BANDON FEEDS THE HUNGRY

Walk–in Resource · Open

Bandon, OR 97411
Web feedingbandon.org
Service Temporary

FOOD DRIVE DURING COVID–19
Bandon Feeds the Hungry is accepting donations for Bandon's food assistance organizations.

Drop off canned or dry food items in front of Farm & Sea in the Old Town Marketplace parking lot at 250 First Street SW in Bandon, Oregon. You can also drop off a check in the Farm & Sea shop.

Farm & Sea will be accepting donations 7 days a week during their hours of operation (Mon thru Sat 10am–6pm, Sun 10–3). They started with drop–offs every Tuesday and Wednesday mornings, but the first two days of food collections were so successful that they've expanded it.

You can also mail your check, made out to Bandon Feeds the Hungry, to P.O. Box 566, Bandon, OR 97411.

Amy Moss–Strong, the President of Bandon Feeds the Hungry, will be distributing all food and monetary donations to the participating food assistance organizations in Bandon, including: Coastal Harvest, E.A.T., Good Neighbors Food Bank, Senior

Nutrition, and Restoration Worship Center Food Pantry. 100 percent of all monetary donations are distributed evenly to each of the five 501(c)3 nonprofits and a receipt will be mailed to all donors for tax purposes. All donations are tax–deductible.

Thank you, Bandon, for working together and helping our community.

Feeding Bandon" organizations also participate in BandonCares, a project dedicated to fostering communication, cooperation and collaboration among the more than 50 Bandon nonprofit organizations serving the community.

Services offered: Food, Canned ** (ANY/ALL Types) ; Food Distribution, Food Bank (This Site Supplies Food Pantries/ Agencies); Food, Dry, * Dry Food Goods (ANY/ALL Types)

Post shared 9/12/20 1am
A friend posted this for her county, and I realized all of us in downtown Blue River need to do this too! Edited for our county:

□ URGENT: Anybody with a total loss should immediately go to – or contact –
the Lane County Assessor to complete forms documenting the loss.
If you do it immediately, your tax statement coming up this fall will reflect the loss.
Otherwise, you have to go through a process of appeal that would be very cumbersome.
This is time critical because the tax roll process is happening NOW.

Phone: 541–682–4321
Address: 125 E. 8th Ave, Eugene, OR 97401

Blue River is an unincorporated community in Lane County, Oregon, United States. It is located on Oregon Route 126 along the McKenzie River, between the communities of Finn Rock and Rainbow. It is in the Willamette National Forest, where the Blue River empties into the McKenzie. The community was named after the Blue River, which was named for the striking blue color that apparently comes from its rocky bed.[1] Five miles northeast of the community, a dam on the Blue River forms the Blue River Reservoir.[2]

Fundraising:
Fundraising is a critical part of CTC's success.

While 'Flavors of Carlton' is our major annual fundraiser,
several programs throughout the year offer the opportunity
to raise additional much–needed funding for us.

Additional fundraising programs include:
– Flavors of Carlton Event –
– Carlton Fun Days BBQ–
– Reflections of Carlton, Book sales –

– Tiger's Rage Softball Christmas Wreaths Sales –

Guided by our Board of Directors and Members, CTC programs are designed in response to local needs. The majority of our focus is on serving youth and families programs and prevention services.

CTC is always recruiting new Members to join. If you are interested in joining CTC please contact our office at 503–852–4405. ONLINE membership form available

Linda L. Cook, Emergency Program Manager
Email contact: Linda.Cook@co.lane.or.us

The Lane County Emergency Management program's purpose is to increase the County's resiliency and to increase its ability to respond and recover from the hazards that threaten it. This is done through mitigation, preparedness, response, and recovery.

Mitigation: Any action taken to reduce or eliminate the long–term risk to human life and property from hazards. The term is sometimes used in a stricter sense to mean cost–effective measures to reduce the potential for damage to a facility or facilities from a disaster event.

Preparedness: Establishing the plans, training, exercises, and resources necessary to achieve readiness for all hazards, including WMD incidents.

Response: Duties and services to preserve and protect life and property as well as provide services to the surviving population

Recovery:Emergency actions dedicated to the continued protection of the public or promoting the resumption of normal activities in the affected area.

Functions of the Emergency Management program include:

Hazard Analysis
Capability Assessment
Emergency Operation Plan (EOP) Development
Functional Annex Development
Emergency Operation Center(EOC)
State and Federal Reporting

The Wounded Warriors Project

Are Here!!! In Gates Community Church parking lot. They are honoring our community by bringing much-needed box fans and filters...

Take this opportunity to honor them, as they honor us, with their presence

9/30/20
A local group of Marines embraced our community today . This toydrive was sponsored by them to provide some enjoyment especially for the children in our canyon that have experienced the trauma of the wildfires and now the aftermath of the massive cleanup ...

(Because this was the first day of school, schedules were probably pretty tight and so the lovely toys you see in this post, they're still available. Come by our church between 10 AM and 4 PM....)

Oorah!!! Our canyon rises from the ashes, by those who lift us-up.

We are so very grateful to you all, for your goodness in this amazing gift. You see, this blessing you brought was not only for our canyon children, but what your very presence represents to worn and weary hearts.

We say semper fi ...May God shed His Amazing Grace, on-thee...each and every-one. Amen

We humbly Thank You, in advance. This wildfire has been a devastating event that will take much time and effort. Any and all help is more than appreciated, it is vital to our recovery ...

Matthew 25:40 "The King will reply, 'Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.'

#CanyonStrong in–Jesus ♥

Gates Store Volunteers
Please review the available slots below and click on the button to sign up. Thank you!

We've expanded to include a new store at the Gates Community Church. Our goal is to serve the families in the canyon where they are, and as evacuated families move back we need to be there.

Each time slot has a specific role and job descriptions are listed!

Store Hours are from 10 AM to 4 PM, Monday through Saturday. Volunteers are asked to park in the back parking lot and visit the Volunteer Check–In table 5 minutes before your shift to connect with Kara or your LEAD!

Please share this signup link with others in our community! The more help we get the better.

The Salvation Army Prepares for Cold Weather with Winter Night Shelters for the Homeless!

(Portland, OR) – As the cold weather approaches, The Salvation Army is already preparing for the increase in number of men and women on the streets needing night shelter from the weather. The Harbor Light Center and Salvation Army Female Emergency Shelter (SAFES), both located in downtown Portland, will be expanding their services beginning the first of November with additional beds in each facility.

Harbor Light, located at 30 SW 2nd St., will be open from 8pm-8am starting November 1st for homeless men to find shelter. The Center is working with the City and will serve 70 men a night with 35 slots reserved for those deemed medially vulnerable. Case management will be available. A Tuberculosis card is required to use the shelter. The night shelter will close the morning of April 1, 2010.

SAFES will be adding 15 spots to their current 50-bed night shelter at 11 NW 5th Ave. in downtown Portland. The winter night shelter will start October 30th and close March 31, 2010. The shelter will be open from 6pm-7am. All night services will remain the same for those women in the shelter, including access to showers, case management and rental assistance.

Both shelters will continue to run their day shelters throughout the winter months.

The Salvation Army Cascade Division, headquartered in Portland Oregon. The Cascade Division provides help and hope to thousands of individuals in Oregon and Southern Idaho every year.

The Salvation Army Cascade Division works with volunteers in 85 rural communities throughout Oregon and Southern Idaho where there is not an official corps (church) or community center. Rural Services are administered through our Service Extension programs. Assistance is short-term, and not for continuing help. We may assist a second time if warranted by circumstances. Both local and transient persons are eligible for assistance. The basic resources are food, clothing, transportation, prescription and shelter.

Oregon Service Extension services/vouchers are located in the following counties:

Clatsop, Columbia, Coos, Crook, Douglas, Gilliam, Grant, Harney, Hood River, Jefferson, Lake, Linn, Malheur, Morrow, Sherman, and Wallowa.

Hillsboro, OR
Phone Mitch at 503–681–5266
Web www.hillsborocert.org
Service Temporary

CERT is taught by Hillsboro firefighters. The training is free to anyone who lives or works in the City of Hillsboro.

Get CERTified!
Register for CERT by contacting Mitch at 681–5266. Classes are held at the Ronler Acres Fire Station on NW 229th and Evergreen Pkwy. Children 14 years of age and older are welcome when accompanied by an adult.

Disaster Communications
CERT members are also encouraged to get their amateur radio license to assist in disaster communications. Good news – amateur radio is not just for nerds anymore! There is no Morse Code requirement for an entry–level "ham" license – just a multiple–choice test on basic electronics, FCC rules, and radio operations.

How do we help?
We distributed more than 4–million pounds of food during the past year to more than 106 nonprofit agencies in Washington County, including:

* emergency food box programs
* soup kitchens
* senior centers
* group homes
* adult day–care programs
* gleaning
* Community Basket
* migrant outreach program
* food basket program

This fiscal year, 35 emergency food box agencies served an average of 12,259 households each month with a five–to–seven–day supply of emergency food.

Our member agencies served emergency meals to low–income residents at

* senior centers
* adult group homes
* youth group homes and
* soup kitchens

More people working minimum wage jobs are having difficulty making ends meet.

Oregon Friends of Shelter Animals (OFOSA)

Animal Shelter · Open

P.O. Box 1425, Hillsboro, OR 97123
Phone (503) 747–7818
Web www.ofosa.org
Service Temporary

Fostering is the Joy of Unselfish Love...

OFOSA began by helping shelters with donations and veterinary care; then shelters made it clear that they needed OFOSA to rescue adoptable dogs and cats so that the staff wouldn't have to euthanize them. With no building in which to house the animals, OFOSA volunteers opened their homes to these wayward dogs and cats and the Foster Care Network was born.

You have a chance to join the effort!

By opening your heart and home to a shelter animal, you prevent needless euthanasia due to a lack of space in shelters. There is no special training needed. You simply need a desire to care for the dog or cat, the willingness to meet the animal's needs, the ability to provide a safe, healthy, clean, and nurturing environment and a landlord that will allow you to foster!

The overall mission of the OFOSA Foster Care Network is to give animals individualized care and socialization to ensure their adopt–ability and give them additional time to locate their "forever home."

OFOSA partners with JOIN to provide care:

JOIN (www.joinpdx.com) was founded in 1992 in order to bridge the gap between homeless and housed members of the community. As the homeless people that we worked with shared their wisdom with us, they sparked an evolution in JOIN's program emphasis to outreach services to homeless individuals who remain outside the traditional social service system. Our service provision is grounded in an innovative blend of harm reduction and mutual relationships that emphasize strengths rather than deficits. Our operational priority is to rapidly re–house individuals and families and stabilize them in their new homes.

OFOSA is proud to be partnering with JOIN to provide vaccinations, exams, urgent care, and spay services.

Mobile Spay/Neuter Clinic

OFOSA partners with JOIN to provide care:

JOIN (www.joinpdx.com) was founded in 1992 in order to bridge the gap between homeless and housed members of the community. As the homeless people that we worked with shared their wisdom with us, they sparked an evolution in JOIN's program emphasis to outreach services to homeless individuals who remain outside the traditional social service system. Our service provision is grounded in an innovative blend of harm reduction and mutual relationships that emphasize strengths rather than deficits. Our operational priority is to rapidly re–house individuals and families and stabilize them in their new homes.

OFOSA is proud to be partnering with JOIN to provide vaccinations, exams, urgent care, and spay services.

Mobile Spay/Neuter Clinic

Animal overpopulation is an epidemic nationwide, especially in predominately rural states like Oregon. OFOSA has been working to make a difference in pet overpopulation by providing sterilizations for shelter animals we rescue, other shelter, small rescue groups, and JOIN.

Community Need

Low–cost spay and neuter services are imperative in the state of Oregon. Coupon and voucher programs for reduced cost spay and neuter services only address a portion of the need, and are insufficient for people living outside the urban geographic areas – especially those in low–income and rural areas, which make up the bulk of the state. There are currently only five (5) veterinarian clinics accepting the low cost spay and neuter vouchers within the greater Portland metro area. Additional help is needed to prevent shelter animals and others yet to be born from being needlessly destroyed.

Shelter managers throughout Oregon and OFOSA believe widespread, comprehensive spay/neuter is the best way to make the biggest difference for our companion animals. The majority of animal shelters would prefer to spay/neuter their adoptable pets prior to leaving the shelter, but cannot do so due to budget, time, staff, or facility restrictions. Many of the animals that are placed in homes without receiving spay or neuter services end up producing one, two, or more litters, perpetuating the surplus of animals that clog our shelters and end up euthanized due to overcrowding.

We have increased our capacity to spay/neuter dogs and cats in Oregon by owning and operating a mobile spay and neuter operation. We are currently altering 50 animals per week. We are increasing our services to 2 days a week so we will double our numbers.

Providing spay and neuter services from a specially equipped mobile unit, OFOSA volunteers, veterinarians, and vet technicians can drive up to the shelters and offer affordable services at a cost of $30 each. Several county shelters in the northwest section of Oregon have committed to partnering with OFOSA to see that this important procedure is completed as the animals are adopted.

How You Can Help

Donations are still needed to help with the cost of surgical equipment, supplies, and fuel. A donation from you of $20 will purchase sutures for 12 surgeries, a $75 donation will purchase vaccines, $300 will purchase a cautery unit and a $2,000 donation will purchase a surgical table. Please help OFOSA help YOUR community animal shelter. Donate today!

Microchipping

OFOSA hosts scheduled, low cost microchipping clinics through the guidance of a certified veterinarian. For only $35 includes registration, you can prevent your pet from becoming a tragic statistic. Watch the OFOSA and PETCO calendar for dates.

Senior Smiles

During these past years, we have come to the following two conclusions. First, there are a large number of animals destroyed due to a lack of adoptable families. Second, there are senior citizens who could benefit from pet ownership, but do not have the means to this end. While the primary benefits to animals are obvious – to place them in loving homes and keep them from being destroyed – the benefits to elderly persons are ten–fold.

In 1980, a clinical research project at Brooklyn College, New York, studied heart–disease patients after their discharge from the hospital. Co–researcher Dr. Aaron Katcher, M.D. reported, “The presence of a pet was the strongest social predictor of survival… not just for lonely or depressed people, but everyone – independent of marital status and access to social support from human beings.”

The author of a book, How Community–Based Elderly People Perceive Pet Ownership (New J., Wilson C., Netting F., 1986.) concluded, “Pets are an integral component of the social support network for many individuals and therefore probably contribute to public health and well–being.”

Our goal is to rectify these two conditions through our Senior Smiles program. This program promotes improved quality of living through pet ownership and assistance. In 2005, OFOSA received a $1000 grant from our friends at Wells Fargo to help launch our program.

The placement process and continuing assistance will include not only the pet, but animal selection counseling, food, supplies, vet care, grooming, and training. Lastly, the commitment will be regular visits to assure the happiness and health of both the senior and animal.

Please call 503–747–7818 or e–mail us at info @ ofosa.org, if you know someone that can benefit from this program.

Oregon's Tsunami Debris Response

In response to what is becoming an unprecedented amount of marine debris in Oregon, SOLVE has taken a leading role with partners Surfrider Foundation, CoastWatch, Oregon Sea Grant and Washed Ashore, in forming a plan and a coordinated effort through our collaborative group, the Oregon Marine Debris Team. Our team is working in an effort to engage volunteer and citizen response in cooperation with local, state and federal agencies in marine debris removal projects.

Learn more about Oregon's coordinated response (see website at http://www.solv.org/get–involved/tsunami–debris–response).

A network of 32 drop–off sites on the Oregon coast are now ready to receive beach debris washing ashore from the tsunami that struck Japan in March 2011. The drop–off sites are free and are a combination of state parks and independent recycling and transfer stations located in every county. Visitors and residents can call 211 (or 1–800–SAFENET) to report tsunami debris they see on the beach. The drop–off sites will accept debris in official beach cleanup bags produced by SOLVE. Beach cleanup bags are available at state park campgrounds.

There will also be an increased number of beach cleanups scheduled on the Oregon Coast. Join the Marine Debris Team volunteer list if you are interested in helping with this effort.

History:
Yamhill Communications Agency (YCOM)

YCOM is the primary answering point for emergency and non emergency calls for police, fire and medical dispatch for all of Yamhill County, except the cities of Newberg and Dundee, which are dispatched by Newberg Dispatch Center. The geographical area of Yamhill County encompasses 729 square miles with 79,000 residents, five law enforcement agencies, nine fire departments and three medical districts.

