From their weekly email update:

Busy times for disaster workers in Greensburg, Kansas. Several HCRN staff members spent time in Kansas working on damage assessments and planning for recovery work. As is often the case, even the photos

and video of the destruction can't portray the massive loss. About 220 square blocks of this small town were wiped out, 960 homes and 120 businesses.

HCRN is calling for regional volunteers to assist in the clean up. Because of the distance to nearby towns, we do not have access to volunteer housing at this time. Most hotels are about an hour from Greensburg (SEE HOPE CITY DETAILS BELOW) Please contact our office or watch the website as this situation continues to develop. Pastor Jeff Turner at the First Missionary Church of Dodge City is coordinating the volunteer work teams. You can contact him at:

VOAD Meeting Notes 5/22/07:

HCRN is making a 2 year committment to the recovery. Currently building housing and getting trailers for families. Looking for a site to place the units.

-Housing will be for volunteers. They have volunteers committed to coming for 10 weeks.
-Coordinating with Pastor Jeff Turner at the First Missionary Church in Dodge City. They aren't affiliated with the church but have prior relations with them.
-Housing units will arrive the last week of 7/07
-Focus will be on rebuilding mainly the uninsured or severely underinsured families.
-Several items have been donated (ie. Sprung Huts) to house materials.
-One of the Sprung Huts will house the temporary library until another can be built
-They have donors supplying building materials and more will be coming.

"Hope City Kansas" will house volunteers working to rebuild homes in Greensburg, a town devastated by a tremendous tornado earlier this month.

Hope City: rebuilding homes, restoring lives

"Hope City Kansas" will be the second mobile volunteer base camp operated by Hope Crisis Response Network. The first camp operates in Gulfport, Mississippi, providing assistance to families devastated by Hurricane Katrina. "Hope City Kansas" will include two bunkhouse mobile units, with sleeping accomodations for 40; a restroom and shower unit and a mobile kitchen.

$300,000 will purchase the necessary equipment and provide the setup costs for the camp to be ready for volunteers by August. This aggressive fundraising campaign will ensure that homes will be under construction this fall in hard-hit Greensburg.

HCRN needs help in three ways:

Pray – Ask for blessing and wisdom as the HCRN staff moves forward with the ministry work of restoring lives.
Give – Friends, volunteers, individuals and churches can be part of this ministry through financial gifts. God has provided an open door and we want to move quickly in the recovery process.

Go – Volunteers will be needed beginning this August. HCRN has made an initial two–year commitment to the building effort in Greensburg.

Thank you for your generous gifts.
We are called to rebuild and restore.
Thank you for supporting this ministry.

Hope Crisis Response Network – HCRN is a not–for–profit 501c3 organization located in Northern Indiana. The mission of HCRN during times of disaster is to: 1) coordinate and deploy volunteers, resources, and financial assistance to the affected areas; 2) serve as advocates to help victims obtain assistance from appropriate agencies and organizations; and 3) assist in devising and implementing post–disaster long term recovery plans for local communities.

Volunteers are the most valuable and vital resource for any recovery. It is not only our responsibility to provide well–trained volunteers but to equip them with the tools they need to do the job. The secret to having motivated volunteers is to be well prepared and take good care of them. We work within the community to make sure that each of our projects is well planned and managed in a safe and friendly working environment.

When a disaster is declared, HCRN is called upon to provide assistance in all four stages of a disaster:

Stage One– The Emergency
or the 1st Responder

Medical
Security
Food for distribution
Coordinating effective donations
Coordinating volunteer response
Establishing local partnerships

Stage Two– The Relief

Food distribution
Debris clean up
Roof tarping
Home repairs
Medical clinics
Advocacy

Stage Three– The Recovery

Advocacy
Long Term Recovery Committee
Rebuilds

Stage Four– Hazard Mitigation

New housing programs to aid Greensburg reconstruction
By Handout
Kiowa County Signal
Fri May 18, 2007, 08:57 AM CDT

As emergency response efforts in Greensburg turn to cleanup and recovery, Kansas Housing Resources Corporation (KHRC) has announced a multi–pronged, long–term strategy to help affected families rebuild their lives and homes.

“The people of Greensburg need temporary housing today, but will also need help tomorrow when the city rebuilds,” said Gary Allsup, KHRC Executive Director. “The strategies outlined by KHRC will help ensure appropriate resources are available when reconstruction begins.”

Governor Kathleen Sebelius said the number one goal is to help Greensburg families get their lives back on track. “It will take time, hard work and cooperation, but once we get through the massive clean–up, it’s good to know there is help around the corner for Greensburg residents,” said Sebelilus.

The reconstruction assistance programs announced by KHRC involve tenant based rental assistance, rental property development, new home construction and the purchase of existing homes in Greensburg ’s surrounding areas. A summary of each program follows:

Tenant Based Rental Assistance
Kansas Housing Resources Corporation is partnering with the Ford County Housing Authority to provide families impacted by the tornado with rental assistance and security/utility deposits for up to six months.
Rental assistance is a payment made directly to the landlord to help families pay their rent.

Eligible families must earn 60% or below of the area median income – $29,880 for a family of four in Kiowa County .
For more information, contact the Ford County Housing Authority at 620–225–8230.

First Time Homebuyer Waivers
Families affected by the tornado who wish to buy existing homes in the Kiowa County area can take advantage of down payment and closing cost assistance through KHRC’s First Time Homebuyer Program. KHRC is waiving the first–time homebuyer requirement and the homeowner investment of 2%. In addition, KHRC has increased the subsidy amount to 20% of the purchase price, up to a maximum of $25,000. Eligible households must have income at or below 80% of the area median – $39,850 for a family of four in Kiowa County. For more information, contact Christine Reimler at 785–296–4818.

Rental Property Development
Opening a special allocation round, KHRC is accepting applications from developers to build new affordable rental housing units in the Greensburg area. KHRC can provide loans and/or housing tax credits to help offset development costs.

Households residing in the new units must have income at or below 60% of the area median – $29,880 for a family of four in Kiowa County .

Interested developers may submit an application at any time.
For more information, contact Fred Bentley at 785–296–3724.

New Home Construction
Greensburg residents can submit applications for KHRC’s new Homebuyer Construction program. KHRC will provide down payment/closing cost assistance to help families build new owner–occupied housing in Greensburg. Households residing in the new units must have income at or below 120% of the state median – $77,915 for a family of four.

For more information, contact Christine Reimler at 785–296–4818.
For more information about the Greensburg reconstruction programs mentioned above, call KHRC at 1–800–752–4422.

Kansas Rural Farm Helpline / Kansas All Hazards Behavioral Health

Info/Hotline · Open

Community Service
Greensburg, KS
Phone 1(866) 327–6578 or (785) 313–6359

5/29/07:

Via call to Linda Hessman (Counselor/Volunteer with the KS Rural Family Helpline) who was on the ground in Greensburg the KS Rural Family helpline, directed by Charlie Griffin is collaborating efforts with KS All Hazards Behavioral Health.

They will be in the field for the next 30 days, assisting Greensburg survivors with on the spot crisis counseling, as well as the following list of Resource Assistance:

Drug and Alcohol Abuse
Child Behavior Problems
Domestic Violence
Prescription Drug Assistance
Sexual/Physical Abuse
Suicide
Financial Concerns
Bankruptcy
Basic Human Needs (food, clothing)
Stress (emotional, physical, financial, family)
Job Transition/Adjustment/Retraining
Continuing Education
Relocation
Divorce
Child Custody
Foreclosure
Legal Issues
Health Insurance
Animal Health
Aging Concerns
Housing and Housing Repair
Depression

Today, they have 8 volunteer staff in the field. The goal is to have 10–15 daily.

If Mental Health providers are interested in volunteering, know that they are in great demand. You must contact Charlie Griffin at:

1–866–327–6578

A test online must be performed before you are approved to take part in volunteering. Please contact Mr. Griffin directly for more details and qualifications/eligibility to volunteer.

