Soles of Hope is collecting URGENTLY NEEDED donations at their New Hope Ministries building address in Anniston listed above.

Their volunteers are reaching out to rural communities of Calhoun Co. that are without transport to get to POD's/assistance and folks camping and sleeping in their cars that have the most critical needs in this region.

FROM THE FACEBOOK PAGE:

New Hope Ministries will be collecting at various locations to send to people that have been affected by the recent tornadoes in Alabama and surrounding areas. It's hard to imagine losing everything but the very clothes on your back during such tragedies. We started with JUST SHOES, NOW WE ARE EXPANDING!

We will be collecting to distribute to disaster–stricken areas of Alabama.
If you would like to collect shoes at your church, business, or organization, and deliver them to New Hope, we can set an appointment for drop off day and time.
We believe that this outreach effort "Soles of Hope" will provide shoes and hope during a devasting time in the state of Alabama. Step up today and let us unite forces and bring soles of hope to many families.

Soles of Hope Alabama Tornado Relief Needs:
• Drinks– (anything but water, like juice, Gatorade, soft drinks)
• New underwear (all sizes)
• New children's clothes 3t and up
• New shoes (women's or kids)
• Coolers
• Easy ups or some sort of canopy (shade from heat)
• Rakes, shovels, gloves, hammers, building supplies
• Storage bins to sort items, but also for the survivors to store what little they do get or have. Many are staying in campers or tents.
• Grills and charcoal (many have no way to cook but grills)
• Box fans
• Food and snacks
• Air mattresses
• Socks
• Toys, games, or video games for children
• Sunscreen & bug spray
• Baby supplies
• (Wifi or air card) any way to connect to internet when out
• Gas cards (to stay mobile gathering and distribution)
• Gift cards to buy item needed

7/17/11 Lpar. The following is posted on the Limestone baptist assoc. site:
The Community Disaster Warehouse for Limestone County is now receiving donations. It is located in the RJW building south of the Co Op on Hwy 31 (1968 Hwy 31 South). Many of our member churches have already transferred donations to the warehouse. It will open to those directly affected by the disaster on June 1st. Hours of operation 9 – 5 Monday thru Saturday. To volunteer or for more information on receiving or donating items call the United Way at 256 233–2323.

Our community disaster relief warehouse is in need of immediate help this Friday, June 17 and Saturday June 18. We are open on Friday from 8:30–5 and Saturday 8:30–1. We need at least 6 volunteers on Friday and 6 volunteers on Saturday. If you can help by volunteering a few hours to the entire day, your help would be much appreciated.

Information for working in the warehouse.
1. Close toe shoes
2. Responsible for your lunch (Warehouse closes 12–12:30 on Thursday and Fridays for lunch)
3. Snacks and water are provided.
4. No children allowed to volunteer in the warehouse or assist adults in the warehouse under the age of the 7th grade. It is a warehouse environment and is simply not safe for children.
5. Warehouse not air conditioned, but nicely ventilated and lots of fans.

Please forward to your church email chains and also to any friends or corporations that you think might be willing to assist us in the next two days and also in the coming days. The warehouse will be open Thursday–Saturday for the foreseeable future.

Please respond to this email via email or by calling the number listed below.

Blessings on you!

Donations and Volunteers needed in Limestone County –
May 31, 2011
http://www.waff.com/story/14772839/donations–and–volunteers–needed–in–limestone–county

ATHENS, AL (WAFF) –

So many people are working to rebuild the valley one step at a time. There is still a need for those people and several supplies.

The Limestone Recovery Committee is opening a recovery warehouse to storm victims Wednesday. It's located at 1968 U.S. Hwy 31 South in Athens.

2,500 families in Limestone County applied for some type of assistance after April's storms, 800 of those families were directly hit by a tornado.

Starting in June the doors to the disaster recovery warehouse will open to those in need, but there is still a great need for help.

Volunteer Coordinator Angela McLin shared some of the items they need.

"Some of the items that are really needed are new bedding, new bath towels because there is not enough of those items being donated," said McLin.

There is a lot of space to fill with items in the warehouse. Right now there are plenty of clothes.

"We have an overabundance of used clothing right now," said McLin.

Some extra help is also a high priority.

"The biggest thing is having volunteers available."

McLin says they can sit at the front desk or be personal shoppers for families.

Donated items are drop off only, there is no pick–up.

To volunteer or sign up for assistance, contact the United Way of Limestone County at (256) 233–2323.

March 9, 2010

Alabama Rural Ministries is still accepting team registrations for 2011.

Alabama Rural Ministry coordinates home repair efforts and children's day camps in rural parts of Alabama. We are interdenominational but are connected to the United Methodist Church. All denominations are welcome to come and serve!

"For the service that you give is not only supplying the needs of everyone but is an expression of many thanks to God." 2 Corinthians 9:11–12

Home Repair – The ARM staff assists teams coming to do home repair by purchasing materials, introducing teams to their families, and serving as technical assistants. Typical ARM projects include repairing and/or replacing roofs, ceilings, floors and walls. We also build steps and wheelchair ramps for elderly or disabled individuals. We match our projects with the skills of our volunteers, maximizing the services we are able to provide. Our service extends to plumbing and electrical work when our volunteers are able to do such work. If you are involved in a group with any of these skills, please consider a trip to ARM to help the elderly and disabled families of rural Alabama.

Day Camps – Teams working with the day camp work with the ARM day camp staff to plan Bible studies, songs, recreation activities and much more! Day camps are run similarly to Vacation Bible Schools and other day camp programs. Our volunteers are able to enhance the children's experiences through interaction, whether it be fellowship, playing games, going on field trips, or presenting Bible stories and devotions. The children of the Sonshine Day Camp are truly remarkable in their ability to show love to so many volunteers that come in and out of their lives each summer. We invite anyone with a love for children to join us for this amazing experience this summer.

ARM is an UMVIM GO! Project Site– www.umvim.org/domestic.htm

Deadly tornados hit the South!

When disaster strikes we all want to help!

Month Long Food Drive
May 1st – 31st

Six of the Alabama Food Bank Association's eight member food banks are now actively involved in direct support to communities across the state according to David Reaney, the Association president. Fortunately, none of the food bank facilities suffered damage from the storms although the North Alabama Food Bank in Huntsville is currently operating without power. In a planning call with Feeding America disaster services staff on Friday, short term food and water needs were coordinated for the food banks in Tuscaloosa, Montgomery, Birmingham and Huntsville. The first truckloads of water and MRE's from Feeding America's disaster supplies at the Baton Rouge food bank are already enroute to Alabama. The Alabama food banks support over 1,000 church pantries, shelters and community soup kitchens day to day and distributed over 36 million pounds of food in 2010 with a fleet of 15 refrigerated trucks. In the coming weeks the food banks will be working with Feeding America to ensure additional trucks, staff and food is provided to assist communities across Alabama.

A list of food banks in Alabama can be found at alfoodbanks.org or at the Feeding America link found to the left.

Food donors play a key role in the success of the Food Bank. Each donation, no matter how large or small, plays a significant part in helping us do so much for those who are in need.

The Food Bank is the central collection facility in East Central Alabama. This means that when you donate to the Food Bank, you will be helping MANY food assistance organizations. You can feel good knowing that your food donations will be handled safely and fairly. We have the storage capability to store:

400 dry pallets
15 refrigerated pallets
124 frozen pallets
a sorting room to check product for dates, quality and damage
we have the staff to handle donated product including a forklift and driver to unload
4 receiving docks
we have access to vehicles to safely transport food donations
All of the organizations that receive food from us are carefully monitored to ensure that they are properly handling, storing and distributing the food to eligible recipients.

FOOD DRIVES

You can make a huge impact anytime by conducting a food drive. It is simple and easy. Food drives can be held in your neighborhood, office, school, or organization. For information on how to collect or donate food from your drive, contact Donna at 334–821–9006 or by e–mail at ddemous@foodbankofeastalabama.com The Food Bank will provide barrels for your food drive and pick them up at your request.

Ideas to enhance your food drive:

Establish a goal for your drive
Assign and oversee support functions (distribution of materials, publicity, handling the food)
Provide each donor with a bag to fill and return with food items
Publicize the suggested food list (or attach it to the collection bag)
Update people on the progress of the drive.
Visually display the food that has been collected
Put posters up in visible locations by a coffee machine or next to the time clock
Decorate collections boxes/barrels
Designate a special day on which to bring food
Use slogans that relate to your company/school
Give prizes for innovation or amount of food collected
Get the company to match the donated food in some way, such as donating a turkey for every 100 pounds of food collected by the employees
Hold an event, meeting or party where admission is cans of food
Let the media know that you are conducting a food drive
Invite a staff member from the Food Bank to address your group

Most needed food drive items:

Peanut butter
Canned meats (tuna, salmon, chicken, etc.)
Canned stews and soups
Canned fruits and vegetables
Baked beans
100% fruit juices
Baking mix, muffin mix
Cereals
Rice/pasta/spaghetti
Oatmeal, grits

Community Outreach

While many in our community do not need shelter and recovery, they do sometimes need a place to turn for help. Our goal is to reach out to these individuals and families with assistance and encouragement to stabilize their lives before they fall through the cracks.

Food: We provide three meals a day in our dining hall for our residents, opening our doors also to the homeless and impoverished community. A hot, nourishing meal–served with Christ's love and compassion–will help satisfy their physical and spiritual hunger. We also distribute grocery boxes to qualifying low–income individuals and families. Each box contains enough food for several meals.

Clothing: Our Community Outreach Center offers free clothing to qualifying men, women and children in need. Medical Center: In partnership with Christ Health Center, The Foundry Medical Center offers comprehensive pharmacy services and free health–care services for our residents.

Medical Center: Because many others in our community cannot afford health insurance or the high cost of medical care, we also provide health–care services for the working poor at a flat fee of $25. Staffed by a full–time doctor and nurse, our traditional family practice cares for minor and chronic illnesses that might otherwise go untreated.

Holiday Celebrations: The Foundry provides an atmosphere of hope and love during the Thanksgiving, Christmas and Easter seasons. We celebrate each of these holidays by hosting a traditional feast complete with turkey, dressing and all the trimmings. During Thanksgiving, families seeking grocery assistance receive extra food items to make a special holiday dinner in their own homes. We also provide gifts at Christmas for our residents, their children and little ones from the community to let them know they are loved.

We are giving Birthday's back to the kids who have lost everything in Alabama's tornadoes!

To access a child's 'wish list' please click on the notes tab under the profile picture on the homepage. If you have purchased one of the items on the wish list, please comment and let us know! THANKS!!! (:

April 27, 2011 has changed the lives of thousands of Alabamians. Including the children. Imagine your family trapped in the path of natures fury. You live through a nightmare, only to find all of your families possessions are gone.

It is April 28, 2011 and you wake up in a relatives house/ hotel room/ community shelter/ hospital...

You look to your parents, and with tears in their eyes they say, "Happy Birthday– we had such a good day planned for you."

Our goal is simple. To give every child that has been affected by the tornadoes since April 27, 2011 – onward, their very own birthday, complete with the presents that they have ALWAYS wanted!

We will be coordinating with a church/organization in each city to host birthday parties.

In the wake of Alabama's recent devastating tornado outbreak, Big Brothers Big Sisters of Greater Birmingham has been assessing the well–being of the 700+ children in our programs. Approximately 50% of the children we serve have been contacted and accounted for. Unfortunately, we do have 13 children and their families who have lost everything – their home, clothes, and personal belongings. We are asking for the following donations to help these children and their families rebuild their lives:

*children's clothes (all sizes)
*NEW socks, shoes, and underwear
*school supplies
*Wal–Mart gift certificates worth between $10 and $50
*buckets and plastic bins (to store salvaged belongings)

Please drop off all donations at our office located at 1901 14th Avenue South, Birmingham, AL 35205. Thank you.

PROGRAMS:
http://www.brotherbryanmission.com/get-involved/

There are several ways that you can help us to continue to “change lives” of the homeless men in Birmingham.

If you have food, clothing, furniture or a donation of any other items, you may:

Deliver the items to the Mission at:

1616 Second Avenue North
Birmingham, Alabama 35203

Or you may call or email us to discuss alternative methods of getting the items to us.

Urgent Needs:

As a nonprofit Christian ministry, we rely on the generosity of community members to help us meet the needs of the homeless and poor in our city . One important way you can assist us in our work is to help provide our most urgently needed items. We are a non-profit ministry so all donations will be tax deductible.

From Sawyerville Camp Website:
Relief Plan for Friends of Sawyerville

The Facts: 5 people & 42 homes lost, 17 homes uninhabitable, dozens damaged

The Episcopal Diocese of Alabama is committed to helping Sawyerville recover and rebuild now and in the coming months/years

How can people help?

Short term Assistance:

At this point, the local relief station is full on physical donations. If you have furniture or clothing you'd like to donate, please email Leslie Manning .
The Diocese will receive weekly updates from Marilyn Pickens, a resident of Sawyerville who is also on the Sawyerville Day Camp Commission, letting the Diocese know what Sawyerville currently "needs". This list will include things that the Fire Department/Armory has run out of or is running low on. The local volunteer organizations would like to use the Fire Department as well as the Greensboro Armory as a way to help families who have been displaced. They will set up both facilities as "shops" for families to come and get items they need as they begin to run out. Leslie Manning and other volunteers will get the word out to diocesan Episcopal churches and volunteers and let them know as needs arise.
Financial Donations can be made through the Diocese (www.dioala.org)

Click on make an electronic donation on the homepage and in the comments section type "Sawyerville Relief Efforts". Checks can be made out to the Episcopal Diocese of Alabama attn: Sawyerville Tornado Relief & sent to the Diocesan office (521 20th Street North Birmingham 35203)

Monetary donations will be distributed to local non-profit organizations (in particular but not limited to, Hale County Enrichment Society & HERO) that are trying to get $100-$300 in each displaced family's hands to help them get by until FEMA and other federal assistance is provided (approximately 10-20 days from now).
Many families have relatives in the hospital after the storms, some as far as Selma or Tuscaloosa.
Wal-Mart gift cards and gift cards to gas stations can also be mailed directly to HERO (HERO | Hale Empowerment & Revitalization Organization Inc. | 1120 Main Street Greensboro, AL 36744 | P: 334-624-0842)
Adult Volunteer Groups: are needed for pastoral care, trash pick up, to help go through debris as well as items found after the storm and continue to clean up the area. If you are interested in going, please contact Pam Dorr with HERO, pam@herhousing.org
Youth Groups: At this point, it is not safe for them work directly with the homes that were destroyed so for now groups can come down and sort donations at the Greensboro Armory. If you'd like to bring a group down, please coordinate that with Pam Dorr at HERO as well, pam@herohousing.org
PLEASE LET LESLIE MANNING KNOW IF YOU PLAN ON BRINGING A GROUP DOWN SO WE CAN KEEP TRACK OF WHAT GROUPS ARE GOING AND WHEN AND SEND ANY SUPPLIES/COMMUNICATION WITH YOU! lmanning@dioala.org
Volunteer groups are also needed to provide hot meals for volunteers and those that have been displaced. For more info contact Marilyn Pickens, mpickens@haleK12.org or 334-624-6785

Long Term Assistance:

HERO (Hale Empowerment and Revitalization Organization, Inc) is trying to pair displaced Sawyerville families with people from around the state that would like to shepherd them through the rebuilding process and act as a friend and support system during this difficult time. This does NOT NECESSARILY require any financial commitment.

If a family or a group of families (or for example a Cursillo Reunion group or Bible Study Small Group) wants to partner with a Sawyerville family, then you would help see them through the next few months (and hopefully an even longer lasting friendship will begin!). You would help this family clean up their property after the storm, furnish and set up their temporary housing and also help them get settled in their permanent housing. You would also act as a liaison between that family and any outside groups that could support them!
Emotional support would be just as important as any physical support or even financial support (if any is necessary).

If you're interested in doing this, contact Leslie Manning, lmanning@dioala.org
Support the Sawyerville Day Camp! The camp has been in the community for 18 years and will continue to be a source of friendship, joy, love and support for the Sawyerville community. Now, more than ever, the kids need our time and energy! www.sawyervilleworkproject.org

Relief Plan Wish List:

*Volunteers to be a part of the 'Sawyerville Relief Team'…both local Sawyerville/Greensboro residents as well as members of the Diocese that could help see this plan through and modify it as necessary.

* Someone to keep the Sawyerville website up to date with needs and information

* A volunteer (that could be a part of this team) that would be willing to keep a spreadsheet or database of current needs and what churches and other groups are currently doing to support the Sawyerville relief effort

From Website:
As response to the tornadoes that devastated many areas in Alabama shifts to the long–term recovery phase this summer, the Episcopal Diocese of Alabama will begin hosting teams of volunteers from around the country.

To help facilitate visiting teams the diocese has appointed a David Whetstone as Coordinator for Volunteer Groups.

Groups from outside the diocese wishing to send volunteer teams this summer should contact David Whetstone at whetstone@cableone.net, or 256–282–9769.

Additional information and applications forms are available online at: www.dioala.org/Misc/volunteers.html

Parishes within the Diocese of Alabama wishing to host visiting teams this summer by providing food and/or lodging are asked to contact David Whetstone

"URGENT: We need horse feed and chicken feed specifically to deliver to Hackleberg, AL."

Per the Greater Birmingham Humane Society, for survivors that are displaced with pets, there are no people/pet friendly shelters available. The options are to place your animals in a kennel, with a vet, or stay at a pet friendly motel or hotel.

All lost pets found can be taken to both this location, and to the Tuscaloosa Animal Control site.

Donate Now To Assist Pets Affected By 4/27 Tornadoes

The tornadoes of April 27th are some of the worst that we have witnessed in recent history. Many communities across six states have been devastated and many lives destroyed. We at the Greater Birmingham Humane Society have been tasked by the EMA

to help with the relief effort through services provided by our shelter. Please assist us in our efforts by making a monetary donation today.

Help Pets By Donating Much–Needed Supplies!

To provide assistance for the pets displaced by the tornadoes on 4/27/2010, we are requesting donations of the following items:
Dog Food
Cat Food
Horse Feed
Crates
Hay
Water
Dog Beds
Towels
treats
Cat litter
Bleach

If You've Lost Your Pet...

Birmingham Jefferson County Animal Control Services is currently in the field assisting with animal relief efforts. If you have lost or found a pet, please call 205–397–8534 or visit the BJCAC facility at 6227 5th Avenue North, Birmingham, AL 35212. Please do not leave a voicemail.

Can you offer specialized assistance?

If you are an individual, an organization, or a company and you would like to provide specialized assistance for animal tornado victims, please call 205–942–1211, ext. 200 and leave a voicemail if we do not immediately answer. We are asking that you do NOT email info @ gbhs.org, as we are unable to keep up with the large volume of emails we are currently receiving.

You can also help by making monetary contributions and in–kind donations. Check out our list of supplies needed and know that any gift is greatly appreciated.

GBHS Is Offering Assistance for Tornado Relief: Here's How

The Greater Birmingham Humane Society is providing assistance to animal victims from the recent tornado disaster in the following ways:

* Helping coordinate transfers from Tuscaloosa to allow them to accommodate the high number of displaced animals.
* Providing assistance to Birmingham Jefferson County Animal Control with their efforts with lost and found pets through a GBHS volunteer hotline and assistance in the field.
* Providing emergency relief to injured horses at our Mount Olive Rescue Barn.
* Collecting pet food, beds, crates, and other items needed for displaced pets.
* Helping reunite pets with their families through our lost and found pet tool.

About Hands On Birmingham

Hands On Birmingham (HOB) is a valuable resource to nonprofit agencies, schools, and neighborhood associations as well as ANYONE looking for a place to serve. HOB is a Birmingham–based nonprofit organization that makes it easy for busy people to volunteer. The majority of Hands On Birmingham's service opportunities are held after traditional business hours or on the weekends. Established in 1998, Hands On Birmingham is a member of Hands On Network. Hands On Network is currently made up of 58 national and international volunteer organizations.

Our Story

Hands On Birmingham, Inc. is an Alabama not–for–profit corporation committed to providing flexible, hands–on volunteer opportunities for individuals whose work and life challenges prohibit their active involvement in traditional volunteer programs. HOB is a tax–exempt organization founded in August 1998 by a group of young professionals who believe that the keys to strengthening the Birmingham community are:

• Serving others

• Meeting the needs of the less fortunate

• Creating a large, diverse force of volunteers

• Developing citizen leaders to assume a more prominent role in the volunteer community

• Solving existing problems rather than merely complaining about them Hands On Birmingham has a three–prong strategy for encouraging volunteerism in Birmingham: (1) emailing a volunteer calendar containing a description of worthwhile, hands–on projects for working adults, families, and corporations that mostly occur after conventional work hours and on weekends; (2) involve corporations in employer–sponsored, team–building group volunteer projects; and (3) sponsor an annual Hands On Birmingham Days to bring together thousands of volunteers from all over Birmingham in a day of service to others.

FROM THE SITE:

Disaster Relief

Lutheran Ministries of Alabama Disaster Response is a collaborative social ministry program of the Southeastern Synod of the Evangelical Lutheran Church in America (ELCA) and the Southern District of The Lutheran Church–Missouri Synod (LCMS). We support children and families an Alabama that have been affected by natural disasters, social inequities, or personal challenges by seeking to demonstrate Christ's compassion for people by promoting hope, healing, and wholeness for disaster survivors.

It is nearly impossible to predict when or where a disaster is going to take place. It is possible, however, for faith communities to prepare for what may happen. Disaster preparedness readies God's people and congregations for the unexpected disaster when it does happen and provides for a more organized and efficient response by all involved.
PREPARING FOR DISASTER - A GUIDE FOR LUTHERAN CONGREGATIONS

PREPARING TO RESPOND

LDR helps congregations be effective and important participants in their communities' recovery from disaster.

As part of the community, congregations have opportunity and responsibility to respond to disaster. The human needs and psychological scars left after a disaster require care beyond the restoration of physical needs. Putting lives back together after these events requires care, hope and love. Counseling, understanding and direction enable people to cope with their anger, guilt, tests of faith, loneliness and turmoil.

A time of crisis is often the best time for Christians to demonstrate the reality of God's healing grace through caring and sharing. The Preparing for Disaster - A Guide for Lutheran Congregations manual is provided to assist congregations prepare for disaster.

1/27/12 – Attending VOAD conference calls for 2012 Tornadoes in Ala.

FROM THE BLOG:

Alabama Update
May 19th, 2011

NECHAMA, along with our partners, JDRC in conjunction with the Bronfman Center at NYU and Knesseth Israel Congregation, want to update all of our volunteers regarding the status of the tornado cleanup work in Alabama.

NECHAMA has determined that the cleanup efforts in Alabama are happening more quickly than could have anticipated. With this in mind, NECHAMA is actively considering the creation of a rebuilding project in the Birmingham area. However, that project won't get started until sometime in August. NECHAMA is also planning to get involved in flood cleanup along the Mississippi, potentially in the area of Vicksburg, MS and points south. However, our flood cleanup plans can't be made until after area rivers have crested and the water has receded. As soon as we have any information regarding our possible involvement in flood cleanup, we will let you know.

As for Birmingham:

We are able to take volunteer groups or individuals in the Birmingham, AL area for cleanup work through the middle of June. You can volunteer for a day or a week. Most weekly volunteers come in on Sunday and leave on Friday.

Thanks to the efforts of Knesseth Israel Congregation and the JDRC, arrangements have been made to house and feed all of our volunteers with glatt kosher food. Volunteers will sleep on the floor of the synagogue with sleeping bags. There will be separate rooms for males and females. Of course, you can always stay in a hotel at your own expense if that is preferred.

All volunteers are responsible for their own transportation to and from Alabama and to and from the work site. We may have a 12 passenger van starting June 1st that will help with some volunteer transportation to and from the work site. Carpooling may also be available. The closest airport is BHM or Birmingham.

If you volunteer, you will need to bring all your own personal items: Toiletries, towels, closed–toe shoes, long pants for the work site, sunscreen and bug repellent. Since we are being housed in an Orthodox shul, modesty is required; we ask that your dress code is also modest. (no short–shorts, etc.) In addition, no outside food may be brought in the shul unless it has the OU certificate. NECHAMA also provides all the safety equipment, tools, work site and all expertise that is needed to ensure a meaningful volunteer experience. The work involved in this project is primarily debris and tree cleanup.

We do ask volunteers for a donation of $18 per person per day to help us cover the cost of food and other expenses.