YCOM also provides a TDD phone system for hearing impaired residents of Yamhill County and a 24 hour language line service that assists the dispatcher in providing and interpreting for most all languages. These features assist the dispatcher in providing prompt emergency responses to all of Yamhill County's residents.

NOTE (Excerpt from Yamhill Emergeny Management General_EOP.pdf)

Emergency Radio Communications. If it becomes necessary to abandon the Primary EOC, and therefore abandon communications, a secondary means of emergency communications will be needed.

There are several alternatives and the Communications Manager will be charged with the responsibility of making the decision on which alternative to choose.

These alternatives are:
1. An alternative full–service radio center (YCOM, Newberg, WCCCA, Salem);
2. Mobile radios from police and/or fire vehicles;
3. Yamhill County Sheriff's Office Mobile Command van;
4. Yamhill County Amateur Radio Emergency Service (YCARES).

listed in PDF is stations for several counties –
http://www.kwvtsalem.com/EAS_Plan.pdf

http://www.oregonaces.org/

Mission: To support our emergency communications partners by promoting a standard for training, certification, and accreditation of operators in Oregon

Goals:

•To develop training programs for Amateur Radio Emcomm Resources that meet the training needs of municipal, county, state, federal and private served agencies.

•To manage a certification process for graduates of training programs which provides credentials that are consistent with NIMS/ ICS resource typing.

•To evaluate and accredit training programs and instructors for emergency communication training.

•To develop and promote exercises in communications preparedness that allow operators to apply their learned skills.

History: Amateur radio has a long history of supporting agencies in need with a variety of communications services in the event of an emergency. Traditionally these services have been available under either a Radio Amateur Civil Emergency Services (RACES) program as outlined by the Federal Communications Commission (FCC), an Amateur Radio Emergency Services (ARES) program outlined by the Amateur Radio Relay League (ARRL), or a combination of both programs. The Oregon ACES program includes other emergency communications services including RACES, ARES, Civil Air Patrol (CAP), Community Emergency Response Team (CERT), Radio Emergency Associated Communications Teams (REACT), US Coast Guard Auxiliary (USCGA), Military Auxiliary Radio Service (MARS), Salvation Army Team Emergency Radio Network (SATERN) and others that can provide specific communications solutions.

from website:
What We Do
We provide direct, immediate, one–time financial assistance to individuals and families facing a crisis or emergency.

By providing funds at critical times, we aim to help recipients avoid extreme hardship and also help keep them from entering the downward spiral of poverty.

Most of our recipients are low–income adults who, because of a crisis or emergency, cannot afford:

a car repair, a heating bill, a medical prescription or examination, a monthly bus pass, a deposit on an apartment, a rental payment in the face of eviction, or some other expense of critical importance.

We often work in cooperation with churches, government agencies, and other nonprofits. At this time of economic hardship, many charities and social service agencies are stretched to the limit. We can provide last–resort assistance for those who have nowhere else to turn.

SHOP ~ VOLUNTEER ~ DONATE
The McMinnville Area Habitat For Humanity ReStore needs your donations. We accept new or used building supplies, appliances, and many other items. Most building materials and home furnishings that are in good condition can be recycled through the ReStore, saving you landfill costs and providing a tax deduction as well. The ReStore resells your new and used items (as well as corporate donations) for 50% to 70% below retail prices. All profits from ReStore sales assist our McMinnville Area Habiat affiliate in reaching their mission to partner with low–income families by offering homeownership opportunities through the construction of simple, safte and affordable homes.

The ReStore does provide donation pickup services when scheduled in advance. To schedule a pick up call 971–237–0028.

The ReStore is continually looking for VOLUNTEERS! What a way to support Habitat for Humanity and make a difference in our community. The ReStore volunteer duties include, cashier, accepting donations, cleaning, pricing and stocking donated items and most important, customer service! If this is something you would like to do please contact [Tonya House], 503–435–9936.
You may also sign up today by visiting our volunteer page and filling out the volunteer request form!
Start making a difference today by volunteering at McMinnville Habitat ReStore!

DONATION REQUIREMENTS – (What is acceptable or not)
http://www.machabitat.org/restore/donations.php

PaintCare Collection Sites

The ReStore will accept household paint. We will sell what we can and recycle the leftovers. We are now a collection site for the Oregon Paintcare program. We cannot take toxic, hazardous substances, (i.e. pesticides, powders, paint thinners, or other chemicals). Wallpaper is taken in full–unopened rolls

http://www.machabitat.org/restore/donations.php

July 1, 2010 is the start date for the Program. Based on the "sunset" provision in the legislation, the Program will end on June 30, 2014, however, if successful, it is possible that the Program will be extended.

Yamhill Food Bank –
FOOD DISTRIBUTION
We provide food, organizational and technical support to a countywide network of Partner Food Agencies of emergency food box pantries, soup kitchens, group meal sites and a gleaner group. There are 25 partner agencies total: 13 pantries, two soup kitchens, nine group meal sits and one gleaner group. We work hard to ensure that boxes/meals are healthy and have a variety of good food groups including fresh fruits and vegetables, protein, cereals and grains.

Available food depends on what has been donated.
FACEBOOK –
https://www.facebook.com/pages/YCAP-Regional-Food-Bank/107577219312616

Client Services & Housing-
YCAP operates three shelter homes in Yamhill County—one in Newberg and two in McMinnville. The shelters house single women and families with children. Fourty-one homeless families were served in 2010-2011 for a total of 7,704 shelter nights.

When life circumstances change its easy to become overwhelmed and not know where to turn. Our case managers work with individuals in emergency situations to review their options, find needed resources and create individualized solutions to help the person get back on their feet.

ENERGY –
http://www.yamhillcap.org/energy-services/

Lowering the amount of energy consumption in the home lowers energy cost. For the elderly, disabled or disadvantaged families, increased energy costs in the home have become a barrier to making necessary purchases such as medication, food or clothing. Our Energy Services help households evaluate their energy usage and provide energy education and weatherization. In addition, depending on income level, they may offer assistance with energy expenses.

TRANSPORTATION –
http://www.yamhillcap.org/transportation/

Important steps to self–sufficiency can hinge on transportation. Whether it's a job interview, shopping for groceries or a doctor's appointment – getting there is important. We provide 80% of Yamhill County's public transit service through a contract with Yamhill County Transit Area. There is bus service in McMinnville, to local Yamhill County cities and to connector cities outside the area, like Salem and Hillsboro. Dial–a–ride provides passengers with curb–to–curb service. Free medical transportation to Portland hospitals and doctors is available via our Volunteer Medical Transportation (VMT) program in cooperation with the VA.

Transit Services include:

* Dial–a–Ride
* Medical Transportations
* Bus Service in McMinnville, between Yamhill County cities, and to Salem and Hillsboro (Max Station)
* Connection to Newberg and Sherwood

Youth Outreach
http://www.yamhillcap.org/youth–outreach/

Youth Outreach successfully addresses the needs of at–risk youth, ages 10–21, in Yamhill County by creating partnerships with public and private agencies, community groups and individuals, and youth themselves to fund and implement creative, supportive, cost effective programs. These programs are grounded in positive youth development and include services such as: case management, support/skills groups (both youth and family), school liaison services, youth leadership development opportunities, quality afterschool programs, street youth outreach, homework club and study hall, emergency youth shelter called "SafeShelter" and an evening "Drop–In" Center – designed to get at–risk youth "off the streets".

Our main office is located in Newberg at 719 E. First Street and our operating hours are 9:00 am – 9:00 pm Monday through Friday year round. Our office number is 503.538.8023 and our YouthHelpLine is 1.866.538.8023. All of our services are free.

Serves McMinnville, OR – Yamhill County
Eligibility Homeless ––– Homeless Shelter
Service Temporary

YCWS will serve families along with single men, women & children. The operation will be managed and operated by the Yamhill County Gospel Rescue Mission and volunteers from the community. As God leads, we partner with churches, individuals and organizations to maximize our total effectiveness.

A breakfast, dinner, showers, and information regarding community resources will be provided. YCWS reserves the right to share the Gospel of our Lord Jesus Christ for those willing to listen.

YCWS expects volunteers to support the work, mission and YCGRM Statement of Faith while they are donating their time. The Shelter's staff and volunteers are also responsible for protecting the privacy of YCWS guests.

If you are interested in volunteering to either staff the shelter, provide meals, or help in any other way, you can download our volunteer application, contact our Operations Manager at cwsmgr@ycgrm.org or call (503) 472–9766.

FEMA Disaster Recovery Centers (DRCs) are accessible facilities and mobile offices you can visit to learn more about FEMA and other disaster assistance programs. You may also visit to ask questions about your case. DRCs are set up in convenient areas after a disaster to make them easier to find. The DRC Locator helps you find the hours, services, and locations of DRCs near you.

A DRC may be able to help you:

Apply for assistance. You may also Apply for FEMA Assistance online https://www.disasterassistance.gov/
or Apply/Check your status by phone 1–800–621–3362.
Learn more about disaster assistance programs.
Learn the status of your FEMA application.
Understand any letters you get from FEMA.
Find housing and rental assistance information.
Get answers to questions or resolve problems.
Get referrals to agencies that may offer other assistance.

Our CERT program has developed its own 501(c)(3)status whose funds are to be used exclusively for training. Our group participates in numerous civic activities such as preparedness fairs, safety meetings, community gatherings, county fair, city fairs, etc. They have instituted a community outreach program focused on Map Your Neighborhood. We meet monthly for additional training and have a Spring barbecue and a Fall Awards Banquet to recognize achievements.

Details of program:
http://www.citizencorps.gov/cc/showCert.do?cert&id=43708

Supplemental Training
Supplemental training conducted, recommended, and/or required for CERT members:
•IS–100.a Introduction to Incident Command System (ICS)
•IS–200.a ICS for Single Resources
•IS–700.a National Incident Management System (NIMS), An Introduction
•Amateur radio operation
•Cardio–Pulmonary Resuscitation (CPR)
•Basic first aid
•Shelter operations/management
•Additional Search & Rescue
•Wildland/Urban interface issues

Name of Program: Yamhill County Citizen Corps
Geographic Area: Yamhill County
Point of Contact: Doug McGillivray
Phone Number: 503–434–7340
E–mail address: mcgillivrayd@ co.yamhill.or.us

Brief Description: The CERT program in Yamhill is designed to provide area residents with an opportunity to make a contribution to their community by being part of a legitimate and needed community service organization. The intent of the organization is to provide preparedness training to individuals and form those trained individuals into neighborhood teams. It is anticipated that during and immediately following a major emergency or disaster these trained individuals will look after and care for their families, evaluate the status of their neighborhood, and then if possible, be available to offer assistance to professional responders. Our members understand the value of citizen preparedness and wish to share that knowledge and expertise with others.

Our program is consistent with the National CERT program and is open to all residents over the age of 14, at no charge. Graduates are provided a modest set of equipment and an indentification card. Regional emergency service agencies are being made aware of these teams and their abilities, and the fact that they can be a vital asset in responding to a real–world event. Our program covers the entire county and our goal is to train and develop multiple teams in each of our ten cities. Once developed we will retain the teams through a program of on–going training and community involvement.

Communities under this CERT is:
Newberg/Dundee CERT

National:
The Community Emergency Response Team (CERT) program helps train people to be better prepared to respond to emergency situations in their communities. When emergencies happen, CERT members can give critical support to first responders, provide immediate assistance to victims, and organize spontaneous volunteers at a disaster site. CERT members can also help with non–emergency projects that help improve the safety of the community.

The CERT course is taught in the community by a trained team of first responders who have completed a CERT Train–the–Trainer course conducted by their state training office for emergency management, or FEMA's Emergency Management Institute (EMI), located in Emmitsburg, Maryland. CERT training includes disaster preparedness, disaster fire suppression, basic disaster medical operations, and light search and rescue operations.

Over the next two years, the CERT program aims to double the number of participants, with over 400,000 individuals completing the 20 plus hours of training. Train–the–Trainer sessions will be held in all 56 states and territories over the next year to expand the program throughout the United States.

Faith in Action coordinates volunteers to help people who face challenges related to health or aging.

Caregivers – Volunteers help older adults with light housekeeping, yardwork, minor repairs, meal and library book delivery, transportation to appointments, and making friendly visits.

Family Friends – Volunteers befriend a child with special needs due to a chronic health condition or disability, offering love, companionship and support to the entire family.

Strong for Life – Volunteers coach older adults in an easy to follow fitness routine designed to improve strength, function, and balance.

Learn more about other Faith in Action programs:
CarrierLink
Support for Caregivers
Delivery of books to home–bound

Volunteers are trained to respectfully and compassionately help older adults and children with special needs and their families. Volunteers are the heart of Faith in Action. By sharing a few minutes a month or an hour or two each week, you assure the well–being of your neighbors.

Volunteers opportunities (updated 10/12/09):

Housekeeping – We have several requests light housekeeping – either one time cleanings or regular, twice a month visits to the same person.

Exercise coaches – Call Deana to find out how you can be a volunteer coach. You can help others lead a healthy life and get your daily exercise in at the same time!

Do we have your email address on file? If that's a good way to contact you, please send your email so we can update our files!

Volunteer applications, screenings, and training/orientations must take place before matching with a person in need. Please call today to find out how you can help!

~*~

Volunteers assist older adults in Newberg, Dundee, St. Paul and surrounding rural areas with things they can no longer do for themselves such as:

Light housekeeping
Minor home repairs
Errands
Shopping
Friendly Visiting
Yard Work
Reading
Respite for family caregivers
Telephone Reassurance
Transportation

Record of Recent Events

Weather: (Regional Links included)
The National Weather Service welcomes volunteers who have an interest in severe weather spotting to become part of the SkyWarn program. The training is free and open to the public. You will be given a Severe Weather Spotters Guide and trained on weather events similar to those listed in the guide. After you attend the training, you may have the opportunity to call the NWS several times a month to report "ground truth" weather information for what is actually happening near your house. Reporting severe weather phenomena will be for events like peak wind speeds, heavy rainfall, potentially severe thunderstorms like large hail or damaging wind, flooding, ice or snow storms, etc. The information you report will be used in the NWS warning program, which can help protect the lives and property of you and your community.

Portland Programs –

* Family Services and Community Outreach
It is our desire to empower families to improve the quality of their lives, transform holistically, and to share that transformation with the community they are a part.

* Distribute resources
Such as food, coats, school supplies and other needed items both seasonally and throughout the year when available. Each family is also offered guidance and weekly support in order to help them make necessary changes in their lives. Volunteers and those they engage can use an event as a springboard to real change for entire communities. Learn more see website.

* Feeding Program
Focuses on serving a healthy, well–rounded meal each evening (except Sunday) for low–income or homeless men, women and children, as well as, for community events to foster fun and fellowship along with the meal. A hot meal is often the first step toward helping a homeless person get a fresh, new start in life.

* Emergency Shelter
Offered to homeless men each evening providing them with a safe place to sleep, a nourishing meal, encouragement, clean clothing, a hot shower and a warm bed.

* Men's Long–term Recovery
A nine–month to two–year program that offers men the ability to escape the vice–grip of addiction with the help of in–depth individual and group counseling, community involvement and many other vital services. On–site and off–site AA Big Book Studies allow for recovery opportunities to reach deeper into a community of need.

* Women–only Hours
Offered during the weekdays at the mission. A Bible study is held, followed by showers, clothing and a food and fellowship time. This is an opportunity for ladies to experience a safe and welcoming environment where they can freely share their thoughts and emotions about the struggles they face as women on the streets.

* At our Educational Learning Center, each person receives diagnostic testing and is placed in the program based on their needs. Our goal is to help the whole person in recovery, we provide tools to fill the educational gaps that so many of our clients have. This self–paced, computer–interactive approach to education allows students to move from their accessed starting place to the point of their highest level of success. Students may work toward earning a GED or apply for college entrance as part of their academic plan.

NEEDS at:

Health Care Outreach
619 SW 11th Ave. Ste 225, Portland, OR 97205
Phone 503–546–4991
Web www.coalitionclinics.org

The Coalition of Community Health Clinics is a non–profit agency dedicated to the support of our members, a network of thirteen private, non–profit health clinics throughout Multnomah County. These clinics provide health services to the uninsured and under–served men, women and children in the Portland Metropolitan area.