I am forwarding Ms. Hessman a comprehensive list of resources, many she was not aware of that she will share with her co–volunteers to pass out to residents. Many do not have access to the internet or even to listen to 1610 AM radio for updates on resources/instructions/vital information. I also advised her that the Haviland High School Red Cross shelter closed last week and last count nearly a week ago, there were 45 shelter residents at Mulinville High (the shelter was combined). I referred her to Pastor Larry Bassett at UMC in Mulinville to coordinate any mental health needs he can identify.

She also noted that FEMA in her observation are the only people with laptops right now in Greenburg that she's seen. She should have her laptop functioning by Wed. 5/30 that KS Rural Family Helpline provided her with.

She is working on getting an assessment of the mental health status of rural farm families, and to make certain that they've signed up with FEMA. This is of great concern because the thinking is they may not

realize they need to because there are many agricultural org's providing assistance, but it's necessary to get signed on with FEMA whether relief is needed or received from them or not.

(This information is being transmitted to Greensburg area residents on 1610 AM information)

CONTRACTORS MUST REGISTER: at Greensburg City Hall located at the Southeast corner of the courthouse between 9:00 a.m. and 5:00 p.m. No contract work will be performed without registration and/or license. Contractors are responsible to hauling the debris from the jobsite.

DEBRIS REMOVAL: Residents are responsible for removal of debris from their property. Government haulers will not remove debris from private property. Debris also should not be placed on or near utilities. Call Greensburg City Hall if you have questions related to debris removal at 620–723–2751. Residents can also call the United Way at 211 if you need assistance in cleaning up your property or removing debris.

JOBS AVAILABLE: FEMA is hiring locally for the Greensburg recovery operations. Currently only Greensburg residents are being considered. However, applications are being accepted from all who wish to apply. Call 770–216–3156 or 417–234–3798. You can also visit Jim Tumser at the Haviland Disaster Recovery Center at Barclay College.

WATER SERVICE RESUMING SOON: Officials will be turning on and testing the water lines North of Florida Street today.

Do NOT drink, shower or bathe with the water until officials announce that it is safe to drink.

Contact City Hall at 620–723–2751 to report leaks

In order to speed up the process of getting potable water restored please do not pile debris on top of water meters
FARM FIELD DEBRIS: Those needing their farm fields cleared of debris should call 314–313–4779 or visit the Volunteer Reception Center at Davis Park.

PROGRESS REPORT:

1,600 loads of debris were taken to the landfill today bringing the total to nearly 8,300

The EMEDS hospital opened today. It is located on US 54 across from the John Deere dealership

Firefighters are making temporary street signs

Electrical power is being restored as quickly as possible

Volunteer Reception Center has processed over 1,215 volunteers who have worked 8,600 hours

There will be increased police patrols in Haviland and Mullinville
Offices for county government are being installed on the west side of the courthouse

PLACARDS REQUIRED IN VEHICLES: Police will be issuing placards that are required to be visible in the windshield for all citizen, volunteer and contractor vehicles. All vehicles must stop and check–in with police at checkpoints to be issued a placard.

SAFETY UPDATE:

Curfew remains in effect from 8:00 p.m. to 8:00 a.m.

You must obey all traffic laws. Law enforcement officers will be strictly enforcing speed limit and other violations.
Be cautious of downed power lines, and treat them as if they were live.

When parking on the roadway, leave room for emergency vehicles and large military vehicles.

While working take frequent breaks in shaded areas and drink plenty of water.

If you feel dizzy, nauseated or experience vomiting you may have heat exhaustion and should seek immediate medical attention.

Due to a lack of shelter in Greensburg, all residents will be asked to evacuate the town to seek shelter if hazardous weather approaches.

Burning is prohibited in the City of Greensburg and highly discouraged in rural areas during times of high winds.

If you witness any arcing power lines, immediately dial 911 or contact the nearest emergency worker

If you find an item that may be dangerous, leave it where it is and notify the nearest law enforcement officer.
Do not enter any building that appears unsafe

Those working in dusty conditions must wear respiratory protection. These masks are available at the Kiowa County Health Department

SHELTERS/RED CROSS/KIOWA COUNTY, KS:

Greensburg originally set up a shelter at Barclay College, but it became so crowded they have been moving those people to a shelter at Haviland High School.

The Macksville shelter set up at St. John Oddfellow Lodge at 700 West 1st St. has been closed due to lack of residents. Those rescue efforts have been moved to Haviland to help with the shelter there.

Another shelter has been set up at the Mullinville High School in Mullinville.

MESSAGE FROM GREENSBURG SCHOOL STAFF/USD422:

by STAFF
May 05, 2007

THE AMERICAN RED CROSS HAS SET UP RELIEF STATIONS IN MULLINVILLE AND HAVILAND TO AID THOSE AFFECTED BY THE TORNADO THAT DEVASTATED GREENSBURG, KANSAS ON MAY 4, 2007. IF YOU ARE ATTEMPING TO REACH A LOVED, PLEASE CALL HAVILAND HIGH SCHOOL AT 620–862–9890.

PLEASE CONTINUE TO PRAY FOR ALL OF THOSE WHO LOST THEIR LIVES, THEIR HOMES AND THEIR FAMILY MEMBERS.

The administration of GHS would like to send the message of hope and perseverance. In the spirit of not dropping our heads and letting this tragedy get us down, GHS would like to encourage the Ranger student athletes to continue to compete in their respective sports. We would also like to relay to seniors that we will hold a graduation ceremony. Details about graduation will be posted as soon as we get everything arranged.

Due to the fact that everyone is scattered, we will attempt to keep as many people up to date right here on usd422.org. We will be posting leave times and a place of meeting as soon

as we know something concrete. Here is what we know as of Sunday night (5/6/07):

–the softball game scheduled for Monday has been cancelled

–the league golf tournament scheduled for Monday has been moved to Thursday, May 17. Departure TBA.

–the league track meet scheduled for Friday is still on. Every attempt will be made to contact as many track athletes as possible. Departure TBA.

We are also in contact with a sporting goods chain and other possible assistance for those athletes needing items such as shoes, clubs, clothes, etc.

Any questions may be sent or called to Marshall Ballard at marshallballard@usd422.org, 620–862–5621, or 620–388–2880.

Golf team can contact Coach Roe at 620–532–1043.

Track team can contact Coach Hoover at 620–324–5455. Again,

I will do my best to keep the site updated as new information becomes available.

Contact Marshall Ballard at:
marshallballard@usd422.org
620–862–5621, or 620–388–2880 to donate sports equipment and uniforms for students who lost everything and are still participating in school sports events.

NOTE: Greensburg Schools are shut down for the remainder of this '07 school session. Graduation Ceremony details to be announced.

Disaster Description:

An F5 tornado tore through Greensburg, KS, a small southwestern Kansas town on Friday May 4, 2007. The tornado wiped out over 95% of homes and ten people died as a result of the tornadoes. The tornado was estimated to be 1.7 miles in width and traveled for nearly 22 miles with winds reaching over 200 miles per hour. Within hours, teams from Mennonite Disaster Service?s Kansas Unit were in the area doing cleanup.

MDS has set up operations for a project at the Greensburg Mennonite Church. Greensburg has a small Mennonite community. to begin the physical work of rebuilding the community.

Volunteer Status: If you can do electrical, plumbing or roofing work along with general building skills you are needed in Greensburg. If you are willing to work alongside others, you are

still needed in Greensburg. You can volunteer for a day, two days, a week or more.

The MDS Greensburg site can house eight people or more. To volunteer, contact MDS in Greensburg: (985) 291–0710.

Samaritans Purse is partnered with Billy Graham Ministries and Lighthouse Worship Center that was destroyed in Greensburg.

As residents of the small town of Greensburg, Kansas, return to their shattered community, Samaritan's Purse volunteers are hard at work helping them clear debris and recover any salvageable possessions.