Please let us know your plans to become involved with this deployment including your dates of arrival and departure. I will be happy to assist you in any way that I can be helpful.

Finally, I will be in Israel May 22– June 1. During this time, my assistant Miriam Apter will be able to help.

Thank you and we look forward to partnering with you. To volunteer please contact us at www.recovery @ kicong.org.

NECHAMA Responding to Southern Storms
May 4th, 2011

NECHAMA IS RESPONDING TO THE RECENT TORNADOES

This is a defining moment for disaster response organizations! As you have heard, in a 72–hour period on April 25–28, Alabama and Mississippi were hit by 362 tornadoes with over 300 fatalities. In the Tuscaloosa–Birmingham area alone, 65 people died. The scale of damage from these storms is being compared to Hurricane Katrina! Given the enormity of the damage and the tragically interrupted lives, we can't lose focus at a time like this. Thousands of our friends and neighbors in those areas need our help.

NECHAMA - Jewish Response to Disaster is on the ground in the Mississippi/Alabama area and is making its deployment plans in order to respond to the overwhelming needs of the people in this region. NECHAMA is initially expecting to deploy for a minimum of four months. Our ability to respond will be dependent upon our ability to raise sufficient funds, hire the necessary staff and purchase the needed equipment to conduct a deployment of significant duration. It will also pay for the increased use of fuel ($4.00/gallon!).

NECHAMA needs to increase its disaster recovery capabilities, thereby serving more victims, while at the same time maintaining its ability to respond to the inevitable natural disasters that will undoubtedly occur during the remainder of this year. NECHAMA will need to leverage incremental resources so that we can help more people, provide increased volunteer opportunities and train other faith–based groups to perform disaster response and recovery. Based upon an initial four–month deployment, NECHAMA will need emergency funding in the amount of $100,000.

Depending upon the availability of sufficient funding, etc., NECHAMA will be in a position to commence our deployment within the next week or so. When it deploys, NECHAMA will coordinate volunteer groups from Federations, synagogues, agencies and other groups of unaffiliated volunteers. We will also continue to coordinate our efforts with our partners in the faith–based disaster response community.

Please contribute funds to make this deployment possible, Click DONATE and/or if you are interested in volunteering in this effort, please contact NECHAMA at 763–732–0610 or email us at Amy Cytron: info @ nechama.org.

We will be in contact with you as our plans develop. Thanks in advance for your help and support.

4/19/11 from article posted from WLTZ News
BIRMINGHAM, AL, April 18, 2011 – The weekend was filled with severe weather and damage spreading from Oklahoma to Virginia. Approximately 200 tornadoes occurred over three days and more than 40 deaths have been attributed to the storms.

In Alabama, Governor Bentley declared a state of emergency and damage was wide–spread from Washington County in the southeastern part of the state to Tuscaloosa in the northwest. As of now seven deaths in Alabama have been linked to the severe weather system and approximately 130 homes in the state have been damaged or destroyed.

The Red Cross was on scene minutes after the tornadoes passed to provide relief and assistance and continues its work today. The work being done by your Red Cross includes:

•Damage assessment in affected areas to ensure we identify each and every person who needs help.
•Caseworkers are beginning to meet with survivors in affected areas to assist them with immediate, emergency disaster caused needs.
•One shelter remains open in Geiger, Alabama; a town about an hour south of Tuscaloosa which sustained heavy damage.
•Mobile feeding of hot meals and snacks as well as the distribution of clean up kits is ongoing. The Red Cross has nine Emergency Response Vehicles stationed throughout the state for this purpose and they were used to respond immediately.
•Additional trained staff and volunteers and supplies are arriving daily to help with the response effort.
•A Disaster Operations Center has been set up in the Birmingham area and additional staging areas are located closer to the affected areas.
•Disaster Mental Health workers are working with storm survivors to offer emotional support and help them deal with the stress disasters can cause.

The Red Cross is committed to providing the assistance so many people desperately need. "Families have lost everything, and we are doing what we can to help them as they figure out what's next," said Charley Shimanski, senior vice president, Red Cross Disaster Services. "We'll continue to help them in the weeks ahead as they try to get back on their feet."

How You Can Help

Since the end of March, the Red Cross has offered relief to people affected by 35 disasters in 20 states. The Red Cross depends on financial donations to help people affected by disasters like the Alabama tornadoes as well as countless other crises at home and around the world. You can help by making a donation to support American Red Cross Disaster Relief. Visit www.redcross.org, call 1–800–RED CROSS or text the word REDCROSS to 90999 to make a $10 donation. Contributions may also be sent to your local American Red Cross chapter or to the American Red Cross, P.O. Box 37243, Washington, DC 20013.

Teyn Yad Update 6/14/11

Current Critical Information for Volunteers

All volunteers must sign the attached agreement– click & download here (on website)

For a list of available activities– click & download here
Need–To–Know Info (on website)

Not all activities are available at any given time. The more notice the volunteer groups give us the better.

There is a limit to how many volunteers we can house at any given time. The more notice the better

There are age limits to certain jobs. Construction, demolition, and cleanup are 18 years or older

15 years old is the minimum and some activities require 16 year minimum

For correspondence and info about our Teyn Yad Efforts, please email: teetornadorelief@gmail.com

Volunteer assignments will be made through Habitat for Humanity and the Red Cross. Please check this page frequently for updates about all our projects and needs.

Current Needs–

1. Housing summer Volunteers
We are expecting volunteers from synagogues all across the United States to arrive in Birmingham ready to join our relief efforts during the summer.

We still have a need for more TEE host families to house them for the months of June through September. Please email Bob Gross for more info and to sign up.

2. Organizing summer children's activities
The children of families displaced by the storm will need something to keep them occupied and happy during the summer months while their families try to rebuild their homes and their lives. Volunteers will be needed to create, provide and supervise these programs.

Services offered: Construction, * Volunteers (ANY/ALL types); Housing, Volunteer Housing * (ANY/ALL Types); Housing, Volunteer Housing (FREE); Volunteers, Misc. * (ANY/ALL Types)

VOLUNTEER –
We understand that not everyone can come out and do debris removal. But there is always something you can do! We are always looking for people to make supply deliveries, make food, deliver food, sort through donations. We are also have a needs list that will be updated regularly with items we desperately need! And as always your support and prayers are appreciated by all.

DETAILS at:
http://toomersfortuscaloosa.com/volunteer/

NEEDS –
The needs of Alabama residents is ever evolving. This is a list that is updated once a week with the main needs of 5 categories of needed items. We can't stress enough that this is a constantly evolving process as we work diligently to clean up Alabama and then move on to rebuilding a wonderful state!

» Cleaning Supplies (Mops, Brooms, Buckets, Sponges, 409, Windex, Bleach ect.)
» Yard Tools (Chain saw oil, chain saw sharpeners, chainsaws, work gloves, rakes)
» Food/Drink (canned goods, Peanut Butter, Jelly, Crackers, Cereal, Gatorade{especially lemon–lime}, sports drink powders)
» Misc. (can openers, Bug spray, deodorant, sun screen, large trash bags, infant formula, pedilyte)
» Other donations (monetary, gift cards, gas cards)

If there any any questions about donations not listed here, please check our FAQ. If that doesn't answer your question please don't hesitate to contact us.
SEE DETAILS AT:

Tornado Disaster Response Update from Rev. Matt Lacey
4/28/2011
Rev. Matt Lacey

I have been overwhelmed with the hundreds of phone calls and emails I have received asking how folks can help during the recovery process. God truly moves through and with us during these times. Today we have begun to distribute relief through the various districts, and we are making some great progress in evaluating everything. We are currently establishing a network of "home base" churches in affected areas to assist in storing supplies, staging volunteers, and housing those affected. If your church may be interested in this, please let me know by emailing me at mlacey @ northalabamaumc.org.

I encourage you to follow the conference website, or find North Alabama missions on Facebook at www.facebook.com/missionsnal

Please understand that I am, quite literally, fielding hundreds of phone calls, and the best way to reach me is through email at this point with that specific information.

We expect to begin organizing and dispatching UMCOR Emergency Response Trained [ERT} individuals at the beginning of next week. If you have been ERT trained, here are the criteria which we are asking you to follow:

Team leaders MUST have a valid UMCOR ERT badge in the last 3 years. Team members must have a valid conference or UMCOR ERT badge in the last 5 years. To volunteer, please visit this site to register. We are taking these criteria very seriously due to the nature of the damage of these massive storms.

If you are not UMCOR ERT trained and wish to be trained, there will be two trainings offered this Saturday.

– Saturday, April 30 at Alabaster First UMC from 8:30am to 5:30pm. There will be a small cost for background checks ($11 which you pay directly) and may be some small cost for materials. There is a limit of 60 people for this training. To register, contact Rev. Mike Edmondson at mtedmondson @ aol.com , ASAP.

–Saturday, April 30 at Cottondale UMC from 8am to 5pm. The cost is $35. To register please contact Rev. John Hassell at cumc@dbtech.net . There is a limit of 40 people for this training.

Please remember that we are a connectional system, and are going through the proper channels to insure everyone's safety and well–being. If you have questions to direct to myself, or anyone on the disaster response team, please be patient as we are trying our best to establish a system through which folks can work.

If your church wants to give an offering, please give through UMCOR's website by clicking here, or making a check out to the North Alabama Conference labeled with the Advance number 3021326.

At this time, we are getting a handle on what supplies are needed. I do know that various churches are collecting supplies. Right now, different supplies are needed in different areas. While we may not guarantee they will get to an United Methodist church, we can guarantee that they will be given out somewhere to someone in need. At this time I am hesitant to post a list of "needed supplies" because we have not yet developed a network to store and distribute those items. Local UMCs may continue to collect items, if they are able to store them, and we will make use of what we have.

This is a trying time for many, and we are called to, with God at our side, help to heal a hurting world. We will release any further information as we receive it. God Bless.

– Matt

Web downtownbhm.com

NOTE: there was a City Action Partnership [CAP is Downtown] which gathered donations like free items for people struggling and had a large number of social services. This CAP was transformed into the new CAP which is focused on Economic Development. See the prior CAP is Downtown at: https://ccc.haghy.com/shelters/290 [you must choose "show closed" under the facilities list to see the closed facility record] [We miss you Laura and your wonderful humanitarian work helping so many thousands of people and families!]

The new CAP is Downtown focuses on providing "friendly ambassadors" to the business district and "help people, tidy up and keep the district safe." The new CAP is Downtown says their amassadors "patrol on foot, Segways and bikes" and that "our visibility and attention often deter bad behavior and activities." And they also offer "non–emergency cleaning services — like graffiti removal and pressure washing" within business district.

Here are some other business–oriented services this agency is providing now:

– Safety patrols throughout the district
– Escorts to your vehicle or downtown destination
– Directions & helpful information to pedestrians
– Regular check–ins to downtown businesses
– Outreach to unhoused populations to connect them to services
– Stranded motorist support, e.g. battery jump, tire air–up, vehicle unlock
– Litter clearing
– Pressure washing in public spaces
– Graffiti removal
– Beautification

AREA AGENCY ON AGING

As the Area Agency on Aging Program ATRC provides many services to the region's elderly population. Most of those residents live in areas defined as rural. Rural and low–income residents are the target groups for Aging services. The AAA acts as an advocate for the elderly, plans and manages a system of in–home and community services to help them maintain their independence and dignity, and administers federal, state, local, and private funds to support those services. The AAA reaches these goals by working with federal, state and local officials, elderly constituents, service providers, and volunteer groups. Together they coordinate services and develop new services to help the elderly.

We are working on putting the process together to build sheds for the Tornado survivors in the Pleasant Grove, AL area. We are working with Westmont BC and the Presbyterian Church Disaster Relief. It looks like other local churches will be involved soon. Robert and Sue Lumpkin have agreed to help run the shed project while Martie and I focus on Haiti. If you recall Robert and Sue have been strong supporters of Pathfinder Mission and ran the camp in Mississippi for us a time or two. We are going to start with 20 sheds and see where it goes from there. Rather than build the prefabs in Demotte this time, we will use Jim Bishop cabinets in Montgomery to cut the wooden parts and assemble the prefab pieces in Eclectic, AL, then build the sheds in Pleasant Grove at Westmont. Pastor C.B. Scott of Westmont agreed to host up to 18 volunteers at no charge ... that includes food .... Wow! For those of you who want to build some sheds ... I will keep you posted on the progress. Martie will coordinate the volunteers with Westmont.

The South Bay Communities Alliance, Inc. (SBCA), was organized early last year by volunteer citizens of Mon Louis, Alabama Port, Delta Port, Heron Bay, Coden, etc., to aid Katrina victims of incorporated areas of South Mobile County. Since inception, SBCA has received (Grant's) to purchase and construct a 7,500 SF "Coastal Community Center" at (P.O. Box 112) 7385 Hwy. 188, Coden, AL 36523. Computer and language skills courses will soon be offered to the public. The facility is designated a disaster response center. Citizen participation encouraged.

FROM THE WEBSITE:

We are all citizens who love our communities and our county but who realize that because we do not have "self rule", we must organize in order to ensure we have a "presence and voice" in community concerns.

South Mobile County is a beautiful and historical area with many unique qualities. In the aftermath of Hurricane Katrina, it became clear there was a tremendous need to organize in order to protect our communities and to aid in the recovery process. There are other issues and events occurring that need to be addressed as a group to include the oil and gas industry's efforts to establish an industrial "hub" of operations as well as developers planning new construction. We must address these issues and have input on growth in our area to include zoning and planning, and preservation of our historical and cultural resources.

18 months after Hurricane Katrina, our communities continue to struggle for recovery with many issues and problems still before us.

ORGANIZED BY AND FOR CITIZENS IN UNINCORPORATED SOUTH MOBILE COUNTY COMMUNITIES TO ENSURE REPRESENTATION IN PUBLIC MATTERS, PRIVATE CONCERNS AND TO ENSURE MAXIMUM OPPORTUNITIES, PARTICIPATION, SAFETY AND ECONOMIC GROWTH AS AFFORDED ALL CITIZENS IN MOBILE AND OTHER INCORPORATED TOWNS.

SOUTH BAY COMMUNITIES ALLIANCE HAS A TIRELESS AND GENEROUS VOLUNTEER MEMBERSHIP WORKING TOGETHER TO IMPROVE OUR QUALITY OF LIFE IN THIS STORM–RAVAGED AREA, ADDRESS ENVIRONMENTAL AND HEALTH ISSUES, AND LOBBY FOR ASSISTANCE FROM OTHER AGENCIES AND GROUPS TO REACH RECOVERY GOALS.

SOUTH BAY COMMUNITIES ALLIANCE WAS FORMED AND INCORPORATED IN EARLY 2006. WE ARE PRESENTLY WORKING WITH LEGAL SERVICES ALABAMA IN APPLYING FOR OUR NON–PROFIT 501(c)(3) STATUS.

SOUTH BAY COMMUNITIES WISH TO THANK COMMISSIONER MIKE DEAN FOR HIS SUPPORT. HE HAS LISTENED TO OUR NEEDS, ATTENDED OUR MEETINGS AND RESPONDED WITH ACTION. WE ESPECIALLY ARE GRATEFUL FOR HIS ASSISTANCE IN OUR SEARCH FOR A NEW "HOME" FOR OUR COMMUNITY CENTER WHICH WOULD BE LARGE ENOUGH FOR PRESENT AND FUTURE GROWTH. WE ALSO THANK THE MOBILE COUNTY COMMMISSION FOR RECOGNIZING THE SPECIAL NEEDS CREATED FROM HURRICANE KATRINA.

FROM THE SITE:

Housing Development

Affordable housing is provided for low income persons in Alabama and the Southeast. U. S. Housing and Urban Development programs, low–income housing tax credits, Federal Home Loan Bank and conventional financial resources are used. For more information, contact Richard Lyons at 256–260–3121.
Housing Counseling

Comprehensive housing counseling services to home buyers, homeowners and renters – both current and perspective. This assistance enables them to improve their housing conditions and meet the responsibilities of tenancy or home ownership under HUD and other funding in Morgan, Lawrence and Cullman counties. For more information, contact Sue Stancil at 256–260–3112.

Volunteer Development

Volunteers help people and change lives– in 2005, volunteers contributed more than 21,000 hours of service to individuals assisted through the services of the Partnership. Volunteer opportunities include reading to children, classroom assistance, mentoring, assisting seniors, information and referral, meal preparation and delivery, income tax assistance, clerical activities, writing, research, and other program activities that assist the Partnership with accomplishing its mission and purpose. Individuals looking for opportunity to volunteer in their community should contact Laurie Lincoln at 256–260–3106.

Senior Companions

Seniors, 60 and older, are recruited to provide help in the homes of individuals at risk of having to accept alternative care rather than continue to live in the comfort and familiarity of their homes. They offer light housekeeping, prepare meals, monitor medications, encourage exercise and provide respite care. They enable their clients to maintain their independence. Services are provided in Morgan, Lawrence, and Cullman counties. For more information, contact Tamisha Sales at 256–260–3142.
Meals on Wheels

This program provides a nutritious meal and a brief wellness check each weekday for eligible homebound elderly and/or handicapped adults in Morgan County. One–hundred percent locally funded through support from city and county governments, United Way, churches, individuals, civic and social clubs, various organizations, The Decatur Daily and other area businesses. For more information, contact Cindy Anderson at 256–260–3108.

Family Development Credential Program

The Family Development Credential (FDC) program is an interagency strengths–based professional development course and credentialing program for frontline workers. The program is intended to transform the way health, education and human services are delivered to families with an emphasis on moving systems away from fragmented crisis oriented services to strengths based empowerment service delivery practices. This systematic, comprehensive program of study provides both skill development and a way to identify the “credentialed worker” as one with consistency and professionalism in their work with families. FDC courses are offered through interagency partnerships by community based instructors an portfolio advisors who are trained by the partner agency in that state. For more information, contact Stephanie Johnson at 256–260–3144.

Economic Development

Our CDFI (Community Development Financial Institution) lends funding for asset development and the establishment of micro–enterprise businesses.

Real Estate Loan Program
This loan program provides low–interest loans to low–income individuals needing critical health, safety or code compliance

improvements or repairs to their home.
(now taking applications)

Capacity Building/Emergency Loan Program
This loan program provides low–interest loans to low–income individuals needing financial assistance to obtain a job, housing, education, or transportation and can be used for health related issues that cause barriers to employment, housing, or education.
(enrollment is not open at this time)

Small Business Micro–Enterprise Loan Program
This loan program provides funding to small business for asset acquisition, asset development and business start–up capital.
(enrollment is not open at this time)

For more information, contact Richard Lyons at 256–260–3121.
Results Oriented Management and Accountability

Today, Non–Profits are expected to deliver services that are high impact and produce results. The Community Action Partnership offers a two–day learning session that equips participants with the tools and the skill necessary to indentify programmatic outcomes and report their impact. Training areas include identifying outcomes, logic model development, measuring results using an outcome scale, and impact illustration using an outcome matrix. For more information contact Jack Green at 256–260–3128.
Accountable Case Management

The Community Action Partnership offers a one–day learning session that introduces participants to fundamental case management principles and techniques. A unique element of this training session is its close connection to outcome management. This session can be presented in conjunction with the Results Oriented Management and Accountability training session. For more information contact Jack Green at 256–260–3128.

211 Information and Referral

211 is an easy–to–remember, free–to the–user phone number linking people with the services they need. Dialing 211 connects the caller to a specialist who can assess the caller's needs and link the caller to the right solution using a comprehensive database of services – federal, state, and local; government and nonprofit. 211 is for everyone. For more information, contact Laurie Lincoln at 256–355–7843.
Low Income Home Energy Assistance

Assistance on a one–time basis to low income families to meet heating and cooling energy costs and to prevent energy from being terminated in health crisis situations. Funds are paid directly to utility companies and vendors. For more information in Morgan County, contact Cindy Anderson at 256–355–7843; in Lawrence County, contact Jennifer Kelley at 256–974–9026, and in Cullman County, contact Robin Johnson at 256–734–5170.
Operation Warm

A limited area energy program that provides assistance on a one time basis to persons who are elderly, handicapped, or in health crisis situations. Funding is provided by residents of Morgan and Lawrence counties through donation of $1.00 or more above their monthly bills. For more information in Morgan County, contact Cindy Anderson at 256–355–7843; and in Lawrence County, contact Jennifer Kelley at 256–974–9026.

If you would like to volunteer for the U.M. Disaster Warehouse please review the calendar below then fill out and submit the form below it.
We have tasks for everyone and anyone. We do have some tasks for folks with limited mobility. Our volunteers range from youth to retirees. The warehouse itself is not climate controlled, however we do have some tasks in a climate controlled area. Also, bring a camera. You will have fun! If it is a group coming in the winter, a pound cake would be graciously shared with all. We can provide the coffee, plates and utensils. We always have cold bottled water available. Just about any type of food for lunch is available nearby the warehouse. Campers and RV's are welcome at Point Mallard Camp Ground, just three–and–a–half miles away. (Nice full hook ups.) Thanks, U.M. Disaster Warehouse Staff 256–341–9961 U.M. Disaster Warehouse is located at 3220 Hwy 31 South, Building "F", Decatur, AL 35603.

We have recently compiled an equipped team of trained men and women that has come together for one purpose: "To make a difference for Jesus Christ in Disaster Response." We are willing to sacrifice our time and effort to see this goal accomplished so that we can make an impact for the Church of the Nazarene and for the Kingdom of God.

NAZARENE DISASTER RESPONSE (NDR). A denominationally supported network of disaster volunteers, assisted by trained district, regional, and national leaders who cooperate with other national, state and local agencies to respond to victims of natural and human–made disaster.

PRESENT NEEDS

Updated: Saturday March 31, 2007 05:10 AM

TARPS are being supplied by FEMA and some governmental funds will assist in other expenses.

Clean–up is being completed by area residents and the city of Enterprise as well as volunteer assistance.

There are many trees that need to be cut and removed from the neighborhood, but they can only be removed my professionals due to the location and size of many trees still standing. Equipment such as lifts, Bob Cats, and tree climbing equipment are needed.

THERE IS A NEED FOR TEAMS THAT HAVE EXPERTISE IN TREE REMOVAL AND HAVE THEIR OWN EQUIPMENT SUCH AS CHAINSAWS, TREE CLIMBING EQUIPMENT, AND A BOB CAT. Contact Mark Berry for more information at 334–702–7305 or 792–6974. Leave a message on the answering machine if I am not available.

Other community homes have been hit as well; therefore, we will assist in the neighborhood as we ask and are invited.

WE ARE WORKING IN COOPERATION WITH NVOAD (National Volunteer Organizations Active in Disaster). They are stationed adjacent to the Methodist Church, 202 South Edwards Street (334)347–1011

You are welcome to take a team but when you check–in you will need to write somewhere on the volunteer sign–up sheet that you are part of Nazarene Disaster Response (NDR). .

Call Pastor Mark Berry at (334) 792–6974 or (334) 702–7305 or Charles Martin, ALERT coordinator, at (334) 546–6892 or Tim Campbell, District NDR Director, at (251–621–0543 if you are able to help or want to send a team.

A project has been started by Rev. Freddie Lindsey. It consists of building a home from the ground...up. This individual did

not have insurance. All areas of expertise are needed. You can contact Freddie Lindsey at flindsey@frontiernet.net or Mark Berry.

There are many homes that did not have insurance. These will be the homes we will focus on as names are given by NVOAD. Some homes will have to be leveled while others will need major reconstruction.

IF YOU WOULD LIKE TO BE INCLUDED ON A LIST SO THAT YOU CAN BE CONTACTED AS NEEDS ARISE, SEND AN EMAIL WITH YOUR NAME, ADDRESS, AND CONTACT INFORMATION. We will contact you as a need comes to our attention. Please share with us what type of work you or your team have knowledge of. e.g. Carpenter, electrician, etc. dothanfirstnaz@yahoo.com

VOLUNTEERS ARE BEING DIRECTED TO THE NVOAD VOLUNTEER SITE adjacent to the Methodist Church, 202 South Edwards Street (334) 347–1011. When you check–in you will need to write somewhere on the volunteer sign–up sheet that you are part of Nazarene Disaster Response (NDR).

NOTE ABOUT HOUSING: If you have a trailer, you are welcome to park in the parking lot of the church in Dothan – 1081 Honeysuckle Rd., Dothan, AL, but you will not have electricity or sewage hook–up. You must remember that Dothan First is located 45 minutes from Enterprise. We would prefer you stay at a park where you have electricity and sewage. Ozark and Dothan are the two closest cities. Motels are available in Enterprise and Dothan areas as well. The churches Family Life Center will be used only if you have no other possibilities. Pre–arrangements will be necessary.