Coalition Services & Programs
http://www.coalitionclinics.org/services.html
CCHC provides programs through grants and other funding targeted to support the community clinics in their work. Clinic

members benefit from support in areas such as pharmaceutical assistance, interpretive services, emergency preparedness, volunteer recruitment, free specialty consultations for patients, and shared specialty clinics. The following list describes current CCHC projects and programs which directly benefit the clinics, and through them, the community.

The Uninsured
Prescription Assistance

The Coalition provides planning and technical assistance to safety net clinics in six counties in Oregon (Region 1). The purpose is to design a regional response plan that increases the clinics' capacity to mobilize in order to provide a surge in services during a large–scale emergency. We are working closely with hospitals, local health departments, and government and private providers to formulate strategies for resource sharing and communications during emergencies. Funding for this project is provided by the Hospital Resources and Services Administration (HRSA) and is administered through the Northwest Oregon Health Preparedness Organization (HPO).

Services offered: Assistance, Referrals * General Information & Referral; Assistance, Referrals, Medical Resources Referral; Community Outreach Programs; Directories, Directory of Services, Regional; Financial Assistance, Medical, Prescription Assistance; Information Resource * (ANY/ALL Types); Medical, Facility, Clinic ($ Fee–Based Sliding Scale); Medical, Facility, Clinic, Free Clinic; Recruiter, Volunteer (Recruits Volunteers); Services, Disaster Preparedness; Services, Employment, Internship Program; Services: Translators, Interpretation Services

SEE WEBSITE for MANY more details:

https://www.communitywarehouse.org/ways–to–help/

Furniture makes a house a home.
No matter how, when, or where you give, you're giving families in need the gift of a home.

We couldn't fulfill our mission without the help of our generous donors, or our fabulous volunteers. And we're always in need of both! Learn how you can give the gift of home – today.

Plan to bring the following items to our Warehouses (however Pick ups are still unavailable at this time):

Kitchen Tables and chairs
Dishware (plates, bowls, cups, and silverware – no china or metal–rimmed dishware)
Cookware (pots, pans, cooking utensils)
Small appliances (microwaves, toasters, toaster ovens, coffee makers)
Armchairs
Coffee tables
Sofas (no sleeper sofas, sectionals, or recliners)
Hollywood (metal) bed frames
Nightstands
Mattresses and box springs (no King size)
(CHECK WEBSITE FOR CURRENT LISTS & information)

As we resume donation drop–off, our staff is excited to share with you several new details about the process of collecting your donations then getting them to neighbors in need. You have come to the right place because we will frequently update our website with our clients' most–needed items!

To ensure that your donations are accepted, please refer to the list below. Then, drop off your donations to our Warehouses (located in Portland and Tualatin) on weekdays from 10 am– 4 pm. Our staff will verify the quality and condition of these donations before collection. At this time, furnishings that are too large or heavy may be declined.

Clients and their families receiving your donations will see these items for the first time upon delivery to their doorstep. Community Warehouse staff ensures that the quality and condition of donations will immediately give clients the feeling of delight, excitement, and dignity.

Considering this, acceptance of donations will be at the discretion of our staff.

Thank you for helping us put used goods to good use!

Volunteer
The generosity of our volunteers allows us to fulfill our mission – putting used goods to good use – every day. You'll get a fun, hands–on experience by volunteering in our furniture bank, our Estate Store, or at one of our events. Whether you're a first time volunteer or a group looking to make a difference, we'll welcome you with open arms – and a smile. Help families by joining our volunteer family today.

Dignity Village

Shelter · Open

9401 NE Sunderland, Portland, OR 97211

Phone (503) 281–1604
Web www.dignityvillage.org
Service Temporary

What you can do to help.

You too can help Dignity village out by donating some of your time. They allways have some kind of stuff going on. Just give them a call at the number below.

You may donating clothes, and personal hygiene stuff for men, and women.
You can donate cat food, dog food, blankets and sheets, Even canned food.

There will be a list in the menu in the comming weeks as we post things on the website. Feel free to stop by if in the area. You can also call us at

503–281–1604

Our snail mail is here in case you would love to mail your support.

Dignity Village
9401 N.E. Sunderland ave.
Portland Or. 97211

Or you can just stop by and visit the village for a tour.

The village runs on about 3000.00 a month in bills.
It pays for propane to heat water for hot showers
60 plus people use it daily .
It payes for Elect, so they can have computer access, for job hunting.
There is also a TV in the commen's so they can feel a little normal, and socialize with others.

Living on the streets for weeks and months, and for some years.
It also payes for the portoilets that 60 plus people use Daily.
It pays for insurance to live there, and water that they use.

Any small or large donation is much needed.

Thanks

Donations Wish List
We do not need coffee pots at this time. Please do not donate dirty, stained, or torn clothing. These items cost money for us to dispose of.

January 2011 – Flood

City crews have stocked sand pile and sand bag locations throughout the city for any resident or business owner who wants to protect their property from flood damage. Sand and sand bags are provided at no charge; you must bring your own shovel. The following locations are stocked:

SE 88th Ave just south of Holgate Blvd in the parking lot at Lents Park,
SE 108th Ave and Foster Road, just south of Foster on the south side of the bridge,
SE 111th Ave and Harold St at the southeast corner of the intersection, and
SW 42nd Ave and Vermont St in the lower parking lot of Gabriel Park.

http://www.portlandonline.com/transportation/index.cfm?c=39132&a=333876

–––
Source at:
http://southeastportland.katu.com/content/weather–service–johnson–creek–flood–sunday

Additional closures
Early tomorrow morning city crews will stage barricades for other anticipated road closures, including Southeast Cherry Blossom Drive between Stark and Market streets and Southeast 92nd Avenue between Division Street and Powell Boulevard. Crews will monitor these areas and will be dispatched immediately to close the streets if they flood.
City officials are asking for the public's assistance in identifying other flooded streets or intersections. The public can call (503) 823–1700 to report a particular location, and we're told crews will be dispatched to that location as soon as possible.
"The public is advised to obey street closures and barricades to protect life and property," the Portland Bureau of Transportation reports. "Motorists who ignore street closures and drive through barricades face a $360 fine. People who live and work on flooded streets that are closed are also subject to the fine if they drive through the barricades."

WARNING & ALERTS –

Sign up for Public Alerts to ensure timely emergency notification
Multnomah County uses an automated “reverse 911” alert and notification system that can advise residents of an emergency through their telephone landlines. While this service will reach any person with access to their landline at the time of the call, it’s become increasingly common for people to only carry cellular telephone service.

To ensure the county can reach you with an emergency message, sign up for Public Alerts – an optional service that allows you to add your e–mail, cell phone number and additional contact information to the secure contact database. Through Public Alerts, you can receive notification e–mails and text messages, and be contacted at multiple phone numbers, which increases the likelihood that you’ll receive timely notice of floods or other events.

For more information about Multnomah County's emergency planning services, visit http://web.multco.us/em. To sign up for Public Alerts, visit https://www.publicalerts.org/.

Help fill the Oregon Food Bank Network's empty warehouse shelves – 09/21/07
PORTLAND, Ore. (Sept. 21, 2007) - The Oregon Food Bank Network needs your help.

"Oregon Food Bank's warehouse shelves are as empty as I've ever seen them," said Rachel Bristol, OFB's CEO.

On average, OFB normally has 300,000 pounds of new donations to offer the OFB Network weekly and delivers about 700,000 pounds of food each week from its warehouse to its network of regional food banks and local helping agencies throughout Oregon and Clark County, Wash. But in the last few weeks, weekly offerings have dropped by 25-75% and statewide deliveries are down 200,000 pounds per week.

"The entire statewide Oregon Food Bank Network of regional food banks and the 900 local agencies we serve throughout Oregon and southwest Washington are feeling the impact," Bristol said.

The situation

• OFB is shipping available food to regional food banks and local agencies as quickly as it comes in.

• Salvaged product (dented cans from retailers) is disappearing. OFB has depleted its salvaged inventory.

• OFB's has depleted its frozen-food inventory, product that in recent history has served as OFB's safety net.

• U.S.D.A. commodities: OFB continues to see a severe decline in U.S. Department of Agriculture commodities. During the last two months, U.S.D.A. commodities dropped an additional 300,000 pounds. Overall, during the last four years USDA commodities have dropped 52 percent or more than six-million pounds.

• Food industry: Food-industry donations are down 1.1-million pounds in comparison to the same period last year. The combination of a strong consumer market, high commodity prices, increased biofuel demand, increased efficiency in food manufacturing and international markets mean both national and local sources of food are way down.

• Food recall: Last month, due to a major, nationwide recall of products from a food-processing plant, OFB returned two-and-a-half truckloads of product to the manufacturer and has additional two-and-a-half truckloads of product on hold that OFB can't distribute.

"All of this means we have a big gap to fill - even before the holiday giving season - and need your support more than ever to help people in need," Bristol said.

This situation isn't unique to Oregon," Bristol notes. "Food banks across the country - Oklahoma, California, New York - report similar shortages." (See New York Times, Sept. 20, 2007)

How to help

• Donate funds.

Donate on line at www.oregonfoodbank.org. OFB will use funds to help acquire, store and move food.

• Food industry (farmers, processors, distributors, retailers and wholesalers)

OFB welcomes donations from all sectors of the food industry. Please call Mike Moran, OFB's food resource manager, (503) 282-0555, Ext. 209.

• Cans Film Festival Food Drive

Participate in Cans Film Festival Food Drive, Thursday, Sept. 27. Bring three cans - more if possible - of nonperishable food to any Regal Cinemas theater and see a free movie and get free popcorn. Don't have time to see a movie? You can still drop off food at Regal Cinemas, Sept. 27.

• Organize a food drive

Organize your own food drive. OFB can help. Please call Maryann Brunner, (503) 282-0555, Ext. 226. Drop off donations at OFB facilities or call us for the location of an OFB Network agency near you.

• Donate part of your harvest

Harvesting your garden? Donate part of your harvest to your local food pantry or soup kitchen. Call OFB, (503) 282-0555, to find out the local hunger-relief agency in your neighborhood.

• Write U.S. Senators

Write your U.S. Senators. Ask them to support increased funding for TEFAP (USDA emergency food) in the farm bill.

Thank you for collecting food for people who are hungry. Please bring your food donations to one of Oregon Food Bank's two warehouses:

Oregon Food Bank (Northeast Portland facility)

Phone 1st Responder Training – Register Online
Web www.pdxprepared.net
Service Temporary

Welcome
Whatever your background and physical abilities may be, the Neighborhood Emergency Team (NET) in your neighborhood needs you! The basic training will give you the skills to work with your neighbors to save lives and property during the first 72 hours of any citywide emergency. The skills you'll learn in the free NET training will also help you manage emergencies that you may encounter in daily life.

You and your neighbors will be the first people to respond in a major disaster. Professional rescuers will have to focus first on the most dangerous situations where the most people can be helped. That means neighborhoods will be on their own for a significant

amount of time, perhaps days. Past disaster statistics show that fully 80% of all rescues are performed by untrained citizens. The NET program aims to prepare all communities with the skills needed to be safe and effective when disaster strikes.

NET training is available to anyone who lives or works in the Portland Fire & Rescue service area and is at least 14 years old. Register for the next training!

Includes:
Staging Area Map for training contacts!!!

Basic NET training consists of 25 hours of emergency response training, including a final written and practical exercise. It is available free of charge to anyone who lives or works in Portland and is of at least 14 years or more in age. Attendance of all classes are required in order to complete the program.

Web www.rebuildingcenter.org
Hours Monday – Saturday 9–6, Sunday 10–5
Service Temporary

The ReBuilding Center is a project of Our United Villages, a non–profit community enhancement organization. Developed by dedicated volunteers, The ReBuilding Center is modeled after successful building material reuse centers throughout North America (over 500 in the United States and Canada).

The ReBuilding Center opened to the public in 1998 and moved to a 24,000 square foot warehouse in 1999. By 2001, five tons of materials were being kept out of the landfill each day! In 2005 The ReBuilding Center completed its expansion project, adding 40,000 square feet of developed property and the potential to divert nearly ten tons of construction and demolition waste per day by 2008.

The ReBuilding Center is a popular destination for homeowners, do–it–yourselfers, contractors, artists, and enthusiasts interested in building with affordable, environmentally low impact materials. With an inventory that changes by the hour, The ReBuilding Center is the largest non–profit used building materials resource in North America.

The Five Major Goals of The ReBuilding Center:

Contribute to the sustainability and health of our environment by diverting for reuse waste that would otherwise have been discarded into landfills; Provide environmentally sound, affordable, quality used building and remodeling materials to people of all income levels; Create livable–wage, local jobs for people of all backgrounds in an economically depressed area of our region;
Educate Oregonians about the environmental and community benefits of diverting waste for reuse and recycling; and
Provide stable funding for Our United Villages' community enhancement work.

The ReBuilding Center plays an important role in the region's effort to maintain livable neighborhoods, preserve natural resources,
and reduce reusable materials from entering the wastestream. With widespread community support, The ReBuilding Center diverts 4.5 million pounds of reusable building materials from entering our landfills each year.

Thank you for making The ReBuilding Center a vibrant resource that strengthens the environmental, economic, and social fabric of local communities.

Winner of the Oregon Ethics in Business Award, Oregon Entrepreneurs Forum Award,

3131 N. Vancouver Ave., Portland, OR 97227

Phone	(503) 284-1234
Web	www.redcross.org/local/oregon.html
Serves	Baker, Clackamas, Clatsop, Columbia, Hood River, Gilliam, Morrow, Multnomah, Sherman, Tillamook, Umatilla, Union, Wallowa, Wasco, Washington and Yamhill counties
Eligibility	City of Portland
Service	Temporary

2012 Superstorm Sandy

Donations –
http://www.redcross.org/charitable-donations

VOLUNTEERS NEEDED –
Each winter the American Red Cross works with the City of Portland to operate a Severe Weather Emergency Warming Center for homeless individuals. The Emergency Warming Center is opened during severe weather events and provides a safe and warm location for individuals to be inside and not exposed to the elements and potentially freezing to death. In order for the Red Cross to operate the Emergency Warming Center we need volunteers!

To sign up and be available for the Emergency Warming Center interested individuals need to do the following.

1. Complete a volunteer application for the American Red Cross,
2. Schedule and attend an Emergency Warming Center Orientation.
3. Have reliable transportation and be available during severe weather events to volunteer at the Emergency Warming Center.

Emergency Warming Center Orientations are currently scheduled for the follow dates and times at the American Red Cross, 3131 N Vancouver AVE Portland, OR 97227. All orientations will occur in the Tillamook Conference Room on the second floor.

Tuesday, November 13, 2012, 5:30 – 6:30pm
Monday, November 19, 2012, 12:00 – 1:00pm
Monday, November 26, 2012, 6:00 – 7:00pm
Thursday, November 29, 2012, 4:30 – 5:30pm
Saturday, December 1, 2012, 2:30 – 3:30pm

Services offered: Demographic Served: Homeless; Demographic Served: Survivors, Natural Disaster Impacted Communities; First Responder, West Coast Region; Services, Homeless, Services for the Homeless; Shelter, Animals, Animal Shelter; Shelter * (ANY/ALL Types); Shelter, Emergency Shelter, Winter Shelter; Shelter, Red Cross Shelter Updates; Support for "All" Disasters; Training * (ANY/ALL Types of Instruction) ; Training Classes, Volunteer Orientation & Training; Training, Medical, Education, Certification, CPR, First-Aid Certification; Volunteer Opportunities, In General * (ANY/ALL Types)

MAP

Oregon Trail Chapter: Serving Baker, Clackamas, Clatsop, Columbia, Hood River, Gilliam, Morrow, Multnomah, Sherman, Tillamook, Umatilla, Union, Wallowa, Wasco, Washington and Yamhill counties.

Oregon Mountain River Chapter: Serving Crook, Deschutes, Grant, Harney, Jefferson and Wheeler counties and Warm Springs Reservation.

Oregon Pacific Chapter: Serving Benton, Coos, Douglas, Lane and Linn counties.

Southern Oregon Chapter: Serving Curry, Jackson, Josephine, Klamath and Lake counties.

Willamette Chapter: Serving Lincoln, Marion and Polk counties.

DONATIONS:
https://www.redcross.org/donate/donation.html/?donprodid=100086

Want to help people specifically affected by the California, Oregon or Washington wildfires? Write “California Wildfires,” “Oregon Wildfires” or “Washington Wildfires” in the memo line of a check and mail it to your local Red Cross chapter with the completed donation form. For California Wildfires you can also text the word CAWILDFIRES to 90999 to make a $10 donation.