On the evening of May 4, the town of 1,500 was ripped apart by a deadly tornado that carried winds up to 205 miles per hour. It is estimated that as much as 95 percent of Greensburg was destroyed, including all of its churches.

Samaritan's Purse was on the ground within 24 hours, partnering with local churches and ministries to establish a base of operations. Tractor–trailers filled with tools, heavy equipment, and other relief supplies were dispatched to the area, and we began mobilizing our army of volunteers, who serve as the backbone of all our disaster relief efforts.

As soon as the search and rescue work finished and the town reopened, our staff and volunteers moved into Greensburg to minister to the physical and spiritual needs of this storm–ravaged farming community. We visited with residents and set up two emergency field offices to accept requests for assistance. One of the first lots we cleared belonged to an elderly lady who did not know where to turn for help in removing the large trees strewn across her property. Our team cleared the debris, and the woman is now letting the city construct a makeshift hospital on the land.

We are also assisting an elderly couple who care for foster children. Bob and Irma, both in their 70s, lost the home they have lived in since the 1950s. They never bought insurance because Bob always thought he would be strong enough to rebuild the house himself. After this storm, however, the couple and their foster children found themselves homeless and unable to clear the land on their own. Bob and Irma said they are very grateful that Samaritan's Purse is there to lend a hand to families like theirs.

Along with physical aid, Samaritan's Purse Disaster Relief teams are working hand–in–hand with chaplains from the Billy Graham Evangelistic Association's Rapid Response

Team to bring the hope of Jesus Christ to the devastated residents of Greensburg.

“The people of Greensburg need to know that God loves them and that He is with them in the midst of this tragedy,” said Franklin Graham, President of Samaritan’s Purse. “More than anything else, these people need our prayers.”

Samaritan’s Purse is looking for volunteer teams who are willing to serve in the Greensburg area for at least 3–10 days. Minimum age is 16. Please have your team organized before you contact us. Your team is responsible for providing your own transportation to and from Greensburg. Sleeping quarters and meals will be provided. You will need to bring your own cot or air mattress, sheets, towels, and personal hygiene items.

To sign up your volunteer team to serve in Greensburg, KS, go to the website and:

Download the Volunteer Questionnaire and save it to your computer. This form is a fillable MS Word document.

Carefully fill out each section of the questionnaire. Incomplete questionnaires cannot be processed.

Send the completed questionnaire as an e–mail attachment to: volunteerquestionnaire@samaritan.org.

Our staff will respond within 24 hours.

UMCOR Helps Kansans Rise from Statewide Damage

NEW YORK, May 10, 2007—Storm damage in Kansas is widespread from a violent weather system that blew through the Midwest May 4 –5. “An entire community was destroyed in Greensburg but nearly the entire state is suffering insult from the powerful phenomena of nature,” report Shirley and Joe Edgerton in a statewide assessment. They are UMCOR–trained disaster response volunteers for the Kansas East Annual Conference.

Wind and rain caused severe damage in the state prompting 25 counties to declare local disaster emergencies from flooding alone. Steve Burnett, another UMCOR–trained disaster responder, is working to set up a disaster response office and is locating housing for the many volunteers who will be needed not only to rebuild Greensburg, which lost 600 homes in a tornado on May 4, but also for other areas affected by the severe weather. “Not only do we need teams preparing to rebuild a town, but somehow we can’t lose all those folks living on the country roads hidden by broken trees, or the ones in their basements tearing up carpets,” comment the Edgertons.

Throughout this process UMCOR disaster consultant Bob Baer has been providing support to the conference disaster coordinators.

UMCOR will continue to provide financial and personnel support to the areas affected by these severe storms for as long as it is needed.

HOW YOU CAN HELP:

Cash gifts will help provide for recovery. Checks can be mailed to UMCOR PO Box 9068, New York, NY 10087. Write “UMCOR Advance #901680, Midwest Tornado Response,” on the memo line of your check. One hundred percent of every donation to any appeal, including appeals for Kansas recovery, goes to support the designated program.

VOLUNTEERS:

If you are interested in volunteering to help in the storm recovery effort, please call the VOLUNTEER HOTLINE at:

Before You Go to Greensburg, CALL
BY BARBARA J. ISENBERG
The Wichita Eagle
Before piling the family in the car and heading to Greensburg this morning, the United Way wants you to call first and see where and how you're needed.

In Kansas, call the United Way's hotline at 211 or 1–800–736–3383. Outside of Kansas, call: 1–888–413–4327.

The hotline is staffed 24/7 with United Way workers who can tell people wanting to help where they're best needed.

"If needed, they'll be asked to come out –– and if they're not, they'll be told when they can come out," said Sharon Watson, director of public affairs at the Kansas Adjutant General's Department. "This is going to be a long–term effort and there will be many needs now and in the future."

Much of the work this weekend will involve heavy machinery and dangerous work, said Delane Butler, spokesman for the United Way.

"It will be later on that we'll really need people to come out and help do walk–throughs on people's properties," he said.

Once volunteers arrive in Greensburg, AmeriCorps will coordinate their efforts, Butler said.

"I don't think they need a lot of individuals over the next few days, so we're continuing to encourage people to not just show up," he said. "If people are interested, they do need to call ahead of time."

UPDATE/GREENSBURG, KS ANIMAL DISASTER RELIEF SUPPLIES 5/27/07:

Donna Law with Mutts & Mutts is coordinating donations that will be transported to Pratt County Humane Society in Pratt, KS (sheltering Greensburg, KS rescued animals). The final date for donation gathering in MI is 6/9/07.

Donna has already shipped a load of:

Animal Vitamins/Supplements
Stuffed Animals

She is working with Wolverton Inc. (Brent Catlett/Distributor for dog food/supplies) to ship the in–kind donations from Michigan to Evansville, IN. Once in Evansville, The Hunte Inc. (Ryan Boyle from The Hunte, Inc. will use one of his trucks or pay for a carrier) to get it into Pratt, KS. All in–kind donations will be palletized and ready for truck transport.

All deliveries are being coordinated with board members at the Pratt Humane Society. Despite reports that they "do not need any more supplies", they now have a semi–trailor to store items, and any overage will go to Pets for Pets in Pratt, KS (They have 100 cats and 100 dogs). There are plenty of items that are a going to be a continuing need for months to come.

I provided Donna with an updated list of needs from The Wichita Eagle a couple weeks or less ago.

She is also gathering plus sized clothing for distribution to Greensburg residents. I have it on authority from several churches (and Donna will call first) that they are NOT in need of general clothing but plus size clothing is hard to find.

Mutts and Mutts Rescue League is a non–profit 501 C–3 organization founded by a husband and wife team, dedicated to serving the animals since 1997.

Our mission is to provide a safe haven for unwanted animals, and to provide those animals with forever homes through adopt–a–pet events. We educate the public about the importance of spaying and neutering to help reduce the animal over–population, and help low–income people in Detroit with our outreach program by helping provide dog and cat food, dog houses, hay, and finding low–cost spay and neutering programs these families. We are not a shelter – our animals are fostered in homes before they go to adopt a pet sites to be adopted.

OUR WISH LIST:

While there are many things we need, the list below covers those things we can always use, and those that are the most pressing needs.

–blankets, rugs and towels – used ones are just fine
outside dog kennels
–used wood privacy fence panels
–dog/cat crates for showing the animals at adopt a pet sites
–dog/cat canned and dry food is always needed
–leashes and collars – used are fine, all sizes, dogs and cats
–dog houses for our outreach program digital camera for photos
–of animals (preferably something that can be used at off sites, without needing to be attached to a computer) newspapers bleach
–phone cards Costco or Sam's Club gift certificates Help paying for license and insurance for a van that was recently donated to Mutts and Mutts.

We exist solely on donations and volunteers. Monetary donations are always welcome and may be tax deductible too – see your accountant for more info.

If you're interested in helping with our adoption days, or in fostering animals, please contact Donna for more information.