Wiregrass Organizations Gear Up to Help Those in Need after Gustav

Donations are needed to help meet local disaster needs
Posted: 5:23 PM Aug 28, 2008
Last Updated: 5:23 PM Aug 28, 2008

As Tropical Storm Gustav continues to make its way toward the Gulf Coast, local organizations are gearing up for the possible aftermath.

These groups are depending on you to help them make a difference.

Hurricane season is here and that means it's time to make sure you and your family are prepared for when a storm hits.

Susan Holmes with the American Red Cross said, "Prepare yourself ahead of time in case you get trapped in your house by a tree or the power is out. Be sure you have what you and your family need to sustain you for a day or two."

Families in need often times look to non–profit organizations for food and supplies after a storm hits. Those organizations count of the public to donate those items so they can distribute them after a disaster.

David Hanks with the Wiregrass Area Food Bank said, "Mainly we handle food products, but during a disaster we need anything; tarps, bedding, blankets and sheets because people who have been affected don't have anything."

Even if the affects of Gustav aren't felt here at home, resources from the Wiregrass will go to help those in need.

"We'd be a resource if there's a storm that hits in that area," Hanks said. "We were a resource during Katrina to Biloxi and Louisiana."

Blood is always an immediate need during a disaster. Both Lifesouth and the Red Cross are hoping to increase their supplies before Gustav makes landfall.

Here is the information you need to know to help those in need. If you'd like to donate non–perishable food items or disaster supplies you can visit the food bank on Twitchell Road in Dothan.

For information on how you can better prepare for disasters, visit redcross.org.

And, if you'd like to volunteer or need help after a disaster, you can call 211 to get in contact with numerous agencies.

E–mail: wauwfb@aol.com

The Wiregrass Area United Way Food Bank is a non–profit hunger relief charity that solicits and collects surplus food. The Food Bank stores and distributes this food to agencies primarily feeding the needy in a five–county service area that includes Houston, Henry, Dale, Geneva and Coffee counties, as well as parts of northwest Florida and southwest Georgia.

We are an independent non–profit, with paid staff, volunteers, and a board of directors. Operating from an 18,000 square food warehouse with refrigerated storage, and networked through America?s Second Harvest (the nations food bank network), the Food Bank can access food and other assorted grocery products, and operate at a minimal cost. As a result, member non–profit agencies that utilize the Food Bank are able to conduct their food programs in a cost effective manner. No donated food is ever sold by the Food Bank or by any
member agency. Food recipients incur no cost for food assistance.

A shared maintenance fee (SMF) assessed to affiliate agencies helps
to support the Wiregrass Area United Way Food Bank. Additional
financial support is generously donated from churches, civic clubs,
businesses and concerned citizens.

Who we serve:

Food is distributed free by affiliate agencies to the hungry, the elderly and children either through on–site meals or by emergency food boxes.

The ultimate beneficiaries of the Food Bank are the people who receive the food we distribute, though much could be said of the benefits received by volunteers, donors and supporters.

Some programs which benefit are:

Churches
Food Pantries

Soup Kitchens
Group Homes
Assisted–living Homes
Half–way Houses
Day Care Centers
Senior Citizen Programs
Developmental Centers
Emergency Shelters
Neighborhood Centers
Nutrition Centers
Health Care Centers and Programs

Update release from the LCMS World Relief and Humac Care website at:

http://www.lcms.org/pages/internal.asp?NavID=11428

Anyone who is in need of recovery assistance is asked to contact Rev. Dave Buss at 225–205–1639. He is currently in Enterprise, Alabama, with a response team from New Orleans. A team of 7 arrived last night equipped with a Bobcat, ATV, and 7 chain saws. This morning they helped secure Christ The King Lutheran Church (CTK) which is located two blocks from the high school that has been featured on the news. They have moved to the city's staging area to join other volunteers. If you would like to join them please contact them at the above number. All members of CTK have been contacted by Pastor Endrihs. They are safe and their homes (even those in the most

affected areas) did not suffer any major damage. The church had a small portion of its metal roof peeled away, some vinyl siding removed, and one window broken. We will share any other updates as we hear them. Please continue to pray for the pastor and members of Christ The King and for those who are answer the call to share the love we have received from Jesus Christ to those in need.

The local LCMS congregation, Christ the King, suffered some damage, but is serving as a staging area for disaster relief teams headed by Rev. Dave Buss, Southern District disaster relief coordinator. The church is near the high school and the hospital. A volunteer team from Camp Restore (New Orleans) arrived Friday morning with Rev. Buss, and is assessing the situation to determine how the existing needs can be met. Your prayers and financial contributions will help this effort. The need for further volunteer assistance is being evaluated.

Rev. Glenn Merritt, LCMS director of disaster response, is in contact with Southern District President Kurt Schultz, and has offered the full assistance of LCMS World Relief and Human Care to the Southern District, affected congregations and individuals as needs are determined.

Hot Meals for the Homebound:

Since 1984, the Christian Mission Center has been involved with preparing and delivering nutritious, home cooked meals twice a week to those who are homebound.

On–Site Meals:

Our cooks also prepare three meals a day, seven days a week for walk–ins and our shelter residents (See website for schedule).

Bagged Groceries:

Clients who qualify are given a generous supply of food from our large pantry. Individual needs are taken into consideration and when necessary, some training is provided on how to put the items together for a nutritious meal. Pantry foods are provided through the donations of individuals, corporations, and local organizations; an annual food drive by the Boy Scouts, food drive collections by the Post Office, and canned or boxed foods purchased in bulk from the USDA Food Bank. We use recycled paper and plastic bags for this ministry.

Emergency Assistance Programs:

–FOOD for anyone in need.
–Assistance with UTILITY BILLS that involve a disconnect notice.
–RENT or MORTGAGE assistance when individuals are facing eviction.
–SHELTER for individuals or families who are homeless.
–MEDICATION for life threatening medical conditions for those unable to pay.
–TRANSPORTATION such as bus tickets or gasoline vouchers for individuals and families who need assistance traveling out of town to hospitals, funerals, and other emergencies.
–CLOTHING vouchers for individuals and families to be used for shopping at the Christian Mission Bargain Center.
–HOUSEHOLD ITEMS such as dishes, linens, furniture, appliances, etc.
–CANES, WALKERS, and MEDICAL BEDS for anyone in need.

VOLUNTEER YOUR TIME:

The opportunities are numerous and the work is very rewarding. Each volunteer gets a complete tour of the behind the scenes operations and goes through a formal training period.

DONATIONS:

Donations of Items to include clothing, furniture, appliances, household items, automobiles, land or other property, and miscellaneous items.

Donated clothing and other goods are also tax deductible and a receipt should be requested at the time and location where goods are donated.

Donations of clothing and other goods may be delivered directly to the rear of the Store in Enterprise where they can be processed, or to the Store Manager at any of the other locations.

Pick ups for large items of large donations may be arranged by calling our in advance our main office.

There are also white wooden drop boxes bearing the mission name located in convenient locations throughout the community where smaller items may be placed at any time.

March 7 – EMERGENCY INFORMATION FOR IMMEDIATE RELEASE
3/7/2007 Emergency Information

March 7, 2007–The City of Enterprise and the following departments are issuing the following press release information:

·The Enterprise City School Board met this morning and determined a schedule of classes for the affected schools. The schedule is as follows:

–All Enterprise City Schools Faculty and Staff will convene on Tuesday, March 13 at 8:00am in the sanctuary at the First Baptist Church on Main Street for an organizational meeting.

–The schools will operate on the same annual calendar, except the week of Mar 5–9 will be counted as Spring Break.

–Classes will resume Wednesday, March 14, 2007.

–Hillcrest Elementary and Holly Hill Elementary will share a building. Holly Hill students will attend classes Mon–Fri from 8:00am until 12:00 noon. Breakfast and lunch will be served.

–Hillcrest Elementary students will attend classes Mon–Fri from 1:30pm until 5:30pm. Lunch will be served upon arrival. Students will be assigned their original Hillcrest teacher.

–Enterprise High School students will attend classes at Enterprise Ozark Community College Mon–Thurs from 12:30pm until 5:30pm. On Friday classes will begin at 8:00am and go until 12:30pm. Students will be assigned their original EHS teachers.

–Details of the school's transportation scheme will be released as soon as it becomes available.

–All other area schools will resume classes as usual on Wednesday, March 14, 2007.

·The City of Enterprise Engineering Department is asking that all residents be sure they obtain permits before doing any kind of construction on their homes. Electrical permits can be obtained by calling (334) 348–2671. Residents must visit the Engineering Department at City Hall to obtain construction permits.

·The City of Enterprise remains aware and concerned for those citizens displaced by the recent tornado. The city has been in contact with FEMA and the Alabama Emergency Management Agency and understands that Federal housing assistance may be provided to qualified individuals. CITIZENS MUST REGISTER WITH FEMA BY CALLING 1–800–621–FEMA. AFTER DOING SO, THEY CAN VISIT ONE OF THE DISASTER RECOVERY CENTERS FOR FURTHER HOUSING ASSISTANCE. At the present time, FEMA does not anticipate the introduction of temporary trailers or similar mobile homes. We are urging citizens to consider temporary living arrangements such as apartments or rental properties. Once again, residents should visit the DRC's to be pointed in the right direction.
The City of Enterprise wants all citizens in need to know that we

care and continue to stay in close contact with and AEMA concerning housing.

·CITIZENS NEED TO STAY OUT OF THE DEVASTATED AREAS UNLESS THEY HAVE A PURPOSE THERE. PLEASE RESPECT THE VICTIMS AND GIVE THEM THEIR PRIVACY.

·The City of Enterprise has been approved for federal Public Assistance categories A through G.

·The City of Enterprise Police Department is informing residents that all vehicles that have not been picked up as of March 7, 2007 will be moved to the Orange Parking Lot where they can be claimed beginning on Thursday, March 8.

·The Police Department is still issuing a curfew, but ONLY for the devastated areas. The curfew will be in effect from 8:00pm until 6:00am. Residents trying to get into these areas need to have a proof of identification in order to get into the areas. Businesses not in the affected areas are free to operate as usual and residents are encouraged to function normally.

·The Police Department has been notified by the Coffee County Health Department that pillaging through garbage piles and debris poses a health hazard and is urging all residents to stay out of garbage and debris for their own safety.

·The City of Enterprise Public Works Department is urging citizens to move debris to the 10 foot easement at the edge of their driveway or yard. City personnel are not authorized to collect debris past that easement and cannot legally enter personal property to collect.

·The City of Enterprise Fire Department is asking that all residents refrain from burning unless they are cooking. In addition, residents need to stay out of unauthorized areas and allow workers to do their job.

·The City of Enterprise would like to reiterate to all citizens, businesses, and contractors that the City is not forming ANY contracts with any businesses or contractors. The City is not currently at that stage in its disaster response. Those providing services are on a volunteer basis only and will not be provided with monetary reimbursement. They need to be registered with the Lutheran Disaster Response coordinator at 208 East Watts Street in the Christ the King Lutheran Church. Any residents forming contracts with businesses or contractors need to verify that the vendor is reputable, licensed, bonded and insured. This will protect the resident and the vendor. Residents can verify local vendors licenses by calling City Hall at (334) 348–2600.

·If citizens should work with a contractor and form an agreement for monetary reimbursement, that contract is strictly between the individual and the contractor. Residents with damage need to be cautious about vendors offering fraudulent services.

·The City of Enterprise Water Department is asking that all residents who are relocating due to the tornado damage call the Water Department at (334) 347–1211, ext 2250 so that a work order can be processed to finalize your account, even if the water has already been disconnected. This will prevent any unnecessary billing. If any resident needs their water turned back on, they also need to contact the Water Department. RESIDENTS SHOULD REFRAIN PLACING DEBRIS ON FAUCETS, FIRE HYDRANTS, METERS, ETC. THIS COULD CAUSE A BREAK IN WATER MAINS.

·If any residents have insurance questions or complaints, they can call the Alabama Department of Insurance at (334) 324–6341.

·The City of Enterprise Parks and Recreation Department is accepting food donations at the Enterprise Recreation Center on East Lee Street.

From there, food will be packaged and delivered to the areas where it is needed. Those wishing to make a food donation can contact the center at (334) 348–2681 or (334) 348–2682. The City Distribution Center is located on Boll Weevil Circle in the Enterprise Shopping Complex in front of JCPenney. The Center will distribute water, ice, tarps, toiletries, cardboard boxes, and MRE's to those needing assistance. The center is open from 7:00am until 7:00pm. The Westside Community Park staging area on College Avenue will remain open until further notice. A staging area has been opened at Daisy Gibson Park in the Baptist Hill area. Residents are encouraged to visit these areas for any items they may need. The City is not currently seeking clothing donations. Food items needed include: hot food donations, canned sodas, Gatorade, boxed juices, and protein and cereal bars. Citizens are also in desperate need of tarps.

·The Lutheran Disaster Response is working with Volunteer Mobile and the Office of the Governor Faith–Based Initiative to coordinate volunteer efforts. There are currently over 580 volunteers working with The City of Enterprise. We ask that all volunteers register their names so hours can be documented to obtain matching federal funds and to ensure the safety of volunteers. Without this documentation, the City will not be able to receive federal funding for its volunteer efforts. Once again, the volunteer center is located at 208 East Watts Street behind the hospital. Citizens with unmet needs can also come to this location where they can be directed for assistance. Volunteers are being identified by red wrist bands if citizens need help.

·Currently, monetary donations are preferred. Donation can be made through the Enterprise Alabama Tornado Fund. Information can be obtained at the www.cityofenterprise.net or they can call 1–877–598–4584. Lines will be open Monday through Saturday from 8:00am until 9:00pm Eastern time. There will be a recording after hours to provide additional information. Donations can also be mailed to Enterprise Alabama Tornado Fund, P.O. Box 311245, Enterprise, Al 36331. Those donating and requesting a tax deduction need to check with one of the local faith–based organizations and see where the donation should be directed. Many organizations have funds set up and will be glad to assist donators.

·The Coffee County Emergency Management Agency is informing residents that they may be eligible for federal assistance. Affected residents must contact the Federal Emergency Management Agency at 1–800–621–3362 or on the Internet at www.fema.gov. Contacting FEMA does not automatically qualify a citizen for assistance, but callers will be issued a case number that they need to keep on file. Potential help may include: repairs of personal property for individuals and households, and low interest loans to homeowners, renters, and business owners. REGISTERING WITH FEMA IS VITAL IN ORDER FOR INDIVIDUALS TO OBTAIN ASSISTANCE.

·Three Disaster Recovery Centers are operational in the City of Enterprise. One Disaster Recovery Center is located at the Enterprise Civic Center at 711 Crawford Avenue. A second Disaster Recovery Center is located at the Pleasant Shade Missionary Baptist Church at 1891 Damascus Road. The third Disaster Recovery Center is located at the Enterprise Recreation Center located at 421 East Lee Street.

·The Disaster Recovery Centers can assist tornado victims to contact FEMA and obtain a claim number. This claim number is essential for obtaining possible assistance from the federal government.

Additionally, the Disaster Recovery Centers can assist individuals in completing the application packet provided by FEMA after a claim number is issued. These packets will be mailed to applicants following initial contact with FEMA.The Disaster Recovery Centers will operate from 8:00 am until 6:00 pm, seven days a week until further notice.

·If residents have a home that is uninhabitable, they do not need to demolish the structure and bring it to the 10 foot easement at the edge of their driveway or yard for pick–up. Rather they need to leave it standing and wait for their insurance adjuster to handle it. If the property is uninsured, they can apply for individual assistance from FEMA. The number for FEMA is 1–800–621–FEMA. The city is not responsible for any demolished structure at this point in time. The city will pick up debris gathered at the 10 foot easement.

·CenturyTel has notified the City that there are approximately 700 homes without service. CenturyTel is asking that residents exercise caution when moving debris. New lines are being pulled own in the midst of the debris clean–up.

·Anyone who does not have power and can receive power needs to notify the Alabama Power office on Glover Avenue.

·All residents MUST notify Southeast Alabama Gas District before tearing down homes or pulling up tree stumps. Tree stumps marked with a yellow X or caution tape signifies gas lines. This can be dangerous for the resident and the worker if it is not turned off. The Southeast Alabama Gas District is asking that all residents planning to remove a tree stump call 1–800–292–8525 first. This will verify the dig ticket laws. Local state laws require 48 hours after calling this number, but the office will work with residents by assisting them. After calling this number, residents must then call the SEAGD office at (334) 347–6510 or (334) 347–8878. CITIZENS SHOULD ALSO REFRAIN FROM PULLING UP YELLOW STAKES IN THE GROUND AROUND THEIR PROPERTY. THESE ALSO SIGNIFY GAS LINES AND CAN POSE A HAZARD IF PULLED.

·The American Red Cross is still serving citizens in many locations throughout the city.

·The Coffee County Health Department has a mobile unit available for those who need tetanus shots, first aid, and masks. The unit has relocated to the Disaster Recovery Center at the Recreation Center on Lee Street. They are open from 8:00am until 5:00 pm. A secondary unit is located at the Christ the King Lutheran Church. The Health Department is also asking that residents pay careful attention to their food items if they have been without power. Any thawed foods that have been at room temperature for more than two hours should be discarded. If anyone has questions about a food or refrigeration question, please contact the Health Department at (334) 347–9574.

·If a resident knows of or sees a senior who has a specific need they need to notify the Recreation center so that the South Alabama Regional Council on Aging can be notified and can provide assistance to those seniors.

·There will be a volunteer coordinator meeting on Thursday, March 8 at 4:30 pm at the Enterprise Civic Center. Volunteer groups should send their group coordinator to this meeting as a representative. This meeting will assist volunteers in assuring that the largest population of needs is met.

·Time Warner cable has informed the city that services are 95% restored. There are approximately 500 homes without power.

·The City of Enterprise Post Office has notified the city that there are approximately 300 undeliverable locations throughout the city. Residents looking for their mail should go to the post office where it will be held until the resident issues a change of address.

·The Small Business Administration has issued 597 applications. It is important to inform residents that they should visit a Disaster Recovery Center and fill out one of these forms. If you fill out the form and you are denied a low–interest loan, this does not mean you are ineligible for aid. The application must be submitted before

grant opportunities or other assistance will become available. Do not throw away a return packet before reading it through thoroughly.

WHAT IS THE LIONS CLUB?

Lions are men and women who volunteer their time to humanitarian causes in their local and world communities. By conducting service projects and raising funds, Lions strive to help those in need wherever need exists. The Lions' motto is "WE SERVE."

In 1925, Helen Keller addressed the Lions at their annual international convention, challenging them to become "Knights of the blind in the crusade against darkness." Since that time, service to the blind and visually impaired has become one of the association's most significant activities. That crusade has resulted in the establishment of SIGHTFIRST, a global sight loss prevention program.

In addition, Lions participate in service activities emphasizing diabetes awareness, education, and research; work with the physically and mentally impaired; environmental issues; community welfare; international understanding; and youth.

The association was founded in Chicago, Illinois, USA, in 1917. Although the youngest major service club organization, Lions Clubs International has grown to be the world's largest. Its 1.5 million members belong to over 43,000 clubs in 185 countries and geographical locations. Lions Clubs International is headquartered in Oak Brook, Illinois, USA.

To the Lions, "WE SERVE" is not only a motto, but a definition and a philosophy.

High school students return to school
Jim Cook / Media General News Service
March 15, 2007

ENTERPRISE – It was a fine day for a reunion.

A near–perfect spring day greeted students from the storm–ravaged Enterprise High School as they gathered for the first time at the place that will serve as their new school – Enterprise–Ozark Community College.

The mood was excited and eager. Smiles could be seen. Hugs and handshakes were exchanged among teachers and students. Jokes were told, memories exchanged.

Things were getting back to normal, or as close to normal as it's ever going to get for a school that lost eight of its own in a deadly tornado.

"We're going to love each other through this," Principal Rick Rainer told the nearly 1,200 students gathered in the college gym to receive their new class assignments and instructions.

The new campus and schedule will pose challenges for the students. The familiar rhythms of school life have been replaced by a new regime. The school day now begins at 12:30 p.m. except on Fridays. Ninety minute classes are being packed into 60 minutes. The college has no

bells, and teachers will have to keep time themselves. Enterprise High School had 80 classrooms, EOCC has 42, so some classes are doubling up as a result.

None of that seemed to bother math teacher Nancy Jennings as she greeted students at the gym door.

“It’s so good to see these faces,” she said.

Channell Palmer was just glad to be back in school.

“It helps us know everything is going to be OK, that we are going to bounce back from it,” she said.

But for all the talk of renewal and getting back on course, reminders of March 1 remain. Some students came to school in casts and on crutches. Others’ pain was not as visible, but no less real.

R.J. Smith occasionally wakes up at night, roused by sounds reminiscent of the tornado. Karin Lainez is coming to terms with never again seeing a classmate she’s known since fourth grade. Josh Grantham was away when the tornado hit and came home to a world turned upside down.

“When I got home I didn’t have a school and I had lost two of my friends,” he said.

Nevertheless, the work of putting a school back together goes on, and Wednesday’s gathering at the temporary campus at EOCC was the first step on the school’s long road home.

Perhaps, Rainer summed it up best.

“Enterprise High School is where we are,” he said.

Love In Action Ministries' hometown of Enterprise, Ala., was devastated Thursday afternoon when an F–3 tornado ripped through this city of 22,000, killing eight teenagers at the local high school and one elderly woman who was in her house at the time the storm hit. The destruction is widespread, effecting thousands of people. Here are the stats: 712 homes in Enterprise were affected by the storm; 161 homes were destroyed; 202 homes suffered “major devastation”, 214 homes had minor damage and 139 homes were affected in some way.

Love In Action is of course on the ground helping the people of our community, but we desperately need your help. The people in need are begging for the following: hamburgers and buns, ice (they have plenty of water), and toiletries. Nonperishable food that's quick and easy to prepare; paper plates, paper napkins, plastic forks, spoons and knives.

The contact person is: Love In Action President Mike Shroades.

If you are mailing supplies, you can ship them to:

Mike Shroades
300 Faye Street, Enterprise,
AL 36330.

If you can make financial contributions, send your tax–deductible donation to:

Love In Action International Ministries,
P.O. Box 310131,
Enterprise, AL 36331

We will use the money to purchase these needs. We are an entirely volunteer nonprofit organization, so all of your donations will go to this outreach.

The Love In Action team is fine. We're all safe. Martha Tuck was at work when the storm hit and the tornado hit her place of work, but thankfully she is just fine. Mike and his daughter Brooke and Justin Swasey were at the high school when the tornado hit it, but thankfully they are all fine.

We need your help. The city of Enterprise need your help. Please help us reach the people in our hometown through acts of compassion, showing them the love, grace, mercy and compassion of Jesus Christ.

The Recovery Organization of Coffee County (ROCC) was formed following the March 1 tornado in Enterprise. ROCC was made up of faith–based organizations, social service agencies and concerned individuals with one common goal; to assist individuals affected by the tornado with their unmet storm related needs.

The work of ROCC was accomplished by gathering volunteers, materials resources, and monetary donations to meet the needs of those who were affected.

ROCC used damage information collected immediately after the storm by the American Red Cross Disaster Assessment Team and door–to–door surveys to gather as much accurate data as possible. This information was immediately passed on to other agencies to assist the agencies in delivering fast, accurate services. Member agencies supplied immediate emergency assistance for the first 30–days after the disaster.

On April 1, 2007, a location was established for ROCC to start the enormous task of offering long–term recovery. Using a nationally–established criteria process, ROCC agreed to process long–term recovery applications for assistance.

During the first three months ROCC sent 274 cases to the Citizen's Committee appointed by Mayor Kenneth Boswell. The Citizen's Committee was responsible for distributing the monies donated to the City of Enterprise by individuals from across the country.

ROCC provided the trained caseworkers who worked directly with clients to apply for these funds. Funding decisions were made by the Citizen's Committee and distributed through the Chamber of Commerce.

ROCC's caseworkers and consumer advocate assisted clients in applying for insurance benefits, FEMA grants as well as a variety of unmet needs specific to each client's situation.

Verified unmet needs such as household items and home repair were then presented by the caseworkers to the ROCC for monetary disbursements which were paid to the provider of those goods or services. Assistance was provided based on each individual family's needs.

Volunteer hours provided by ROCC caseworkers and their consumer advocate totaled 8,276 hours.