If you have the time, you can make a significant impact as a Red Cross volunteer. Review our most urgently needed volunteer positions at redcross.org/volunteertoday. More information is available here.

MANY OPPORTUNITIES listed at site: redcross.org/volunteertoday
Volunteer from Home (Virtual Positions)
In times of disaster or social isolation it can be difficult for people to leave their homes to volunteer in the community. Even while staying home, there is opportunity to support the Red Cross mission virtually. We have a wide range of volunteer opportunities in which volunteers can engage remotely

Click "Apply Now," then search for “NHQ” or “virtual” in the search bar to find virtual/volunteer from home positions.
*Note: Positions will vary based on location.

UPDATES for 2010 Haiti Earthquake –
http://shacnorthwest.org/eq%20update.htm

We have established three categories of goals concerning children, youth, adults, and talents of all ages.

Our children categories include the followings:
Singing, Haitian Traditional dance, painting, Drumming classes, languages classes such as the Haitian Creole and French and field trip.

Our youth categories goals include the followings:
Teaching public speaking skills, behavior in the family and in the society, civic engagement, Technical school resources, Haitian Traditional Dance, Drumming classes, a crochet, embroidery and providing education and library resources, and field trip.

Our adult category goals include the followings:
Social services, translation, lectures and documentations about Haitian culture, family wellness class, Employment resources and basic Haitian culture classes are taught to the Broader and the Adoptee parents. We also keep the Community update of any Neighborhood activities or any official decision in the city of Portland.

Basic Haitian culture information is available to the public. And all services and classes are open to the public as well.

Our biggest Annual event is the “Haitian–Caribbean Festival, where we share our culture with Haitian–Caribbean spicy food, music, arts and more.

DONATIONS –

SHACS encourages you to continue supporting Haiti. SHACS is sending relief container to Haiti which needs to be shipped to Haiti as soon as possible. That will not be possible without your generous support. You can donate through our website or mail you’re your contribution to: PO Box 33472, Portland, OR 97292. All donations are tax deductible.

2008 –

Union Gospel Mission offers emergency shelter during freeze

Cold weather, slick roads, school and event cancellations are all problems many of us face during the freezing cold weather in Portland. These are minor annoyances when you are homeless. During this freeze Union Gospel Mission is offering an emergency overnight shelter to the homeless. The dining room at the Mission is a place to sleep out of the cold.

Union Gospel Mission needs blankets, coffee and pastries for the emergency shelter. Please drop off these items at 15 N.W. Third Avenue, or call 503–274–4483.

You can make a donation online to help at www.ugmportland.org

Looking for a great opportunity to impact your community? Then you are looking in the right spot! Union Gospel Mission seeks volunteers in a variety of areas. There are one time, short term opportunities or long term intensive ones to choose from. So, come on your own, or with a church, school, workplace or civic group and get involved!

How to volunteer

Give us a call at 503–274–4483, and ask for the volunteer coordinator to learn about volunteer openings. Or email to volunteer@ugmportland.org

http://www.ugmportland.org/volunteer.html

Solidarity

We would like to take a moment to acknowledge that while the COVID–19 pandemic is consuming a lot of our attention, it has not stopped the violence and injustice that exists in the world, and this is very much true for the deep injustices that the black community is facing in the United States.

We stand in solidarity with our colleagues who are feeling the pain of violence and injustice in our state and in our country. We welcome any input as to how we can ensure that ORVOAD acknowledges, listens and acts to make meaningful change around systemic racism.

Transitions

The time between June and July will mark a transition of leadership for ORVOAD. Michelle and Susan are so happy to welcome Rashad Bauman as the new President of ORVOAD.

ORVOAD – Working Cooperatively in a Crisis

Following a disaster, ORVOAD convenes its members and other agencies to discuss how they will work together cooperatively in the crisis. ORVOAD does not itself deliver services. Instead, its members independently meet relief and recovery needs within the cooperative framework the organization makes possible.

ORVOAD coordinates planning by the many voluntary agencies responding to a disaster so they provide more effective service with less duplication when a disaster strikes.

MEMBERS:
Oregon Voluntary Organizations Active in Disaster is not intended to be a competing agency but an umbrella organization of existing agencies. Each member organization maintains its own identity and independence yet works closely with other agencies to improve services and eliminate unnecessary duplication.

ORVOAD consists of voluntary and state government organizations with disaster relief roles. VOAD functions include animal control, building repair, child care, clean up, clothing, communication, counseling, damage assessment, disaster welfare inquiry, financial assistance, food, human relations, mass care, sheltering, transportation, volunteer staffing, and warehousing and bulk distribution.

Long Term Recovery Groups (LTRGs)
Oregon VOAD is currently supporting the following communities with Long Term Recovery Groups:
https://orvoad.communityos.org/cms/LTRG

SafeHaven Shelter for Families

SafeHaven is Portland's only 24–hour, winter shelter where families can stay together while they receive assistance to get back on their feet. Our shelter, unlike most, allows families to stay together while we work with them to get them back on their feet. It offers a safe, welcoming sanctuary in which parents and their children can live, with food, clothing, a room of their own and a wide range of services and support to help them evolve to self–sufficiency –– case–management, emergency food and clothing, rent and utility assistance, classes on housing, parenting, budgeting, employment referrals, tenants' rights, drug and alcohol treatment referrals, tutoring and mentoring services for the school–age kids, domestic violence support groups, assistance moving to transitional or subsidized housing, mental health counseling and more.

SafeHaven has the capacity for 27 to 35 bed nights of shelter each night, at rare times sheltering up to 40 persons. Over a twelve–month period, SafeHaven has the capacity to provide approximately 12,775 bed nights.

http://www.ywca.org/site/pp.asp?c=9oILKWMCF&b=108176

Our wish list is diverse and includes necessities for families served through our residential programs. All items should be new and unwrapped.

Or give a store gift card! Fred Meyer, Target and Macy's gift cards allow program participants to purchase what is most needed.

Please contact Shannon Spencer at shannons@ywca–pdx.org at (503) 294–7382 to donate items on the Wish List. Upon delivery of your donated items, you will be asked to fill out a donation form for tax purposes.

Checks payable to Loaves & Fishes Centers
Service Temporary

Overview

Meals–On–Wheels are hot, nutritious lunches that are delivered Monday through Friday between 11:00 a.m. and 1:00 p.m. to the homebound elderly who meet the requirements. Meals–On–Wheels are delivered by friendly volunteers, many of whom are the only people the homebound elderly see during the day. Weekend and Holiday meals are also available to seniors at the highest risk of malnutrition.

Meals are provided on a donation basis and participants are encouraged to donate toward the cost of their meals as they are able. The suggested donation is $2.75 per meal.

Call us at (503)736–6325 for service in Multnomah or Washington counties

Call us at (360)699–6325 for service in Clark County

Services

Loaves & Fishes Centers provides Meals–On–Wheels to homebound seniors and group dining at 30 locations in Multnomah, Washington and Clark counties. Several of our centers offer ethnic menus. Meals are also available to qualified seniors on weekends.

* Meals–On–Wheels
* Meal Centers
* Weekend/Holiday Meals
* Ethnic/Multicultural Programs

* Enhance Fitness
* Monthly Menu

Multicultural Outreach

Volunteer Opportunities

Loaves & Fishes Centers could not exist without the help of more than 350 volunteers every weekday. Our volunteers help prepare and serve meals to seniors in 30 different Meals–On–Wheels volunteer meal sites throughout Multnomah, Washington and Clark counties, as well as deliver nearly 2,700 Meals–On–Wheels to homebound elderly on an average day.

CONTACT INFO:

Volunteer Manager Angel Pilato at (503) 736.6325 ext. 86239 or volunteer.manager@lfcpdx.org

2009
http://www.portlandtribune.com/news/story.php?story_id=125852332988094100

Starting in July, Loaves and Fishes had to comply with new, stricter state regulations for background checks on volunteers in all types of federal– and state–funded programs.

Background check requirements means no more spur–of–the–moment volunteers

I'd encourage anyone who would like to help the Meals–On–Wheels program – even if you only want to be an "emergency" driver – to call Loaves and Fishes and get signed up right now. That way, the background check can be completed and you will be cleared to work when the weather is bad. L&F is a great organization and deserves your support.

Services offered: Directories, Directory of Services, City/Town; Meals, Congregate Feeding, Meals; Meals, Lunches (Hot); Meals, Mobile Meals; Transportation, Ride Service (FREE or Sliding Scale); Volunteer Opportunities, In General * (ANY/ALL Types)

Mass Commodities Distribution in an Emergency
Community Points of Distribution Planning Guide

State Staging Areas – (? for 2010 ?)
http://www.oregon.gov/OMD/OEM/plans_train/docs/c–pod_guidance.pdf

For Oregon, the Pre–Identified Federal ISB location is the
US Forest Service facility in Redmond

Alternate locations include PDX and McCord/Fort Lewis in Washington.
(not primary due to hazard conditions at PDX and McCord/Lewis is primary facility for WA)

From here commodities are shipped to state staging areas.

A temporary site(s) established in close proximity to a disaster impact area To receive commodities.

From here they are sent to local jurisdictions. When declared operational, resource delivery to the State Staging Area will begin immediately. The goal of each staging area is to provide needed resources to C–PODS within 12 hours of receiving a request.

State Level Staging areas:

•Roberts Field (Redmond)
•Portland International Airport (PDX)
•Mahlon Field (Eugene)
•McNary Field (Salem)
•Hillsboro Airport (Hillsboro/Portland
•Rogue Valley International (Medford)
•Astoria Airport
•Klamath Falls Airport
•Corvallis Airport (no tower, not a controlled airport)
•Pendleton Airport
•Southwest Oregon Regional Airport (Coos Bay). Low elevation, susceptible to tsunami.

Community Points of Distribution (C–PODs)

•Provides commodities directly to the public. C–PODs are temporary locations where commodities are distributed directly to those affected.
•C– POD supply and resupply requests are handled through OEM via county request.

•For safety, Community Points of Distribution are normally open 12 hours each day and are re–supplied at night.
•Counties must provide a minimum of 3 C–POD locations with lat/long coordinates to the state for 2010.
vehicle passing through a distribution point will receive the following:
2 or 3 bags of ice
1 case of water (9 – 12 liters)
6 MREs
1 tarp
1 truck load of ice and water will serve 1,660 vehicles or about 5000 people.
1 truck load of MREs will serve 3,624 vehicles or about 10,000 people.
1 truck load of tarps will serve 4,400 vehicles or about 4,400 homes.
*additional types of aid may also be given if the situation allows (pet food, clothing, etc.)

See above weblink to see staging area design and "design flows" for cars/hours, etc

OREGON WILDFIRE RESPONSE UPDATE: SEPTEMBER 13, 2020

Salem, OR – September 13, 2020 – State, federal, county and tribal partners are fully engaged in response and recovery efforts for the more than 30 fires burning statewide in Oregon.

With thick smoke limiting aviation resources, firefighters are struggling to contain the fires, the largest of which is more than 55 miles wide.

More than 1 million acres have burned, leaving thousands of Oregonians displaced from their homes. A total of 3,023 people are currently being supported in shelters run by local counties, the state and the American Red Cross. Shelters are following COVID–19 guidance for group and non–congregate settings to limit spread of the virus. Many evacuated Oregonians are sheltering with friends and family, while others are staying in RVs or vehicles. The American Red Cross has temporary shelters available throughout western Oregon, and those shelters have space available for more evacuees. For a list of temporary shelters, see the Red Cross Oregon website.

Help donations go where they are needed most
Though well intended, please do not take donations to evacuation centers. Counties have received an influx of donations of materials they are unable to distribute. Unsolicited goods burden local organizations' ability to meet survivors' confirmed needs, drawing away valuable volunteer labor, transportation and warehouse space.
At this time, the best way for the public to help people who are affected by wildfires is to make a financial contribution to the

American Red Cross or one of the certified organizations that are members of Oregon Voluntary Organizations Active in Disaster. These on–the–ground organizations know what items and quantities are needed, often buy in bulk with discounts and, if possible, purchase through businesses local to the disaster, which supports economic recovery.

To donate food, water and other items, reach out to your local food pantry or Community Action Partnership to see if they are able to receive donations. Find food pantries at https://foodfinder.oregonfoodbank.org/. Community Action Partnership of Oregon: https://caporegon.org/ Phone: 503–316–3951

Help find and reunite loved ones:
OEM urges the public to update information on their status with the Red Cross. Let loved ones know you are safe at the American Red Cross Safe and Well Website. State emergency managers encourage people affected by the fires, whether or not they have evacuated, to register on the site. It is a helpful tool that can bring relief to people looking for loved ones during these fires, and help inform search efforts.

Resources
News media and the public can receive news releases from the Oregon Office of Emergency Management by signing up with an email address at the FlashAlert website.
Members of the public who are seeking additional information, dial 211 or 1–866–698–6155. You can also text your zip code to 898211 (TXT211).
Visit wildfire.oregon.gov for information about donating, volunteering, packing checklist and emergency response agency websites by county.

Christine Pitawanich/KGW
1d ·

These two women are inspiring! They've both lost homes due to wildfire but in all of the chaos, they've helped create the Santiam Canyon Wildfire Relief Fund and are working with Santiam Hospital, Stayton, Oregon to do it.

The idea: People living in Santiam Canyon helping others living in the same community. The goal is to connect families in need, to people who can give, with a team at Santiam Hospital serving as a go–between. The beauty of it? The hospital already has a team dedicated to helping fill needs in the community. Now that team will help people in the canyon rebuild.

Starting 9/12 donations can be made online at www.santiamhospital.org.

Monetary donations can be mailed to:
Santiam Canyon Wildfire Relief Fund
c/o Santiam SIT of Santiam Hospital
1401 North 10th Ave.

FROM RELIEF WEB – 2010 Pakistan Flood Response:

Medical Teams International Responds To Crisis In Pakistan
Source: Medical Teams International
Date: 04 Aug 2010

Medical Teams International is responding to the recent disastrous flooding in Pakistan. They have shipped three containers of medical supplies to partners on the ground in the flood–affected area of the country. The medicines and supplies are enough to help hundreds of thousands of people and are valued at nearly $2 million.

The essential medicines and supplies have arrived in the Northwest region of Pakistan where heavy rain has caused rivers to overflow their banks. More than 1,500 people are known to have died in the floods. The supplies have been received by in–country partners, Hope International and Poverty Eradication Initiative, and are being used to respond to the urgent health needs of those affected by the flooding.

Medical Teams International will air–lift more supplies to their partner in Pakistan early next week. This unit is approximately one metric ton and will serve 10,000 people for 3 months. Valued at $421,000, it will provide urgently needed medicines and supplies to the partner's hospitals and clinics in Pakistan.

In addition, Medical Teams International will determine if teams of emergency medical professionals can be deployed to address emergency health care needs at a partner hospital. Medical Teams International is accepting donations for their response to the Pakistan floods. Please visit www.medicalteams.org for more information.

Disaster
We respond to some of the most devastating and difficult disasters around the world. Within 48 hours, we send volunteer medical professionals (MDs, RNs, NPs, PAs and Paramedics) to natural and manmade disasters to care for the sick and injured.

Development
Our volunteer teams and staff work to establish long–term solutions for international communities plagued by chronic poverty, lack of medical care and minimal educational opportunities.

Distribution
We partner with organizations in more than 70 countries to distribute medical supplies to people in need, passing the $1 billion mark in supplies shipped in January 2007. In the USA, we annually distribute more than $1.7 million in hygiene products and over–the–counter medications to social service
agencies.

Mobile Dental
Our Mobile Dental program serves more than 15,000 people annually, partnering with more than 200 organizations, including schools, social service agencies and churches. Professional dental volunteers treat the homeless and
uninsured in 39 Pacific Northwest counties each year.

Our work in North America

While the work of Northwest Medical Teams focuses primarily on developing countries, we continue to respond to large-scale disasters in our own country.

2005-2006: Gulf Coast hurricane response & recovery

Initial response: Staff & volunteers deployed as soon as possible for the New Orleans convention center, where they aided in logistics & medical care. As we established partnerships with local churches, shelters and organizations,
we sent more volunteer medical teams, as well as health supplies and financial support.

Current focus: Rebuilding homes in Mississippi & Louisiana; sending trauma counselors.

Volunteers: 220 volunteers on 35 teams. Teams include medical, demolition /construction & counseling.