Long term, we'd like to create a sanctuary – a place where rescued animals can be brought on a moment's notice, and where they can stay

long term if they are older animals or in need of long term medical care before their adoption.

Donna has been boarding a couple dogs for a soldier stationed in Iraq. Ultimately she'd like to provide this service in an expanded way.

Kansas Farm Bureau Weather Recovery Fund

Donor · Open

State
ATT'N: Accounting Department; 2627 KFB Plaza, Manhattan, KS 66503

Farmers and ranchers throughout southwest-central, central and northeastern Kansas are dealing with the aftermath of tornadoes, high winds, excessive rainfall and flooding. This includes the loss/severe damage to homes and outbuildings, livestock loss, crops damaged or in some cases completely obliterated, as well as damaged or destroyed farm equipment, fencing and irrigation systems.

"These kinds of natural disasters tend to bring out the best in rural folks," said Steve Baccus, an Ottawa County farmer who serves as president of Kansas Farm Bureau. "When the worst happens, people want to help. As an agriculture advocacy organization, we want to do all we can to take advantage of that generosity and help direct the resources where they're needed most."

Kansas Farm Bureau has established a farmer/rancher weather recovery fund designed to assist farmers and ranchers who have suffered loss or sustained damage due to the severe weather in Kansas. County Farm Bureau organizations, Farm Bureau members and others interested in assisting are urged to send donations to:

Kansas Farm Bureau Weather Recovery Fund
ATT'N: Accounting Department
2627 KFB Plaza
Manhattan, KS 66503

or you may donate conveniently and securely online at:

www.kfb.org/kfbweatherfund

If donors wish to designate a particular county, area or type of need they would like to see addressed, that

would be helpful in distributing the funds. In addition, KFB's District Administrators in the affected areas can serve as excellent resources to match up groups and individuals wishing to volunteer their time and energy, with farmers and ranchers in need of cleanup help.

State and federal government leaders were quick to react to the hardest hit areas, securing the appropriate weather–disaster related declarations, freeing the way for federal emergency management assistance to deal with the immediate human needs.

The declaration made by President Bush offers loans and some emergency conservation assistance. When producers are ready to tackle farm–related damage issues, they are urged to contact their local Farm Service Agency office. KFB is in contact with the state's Congressional delegation to ensure they are up to speed with the extent and amount of agricultural damage and loss.

Per Sandy Mosshart:

They've secured 12 Sea Containers for Storage

They have NEW appliances (washers/dryers/refrigerators) & furniture. This requires application and intake process. If residents of Greensburg have homeowner's insurance to cover household items they would not be eligible

Any other type of distribution items such as food, diapers, personal toiletries, etc. only require ID and a FEMA #

They are working with the Church of Christ Disaster Relief Effort out of Nashville, TN.

They have a satellite feeding unit that serves lunch in Greensburg at the corner of Garfield/Bay (which is at the 1st stop sign if you are entering Greensburg from the West)

The local Cross–Quilters just donated 125 brand new beautiful handmade comforters for distribution

(OLD NOTE)

5/9/07 – Spoke with Sandy Mosshart/Vol. Coordinator for Mullinville Church of Christ:

Shelters: There are few left in shelters / Most evacuees are with family or church members. Any evacuees remaining in shelter are at the only school in Mullinville in the gym.

Counseling: Professional Grief Counselors are arriving Fri. May 11th in Mullinville, KS.

Roads: Still closed and can't reach Haviland. Pratt is 30 miles from Greensburg but they are "full".

Donations: Their donation fund is two tiered. One fund for their church members who lost their home and all their posessions and the other is a General Fund to assist all community members of Greensburg, KS.

Church of Christ National Relief Effort: They delivered –
Water
MRE's
Food Boxes (to feed families for 5 days)
Toys
Sheets/Blankets/Bedding

Long Term Recovery: Sandy Mosshart is the Volunteer Coordinator for her congregation and they will eventually be bringing in and distributing:

Appliances
Furniture
Beds

MAJOR PRIORITY: There is NO housing for volunteers nor is there anymore space for storage for all the donated supplies in this rural community. FEMA immediately took over any empty buildings and warehouses. They've run out of space at the school gym. For the last three days Sandy's priority has been to secure storage and develop the means to house volunteers for long term recovery efforts.

They URGENTLY NEED:

Storage Pods
Warehouse Space
Semi–Trailer Trucks for storage

Quanza Huts (to house volunteers)
Bunkhouses (to house volunteers)
Tents (to house volunteers)
Portable Toilets/Showers (for volunteers/survivors)

Any coordination for long–term disaster recovery advice that org's or individuals can share is welcome. They've gotten an outpouring of assistance from across the country and it's very much appreciated. Someone has come in to help them set up bookkeeping.

Please contact Sandy Mosshart at: mullinvillecoc@hotmail.com or call: (620) 548–2512 to coordinate volunteer efforts, donations, disaster recovery efforts for Greensburg, KS.

News – Kansas tornado destroys homes of 11 church families

By Erik Tryggestad
The Christian Chronicle
5–9–07

Eleven families who attend the Mullinville, Kan., church lost their homes when a tornado demolished the nearby town of Greensburg, claiming 10 lives.

The Friday night storm, more than a mile wide, tore the carpet from floors and destroyed about 95 percent of the buildings in the southern Kansas town of about 1,500 people, said Mullinville church member Sandy Mosshart, who is coordinating her congregation's response.

Most of the church members in Greensburg rode out the storm in their basements or shelters. One of the church's deacons donned a motorcycle helmet and gave his wife a construction hardhat as the storm moved overhead, Mosshart said.

Though no members were injured, the families emerged after the storm to find their homes reduced to concrete slabs.

"It just cleaned off their homes," Mullinville minister Russell Scott said.

Only one of the members' homes was left mostly intact by the storm — a mobile home, oddly enough, Mosshart said.

As disaster workers sifted through the rubble Monday, displaced church members stayed in the homes of relatives or fellow members in Mullinville, about 10 miles west of Greensburg. Several church–supported relief agencies are sending assistance.

Workers with Nashville, Tenn.–based Churches of Christ Disaster Relief Effort delivered water and food to the area late Saturday, executive director Joe Dudney said. A tractor–trailer truck of cleaning supplies, blankets and other necessities is due to arrive at the Mullinville church Tuesday, with additional trucks of supplies, including generators, to follow, Dudney said.

The Churches of Christ Disaster Response Team is sending a mobile kitchen to feed displaced Greensburg residents and relief workers. The 30–foot kitchen, capable of feeding 5,000 people per day, should arrive in Greensburg later this week, said Laura Cremeans, a coordinator of the West Melbourne, Fla.–based ministry. The ministry also is sending supply trailers filled with tools and new clothing, Cremeans said.

"The response has just been astronomical," Mosshart said.

Though the ministries are helping the church members and other Greensburg residents with their immediate needs, "we'll need help from the brotherhood to rebuild," she said.

Donations to rebuild homes destroyed by May 4 tornado may be sent to:

May 18
Individual volunteers are needed to assist with the distribution centers (clothing, personal items, etc.) at Haviland United Methodist Church, 620–862–5267, and at Mullinville United Methodist Church, 620–548–2585. Please contact the churches to volunteer for the distribution centers.

Call from Larry Bassett/Pastor – Appointed Faith–based VOAD Coordinator – 5/18/07:

Red Cross is NOT pulling out. They're Command Center will remain at the gym and on 5/17/07 they closed the Red Cross Haviland High School shelter and moved evauess to the Grammer School gym in Mullinville. There are a total of 43 evacuee's there now. They are being fed lunch and dinner.

UMC in Mulinville will be receiving multiple retail racks and 1000 hangers for clothing. This will free up their Sunday School rooms for Volunteer Housing and they expect over the next weeks to have room enough for 30 plus volunteers to be housed. They will be able to utilize the gym showers for volunteers.

Tyson Chicken pulled out this week.

Mon. 5/21 is the next VOAD meeting.

Effective 5/18 they've removed about 8000 loads of debris.