An estimated monetary amount based on a pay scale of $10.00 an hour would amount to a staggering $82,760.00. FEMA provided assistance to 1,383 homes in Coffee County for a total of $1,099,496.00.

ROCC is proud to announce that a large portion of funds donated directly to ROCC are being used to sponsor two homes to be built by Habitat for Humanity Groundbreaking for these homes will be Sunday, March 2, 2008.

ROCC has evolved from an unmet needs committee for a single disaster to a permanent VOAD group (Volunteer Organizations Assisting in Disaster). The Volunteer Organization Assisting in Disaster has applied for 501(c) 3 tax–exemption status. Representatives from Enterprise, Elba, Kinston and New Brocton are working together to form a countywide organized plan for the recovery process before the next disaster.

The ROCC is an example of how the community, partnering agencies and local volunteers can work together to make recovery possible in times of disaster. Now is the time to plan for the future by supporting the countywide VOAD. All groups, organizations, churches, agencies or individuals are invited to become active members of the Recovery Organization of Coffee County.

Monday, March 12

Following the devastation of Thursday's deadly tornado that killed nine people and injured at least 120 others in the Enterprise area, the City of Enterprise is emerging from perhaps the most catastrophic blow in its history.

As the storm recovery effort intensifies, city officials are urging local residents be patient as the leaders continue meeting with federal and state officials to assess damage from the deadly tornado and to begin restoration efforts in the damaged areas.

"Enterprise has suffered one of the worst natural disasters in our city's history," said a somber and visibly shaken Mayor enneth Boswell. "The loss of human life as a result of this tornado is a tragedy. Some of our youngest, most vibrant people

lost their lives, and our thoughts and prayers go out to the families of those who were lost in the tornado."

The storm, labeled as an EF3 by the National Weather Service with typical winds of up to 165 miles per hour, originated about eight miles west of Enterprise where it destroyed two homes, severely damaged several others, and obliterated three chicken houses, all near a cluster of homes on County Road 610 and overlooking the airport.

Skipping over the airport, the twister was first reported by police about 1 p.m. and local emergency systems were activated. However, within minutes the killer storm had left a deadly legacy in the city.

College Street and Baptist Hill neighborhoods were ravaged, leaving one senior citizen dead, parts of Enterprise High School in ruins and eight students dead and scores more buried in the rubble, and homes built on the western section of Dixie Drive were leveled to their foundation.

Boswell said it is still too soon after the devastating tornado for final overall assessments of damage caused by the storm, but city leaders are working with state and federal emergency agency officials non–stop. Governor Bob Riley declared Enterprise a disaster area on Friday and on his visit to the area Saturday, President George Bush declared Coffee County and Enteprise a federal disaster area.

As a result, Boswell said any resident seeking assistance needs to call the Federal Emergency Management Agency at 1–800–621–3362. FEMA will issue each caller a case number, which they should keep on file. This will be FEMA's reference number should they provide the resident assistance.

The Alabama Emergency Management Agency cannot issue vouchers to residents. The Alabama EMA is working on setting up Disaster Recovery Centers in the area. These centers are designed to assist affected residents in contacting FEMA. The DRC personnel can also provide assistance in completing application forms provided by FEMA. The public will be notified as these centers become available.

"We do not have everything completed at this point, but we are working at a feverish pace," Boswell said. "Once we get this accomplished, we expect funds from the Federal Emergency Management Agency to begin. I expect it just any day."

Boswell praised the support Enterprise has received from surrounding communities, and a host of utility repair crews in their compassion and response to the grave state within the city following the killer storm. He also asked that Enteprise citizens be patient during what he called a massive debris removal and electricity restoration effort.

"I ask the people of Enterprise to be patient with Alabama Power Company. They have mobilized 300 employees and sub–contractors to come in and get our utilities restored, and they are working at maximum capacity," he said.

Boswell said although the storm has passed, dangers still lurk everywhere and he stressed that safety should be at the forefront for everyone in the city.

The severity of the storm may have resulted in exposed live electrical lines and Boswell said although many damaged homes remain standing, it doesn’t mean they are safe. Following the advice of City Engineer Stephen McCollough, Boswell is considering having city workers post warnings recommending that residents refrain from entering these unsafe dwellings.

"It is their personal property, and they can do what they want to on it, but we are recommending they stay of these structures," Boswell said. "I would also ask citizens that if they are clearing debris with chain saws, to be extra careful around any power lines and to approach this as if the power was on and the lines charged with electricity.

"Also for safety purposes, if anyone is using generators, plug the cords straight into the generator and not the power box. Also, please place the generators in a well–ventilated area. We ask this so we will not have any more fatalities."

The Enterprise Parks and Recreation Department, in cooperation with the Coffee County Emergency Management Agency, was assigned to supply drinking water and tarpaulins. EPRD Director Billy Powell said his department will be dispersing the items in the parking lot of J.C. Penney department store near Wal–Mart. In addition, Boswell said the city is asking for donations of paper lunch sacks, Ziploc sandwich bags, apples, grapes, canned sodas, Gatorade, and individual–size bags of potato chips.

"These items will be used to pack lunches for relief workers who cannot get to distribution centers where meals are served," he said. "All donations need to be taken to the Recreation Center in Enterprise on East Lee Street."

Boswell said that although elected city officials and department heads often will be out in the city during the storm recovery efforts, city government will continue and all city offices will be in full operation.

During an emergency staff meeting with all essential personnel, the department heads reported their crews were working rapidly to ensure city amenities are restored quickly.

"I would like to thank the people of Enterprise for their absolute cooperation in keeping off the streets to allow the emergency vehicles, public works employees and volunteers to come in and do their jobs, "Boswell added. "And to the citizens of Enterprise, I would ask for your patience, but know we are working to restore all city services as fast as possible.

"I would ask the citizens that if they have debris, not to place it in the road, but beside the curb in the 10–foot easement so the bucket trucks can pick the debris up," Boswell said.

And I would ask that neighbors help neighbors. If that neighbor doesn't need help, go to the next neighbor. Please continue the common courtesy that we have seen extended to one another thus far in this city. It shows the Enterpride that Enterprise has. We will overcome this. Enterprise was great before this happened, and we will be even better before this is over."

Save A Pet Rescue, Adoption and Transport, Inc.

Animal Shelter · Open

Non–Profit
411 Meadow Lane; 101 Kentucky St, Enterprise, AL 36330
Phone (334) 255–2725 / Fax: (334) 255–3776

Organized with a small (3 person) dedicated band of volunteers who pour their hearts and souls into rescuing and transporting as many companions as our finances will allow to new homes. This is a very expensive project, Save A Pet is also at PetsMart every 1st and 3rd Saturdays, sometimes Sundays. We desperately need volunteers to work at PetsMart, make phone calls, to drive long distances, and help with fundraising, and help clean the shelter (normally houses 300 to 400 every month).

The opportunities are to learn how to care for companion animals in a shelter environment, working as a team. Dothan Animal Services (DAS) is located in Dothan, Alabama. Save A Pet is a non–profit organization. We assist DAS with Programs and Volunteers to help improve the quality of life for 6,000 animals taken in annually including aiding with; adoptions, care and feeding of animals while housed within DAS, transfer programs, education and community outreach programs, foster programs, spay/neuter programs, volunteer management, media relations, veterinary care, vaccination and medication costs, and driving to other shelter locations to rehome our overflow.

Skills
We welcome everyone interested in helping improve living conditions for companions at the Dothan Animal Shelter. There are several projects, and everyone desiring to help save a life is needed. These skills would be very useful: communicating with public for fund raising and adopting pets; marketing, web design and maintenance, feeding, and cleaning kennels, making phone calls. Bring your interest, we'll provide the project. If you have a genuine desire to work with companion animals join our team, bring your ideas, we listen.

Rescue/Relief Effort for animals
affected by the violent storms

Dear P.A.W.S. supporter,

We desperately need your help to aid the injured and displaced animals in Franklin County. The tornados left many animals hurt, homeless, and lost. We could really use donations to help toward the disaster relief.

Donations needed:

* Cat Food
* Dog Food
* Kitty litter
* Any and all medical supplies
* beds and towels
* leashes & collars
* kennels

The drop off location for donations will be at the Florence PETCO on Cox Creek Pkwy.

Check and Cash donations can be sent to:

P.A.W.S.
2701 Mall RD.
PMB 277

Florence, AL 35630
If you are able to foster displaced animals please contact P.A.W.S. AT 256-383-0690.

Lastly, We have 3 cats that need a foster home ASAP or they will be taken to the shelter.

Two of the cats are brother and sister about 2-3 years old.. They are fully vetted and have been de-clawed. The 3rd cat is a male about 3 or 4 years old and is fully vetted. Please contact us if you are able to assist.

The mission of an early response team is to provide a caring presence in the aftermath of a disaster, under very specific guidelines that enable a team to be productive and caring while causing no further harm or being a burden to the affected community. Classes are taught by “authorized” UMCOR trainers, and team members are given ID badges as evidence of training. Topics covered in the class include the who, what, when, where and how of doing ministry, as well as hands on experience in the specific tasks that early responders are expected to accomplish. Re–certification classes for Early Response Team Members are also available.

WHEN: June 25, 8AM–4PM

WHERE: Gardendale–Mt. Vernon UMC

COST: $35 per person*

*$35 is the price agreed upon with UMCOR for church members. Interested persons who are not church members should contact Jenn Bryant regarding the cost for them to participate.

OFFICIAL RELEASE: Hackleburg Distribution Change
May 18, 2011
http://www.hackleburghelpinghands.com/?p=190

Starting today, Wednesday May 18th, the local Hackleburg Ministerial Association is proud to assist in distribution of food supplies at the Indies Plant in Hackleburg. The local Indies plant is the Distribution Pick Up location were citizens can come to pick up any needed supplies, it is not a drop off location.

A few points to know in the process:

1– ALL supplies that are to be delievered for the purpose of helping the people of Hackleburg MUST go to the warehouse located at 800 Bexar Avenue East Hamilton, AL 35570

2– For the citizens of Hackleburg who are coming to pick up items at Indies– be prepared to proof your residency, having a FEMA Number would be helpful. FEMA can be contacted by phone, internet, or in person at the Indies Plant. The purpose of this is to ensure that the supplies are going to those in need and from the Hackleburg area.

3– The Food Distribution at the Indies Plant located at 8741 State Hwy. 172 Hackleburg, AL 35564 will operate from 1 PM to 6 PM Monday through Saturday and 1 PM to 4 PM on Sunday.

FROM THE SITE:

How can I help?

By the People, For the People!

Many needs exist throughout our area. Daily the physical needs of the citizens change. As we make progress toward recovery, the needs of Hackleburg will change as well. However certain basic needs will be with us for a long time.
Supplies

We will need supplies ranging from food, clothes, household essentials, storage totes, etc. for possibly a long time. The location of delivery and the methods of distribution is getting better each day. To make the process work the best we have two different locations. In Hamilton (800 Bexar Avenue East, Hamilton, AL 35570) we have our Storehouse Warehouse for supplies of every kind (non–clothing). This warehouse allows us to receive supplies and organize them to be distributed. In Hackleburg (at an old manufacturing plant) we have a distribution location. This is also where other services are set up like showers, washing of cloths and other needs. This location is for the survivors of the tornadoes and not for those dropping things off. We need to keep this location strictly for those needing to receive a service or supplies. This system is working and continuing to improve.

Keep a check on our facebook and our “Updates and Information” Page to get the latest info possible. You can also subscribe on the right side of this page to have updates emailed to you as soon as they are posted.

Volunteers

Possibly the greatest need is hands. Helping Hands. The specific task will change as we move forward.

However we will need:

* general labor
* skilled craftsmen
* equipment and equipment operators
* and anything else

These volunteers will need to go to the VOAD (Volunteer Organizations Active Disaster) check in location at the corner of Hwy. 172 and Culpepper Road to register as a volunteer and be assigned a location to work. There are several signs leading you to this location, no matter if you are coming from the north or the south.

Another type of volunteer we are in need of is those working the Storehouse Distribution Warehouse in Hamilton. This is where we receive items. We are working volunteers in shifts to allow the most work to be complete. The morning shirt begins at 9 AM and ends at 1 PM. The evening shift begins at 12 PM and ends at 6 PM (or earlier if we are complete). The first few minutes of arriving you will assigned a location to help serve those in need from unloading, to sorting, to preparing care boxes. We could use your help to distribute the great amount of supplies to those in need.

As already stated please stay in contact with us online to learn the changing needs and ways to help both.

Donate Money

While many are able to help, others cannot or would like to do more. There has been great financial loss and we hope to help as many as possible. Donate to this charity to help the citizens of this community.

FROM THE SITE:

Volunteers Needed!
May 11, 2011

Ok folks, Here is the latest in our volunteer needs that will help us the greatest. We have our ‘The Storehouse’– Warehouse that holds all of our supplies from food to cleaning supplies. This is the location in Hamilton (800 Bexar Avenue East Hamilton, AL 35570). We moved here from Hackleburg to have a larger space and better distribute since the town of Hackleburg was left with few buildings the days following the tornado. We have been distributing items and unloading incoming supplies, however we could use two types of volunteers.

1– Warehouse and Distribution Workers. We are going to try to run two shifts (or you can work both if you want). 9 AM to 1 PM and 12 PM (noon) to 6 PM. If you can work either of these any day(s) it would be a great help. Once you arrive at the Hamilton location the volunteer group will be distributed to the different areas (unloading, sorting, packing care boxes, and specific need location) to work the shirt. If it is possible to arrive at the beginning of one of the two shifts it will greatly help us in getting everyone working for the greater cause the fastest. Again 9 AM to 1 PM and 12 PM to 6 PM.

2– Warehouse Mass unloading and organizing. On Thursday night May 12th at 4 PM and Saturday afternoon we are asking for 30 to 40 people to show up at the Warehouse to help us unload the trailers that have been stored at another location while we got this warehouse up and running. Please help us spread the word. We want to make sure we are distributing all the supplies and

not just the most recent received. People are beginning to share and report their needs more and we need everything easily assessable.

Thank you.

Supplies and Volunteers
May 11, 2011

Monday I had the privlege of walking through all the delivery points of our system and really getting a feel of how it is going beyond phone calls. It took time but it showed me what we are doing great at and what we can do better.. and we are working hard on making it all better.

SUPPLIES

We are ask daily “What is the top needs in supplies?” The top needs are as follows directly from our warehouse and distribution location.

1– Cleaning Supplies – this includes equipment (tools, rakes, etc.), gloves, cleaning chemicals, brooms, etc. If you use it cleaning inside or out it is needed.

2– Non– Perishable Food– we do not need bread, or things that can spoil. We are starting to get more food request and we know this could go on for 6 plus months.

3– Baby Items– we have some baby items but they are starting to go faster. We want to make sure babies are taken care of everyday.

Volunteers

To the many who are asking “Do you still need volunteers?” YES is the loudest I can reply. We need you today, tomorrow, and sadly months from now. As always we tell you to come into town and follow the signs to staging. It is on the corner of Hwy .172 and Culpepper Road. However, if you are not bringing equipment or a large crew we now have another option for you. In our Supplies Warehouse in Hamilton (800 Bexar Ave. East) there is a constant need in organizing supplies and preparing it to go out to those in need. Please comment or message me your information and I will connect you with the key contact.

There are three compassionate Faith–Based Crews in Walker County might be able to help with a chain–saw ministry. Baptist 221–6447, Nazarene 384–4492, and LDS 317–902–8003. Your theology or denomination is not an issue for these men and women called to serve others.

Alabama Tornadoes

As the days go by and we see more and more of the damage and desolation from the April 27, 2011 tornadoes we come to realize how small our world really is!!

As people come together and reach out to help one another we know that God is still on the throne and all is well.

As hard as it is to answer the question why we know that what has happened is that we have all come together to help and to build a new community among the ruins. Volunteers have helped survivors and made new friends for a lifetime.

As I write this more people are coming to help – people from Tennessee helping those from Alabama and many more. So if you are a team coming to help just follow the link below for updates and information. May God Bless all of us and keep us safe!!

Disaster Response

So we do not lose heart. For we know that if the earthly tent we live in is destroyed, we have a building from God, a house not made with hands, eternal in the heavens. 2 Corinthians 4:16 & 5:1

http://mlutheran.org/disasterresponse.html

Messiah Lutheran Church serves the area of Madison County, Alabama. Madison County was deeply affected by the tornados of April 27, 2011 that swept across much of Alabama and surrounding states.

The purpose of this page (above link) is to provide news and information and to help coordinate Messiah's response to the disaster. If you would like additional information not found on this page or would like to post a message, please contact the Church Office at (256) 721–0041. You can also stop by the Church office which will be open 8 AM – 12:00 Noon.

Incarnation Lutheran Church will be in need of assistance as their new building was damaged. We well let you know when the needs are made known. They will be worshipping with the Ford's Chapel Methodist Church at this time.

No longer a RC shelter. As a church they are housing 2 people. No longer feeding. They are a POD and have lots of supplies. They are doing debris removal and assessments. Will need a bobcat next week. lpar

5/7/2011 Phone conversation with Sylvia Robinson
They have an urgent need for heavy equipment for large tree removal. Contact Daive Tubbs. See contact info above. If you can not see the contact information use the "Contact" button or email capbham @ aol.com

5/1: TF called, talked to Rev Fred. He says that they have about 30 overnight guests, but are feeding a lot more people during the day. He doesn't know for sure, but it might be hundreds. Gave me Gene's number, who is helping directly at the shelter (which seems to be in another building). Gene said that they are Ok for water and supplies for a couple days. Gave him Matt Lacey UMC supply contact info. Gene will call if he needs anything. He's got no power, so email won't work.

Education is the key to ensuring responsible decision–making by community leaders as well as regular citizens. The Alabama Coastal Foundation is committed to providing quality, science–based information to students of all ages. We have education programs for K–5th graders and work with middle and high school students on special projects throughout Mobile and Baldwin Counties. Because learning can happen at any age, we also educate the South Alabama community as a whole through special

projects, workshops and trainings designed to bring awareness about human impacts on the coastal environment and to design and implement tangible solutions to environmental concerns in our area.

Want to learn more? Call the ACF office to arrange a presentation or discussion with your club, church, or business group at 251-990-6002.

Mobile:

The current area of focus is Bayou La Batre, where the Mayor has included Catholic Social Services Mobile in a $100,000 grant proposal to provide community services. Boat People SOS are working is Bayou La Batre, specifically serving the needs of the Vietnamese population. Another focus is Dolphin Island, where CC/Mobile received a grant from Alabama Power to provide the 1,300 resident with utility, rental, and mortgage assistance—where, to date, 30% (approximately 1,590 individuals) are in need of assistance). CC/USA staff have been deployed to Mobile to conduct an needs assessment with Mobile, Alabama staff. In collaboration with the United Way, Catholic Charities distributed 10,000 pounds of food to 230 families in 1 day.

VOLUNTEER OPPORTUNITIES:

To Volunteer to assist with Hurricane Katrina, please call Volunteer Mobile for the most current information on volunteer needs at: (251) 433–4456

Who is Volunteer Mobile and how is the organization funded?: Volunteer Mobile is a non–profit organization 501(c) (3). Volunteer Mobile is funded by grants, contracts, foundation and individual tax–deductible donations, special events, and, in part, by the United Way of Southwest Alabama. Since its chartering in 1975, Volunteer Mobile has been committed to mobilizing people and resources to deliver creative solutions to community problems.

VOLUNTEER EMERGENCY RESPONSE CENTER

ORGANIZING DISASTER RESPONSE AND VERC: The Mobile County Volunteer Organizations Active In Disaster (MCVOAD) is a partnership of agencies and faith–based organizations. This group meets regularly to coordinate disaster planning. MCVOAD is affiliated with the Alabama Volunteer Organizations Active in Disasters; local partners are Adventist Community Services, American Red Cross, Bay Area Food Bank, Catholic Social Services, the Episcopal Church, the Mennonite Church, Mobile County Emergency Management, The Salvation Army, South Alabama Regional Planning Commission, South Mobile County Community Action, Southern Baptist Churches, United Methodist Churches and Volunteer Mobile, Inc.

HELPING THE COMMUNITY RESPOND: Volunteer Mobile mobilizes people and resources to solve a wide–range of community problems and enhance the quality of life daily. When a hurricane or other disaster strikes our area, we use this experience to help you respond in the best way possible.

Our main role in disaster response is to mobilize emergency volunteers and individuals and groups who want to help, but lack disaster training and connect them with agencies and organizations needing help. The time to prepare for a disaster is NOW – that is why Volunteer Mobile coordinates the Volunteer Emergency Response Center.

HOW VERC WORKS: After a disaster, area nonprofit organizations and government agencies needing help with response activities or recovery request volunteers by contacting VERC. The information these organizations and agencies provide helps volunteer interviewers make effective referrals.

Agencies and organizations are encouraged to register with Volunteer Mobile before disaster strikes. Click here to go to agency registration.

WHAT YOU CAN DO: Following a disaster, Volunteer Mobile activates the Volunteer Emergency Response Center. VERC serves as a clearinghouse for non–affiliated emergency volunteers. After a brief interview regarding skills, experience and availability, volunteers are linked with appropriate tasks.

Disaster–related volunteer work may include food preparation and service, debris removal and temporary repairs. Delivering supplies, answering phones, transporting people, registering volunteers, caring for children and language interpretation are other possible volunteer opportunities.

Volunteers are encouraged to register with Volunteer Mobile before disaster strikes. Businesses, service clubs, congregations and individuals are requited to meet immediate and long–term recovery needs.

FROM THE SITE 6/20/10:

We are no longer collecting volunteer information. If you are interested in volunteering to reduce the impacts of the oil spill to our Bay, please call Alabama 211 at 1–866–421–1266 or the BP Volunteer Request line at 1–866–448–5816.

If you live in Mobile or Baldwin Counties, Alabama Coastal Foundation, Mobile Baykeeper, and the Coalition of Active Stakeholders Team (COAST) have developed a volunteer field observer program to assess our shorelines pre– and post–oil spill impact. If you are interested in this program, contact the Alabama Coastal Foundation office at 251–990–6002.

Donate to Restore our Estuary

In light of the impending threat of the oil leak to our fragile ecosystem, The Mobile Bay NEP has set up the Coastal Estuary Restoration Fund (CERF) with the Community Foundation of South Alabama at: https://www.justgive.org/nonprofits/donate.jsp?ein=63–0695166 to support projects that will restore the long term health of the water quality, living resources, habitats, and human uses of Mobile Bay and its estuarine environment. To give, visit the Community Foundation's website and designate your donation for the Coastal Estuary Restoration Fund.

Washington County Tornado
On Saturday evening, April 16, tornados ripped through Washington County Alabama. Three members of the Box family lost their lives. On Monday April 25, volunteers from Covenant Community Church, Elba, AL came to work with Volunteers of America Southeast to assist some of the families affected by the tornado in the Deer Park community.

Help Tornado Victims:
donate ONLINE or text VOA to 27722 from your mobile phone.

Donate Care Kits for victims of the tornadoes, flooding, and other disasters.

Volunteers of America Southest will now be accepting items to create "Caring Kits" for victims of the tornadoes, as well as those affected by the current flooding and any other disaster that may occur. We will be collecting items for these kits on an ongoing basis. Donations for the kits should include only the following items:

•2–Gallon Zip–Lock Bags
•6 oz toothpaste
•Tooth Brushes
•Wash Cloths
•Bar Soap
•Small Shampoos
•Hand Sanitizer
•Combs or Brushes
•Travel–size Facial Tissue
•Travel–size Wet Wipes
•Band Aids
•Anti–bacterial Ointment
•Deodorant

As of May 23, 2011 – Volunteers wanting to help, please contact our on–site coordinator:

Rick Ousley: 205–527–2213

He will be able to coordinate your desire to serve those in the tornado–damaged areas.

During a time of disaster, Volunteers of America Southeast has the capacity to respond by connecting volunteers, supplies, and financial donations with churches and other faith partners who are “on the ground” in the affected area. We continue to build a network of cooperating groups around the country through “Faith Links”, a free web based system providing an avenue to share communication, resources, and training. Visit "Faith Links" at www.voafaithlinks.com.

VOA North Alabama is now part of Volunteers of America Southeast

Volunteers of America Southeast is an affiliate of Volunteers of America, a national, non–profit, spiritually–based organization dedicated to helping those in need rebuild their lives and reach their full potential. Through thousands of human service programs, Volunteers of America helps more than 2 million people in over 400 communities.