Supplies & financial support:

More than $5.5 million committed for disaster relief in the Gulf Coast

Nearly $900,000 in medical supplies, hygiene products & household items to shelters, churches & schools

$28,000 to fund a mobile medical van that travels to resettlement areas & FEMA trailer communities near Baton Rouge; $10,300 of flu vaccine to stock it.

Last December, Gift of Hope teams delivered toys, cleaning supplies and hygiene products to children and their families in Louisiana and Mississippi

Mobile health van: One of our Mobile Dental vans, temporarily re-designated as a medical unit, worked with the Louisiana Department of Health and Hospitals, traveling throughout the Baton Rouge area to administer immunizations to 1500 people. It relocated to Utica , Miss., when Hurricane Rita struck & served in Lafayette, La., as a mobile pharmacy.

Current team openings: Gulf Coast

Team opportunities on the Gulf Coast are limited to demolition, debris removal and construction teams. Skilled laborers (general contractors, electricians, plumbers, carpenters, etc.) are desperately needed for reconstruction.

Cost: Volunteers pay airfare only. All accommodations, food and ground transportation is provided by Northwest Medical Teams.

Details: We prefer pre-arranged groups of 8-12 people. Each team member must submit a completed volunteer application. We plan to send approximately one team to each location every month through June 2007, each trip lasting for one week.

Students & children: Only 18 & up, please.

To apply for a team:

http://nwti.convio.net/site/PageServer?pagename=inv_vol_opp_gulf

New Orleans, Louisiana Work teams participate in the demolition and debris removal of homes affected by Hurricane Katrina in the New Orleans area. Teams are primarily comprised of church or civic groups.

Dates: All teams are currently full; please check back for availability.
Approx. cost: $250-$550
Coordinator: Catherine Hockett

Moss Point, Mississippi Construction teams renovate homes damaged by Hurricane Katrina in Moss Point, Miss., and surrounding communities. Teams are comprised of skilled laborers (general contractors, electricians, plumbers, carpenters, etc.)

Dates: Sept. 06, May–June 07
Approx. cost: $250–$550
Coordinator: Catherine Hockett

If you are interested in any of these teams, contact Catherine Hockett, Gulf Coast team coordinator [800.959.4325, x1030]. We look forward to partnering with you to serve the needs of many people!

Volunteer with Compassion First
Vernonia Outreach

Compassion First has partnered with Medical Teams International
(formerly Northwest Medical Teams) to help rebuild and restore

the community of Vernonia. If you are available and interested in volunteering, following are the areas of immediate need (Download the Volunteer Forms):

Field–based in Vernonia:

* Phase 1 – immediate need: Stabilization and gut outs
* Phase 2 – following stabilization: restoration and rebuilding

Office–based in Beaverton:

* Receptionist and light office work – 1/2 day to full day shifts
* Accountant and/or numbers–minded resource

Tools and Materials:

If you have a resource for tools or other rebuilding materials that could be utilized for this relief effort, please contact Michael Do via the information below.

Financial Support:

If you would like to provide financial support, checks should be made payable to Compassion First and sent to the address below.
Funds will be utilized for field–based work such as fuel, volunteer incidentals and sustenance (food/water) and any tools or materials
unavailable via Medical Teams International or other relief sources.

POSTED:

SHELTER SET UP

The Vernonia Police Department and the City of Vernonia have set up a shelter to accomodate people who don't have an alternate heating source while the power is out in Vernonia.

The shelter is at the Vernonia Middle School and will be open until power is restored to the community. Hot meals are being served and there is plenty of heat and hot coffee.

If you know of friend or neighbor who has no heat and needs a place to warm-up please direct them to the shelter. It is not known when power will be restored to the community.

You can call the Vernonia Police Department for more information.
503-429-7335

NOTE: This shelter will be moving to higher ground should river levels continue to rise. 3 separate locations are scheduled to offer assistance to anyone displaced by flood waters.

https://www.communityservices.org/news/2020/9/14/acs-responds-to-fires-in-the-pacific-northwest

States in the Pacific Northwest are the latest to be struck by raging fires. NAD ACS is in communication with the North Pacific Union Conference ACS leadership on how to best assist the affected communities. Upper Columbia Conference ACS DR has received a request from Spokane Regional Health District for volunteers to assist at the Spokane Convention Center which is housing evacuees.

In the state of Oregon, small fires that started September 7th night in the Clackamas County last week continued to spread rapidly. The county had suggested using the Gladstone Campground as an evacuation site for RVs. Laura Pascoe, the executive director of PACS, and Andy Villanueva, ACS DR director of Oregon Conference, got together with the leadership at the conference to make it happen. The campground is currently housing over 125 RVs and trailers.

Every day more and more residents from the community are showing up asking for help. "When someone drives up and asks, 'Do you still have room for us?' and we say yes, you can see the relief come over them. Today is a crazy day, but because we're able to help our neighbors, it's a great day, too," said Villanueva. Several people from the community are also dedicating their time and services to bring relief to those affected. Volunteers are leading evacuees into RV spots. Donations of food, water, children's board games, coloring books, and crayons have come in for evacuees. A truckload of food was brought in by the owners of Hue Vegan Cafe. On September 11th and 14th morning, free pancakes were distributed thanks to Chris Cakes Northwest. World Central Kitchen has also delivered food today for all the evacuees and volunteers.

Disaster Response

Whenever and wherever disaster strikes in the Northwest and around the nation, Adventist Community Disaster Response is there to help. The Northwest Disaster Response teams are organized in connection with North Pacific Union Conference coordinator Dennis Olson. Regional training events are held which help prepare interested members to serve their communities through disaster relief work.

For more information contact:

Dennis Olson
541-276-5943

Adventist Community Services Disaster Response (ACS DR)
ACS DR has an agreement with Federal Emergency Management Agency (FEMA) to provide donations management in times of a Presidentially-declared disaster. This means any Adventist is welcome to help in all types of disaster if they are licensed responders. FEMA is currently drawing up guidelines which will require all volunteers to be licensed with an affiliated organization in order to be allowed to help in the disaster area.

Volunteers are encouraged to become licensed so they can be used immediately and more extensively in disaster. Training events are provided for Seventh-day Adventist members to be ready for disaster here or to deploy to other areas of the country. Please refer to the training schedule listed for the Disaster Response training near you.

This record is in the process of being updated 11/5/12

Temporary Animal Movement Waiver
https://odanews.wpengine.com/temporary–animal–movement–waiver/

Due to the recent surge in wildfire evacuations and the need to find available shelter for animals, the Oregon Department of Agriculture
has been granted a temporary waiver for all animal movement to both Washington and California from Oregon. This waiver will allow
animals that do not change ownership and are returned back to their home in Oregon within 30 days from date of initial travel, permission for interstate movement to either Washington or California without a certificate of veterinary inspection and all related import requirements.

Questions regarding this can be directed to:

Email: statevet@oda.state.or.us

Petswelcome.com
Tripswithpets.com
VCA Animal Hospitals
*Contact these resources directly for current availability and COVID-19 conditions.

Veterinary Care:

RedRover Relief: Financial assistance grants for emergency veterinary care. Applications accepted online.

Resources by region:

Northern California
Central California
Southern California
Colorado
Oregon
Washington

https://www.facebook.com/RedRover.org/

YOU CAN HELP by making a donation, giving blood or becoming a Red Cross volunteer.

Help people affected by the western wildfires by visiting redcross.org, calling 800-RED CROSS or texting the words WILDFIRES to 90999 to make a $10 donation. Donations enable the Red Cross to prepare for, respond to and help people recover from these disasters.

Want to help people specifically affected by the California, Oregon or Washington wildfires? Write “California Wildfires,” “Oregon Wildfires” or “Washington Wildfires” in the memo line of a check and mail it to your local Red Cross chapter with the completed donation form. For California Wildfires you can also text the word CAWILDFIRES to 90999 to make a $10 donation.

If you have the time, you can make a significant impact as a Red Cross volunteer. Review our most urgently needed volunteer positions at redcross.org/volunteertoday. More information is available here.

OR
Web www.blm.gov/programs/public–safety–and–fire/fire–and–aviation/regional–info/oregon–washington/fire–restrictions
Service Temporary

When fire season goes into effect, some activities in the great outdoors are prone to start fires. In an effort to prevent these fires from starting, various federal, state, and local government agencies can impose fire restrictions. The Oregon Department of Forestry and the Washington Department of Natural Resources impose restrictions pertaining to public and work related activities in their respective states. Additionally, counties may impose bans on private lands within their county jurisdictions.

Information on closures and restrictions for the Bureau of Land Management Oregon and Washington are listed below. Contact the local district office for site specific restrictions or additional information.

Disaster Training
OR

Phone Directory of Local Teams Listed
Serves OR State
Service Permanent

Old History:

http://www.citizencorps.gov/cc/CertIndex.do?reportsForState&cert=&state=OR

Conclusion

CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number. CERT is a positive and realistic approach to emergency and disaster situations where citizens will be initially on their own and their actions can make a difference. Through training, citizens can manage utilities and put out small fires; treat the three killers by opening airways, controlling bleeding, and treating for shock; provide basic medical aid; search for and rescue victims safely; and organize themselves and spontaneous volunteers to be effective.

Wildfire Evacuation –
http://www.ashland.or.us/Page.asp?NavID=13512
Wildfire Information Hotline: 541–552–2490

Ashland Emergency Broadcast Station: 1700AM––tune in during emergency situations for up to date information.

Taking the correct route during an evacuation is critical for your safety. Please review the designated route in your neighborhood on the Wildfire Evacuation Map.
http://www.ashland.or.us/Files/Wildfire_Evac_Routes.pdf

Also look for the red, white, and blue evacuation route signs. If an evacuation is ordered, follow the directions given to you by officials, or tune to 1700 AM to get the best route out. We need you to follow these routes so fire engines responding to the fire can take a less congested route to the fire.

Protecting your home before the fire is the most effective way to fight a wildfire. For more information about fire safety visit our page on defensible space and the wildland urban interface. Also, you can schedule a Wildfire Home Evaluation any time of the year (at no charge) by calling Ali True at 541–552–2231.

MEALS, BLANKETS OFFERED TO JEWELL–AREA RESIDENTS

Hot food, blankets and a place to warm up will be available for residents of the Jewell/Elsie area enduring power outages and other problems stemming from the recent winter storms.

Clatsop County is offering a limited number of self–contained “Heater Meals” and blankets to the public Monday, Dec. 22 from 5 to 9 p.m. at the Sheriff’s Office Nehalem Valley Substation at 79532 Highway 202 in Jewell.

On Tuesday, Dec. 23, the county and American Red Cross will offer meals, coffee and a place to get warm at Jewell School at 83874 Highway 103. The school will be open from 11 a.m. to 7 p.m., and two meals will be served – from 11 a.m. to 1 p.m. and another from 4 to 6 p.m.

Emergency Disaster Services – The Salvation Army
Deschutes County – Emergency Food Support for Evacuees
Emergency Food Support for Evacuees in sheltering in hotels in Deschutes County.

We would like to express a heartfelt thank you to local restaurants and community members for the wonderful outpouring of food deliveries to the evacuees we are serving in Deschutes County.

As we move forward with future meals, we need your help to meet CDC guidelines by only serving individually packaged meals (“to go” type meals).

To help organize meal donations, please fill out this form. If we're currently able to match your offer of support with the current need we will get in touch with you shortly (24–48 hours).

https://docs.google.com/forms/d/e/1FAIpQLSeNY–tZUHdnWu5rc0kjQRbRAbhNJ7UmS1G1twyU2j–e8fogjw/viewform

DONATIONS
The best way to help evacuees is to make a financial contribution. Monetary donations allow disaster responders to immediately meet the specific needs of the disaster. 100% of your donation stays in Oregon to respond directly to the needs of those impacted by the Oregon Wildfires. There are a variety of ways the public can support The Salvation Army’s disaster relief efforts:

RESOURCES AVAILABLE FOR ARCHIE CREEK FIRE EVACUEES
The American Red Cross and other organizations continue to provide resources and assistance to those forced to flee their homes from the Archie Creek Fire.

Posted: Sep 13, 2020 8:32 PM
Updated: Sep 13, 2020 10:06 PM
Posted By: Emma Jerome
DOUGLAS COUNTY, Ore. –– The American Red Cross and other organizations continue to provide resources and assistance to those forced to flee their homes from the Archie Creek Fire.

RELATED: ARCHIE CREEK FIRE: LATEST NUMBERS, EVACUATIONS AND MORE

The Red Cross has an emergency shelter set up at the Douglas County Fairgrounds, but they aim to set up anyone who comes by with a free stay in an area motel. Plus, evacuees don't need to worry about paying the bill either.

"As long as (evacuees) at a level 2 or 3 evacuation they are allowed to stay and we just work it out with the national Red Cross administration to block out those rooms in contract with the hotels so they are allowed to stay until they can go back to their homes," said Judi Mahoney, a volunteer with the Red Cross.

She says they've found rooms for 100 people.

The Red Cross is still accepting donations but they want it to be known they can only accept commercially packaged products that are brand new and not expired if they are food. You can bring donations to the Douglas County Fairgrounds.

The Red Cross site was initially set up in Glide but once people started being evacuated they moved to the Douglas County Fairgrounds.

Both those in need of help as well as people who want to donate can call the Douglas County Health Services COVID and fire hotline where people are being matched together based on what they can offer and what others need.

There is also a 24/7 Red Cross hotline. That number is 1–888–680–1455.

TRIBAL NEWS –

http://www.gazettetimes.com/news/state–and–regional/article_0d7cd9d9–32cf–5dbf–ad70–b85a896eb4af.html

Posted: Thursday, February 18, 2010 4:02 pm

American Indian tribal officer may not be an Oregon police officer, at least the way state law defines the role.

The Oregon Court of Appeals has thrown out convictions for attempting to elude an officer and resisting arrest by a Jefferson County man in 2005 after he was stopped by an officer for the Confederated Tribes of Warm Springs.

Thomas Kurtz had argued that tribal Officer Joseph Davino lacked authority because tribal police are not included in Oregon law and the arrest occurred off the reservation.

The Court of Appeals agreed with Kurtz and reversed a Jefferson County trial judge who had refused to dismiss the charges against him.

The court said the tribal officer in this case was not an agent of any Oregon governmental agency and therefore was not a "police officer" as defined by state law.

Federal Emergency Management Agency (FEMA) Disaster Assistance Program

The Disaster Assistance Program (DAIP) provides disaster survivors with information, support, services and a means to access and apply for disaster assistance.

Before beginning the process to apply for disaster relief, people should know their residence address, and have other important information ready, including: social security number, insurance information, damage information, pre–tax household income, permanent and temporary phone numbers, and (optionally) bank direct–deposit information including the bank name, account type, routing and account numbers.

To apply, call 1–800–621–FEMA (3362)

–––

https://data.rgj.com/fires/incident/article/7170/56285/
Holiday Farm Fire Update 9/18
Springfield, Ore. –Infrared flight mapping was unavailable again last night, the Holiday Farm Fire's footprint is currently estimated at 172,510 acres and containment remains at 10%. The fire's perimeter measures more than 260 miles.

A tree faller was injured by a fallen limb while working to clear roads within the fire area. He was transported to the hospital by ambulance for evaluation and treatment. His injuries do not appear to be life threatening.

Friday's weather–An upper low will move across the fire area today and bring showers. The weather forecast continues to predict possible afternoon thunder storms with gusty erratic winds and small hail. Showers continue tonight and into Saturday but will gradually diminish.

Wildland fire crews will continue working to improve and increase fire containment using hand crews, fire engines and heavy machinery. Crews will be taking advantage of the wet weather to clear roads in the Quartz Creek area and will continue to focus along Hwy 126. Yesterday crews found and addressed a ten–acre spot fire.

Structural firefighters continue to work along Hwy 126 from Leaburg to Rainbow patrolling and clearing defensible space around houses. As conditions improve in and around buildings the need for structural resources is decreasing. This will allow these resources to return to protecting their home communities.

The Urban Search and Rescue Team will be entirely working west of Nimrod. They have completed 1,273 structural evaluations in the fire area. Structures include commercial buildings, residences and outbuildings. The US&R team is hoping to finish their work today and will be released when their mission is complete.

The Lane and Linn County Sheriff's Offices continue to work with fire operations personnel to modify evacuation zones where appropriate. For the latest information on evacuation areas, please visit: Lane County: www.lanecounty.org/mckenziefire Linn County: www.linnsheriff.org/fire_live_updates_sept_2020/ Please continue to monitor cell phones, landlines, local media and official information sources for evacuation updates. Fire managers request that the public please avoid the area. Roads are closed in the fire area and much of the Willamette National Forest (WNF) and Northwest Oregon District BLM. Road hazards include falling trees and rocks and debris.