Despite the news media, they DO in fact have more than enough heavy equipment and the National Guard has done a fabulous job.

I referred Pastor Bassett to Church of Christ to coordinate their needs with Donna Mosshart for diapers and pajamas. On 5/17 she agreed to share whatever their needs were when I spoke with her on the phone.

I will check back in a week.

Via call to Lucille Way at UMC/Mullinville, KS:

For Long–Term Recovery Volunteer purposes they NEED:

Porta–potties
Portable showers would be a plus

Monetary donations are best as a PRIORITY so items can be purchased locally to fill specific on demand needs.

They are using one Sunday School room as a nursery.

They have a 'baby room' with supplies and infant/toddler clothing, food, toys, etc. that Greensburg residents can 'shop' in.

FROM THE WEBSITE (Date of update unknown):

The earthquake in Haiti is a disaster of unimaginable proportions. We have spent many anxious days waiting for word from our orphanage and schools there and finally received an email Thursday saying that the children and workers were unhurt and there was not much damage to the structures. The House of Hope ministry is located about 40 miles north of Port–au–Prince, so we are thankful that it escaped the worst of the damage.

Some of our partners for the House of Hope have gone into Port–au–Prince to aid in rescue efforts and hand out water and medicine. Amazingly, we took a group to Haiti just a week before the earthquake, and a couple from Ord, Nebraska, who owns a pharmacy, donated large amounts of medicine. Praise God, they have been able to use it to help injured people in Port–au–Prince.

Of great concern, though, is that there is no food to be found right now in Haiti. I received an email this morning that all of the stores are either destroyed or closed for security reasons. Food aid has not yet become available. Please pray that the aid will come through soon, and that security will be restored soon so that stores can open.

We are also very concerned for the number of orphans that this disaster has created. There are already over 200,000 orphans in Haiti, and the number is expected to be much higher. We have directed our partners there to take in as many orphans as they can now, so we can house them temporarily at the orphanage and other sites that we have.

Our plan over the next weeks and months is to build another orphanage that can house 50 more children. We expect that we will need to raise about $25,000 to build it, and that to support the children, we will need to find sponsors who are willing to give $40/month for each child.

From the SCCF Website/Press Release:

GREENSBURG FUTURE FUND ESTABLISHED

Pratt elementary school students Hazen and Sevren Hance are among the first contributors to a new Greensburg rebuilding fund established at the South Central Community Foundation. The 8-year old third grader and 6-year-old kindergartener contributed $60 for recess toys for the children of Greensburg , along with their parents Robin and Evan Hance, Pratt.

"We have established the Greensburg Future Fund for the purpose of helping Greensburg rebuild their community," said Jack Galle, chairman of the SCCF Board of Directors. "We have received numerous inquiries from individuals and organizations about providing donations for Greensburg .

"We recognize that many organizations are providing disaster relief for Greensburg ," Galle added. "However, this fund is different because it is designed to help the community rebuild. This will be a long and painful process. Kansans want to help their neighbors, and we believe

this fund will provide a vehicle for all of us to stand by our friends at Greensburg as they rebuild their town, their schools, their livelihoods and their way of life."

SCCF is a community foundation whose seven–county area includes Kiowa County . SCCF Executive Director Denise Unruh said the Greensburg Future Fund is a "pass through" fund, and 100 percent of the donated dollars would go to Greensburg projects.

Checks should be made payable to "South Central Community Foundation" with a memo to "Greensburg Future Fund." Donors can earmark the contributions for "education," "health care" or "community rebuilding." The mailing address is:

South Central Community Foundation
P.O. Box 8624
Pratt, KS 67124

Donations are eligible for charitable income tax deductions, Unruh said.

Disaster relief dollars should be sent directly to the American Red Cross, Salvation Army and similar programs, Unruh said. The Greensburg Future Fund is designed for community rebuilding.

"The SCCF board recognizes there are also many rural families along the path of the tornado's destruction who will need assistance," Unruh added. "Our foundation includes other counties affected by the weekend storms, including Stafford County and northwest Pratt County. We are still looking for ideas about how best to help our rural neighbors."

"Another option within SCCF is to make contributions to the endowed funds for Kiowa County , Stafford County and Pratt County , where the principal is invested and the earnings are granted each year," Unruh said. Donations to these funds are matched by the Kansas Health Foundation at the rate of one dollar for every two dollars donated, Unruh said.

For more information, contact Unruh at SCCF, 620–672–7929.

What Greensburg Teachers Need

Kansas National Education Association is among many organizations working to provide support and services. When Greensburg is ready, KNEA will be donating books from the KNEA Reading Circle Catalogue. Meanwhile, teacher leaders from Enterprise, Alabama, have offered their assistance. NEA has also offered help.

Greensburg plans to start school in mid–August regardless of how many are living in Greensburg at the time. The district is planning to bus displaced students and staff to Greensburg from Pratt, Bucklin, Kinsley and Coldwater. During the faculty meeting on the last day of school in May, Superintendent Darin Headrick thanked the staff for their courage. "The future will be fun," he said. "It's not fun today, but it's going to be great." New buildings are slated to be moved in by mid–July.

Please do not send anything to Greensburg at this time. They do not have the storage capacity for school supplies, clothing, etc. Kansas National Education Association is working with school officials and will post a list of needed school supplies and curricula. Officials won't be able to determine what is needed or accept shipments until at least July. KNEA is working with area teachers/administrators to find a location and a distribution process. Specific school needs will be announced at the appropriate time.

A fund for the SCHOOL DISTRICT to assist staff and students has been created. Checks should be made payable to "South Central Community Foundation" with a memo to "Greensburg Future Fund." Donors can

earmark the contributions for "education" or for specific school needs such as art supplies or textbooks. Donations are eligible for charitable income tax deduction.

KNEA is collecting notes and letters to students and staff. Please specify grade or subject area, if preferred. Email: kneanews@knea.org –

South Central Community Foundation

The South Central Community Foundation has established the Greensburg Future Fund to raise money for the rebuilding of the community. The idea for the fund in part came from two Pratt children, Hazen and Sevren Hance, who wanted to donate money for the purchase of playground equipment for Greensburg students, said Porter Loomis, president of the Peoples Bank in Pratt. Donations to the fund can be made by mail to:

Greensburg Future Fund,
South Central Community Foundation
P.O. Box 8624, Pratt, KS 67124

For more information, call foundation executive director: Denise Unruh at 620–672–7929.

From the Staff at USD422/Greensburg High School website:

Greensburg Future Fund Established
by Staff

May 08, 2007

A fund has been set up (should be open by noon on May 8, 2007) to help with the disaster in Greensburg. After many calls and offers of help and donations for the school, we have set up a fund through South Central Community Foundation. The fund is called the Greensburg Future Fund and will allow people to donate towards the future of education in Greensburg, as well as health and community rebuild.

If you have any questions about this fund or would like to make a donation, please contact Denise Unruh at 620–672–7929.

Lutherans Assess Storm Damage in U.S. Great Plains

Title: Lutherans Assess Storm Damage in U.S. Great Plains
ELCA NEWS SERVICE

May 7, 2007

Lutherans Assess Storm Damage in U.S. Great Plains 07-080-MRC

CHICAGO (ELCA) -- Preliminary damage assessments are under way after severe storms struck the U.S. Great Plains May 5-6. At least 10 people were killed and dozens of others were injured as storms spawned about 75 tornado touchdowns in Kansas and Oklahoma, according to Heather L. Feltman, executive director, Lutheran Disaster Response -- a collaborative ministry of the

Evangelical Lutheran Church in America (ELCA) and Lutheran Church–Missouri Synod (LCMS).

"The majority of the media coverage for these storms has focused on Greensburg, Kansas," said Feltman. About 90 percent of the town's infrastructure was lost. Greensburg is closed except to its 1,500 residents and search and rescue teams. Disaster response volunteers are not being allowed access while the emergency phase of the disaster continues, she said.