Since 1896, our ministry of service has supported and empowered America’s most vulnerable groups, including at–risk youth, the frail elderly, men and women returning from prison, homeless individuals and families, people with disabilities, and those recovering from addictions. Our work touches the mind, body, heart … and ultimately the spirit … of those we serve, integrating our deep compassion with highly effective programs and services.

Our Southeast affiliate is just one of 38 affiliates of Volunteers of America, chartered by our national office in Alexandria, Virginia. Our corporate office is headquartered in Mobile, Alabama, with other offices in outlying communities.

2011 brings about changes and new beginnings for Volunteers of America Southeast. There has been a consolidation of Volunteers of America North Alabama with that of Volunteers of America Southeast. This will afford us the opportunity to work together and to expand our services to improve the quality throughout the state of Alabama. The people we serve will benefit greatly, and we extend a warm welcome to the employees who will now be a part of Volunteers of America Southeast.

Volunteers of America Southeast serves Alabama, Georgia, and Mississippi. Our programs are diverse from one town to the next. We have been demonstrating that “there are no limits to caring” since October, 1980.

• Cleburne Disaster Relief team will respond tomorrow to either St. Clair or Marshall Associations.
• District 12 teams have been put on alert for possible placement Thursday
• Still waiting on updates on Cahaba Valley, Haden and Warrior, Jasper, and Tuscaloosa areas.

Continue to pray for these areas affected and for those who will be ministering to those who survived this tragedy.

April 27, 2011 :: 11:30 a.m.

Initial damage reports are pouring in from across the state as the first band of storms entered Alabama early this morning. Our disaster relief volunteers are in constant contact with Directors of Missions (DOM) to determine, as much as possible, the extent of damage. We will update this post as additional details become available. Please pray for all impacted by this storm – especially since a large part of the southeast is involved. If you would like to offer financial assistance to storm victims, you can either send a check to the State Board of Missions, P.O. Box 11870, Montgomery, AL 36111–0870 earmarked for disaster relief. Or, use a credit card by clicking the Donate button above. As with all disaster relief gifts, 100 percent of those gifts are used to assist churches and victims.

Damage Reported to the State Board of Missions:

• Damage in Coaling near Tuscaloosa with houses destroyed
• Large numbers of trees down in the Mercedes Plant area
• 257,000 houses without power
• Cahaba Heights in Birmingham has damage
• Walker County with trees down
• Cordova hit very hard and roads cannot be navigated. No power or cell service
• 140 mobile homes destroyed or damaged in Moody (currently looking for injuries)
• Hanceville requesting regional help from homeland security
• Cahaba Heights described as war zone
• East Cullman team assessing Holly Pond area hit
• St. Clair DOM Ben Chandler reports that churches in Moody, Pell City, Ragland and Riverside are damaged in his association.
• West Cullman DOM Jack Collins reports that damage has been reported in Hanceville and Guntersville.

2011 TORNADOs –

The tornadoes that ripped through Alabama and other parts of the Southeast on April 27 have left hundreds dead and hundreds of thousands without power. Alabama Baptist and other Southern Baptist Disaster Relief Volunteers were among the first responders and will remain at work in the affected areas until the job is finished. Below you will find reports of the latest work completed by these volunteers. Check this page regularly for updates.

The Baptist Building in Montgomery is the Disaster Relief Incident Command Center. Please call the command center with any specific questions. The direct number to the phone bank is 334–280–7297. You can call 800–264–1225 or 334–288–2460 (Ext. 297) for both and reach the phone bank. Hours of operation are Monday–Saturday from 7:30 am – 4:30 pm. Sunday hours will be 1:00 pm - 4:30 pm.

Mel Johnson, Alabama's state disaster relief coordinator, and Mickey Caison, NAMB's adult volunteer mobilization team leader, are continuing statewide damage assessment today.

feeding teams
The Florida Baptist mobile kitchen is being set up at FBC Double Springs and will begin feeding the surrounding area on Sunday for as long as needed. Florida Baptist teams will be doing clean up and recovery work in the Walker County/Cullman area.

A team from Mississippi will be doing clean up and recovery in the Russellville/Hackleburg area beginning Sunday.

The South Carolina team will be set up at FBC Huntsville to begin feeding and clean up/recovery efforts in that area. A chainsaw team from Michigan, Alabama's mission partnership state, will assist South Carolina in that area.

Louisiana volunteers are onsite doing clean up/recovery in the Rainsville area

Tuesday, Sept. 6
Alabama Baptist Disaster Relief teams are being deployed in cooperation with other state conventions to serve communities in Vermont and North Carolina in the wake of hurricane Irene. Cleanup/Recovery, Chainsaw and Mudout efforts are being supported by CISM chaplains as efforts to help residents continue in the aftermath of storm damage. Please pray for survivors as well as those serving in crisis mitigation.

Also, there is still a significant amount of work being done by volunteers in the disaster rebuild effort following the April 27 tornadoes.

Please join us in praying for the relief effort.

The Alabama State Bar Association started a toll–free legal helpline: 800–354–6154. Also dispensing free advice is Legal Services: 866–456–4995.

"For everyone affected by the tornado disaster, we are offering free legal assistance statewide to those who can't otherwise afford it," said Alabama Bar Association President Alyce Spruell. The state bar's Volunteer Lawyers Program, the University of Alabama School of Law and the Tuscaloosa Bar Association conducted walk–in clinics in Tuscaloosa on Thursday for tornado victims.

"We just started but we anticipate helping with insurance claims, perhaps probate claims for those losing a family member, maybe even some domestic family issues –– misplaced families, child visitation issues and the like," said David Rains, a volunteer lawyer from the firm Rosen Harwood in Tuscaloosa More clinics are planned for Birmingham and around the state in coming weeks, sponsored by an array of legal groups, including the state bar association, local bar associations and volunteer lawyer programs.

One of the most pressing legal concerns involves storm victims who are renters of houses, apartments or mobile homes made uninhabitable by the storm, said Lisa Borden, who directs pro bono programs for Baker Donelson in Birmingham.

Alabama law allows a renter to terminate the lease in such a situation by sending a letter to the landlord –– but the renter must do it within 14 days, which would mean a May 11 deadline for those displaced during the April 27 storms, Borden said.

"When you do that, the termination is effective the date you vacated," she said. "And the reason that's important for most folks who have lost everything is that they are entitled to get their security deposit back. For those who have lost everything, that secu–rity deposit and any prepaid rent might be a considerable amount of money."

Brochures highlighting the May 11 deadline for terminating a lease have been distributed throughout the affected sites by the Montgomery–based lawyers' organization Alabama Appleseed. "This kind of disaster is going to bring out all kinds of needs, in–cluding legal needs," Borden said. "And we will be here."

Here are some upcoming legal assistance clinics sponsored by the Birmingham Volunteer Lawyers Program and the Birmingham Bar Association:

> May 12, 9 a.m.–1 p.m., Faith Chapel Christian Center, 100 Lexington Street, Birmingham.

> May 24, 9 a.m.– 1 p.m. and 2 p.m.– 6 p.m., Mount Moriah Baptist Church, 316 Avenue U, Birmingham.

> May 26, 9 a.m.–1 p.m. and 2 p.m.–6 p.m., Bethel Baptist Church, 639 9th Way, Pleasant Grove.

Medical Foundation provides assistance for physician practices affected by disasters

In the wake of destruction left by tornadoes that hit Alabama on April 27, MASA expresses deep sympathy to all who lost loved ones and offers prayers for all those affected by these massive storms.

In support of the survivors, Steven P. Furr, MD, MASA president, and George C. “Buddy” Smith, MD, chairman of MASA’s Board of Censors, take this opportunity to let the physicians of Alabama know of assistance that is available through the Medical Foundation of Alabama to help restore their practices or homes that suffered damage from the storms.

While the original and still principal purpose of the Foundation is educational, after Hurricane Katrina, the purposes were expanded to include disaster relief assistance to physicians and their office staff who sustained damage because of a natural or civil disaster.

“The overriding goal of this program is to make sure that necessary and critical healthcare services are returned to a disaster area for the benefit of the community,” said Dr. Smith, family and emergency physician in Lineville.

To achieve this goal, healthcare professionals and providers in the disaster area must be able to rebuild and reopen their facilities and resume providing their services and programs.

The Board of Directors of the Foundation will make determinations concerning the selection of recipients and the disbursement of funds based on the following factors:
(1) Extent of damage or injury experienced as a result of the disaster;
(2) Resources available to the recipient to pay necessary costs of restoration in order to again provide healthcare and services to the communities affected by the disaster;
(3) Ability of the recipient to resume providing health care services without assistance from the program; and
(4) Effect that a loss of the recipient's services will have on the community.

Assistance through the Foundation is not limited to physicians. “The Foundation may make grants pursuant to this program to other non–profit or charitable organizations that are assisting health care providers affected by the storms,” added Dr. Furr, family physician in Jackson. “The Foundation may also provide assistance to states or municipalities affected by such a disaster to help rebuild or repair damaged or destroyed health care programs and facilities.”

FROM THE SITE:

Montgomery Area Food Bank and its' Partner Distribution Organizations respond

The Montgomery Area Food Bank's Disaster Relief efforts extend to our new service area in Tuscaloosa. Loads of food and health/comfort items out of our Food Bank's Disaster Relief reserves have been sent to our Partner Distribution Organization, West Alabama Food Bank and are being used locally in Elmore and Tallapoosa counties. Truckloads of goods are also being sent from our corporate offices of Feeding America.

The need in our service area is widespread with the greatest needs occuring in Tuscaloosa, Elmore, and Tallapoosa counties.

How You Can Help

Anyone or group that wishes to help can do so in a number of ways, like donating food or funds to our Food Bank. The items that these folks need are mostly ready–to–eat foods (pop–top canned foods are great!), juices, and other food not requiring refrigeration. Diapers would be great to have also.

One important lesson we learned in the aftermath of Katrina is NOT to send any items to any disaster area unless you know the agency you are heading for and they have volunteers to manage the distribution.

Do YOU Need Disaster Relief Food Assistance?

MAFB Disaster Response Emergency Food Assistance continues to be available today, Saturday, in Eclectic, located in the warehouse on Main Street, across from the old police station. Gretchen Kindrick is the MAFB contact at the location.

This food assistance is specifically for all VICTIMS of the recent disaster. If you or someone you know, needs food assistance but are not a disaster victim, please call 334–263–3784 for a referral in your area.

HOW YOU CAN HELP

For every $25 donation to the Montgomery Area Food Bank, we can distribute up to 160 pounds of food. This would feed a family of three for two weeks or an elderly couple for a month. You can MAKE A DONATION by credit card online by using the link: https://interland3.donorperfect.net/weblink/weblink.aspx?name=mafb&id=1

Even though fully half of the households that visit food pantries and soup kitchens have at least one member who is working, their wages are too low to meet all expenses. Quite often what gets left out is food.

Your donations of food make a difference in enabling our Food Bank to get more food to the needy more frequently. Your school, business, church or family could sponsor a Food Drive. You can volunteer at the Food Bank by contacting Vicky Manley at VickyManley@earthlink.net to find out about volunteer opportunities.

Your monetary contributions can be designated to support a specific Food Bank program. Our Senior Supplement Program, targets the needs of the elderly by providing food supplement boxes monthly, and our Mobile Pantry Program involves the delivery of a Food Bank truckload of products to a specified site where food is distributed directly to qualified clients.

SPONSOR A FOOD DRIVE!

Our Warehouse
Our Food Bank operates from a 46,200 square foot warehouse with an additional 7,500 square foot of auxilliary storage. We are capable of storing dry, frozen and refrigerated products.

Our Vehicles
Our Transportation Division includes a 24' Freightliner FL–80 with a 54,000 lb load capacity, a 26' Freightliner FL–70 with a 26,000 lb load capacity, an additional 24' refrigerated truck with a 25,000 lb load capacity, a 15' Dodge Van with a 4,174 lb load capacity, and a 10' refrigerated truck used for local refrigerated pick–ups and deliveries.

The Mobile Pantry Program is a direct distribution program. The concept is simple. Agencies of the Food Bank choose a site and a date for the event. They advertise it to their clients, and on the appointed day, the Food Bank truck arrives with a large

assortment (at least 10,000–12,000 pounds – 10 pallets) of nutritious foods, including fresh produce. The clients receive foods they need at no cost to them. For more information on how your organization can conduct a Mobile Pantry, contact Jolene Kearns at 263–3784 or email her at jolenekearns@earthlink.net. .

The Senior Supplement Program is an enrollment program for persons aged 60 and above, who are not able to obtain sufficient food for a healthy diet with their own resources. The clients receive the boxes of non–perishable food, weighing 25–35 pounds, during the third week of the month. Additional foods, including a ham or turkey, are provided in November and December.

Disaster Relief

Help for Our Neighbors
Thanks to many people from near and far, great things have been accomplished through the office of Coffee Baptist Association in regards to Disaster Relief. So much has been done to help feed people, repair buildings, deliver food, and try to meet the needs of victims of the March 1st tornado.

Rev. Cliff Quincey and the members of New Home, Dr. Tony Dye and the members of Bethany, along with Rev. B.P. McCollough and Mr. Dean Craig are building a new home for Mrs. Alberta Bass. Mrs. Alberta's West Watts Avenue home had to be demolished and removed as a result of damage from the tornado.

Rev. John McCrummen and Open Door members are rebuilding a business for Mr. Patrick Kelley. His business was also destroyed in the tornado.

Our hearts rejoice when we think of the many people who truly show a servant's heart to the people in our area who are in need.

Coffee Baptist Association consists of 50 Southern Baptist congregations. Each church is autonomous in government under the lordship of Christ, associated in a fellowship working together to serve mutual needs, to minister in Christ's name, and to reach people for the Lord. About half of the county's population are connected to CCBA churches.

The Coffee County Baptist Association was formed in 1908 when the Pea River Association (1877) and the Haw Ridge Association (1889) merged. Actually, both associations already had changed

their names and were known as Coffee Baptist Association, Coffee County Association, or Coffee County Baptist Association.

A BIG THANK YOU and updated needs and information for Big Oak Fire Department in Big Oak/Peeks Hill Community in Ohatchee
by Ohatchee "The Biggest Little Town in the USA" Help Now on Wednesday, May 18, 2011 at 9:14pm

VOLUNTEERS NEEDED! Big Oak is requesting groups of 5 or more that can be sent out as "teams" to assist in debris clean–up and rebuilding efforts. Single individuals who want to help will be placed with a group. Please call ahead so that the Fire Dept. will be able to best plan on how to match your group up with the most need on the day you would like to help. Also, if you have equipment, let them know what work you can do and what equipment you have so that the Fire Dept. can arrange for work to be ready for you. All volunteers must now register at the Big Oak Fire Department before heading to work sites per EMA/FEMA Regulations. If you have any questions, please contact Leslie Cruise at 256–454–0170 or Big Oak Fire Department at 256–892–2221 and 256–892–3532. The Fire Department is located at 520 Peeks Hill Road.

DONATIONS AND DISTRIBUTION CENTER:

As of tomorrow, Thursday, May 19th, the donation distribution center will be open from 2 pm to 6 pm on Mondays and Wednesdays and 10 am to 3 pm on Saturdays. If any survivor is in need of necessities any other day or time when the donation center is closed, please contact Billy 256–225–3532 or Leslie at 256–454–0170 for assistance.

*Donation supplies currently needed: Gatorades/Powerades, single serving drink mixes (propel, etc.), non–perishable food items, laundry detergent, and plastic bin containers.

*Monetary donations are also appreciated! You can mail a check to 520 Peeks Hill Rd, Gadsden, AL 35905 or donate through the tornado victim fund with BB & T Bank called: Big Oak Fire Department Tornado Victim Fund. You may also drop off donations at the fire station. They will provide reciepts for any monetary donation for tax purposes.

THANK YOU! Big Oak Volunteer Fire Department would like to say a huge "THANK YOU" to everyone who gave their time or donated items to help in the relief efforts for people affected by the tornado in the BigOak/Peeks Hill Community in Ohatchee. Without your kindness and incredible generosity, it would have been almost impossible to help the many people in need.

SPECIFICS:

Skid Steers Urgently Needed
EXPERIENCED Chainsaw Operator Volunteer Needed

They are in the phase of removing BIG tree's so that they can clear enough of this large debris and get it in pieces so the many volunteers that are ready to go to work can get in and clear it in smaller pieces. Heavy equipment and experienced chainsaw operators are vitally needed so they can move on to the next phase.

The community in general, other than the above referenced critical needs is in good shape for supplies, volunteers and feeding.

1/30/12: Meals will stop tomorrow. Clinic will run through tomorrow (Feb.31st) from 9–3 and then Saturday and Sunday (Feb 4th and 5th) from 10 a.m. - 5 p.m

1/27/12: Church is feeding 3 meals a day to volunteers and community. Also has clothing and other supplies including baby items. Volunteers working out of the Church site are doing tarping and debris removal. Main needs are fresh fruit and snacks.

They report that a lot of people are staying in hotels and that some hotels are allowing supplies for survivors to be stored at the hotel.

St. Vincents Hospital East is doing triage through Tues. Jan. 31st. from 9am–3pm on site.

1/24/12 Posted on the "We Are T–Town" Facebook page:
WATT is partnering with the Clay–Chalkville–Center Point Command Center and Morris Fire Dept. a 501(c)3 non profit and Southern Disaster Relief (headed by Christy Sharit) who are right in the thick of the hardest hit areas in Jefferson County, doing everything they can to help those in need. They are the groups who set up triage at the Winn–Dixie on Springville Rd. in Clay/Chalkv...ille, AL just after the storms hit.

They have now moved their command center to Clearview Baptist Church at 5271 Old Springville Rd, Pinson, AL 35126 These folks have been up for 48 hours now and they are exhausted...WE NEED VOLUNTEERS TO HELP THEM ROUND OUT THEIR SCHEDULES AND GIVE THESE WORKERS RELIEF.

Please, if you live in the area of Clay/Chalkville/Pinson or anywhere near Jefferson County, go tp Clearview Baptist church (adress listed above) and HELP THEM OUT! JUST SHOW UP AT THE CHURCH IF YOU CAN, OR EMAIL SandraReaves @ gmail.com

We are all going to volunteer on Saturday and Sunday and we would love for as many of you, who are interested, to come with us! They desperately need food, Sandra said "real food" so I'm assuming some hot meals for storm victims. I am off on Friday and can go up Friday too, so please PLEASE, PLEASE Y'ALL COME WITH US AND LET'S USE THE HARD LESSONS WE'VE LEARNED TO HELP THEM RUN A SMOOTH OPERATION AND GET SOME FOLKS FED, CLOTHED, AND CARED FOR!

THE MAIN NEEDS AT THIS TIME IN CLAY, AL AND JEFFERSON COUNTY ARE:
1.)"REAL FOOD"
2.)ADULT DIAPERS
3.)SAMS AND WALMART CARDS

email us at info @ wearettown.org or comment here if you want to ride up with us this weekend and volunteer or if you wish to donate some food, adult diapers, or gift cards.
Thanks so much~Lauren

The Family Support Center is a private non–profit organization that has been providing a range of family services in the Autauga and Elmore county areas since 1997. These services are free of charge. Such assistance includes: Adult Education and Literacy, Family Services, Job Readiness and Job Training, Tutoring, and a Family–School Partnership Program. The Family Support Center staff, Board of Directors, and Volunteers believe in the following values for the "Center":

*We believe in the inherent worth of all people regardless of income level, race, religion, disability, education, age, heritage, or gender.
* We believe we are accountable for providing quality services to our clients and decisions are made with the philosophy that the needs of the client come first.
* We believe we must have strong relationships with our external partners in order to provide valuable services to our clients.
* We believe it is important to maintain a culturally diversified, compassionate, and experienced staff.

Bosco Food Kitchen, Selma, serves hot meals every day,
365 days a year, to as many as 350 people a day. Mary Ann Gayle,
Director, 334–874–9053.

The Edmundite Missions serve people living in central Alabama, called the Black Belt, for its rich soil and agricultural heritage. It is the poorest region of the state. Per–capita income in Black Belt counties averaged $15,000 in the 1990s, compared to $20,000 for the rest of the state.

SEE: https://reliefdb.org/shelters/1301

ALSO WHAT WE DO:

**Food Kitchens and Food Pantries –
Nutrition Centers, house deliveries etc.

**Health Care –
The Missions work alongside Sisters, who serve the poor and uninsured in rural health care. Outreach ministers in five communities help pay for medicine and doctor fees and provide transportation to specialists.

Catholic Social Ministry, Selma, provides health care services to homebound seniors and assists the poor in obtaining medical services with prescription assistance, doctor fees and transportation to specialists in Montgomery and Birmingham. The Ministry also supervises free monthly blood pressure screenings at the Bosco Food Kitchen.

**Housing & clothing –
housing repairs provided to poor families and frail elders in communities of rural Alabama served by the Missions.

**Elder Care –
provides special programs for seniors in each community it serves. Outreach workers in rural communities also make house calls, visit the sick, provide food and medicine, and help meet needs for seniors to stay in their homes.

**Education –
Believing youth is the future, Edmundite Missions provide scholarships each year to qualifying young men and women to pursue a college education.

Serving Dallas, Perry, Marengo, Choctaw, and Wilcox Counties. Our main office is located in Selma; also, there is a satellite office in Linden, Alabama.

We were an active chapter in Selma, Alabama since 1917. All through the years, we have been available to those in need during and after disaster, for the armed forces in peace and war worldwide; collecting blood for the hospitals throughtout Alabama; teaching first aid and CPR, with swimming classes, HIV education and other safety courses.

We are now a Service Center under the guidance of the Central Alabama Chapter in Montgomery.

Governed by volunteers, our other task is to raise funds to help provide these needed services. Our main source of revenue is the United Way which has since 1954 allocated about 50% of our operating budget each year. The remainder of funds come from volunteer contribution and cost recovery.

Services offered: Support for "All" Disasters; Training * (ANY/ALL Types of Instruction) ; Training Classes, Disaster Response; Training Classes, Emergency/Evacuation Shelter Operations; Training Classes, Red Cross, Disaster Action Team Training; Training, Medical, Education, Certification, CPR, First–Aid Certification; Volunteer Opportunities, In General * (ANY/ALL Types); Volunteers, Elder/Senior Volunteers (This facility accomodates Elder Volunteers); Volunteers, Individual Volunteers (This facility accomodates Individuals Volunteers); Volunteers, Teen Volunteers (This facility accomodates Teen Volunteers)

FROM THE SITE:

Prodisee Pantry is providing love, hope and comfort to some 600 families per month through emergency food and referrals. As the recession has deepened so has the feeling of despair among a growing number of Baldwin County families in need. So many say they never thought they would ever have to ask for help. Prodisee Pantry gives HOPE by Helping Ordinary People Everyday!

Prodisee Pantry is staffed by volunteers. Our client base continues to grow and so does our need for additional volunteers to handle this increase.

* Monday: a basic workday when volunteers, sort, shelve and pre–box food items. Hours: 8:30 to 11:00am
* Tuesday: Greeting families, filing applications, interviewing clients, bagging and boxing groceries, stocking shelves, assisting clients to their cars and securing community support through contributions of food items and/or cash donations. Hours: 8:30am to Noon.
* First Monday of the Month: general work night. Hours: 6:30 to 8:30pm.

The Bay Area Food Bank has prepared its warehouse by stocking enough food for relief and preparing for the possible not-so-calm after the storm. But due to reports from the National Hurricane Center that make the Food Bank community in the middle of Gustav's path, the Bay Area Food Bank is working with America's Second Harvest and Food Bank's across the Gulf Coast to prepare for the worst-case scenario.

The Food Bank is a member of America's Second Harvest, the Nation's Food Bank Network. And, because the Food Bank serves 24 counties across over 300 miles of the Mississippi, Alabama, and Florida coast, this hurricane has the potential to have an impact on its service area.

The 205 Food Banks in the America's Second Harvest network have already worked together following the Midwest flooding and Hurricane Dolly and stand ready to assist on the Gulf Coast if needed.

Alabama Tornado Response

Samaritan’s Purse is helping victims of the violent storms that ripped through the state

Samaritan’s Purse has workers and equipment in Alabama to help victims of a series of violent tornadoes that pummeled the state Wednesday.

We have deployed two of our Disaster Relief Units, tractor–trailers fully stocked with emergency tools and supplies, to serve as command posts for staff and volunteers in the hardest hit areas. One unit is based at Garywood Assembly of God in Bessemer, about 12 miles southwest of Birmingham, and another is being set up in Tuscaloosa today.