For more information on closures on the WNF visit: https://www.fs.usda.gov/alerts/willamette/alerts–notices/?aid=61574

For more information on closures on the Northwest Oregon BLM visit: https://www.blm.gov/press-release/extreme-fire-activity-prompts-closure-bureau-land-management-lands-northwestern-oregon Fire personnel are warmed by the community's support but are unable to accept donations or use volunteers. The fire must use individuals with the appropriate qualifications.

RESOURCE CENTER OPENS FOR VICTIMS OF ECHO MOUNTAIN FIRE –
Posted: Sep 22, 2020 8:14 AM
Posted By: Chris Lueneburg
LINCOLN COUNTY, Ore.–– Victims of the Echo Mountain Fire in Lincoln County will be able to connect with resources at the Lincoln City Outlet Malls starting Tuesday.

According to officials, various agencies are hosting a Multi–Agency Resource Center in suite 200 of the mall. Representatives from the Planning Department, Solid Waste, Behavioral Health, Oregon Department of Forestry and FEMA will be available.

The MARC will be open on Tuesday from 3 p.m. to 8 p.m., Wednesday from 1 p.m. to 8 p.m., and Thursday 8 a.m. to 1 p.m.

No registration is required and the event is free. Due to the pandemic, a limited number of people will be allowed in at a time, and face coverings are required.

Visitors will be served on a first–come, first–served basis. Officials estimate that 20 to 25 families will be allowed in at a time.

Oregon wildfire survivors
Oregon Wildfires And Straight–line Winds (DR–4562–OR)
If you sustained uninsured losses or damage due to wildfires beginning Sept. 7, 2020, you may be eligible for disaster aid. Federal funds are available to help eligible individuals recover from wildfire in Clackamas, Douglas, Jackson, Klamath, Lane, Lincoln, Linn and Marion Counties.

To apply, call 1–800–621–FEMA (3362)
TTY, call 1–800–462–7585
711 or Video Relay Service, call 1–800–621–FEMA (3362)

VOLUNTEERS NEEDED –
Emergceny Warming Centers

Source:
http://www.volunteermatch.org/search/opp776012.jsp

Description
The Emergency Warming Shelters in Lincoln County are now operational and will be opening throughout the winter. The Newport Nazarene Church is now the Newport venue, which will open at 5:00pm. The First Baptist Church of Siletz, serving east county, will open at 4:00pm. The warming centers are open to families as well as individuals. Volunteers are needed to both provide food and to staff the center which requires a minimum of two volunteers for every shift. Anyone wishing to contribute should contact Leah Moore with the Nazarene Church at 541–270–7876 or Rick Russel with First Baptist at 541–444–1273. Thank you for your support.

NORTH LINCOLN County
CERT Blog

Debris removal

Downed trees not taken care of by their owners will be gathered from county roads to be used for firewood at area parks, according to Lincoln County Public Works Director Jim Buisman. Also, north county residents are encouraged to bring their debris

to the North Lincoln Sanitary Service's Schooner Creek Transfer Station through Dec. 15 to be recycled at no cost. Proof of address is necessary. Other solid waste will be charged at $14 per cubic yard, according to a press release. The hours of operation are 8 a.m. to 4 p.m. Monday through Friday.

Lincoln County Emergency Services Management Director Jim Hawley said cities are to come up with preliminary damage estimates and submit them to him Monday. He said these would be submitted to Oregon Emergency Management in Salem to give to the governor. He added that he and Commissioner Terry Thompson participated in a conference call with President George W. Bush Wednesday, informing him of the damage in the area.

In other storm news:

Without power and most likely not concerned with downed trees, the homeless did not have a shelter they could turn to, barring the Community Center in Lincoln City. Commissioner Bill Hall said that the plan he helped to create is to come up with a solution in the future.

A wastewater pump went down in Lincoln City and was spilling into Devils Lake. Paul Robertson, Devils Lake Water Improvement District manager, said no person or dog should drink or play in the water for seven days following the time when power is restored. He said the spillage creates a bacteria issue in the water that could cause stomach distress.

A patch of East Devils Lake Road that was raised by the county's road department has stopped water from traveling across the road. Although there was still some water close to the edge lines, Buisman said the temporary improvement did well under this week's extreme conditions.

Linn County Sheriff's Office website
https://www.linnsheriff.org/fire_live_updates_sept_2020/
Fire Evacuation and Status Live Updates
The Linn County Sheriff's Office is currently coordinating evacuation and advisory efforts with area law enforcement and fire agency partners, along with the State of Oregon, related to fires in the North Santiam Canyon areas of Idanha, Detroit, Gates, Mill City, Lyons and Mehama (Beachie Creek & Lions Head Fires). In addition, coordination efforts are actively underway for the areas of Crawfordsville, Holley, Upper Calapooia Road, and the HWY20 Corridor from Foster, and east to the Mountain House (Holiday Farm Fires).

All notices listed below are in effect, until such time that they are downgraded. Residents will be notified via our cell phone alerting tool, Linn-Benton Alert System, our website here, and social media when it is safe to re-enter their areas. Please, do not call 9-1-1 unless you have an active emergency. We have set up a non-emergency line for wildfire related questions for those unable to access the internet at 541-812-2260.

The following document helps summarize the different levels of evacuation and advisory mentioned.
https://www.fs.usda.gov/Internet/FSE_DOCUMENTS/stelprd3852749.pdf

https://data.rgj.com/fires/incident/article/7170/56285/
Holiday Farm Fire Update 9/18

Springfield, Ore. –Infrared flight mapping was unavailable again last night, the Holiday Farm Fire's footprint is currently estimated at 172,510 acres and containment remains at 10%. The fire's perimeter measures more than 260 miles.

A tree faller was injured by a fallen limb while working to clear roads within the fire area. He was transported to the hospital by ambulance for evaluation and treatment. His injuries do not appear to be life threatening.

Friday's weather–An upper low will move across the fire area today and bring showers. The weather forecast continues to predict possible afternoon thunder storms with gusty erratic winds and small hail. Showers continue tonight and into Saturday but will gradually diminish.

Wildland fire crews will continue working to improve and increase fire containment using hand crews, fire engines and heavy machinery. Crews will be taking advantage of the wet weather to clear roads in the Quartz Creek area and will continue to focus along Hwy 126. Yesterday crews found and addressed a ten–acre spot fire.

Structural firefighters continue to work along Hwy 126 from Leaburg to Rainbow patrolling and clearing defensible space around houses. As conditions improve in and around buildings the need for structural resources is decreasing. This will allow these resources to return to protecting their home communities.

The Urban Search and Rescue Team will be entirely working west of Nimrod. They have completed 1,273 structural evaluations in the fire area. Structures include commercial buildings, residences and outbuildings. The US&R team is hoping to finish their work today and will be released when their mission is complete.

The Lane and Linn County Sheriff's Offices continue to work with fire operations personnel to modify evacuation zones where appropriate. For the latest information on evacuation areas, please visit: Lane County: www.lanecounty.org/mckenziefire Linn County: www.linnsheriff.org/fire_live_updates_sept_2020/

Please continue to monitor cell phones, landlines, local media and official information sources for evacuation updates. Fire managers request that the public please avoid the area. Roads are closed in the fire area and much of the Willamette National Forest (WNF) and Northwest Oregon District BLM. Road hazards include falling trees and rocks and debris.

For more information on closures on the WNF visit: https://www.fs.usda.gov/alerts/willamette/alerts–notices/?aid=61574 For more information on closures on the Northwest Oregon BLM visit: https://www.blm.gov/press–release/extreme–fire–activity–prompts–closure–bureau–land–management–lands–northwestern–oregon Fire personnel are warmed by the community's support but are unable to accept donations or use volunteers. The fire must use individuals with the appropriate qualifications. ###

DEBRIS –

Benton, Lincoln, Linn, Marion, Polk, and Yamhill Counties constitute Oregon Emergency Management (OEM) Region 1,

Potential Disaster Potential - Potential Volcanic Debris Locations

Linn County could experience debris–generating events from Mount Jefferson and the Three Sisters Region. Mount Jefferson is located at the northeastern corner of the County near the border with Marion and Jefferson Counties. This area of the County could experience pyroclastic flows and lava flows. The North Santiam River, which forms the County line between Marion and Linn Counties in this area, could experience lahar flows of various volumes that extend to Detroit Lake.

Lahars entering the lake have the potential to generate waves that could damage shore property and, in the case of large lahars, waves could overtop the dam. If lahars overtop the dam the lahar inundation zone could extend to Stayton, which is located on the Marion County side of the North Santiam River. An eruption at Mount Jefferson has the potential to affect the communities of Idanha, Detroit Gates, Mill City, Lyons, and Stayton.

The Three Sisters Region is located just south of the south eastern corner of Linn County. Portions of southeastern Linn County could be affected by thick tephra fall, ballistics, and pyroclastic flows. This area is primarily uninhabited.

VULNERABILITY –

VOLCANIC –
In Marion and Linn Counties, additional debris could result from lahars caused by an eruption of Mount Jefferson. Lahars are a mixture of water and rock fragments

that flow down the slope of a volcano, usually along a stream channel. Lahars can be generated by volcanic activity, prolonged rain, or any other weather conditions that result in rapid snow melt (Goettel 2006). Refer to the County–Specific Annexes for Marion and Linn Counties for potential volcanic debris issues.

2007 Winter Storm

While Yamhill County was not among the hardest hit, the city of Sheridan saw flooding in much of downtown, according to Capt. Ken Summers of the Yamhill County Sheriff's Office.

"They were hit hard, with a foot to 18 inches of water," he said. "(More than) 100 homes were damaged."

"We're still finding damaged homes," Eckhardt said, adding that his department requested that 40 Sheridan residents evacuate their homes, while about half that number left voluntarily, after the Yamhill River topped its banks and flooded the north side of the city.

The storm also washed out rural roads in the Carlton and the Lafayette area. At present, Poverty Bend, Jernsteadt, Burns and Kutch Roads remain closed, and a bridge on North Valley Road near Laughlin Road is closed, after high waters weakened its supports.

Statewide, 58,000 households lost power and more than 1,000 people were forced to evacuate. Three people lost their lives during the storm.

Coronavirus test criteria and availability are changing daily. Check your state guidelines and call the coronavirus testing site before you go to learn about testing criteria, availability and hours.

1
If you are experiencing symptoms of COVID–19, such as fever, cough, or shortness of breath, please contact your healthcare provider or telehealth program to discuss whether you should be evaluated for testing.
2
Each coronavirus test provider will determine if testing is appropriate based on your symptoms, risk factors, and test availability.
3
UPDATE: Due to an increase in demand, there may be longer than usual wait times for testing and results in certain areas.

https://reliefdb.org/facilities/list?state=WA

PLEASE realize this project was initially started when Hurricane Katrina hit our eastern gulf .....
only a few, very few volunteers joined on this project but we cared and needed to help in anyway we could.
Many of the entries were extremely difficult to update, as in emergencies things change by the minute, hour or day.

Many of the links are no longer working but with a bit of diligence it is easy to correct. ESPECIALLY if you are the one creating a record!!!

However, there is only one of me, keeping an eagles eye over a large landscape filled with compassion! PRAYERS!!

HISTORY –

DECEMBER 2007 – OREGON & WASHINGTON were effected
Severe Storms, Flooding, Landslides, and Mudslides
<winds up to 129mph at peak is estimated.... sustained with heavy rains
Many river & streams at flood warnings>
Washington also had one levee break!!

Currently, project involvement have included the following:

– keeping the database updated (More assistance would be beneficial)
– assigning/managing volunteers (Contact Terra)
– reporting on status of the update (needs assigned)
– keeping the database organized (Ongoing development)
– cleaning out the new/unassigned items (Terra)
– neatening up the categories (Terra)
– updating/coordinating dbase policies (keeping us all on the same page!)
– developing training materials (Terra & Leslie)

Also, like all of the other core volunteers:
– help train new volunteers
– help train users
– update new facilities
– help find/recruit new volunteers
– help direct users how to find things

And all kindsa other useful stuff!

***

Since Oct. 05
As a CitizenActionTeam.org volunteer, I search for facilities that are unknown and register them adding their current needs/ availability in the CAT Database. Then I click on the option for "match" and give the possibilities available.

Another example: I watch for posts and respond using the proper links. For example: Volunteers that have posted the fact that they are free to go to the gulf, in a specific area and during a specific time frame. Their post asks if anyone knows where or who to contact. I look at the database, sort for that area, which displays all the possible contacts that have been identified, then copy the address link and post it in the reply. Viola... they have many options for contacts that NEED them!!

Another example: Volunteers that have items to donate but have no idea where to send them. I go to the CAT database, click on items or categories at the top, go down the list, click on "show" and viola!! I now have a list of contacts and they can choose. IT IS VERY IMPORTANT NOT to send things without finding out FIRST that those items are needed. Everything changes rapidly and without coordination there is more often MORE problems! PLEASE CALL FIRST!!

I am also available to help others with the database (CAT DBase). I can help with an entry or demonstrate with a tour. BEST IS: CONTACT Terra !!

OR –– Just check "Database Help Desk" into your needs and contact Terra. You could add to the notes: Best Time & Number as well!!

2007
The NEEDS at the Gulf are for SKILLED labor volunteers.. it helps if they have leadership skills but you won't get turned away. The other needs are mostly BUILDING materials for repairs/rebuilds! It will take YEARS to recuperate!

THIS DATABASE NOW serves the nation and has become international as well!
PREPAREDNESS is critical to any disaster!!

2020 WILDFIRES

FB POST
Snohomish County Scanner Report
□WASHINGTON AND OREGON□

There is possibility of the wildlife moving towards town, and into your neighborhood. Their territories are burning, and their flight instincts will kick in. That means deer, elk, coyote, bear, mountain lion, birds, small mammals, and anything else running around the forests will move toward safety. Bring in your pets and put out buckets of water for them. They will be scared and tired. Give them time to rest. Their world is burning and they have no where to go.

Smoke levels near you

After the fire:
Returning to a home that survived a wildfire
Safely managing ash and debris from burned buildings
Wildfire Debris Removal

Wildfire smoke and your health:
Visit Oregon Health Authority's Wildfires and Smoke web page
Oregon Health Authority: Wildfire Smoke and Your Health – Frequently Asked Questions.

Smoke is made up of primarily small particles, gases and water vapor, with trace amounts of hazardous air pollutants. The most harmful are the small particles, or particulate matter smaller than 2.5 micrometers in diameter (100 micrometers is the diameter of a human hair). These particles can be inhaled deeply into the lungs, damaging lung tissue and causing respiratory and cardiovascular problems.

Wildfire can be a significant source of air pollution in Oregon and can pose a major health risk. Symptoms from short–term smoke exposure can range from scratchy throat, cough, irritated sinuses, headaches, runny nose and stinging eyes. Persons with asthma, emphysema, congestive heart disease and other existing medical conditions can have more serious reactions. The elderly and children are also high–risk groups.

Local Authorities Lead Efforts for Tsunami Debris Response

Posted by Elise E on Jul 5, 2012

As tsunami debris from the disaster in Japan makes its way to Oregon beaches via the Kuroshio Current, local and state officials are making preparations to dispose of and respond to the debris.

Nehalem Bay State park is one of 15 state parks along the Oregon coast that will have a supply of SOLVE clean–up bags and a debris collection box for free debris disposal. Seventeen municipal transfer stations will also be stocked with bags and debris collection boxes. Locally, CARTM is leading the coast in providing recycling as an option for tsunami debris. All debris must be identified before being deposited at drop sites and transfer stations. Click here to find a map showing the locations of the various drop sites for free disposal.

Perry Sherbaugh, Chief at Nehalem Bay Fire and Rescue said that while the state parks and the Oregon Department of Environmental Quality are taking the lead on responding to tsunami debris, if someone finds something that appears to be a hazardous material they should call 911. From there a duty officer at the fire department will assess the situation, cordon off the area and call the Coast Guard if necessary.

“Be smart. Call if you think it is a hazard,” Sherbaugh said. Hazardous materials may include chemical drums, gas cans or propane tanks.

Other potential reportable marine debris includes derelict vessels or other large debris items, mementos and possessions that can be traced back to an individual or group and have personal or monetary value. Garbage, like Plastic bottles, aluminum cans, buoys, Styrofoam should not be reported unless it is too large to carry to a disposal site.