Roger Kruger, Lutheran Disaster Response coordinator, traveled to the affected region May 7 to perform initial assessments and to connect with disaster partners in the area. On May 8 local Lutheran clergy and representatives from the LCMS Kansas District and ELCA Central States Synod will gather at Our Saviors Lutheran Church, Pratt, Kan., to discuss the immediate and long–term needs of affected communities. Our Saviors Lutheran is a congregation of the LCMS.

"Lutheran Disaster Response is prepared to offer assistance, as needed, in the form of emergency hardship grants and spiritual and emotional care. Once the town has been reopened, we will also be working in coordination with local congregations to coordinate volunteer teams for debris removal and clean–up. Plans are being made for volunteer teams to begin working this weekend. After an initial assessment has been completed, we will help to organize residents in meeting long–term unmet needs and volunteer coordination will likely continue through the rebuilding phase," said Feltman.

"We lift up in prayer those who (have) lost loved ones and suffered property damage in this sudden and tragic event. With the understanding that the loss of life could have been much more widespread, we also offer prayers of thanksgiving for the warning systems that aided the residents of Greensburg in preparing for the incoming storm," she said. – – –

Update From Greensburg Ground Zero
May 7

Rev. Tim Henning and members of Peace Lutheran Church in Greensburg, Kansas, were salvaging what remained of their homes and church Monday. LCMS World Relief and Human Care Director of Disaster Response Rev. Glenn Merritt and Director of Districts and Congregations Rev. Carlos Hernandez were by their sides providing pastoral care and assurance that the Lutheran Church—Missouri Synod will accompany them as “one people” through this devastating loss.

The tornado, which struck Friday night, has claimed nine lives so far. Peace Lutheran was destroyed and at least 13 member families lost their homes.

“360–degrees in every direction it’s a massive debris field,” said Merritt. “[The destruction] is even more [complete] than Katrina, if you can believe that.”

He watched Rev. Tim Henning, pastor at Peace, and a few members recover the church register. “Nothing else was salvageable,” said Merritt.

He also watched a family, members at Peace, sort through the belongings strewn about their basement.

Insurance companies have not arrived in Greensburg, and while many people Merritt spoke with are in too much shock to talk about the future, two families said they will not rebuild.

“The town is about a mile wide; the tornado was about 1.7 miles wide,” said Merritt. “There’s no town. It covered the entire town.”

In response, LCMS World Relief and Human Care granted an initial $30,000 to provide for emergency needs and temporary relocation for families of Peace. The grant will be administered by Our Savior Lutheran Church in Pratt, Kansas, located 30–miles from Greensburg, where Rev. Henning is also pastor.

LCMS World Relief and Human Care will also match donations up to $200,000. To make a donation, send checks to:

PCC Scholarships:

Pratt Community College will provide scholarships for tuition and books to students and families who have been displaced by the tornado.

The deadlines to receive the scholarships are:

June 1 for summer and July 1 for fall

Contact: Lynn Perez, Director of Admissions, at 620–450–2222

Several Pratt Community College students were affected by the tornado that ripped through Greensburg and Macksville on Friday, May 4. PCC is doing everything possible to accommodate these students and their families, as well as all individuals affected.

Administrators and faculty are working with current students on an individual basis to complete their semester coursework. An extension for finals, as well as other options, is available. Students should contact Jim Stratford at 620–450–2121 at their convenience to establish what will work for them.

PCC is providing housing to families of students whose homes were destroyed, and they will be housing American Red Cross volunteers beginning Monday, May 14 if housing is needed. In addition, PCC has offered its facilities to Greensburg high school to utilize for graduation exercises and its athletic equipment to their sport teams participating in district and state competitions.

Students and faculty members are assisting as possible. PCC nursing faculty are currently in the shelters addressing health concerns and providing medical care. Some students and employees are assisting with recovery and clean–up efforts, and students in Phi Theta Kappa are collecting monetary donations, as well as needed goods for PCC students affected. Contributions to the PCC student fund can be sent to:

UPDATE 6/1/07"

Spoke with Kirk w/UAN at the Pratt Humane Society:

"We do NOT need any supplies or volunteers at this time. The quarantine has been extended until 6/15/07. It is up to the state of KS to organize fostering programs for Greensburg animals."

Spoke with Donna Law 5/31/07 with Mutts & Mutts. She is holding off on shipping donations until there is a go ahead from UAN. Will be checking with the Lawrence, KS shelter to see if they have any needs.

UAN 2007 Press Release

Kansas Animal Health Department, UAN, Join Forces to Care for Animals Displaced by Greensburg Tornadoes

PRATT, KANSAS (May 30, 2007) – The Kansas Animal Health Department; United Animal Nations (UAN) and the State Animal Rescue Team (SART) are working to help the Pratt County Humane Society care for an influx of animals displaced by recent tornadoes in Greensburg and to contain an outbreak of canine parvovirus at the shelter.

According to Debra Duncan, Director of the Animal Facilities Inspection Program with the Kansas Animal Health Department, Pratt County Humane Society staff offered to care for 108 dogs and cats displaced by the May 4 tornadoes until they could be reunited with their families or adopted into new homes. But shelter staff and volunteers soon became overwhelmed by the additional animals.

Duncan asked United Animal Nations to provide animal care and sheltering assistance for all of the animals at the shelter through its volunteer–driven Emergency Animal Rescue Service. Currently several volunteers with UAN are providing direct care to the animals; at least 20 more are expected to arrive in the coming days.

“This is a small shelter with a very dedicated group of volunteers, and they quickly became overwhelmed by dozens of additional animals,” Duncan said of the Pratt County Humane Society. “The Kansas Animal Health Department and United Animal Nations are working together to help the shelter and the community through this crisis.”

“UAN has a 20–year track record of providing emergency sheltering to animals displaced by natural disasters,” said UAN President and CEO Nicole Forsyth. “With our network of 3,200 volunteers in the United States and Canada, we are prepared to give these animals the tender loving care they so desperately need until this crisis is over.”

The Kansas Animal Health Department placed the Pratt County Humane Society under quarantine on May 25 after several dogs were diagnosed with parvovirus, a highly contagious canine disease. Members of the public are asked to avoid dropping off any animals at the Pratt County Humane Society shelter until the quarantine is lifted on or around June 10.

“We are being exceptionally cautious and taking every step possible to prevent the spread of this disease and to treat any dogs who become ill,” Duncan said. “Parvovirus is very common in animal shelters and the dogs who came in from Greensburg were already stressed and vulnerable.”

Symptoms of parvovirus include lethargy, vomiting, lack of appetite, stomach discomfort and diarrhea. Puppies are extremely vulnerable. If your dog is exhibiting signs of parvovirus, contact your veterinarian immediately.

SENDING DONATIONS THEY DO NOT NEED IS MORE A BURDEN THAN A HELP!

Please consider monetary donations as this way they can make local purchases as the needs arise!

EMAIL UPDATE 5/20/07:

HI Leslie,
I am back from Pratt/Greensburg. While visiting the Pratt Humane Soc. day before yesterday, a large storage bldg. was delivered for the storage of recieved supplies.
The 45' semi trailer is now in place at the Humane Soc. grounds in Pratt, plus a small box truck/trailer. They appear to be in pretty good shape. What I can see and am concerned about now is volunteers to care, play and walk these dogs in the dog runs. A few have been identified by their owners, but many have not. I am going to put out a notice today for the surrounding areas. Thank you for the help, I will keep you posted and be sending pic.soon. Jan.

UPDATE 5/18/07:

Received a call from Bayer Animal Health and they spoke with Director Lance Noakes at the Pratt Humane Society about their animal meds needs.

In the next couple days they are shipping the following:

Animal Antibiotics
Advantage products
Baytril

My contact advises to just give her a call if there are any additional needs and they'd be happy to keep them supplied.

