formulate a recovery plan, and procure cost estimates. Regional long–term recovery committees, broadly representative of the flooded communities, will review and make decisions on expenditures and use of volunteer resources on a case–by–case basis.

To apply for assistance and/or to receive additional information, call toll–free 1–877–330–9105. Survivors should always apply to FEMA first. Monetary donations to immediate disaster relief should be made directly to disaster agencies. However, contributions to help with long–term recovery should be sent payable to the West Virginia Council of Churches, (WV VOAD's fiscal agent). Please designate checks "for disaster recovery" and mail to:

Once long ago, we all were children, simple, loving and caring. We chose to care about our world, our families and everyone around us. Somewhere along the way, we became mad; we lost our way as humanity. We began destroying and consuming our world and our hearts. We chose events and things as more important – than each others lives. The Raise Your Hand and Open Your Heart Foundation chooses to change that, to get people to help one another, no matter the crisis, the problem, or the effort. A world united for ONE single common goal. HOPE. HOPE for each other, for our children, for our animals and for our environment.

You can be a part of this organization, by registering through the website, donating cash, time, your talents, volunteer or participate directly with the charities, people and organizations listed there. You can load new charities and even load your own problems. This way, we intend helping each other, as ONE family. Participate today by searching and navigating through the various regions and causes and taking a few hours each day to help heal the world through the website by using your talents, things and time. HOW ARE WE KEPT ACCOUNTABLE?

The donor is notified, thanked and praised for making a donation, immediately upon payment. They are also automatically provided with a tax certificate. They remain anonymous on the system, but are progressed to the regional list of real donors.

They are explained that their funds are kept in trust, either for direct release for urgent need, or until a project comes up that is needed for and will NOT be used for anything else.

Once the payment is, the donor is informed that the payment is made to the charity, or cause. With a proof of payment attached in the system and a track able reference to verify that this has been done.

100% of the donation will be done, unless under extreme circumstance a charge or fee is incurred. In this instance, they will also be provided with proof of these charges.

Now, most organizations end here, but where Raise Your Hand will be different is that we will not only 'pay' the 100% donation over to the organization, we will require them to provide us with faxes or scanned emails of the use of this money and exactly what every cent is used for.

They will only receive an immediate 20% of the donation and until they prove that they can provide the proof that it is used what it is used for, we will not release the money.

If it is an ambassador or representative of the charity, and the entire donation is needed now, they will immediately be paid over, once they provide letters from where they will be purchasing goods, or provide direct invoices for us to pay on their behalf.

Let us say, as an example, The Red Cross needs $850000 (yes, they asked me for this), for fuel and the means to get aid across Pakistan. Now, what would be best is to find a Shell Petrol Depot there and pay them directly, with this proof of invoice and payment, our donors will feel that their money has gone to the right place.

If, we can, we will also provide them with photos of the delivery of their aid.

All of this allows our donors to know their money goes to the correct place at any given time, with proof and contactable verification of delivery of the aid money.

Since late August, UMCOR has sent nearly $90k in relief funds to partners on the ground, including United Mission Nepal, The United Methodist Church in Nepal, Amity Foundation, the Methodist Church in Nepal, and ACT Alliance, which have helped to provide essential food and non–food items to thousands of affected families and households along the Nepal–Tibet border.

As relief and recovery efforts continue, UMCOR is coordinating a longer–term response through United Mission Nepal and an interfaith coalition of disaster response organizations. We remain in prayer for those who have lost their homes, communities, and loved ones, and for the aid workers and responders providing care to those who need it most.

Response to Sandy

We express gratitude to the several volunteers who have already offered to serve, however, right now, all response efforts for Hurricane Sandy remain to be in the emergency and rescue stage.

UMVIM will continue to communicate via email, Facebook posts, and Twitter any news that we receive. Rebuilding is a long and arduous process. We will continue to keep those affected in our prayers and ask that you do the same.

UMCOR Cleaning Buckets:

We encourage churches, mission groups, and individuals to spend a day creating cleaning buckets. The need for cleaning buckets and also school kits are currently being requested by the Northeastern Jurisdiction and UMCOR staff. Instructions can be found at www.umcor.org