Governor Kitzhaber has also announced that 211, generally used as a social services referral hotline, will be field phone calls regarding tsunami debris. Depending on the item of debris, call–takers may refer callers to the Coast Guard. Previously the 211 system was not available in Clatsop, Tillamook, Curry or Coos Counties. As they work out the kinks in this system, they encourage people to turn to their website oregonstateparks.org and email beach.debris @state.or.us with any questions.

Service Temporary

Oregon Health Authority provides emotional support resources for Oregonians struggling with the threat of COVID–19 and wildfire On September 12, Oregon Health Authority (OHA) reported six COVID–19 deaths, bringing the statewide total to 505.

“Today’s 500th death marks another sad milestone in the COVID–19 pandemic in Oregon,” said Oregon Health Authority Director Patrick Allen.
“These are our family members, our friends, neighbors and colleagues. We extend our deepest condolences to every Oregonian who has suffered a loss to COVID–19.”

This is an incredibly challenging time for many reasons. As many of us continue to deal with the devastating effects of wildfires, as well as the COVID–19 public health crisis, we wanted to remind you of some resources. If you need support, please know that help is available for you.

The Oregon Behavioral Health Support Line is a free and confidential resource for all Oregonians who are looking for emotional support.
Call 1–800–923–HELP (4357).
You do not need to be in mental health crisis to call this line. If you need or want help beyond what the line can provide, you will be connected to those services.

This can include community–based services such as housing, food assistance or clinical services. Certified interpreters are also available
for those who speak a language other than English.
Through this number, you can also connect with Lines for Life (linesforlife.org), a suicide prevention organization with specific resources for youth, military personnel and their families, and those affected by substance abuse problems.

SAMHSA’s Disaster Distress Helpline provides 24/7, 365–day–a–year crisis counseling and support to people experiencing emotional distress
related to natural or human–caused disasters.
Call SAMHSA’s Disaster Distress Helpline at 1–800–985–5990 or text TalkWithUs to 66746 to speak to a trained crisis counselor.

Call 211 or visit 211info.org to connect with health and social service organizations. These include child care resources, utility assistance, food resources, housing and shelter information and more.

OHA also has contacts for crisis services by county on its website. To stay informed about wildfires and learn about resources across the state, go to wildfire.oregon.gov.

Services offered: Demographic Served: Addicts, Recovering; Demographic Served: Veterans; Hotline * (ANY/ALL Types); Hotline, Crisis Hotline; Hotline, Suicide Prevention; Services *0* (Choose this if You Provide or Need ANY Type of Social Services)

9/9/20
UPDATE: Douglas County Fairgrounds Now a Red Cross Evacuation Site
For Immediate Release
September 9, 2020
(Douglas County, Ore.) The Douglas County Commissioners announced this morning that in addition to the notice below, the American Red Cross has set up a temporary Emergency Shelter at the Douglas County Fairgrounds in Roseburg for displaced residents from the area wildfires at French Creek, Archie Creek and Star Mountain. Red Cross is currently setting up a resource center, with beds in Douglas Hall. For more information about RV space and livestock availability at the Fairgrounds please contact Ciera Keith at the Douglas County Fairgrounds Office at (541) 440-4394. At the time of this notice, the RV park and horse stalls were about half full.
Please note: Space is being given to Douglas County residents who have received Level 2 and Level 3 Evacuation notices only. As additional resources and opportunities for local residents to help and volunteer are made available, we will release updated information.

https://www.fema.gov/press–release/20200916/oregon–survivors–affected–wildfires–can–apply–federal–disaster–assistance

Oregon Survivors Affected by Wildfires Can Apply for Federal Disaster Assistance
Release Date Release Number
Sep 16, 2020 DR–4562–OR NR–002
SALEM, Ore. – State and federal officials are encouraging Oregon residents affected by the wildfires and straight–line winds, which began on Sept. 7 and are continuing, to register for disaster assistance with FEMA as soon as possible.

FEMA's Individual Assistance program for survivors has been made available in Clackamas, Douglas, Jackson, Klamath, Lane, Lincoln, Linn, and Marion counties.

Disaster assistance may include grants for temporary housing and home repairs, low–cost loans to cover uninsured property losses, and other programs to help individuals and business owners recover from the effects of the disaster.

If you have phone or Internet access, you may register by:

Going online at DisasterAssistance.gov
Downloading the FEMA app
Calling 1–800–621–3362 (FEMA) or TTY 1–800–462–7585 for people with speech and hearing disabilities. If you use 711–Relay or Video Relay Services (VRS), call 1–800–621–3362. The toll–free telephone lines operate from 7 a.m. to 10 p.m. PDT, seven days a week.
Going to DisasterAssistance.gov or via web–enabled phone or tablet at m.fema.gov.

Low–interest disaster loans from the U.S. Small Business Administration are available to homeowners, renters, and businesses. Call the SBA at 1–800–659–2955 or visit www.sba.gov/services/disasterassistance.

Public assistance for emergency work and the repair or replacement of disaster–damaged facilities has been made available to 20 counties (Benton, Clackamas, Columbia, Coos, Deschutes, Douglas, Jackson, Jefferson, Josephine, Klamath, Lake, Lane, Lincoln, Linn, Marion, Multnomah, Tillamook, Wasco, Washington, and Yamhill counties). All areas statewide are eligible to apply for Hazard Mitigation assistance.

###

Disaster recovery assistance is available without regard to race, color, religion, nationality, sex, age, disability, English proficiency or economic status. If you or someone you know has been discriminated against, call FEMA toll–free at 800–621–FEMA (3362) 711/VRS – Video Relay Service). Multilingual operators are available. (Press 2 for Spanish). TTY call 800–462–7585.

Service Temporary

Firewood Cutting
Monday, October 4th, 2010 the Forest Grove District will start issuing firewood permits.

Personal firewood permits for the Forest Grove District are available at the Forest Grove office Monday through Friday from 8:00 a.m. to 4:30 p.m. (except on State holidays). Permits are not issued during fire season. The Columbia City Unit office will be issuing permits for the Wilark basin. No limit has been placed on the total number of permits being sold.

Personal firewood permits must be purchased by the individual who will be named on the permit. The license number of the vehicle to be used for hauling the wood is required at the time of purchase. Cost is $10 cash or card (no checks accepted) and permit is valid for 2 cords or 3 weeks, whichever comes first. Individuals or households are limited to 5 permits in a 12 month period. A map of the area will be provided at the time of purchase.

Call the public information line at (503) 359–7401 Ext. 606 or (503) 357–2191 Ext. 500 for further information.

Service Temporary

Free Geek is a 501(c)(3) organization with a mission to sustainably reuse technology, enable digital access, and provide education to create a community that empowers people to realize their potential.

Computers help us in many ways, but the move toward a digital future isn't without its share of hurdles. Many individuals lack the resources necessary to purchase a computer or get the training required to use digital technology. At the same time, the rapid pace of technology consumption and turnover means that over 2 million tons of hazardous e–waste is created each year in the United States. Free Geek's goal is to divert technology that would otherwise be recycled or thrown away, refurbish it, and give it back to our community at no or low cost.

KLAMATH RIVER NEWS –
Klamath Dams –Siskiyou County
Large–scale Hydro on the Klamath is NOT Clean, Green, or Cheap
http://www.klamathriver.org/Pacificorps–Dams.html

February 18, 2010
http://www.americanrivers.org/newsroom/press–releases/2010/american–rivers–signs–2–10.html

Washington, DC –– It's official. After years of negotiations, American Rivers will join Interior Secretary Salazar, Oregon Governor Kulongoski, and California Governor Schwarzenegger today to sign historic agreements to mount an unprecedented restoration effort on the Klamath River, one of America's greatest river systems. In what will be the world's biggest dam removal project, the agreements will restore access to over 350 miles of salmon habitat, resolve decades–long disputes over water in the basin, and provide greater economic security for fishing, tribal, and agricultural communities.

http://www.newsreview.com/chico/content?oid=1372971

Let the dams come down
Klamath River sees bright future

This article was published on 02.18.10.

The Klamath Basin in Northern California and southern Oregon will be getting a makeover, and a historic one at that. Two agreements are expected to be signed during a ceremony today (Feb. 18) in Salem, Ore.

Under the Klamath Hydroelectric Settlement Agreement, the dams are scheduled to be removed by 2020. The Klamath Basin Restoration Agreement addresses restoration of habitat and water quality. Together, they are likely to end decades of disputes over water rights and health of the river through removal of four dams on the Klamath River.

“This will be the largest dam removal and river restoration effort ever undertaken, even around the world,” Steve Rothert, California director for American Rivers, said in a release.

four hydroelectric dams:
J.C. Boyle,
Copco No. 1,
Copco No. 2, and
Iron Gate Dams.

from post 9/12/20

Last night our Mobile Community Clinic team did what they do best and "mobilized" to go to Redmond today to serve evacuees at the Super 8 Motel. There was an outpouring of interest from Mosaic employees and we have several teams that will be supporting the effort in the coming days. We are also working with community partners to send teams to additional shelter sites as they are established. More information will be posted as it is available.

System in repair: Willamette Valley gates
http://www.youtube.com/watch?v=X0Edl1qfKK0
Portland District has released a series of four short videos outlining the current situation with the spillway gates at 11 of the Corps' 13 Willamette Valley dams. These videos explain safety, water management and engineering topics important to the communities living downstream of Corps dams.

These videos also highlight our safety inspections and how the Corps works to reduce flood risk over the course of gate repairs. Part 3 outlines actions to take to prepare for floods. Captioned versions are also posted on our YouTube channel.

In March 2011, a tsunami struck the east coast of Japan and washed a large amount of debris into the Pacific Ocean.

Beach Debris Frequently Asked Questions –

Live at the coast? Just visiting? You can help keep the beach clean by removing human–made debris that washes up. Everyone is talking about debris from the tsunami that struck Japan in 2011, and we will see some of those objects here (derelict dock info), but the truth is debris lands on our shores all year long. No matter where it came from, you have a chance to protect Oregon's beaches.

What can you do to help? Depends on what you find:
http://www.oregon.gov/OPRD/PARKS/tsunami_debris.shtml

About Tsunami Hazards

Tsunamis rank as one of the most dangerous natural disasters that could affect the Oregon coast. Although not frequent in occurrence, the damage caused by these catastrophic events is immediate and life threatening. The most destructive type of tsunami would be generated locally by a Cascadia subduction zone earthquake of magnitude of 8.0 to 9.0, or greater. Devastating tsunamis waves would be expected to arrive along the Pacific Northwest coast including Oregon within 5 to 30 minutes after such an event, providing very little evacuation time.

SEE WEBSITE FOR:
Tsunami Evacuation Maps for Your Community

Also Evacuation Zones mapped at:
http://www.nanoos.org/data/products/oregon_tsunami_evacuation_zones/index.php

On a national level, NOAA has created a Pacific Ocean–based tsunami monitoring and warning system that can pinpoint where and when a tsunami might strike the coast from distant sources. These warnings are relayed to coastal communities throughout Oregon, the West Coast, Alaska, and Hawai&#65533;i. This is all part of an international effort to reduce the loss of life and property along the coastlines of the Pacific Rim.

Service Temporary

Goals:

•To develop training programs for Amateur Radio Emcomm Resources that meet the training needs of municipal, county, state, federal and private served agencies.
•To manage a certification process for graduates of training programs which provides credentials that are consistent with NIMS/ ICS resource typing.
•To evaluate and accredit training programs and instructors for emergency communication training.
•To develop and promote exercises in communications preparedness that allow operators to apply their learned skills.

History –
Training Program –
Training Requirements –
Resource Typing –
National Recognition –
Application of Skills –

Development –
The Oregon ACES program is in development and as soon as the individual training outlines are ratified they will be published. We anticipate completing the Basic program outline, coursework and evaluations and having them accredited in time to begin teaching this material in the summer 2010. Simultaneous development of the Advanced, Technician, and Team Leader programs

will continue, with the Advanced program expected to become available in the Fall of 2010. Developing programs are reviewed against all other applicable programs in an effort to include content that covers existing material allowing the ACES program to meet or exceed other documented training levels. Our development team is a consortium of professional and volunteer emcomm staff determined to develop a statewide training and certification program consistent with national recognition and based on demonstrating communication skills asked for by served agencies.

12/9/07 I recieved a call about contaminated water in our county from a concerned family member. They recieved this msg from a friend and it was immediately reported to me. I called our friend to get the specific details. Once I understood who/what/where... I called OEM at county levels..

RESULTS: I left a msg with the person in charge to get confirmation of this rumor. Greatfully there is no current threat. I asked a question: How long would it take to get test results on the water? aprox. 2 days. If there was a public health concern it would be reported thru the media! This contact would get reports county/state wide.. they would know if there were any issues!!

Public Involvement
http://www.oregon.gov/ODF/publicinvolvement.shtml

Community meetings will be held

The agency is working with landowners, local governments, and other state agencies to address blow–down, in–stream debris, and other forest–related effects from the recent storms.

After Storms:

Once the winds calm down, lights come back on and people have a chance to step outside, many Oregonians will get busy surveying trees around their homes and businesses trying to assess damages and the need for tree care. Usually, following any major storm event, many homeowners are anxious to have tree work completed. However, according to Paul D. Ries, a certified arborist with the Oregon Department of Forestry, "it's quite possible that as many trees will be damaged as a result of clean–up as were directly damaged by the storm."

That’s because many times it’s the improper pruning done to trees by inexperienced homeowners or unqualified tree “experts” that causes the greatest damage. Topping, the practice of removing large branches and tops of trees, actually creates future hazards rather than eliminating them. A previously topped tree is much more likely to break or uproot in a storm than a tree that has a normal branch structure.

“Homeowners should use caution when selecting a tree service company,” warns Ries, who manages the state’s urban and community forestry program. Don’t over–react, and wait for an available certified arborist to prune trees – even if that means waiting longer for service.

MORE info at: http://egov.oregon.gov/ODF/news/NR5758.shtml

n ounce of prevention
The best advice? “Healthy, well cared for trees are the best defense against tree damage when the next storm blows through the state,” adds Ries. Some tips:

* Have a qualified arborist inspect your trees annually and provide you with a written report;
* Prune trees correctly when they are young, and regularly thereafter;
* Don’t allow trees to be topped!

For help with post–storm assessments
Use caution in dealing with the aftermath of the storm. Although Oregon requires tree service companies to register with the state,

they are not required to adhere to proper pruning standards or even demonstrate pruning knowledge in order to obtain a license. Hire a company that is bonded and insured. Most reputable companies have business cards, truck signs, and even uniforms that represent a professional level of service. When in doubt ask for references, and take your time to select a reputable company.

Most importantly, avoid hiring anyone who will top a tree.

Certified arborists and information about them can be found in the phone book typically under "Tree Service," and on the Internet at www.pnwisa.org, www.oregon.gov/ODF/URBAN_FORESTS/credentials.shtml, and at www.treesaregood.org.

Oregon Employment Dept. – Disaster Unemployment Assistance (DUA)

Info/Hotline · Open

OR

Phone 877–345–3484
Web www.oregon.gov/employ/Unemployment/Pages/Disaster–Assistance.aspx
Service Temporary

2020 Wildfires

From the Oregon Employment Dept.:
The Oregon Employment Department has officially launched wildfire–related Disaster Unemployment Assistance (DUA).

We are now accepting applications from people whose employment was directly affected by the recent wildfires and straight–line winds in these counties:

Clackamas, Douglas, Jackson, Klamath, Lane, Lincoln, Linn, Marion

You can find DUA applications, instructions, answers to frequently asked questions, and more at the Oregon Employment Department's website:
https://www.oregon.gov/employ/Unemployment/Pages/Disaster–Assistance.aspx

DUA applications must be received by October 23, 2020. It's important to note that anyone receiving any kind of unemployment benefits (UI, PUA, etc.) will not be eligible for DUA.

Application process

You have 30 days from the date the disaster was announced to submit your application (with provisions for good cause if the application is late). Proof of earnings (tax forms) for the prior calendar year is required and must be submitted with the application. When a disaster occurs and Disaster Unemployment Assistance is available, we will issue press releases and post information on this website. (CHECK TO FAQ first)

Helpful information for those who have been impacted by the wildfires can be found at https://unemployment.oregon.gov, and in our Wildfires FAQ.

https://unemployment.oregon.gov/oregon–wildfires–frequently–asked–questions

Please note Disaster Unemployment Assistance (DUA) is not the same as Pandemic Unemployment Assistance (PUA). The personnel in the DUA Unit will only process applications and respond to inquiries regarding DUA. If you call to inquire about something other than DUA, we will NOT be able to assist you.