UPDATE 5/17/07 VIA CALL TO JAN PETERS:

30 cats and 40 dogs were moved by state employees and National Guardsman yesterday (5/16/07) from Greensburg to the Pratt Humane Society. Many of the cats were filtered over to an empty portion of a local Pratt Veterinary Clinic temporarily until the cat house is built.

They have been able to put up 30 dog runs. They still need assistance/volunteers to help build the cat house!

Jan is meeting with Red Cross today, and will call me in the next 24 hours to give me a general update on pet rescue and any additional information she can glean.

Pratt animal shelter requests help, supplies
BY AMANDA O'TOOLE
The Wichita Eagle

The Pratt County Humane Society is asking for more donations and more help.

Jan Peters, a Wichitan who has been coordinating volunteers and donation collection, said animals will be moved to Pratt tomorrow and that the shelter needs a place to keep the cats.

She said volunteer electricians, plumbers and carpenters are needed to build the cat space. Also, 10 volunteers are needed to help with the move from Greensburg to Pratt tomorrow, she said.

Among the items the shelter is requesting:

• Eight large igloo–style dog shelters

• 40 five–gallon buckets

• Cat litter boxes

• Cat litter

• Cleaning supplies, including paper towels and trash bags.

Peters said she'll be coordinating drop–off locations somewhere in Wichita but would like people to call her before they donate to make sure there aren't duplicate donations.

To volunteer or donate, call Peters at 316–871–9892.

UPDATE 5/14/07:

Mike Hill, Pratt County Humane Society Board Member indicated that their current most urgent needs are monitary donations and volunteers. They are currently housing 26 dogs, 54 adult cats, and 20 kittens. They are putting up a temporary building to house these animals.

Volunteers are desperately needed to clean kennels and cages, walk dogs, provide attention and love to the animals as well as sorting donations.

They also need a tractor trailer to deliver donations from Michigan. Please contact DONNA with 'Mutts & Mutts Animal Rescue League' at: 313–778–2262 if you can help bring these supplies to Kansas (See their facility entry in the database).

Cleaning supplies are also a high priority.

Lost Pets Wait to be Claimed
BY DIANE MCCARTNEY
The Wichita Eagle/5/12/07

While more than half of the dogs and cats found after the Greensburg tornado have been reunited with their owners, some are still waiting to be identified and taken home.

"I have a few concerns with house dogs that no one has even asked about yet," said Lance Noakes, executive director of the Pratt County Humane Society.

They include dogs like "Survivor," a female miniature schnauzer that Noakes said is "too perfect not to have an owner."

The dog is well–behaved, crate–trained and "just had a haircut," Noakes said, and no one has come looking for her.

Are the owners in the hospital? "Have they passed away and we just don't know? Are they out of town?" Noakes asked. "We haven't had anybody yet looking for a full–blooded schnauzer, so we know something's wrong somewhere."

Of the more than 200 animals found in and around Greensburg since the tornado hit on May 4, about 35 dogs and more than 55

cats are still waiting to be claimed, said Alice Bailey, manager of the Pratt County Humane Society.

A story in Friday's Eagle that said all but 10 pets had been reunited with their owners was incorrect, Bailey said.

The unclaimed dogs and cats are being kept at what Noakes called "Doggie Central" –– at the Kansas Department of Transportation building in Greensburg.

"We're trying to keep them centralized, in one location," he said, so "as people come to town looking for their stuff, they can look for their dogs."

Bailey said a few injured dogs and cats were still showing up Friday, some brought in by their owners for a check by the veterinarians on site.

"We're just excited that people are cleaning through the rubble and finding their live animals underneath it all," she said.

Unfortunately, Bailey said, she had not heard anything about the black Labrador that was found under rubble near the Big Well on Thursday, six days after the tornado. A story in the Eagle Friday said the dog appeared slightly injured, but had eluded rescuers.

Most dogs and cats came through the tornado "in amazingly good condition," said Bill Skaer, a Wichita veterinarian who helped with animal rescue efforts in Greensburg.

Most of the injuries he saw were relatively minor, Skaer said: broken legs, lacerations and dogs with torn pads on their feet.

Although Noakes said he had no count of how many animals might have been killed in the tornado, he said he personally did not find any dead dogs or cats.

"I was sure I would come across one that wasn't alive," he said. "I never did."

It's possible more animals will be found as workers move the wreckage, he said.

People missing their pets can look for them at the KDOT building until Wednesday, when they will be moved to the Pratt County Humane Society.

Some of the unclaimed pets are already listed on the Pals Animal Rescue Web site, at www.palsrescue.org (click on Greensburg Disaster Animals), and more will be added this weekend, said Pals director Ellen Querner, who has been helping with animal rescue efforts.

Bailey said a similar listing service will be set up on Petfinder.com.

It's expected that some of the dogs and cats will have to be put up for adoption.

"A lot of these animals are not going to be reclaimed," Querner said. "If people have no place to go, they have no place to take them."

For "Survivor," the displaced miniature schnauzer, finding a new home won't be a problem, should her former owners fail to claim her.

"There's already a waiting list of people who want to take her," said Mike Hill, a volunteer at the Pratt County Humane Society. "She's a sweetheart."

HOW TO HELP

Officials at the Pratt County Humane Society said they do not need any more donations of dog food but may need cat food and cat litter. They ask that people not send anything now but

call 620–672–6777 to see when the food, litter or other donations might be needed.

Monetary donations can be sent to the Pratt County Humane Society, 1402 W. First, Pratt, KS 67124.

TO GET HELP

The animals found and held in Greensburg will be moved to the Pratt County Humane Society on Wednesday and held for 30 days. If individuals are unable to pick up their animals, other boarding arrangements will be made. Call the Humane Society at 620–672–6777 for details.

Greensburg residents can get free dog and cat food by calling 620–723–2897.

To claim your pet you need to call the:

Pratt Humane Society
1402 W. 1st Street
Pratt, KS 67124
(620) 672–6777

We are located on a dirt road running parallel to Highway 54 in Pratt, Kansas (about 1/2 way between Wichita and Dodge City). At the west end of town turn north at the Kwik Shop, drive over the railroad tracks, turn west directly after the tracks and drive about a 1/2 mile. You will find us in a small white building on the north side of the road.

Central Kansas Veterinary Center in South Hutchinson is also accepting donations for the Pratt Humane Society. Central Kansas is currently treating five of the displaced animals. The address of CKVC is:

Central Kansas Veterinary Center
515 W. Blanchard
South Hutchinson, KS 67505

Animal Assistance:
Animals found following the tornado will be moved to the Pratt County Humane Society where they will stay for 30 days. If people cannot pick up their animal, other arrangements will be made to house them.

For more information call (620) 672–6777

Greensburg residents can get free dog and cat food by calling:
(620) 723–2897

Inquiries regarding livestock or other companion animals can be made by calling the same number.

(old note – PLEASE SEE THE KS STATE LIVESTOCK COMMISSION Facility for updated information)
The Kansas Animal Disaster team is also recruiting veterinarians and volunteers from across Kansas to help animals hurt in the tornado. Call: (316) 990–4667 if you want to help.

United Way to coordinate aid fund
BY ANNIE CALOVICH
The Wichita Eagle

The United Way of the Plains will act as a central collection point for money directed to long–term help for tornado victims, the organization announced Tuesday.

A United Way spokesman said Gov. Kathleen Sebelius had asked United Way to coordinate the effort.

While the Salvation Army and Red Cross are tending to the immediate needs of victims with food and shelter, money collected in the Green for Greensburg Fund will pay for the next steps in rebuilding people's lives such as counseling, medical services and vouchers for rent or utilities, said Delane Butler of the United Way of the Plains in Wichita.

"It's a new name for the same fund" that the United Way had already started, Butler said.

"A lot of it just has to do with coordination, because this has become a Kansas event. The governor wants to encourage

support statewide and wanted to use the United Way because she knew we'd be doing this broader scope."

He said that donations to this fund should not take the place of those to the Salvation Army or the Red Cross, which the United Way supports year–round for their emergency services.