“Authorities here have opened the doors and given us the ability to do what we've been called here to do, and to get volunteers in here and allow them to bless people and give them hope in what looks like a hopeless situation to them,” said Rick Cobb, who is leading our team in the Birmingham area.

Our staff is mobilizing volunteers to begin removing debris, making emergency repairs on houses, and demonstrating God’s care and concern to tornado victims.

“There were blocks and blocks wiped out, trees just snapped off and stripped,” Cobb said. “It's just total devastation. People will have to completely start over.”

The severe storms Wednesday spawned tornadoes and winds that wiped out homes and businesses across Mississippi, Alabama, Tennessee, Georgia, and Virginia. Entire towns were leveled, and hundreds of thousands of people were without power. At least 297 people were killed, including 210 in Alabama.

The National Weather Service received reports of more than 150 tornadoes around the regions, including 66 in Alabama and 38 in Mississippi. The worst tornado outbreak in U.S. history occurred in April 1974, when 148 twisters touched down in 13 states over a 16–hour period.

The loss of life is the greatest from an outbreak of U.S. tornadoes since April 1974, when the weather service said 315 people were killed by a storm that swept across 13 Southern and Midwestern states.

WAYS YOU CAN HELP
PRAY:

For the people affected by the storms.
That God would direct our staff to where we are most needed.
That God would be glorified through our work.

GIVE:

Go to the site to help provide the resources needed to help families whose homes have been damaged or destroyed.

GET INVOLVED:

Samaritan's Purse will schedule volunteers to help with this response. More details will be made available as we determine where to work.

A BonaResponds trip is being planned!! Details are still being worked out, but here are some tentative plans:

* Dates – come when you can, as long as you can – camp will be open May 17 through at least Memorial Day weekend. (Volunteers will travel from SBU on May 16.) Volunteers can come for a day, a week, or the whole time – all help is welcome!!
* Location will probably be somewhere near Tuscaloosa (closest airport is Birmingham). Ground transportation can be arranged if you choose to fly in. A van (maybe two?) will also be traveling down from St. Bonaventure.
* Flexibility is HUGE! We will continue to post updates on our plans here as we firm them up as well as other information to share on our blog and Twitter updates.

Thanks so much for your interest! Fill out this form to let us know that you may be interested in joining us. Once more information is known and plans can be firmed up, we'll continue to post updates on the website and will forward trip plans to you by email. Questions? Update
If you want to help the Church reach out to Tuscaloosa, you have come to the right place.

To brothers and sisters across the state and country, understand that while our building was destroyed, the Church was edified. But, as much as we have been strengthened, we cannot overcome the challenges ahead alone.

The property that held our earthly meeting place has now become an epicenter for outreach in a devastated area. We have no electricity, no shelter, no bathrooms, but with the help of the resources of the Church of Christ Disaster Relief Team from Tennessee, we are feeding thousands of residents in the surrounding neighborhoods each day. These residents have lost everything.

We understand if you feel a need to jump in your vehicle and help out now. This is a very loving reaction. Fortunately we have many people who love their fellow people in this country right after a tragedy like this. Unfortunately, this is going to be a long process. You are needed, but the greatest need is not now. It is in the weeks and months ahead. We want the Church to be able to meet this need when the rest of the state and country have forgotten or moved on. That is why we ask you to use this site to contact us.

We want the Church to make the difference in Tuscaloosa no one else could. We want the people in Tuscaloosa to see that the Church of Christ will never give up on them just as God will never give up on us.

Take the time to look at the "Traveling Volunteer(s) Sign–up" Form on the lefthand side of the webpage. If you think you can help, please fill this out so that we will be able to more effectively coordinate our efforts.

We thank you for your loving heart from the bottom of ours.

Through the Compassion Coalition of Tuscaloosa County, Baptists and other faith–based organizations have joined together to work with Tuscaloosa County Volunteer Organizations Active in Disaster (VOAD) and the Tuscaloosa County Emergency Management Agency (EMA) to meet needs countywide immediately after disasters.

The coalition provides volunteers in churches and faith–based organizations that have teams and resources available. “We’re the connection point and are trying to keep a survey of all those people who can offer (resources),” said William Scroggins, Compassion Coalition chairman and director of the Tuscaloosa Prayer Network.

The idea for the coalition arose from natural disasters that have affected the Tuscaloosa County area in recent years. Churches that join are able to offer their services in the areas of food, clothing and shelter, among others. Because the coalition is a member of VOAD, member churches also become members of VOAD.

Tuscaloosa, Alabama Tornado Relief Efforts

We've collected some information on ways that DE students and/or alumni can help. While we aren't experiencing the immediate effects of the tornado in Tuscaloosa, but the feeling of helplessness and frustration can also be overwhelming. Hopefully one of these resources or ideas will be feasible for you as we join together in support of our friends, professors and colleagues in the Tuscaloosa area.

We will send updated information to SLIS–L as it becomes available. If anyone is aware of additional information, please feel free to email Turner.Brittany AT gmail DOT com, call 916–384–6735 or comment on this post. We will include your relief suggestions in the list. This blog post will be updated any time new information becomes available.

The most needed resource is financial support, as money can be used to facilitate any combination of recovery efforts when they are needed most. This includes clean up, food, shelter, and other emergency services. If you are unable to offer financial support, there are a number of other options available to help. Also, remember that this will be a long–term effort. While there may be many donations now, additional support will be needed in the coming months and your generosity may be spread across an extended period of time to sustain efforts in Tuscaloosa.

Financial Support:

American Red Cross – You can text "REDCROSS" to 90999 to make a $10 general donation. You can also contribute to the American Red Cross Relief Fund either by calling 1–800–HELPNOW, visiting http://www.causes.com/causes/608753 or http://american.redcross.org/site/PageServer?pagename=ntld_main&s_src=RSG00100E013&s_subsrc=ONR_MainDonateButton, or by sending money to: American Red Cross of West Alabama, 1100 15th St. E., Tuscaloosa, AL 35404. Be sure to specify that you want your donation to go to the Tuscaloosa tornado victims.
Governor's Relief Fund – The governor of Alabama has also set up a relief fund: Governor's Tornado Relief Fund, Neighbor Helping Neighbor Inc., The Tuscaloosa News, P.O. Box 20187, Tuscaloosa, Ala., 35402–0187
Convoy of Hope – is a faith–based organization with a driving passion to feed the world through children's feeding initiatives, community outreaches, disaster response and partner resourcing. http://www.convoyofhope.org/go/how/donate
Salvation Army – To donate to The Salvation Army's relief work please call 1800–SALARMY or log onto www.salvationarmyusa.org. You can also text "GIVE" to 80888 to make a $10 general donation. Checks can be made out to the Salvation Army Disaster Relief, P.O. Box 100339, Atlanta, Ga., 30384–0339.
Notasulga, AL – Whipporwill Vineyards is donating 10% of all sales, and will match that amount. 4282 County Road 31.

Supplies: Additional information on supplies will be provided in the coming days. Please avoid sending unsolicited donations of supplies directly to sites in Tuscaloosa.

UMCOR (United Methodist Committee on Relief) has a list of items used in health kits, available at http://new.gbgm–umc.org/umcor/getconnected/supplies/health–kit/. You can gather these basic supplies and take the finished kits to a Methodist church and they will have systems to getting those to the disaster areas. Additional types of kits are also needed, such as bedding kits for displaced people and and bulk materials. Information on this option is available at http://new.gbgm–umc.org/umcor/getconnected/supplies/. Kits can also be shipped to: UMCOR West Office and Depot, Reverend Brian Diggs, Director, 1479 South 700 West, Salt Lake City, UT 84104–1605.
Alabama School Library Association (ASLA) – The ASLA will be coordinating donations of books and supplies for school libraries in the coming weeks and months. You can learn more at http://www.alasla.org.
Alabama Food Bank – http://www.alfoodbanks.org/ and http://www.westalabamafoodbank.org/. Text "FOOD" to 27722 to donate $10 to the West Alabama/Tuscaloosa Area Food bank. Paypal is also available.
Andalusia, AL – Piggly Wiggly, Hollie's Bakery, and Huggins Sod Farm, in conjunction with the American Red Cross and WAAO will accept donations of food items, clothes, and supplies by filling the tractor trailers at Piggly Wiggly, 13759 Brooklyn Road, Andalusia, AL. Call 334–222–8698 for more information.
Montgomery, AL – Hotline for donations at 334–420–0212, organized by http://www.WSFA.com.
Hoover, AL – Donations of tarps, non–perishable food, clothes, baby supplies. Bring to Christ the King Lutheran Church, 611 Riverchase Parkway West, on the 31 two lights south of the Galleria.
Demopolis, AL – Eaves Construction will have a tractor trailer for clothing, non–perishable food items, etc.
Calera, AL – Concord Baptist Church (11215 Highway 22) is accepting bottled water, canned food, and clothing. Please bring donations between 3pm and 9pm at the Student Center. Donations before 3pm should be brought to the church office.

Birmingham, AL – Church of the Highlands, Grants Mill Campus, South Parking lot. 5901 Overton Road between 9:00am and 8:00pm. Information at http://www.churchofthehighlands.com
Troy, AL – Terracotta, 351 Montgomery Street, is accepting canned food, bottled water, blankets, clothes, diapers, baby supplies, and other non–perishable supplies. Monetary donations are also accepted. Call 334–566–9393.
Auburn, AL – Fire Station on Ross St.
Convoy of Hope – Lamont spoke with Jeff Nene, public relations officer, at noon Thursday. Convoy of Hope's mobile command center is already enroute to Alabama; tractor trailers with food and water are on their way. Once COH has assessed needs, they will determine what further supplies to send. Currently, local churches in Tuscaloosa and Birmingham have offered to 'house' operations. COH will be working in conjunction with county, state, and federal emergency management organizations to set up distribution centers to insure areas of need are not overlooked. COH can provide both point of distribution and mobile distribution. Personal note: COH, if not the first, was one of first organizations to arrive in Picayune, Mississippi, (my hometown) following Hurricane Katrina. It's comforting to know they are heading to Alabama.
Prattville, AL – Hope for the Forgotten Ministry/Women of Worth accepting donations at the Destiny Christian Center, Instyle Hair Studio, and ReThreads.
Mobile, AL – WABB at 1551 Springhill Ave. Bottled water, clothes, cleaning supplies, and cash donations. 4/29, 7am–5pm.
Greenville, AL – Liberty Fire Department will accept donations at the Butler County Courthouse parking lot from 8am–4pm on 4/29 and 8am–4pm on 4/30.
Alexander City, AL – Love Feeds and Stormy Bishop accepting donations of clothing, water and non–perishable food at Alex City Pawn Shop, 148 Calhoun St.
Phenix City, AL – Colony Furniture accepting bottled watter, cleaning supplies, toiletry items and paper goods until Tuesday, 5/3.
Tallassee, AL – Ben Atkinson Motors collecting non–perishable items. 8am–6pm, 4/28, 4/29 and 4/30.

Life Support:

Donate blood at any Red Cross site near you. Visit http://www.redcrossblood.org/our–regions and type in your zip code to find the closest center.
Tallassee, AL – Blood drive at Dollar General (beside Wal Mart), 10am–4pm, 4/30.

Volunteers:
TBD. If you are close to the Tuscaloosa area and want to volunteer, please stand by. People are being discouraged from entering the area right now, but your assistance will be needed in the very near future. It is best to volunteer as a part of an organized effort rather than as an individual; more information will be provided.

St. Mathias Church, sign up beginning at noon on 4/28, 1230 Skyland Blvd. via route I–359. ***Update, 1:21CDT 4/28 – St. Mathias is full with volunteers and will be contacting existing volunteers tomorrow. Please stop in and give your contact information for follow up tomorrow. Volunteers with medical skills are especially needed.***
Tuscaloosa area volunteers may call Nancy Green at 205–561–4169 for information on how to help.
Birmingham city council member Johnathan Austin says to volunteer, call the Jefferson County Emergency Management Agency at 205–254–2039.
Hands On Birmingham is coordinating volunteer efforts. To register, visit http://www.handsonbirmingham.org/specialevents/viewSpecialEvent.php?_mode=eventDetail&_action=eventDetail&ixSpecialEvent=419
Toomers for Tuscaloosa – Information pending at http://www.facebook.com/pages/Toomers–for–Tuscaloosa/127019264041188

Other:

Host a fundraiser in your own community.
Ask friends, neighbors, and local stores for donations of needed supplies.
If you are nearby, consider volunteering for cleanup and service work. Many organizations, such as the Red Cross and Salvation Army, train people and facilitate volunteer efforts in communities experiencing natural disaster. Contact your local center for additional information.
Organize a community–wide relief day in your town. Ask that local businesses dedicate a percentage of proceeds from the day to tornado relief in Tuscaloosa.

The Road to Recovery in Tuscaloosa, Alabama

Founder and President, R. Gary LeBlanc left Virginia with Mercy One for Tuscaloosa, vteer central

Alabama on Friday, April 29th. Our teams of professional chefs and volunteers have prepared and served over 3000 hot, handcrafted meals to victims, first responders, and volunteers throughout the vicinity, heavily damaged by a massive tornado outbreak. Click Here to view Mercy Chefs' Day Six operations, including testimonials from grateful victims and gracious volunteers: http://www.facebook.com/video/video.php?v=1953163438140

Mercy Chefs is now transitioning from the mass–feeding of victims and volunteers crescent ridge to the direct support of volunteer work crews and local law enforcement. These dedicated groups are undertaking heavy restoration work and beginning the long road to recovery. Mercy Chefs will be on–site as long as needed, thanks to the generous financial support of people like you.

There is still much to be done. If you would like to be a part of our continued relief efforts, please email info @ mercychefs.com to volunteer or visit Mercy Chefs to make a secure online donation. We are able to do what we do because of you!

FROM FACEBOOK 5/18/11:

We are seeking volunteers! Do you have any time, weekdays between 9am and 4pm, today through next Wednesday? At the TCS Central Office, we are preparing hundreds of backpacks of "Summer Reading Care Packages" for the kids who were displaced by the tornado. We need help sorting, packing, and delivering them to the schools. Even if you have an hour, we can put you to work!

FROM THE BLOG:

The City of Tuscaloosa, Alabama experienced a devastating tornado on April 27, 2011. In the wake of this tragedy, many lives were lost. In addition to loss of life, homes, businesses and schools were either damaged or destroyed. As we begin to rebuild the City of Tuscaloosa and citizens attempt to resume some level of normalcy, we ask that you consider donations either in a monetary form or in the form of needed supplies and materials for our school district. Your generous donations will benefit the needs of our students and faculty members as we attempt to bring closure to this school year.

Many of you have asked, “How can I help?” You and your organization can help by donating your time, talents and resources towards this cause. That’s why established our Disaster Relief Fund. You can make a secure tax–deductible donation at: https://www.paypal.com/us/cgi–bin/webscr?cmd=_flow&SESSION=f2fnxOcyESRobVpsjpb2FHUbllHul3vg46Z5XgTkl6QynnQLSMBQmDX5668&dispatch=5885d80a13c0db1f8e263663d3faee8d5863a909c4bb5aee2fcbfe698ea9bfbc

Dr. Zack Barnes will head up our volunteer efforts. If you are offering the services of yourself or your organization, please contact him at zbarnes @ tusc.k12.al.us or by calling 205.759.3513.

If you have classroom resources for students or teachers, please contact Frannie James at:

* 205–759–3700
* 205–759–3503
* 205–759–8300

or emailing her at TCSDonationCenter @ gmail.com

We appreciate your desire to help our students and employees.

POSTED ON FACEBOOK 5/12/11:

At the Tuscaloosa City Schools, we are collecting not just student supplies–– we are also looking for teacher supplies to replace the items needed in their classrooms.

Here are the TEACHER SUPPLY items that we are looking for today. Please check back with us though– as more needs are identified, the list will be updated.

–Timers
–Heavy Duty Pencil Sharpeners
–File Folders
–Yardsticks (Meter sticks)
–White Boards
–Alabama, US, and World Maps
–CD Players / Cassette Players
–Art Supplies (clay, movable eyes, etc)
–Clear Plastic Bins with lids
–Plastic Hanging File boxes

–Vertical or Horizontal filing bins
–Label Makers or stamps for school/student names

We are also collecting student school supplies, which are listed in a separate note.

Financial contributions are always very welcome. Your tax–deductible donation will directly assist students, teachers, and schools affected by the tornado, and can be made at: www.tuscaloosacityschools.com.

If you have any questions please call the TCS Donation Center at 205–759–8300.

THANK YOU for your support!

Specific Donation Needs – Updated 5/11/11
by Tuscaloosa City Schools on Monday, May 9, 2011 at 1:27pm

We are still collecting school supplies, and will be throughout the summer and beyond. Thank you all for your very generous offers to help.

The best and easiest way you can help is by making a monetary donation. The money donated to the "Tuscaloosa City Schools – Tornado Disaster Relief Fund" will go directly towards helping impacted students, teachers and schools. You can donate easily and securely online at: http://www.tuscaloosacityschools.com/

If you are already running a school supply or book drive: we are still collecting items!

Items will be collected at the Tuscaloosa City School Board Central Office, and stored there for distribution to impacted students and teachers, system–wide. Items will be distributed for the remainder of the school year, summer programs, and for the fall semester and beyond. If you have any questions, or would like to volunteer in our donation center, please call: 205–759–8300

Please send all school supply donations to:

The Tuscaloosa City School Board, Central Office
Attn Social Services
1210 21st ave,
Tuscaloosa AL, 35401.

Please remember that the students in our school system are Pre–K through Grade 12. Over 700 students in our school system have been displaced due to the tornado. They attend all schools in our system, not just the schools that were directly hit. The needs of the students are quite varied, In addition to general school supplies for elementary students (crayons, pencils, paper, notebooks, etc) ...

The following items are VERY MUCH needed:

–Flash drives / jump drives (preferably 4GB but smaller or larger capacity is OK too)
–CLEAR or MESH Backpacks
–Graph paper
–Calculators (4–function scientific calculators)
–5 subject spiral notebooks
–College–ruled notebook paper
–Mechanical pencils

BULLETIN BOARD PAPER and BORDERS are needed for the displaced teachers from the 3 schools which were destroyed.

CLEAR PLASTIC BINS AND BOXES, with LIDS, and LARGE STORAGE CRATES WITH LIDS for organizing the school supplies.

Please also continue to donate the following:

–Picture books and chapter books for classroom libraries, or for students to take home.
–1–1/2" binders
–tissues (boxes and mini–packs)
–paper towels
–liquid soap
–copy paper
–manila filing folders
–small games, legos, puzzles for 4 and 5 year olds
–PreK and Kindergarten coloring books and workbooks (ABCs, numbers, etc.)
–Hand sanitizer
–Lysol –409 / Fantastik cleaner
–Clorox wipes–3 pronged pocket folders
–batteries (AA and AAA)
–safety compasses
–pencil sharpeners with covers

FOOD DONATIONS –

From now until the end of school (May 26) – "Snack Packs" are being sent home with children who were directly impacted by the tornado. These items are being collected at Verner Elementary School. They specifically need:

–single serving, easy open cans of vienna sausage, potted meat, ravioli, spaghettios, beans & weenies, etc.
–single serving, easy open cans/cups of fruit
–single serving size cereal boxes
–plastic spoons
–plastic forks

Thank you for your support!!

There are no pet friendly shelters for people. If you need shelter for your pet, you need to kennel them, or board them at a Vet's office, or get a pet friendly hotel or motel.

Nothing on the website about the 4/11 Tornado but this shelter is in great need of monetary donations to take care of the hundreds of lost/displaced and injured animals in this region. DEADLY TORNADOES AND STORMS HIT ALABAMA

Devastation is severe with many fatalities

Six of the Alabama Food Bank Association's eight member food banks are now actively involved in direct support to communities across the state according to David Reaney, the Association president. Fortunately none of the food bank facilities suffered damage from the storms although the North Alabama Food Bank in Huntsville is currently operating without power. In coordination with Feeding America disaster services staff, short term food and water needs are being coordinated for the food banks in Tuscaloosa, Montgomery, Birmingham and Huntsville. Bottled water, MREs, snacks and staples are being distributed. The Alabama food banks support over 1,000 church pantries, shelters and community soup kitchens every day and distributed over 36 million pounds of food in 2010.

In the coming weeks the food banks will be working with Feeding America to ensure additional trucks, staff and food is provided to assist communities across Alabama.

D–SNAP (Disaster Supplemental Nutrition Assistance Program) – 2011 AL Tornadoes

Info/Hotline · Open

Various, AL

Service Temporary

5/10/11 Email circulated from City of Bham
The first counties to begin D–SNAP are the eight counties that were designated for individual disaster services April 28, 2011.

Those counties are Cullman, DeKalb, Franklin, Jefferson, Lawrence, Marshall, Tuscaloosa, and Walker County.
The remaining 33 counties that received a federal disaster declaration will operate a D–SNAP program in the upcoming weeks.

To qualify for the benefits, residents must apply in person or have an authorized representative apply for them. Applicants must have disaster damage to their homes, loss of food, expenses related to protecting their homes, or lost income as a result of the disaster and meet income limits composed of net household income plus available liquid resources (cash or money in the bank).

Individuals/families must have been a resident of one of these eight counties on April 27, 2011 to apply for assistance.Current food assistance recipients may not apply for benefits at the D–Snap location.

Individuals and families applying for the D–SNAP mustsubmit some form of identification, such as a photo I.D. or documents that contain your name and/or address to verify identity and residence in the disaster–designated county. However, if a person does not have identifying documents due to storm damage, they can bring someone to verify their identity.

Individuals/families that qualify will receive a one–time benefit based on household size. After completing the application, qualified individuals and families will be issued an Electronic Benefit Transfer (EBT) card. Benefits can be accessed using the EBT card after they are posted to the account. Benefits will be available within four (4) days after the application is filed.

May 9, 2011
State of Alabama
Press Release: Human Resources, Department of

Current Food Assistance Recipients Issued Supplemental Benefits in Disaster–Declared Counties

MONTGOMERY - Individuals and families living in the 41 disaster–declared counties that received food assistance benefits from the Department of Human Resources (DHR) in May have been issued additional benefits. This supplemental issuance is part of the Disaster Supplemental Nutrition Assistance Program (D–SNAP) approved by the U.S. Department of Agriculture Food and Nutrition Service (FNS).

Under D–SNAP, current food assistance recipients who reside in a disaster–designated county, and have not already received the maximum benefit for the month of May, received an additional amount that gives them the maximum monthly benefit allowed for their household size. These benefits were issued automatically and there is no action required of current food assistance recipients.

Households that already receive the maximum monthly benefits for May will not receive an increase.

On May 1, 2011, DHR issued benefits early to current recipients in Bibb, Blount, Calhoun, Cherokee, Chilton, Colbert ,Cullman, DeKalb, Elmore, Etowah, Fayette, Franklin, Hale, Jackson, Jefferson, Lauderdale, Lawrence, Limestone, Madison, Marion, Marshall, Morgan, St. Clair, Talladega, Tallapoosa, Tuscaloosa, and Walker Counties.

On May 2, 2011, FNS approved a temporary waiver that permits food assistance recipients to use their benefits to purchase hot foods in those counties designated for disaster assistance. The waiver is effective through May 31, 2011.

Other programs designed to assist families with their nutritional needs are being pursued and will be announced as they become available.

All states operate the food assistance program according to regulations set forth by the U.S. Department of Agriculture.

Talladega County

Donation drop offs:

* Childersburg: Coosa Pines Federal Credit Union is accepting donations at 17591 Plant Road in Childersburg. They specifically ask for the following: blankets, laundry supplies, toiletries, feminine products, diapers and wipes, baby food, bandages, first-aid items, socks, bottled water, nonperishable food, juice boxes, paper towels, tissues, toilet paper.

* Munford: Munford Baptist is accepting donations. Bring donations of bottled water, shampoo, toothpaste, non-perishable food items, paper towels, towels, wash cloths, batteries, flashlights, and etc. to Munford Baptist Church at 326 First Avenue North, Munford, Alabama 36268. Contact the church office at 256-358-4536 or Pastor Tim Thomas @ 256-591-2534 or email your questions to jerrydean @ munfordbaptist.com.

* Talladega: Talladega County Revenue Dept. in the county courthouse is collecting nonperishable items on Monday through Friday from 8 a.m. to 5 p.m. Drop off bottled water, canned foods, toilet paper, baby wipes, toothbrushes, toothpaste, new blankets, new pillows, all packaged foods, bandages, bath soap, shampoo, conditioner. Call Tara LaClair at 256-419-3670 for more information.