The Oregon Partnership for Disaster Resilience (Partnership) is a coalition of public, private, and professional organizations working collectively toward the mission of creating a disaster resilient and sustainable state. The Partnership is recognized by the Institute for Business & Home Safety (IBHS) as a Showcase State for Disaster Resilience. Developed and coordinated by the Community Service Center (CSC) at the University of Oregon the Partnership employs a service learning model to increase community capacity and enhance disaster safety and resilience statewide.

Empower communities through increased communication, coordination, and collaboration between diverse partners to:

* Build local capacity for risk reduction and recovery;
* Prevent injuries and death caused by disaster;
* Protect public and private property from disaster impacts; and
* Establish a disaster–resilient economy.

The Partnership seeks to make disaster resilience a part of every community's routine decision making by coordinating risk reduction and long–term recovery planning activities statewide, resulting in holistic risk reduction efforts that build local capacity among private and public agencies thus making Oregon safer – now and for generations to come.

Transparency is important, but we're really just a loose group of volunteers– drivers, animal lovers, and farmers who want to help move animals out of the path of fires.
We are constantly evolving and iterating quickly. We appreciate help, and want to collaborate and work with as many groups as possible, to be as efficient as possible.

There is only one way to get ahold of us for help: our help form. We respond rapidly once you submit. https://forms.gle/hY3UimhL462TwWcZ9

There is only way to volunteer: through the Facebook page. https://www.facebook.com/groups/1116304398766517

Getting Started
What uses the most energy in your home? Start here to figure out where to focus your energy–saving efforts. Analyze your energy use and calculate costs to understand savings opportunities.

Home Efficiency Improvements
Find no–cost and low–cost actions that could save you energy, along with other energy–efficiency help for homeowners and renters.

Heating & Cooling
Compare heat pumps and other options. Find out how to save energy and still stay comfortable.

Household Appliances
Discover how to select and use home appliances to maximize savings.

Lighting
Shine some light on one of the easiest and most effective ways to save energy.

Weatherization
Increase savings and comfort with insulation, air sealing and energy–efficient windows. See if you qualify for weatherization assistance programs.

Special Offers & Incentives
Find out about how Energy Trust of Oregon incentives, state and federal tax credits and special offers can earn you cash back for making your home more efficient.

Customer Service Locations
You can pay your bill, start or stop service or talk with a PGE representative at these community offices.

http://www.portlandgeneral.com/contact_us/customer_service_locations.aspx

Climate Change & PGE
PGE is making a difference as we pursue a cleaner energy future.

http://www.portlandgeneral.com/our_company/news_issues/current_issues/climate_change_pge.aspx#hydro

PGE customers tell us they are concerned about the environment and climate change. They also want reliable, reasonably priced electricity. We have a responsibility to balance all of these issues as we look for new solutions to meet the growing demand for power. PGE is working on a number of fronts to combat climate change and introduce cleaner energy options

DEPLOYMENTS
West Coast Wildfires 2020
What: Immediate Emergency Supply Distribution
When: September 2020
Why: West Coast Wildfires

West Coast Wildfires 2020
ROWW is responding to the unprecedented wildfires that are scorching the west coast and is currently in

Phase 1: Immediate Emergency Supply Distribution. We have partnered with Direct Relief and Lowe's Home Improvement to distribute hygiene kits, first aid and emergency preparedness kits, wildfire kits, tarps, EZ ups, pet cages, generators, medical supplies, PPE, and more to the thousands of displaced people all across the State of Oregon.

As active fires die down and recovery needs shift, ROWW will transition to
Phase 2: Response Kits (generators, fuel, tarps, portable heaters, shovels, chainsaw oil, clean up supplies, etc). We hope to send in teams and potentially heavy equipment to help with physical debris removal and clean up.

Our Phase 3: Long Term Recovery may include rehabilitation projects, appliance packages, shed construction, and more to be determined as we assess individual needs.

If you or someone you know are displaced due to the fire and have immediate needs, please contact us for information on how to access these resources from our current Phase 1 response.
https://roww.org/project/west-coast-wildfires-2020/

RESOURCES FOR POTENTIAL VOLUNTEERS
To apply to volunteer, email responders@roww.org and ask for our volunteer application.
https://roww.org/volunteer/

FACEBOOK:
https://www.facebook.com/reachoutworldwide

Reach Out WorldWide is constantly looking for great new volunteers to add to Team ROWW. We recruit all sorts of volunteers, from day volunteers for local events to specialized personnel to lead our teams responding to natural disasters.

We are primarily recruiting chainsaw operators, doctors, nurses, EMTs, paramedics, firefighters, contractors/construction workers, and heavy equipment operators.

Some experience with disaster relief, EMS, military and/or construction is preferred depending on the type of deployment.

Alabama Tornado
If you do not have any relevant experience, that's ok, too! When we travel, we are always looking to recruit local volunteers. You never know when a disaster may strike near you.

We've arrived! The @directrelief supplies are being flown in and our team of volunteers is transporting them to various distribution centers from Eugene to Southern Oregon for victims of the ongoing wildfires. Our teams have also loaded up tons of supplies from @loweshomeimprovement to get people back on their feet. As more and more planes arrive we'll be continue caravanning the loads to those who need it the most. Stay strong everyone!

To get involved please head to the link in our bio!

Santiam Canyon Community – Donation Center Volunteer (Volunteer and Donate)

Info/Hotline · Open

OR

Web www.signupgenius.com/go/9040e4caaad28abfb6-donation
Service Temporary

– check out all the tabs!

Santiam Canyon Community
Donation Center Volunteer
This is to staff the donation center at the new Public Works building at 542 NE Berry St in Sublimity. We are no longer receiving donations at Anthony Hall.

Please review the available slots below and click on the button to sign up. Thank you!

IMPORTANT NOTE TO ALL DONATION CENTER VOLUNTEERS: We are only accepting items that are on the Items Need tab of the SignUpGenius, except for some pre-arranged loads from partners. You will be notified if a pre-arranged load is coming (usually).

Use your best judgement when accepting a load. For example, if someone collected items that were asked for last week, and are no longer on the list, we will gladly accept them.

Things we cannot accept: Used clothing, used mattresses, used car seats and cribs, stuffed toys without the original tag, and furniture.

If you have any questions, please call Jacob Bentz (503.983.1724), Ed Diehl (503.510.3415), or Greg Atkin (503.949.1567).

Santiam Canyon Community
Anthony Hall Volunteers
Please review the available slots below and click on the button to sign up. Thank you!

As volunteers, your role is to organize donations and help SIT Mobile assemble care packages for families. NOTE: We won't be taking walk-ins. All families will be qualified by the SIT Mobile team before receiving goods and services.

We have expanded our hours, from 10 AM to 7 PM, Monday through Friday, and 10 AM to 4 PM Saturday. We are no longer open Sundays. And we are not longer accepting donations at Anthony Hall. Donations are now received at the new Public Works building at 542 NE Berry St in Sublimity.

Please share this signup link with others in our community! The more help we get the better.

DRIVERS
Driver Volunteers
If you have a vehicle and are willing to deliver supplies to families in need, or gather donations and other supplies needed by SIT Mobile or Anthony Hall, please sign up here! The requirements vary depending on the need. You'll have a chance to add notes to clarify what you can do and when you are available. Thanks,

antiam Canyon Community
Gates Store Volunteers
Please review the available slots below and click on the button to sign up. Thank you!

We've expanded to include a new store at the Gates Community Church. Our goal is to serve the families in the canyon where they are, and as evacuated families move back we need to be there.

Each time slot has a specific role and job descriptions are listed!

Store Hours are from 10 AM to 4 PM, Monday through Saturday. Volunteers are asked to park in the back parking lot and visit the Volunteer Check–In table 5 minutes before your shift to connect with Kara or your LEAD!

Please share this signup link with others in our community! The more help we get the better.

Mill City Christian Church
Mill City Store
Please review the available slots below and click on the button to sign up. Thank you!

Location: 233 SW 3rd Ave, Mill City, OR 97360
233 SW 3rd Ave, Mill City, OR 97360

Santiam Canyon Community
Needed Items – Community Request
Please read the following, and continue to scroll down for a detailed list of needed items.

You can sign up for the total number of items needed, or enter a quantity that you are able to provide.

Each day our inventory is reassesed and our list is updated. If your name is no longer under an item, do not worry, we have recieved your notification and have simply updated the list to reflect the quantity we still need. This simply allows for a more concise and streamlined list.

PLEASE BE SURE TO ENTER THE QUANTITY YOU ARE SIGNING UP FOR.

If you wish to donate funds, please go to www.santiamhospital.org and look for the Wildfire Relief Fund donate button. 100% of the proceeds go to families impacted by the Santiam Canyon Wildfires.

ALSO, WE ARE ALWAYS ACCEPTING GAS CARDS, PRE–PAID DEBIT CARDS, AND GIFT CARDS!

Please note that we cannot accept any more used clothing. Unfortunately, will have to turn you away because we simply do not have any more room to store used clothing.

We deeply appreciate all of our community support, but we ask that items donated are only new or lightly used.

For donations being dropped off:

Sublimity Public Works (our Donation Center):

542 NE Berry St, Sublimity, OR Open 10 AM – 4 PM Monday – Friday

For donations being mailed, shipped, or drop–shipped:

Anthony Hall, 11758 Sublimity Rd SE, Sublimity, OR 97385

For large deliveries, please coordinate delivery time and location with Jacob Bentz 503.983.1724. Ed Diehl is backup at 503.510.3415.

Thank you!

DRIVERS
DRIVER NEEDED!
Check this list to sign up as a driver. Once you sign up for a specific load, WE WILL CALL YOU! So please leave your phone number and your email. Thanks!

Santiam Canyon Community
Pastoral and Spiritual Counselling Signup

This signup is for pastors, priests, and other spiritual councellors to sign up at Anthony Hall. We have a small building dedicated to councelling families impacted by the wildfires. We see this as an essential need for our community.

Please contact Pastor Ron Randall of Stayton Christian Church at 503.580.9367 or ronscc@wvi.com before volunteering and signing up.

Blessings and thank you for helping the Santiam Canyon Wildfire Relief Effort!

Ed Diehl

Location: Anthony Hall

Summer Food Service Program for Children

Walk-in Resource · Standby

Various
OR

Phone http://www.summerfoodoregon.org
Web www.summerfoodoregon.org
Service Temporary

Did you know that there are more than 400 sites in Oregon where children ages 1 through 18 can get a free meal and have some fun this summer? We have a searchable database of community sites across Oregon offering free lunches—and sometimes breakfasts and snacks—for all children.

Meal sites are hosted at a wide range of community locations, including parks, schools, community centers, churches, pools, etc

And because children find fun as important as food during summer vacation, many sites offer free or low-cost activities along with the meals.

This program is intended to serve children. However, in some cases, sites can sell meals to parents for a small fee, or provide free meals to parent volunteers. Check with staff at your local site for more information.

How the Summer Food Service Program Works
During the school year, thousands of Oregon children depend on free or reduced price meals each day. However, when school ends for the year, so does this important resource. The Summer Food Service Program is meant to help fill that nutritional gap.

Funding for meals is provided by the US Department of Agriculture's (USDA) Summer Food Service Program. All open sites are located in neighborhoods that USDA considers high need areas. However, no application or proof of income is needed to participate, and all children are welcome!

To find out which sponsors operate in your area, call the Oregon Hunger Relief Task Force, 503-595-5502, or see the meal sites list at website.
It's easier than ever to find summer food and fun. Just select your county to see a map and list of Summer Meal Sites near you.

At Summer Meal Sites, you'll find free lunches and often free activities too.

For decades Kettleman City residents have fought Chemical Waste Management over proposed expansions of its landfill. The dispute has included charges of environmental racism and repeated concerns that the toxic dump is causing health problems.

Now, people suspect chemical waste is to blame for the recent spike in birth defects. Five area babies born in a 15-month period in 2007 and 2008 suffered severe birth defects, including cleft palate, heart problems and developmental delays.

(note many sources claim EPA has no power to enforce change to those not following regulations)

OREGON SPECIFIC INFO:

Sites in Oregon

DHS's Environmental Health Assessment Program (EHAP) works at the request of concerned individuals and organizations to assess and prevent human exposure to contamination at Oregon sites listed on the National Priority List (or Superfund sites) and at other hazardous waste sites that impact communities. Click location on the image map below for more details or browse the overview.

http://www.oregon.gov/DHS/ph/ehap/sites.shtml

===

Voluntary Cleanup Program
DEQ created its Voluntary Cleanup Program (VCP) to provide oversight to property owners and others wishing to investigate and clean up hazardous substance sites in a voluntary, cooperative manner. The goal of the program is to increase the number of re-mediated sites by streamlining the cleanup process while ensuring compliance with Oregon environmental regulations. Projects range from simple sites with a limited amount of contaminated soil to complex sites with multiple contaminants in soil, groundwater, surface water, sediment, and/or air. The Voluntary Cleanup Program offers two options for cleaning up contaminated sites, the Independent Cleanup Pathway and the Voluntary Cleanup Pathway.

http://www.deq.state.or.us/lq/cu/voluntarycu.htm

===

PORTLAND HARBOR –
http://www.deq.state.or.us/lq/cu/nwr/PortlandHarbor/index.htm

Portland Harbor is a heavily industrialized stretch of the Willamette River north of downtown Portland, Oregon, that was listed on the National Priorities List ("Superfund") in December 2000. Sediments in the river are contaminated with various toxic compounds, including metals, polycyclic aromatic hydrocarbons (PAHs), polychlorinated biphenyls (PCBs), chlorinated pesticides and dioxin. Levels of these pollutants in the river appear to be highest near contaminated sites that sit adjacent to the river on the shore (often referred to as "upland" sites).

SEE ABOVE WEBSITE FOR MORE INFORMATION!

--

http://www.deq.state.or.us/lq/cu/nwr/PortlandHarbor/docs/PortlandHarborMap.pdf

This is a map of sites in Portland Harbor that are adjacent to the river, called "upland" sites, that DEQ is working to clean up. You can click on the name of each site to see specific information about contaminants and the status of cleanup work.

About 211
211 is a vital service leveraged by millions of people across North America, funded and run by United Way.
Every day, clients contact 211 to access free and confidential crisis and emergency counseling, disaster assistance, food, health care and insurance assistance, stable housing and utilities payment assistance, employment services, veteran services
and childcare and family services. Last year, 211 responded to over 12 million requests for assistance across the United States.
The service is available to over 95% of the U.S. population, including in Puerto Rico and Washington, DC, and is also available in most of Canada.
Individuals in need or who are looking for information for someone else can call 211 from a cell phone or landline or visit 211.org for more contact options.

Deschutes County Department of Solid Waste and Deschutes Recycling to allow Free Yard Debris Recycling Days

Spring 2011 FireFree Clean Up Events

FireFree allows residents of Central Oregon the opportunity to recycle yard waste and debris at no charge at area landfills and transfer stations in Deschutes and Jefferson Counties.

The yard debris will be recycled into compost and biomass fuel for clean energy.

Wildfire and insurance
If you are affected by the Oregon wildfires, contact your insurance company as soon as possible to discuss your current situation and learn about next steps. If you still have questions or concerns, the division's consumer advocates are here to help. Call 888-877-4894 (toll-free) or visit dfr.oregon.gov/help to connect with the Advocacy Team.
https://dfr.oregon.gov/insure/home/storm/Pages/wildfires.aspx

If you have had to evacuate your home because of area wildfires, contact your insurance company ASAP to let them know you evacuated & discuss next steps. If you still have questions or concerns, speak with a Division of Financial Regulation advocate at 888-877-4894 #OregonFires

Willamalane in Springfield is opening Bob Keefer Center, 250 S 32nd St., and Willamalane Adult Activity Center, 215 W. C St., as temporary rescue shelters for community members who have been evacuated or lost power. These shelters are open effective immediately.

These sites will have capacity limits, adhere to social distancing requirements, and include other regular sanitation protocols as required with current health guidelines.

Willamalane cannot offer showers right now, but that status may change as the situation progresses.
Willamalane will not be charging any fees for people to use their facilities for temporary shelter.
Bob Keefer Center parking lot is allowing RV parking. There are limited spaces available.