"It's not an 'or,' but an 'and.' We're encouraging people who want to be generous and want to continue to give.

"The benefit of this is that there are a lot of services that will be provided here in the short term and long term that the general public is not going to be aware of. This allows people to support those in a way they can trust because they know United Way has been around a long time and we're used to working with community groups."

The United Way is still working on a plan for volunteers from the public to help with the cleanup and rebuilding in Greensburg. He said it's still too early for the damaged area to accept that help, beyond the official volunteers already mobilized.

A disaster such as this requires the services of many organizations—especially for on–going assistance in the future. United Way is setting up this fund to provide a vehicle for that help. Types of services supported could include: counseling; medical services; vouchers for rent or utility assistance; or other services.

~ The Green for Greensburg Fund will be administered by United Way of the Plains with no administration charge.
~ 100 percent of each gift will go to direct disaster recovery assistance.
~ Donors should make checks payable to “Green for Greensburg Fund”.

UPDATE/VOAD MEETING NOTES – 5/22/07
http://www.ksvoad.org/pdf/5_22_2007%20VOAD%20NOTES.pdf:

Bryan Walker:
Still diverting donations to the KS Food Bank in Wichita to avoid overwhelm. KS Food Bank will be available for long term needs and supply food for as long as it takes. In addition to, rakes and wheelbarrows are being sent from KS City.

From the KS FOOD BANK website:

In addition to donations of money, a limited amount of supplies is being sought for the victims of last weekend's tornadoes.

Bath towels, for example, are needed by people even if they're staying with relatives, said Monique Garcia, a volunteer working with the Salvation Army in Haviland.

Denture cleaner is another item that has been requested by the older population of Greensburg than, say, the diapers that have already been donated, she said.

But kind–hearted people should keep in mind that the population of Greensburg is small, and if one person donates a case of denture cleaner, that will probably do it, said Brian Walker of the Kansas Food Bank, which is serving as a drop–off site for the items. People can call ahead before donating items to be sure they are still needed, Walker said. The phone number is:

316–265–4421.

The Food Bank, 1919 E. Douglas in Wichita, is storing the goods and sending them out as they're needed, controlling the amount that is delivered to Haviland, where storage space is limited, Walker said.

"That eliminates a disaster within a disaster," he said.

No clothing is being accepted for donation. Deliveries can be made to the Food Bank from 6:30 a.m. to 7 p.m. through Saturday. If you want to take something out Sunday, call first.

Here is the list of needed items. They should be new, not used.

? Bath towels

? Bedding

? Pillows

? Laundry detergent

? Dog and cat food

? Denture cleaner

? Canes

We are located on a dirt road running parallel to Highway 54 in Pratt, Kansas (about 1/2 way between Wichita and Dodge City). At the west end of town turn north at the Kwik Shop, drive over the railroad tracks, turn west directly after the tracks and drive about a 1/2 mile. You will find us in a small white building on the north side of the road.

When Mark Morell, a member of the Finney County Humane Society, arrived in Greensburg Sunday morning after a tornado struck the town two days before, he started helping pick up dogs ranging from purebred to mutt, cats and whatever other animals he and others could find.

"You had barking dogs. You had dogs that were hiding in the back of the kennel," Morell said of the animals that had been involved in the category F–5 enhanced tornado that hit Greensburg Friday.

Judy Smith hugs her cat Pawsh after finding her Tuesday under her destroyed home in Greensburg.
Some animals acted as though nothing had happened, some "were just petrified," Morell said.

Morell traveled with five other Garden City residents, including Doree Bates, animal control officers Karen Casanova and Travis Bailey and veterinarian David Sells and his wife, Becky, on Sunday morning to Greensburg to help with animal recovery. Morell also went to help on Monday and Tuesday with the group bringing back 17 dogs and about 15 cats.

Six of the dogs temporarily housed in Garden City were returned by Wednesday to their owners. As of Wednesday, three dogs still were being kept in the Finney County Animal Shelter, four dogs in foster homes and four dogs and the cats being housed by Sells.

Morell returned the rest of the dogs today to the Pratt County Humane Society's animal shelter and the site in Greensburg. The cats possibly will be up for adoption, he said.

Cooper, a chocolate lab, was one of the dogs Morell and others returned to his owner, Chance Little, of Greensburg.

Little said he and his family, including his wife and daughter, weren't home when the tornado hit and destroyed the house.

"It's a pile of nothing," Little said.

He said that when he came back to survey the damage and check on Cooper, he found the dog "unscathed," running around in the yard.

But the family and other residents later had to evacuate the town because of weather, so Little said he decided to tie Cooper up in a shaded area, feed him and leave a 5–gallon bucket of water for the dog, hoping someone would find him until Little returned for the dog.

Little said when he went back to find Cooper, he was directed to one of the Kansas Department of Transportation yards at Greensburg where most of the animals are being kept temporarily to help owners locate them.

Little eventually learned Cooper had been taken to Garden City, with Morell and others bringing the dog to Greensburg to reunite Cooper with Little.

Little said Tuesday was the first time the family, including Cooper, had been together since the tornado.

Little said he'd gotten Cooper about 1 1/2 years ago after a stray dog had given birth to puppies under a neighbor's home.

Cooper's "whole body started wiggling when he saw Chance," Morell said. "You could tell Cooper was Chance's dog."

Morell said none of the animals that were located in Greensburg had microchips, which are used for positive, immediate identification of the animal. Morell, whose dogs are microchipped, said the incident reaffirmed his belief that owners should purchase the microchip for their cat or dog.

Alice Bailey, manager for the Pratt County Humane Society and shelter, said she and others arrived at about 9:30 a.m. Saturday morning to help with the animals. Bailey said that as of Wednesday, about 30 dogs and 25 to 30 cats had not been claimed out of the about 190 animals that had gone through the site.

Bailey said the animals originally were taken to different sites in order to avoid them going through severe weather again. She said the animals were being returned to the Greensburg site and Pratt County Humane Society animal shelter for easier access to owners looking for their pets.

The Pratt County Humane Society is handling care for the animals and locating owners. The Kansas Animal Health Department is assisting with the effort by providing support to Bailey and Pratt County Humane Society, according to Debra Duncan, director for Animal Facilities Inspection within the department.

Duncan said the state's animal response team had been on site at Greensburg since Saturday to help with animal rescue. She said that while Animal Health doesn't currently have a plan to deal with animal rescue during disasters, she hoped to discuss the event and how the animals were helped with other agencies in the hopes of possibly developing a plan for the Animal Health Department.

Bailey said people could contact the Pratt County Humane Society at 1402 W. First St., Pratt, KS 67214 or (316) 672–6777 for help with veterinary bills or information and questions.

Nancy Garhart, president of the Finney County Humane Society, said Orscheln, 2217 W. Jones Ave., and Ward's would take donations for animal recovery. Garhart said donations could include anything from cat litter, food bowls, litter boxes, dog houses, dry pet food and pet collars to money.

Garhart said monetary donations could be sent to the Finney County Humane Society, P.O. Box 2031, Garden City, KS 67846.

For questions or more information on how to help, contact Garhart at the Humane Society at 272–5651 or 275–6364.

BRIEF HISTORY:
After several natural disasters during the 1990's the leaders of many community service agencies and religious service oriented groups determined that there was a need for a "local COAD" modeled after and related to the National Voluntary Organizations Active in Disasters. (NVOAD) The COAD was organized in 2000. Since the COAD organization, and especially since the advent of the 21st century, the COAD has served as "key player" in Disaster Response through Ice Storms, Floods, Tornadic and Wind destruction. The KC Metro COAD comes under the umbrella of the Kansas and Missouri state VOAD. The parent agency is National VOAD (Volunteer Organizations Active in Disaster). Following Hurricane Camille in 1969, national representatives from voluntary agencies met to discuss how they could better work together to fill the gaps and eliminate duplication. On July 15, 1970, seven voluntary organizations came together to hold the first meeting of what we now know to be NVOAD