* Talladega: A donation drop-off location will be set up at 108 Haynes Street in Talladega from Sunday-Friday from noon-4 p.m. each day. The supplies will go to victims in some of the surrounding areas including Ragland, Cullman, Pell City and Ohatchee. Local churches will help distribute the goods. For more info, see the Facebook page: http://www.facebook.com/pages/Cullman-St-Clair-and-Talladega-County-Relief-Drive/127893937286363.

* Sylacauga: Coosa Pines Federal Credi Union is accepting donations at 255 James Payton Blvd in Sylacauga. They specifically ask for the following: blankets, laundry supplies, toiletries, feminine products, diapers and wipes, baby food, bandages, first-aid items, socks, bottled water, nonperishable food, juice boxes, paper towels, tissues, toilet paper.

* Sylacauga: First Baptist Church on 10 South Broadway in Sylacauga is collecting donations for storm victims. They will also pick up donations locally and take them to the areas in need. For more information, call the church at 256-245-6301.

NOTE: ALWAYS CALL AHEAD TO DONATION DROP SITES. NEEDS CHANGE ON A DIME IN A DISASTER ZONE. ONE MOMENT THEY NEED DIAPERS, THE NEXT IT'S FOOD. ALSO BE AWARE THAT AS THE FIRST RESPONSE STAGE BEGINS TO WIND DOWN THAT DONATION COLLECTIONS BEGIN TO MOVE TO OTHER SITES AND SHUT DOWN. SO CHECK BEFORE YOU DELIVER!

Debris on Private Property – Operation Clean Sweep

Operation Clean Sweep is a pilot program of the Federal Emergency Management Agency (FEMA) that addresses debris removal in communities within or immediately adjacent to areas of catastrophic or extensive damage. The area must be approved for Clean Sweep by FEMA. Certain parts of Madison County have been identified by FEMA as having catastrophic or extensive damage and have been approved for Clean Sweep. Before anyone can go onto private property, the local jurisdiction must have legal right of entry to remove debris from the property. Right of entry forms can be completed at the Disaster Recovery Center:

Monrovia Church of Christ
595 Nance Rd.
Madison, AL 35757

Please bring the following items:

Operation Clean Sweep
Narrow window of time for property owners to enroll

By Benjamin Bullard The Cullman Times The Cullman Times Fri May 27, 2011, 07:45 AM CDT

With the FEMA-sponsored Operation Clean Sweep in effect for the City of Cullman and still pending for Cullman County, private property owners in need of debris removal have a narrow window of time to engage local government in beginning the cleanup process.

The City of Cullman has been accepted to participate in Operation Clean Sweep for residential properties in designated areas within the municipality. While proceeding under the assumption that the county will also be included, Cullman County officials had not received an acceptance letter late Thursday.

“We’ve been accepted and we’re told the task order is coming to get us started,” Townson said. “We already have 40 or 50 who have filled out forms and waiting for the operation to begin. You have to sign up to be eligible.”

The Clean Sweep program allows debris to be removed from private property. Mayor Max Townson said anyone needing the service must register at City Hall with Jerry Freeman, executive assistant to the mayor. Freeman may be reached at 256-775-7134 or jfreeman @ cullmancity .org).

Freeman has maps of the designated Clean Sweep areas, forms and all information pertaining to the program. Residents wanting to sign up should come see him and bring a copy of their deed — with legal description — as well as the declaration page of the homeowner’s insurance policy.

A county map displaying the grid of designated cleanup areas — updated daily — is on display at the county’s two Clean Sweep offices — one at the county building at the intersection of U.S. Highway 31 and Golf Course Road in Cullman; the other at the West Side road department garage on County Road 222.

At the Clean Sweep office the county commission opened Wednesday on U.S. Highway 31 South, staffers have been busy informing landowners what steps they must take, on a case-by-case basis, to complete all the paperwork required by FEMA and the State of Alabama necessary to ensure their property can be included in the debris clearing program.

“We took at least 60 [Clean Sweep applications] the first day,” said office worker Lori Beckhart at the county Clean Sweep office Thursday. “We’ve probably gotten close to 100 since we opened up.”

Associate county commissioner Stanley Yarbrough said Clean Sweep participants may be finding some of the FEMA-mandated bureaucratic hurdles confusing, but a visit to the Clean Sweep office can help clear up many of the questions homeowners have about whether and how they’re eligible for on-site debris removal.

Opening a property management file at the Clean Sweep office — the responsibility of the landower — is key to ensuring contractors will show up to clear debris from private land. While the documentation requirements for each file are extensive, most can be added after work is already underway.

A few pieces of information, however, must be submitted as soon as possible. The most important, according to FEMA debris task force leader Dave Brown, is the Right-of-Entry form, which permits contractors to work on private property and holds them and their employers harmless for any incidental damage done in the process of removing debris.

In addition, noted Yarbrough, landowners how have property insurance must provide a copy of their homeowner’s policy as soon as they can obtain it from their insurer. Underground features such as septic tanks and off-grid utility lines should also be marked with orange paint; homeowners should also notify office staff whether they want swimming pools filled or left alone.

From the beginning, FEMA officials have stressed that Operation Clean Sweep is intended to alleviate health and safety concerns on private property — that means contractors will, when authorized, remove debris from the yard area immediately surrounding a home — but it’s not intended to offer a wholesale cleanup of downed trees and vegetation debris on wooded acreage not in the near vicinity of a house or other building.

“Even though we are going onto private property, there are still things on that property that are ineligible for removing debris,” said Brown Tuesday. “If you’ve got a home surrounded by a wooded area on a 10-acre lot, we don’t clean up fallen trees in the wooded areas. We will certainly clean up around the house, but we don’t clean up pastures; agricultural land — we clean up what’s reasonable to maintain health and safety. If you mow and maintain around your area, that is normally the guideline we follow.”

In order for property owners to ensure contractors will clear debris from the land that directly surrounds their homes, their property must fall within a grid of approved areas that, by FEMA’s reckoning, sustained significant tornado damage. That means not all of Cullman County qualifies for the project.

The grid, which is updated daily as property owners bring their damage to officials’ attention for consideration, consists of a network of 1-kilometer squares that trend from southwest Cullman County toward the northeast.

The statewide Clean Sweep effort is operated as a separate project from the continuing removal of debris from public rights of way in both city and county. In Cullman County, the right-of-way cleanup is set to expire June 15, unless it is extended by state and federal authorities. Clean Sweep, on the other hand, will expire on June 12 unless funding for the operation is renewed beyond that date.

Noting that Operation Clean Sweep could effectively be over almost as soon as it’s begun, county and city officials have pledged to implore the local legislative delegation to lobby Gov. Robert Bentley for an extension of the state’s funding contribution toward the Clean Sweep program. If that happens, tornado-affected areas statewide could receive an additional 30 days of debris removal on private land paid for entirely by FEMA and the State of Alabama.

FEMA's Operation Clean Sweep set to commence
by James Phillips Daily Mountain Eagle

The Walker County Commission agreed Monday to take part in a Federal Emergency Management Agency cleanup initiative that will allow contractors limited access to private property for debris removal.

Operation Clean Sweep, which is a statewide effort, is a recently announced program targeting debris in communities within or immediately adjacent to areas of catastrophic or extensive destruction. FEMA determines the degree of destruction by using a combination of mapping and information from local, state and federal officials who have seen the damage first–hand.

Clean Sweep is a separate debris removal operation than ongoing debris removal taking place on public rights of way across Walker County. Both projects are being conducted by the U.S. Army Corps of Engineers, but officials said paperwork and guidelines for each are different.

FEMA representative Keith Denning told members of the Walker County Commission at a work session Monday at the Walker County Courthouse that certain stipulations must be met for properties to qualify for Operation Clean Sweep. He said the debris must pose a negative economic impact or be a matter of public health or safety.

"I would hope the county can work some properties that might be in a gray area into these," he said.

Walker County Emergency Management Agency director Johnny Burnette said residents who suspect their property could fall under Operation Clean Sweep should contact his office at 205–384–7233.

"We have people out assessing the damage in the county, and we will be contacting property owners that qualify, but if anyone has questions, they should call our office," Burnette said.

Sipsey Mayor Anita Sanders said her town will also be a part of Operation Clean Sweep, but she was concerned all debris will not be removed by the June 12 deadline for 100 percent of the cost to be paid.

"We've only got 21 days left to get everything cleaned up," she said. "I'm worried we might not have it all done by then, and I don't know how the town or our citizens would pay for it."

Walker County Commission Chairman Bruce Hamrick said he felt the 30 days given for 100 percent reimbursement would be extended.

"Everyone I've talked to seems to think that it will be extended at least another 30 days," he said. "I think we'll have most of our debris removed by the end of the first 30 days, but it would be helpful for some of the other areas if that was extended some."

Hamrick asked that property owners respond to Operation Clean Sweep materials as quickly as possible.

"If you get a call, we ask that you move forward as quickly as you can," he said. "We need to go ahead and get everything done just in case that deadline isn't extended."

If possible, before going to a disaster recovery center, people with storm losses should register with FEMA by calling 800-621-FEMA (3362) or online at www.DisasterAssistance.gov. Those with speech or hearing impairment may call (TTY) 800-462-7585. Help is available in most languages.

Persons affected by the storms can also apply for federal assistance through a web-enabled mobile device or smartphone. Visit m.fema.gov and follow the link to “apply online for federal assistance.”
Federal disaster assistance can include grants for rental assistance and home repairs, low-interest loans from the U.S. Small Business Administration to cover uninsured property losses, and other programs to help recover from the effects of the disaster.

###

FEMA’s mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.

Disaster recovery assistance is available without regard to race, color, religion, nationality, sex, age, disability, English proficiency or economic status. If you or someone you know has been discriminated against, call FEMA toll-free at 800-621-FEMA (3362). For TTY call 800-462-7585.

FEMA’s temporary housing assistance and grants for public transportation expenses, medical and dental expenses, and funeral and burial expenses do not require individuals to apply for an SBA loan. However, applicants who receive SBA loan applications must submit them to SBA loan officers to be eligible for assistance that covers personal property, vehicle repair or replacement, and moving and storage expenses.

FEMA's Hazard Mitigation Grants Program (HMGP) provides grants to states, local governments, and Indian tribal governments to retrofit public or private structures and facilities to minimize damages from high winds, earthquake, flood, wildfire, or other natural hazards. Funding for safe rooms is initiated through local officials, such as emergency manager, mayor or building code/ enforcement office. Local officials send requests for FEMA’s Hazard Mitigation Grants Program through the state.
FEMA reimburses up to 75 percent of the eligible costs of each approved project. The state or local match does not have to be cash; in–kind services or materials may be used. Approximately $33 million has been allocated so far.
Federal funding under the HMGP is based on 15 percent of the federal funds spent on the Public and Individual Assistance programs (minus administrative expenses) for each disaster.
It may take up to a year for an HMGP grant to come through.
The HMGP program is managed by the state once the application is approved.

FEMA offers blueprints for safe rooms with “near–absolute protection” in FEMA publication 320. The designs in FEMA 320 can be built by most residential contractors. The information in FEMA 361 is about community safe rooms. FEMA publication 453 offers information to assist in the planning and design of shelters that may be constructed outside or within dwellings or public buildings.

As part of disaster recovery, FEMA’s Public Assistance Grants Program will help rebuild schools in Phil Campbell, Hackleburg and other communities across the state. Because state law requires a FEMA–approved safe room or hallway in new schools, this will enable those communities to incorporate a safe room into their rebuilding with FEMA assistance.

· Survivors have taken possession of 128 manufactured housing units –– 112 on private sites, 16 on commercial sites.

· Disaster survivors can register by calling 800–621–3362 (FEMA), 800–462–7585 (TTY), or going online at www.disasterassistance.gov. By smartphone: m.fema.gov.

Save The Children – 4/11 Tornadoes

More than 200 deadly tornadoes tore through the Southeast United States. From Tuscaloosa to small towns such as Phil Campbell, families have been devastated by tragedy.

For the thousands of children and families left in the wake of the destruction—homes demolished, schools turned to rubble, entire communities blown away—the recovery is just beginning. Many children arrived at shelters barefoot, having literally run for their lives.

Save the Children is on the ground in Alabama and Mississippi in the hardest hit regions. In the early aftermath of the storm, we've helped more than 4,400 children. Among other things, we are:

* distributing truckloads of shoes, diapers, portable cribs and other child–specific essentials
* establishing Child–Friendly Spaces where kids can just be kids—and begin the recovery process
* providing psychosocial training in anticipation of the impact this disaster will have on children

(5/29/11 LTel: Site states "check for updates" but there does not appear to have been one in a long while so not certain whether they are still actively in this region doing the above)

Faith groups help Alabama with tornado cleanup –

EXCERPT – (SEE LINK for full story)

The Southern Baptist Convention and Catholic Relief Services are among the largest religious relief agencies worldwide and are helping with tornado relief. In Alabama, Southern Baptists have deployed 7,742 trained and certified emergency volunteers, many with experience in earthquake efforts in Japan and Haiti, said Mel Johnson, state strategist for the Alabama Baptist Convention's disaster relief ministries.

"We work hand in hand with the Red Cross," Johnson said.

Southern Baptists have nine feeding units and 30 shower trailers at Alabama tornado relief sites and have cooked more than 177,000 meals. Chaplains have counseled more than 5,000 clients, Johnson said. Crews travel at their own expense and typically stay a week, sleeping on Sunday school room floors.

"It is hot, hard work," Johnson said. "But people do it because it's an opportunity to bring hope."

The Baptist cleanup and recovery crews, who also cut and remove trees, often end up working with Mormons and other religious volunteers.

As communities across the South reel from the deadliest natural disaster in the United States since Hurricane Katrina, World Vision is appealing for $3 million to assist tornado survivors in an extensive, multi–state response effort.

UPDATED: World Vision continues its response for families and communities left devastated by the April 27 tornadoes in Alabama. Last week, we completed a distribution of relief items to those affected in parts of Tuscaloosa and Birmingham, Alabama, two of the areas hit hardest.

In the days and weeks ahead, we plan to continue to work with local organizations to provide assistance to those left most vulnerable – particularly neighborhoods and communities affected by poverty.

On May 4, World Vision dispatched a mobile distribution unit from its facility in North Texas, which provided emergency relief supplies for up to 500 people devastated by the recent tornadoes in Alabama.

As part of our large–scale response to the worst natural disaster in the United States since Hurricane Katrina, we will also send a semi truck to Alabama with 26 pallets of relief supplies, including shoes, clothing, and cleaning materials.

On May 2, our team completed assessments of needs and distributed initial supplies of personal hygiene products to families in Tuscaloosa and Birmingham, Alabama.

Responding rapidly

"We're most concerned about low–income families who don't have many resources to recover from these disasters," said Phyllis Freeman, World Vision's domestic disaster response director.

The mobile distribution unit will be able to drive directly into affected communities and provide urgently needed items like hygiene kits, shoes for kids, batteries, and flashlights, since many areas are still without power.

"This part of the country is not a part of tornado alley. That's what is making this so horrific," Freeman said. "This is hurricane country. That's why we want to do our work as fast as possible. There's no way of knowing what hurricanes may be coming in the future."

'We don't know what to do'

World Vision is partnering with local churches and organizations to set up points of distribution for relief supplies. We have provided $10,000 worth of cash grants to be given to the most vulnerable families who have been impacted, and we hope to disburse more grants as fundraising increases.

"We don't know what to do," said Connie McDonald, whose home fell off its foundation and was further damaged by a falling tree. She and her husband recently refinanced their home to pay for their daughter's cancer treatment.

"That's why I've cried all day. I've been real brave up until today...what will we do financially?"

A coordinated effort

World Vision's facilities in North Texas are serving as its domestic disaster headquarters, with 56,000 square feet of space and 1,000 pallet spaces of relief, recovery, and building materials ready to ship.

Meanwhile, Dallas volunteers are assembling hygiene kits for distribution and preparing medical supplies to be shipped quickly to the disaster site. In addition to responding to vulnerable communities in Alabama, World Vision is working with local partners to provide emergency relief supplies to children and families affected by weather–related disasters in Oklahoma, North Carolina, Mississippi, Missouri, and Virginia.

We expect the greatest immediate needs to include basic hygiene items, blankets, bedding, water, first–aid kits, and flashlights. We also plan to address the long–term recovery needs of affected families, with a specific focus on the needs of children.

"We will especially be looking for survivors where help hasn't arrived yet," said Phyllis Freeman, World Vision's domestic emergency response director and a veteran of our Hurricane Katrina response."We don't want anyone who desperately needs assistance right now to fall through the cracks."

Partnering locally

World Vision will partner with local churches and organizations to identify families and communities who are particularly vulnerable. Prepositioned supplies will be rushed from Dallas in the coming days, including clothes, shoes, cleaning supplies, and personal hygiene kits.

"It's mind–boggling to think of how many families and children now have no place to call home," said Freeman. "In shelters, something as simple as a dry, clean mattress can provide at least a little bit of comfort during this incredibly stressful time."

Assessments and initial distributions

Aerial view of tornado damage in TuscaloosaFreeman and her relief team colleagues are en route to Birmingham and Tuscaloosa, Alabama, to assess the greatest needs and to deliver an initial supply of personal hygiene items for survivors, many of whom have lost their homes and possessions.

World Vision will partner with local churches and organizations to identify families and communities who are particularly vulnerable. Additional prepositioned supplies will be rushed from Dallas in the coming days, including clothes, shoes, cleaning supplies, and personal hygiene kits.

"It's mind–boggling to think of how many families and children now have no place to call home," said Freeman. "In shelters, something as simple as a dry, clean mattress can provide at least a little bit of comfort during this incredibly stressful time."

Individual donations, corporate partnerships

World Vision's North Texas facility in Dallas will serve as a central hub for sending emergency supplies to children and families most in need.

We're currently recruiting corporate partners to donate quality new products specifically needed in disaster areas –– including rakes, generators, mops, brooms, and shovels.

In addition to prayer, "The best way Americans can help right now is through cash donations of any amount," added Freeman. "This allows World Vision and other responding groups to purchase supplies locally and respond quickly."

Forming local partnerships

Tornado Damage

World Vision works with local churches and other organizations in domestic disaster areas to identify families with limited means, families left destitute, or people who may have difficulty accessing other assistance.

"Churches are on the frontlines when disasters strike our country," said Freeman. "They know their communities and the needs that exist there."

World Vision's 56,000–square–foot North Texas facility includes the domestic disaster response hub of prepositioned response products, such as personal hygiene and cleaning supplies, clothing, shoes, and other relief, recovery, and building materials.

From Website:
Minneapolis, May 2, 2011 - In the wake of last week's devastating storms in the South, the American Logistics Aid Network (ALAN) is working with its relief agency partners to identify crucial needs and communicate them to concerned members of the supply chain community.

"We want to ensure that we respond in a way that does the greatest good," said Jock Menzies, president of ALAN, a non–profit organization that engages the supply chain community in support of humanitarian relief efforts. "At present, providing financial support to agencies working in the disaster area is the most effective. Other specific needs are sure to emerge, and we'll definitely involve our supply chain network in helping to meet them."

As needs are identified that can be met through the expertise and resources of ALAN's member base, association members will be notified, and the needs will be posted on the ALAN web portal: www.ALANaid.org. Organizations that have previously established relationships with relief agencies can work with those groups to coordinate their donations of goods or services.

Shelter Information courtesy of http://www.myfoxal.com. (updated 4-27-2011 at 7:36 pm)

"Some storm shelter have started to open for people in need of a safe place.

Vestavia Hills Civic Center will be a Red Cross shelter starting at 5:00 p.m. It's located at 1975 Merryvale Road off Highway 31.

Gethsemane Baptist Church on Highway 160 in Hayden is opening their basement for those needing shelter.

The City of Westover Storm Shelter is OPEN. It is located at the City Hall at 3312 Westover Road, Westover, AL 35147 (on Old Highway 280 just East of Highway 55).

Boutwell Auditorium in Birmingham has opened for anyone in need of shelter.

In St. Clair County, citizens can gather at Mt. Pisgah Baptist Church in Cropwell and Springville First United Methodist Church. These two sites have been set up as Red Cross shelters.

The Calera Police Department says a shelter has opened at the National Guard armory in Calera on 8th Avenue.

Pleasant Grove has an emergency command center set up at the Piggly Wiggly in Pleasant Grove, according to Pleasant Grove PD and fire depts."

Assistance for Disaster Affected Communities
Following a disaster event many communities find there is a long way to go to find a new normal in their communities. Church World Service has many offerings to help local faith and community leaders understand and carry out the tasks of long–term recovery.

Material Resources
CWS can provide important material resources to disaster affected communities. Emergency clean–up, baby care, personal hygiene and school kits are small packages of supplies assembled by volunteers. The contents have been selected with care based on decades of experience. Kits may be sent to CWS at any time to provide resources quickly whenever and wherever they are needed. For more information, go to www.churchworldservice.org.

Early Response and Sustainability Grants
Grants may be given to local, long–term groups to assist with the initial tasks of organizing and staffing or to sustain the effort over the long term. While many organizations are willing to finance direct aid to persons, CWS is unique in targeting its grants to organizational needs.

Recovery Tools and Training is a full day workshop lead by a CWS Disaster Response Specialist and other experts with information to assist long–term recovery groups to lead a community to a new normal. This workshop covers the full gamut of long term recovery needs, from forming a mission statement to when to close up shop.

First Steps is designed to help newly formed recovery groups know what to do in the organizing stage of development. This three hour, interactive workshop will focus on mission, bylaws, fiscal policies, organizational choices, and fund raising.

Webinar based training is offered on the first Tuesday of each month on an aspect of long term recovery. Three times each year, a six hour series, conducted over 2 days, address the basics of Long Term Recovery. For details and to register, go to www.cwserp.org.

Community Specific Training can be designed by community leaders and CWS Disaster Response Specialists. CWS does not have “cookie cutter” training and will design training on–site or webinar based to address identified needs.

Follow–up Mentoring and Continuing Education recognizes that no one workshop or curriculum can cover all aspects of long–term recovery or address every issue. CWS Disaster Specialists are available by phone, e–mail, webinar, or on–site to answer questions, provide guidance, and assist with unanticipated needs.

Community Arise is a curriculum in eight modules that was developed by some of the most experienced disaster responders in the nation. Interested persons can use some of these modules without an instructor; others are best used with leadership by a CWS Emergency Response Specialist or one of the participating communions. Access this curriculum at www.communityarise.com.

Projects to decrease vulnerability and increase resiliency for persons and communities experiencing vulnerability to disasters aim to increase the ability of those persons to recover from subsequent disaster events. When a resiliency need is identified, CWS will work with denominations and other organizations to find funding, material resources and personnel to carry out the identified project.

Church World Service was founded in 1946 and is the relief, development and refugee assistance ministry of 37 Christian communions in the United States. CWS works in partnership with indigenous organizations in more than 80 countries. The CWS Emergency Response Program helps the faith community play its special role in disasters in the U.S. and around the world. The Domestic Disaster Division of CWS is composed of a team of Emergency Response Specialists in training and project development.

CWS is a national member of Voluntary Organizations Active in Disaster and fully subscribes to the principles of cooperation, coordination, communication and collaboration. CWS ERP will work with participating denominations, ecumenical partners and others to avoid the duplication of services and fully utilize the existing expertise of local leaders.

The programs and services of CWS are available to all persons affected by a disaster. CWS is especially concerned to locate and serve persons who are especially vulnerable to disaster because of economic, ethnic, racial discrimination, age, social or other reasons. The ultimate goal of CWS is to help disaster affected persons and communities achieve recovery.

CWS is financially supported by contributions from the member communions and individual donors. CWS does not receive government dollars for the ERP program. Persons wishing to assist CWS financially can do so at www.churchworldservice.org

All services of CWS ERP can be accessed by contacting the CWS ERP at www.cwserp.org.

Per AlVOAD meeting, this group is helping with the 2011 Alabama Tornado Relief.

The Church World Service webinar series on "Long
Term Recovery Basics" is tomorrow and Wednesday. This series of 6 fifty minute
webinars covers all the basic information that people will need to organize or
participate in long term recovery in communities affected by disasters.

It would be very useful for pastors, mission committee persons, and others who
will be called upon to help their communities in the recovery.

People can register at www.cwserp.org for this free training.

Per Convoy of Hope at the VOAD AL meeting on 4/29/11 the following is in place:

2 Mobile Distributions with Relief Supplies are operating effective today in both Tuscaloosa & Birmingham, AL (See HQ locations above under street address).

At this time there is no stationary POD in place, but if it becomes a necessity they will announce activation.

FROM THE SITE:

Convoy of Hope is rushing teams and aid to the South where a massive storm — that spawned dozens of deadly tornadoes — decimated communities and claimed nearly 200 lives in Alabama, Mississippi, Tennessee, Georgia and Virginia on April 27.

Help Convoy of Hope help respond to crisis in the US and around the world.

“Our hearts go out to families who lost loved ones, homes and businesses,” said Jeff Nene, senior director of public relations. “The storm left a wide swath of devastation and we are working closely with state and county emergency management teams to pinpoint exactly where our teams and aid are needed most.”

Nene says Convoy of Hope is rushing food, water, ice chests and other essentials to the South. That’s welcome news for displaced families whose homes have been destroyed and communities where emergency resources are lacking because infrastructure has been compromised.

“One of Convoy of Hope"s strengths is responding to disasters in the United States and around the world,” adds Nene. “Because of our logistical expertise, partners and strong relationships with government agencies and local organizations we can get help to those who are suffering.”

4/29/11 Press Release:

FOR IMMEDIATE RELEASE

CRWRC media contact Beth DeGraff, cell 616-648-7821 or 1-800-55-CRWRC

As family members and search and rescue teams continue to sift through debris left by a massive tornado outbreak in the east central U.S., the Christian Reformed World Relief Committee (CRWRC) is expanding its Spring Storms 2011 response to include the widespread devastation that so far killed more than 290 people in five states this week.

Less than a week ago CRWRC Disaster Response Services (DRS) dispatched regional managers and a Rapid Response Team to Sanford, North Carolina, 60 miles southwest of Raleigh, to begin early assessments, clean up, and initial repairs from a previous storm system which brought heavy rain, tornadoes, lightening, and hail that caused flash flooding, power outages, and destroyed dozens of homes.

"CRWRC-DRS has worked in numerous southern communities over the years helping them recover from hurricanes and tornadoes," says DRS director Bill Adams. "The destruction from this week's tornado outbreak in Alabama, however, rivals the worst we have seen in years. We are now developing plans for a long-term commitment to those who are affected."

Working in concert with local and national disaster response organizations, regional managers and other team leaders are exploring arrangements for additional volunteers to continue to address clean-up and roofing needs, provide emotional and spiritual support, and coordinate planning for the longer-term response. Adams says that additional volunteers are being assembled to respond to the needs in Alabama because of this week's devastation.

The outbreak of more than 250 tornadoes across the lower U.S. between Monday, April 25, and Wednesday, April 27, is reported to be one of the most deadly in the last decade. A stagnant severe weather pattern sprouted the storms that hit hard in Alabama, Mississippi, Georgia, Virginia and Tennessee. A federal emergency has been declared in Alabama and a half dozen other states.

The tornadoes and windstorms destroyed homes and businesses, caused power outages for hundreds of thousands of residents, forced evacuations in several areas, closed roads, shut down public services, and completely flattened towns in the most severely affected areas. Today, flooding is a concern on the Mississippi River as far south as Viskburg.

Heavy rain has also affected a large portion of the rest of the country, with flooding that has caused state-based emergencies from Kentucky to Ohio and as far north as the Dakotas and Minnesota. The cold, wet weather has delayed the planting season on many farms in the nation's breadbasket. The storm, now heading for the eastern U.S., has spawned tornado warnings from Florida to New York yesterday.

CRWRC seeks funding to respond to these and other storms in the coming months. Help disaster survivors recover from spring tornadoes and storms through CRWRC by giving online at www.crwrc.org, by calling 1-800-55-CRWRC or by check to CRWRC and designated "Spring Storms 2011" in the memo line. Mail checks to: CRWRC, 2850 Kalamazoo Avenue SE, Grand Rapids, Mich. 49560-0600.

– Clark Pulley in Russellville is NOT a place to RECEIVE donations, only to make them.

– There is now a distribution center open at Spruce Pine Community Center.

– The Supply Center is set up at the Phil Campbell Community Center on College Road. It is on the 237 end of College Road on the north side of the road. It is basically set up like a grocery store with all kinds of food, water, drinks, and household items.

– Clothing is available at PC First Baptist Church. Clothing is available for all age persons. Clothing is no longer available at the elementary school, and clothing is not available nor should be donated at the Community Center.

– Phil Campbell Methodist Church has set up community showers for residents and volunteers, and are offering free toiletries and towels collected by local churches. Open 8am to 6pm.

– North Highlands Church of Christ in Russellville at 2101 North Jackson Avenue has boxes of food to sustain a family of four for 5 days, as well as all kinds of cleaning supplies, bedding, baby supplies, and volunteers ready to assist you with your tree–cutting and debris removal needs.

– Many other area churches are passing out food, clothing, and other items to storm victims.

To find out if you qualify for assistance:

http://www.fema.gov/news/disaster_totals_annual.fema

Choose your state. Choose the button for whatever storm you are interested in. Note that it may be under "Emergency Declarations", the second set of declarations, or scroll down to see all lists. Then choose the button for "designated counties" to see if your county is there. Note the box on the right hand and choose the "tab" for "individual assistance" to see if your county is qualified to receive federal funds for individuals. Note that "Category B" declarations usually don't have any funds available for individuals. Only for towns and cities.

8/29/11 from email sent out from FEMA
A denial letter from the Federal Emergency Management Agency (FEMA) may not mean an applicant is ineligible for assistance. A denial may mean that FEMA does not have all the information needed to make a decision regarding the applicant's disaster aid. Remember that this first letter may not be the last word.
There are several easily fixed reasons why an applicant may receive a denial letter. The most common reason is that the applicants are insured. This is marked as INS or IINS on the denial letter. In that situation, FEMA requires more information on the insurance settlement before a final decision can be made.
Other common reasons for denial letters:
• The applicant did not provide or sign the required documents
• The applicant did not prove occupancy or ownership
• The damage is to a secondary home or a rental property, not a primary residence. (By law, applicants are eligible for FEMA disaster assistance only is the damage is to their primary residence – where the person usually lives and was living at the time of the disaster.)
• Someone else in the household has already applied and received help

• The applicant registered before the disaster was officially declared. (If this applies to you, be sure to call 1–800–621–FEMA (3363) to verify your status.)
The key to being considered for State and Federal assistance is for applicants to complete all the necessary paperwork and keep information up–to–date. The State and FEMA rely on that information to process each claim.
If FEMA determines that applicants are not eligible for a grant, they may still be eligible for other assistance such as a low–interest disaster loan from the SBA, disaster unemployment assistance, and tax assistance.
Insured applicants should reconnect with FEMA at 1–800–621–FEMA (3362) after their insurance claim is settled. If settlement is not imminent, they can ask their insurance agent to provide a "delay of settlement" letter. That information, along with any new or important information that may have surfaced since they first registered, should be mailed to the address provided in the FEMA letter.
Applicants can appeal any FEMA decision within 60 days of the date on the denial letter. Information on the appeal process is in the Applicant's Guide to the Individuals and Households Program Manual, which is mailed to applicants when they register for disaster aid.
Case Managers in Alabama should obtain written consent from the applicant. It must be all written or all typed. FEMA asks that it be on letterhead so they can track which agency originated it. Once completed, fax to 205–715–9488. Or scan and email to Zugei Beltran at zugei.beltran@fema.gov. FEMA will also do a duplication of benefits check, if needed.

This is to let you know that FEMA has a housing portal in which vacancies can be found at http://asd.fema.gov/inter/hportal/home.htm. Please be advised that our multifamily housing owners/agents have been encouraged to add their vacancy information to this portal.

For information on the most recent public housing vacancies, you may contact the public housing authorities from our listing at http://www.hud.gov/offices/pih/pha/contacts/states/al.cfm.

Note Re: SBA Loans
The Small Business Assoc. loans are not just for businesses. It is a low–interest disaster loan. Even if you don't qualify for the loan or decide not to take the loan, you should apply as it could effect the amount of money that you can get from FEMA. Per Richard Bradley at VOAD mtg.

A Disaster Recovery Center (DRC) is a readily accessible facility or mobile office where applicants may go for information about FEMA or other disaster assistance programs, or for questions related to your case.

Some of the services that a DRC may provide:

* Guidance regarding disaster recovery
* Clarification of any written correspondence received
* Housing Assistance and Rental Resource information
* Answers to questions, resolution to problems and referrals to agencies that may provide further assistance
* Status of applications being processed by FEMA.
* SBA program information if there is a SBA Representative at the Disaster Recovery Center site.

Find a DRC using our DRC Locator (see link below)

NOTE: You can register for assistance at a DRC or you can register online or by calling 1 (800) 621–FEMA (3362). The TTY number is 1 (800) 462–7585 for those who are speech– or hearing–impaired.

Governor Bentley Announces Hardest Hit Alabama Foreclosure Prevention Program
On February 2, Governor Robert Bentley announced the creation of Hardest Hit Alabama (HHA), a new program providing $162 million for the prevention of foreclosure in Alabama.

Approximately $162 million was awarded to Alabama Housing Finance Authority to provide assistance targeted at Alabama's unemployed homeowners. The U.S. Department of Treasury's "Hardest Hit Fund" is authorized under the Emergency Economic Stabilization Act of 2008 and is available in 18 states and the District of Columbia.

Eligible homeowners will receive assistance to pay their current mortgage payment and all other mortgage-related expenses, including payments on any subordinate liens, while unemployed. HHA will provide up to 12 monthly mortgage payments not to exceed $15,000, per household.

Alabama homeowners who have been declared eligible to receive unemployment compensation benefits may apply. To qualify, applicants must have a total annual household income of less than $75,740, and the unpaid principal balance on their home's mortgages must be less than $258,690.

The homeowner must currently occupy the property as their primary residence, and the home must be located in Alabama. Assistance will be available for single–family homes, attached or detached, and manufactured housing attached to real property.

HHA will be available statewide to qualified homeowners on a first–come, first–served basis.Visit the Treasury's website to learn more about the Hardest Hit Funds.

Alabama Project Overview
Hope Crisis Response Network P.O. Box 2123 Elkhart IN 888–909–HCRN (4276) www.hcrn.info
On April 27th 2011 a EF 5 tornado hit the state of Alabama including the small community of Pleasant Grove Al. Pleasant Grove (Jefferson County) is a suburb of Southwest Birmingham. Population 10,250. Currently well over 50% of the community is destroyed including many churches. The National weather Service is confirming that Alabama had 362 tornado's durning that week and 312 in a 24 hour period. Currently the fatality number is at 340 statewide. FEMA is in the process of doing damage assessments so it is to early to tell you exactly how many homes were destroyed. Our team surveyed they affected areas and we can tell you first hand it will be in the thousands. Many areas will be able to recover on their own but the town of Pleasant Grove will not be one of them without the assist of a qualified disaster response organization such as ours.
Our plan is to build a Hope City just as we did in Gulfport MS. We are committing two years and will evaluate for a third.
Whom do we Serve!
• Elderly
• Widowed
• Disabled
• Single parent families with children living in the home

• Low income families
• Severely under insured
• No insurance at all
• Families who have no other resources to help themselves
By the Numbers!
Projection for Hope City (2 year plan)
• To serve 400–500 homeowners (clean up, repairs and rebuilds)
• 50–60 Rebuilds
• To assist in developing a Long Term Recovery Program
• To mitigate as we build
• Work with the community to implement Preparedness Programs
• To take a holistic approach to the recovery (Emotional, Physical, Financial & Spiritual)
• To be a friend when one is needed and to be a Christ–like example at all times

FROM THE SITE:

MDS volunteers begin response in Alabama

A team of 13 MDS volunteers left Lancaster County Sunday evening for a week of clean up and repair in tornado devastated Alabama. The volunteers are part of the MDS Lancaster Unit Early Response Team (ERT). The ERT members are trained to work in disaster stricken areas. ERT members clean up and remove debris and make temporary repairs to help prepare the way for long–term repair and rebuilding. They take their own tools, food and water.

MDS Disaster Response Coordinator, Jerry Klassen, and Region II Director, Leonard Kennell arrived in the area one day after the tornado left a path of destruction one mile wide and 19 miles long. Working with the MDS Alabama Unit and local leaders, they are determining where MDS volunteers are needed the most.

“This is huge, this is absolutely overwhelming. I am seeing stretches of leveled houses for miles,” reported Klassen after touring the area. “It is hard to develop language for what I am seeing. This situation will be difficult to exaggerate.”

Two other MDS volunteers traveled to Alabama, each bringing their own heavy equipment along to assist with the clean up. Jim Eicher, Berne, IN, arrived in Alabama 48 hours after the storm hit. Roger Claassen, Plymouth, NE, is also in Alabama, along with his wife Bev, who is helping to coordinate the jobs. Properties are being cleared of debris so repairs can be started.

This is not the first time MDS has been in this part of Alabama. Volunteers worked in Pratt City in 1998 after storms damaged the area.

At this time MDS is only sending in trained teams. Once the debris is removed, groups of volunteers will follow to rebuild. “This will be a long–term project,” explained Klassen.

MDS volunteers have worked in many tornado damaged communities. In 2007, an EF5 tornado flattened the town of Greensburg, KS. MDS worked in the community for over a year restoring homes and lives. Klassen compared it to the Alabama damage, “This situation is multiple Greensburgs.”

MDS volunteers are not paid, but MDS does provide food, lodging, tools and support for them. Donations can be made on this website by clicking on the DONATE button, or by sending a check to MDS. Label the check "2011 Spring Storms". Mail to MDS, 583 Airport Road, Lititz, PA or in Canada, MDS, 6A–1325 Markham Rd., Winnipeg, MB, R3T 4J6 CANADA.

MDS responds to storm damage in many locations

“Damage from storms and tornados in the last two days is being called catastrophic” reports Kevin King, MDS Executive Director. News reports of the tornado that hit Tuscaloosa, AL tell of a path of devastation a mile wide and 19 miles long.

Leonard Kennell, Region II Director, and Jerry Klassen, Disaster Response Coordinator, are in the Tuscaloosa area. They are working with the MDS Alabama Unit, local Mennonite pastors and local authorities to determine where and when volunteers can respond. Trained Early Response Teams (ERT) have been put on standby and will be sent out as the needs are assessed. An ERT team from Indiana is on the way to Alabama.

These last few days of storms follow two weeks of storms and tornados across the country. Damage has been reported in many states. Local MDS Regions and Units have begun clean up and rebuilding efforts in many areas. Clean up projects are taking place in Colerain, NC, Tushka, OK, Arkansas and other communities.

The Alabama Department of Agriculture & Industries (ADAI) has worked closely with emergency management agencies and local, regional, and national humane societies to facilitate the local operation of regional shelters, listed below. ADAI will handle the oversight and management of the facilities; local, regional, and national humane societies will provide volunteers and resources; while the Alabama Veterinary Medical Association and Auburn University will manage the pets' healthcare needs at the shelters.

* Houston County Farm Center
1701 East Cottonwood Road
Dothan, AL (Houston County)
(Can house 400 domestic animals, 150 large animals)

* Garrett Coliseum
1555 Federal Drive
Montgomery, AL (Montgomery County)
(Can house 2,500–5,000 domestic animals, 700–900 large animals)

The state shelters will accept "any" animals, including snakes and unvaccinated animals. The state will provide the medical equipment and testing necessary to give rabies shots and will provide medication for any animals with a communicable disease.

Owners will not be able to stay with their pets, although there will be some "limited" room elsewhere on the property for owners to stay.

For more information on Alabama Regional Emergency Animal Shelters, call ADAI at 334.240.7278.

However, if you are planning to board your animal at a veterinary clinic, you should call ahead to make reservations. Many clinics require proof of vaccinations, secure carriers, collars with id's, along with an ample supply of food, bowls, medications, toys, blankets, and other comfort items. Contact the clinic directly for specific instructions. Also, be sure to ask them about microchipping, a safe and simple procedure in which a tiny computer chip is injected just under your pet's skin with an identification number to help identify them in case they are ever lost or stolen.

April 27th 2011 disaster struck the state of Alabama again. 24 tornado's confirmed in the state. SSARC deployed late Wednesday night in efforts to help with search & rescue, relief efforts, recovery, and clean up. Please keep these families in your prayers for they have lost everything they own. We are blessed that KJ4OPX Johnnie and KJ4PZI Tim where in-route to Orlando Fl. If it had not been for that, they may have lost more than their belongings. We are so thankful that they were unharmed. God has been watching over these 2 members as well as the rest of the survivors. Tin and Johnnie if we can help you in anyway please call on James & Lori Keller. We love you just as we love our family. To us you all are our family. God Bless and I am very greatful and thankful that we have such good members.

3/5/12 – Message from Amelia via AVOAD
Dear AWFC Disaster Responders:

For an update to the situation in Verbena, something that would be especially helpful would be folks with trailers and trucks that could help haul away debris. It doesn't sound like the county is going to take care of much of it.

Other than that, chainsaws and debris pullers is what is needed and probably will be most of the week.

Contact Steve Reneau at Verbena UMC for assignments. (See "other contacts")

From VOAD Conf. 1/23/12
Chainsaw teams working in Clay and Maplesville

From Website:
...The State VOAD has divided the state into regions, which will function as Long Term Recovery committees in the rural areas of the states, especially those we are working in the Demopolis District. This larger organization will provide the vehicle to pool resources, provide case management and strengthen partnerships.

At this time we are providing repair, supplies and personnel into the Demopolis District, Elmore County and Washington County. We have begun discussion of children's recovery camps in the Demopolis area. Training to work those camps will be announced soon. We are also partnering with Lutheran Disaster Services to provide the week long Camp Noah in heavily affected areas.

Chainsaw teams and a presence are needed in Myrtlewood. As the weeks pass, the depression, anxiety and frustration of recovery will be evident in these communities. Pastoral care and counseling will be needed as well.

As we move in positive directions towards recovery, let's remember and actively support our pastors and congregations who are working tirelessly in their communities and have experienced loss. Amelia Fletcher

Alabama West Florida Conference

The Alabama West Florida Conference would like to formally request cleanup teams for the areas of Geiger, AL in Sumpter County. This rural area has been hard-hit with tornado damage. We request teams willing to help families clean up debris and salvage belongings.

To schedule, contact Amelia Fletcher, Alabama West Florida Conference Disaster Response Coordinator:

1.251.968.2549 or email: amelia @gulfshoresumc.org

Memphis Conference

Requesting ERT chainsaw teams for Milan Area, Memphis Area, Paducah Area. Teams need heavy equipment if possible, slid steer, tractors, grapples a plus. By watching the weather it will be next week before the teams will need to come.

To schedule contact Bill Carr, Memphis Conference Disaster Response Coordinator:

270-816-4824 or 270-556-5221 or email: bill_carr @bellsouth.net

Also, please keep the areas being affected by strong storms this week in your prayers.

Below are updates on Soul Chapel UMC and Bethlehem UMC, both damaged from the storms that hit last Friday, April 22.

From Rev. John Bonner, District Superintendent of the Demopolis District

The plan for Soul Chapel is to worship again at Geiger UMC. This is not a regular preaching Sunday for that church, but that was the invitation and encouragement given to them. We are working on the use of a building for the future, plans for this will be announced at a later date.

Alabama VOAD
The Alabama VOAD is keeping up–to–date statistics and information about the volunteers, community, and clean–up along the shores of Alabama. 11,045 property damage claims have been filed, primarily for loss of income, and so far, none of them have been denied. $11,266,623 has been paid to date for wage loss and loss of income, most going to gulf fishermen, shrimpers, oystermen, and crabbers.

Five claim centers are open in Alabama, located in Bayou La Batre, Dauphin Island, Foley, Gulf Shores/Orange Beach, and Mobile.

In Alabama, 768 volunteers have worked in response to the oil spill, but many more have offered assistance. 4,421 volunteers had registered up to May 22nd through the BP hotline and 211 to work in Alabama and, since its activation on June 14th, another 1450 volunteered through a new online registration system. All volunteers are encouraged to register on www.ServeAlabama.gov.

Montgomery Area Voluntary Organizations Active in Disaster
What is a VOAD - and Why?

When disaster comes, what if:

We had a plan? We knew what others were doing? We were networked and organized to respond?

On June 20th, 58 citizens representing 18 voluntary and community organizations met to form the Montgomery Area Voluntary Organizations Active in Disaster, or Montgomery Area VOAD.

A VOAD is a network that brings together all organizations (voluntary, faith-based, churches, non-profit, governmental, civic, medical community, and others) that take a role in meeting the needs of people impacted by a disaster. Our consortium of voluntary and community organizations is committed to providing effective, efficient and compassionate service to those imperiled or impacted by disaster.

The National VOAD has proven that VOADs foster cooperation, coordination, communication, and collaboration between all associated organizations responding to disaster.

We started a local VOAD because it will be community based and community sensitive, able to mobilize quickly and on the scene even before disaster declaration.

All disasters are local and local voluntary/faith based organizations are the First to Arrive and Last to Leave in providing vital services to people in need – and they are committed to stay until recovery is complete.

Montgomery area churches, faith-based groups, agencies and organizations that respond in time of individual need are encouraged to join the VOAD. Open the attached file for a membership application and survey form.

Montgomery Area VOAD is a community team that is committed to make a positive difference in the lives of survivors and evacuees.

The Montgomery Area has been a traditional destination for hurricane evacuees. Until Hurricane Katrina came we would open up shelters for three or four days and then our visitors would go back home and life would return to normal for us. Of course, we had a few interruptions when Hurricanes Opal and Ivan came, but hosting a few hundred evacuees was the typical way of hurricanes for Montgomery.

Hurricane Katrina broke the mold. More than 4,000 evacuees came to the Montgomery area and stayed for a very long time – many are still with us and some have even made Montgomery their new home. As we look ahead to this year's expected storm season we know we must prepare to receive evacuees again, likely in large numbers again. We will have shelters, hotels and motels. The VOAD is bringing together the givers and helpers to create a mosaic of response. Networked and communicating together we will work together to give an even better welcome to our visitors this year.

Who Are We?

With a grant from the McCormick Tribune Foundation, we were able to begin organizing in April. Leaders from Family Guidance Center, American Red Cross, Salvation Army, Frazer Church, EMA, DHR, Volunteer & Information Center, and United Way developed a vision, a strategy, and a plan. Our structure and operations are based on the National VOAD model. The first general meeting of the VOAD was on June 20th. Below are the organizations which have applied to join the VOAD, thus far. Numerous others are processing the applications with their various boards. Voting members are non-profit organizations; government and business partners are non-voting members.

VOAD is here to help others
Published 10:16am Tuesday, February 8, 2011

In Shelby County, we have several entities involved in disaster response. Coordination between these agencies and organizations is critical.

Following national and state models, Shelby County has put together Voluntary Organizations Active; in Disasters. VOAD is a group of community organizations working together to be prepared when disasters strike Shelby County, reduce the effects of disasters and promote the rebuilding of lives and communities after disasters. This cooperative effort has proven to be the most effective way for a wide variety of volunteers and organizations to work together during a crisis.

Having an active VOAD chapter at the county level enables organizations to better meet the community's needs because the stakeholders and their resources are identified ahead of time. This helps to accelerate the speed and impact of volunteer organizations. The ultimate goal of the VOAD is smooth collaboration that results in providing organized and beneficial service during a disaster.

The VOAD includes representatives from the following agencies and organizations: Shelby County American Red Cross, Children's Policy Council, Chilton–Shelby Mental Health, Girl Scouts of North Central Alabama, Hands on Birmingham, Middle Alabama Area Agency on Aging (M4A), North Shelby Baptist Church, Salvation Army, Shelby Baptist Association, Shelby County Amateur Radio, Shelby County Board of Education, Shelby County Chaplains Association, Shelby County Dept. of Human Resources, Shelby County Emergency Management, Shelby County Family Resource Center, Shelby County Juvenile Court, Shelby County Dept. of Public Health, Shelby Emergency Assistance, Shelby Humane Society, Southern Baptist Disaster Relief and United Way of Central Alabama.

Shelby County VOAD would like to remind everyone that now is the time to prepare for disasters. Once a disaster strikes, it is too late. Reduce your risk by preparing now. Your disaster preparedness kit should include: water, non–perishable food, a flashlight, medications, important personal documents and first–aid supplies.

VOAD wants you to know that, in the event of a disaster, assistance will be made available to the public in the most efficient and effective way possible.

Mary Kinard is the executive director of the Shelby County Red Cross and the VOAD chairperson.
